IN THE EVENT OF ANY CONFLICT OR INCONSISTENCY BETWEEN THE SPECIFICATIONS THAT FOLLOW AND ANY SUCH SPECIFICATIONS IN THE GENERAL BID SPECIFICATIONS DOCUMENT, THE FORMER SHALL PREVAIL AND GOVERN THE MATTER.

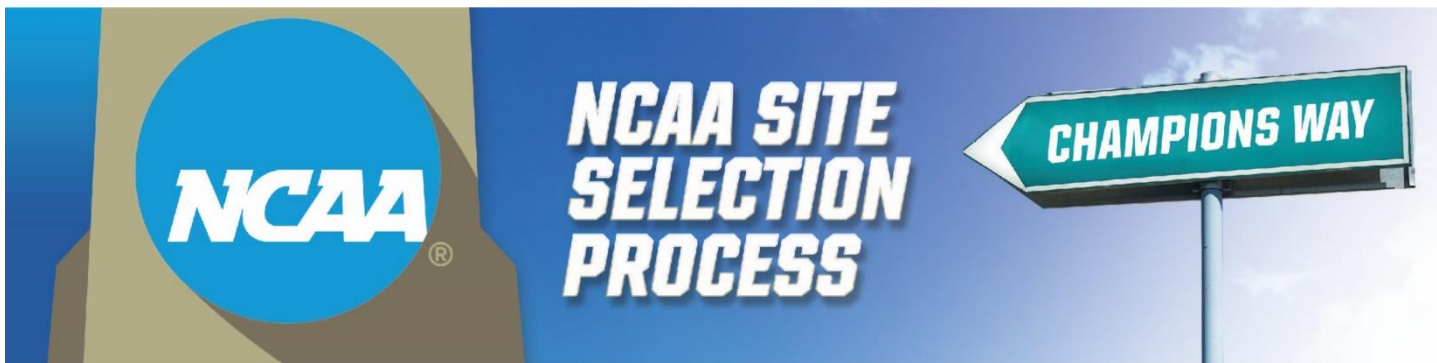

SECTION I: INTRODUCTION

The National Collegiate Athletic Association (“NCAA” and/or “Association”) is pleased to provide to member institutions/conferences the opportunity to submit a proposal to host one or more NCAA championships.

The information contained in this document and the accompanying attachments provides the minimum bid specifications for hosting any of these championships, as well as essential information that will provide assistance in the development of a creative, comprehensive and competitive bid proposal. The NCAA awards the privilege of hosting an NCAA championship several years in advance so those communities may work collaboratively with the NCAA to create positive experiences for its student-athletes, participating institutions, fans and the community.

A member institution or member conference of the NCAA must be designated as the host institution/conference for the championship. The administration of the championship is under the authority of the respective sports committee subject to final authority from the NCAA Division I Competition Oversight Committee and Division II and Division III Championships Committees. All activities and events associated with the championship are to be approved by the sports committee.

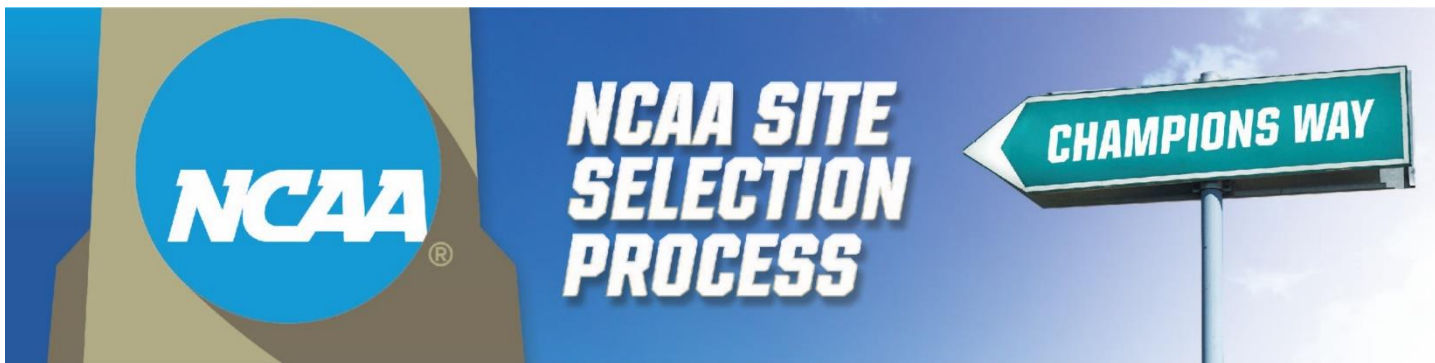

SECTION II: CHAMPIONSHIP STRUCTURE

DATE FORMULAS	
Women's Finals	Championship begins on the third Friday in the month of May except during those years where May 1 falls on Friday, with competition running from Friday – Wednesday.
Men's Finals	Championship begins on the fourth Friday in the month of May except during those years where May 1 falls on Friday, with competition running from Friday – Wednesday.

