

HOW THE NCAA WORKS:

Division II

Division II offers athletics scholarships and limits competitive and practice seasons to improve balance with student pursuits.

The 296 active member colleges and universities in Division II share a commitment to providing college athletes equal growth opportunities in academics, athletics, and campus and community engagement.

Division II schools generally spend less money on athletics than Division I schools and operate on a partial-scholarship model, in which more than 60% of the nearly 120,000 Division II athletes receive some athletics-based financial aid. Full scholarships that cover all of a college athlete's expenses are uncommon in the division; often college athletes, like the rest of the student body, use a mix of academic scholarships, student loans and employment earnings to fund their education.

Division II prides itself on creating unique championship opportunities. During these championships, teams participate in community engagement efforts, a key component of Division II. Division II is the only division to host championship festivals, where multiple championships are held in the same city over several days. Division II's access ratio to championships is the best in the NCAA.

DII Legislative Calendar and Convention Process

Legislative Calendar

Convention

The NCAA Convention, held each year in January, is the finish line for all sponsored proposals in Division II. Delegates from every school and conference gather during a Convention business session to vote on each proposal.

Since the division was established in 1973, it has operated under a "one institution, one vote" model. But in 2016, for the first time, college athletes were added to the mix, with the national Student-Athlete Advisory Committee casting one vote.

Proposed Legislation

New rules in Division II begin in one of two ways. Proposals can start in Division II committees and be sponsored by the governance structure. Proposals can also be sponsored by the Division II membership if 15 active member schools or two conferences sign on as a sponsor.

Membership Votes

In most cases, Division II legislation requires only a simple majority vote of members present. Sometimes - such as in 2015, when the NCAA added beach volleyball as a championship sport - legislation applies to the entire Association, and each division must reach its own majority vote to pass.

Legislation approved

Approved proposal takes effect on the date specified in the legislation, usually Aug. 1 of that year.

NCAA Division II Legislative Process

Start

New rules for Division II start here, with the schools and athletics conferences that make up the division's governance structure. No matter the idea - perhaps a university president wants to limit the length of a competition season or an athletics compliance administrator wants to change how the NCAA collects information from Division II campuses - it begins as a discussion topic in one or more Division II committees.
