FOLLOW-UP QUESTIONS OR REQUESTS RELATED TO THE BID MATERIALS

While every reasonable effort has been made to provide a comprehensive set of materials, certain details may require clarification or additional information in order to assure all bid cities are responding to a comparable set of expectations regarding the requirements, commitments and deliverables of hosting an NCAA championship.

Toward that end, John Baldwin of the NCAA staff has been designated to receive, coordinate and facilitate the response to any and all questions, requests for clarification or additional information pertaining to these materials. Please direct these inquiries to jbaldwin@ncaa.org.

Answers may be immediately provided if the questions raised are administrative in nature, are easily found in the Championship Bid Minimum Specifications and Requirements of the championship, and the answers do not give a competitive advantage to bid city posing the question.

Questions or requests that pertain to the process or a clarification of the materials in any way which are deemed beneficial to all bid cities will be provided via a regular bid addendum to all bidders. Time-sensitive clarifications may be distributed at any point if deemed appropriate given the nature of the clarification or the benefit it would provide to all cities preparing a bid.

Questions or requests that pertain to a city- or venue-specific matter will be provided, to the extent possible, only to the individual/entity making the request. To the extent the general concept of the answer is deemed appropriate for all bid cities to have, it will be provided accordingly.

The 2024 Division II Men’s Golf Championship will be held as part of the Division II National Championships Festival. The dates of competition in 2024 will be adjusted from the date formula shown above and the championship will be conducted Tuesday, May 21 through Saturday, May 25.

The NCAA Division II Men’s Golf Championships will consist of both team and individual competition conducted concurrently. Ten teams and the top four individuals not with a team will be selected from each region to compete in one of four 54-hole regional tournaments. The top five teams and the top two individuals not with a team from each regional (regardless of region) will advance to the finals. Tiebreakers and playoffs will be used to determine advancement to the finals.

At the finals, all 20 teams and eight individuals will complete 54 holes of stroke play. Following 54 holes of stroke play, an individual champion will be declared along with finishers 2-10. The top eight teams after 54 holes of play will be placed into a bracket and seeded based on 54-hole scores. The pairings for the quarterfinals will be Seed #1 versus Seed #8, Seed #2 versus Seed #7, Seed #3 versus Seed #6 and Seed #4 versus Seed #5 competing in head-to-head medal play (stroke play over 18 holes and low score wins a point).

Each team match will consist of five points with one point being awarded for each individual match. Winning teams will advance to the semifinals and subsequently the finals. Each individual match will be played to its completion and the first team to win three points within the team match will advance, or in the case of the final match be declared the national champion.

In the event that a team match is tied after all five individual matches, the total strokes of the five players from each team will be calculated with the winning team having the fewest strokes. If still tied, a sudden death playoff will occur with all five scores counting from each team to determine the advancing team. Lineups, for pairing purposes, in the head-to-head medal play portion of the championship will be determined by the head coaches, using a “Presidents Cup” selection style to determine the lineups, beginning with the higher seeded team as determined through 54-hole stroke play competition. Ties for eighth place will be broken by a sudden-death playoff outlined in this manual. Ties within the top eight will be broken using the non-sudden death tiebreaking procedures outlined in this manual. Pairings for both the stroke play and head-to-head medal play portion of the finals can be found at ncaa.org on the Division II Men’s Golf page.

The men’s golf committee has the ability to institute an administrative cut after 36 holes of play to the top 15 teams and top six individuals not on those teams. The administrative cut will only occur after all other options to complete 54 holes of play by all 108 participants have been exhausted.

(The championship format is subject to change.)

Listed below are specific requirements a facility must meet to be considered to host the Division II women’s lacrosse championship, as well as secondary considerations that are desirable but not mandatory in order to host this championship.

1. **Competition Venue.** The competition venue shall be arranged in accordance with the NCAA Women’s Lacrosse Rules as far in advance as possible, but in no event later than 9 a.m. Wednesday prior to competition. It is the responsibility of the host institution/conference to provide a field of play that meets the maximum measurements for length and width (120 yards by 65 yards), as described below. Any deviation must have the consent of the NCAA Women’s Lacrosse Committee. There is special emphasis on quality of field conditions and accurate lining of the field.