*Note: formats subject to change.

For both the Women's and Men's Championships, the finals site field will consist of 156 players that include 30 teams, and 6 individuals, not on those teams, who will compete in three consecutive days each of 18 holes of stroke play. Upon completion of 54 holes of stroke play competition, the top 15 teams along with the top nine individuals not on an advancing team will advance for one additional day of stroke play to determine the top eight teams for match play competition and the 72-hole stroke-play individual champion, along with the top 15 individual award winners and ties (Friday – Monday). Once the top eight teams have been determined by the 72-hole stroke play results, a match play format consisting of quarterfinals, semifinals (Tuesday) and finals (Wednesday) will be conducted to determine the team national champion.

The eight teams that qualify for match play will be seeded into a bracket for competition. The pairings will be as follows: number one vs. number eight, number two vs. number seven, number three vs. number six, and number four vs. number five. A team match will consist of five individual matches worth one point each, for a total of five points, and the first team to win three points within a team match will advance. From the first round of match play, winning teams will advance to the semifinals and subsequently the finals. In the final match, the first team to win three points will be declared the national champion.

SECTION III: GENERAL FACILITY REQUIREMENTS

1. The Americans with Disabilities Act, which went into effect January 26, 1992, requires that public establishments offer equal access and services to people who are physically and mentally disabled. The facility must agree that it will be in compliance with all applicable city, state or federal regulations concerning access and seating for people with disabilities.
2. The facility must be available exclusively to the NCAA from 6 a.m. on the Monday prior to the start of the women's championships through the conclusion of the final team match of the men's championships for the purpose of preparing for, practicing for and conducting the Division I Women's and Men's Golf Championships on back-to-back weeks.

The format for both the women and men will result in Thursday being designated as a practice round day; with Friday through Wednesday being designated as competition days. For the women's championships only, participating institutions also have the opportunity on the Wednesday prior to the Thursday practice round to walk the course. During that two-week period of time, the facility will be clean and accessible, and playing conditions must be safe and of championships caliber.

The NCAA Division I Men's and Women's Golf Committees have adopted the following policy for the regular season specific to the finals site that will conduct the respective back-to-back national championships: Student-athletes and coaches are prohibited from walking, playing, or practicing at the championship finals course (i.e., practice facilities and any additional golf course at the venue) other than those student-athletes and coaches with preexisting course memberships or who are competing in sanctioned events of the state's amateur or professional golf associations, the USGA, LPGA and PGA. Violations of this policy may result in sanctions listed under NCAA misconduct provisions or disqualification for a team or an individual(s), with no substitution permitted. Limited exceptions may be approved for members of the Division I Men's and Women's Golf Committees and host planning committee to be on site during times when championship planning is occurring.

The Division I men's and women's golf committees reserve the right to modify the course access policy during the terms of this bid cycle. The committees may take into consideration the number of years a site may host as well as the home golf course of the host institution amongst other items.

3. The NCAA specifically disclaims any responsibility to investigate the safety or code compliance of the facility and parking lots or the component products, equipment, materials, designs and constructions.

The course shall be arranged in accordance with guidelines provided to the facility by the NCAA Head Rules Officials. These guidelines are intended to mirror those used at the highest level of USGA national amateur championships and will provide a superior showcase for the championships. The course should be prepared according to these guidelines as far in advance as possible, but in no event later than four days prior to the start of the women's championships competition.

