**IN THE EVENT OF ANY CONFLICT OR INCONSISTENCY BETWEEN THE SPECIFICATIONS THAT FOLLOW AND ANY SUCH SPECIFICATIONS IN THE GENERAL BID SPECIFICATIONS DOCUMENT, THE FORMER SHALL PREVAIL AND GOVERN THE MATTER.**
SECTION I: INTRODUCTION

The National Collegiate Athletic Association ("NCAA" and/or "Association") is pleased to provide to member institutions/conferences the opportunity to submit a proposal to host one or more NCAA championships.

The information contained in this document and the accompanying attachments provides the minimum bid specifications for hosting any of these championships, as well as essential information that will provide assistance in the development of a creative, comprehensive and competitive bid proposal. The NCAA awards the privilege of hosting an NCAA championship several years in advance so those communities may work collaboratively with the NCAA to create positive experiences for its student-athletes, participating institutions, fans and the community.

A member institution or member conference of the NCAA must be designated as the host institution/conference for the championship. The administration of the championship is under the authority of the respective sports committee subject to final authority from the NCAA Division I Competition Oversight Committee and Division II and Division III Championships Committees. All activities and events associated with the championship are to be approved by the sports committee.

*The 2028 Division II Women’s Golf Championship will take place as part of the 2028 Division II Spring Festival. Please refer to the Festival bid document for additional bid specifications.

The NCAA Division II Women’s Golf Championships will consist of both team and individual competition conducted concurrently. Four, 54-hole regional tournaments will be conducted to determine the participants in the championships finals. Fifteen (15) teams in the east, nine (9) teams in the central, and twelve (12) teams in the south and west regions; along with six individuals, not on those teams, will compete at regionals. The low five (5) teams in the east, the low four (4) teams in south and west regionals, the low three (3) teams in the central regional; and two (2) at-large berths based on the regions represented in the championship head-to-head medal match play the prior year will advance to the finals. In addition to the teams, the low two (2) individuals, not on those teams will also advance to the finals... Tiebreakers and playoffs will be used to determine advancement to the finals.

At the finals, all 18 teams and 8 individuals will complete 54 holes of stroke play. Following 54 holes of stroke play, an individual champion will be declared along with finishers 2-10. The top eight teams after 54 holes of play will be placed into a bracket and seeded based on 54-hole scores. The pairings for the quarterfinals will be Seed #1 versus Seed #8, Seed #2 versus Seed #7, Seed #3 versus Seed #6 and Seed #4 versus Seed #5 competing in head-to-head medal play (stroke play over 18 holes, with the individual with the lower score winning one point for their team).

Each team match will consist of five points with one point being awarded for each individual match. Winning teams will advance to the semifinals and subsequently the finals. Each individual match will be played to its completion and the first team to win three points within the team match will advance, or in the case of the final match be declared the national champion.

In the event that a team match is tied after all five individual head-to-head matches, the total strokes of the five players from each team will be calculated with the winning team having the fewest strokes. If still tied, a sudden death playoff will occur with all five scores counting from each team to determine the advancing team.

Lineups, for pairing purposes, in the head-to-head medal play portion of the championship will be determined by the head coaches, using a "Presidents Cup" selection style to determine the lineups, beginning with the higher seeded team as determined through 54-hole stroke play competition. Ties for eighth place will be broken by a sudden-death playoff outlined in this manual. Ties within the top eight will be broken using the non-sudden death tiebreaking procedures outlined in this manual. Pairings for both the stroke play and head-to-head medal play portion of the finals can be found at ncaa.org on the Division II Women’s Golf page.
The women’s golf committee has the ability to implement an administrative cut after 36 holes of play to the top 15 teams and top six individuals not on those teams. The administrative cut will only occur after all other options to complete 54 holes of play by all 116 participants have been exhausted. (The championship format and schedule is subject to change.)

2. **Ticket Price History.** Tickets are not sold for the Division II Women’s Golf Championship therefore there is no attendance or ticket price history.
SECTION V: LODGING SPECIFICATIONS

The NCAA has partnered with On Location to manage the NCAA Championship Housing Program and all championship housing needs. On Location serves as the housing partner for hundreds of events annually and, through strong relationships with various hotel brands, can deliver the appropriate mix of amenities, location and price for hundreds of thousands of room nights each year. Utilizing their expertise, On Location will be responsible for managing the selection and contracting process for all championship housing accommodations.

Housing will be required for all participating teams, NCAA staff, committee members, media, game officials, and other special guests as designated by the NCAA. Separate hotels are needed for the NCAA, media, officials, and participating teams unless specified otherwise by the NCAA. It may be permissible for the media or game officials to be assigned to the same property as the NCAA headquarters hotel. (Game officials and teams may not stay in the same hotel.) Efforts will be made to provide some preference to the official corporate champion/partner in the hotel category (should one exist at the time of contracting) of the NCAA. While hotels are the primary housing offerings that will be contracted, alternative options may be considered in certain situations.

Bids will be awarded contingent upon the successful negotiation of housing needs at reasonable rates. Failure to secure such reasonable rates and properties may result in rescinding of the bid award.

The host institution/conference or sponsoring agency must guarantee sufficient housing is available to meet the room block needs identified in the sport specific bid specification. Properties must meet the required service levels and be in reasonable proximity to the event venues. Rooms should not be secured or contracted nor should rates be discussed with specific properties, unless requested to do so by the NCAA.

Bid responses may highlight any recommended properties On Location should consider when contracting. Specifications should also disclose any special relationships, agreements and/or financial arrangements you may have in place with the recommended properties. On Location will take into consideration all recommendations when selecting hotels; however, guarantees cannot be made that contracts will be secured with these properties.

All hotels contracted must have experience with and understand the needs of large sports related groups. For certain championship events, additional room blocks may be required for fan travel.

The NCAA or its designees shall have the exclusive right to sell products licensed by the Association for merchandising at the selected hotels (inside and outside the premises controlled by the hotels). The hotel will provide adequate space in its lobby for such sales.
Contracted properties will be responsible for complying with all requirements in the contract terms as presented in the sample contract.