The Americans with Disabilities Act, which went into effect January 26, 1992, requires that public establishments offer equal access and services to people who are physically and mentally disabled. The facility must agree that it will be in compliance with all applicable cities, state or federal regulations concerning access and seating for people with disabilities. The NCAA will rely on host organizations to confirm compliance with the act by host facilities. The host is responsible to check and see that its facility will be in compliance as of the dates of the championship and to advise the NCAA national office if it will NOT be in compliance.

2. **Essential Requirements.**

   b. Visible electronic scoring/timing device on the field
   c. Four locker rooms
   d. Adequate spectator seating (750 or above preferred)
   e. Press box area for media, webstream, public address announcer, etc.
   f. Training area
   g. Adequate security
   h. Air horn for scorer’s table
   i. Two officials locker rooms (male and female)

6. **Hospitality Area.** A tournament hospitality area should be available. SECTION V: LODGING

The NCAA has partnered with Anthony Travel, Inc. to manage the NCAA Championship Housing Program and all championship housing needs. Anthony Travel serves as the housing partner for hundreds of events annually and, through strong relationships with various hotel brands, is able to deliver the appropriate mix of amenities, location and price for hundreds of thousands of room nights each year. Utilizing their expertise, Anthony Travel will be responsible for managing the selection and contracting process for all championship housing accommodations.

Housing will be required for all participating teams, NCAA staff, committee members, media, game officials, and other special guests as designated by the NCAA. Separate hotels are needed for the NCAA, media, officials and participating teams unless specified otherwise by the NCAA. It may be permissible for the media or game officials to be assigned to the same property as the NCAA headquarters hotel. (Game officials and teams may not stay in the same hotel.) Efforts will be made to provide some deference to the official corporate champion/partner in the hotel category (should one exist at the time of contracting) of the NCAA. While hotels are the primary housing offerings that will be contracted, alternative options may be considered in certain situations.

Bids will be awarded contingent upon the successful negotiation of housing needs at reasonable rates. Failure to secure such reasonable rates and properties may result in rescinding of the bid award.

Host Institution/Conference/Sponsoring Agency Obligations
The host institution/conference or sponsoring agency must guarantee sufficient housing is available to meet the room block needs identified in the sports specific bid specifications. Properties must meet the required service levels and be in reasonable proximity to the event venues. Rooms should not be secured or contracted nor should rates be discussed with specific properties, unless requested to do so by the NCAA.

Bid responses may highlight any recommended properties Anthony Travel should consider when contracting. Properties considered by Anthony Travel and the NCAA must meet the required service levels, room type needs, amenities, and proximity to venues required by the specific championship. Bid responses should disclose any special relationships, agreements and/or financial arrangements you may have in place with the recommended properties. Anthony Travel will take into consideration all recommendations when selecting hotels; however, guarantees cannot be made that contracts will be secured with these properties.

The Contracting Process
During the bid evaluation process, the host institution/conference or sponsoring agency may be contacted by Anthony Travel to obtain additional information on their housing recommendations. Once the bid is awarded, Anthony Travel will manage a request for proposal (RFP) process to evaluate, secure and contract all hotels for the necessary room blocks and sports specific housing needs. Housing recommendations provided in the bid specifications will be taken into consideration; however there is no guarantee that these properties will be contracted. Prior to being finalized, housing recommendations will be presented to the NCAA to obtain feedback/input. All hotel contracts will be drafted using a standard contract template and signed by the NCAA. Information related to the room blocks and housing will be communicated on a timely basis to the host institution/conference or sponsoring agency and the participating teams.

All hotels contracted must have experience with and understand the needs of large groups. For certain championship events, additional room blocks may be required for fan travel.
The NCAA or its designees shall have the exclusive right to sell products licensed by the Association for merchandising at the selected hotels (inside and outside the premises controlled by the hotels). The hotel will provide adequate space in its lobby for such sales.

Contracted properties will be responsible for complying will all requirements in the contract terms as presented in the sample contract.