4. The facility must have a comprehensive evacuation plan in case of inclement weather conditions or emergencies.
5. The NCAA shall be provided exclusive use of meeting space in the clubhouse during the championships at no cost to the NCAA. If sufficient space is not available in the clubhouse, rental office trailers at the hosts' expense will be required.
6. At the discretion of the NCAA, practice sessions may be open to the public at no admittance charge. Merchandise and concessions may be sold.
7. The facility must provide the following additional space, at its expense, with all areas subject to the approval of the NCAA:
 - a. A training area for student-athletes.
 - b. Media workspace for 90-110, appropriate phone lines, power strips, high speed internet connections (wireless), high speed copier, color printer, lighting, heat, air-conditioning and toilet facilities.
 - c. Two areas of private office space with internet connections (either wireless or hard wire); one for the use of the NCAA and one for the use of the officials.
 - d. A statistics control area containing one photocopier machine with capabilities for reproducing statistics and other material on bond paper with a minimum per-copy speed of 75 per minute. The copy machine shall also include a collator and automatic stapler. The facility shall be responsible for the installation, service costs and six different colors of paper for these machines during the championships. This area should also include one high-speed hard-wired Internet line along with wireless capabilities and a high speed printer.
 - e. A room for drug testing that has a waiting area, toilet facilities and a minimum of 500 square feet of space.
 - f. A room for NCAA vendor to house radios and other equipment that also serves as a work area

for vendor.

- g. An office for scoring vendor to input scores and serve as a work area during the championships.
8. The facility shall provide, at its expense, tables, chairs, skirting, bunting, pipe-and-drape and platforms for all areas described herein as required by the NCAA.
9. The facility shall provide complimentary parking spaces in prime locations for the participating institutions, officials, committee, NCAA staff and media along with NCAA vendors and any other entities the NCAA determines that are central to the oversight and management of the championships.
10. The facility shall be responsible for, and pay the costs of, the coordination and installation of interior and exterior decorations as directed by the NCAA.

The facility shall provide at least one main scoreboard, as well as a minimum of two on-course leaderboards (electronic or videoboard), at no cost to the NCAA.

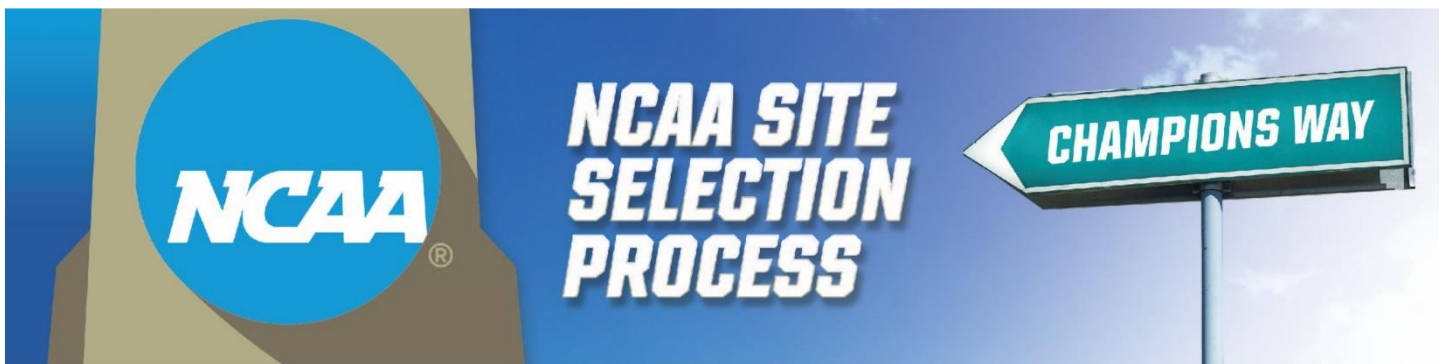

11. The course will supply electric golf carts (approximately 105 for each championship) for use by competing institutions, the NCAA committee and officials, and NCAA vendors at no cost to the NCAA.
12. At the discretion of the NCAA, a specific hospitality area may be created on site at a location to be mutually determined by the NCAA and the course.

BROADCAST

The host institution/conference/sponsoring agency acknowledges that its responsibilities pursuant to these bid specs are not contingent nor conditioned upon television coverage of the championships, and further, expressly acknowledges that the NCAA makes no representation or warranty of such coverage. Moreover, actions undertaken, or obligations entered into by the host institution/conference/sponsoring agency in furtherance of its performance under these bid specs shall not create for or subject the NCAA to any liability or obligations for the same. Finally, the host institution/conference/sponsoring agency is responsible for and shall pay for designated costs of providing the space and infrastructure required by the NCAA broadcast partner, as outlined below.

1. Compound.
 - a. Size: 250'x190' space on level ground.
 - b. Parking: 100 parking spaces in addition to above space located next to compound.

