Section 1•5 Division III Commencement Conflict Policy

If an institution's commencement conflicts with participation in the championship, it shall inform the NCAA championship manager in writing one week prior to the selection date for the governing sports committee to accommodate a request to alter the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sports committee, in consultation with participating institutions, would reschedule the game on the nearest possible date if a participating school has a conflict.
- Does not apply to predetermined finals sites.

The governing sports committee shall make a good faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

Section 1•6 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams possible while minimizing missed class time; to emphasize regional competition in regular-season scheduling; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and a limited number of at-large teams, realizing that this may be done at the expense of leaving out some championship-caliber teams.

Section 1•7 Equipment

The Rawlings R1NCAA baseball has been selected as the official baseball for all games in the three NCAA championship tournaments.

The appropriate number of balls will be sent to all tournaments. The balls will be shipped to the director of athletics or tournament director at the host institution, or delivered by the NCAA representative.

Each team must furnish its own practice balls for Regional and Super Regional play. Practice balls will be provided at the site of the finals.

Section 1•8 Rules

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules.

For those sports where the Association follows rules developed by other governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes not played in accordance with the NCAA rules books, or those rules adopted by an outside organization.

Speed Guns. Use of speed guns by participants is prohibited.

Length of Game – Halted Game Rule. All games shall be nine innings. If play has been stopped before nine innings have been completed, the halted-game rule (Rule 5-8) shall be used.

[Note: The 10-Run Rule – Rule 5-7-b-(4) – shall not be used for any round of the championship.]

Protest Procedure. The following protest procedure shall be used in all tournaments:

1. Any protest by the coach of a competing team must be made at the time of the action or incident that caused the protest and before play is resumed;
2. If the game ends (legal contest) in a protestable situation, the offended team has 20 seconds to voice its protest intentions;
3. All protests must be made to the umpire-in-chief; however, if he is not working the game, the home plate umpire shall receive the protest;
4. No protest shall be allowed that involves a judgment decision by an umpire; and
5. All protests must be ruled upon immediately by the games committee. The committee shall confer with the umpires before making its decision, and the chair shall make a written report to the chair of the NCAA Division III Baseball Committee.

Tobacco Products. The use of all tobacco products is prohibited by student-athletes and game personnel (e.g., coaches, umpires, trainers, managers) during practice sessions and game competition. The use of tobacco products during other championship activities, such as banquets, autograph sessions, press conferences and postgame interviews, is prohibited. Violations of this regulation shall be dealt with by the appropriate sports committee in accordance with Rule 3-10 of the NCAA Baseball Rules and the misconduct provisions of Bylaw 31.1.10.

Films and Still Photographs. The videotaping or filming of an opponent's game is not permitted. If in-person scouting occurs, the individual(s) shall pay the regular admission price. Institutions are permitted to videotape championship competition by their teams or the individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site. The host institution shall provide a comparable location for both competing teams.

Section 1•9 Uniforms

Competing teams shall have both light- and dark-colored jerseys and light- and dark-colored stockings available. In preliminary-round competition, the home team must wear a uniform in clear contrast with the visiting team. In case of conflict, the home team must wear white- or light-colored uniforms. For the semifinals and final, the games committee will determine the home teams. Student-athletes competing in the championship shall wear the official uniform of their institution in competition and related ceremonies. This applies to warmups and competitive uniforms.

LOGOS

Refer to [General Administrative Guidelines, Section 7](#).

DETERMINATION OF HOME TEAMS AT REGIONALS AND NATIONAL CHAMPIONSHIP

For first-round games during regional competition when teams are seeded, the highest-seeded team shall be designated as the home team. If there are no seeds, the home team shall be determined by a coin flip. In subsequent games, the home team shall be determined according to a formula applied by the games committee. For the regional or national championship games, if one of the championship teams is undefeated, it will be designated as the home team for the first game. The "if necessary" game will be determined by a coin toss. The NCAA site representative will determine which team is heads and which team is tails. If both teams have one loss, the home team will be determined by coin toss. In determining which of two teams in any non-championship game will be the home team, the games committee or the committee representative shall designate the home team using the following guidelines:

- The institution that has been the home team the fewer number of times in that particular tournament.
- If the two teams are equal in this respect but unequal in the number of times they were the visitor, then the team that has been the visitor more often will be designated the home team.
- If the two teams are equal in the number of times that they have been home and visitor, the games committee or the committee representative shall observe the following procedures in the order stated:
 - a. If the two teams have met previously in that particular tournament, the visitor in the previous game shall be the home team in the game in question.
 - b. Exception: In a two-team tournament where both teams have been the home team twice, the fifth game will be determined by coin toss. The NCAA site representative will determine which team is heads and which team is tails.
 - c. The team that was visitor in its preceding game shall be the home team, unless both teams were visitors in their preceding games; or
 - d. If the above procedures do not resolve the matter, the home team shall be determined by coin toss. The NCAA site representative will determine which team is heads and which team is tails.

