NCAA DIVISION I BASEBALL OVERSIGHT COMMITTEE
JANUARY 13, 2026, VIDEOCONFERENCE**

ACTION ITEMS.

- None.

INFORMATIONAL ITEMS.

1. **American Baseball Coaches Association (ABCA) Convention update.** Craig Keilitz, executive director of the ABCA, provided an update from the 2026 ABCA Convention. The committee had initial discussions on two baseball legislative concepts presented by the ABCA to: (1) modify the personnel legislation and permit any institutional staff member to provide technical and tactical instruction to a student-athlete; and (2) increase the maximum number of nonchampionship contests legislation from two to four. The committee will collect feedback on these legislative concepts and discuss at a future meeting.
2. **Bandwidth minimum requirements.** The committee voted to implement preferred dedicated bandwidth requirements of a minimum of 150 Mb/s for host institutions to have in place to assist with video review during the 2026 NCAA Division I Baseball Championship – Regional and Super Regional rounds. The committee also agreed to require a minimum dedicated bandwidth of 150 Mb/s to host a preliminary round for the 2027 championship and beyond. This is an expense that host institutions would be required to financially absorb and would not be reimbursable through the championship host reporting system. Information about minimum dedicated bandwidth recommendations and requirements will be included with the bid materials.