- c. Area needs to be able to access phone lines and high speed internet.
 - d. Able to support five (5) 80,000 lb. tractor trailers.
 - e. Asphalt area preferred (many facilities use the maintenance area).
 - f. Host will provide and pay for 24/7 security for the compound area.
 - g. Broadcaster to provide porta-johns for both compound and booth/stage area.
2. Announce Booth. The booth is a 12'x 50' trailer and needs to be driven to the site typically near the 18th green/hole. This trailer is pulled by a 1-ton pick-up truck and needs at least 14' high clearance to reach the designated parking spot on the course.
 3. Studio set.
 - a. Footprint needed is 30'x30' on level ground for open air booth/set. Broadcaster will provide and place a/c units under the stage.
 - b. Additional 30' long by 10' wide space is needed for trailer that carries the generators (supplied by Broadcaster). This space should be on level ground.
 - c. Ideal location-the view behind the set should showcase the venue and atmosphere of the NCAA Championships; near clubhouse may be preferred.
 4. Production Set Up/Tear Down Access.
 - a. Fiber the course three days prior to air or the start of competition.
 - b. All camera platforms, lifts and/or scaffolding will be built out two days prior to air.
 - c. Power/lighting will be supplied by Broadcaster.
 - d. After completion of the event/final broadcast, tear down would be completed by 3 p.m. (local time) the following day.
 - e. All trucks would depart by Thursday afternoon, following the conclusion of the championships.
 - f. Office trailers would be removed by Friday, following the conclusion of the championships.

5. Clubhouse.
 - a. Additional 20'x30' space for the studio crew's office and "Rain Room." Area needs to be quiet with locking door.
 - b. Parking for select Broadcast staff and guests.
 - c. The tournament will need a 20'x15' room to videotape Player's head shots during the entire tournament week. Set up for this room would start on the Saturday before the Monday tournament coverage window.
6. Hotel Rooms. Broadcast partner will require up to 35 rooms, at the Headquarters hotel, over the three-week Championship period.
7. Radios. Broadcast partner supplies its own radios but would need two radios from NCAA game management.
8. Scoring/Pairings.
 - a. Access to 12 computers that have the "real time" NCAA official provider scoring feed for use by Broadcast production and talent.
 - b. Access to manual or electronic board during coaches picks for press room and ability to move to stage on Tuesday afternoon.
9. Site Survey. Broadcast production personnel will require a site visit (possibly two) to verify placement for production compound, camera towers, cranes, rain room, booth, etc.
 - a. Studio show will conduct a site survey, possibly different from the tournament survey, to secure a space for set and other camera locations.
 - b. Either the Director of Operations Manager will conduct a second "stage spot survey" with staging vendor before its built.
10. Broadcast partner agrees to restore or cause to be restored the tournament courses to the same conditions as they were before the installation, construction, operation, maintenance or removal of Broadcast production equipment, structures or facilities, reasonable wear and tear accepted.

*Pending site location, Broadcast partner may have additional needs and will work with the NCAA championships staff and hosts as required.

NCAA

NCAA SITE SELECTION PROCESS

CHAMPIONS WAY

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting “Yes” below.

YES

NO

NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either “No” or “No with Exception” and declare any issues and/or exceptions regarding the aforementioned terms. Please note: Any proposed revisions to the language in this document must be specified in the bidding portal to be considered.

SECTION IV: EVENT HISTORY

The chart below contains information on previous hosts, attendance and ticket price history since the 2017-18 season.

Year	Host	Attendance	Ticket Prices
2018	Oklahoma State University	11,621	All-Session Adult (one champ.): \$30 All-Session Adult (two champs.): \$50 Single Session Adult: \$10
2019	University of Arkansas, Fayetteville	n/a	All-Session Adult (one champ.): \$20 All-Session Adult (two champs.): \$40 Single Session Adult: \$5
2020	Arizona State University and The Thunderbirds	Cancelled	Full ticket buyout by host
2021	Arizona State University and The Thunderbirds	n/a	Full ticket buyout by host
2022	Arizona State University and The Thunderbirds	n/a	Full ticket buyout by host
2023	Arizona State University and The Thunderbirds	n/a	Full ticket buyout by host
2024	University of Texas at Austin	-	TBD
2025	University of Texas at Austin	-	TBD
2026	University of Texas at Austin	-	TBD

NCAA SITE SELECTION PROCESS

SECTION V: LODGING

On Location is responsible for securing hotel accommodations for all participating teams, NCAA staff, committee members and other special guests, officials and the media. Separate hotels must be available for the NCAA, media, officials and participating teams. Please note that it would be permissible for the media to be assigned to the same property as the NCAA headquarters hotel and officials. All efforts should be made to provide some deference to the NCAA's official corporate partner in the hotel category (should one exist at the time of the bid). All hotels shall be in close proximity to the golf course. The team hotel(s) must be of comparable quality and distance from the golf course. A minimum of six double/double sleeping rooms for each team is required, as well as a minimum of three double/double sleeping rooms for institutions that have individuals selected who are not a member of a team. It is recommended that the room rate include a complimentary hot breakfast, parking and internet access in guest rooms for each day of the practice and competition rounds. The headquarter hotel and all participant and rules officials hotels will provide Golf Channel on the televisions in all sleeping rooms.

Broadcast partner will require up to 35 rooms at the headquarter hotel, and team hotels, over the three-week Championships period for talent and other senior staff. The Broadcast partner will secure these rooms but requests the assistance of the local tournament committee to make sure these rooms are available. Broadcast partner will also secure 105+ rooms at another local hotel for production crew.

Women's Championships.

NOTES:

1. Shaded columns are overlap dates between the men's and women's championships.
2. Some teams and individuals may depart beginning Sunday night of each of the women's and men's championships should they fail to qualify for the fourth round of stroke play or match play.

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting "Yes" below.

YES
 NO
 NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either "No" or "No with Exception" and declare any issues and/or exceptions regarding the aforementioned terms. Please note: Any proposed revisions to the language in this document must be specified in the bidding portal to be considered.

SECTION VI: NCAA/HOST RESPONSIBILITY

Bidding for the NCAA Division I Men's and Women's Golf Championships is a competitive bid process. As host entities plan for submitting their bid, the following should be taken into consideration:

Through the budget process, the NCAA will reimburse host institutions for facility fees; however, those facility fees should be inclusive of all maintenance and grounds costs and shall not exceed \$25,000 total for both championships.

NCAA PROVIDES (FINALS):

1. Transportation and per diem reimbursement for the participating teams.
2. Transportation, lodging (room and tax) and per diem for officials and NCAA sport committee members.
3. Awards for the participating teams.
4. Digital game program.
5. Championship credentials.
6. Student-athlete mementos to the official traveling parties of the participating teams.
7. Volunteer apparel.
8. Funding for promotional efforts.
9. Rope and staking of select holes, greens and other areas.
10. 25 standards for match play rounds and final individual day.
11. On course signage and other equipment, including: Hole Signs, Tee Markers, Tee Fences, Pin Flags, Scoresheets, Scorecards, and Designated Coaches Credentials.
12. Funding for official NCAA reception.
13. Range balls (provided by the NCAA official supplier).

14. Water, cups, coolers, ice chests, hydration products.

HOST INSTITUTION/CONFERENCE AND/OR SPONSORING AGENCY PROVIDES:

1. Championship competition facilities.
2. Volunteers.
3. Public relations coordination.
4. Up to 100 multi-channel radios (with repeaters, as necessary) for officials, committee, host staff, athletic training, game management staff, and others.
5. First aid, medical services, AED on-site, ambulance on-site.
6. Championships hospitality.
7. Food and beverage concessions.
8. Public address system.
9. Support personnel, including ushers, ticket takers, media runners, etc.
10. Security.
11. Media room (fully equipped with tables/chairs, hard wired/wireless telecommunications, duplicating services and associated support). Media center: if in the clubhouse, the NCAA broadcast partner may request a camera platform be installed for live press conference coverage. Minimum 4'x6' with 2' riser for one camera and provided by the course.
 - a. Large media center – workspaces for 90-110 SIDs, Media.
 - b. Wireless internet, power strips, dais with seating, large camera platform, high speed copier.
 - c. Two televisions in media center to display broadcast coverage, live scoring and other events.
12. Media seating/work area with constant refreshments and meals, as requested.

- 13. All computers, printers, video equipment, photocopy machines, telephone lines, DSL lines, etc. necessary to administer the championships and as may be required by the NCAA.
- 14. On-site meteorologist(s) for the duration of the championships, including practice rounds and optional course walk-through, as requested.
- 15. Tickets.
- 16. Appropriate directional signage inside and outside the venue.
- 17. High-definition televisions with playback/rewind capabilities for rules officials and committee areas. Additional high-definition televisions for student-athlete hospitality, media and other areas as needed.
- 18. Other items as later requested by the NCAA.

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting “Yes” below.

YES NO NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either “No” or “No with Exception” and declare any issues and/or exceptions regarding the aforementioned terms. Please note: Any proposed revisions to the language in this document must be specified in the bidding portal to be considered.

NCAA SITE SELECTION PROCESS

SECTION VII: TRANSPORTATION

Local transportation for the participating teams shall be the responsibility of both the host and the participating teams. While participating institutions will be responsible for arranging their own local transportation, the host should ensure that 15-passenger vans, or large SUVs, are available for teams to rent upon their arrival into the championship site. A minimum of 30-50 vehicles should be available during each of the two weeks. All efforts should be made to provide some deference to the NCAA's official corporate partner in the car rental category (should one exist at the time of the bid).

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting "Yes" below.

YES NO NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either "No" or "No with Exception" and declare any issues and/or exceptions regarding the aforementioned terms. Please note: any proposed revisions to the language in this document must be specified in the bidding portal to be considered.

SECTION VIII: MARKETING

1. **Marketing Plans.** Upon selection, the host is required to submit a marketing plan for review and approval prior to activation by the NCAA marketing staff. Please refer to the appropriate marketing plan template as a guide.
2. **Budgets.** When the proposed budget is submitted, a minimum of \$4,000 should be allocated for these purposes. The marketing budget should only include items needed for: marketing, advertising, printing costs, grassroots opportunities and promotions.
3. **Creative Process.** A creative marketing assistance website is available to the host for their marketing needs. This marketing website, NCAACHampsPromotion.com, is a comprehensive tool designed to help hosts create marketing pieces which will generate awareness and promote tickets and or attendance for the championship.

Hosts should customize and download all necessary artwork to promote the championship. Every effort should be made to use the online marketing templates, produce the items locally and obtain reimbursement for production costs, up to the reimbursable allocation provided.

All artwork and reimbursement requests must be approved by the NCAA prior to proceeding with production. Artwork requests and approvals will be managed through the website. Should you not have a local vendor, a list of preferred NCAA vendors is available on the website.

4. **Radio/TV.** The NCAA will provide the following television and radio elements to assist in promoting and selling tickets to the championship. Several formats will be provided in order to allow for use over a variety of platforms (e.g., websites, tv commercials, videoboards). All spots will be made available for download via the online marketing website NCAACHampsPromotion.com.
5. **Support Documents.** Hosts should refer to the following support documents when developing marketing plans and budgets: NCAA Ticket Promotional Use Guidelines, NCAA Sales Commission Guidelines, and NCAA Micro-Site Guidelines.

SECTION X: ANCILLARY EVENTS

There are currently no ancillary events during the championships, but prospective hosts should be prepared with adequate space to conduct a championship banquet or reception and/or other potential awards ceremonies, as deemed necessary by the NCAA and the men's and women's golf committees in the future.

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting "Yes" below.

YES NO NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either "No" or "No with Exception" and declare any issues and/or exceptions regarding the aforementioned terms. Please note: any proposed revisions to the language in this document must be specified in the bidding portal to be considered.

NCAA SITE SELECTION PROCESS

SECTION XI: VOLUNTEER NEEDS

Approximately 200-250 volunteers per day, during both the men's and women's championships, will be needed for assignments including: scoreboard operations, scoring control, walking scorers, spotters, hospitality, media, NCAA broadcast partner assistance, and merchandise sales.

The prospective host that is bidding on this championship agrees to all terms and conditions as outlined above in this Championship Bid Specifications Agreement. We agree to comply with all the requirements listed in this document and to administer the designated championship in accordance with the policies of the NCAA and the applicable NCAA sports committee. Prospective hosts that agree with all the requirements listed in this document for the designated championship shall signify agreement by selecting "Yes" below.

YES NO NO with Exception

Prospective hosts who do not agree with all requirements in this document shall select either "No" or "No with Exception" and declare any issues and/or exceptions regarding the aforementioned terms. Please note: any proposed revisions to the language in this document must be specified in the bidding portal to be considered.

SECTION XII: BUDGET HISTORY

Expenses for the DI Men's and Women's Golf Championships regularly exceed the amount reimbursable by the NCAA. Please contact the championship manager(s) to discuss budget history and expectations in more detail.