DUGOUT DESIGNATION

During the pre-championship meeting for regionals and super regionals, the host institution must designate whether the first or third base dugout will be designated the home team dugout during the tournament. For the "if necessary" game, teams will reverse home and away designation, but remain in the same dugout and uniforms.

DETERMINATION OF HOME TEAMS AT SUPER REGIONALS AND CHAMPIONSHIP SERIES (BEST-OF-THREE SERIES)

A coin toss will determine the home team in game one. The loser of the coin toss will be home in game number two. Another coin toss will determine the home team in game three (if necessary). The NCAA site representative will determine which team is heads and which team is tails for all coin tosses.

Section 2 • Determination of Championship Participation

Section 2.1 Championship Format

Championship Structure. The championship provides for a maximum field of 60 teams. Fourteen regional sites will have four teams competing and two regional sites will have two teams competing. The four-team regionals will use a double-elimination format. The two-team regionals will use a best of five series. Eligible conference champions shall qualify automatically.

The 16 teams advancing from regionals will compete in a two-team, best-of-three tournament at eight super regional sites.

Winners of the eight super regionals tournaments will qualify for the double-elimination championship in Cedar Rapids, Iowa. The final two teams will compete in a best-of-three series to determine the national champion ([Appendix A](#)).

Regionals. All regional tournaments will be conducted for a two- or three-day period. Regionals will begin Friday, May 17. (Competition will be conducted Thursday-Saturday at regional sites with a team that has a no-Sunday play policy and the inclement weather formula will be adjusted accordingly.) Every attempt should be made to complete regional competition by the Sunday before super regionals. Competition may be scheduled one additional day if: (1) weather or unforeseen circumstances prevent the completion of competition on the originally scheduled final day of competition; or (2) completing competition would require a team to play three games in one day. (Note: A team may be required to complete a halted game and play up to two additional games in the same day.) A team may be required to play three games in one day on the rain date (Monday) to complete competition. If exceptions (e.g., weather) preclude the completion of competition by Monday, the advancing team will be determined based on the inclement weather formula in this section. If the regional representative cannot be determined on the field of play by Monday, May 20, one team will be selected by the committee.

REGIONAL FORMATS - FOUR-TEAM (THREE DAYS)

Day 1: Game 1	No. 1 seed vs. No. 4 seed
Game 2	No. 2 seed vs. No. 3 seed
Day 2: Game 3	Loser Game 1 vs. Loser Game 2
Game 4	Winner Game 1 vs. Winner Game 2
Game 5	Winner Game 3 vs. Loser Game 4
Day 3: Game 6	Winner Game 4 vs. Winner Game 5
Game 7	Winner Game 6 vs. Loser Game 6 (if necessary)

REGIONAL FORMATS - TWO-TEAM (TWO OR THREE DAYS)

Day 1: Game 1	No. 1 seed vs. No. 2 seed
Day 2: Game 2	No. 2 seed vs. No. 1 seed
Game 3	No. 1 seed vs. No. 2 seed
Day 3: Game 4 (if necessary)	No. 2 seed vs. No. 1 seed
Game 5 (if necessary)	No. 1 seed vs. No. 2 seed

		G - 3	45 MIN. FOLLOWING	45 MIN. FOLLOWING	G - 5	45 MIN. FOLLOWING	45 MIN. FOLLOWING

Super Regional. Super regionals will be conducted for a two-day period beginning Friday, May 24. Game 1 will be played on the first day; Game 2 (and Game 3, if necessary) will be played on the second day. Every attempt should be made to complete super regional competition by the Saturday before the NCAA Division III Baseball Championship. Competition may be scheduled one additional day if: (1) weather or unforeseen circumstances prevent the completion of competition on the originally scheduled final day of competition; or (2) completing competition would require a team to play three games in one day. (Note: A team may be required to complete a halted game and play up to two additional games in the same day. Teams may be required to play three games in one day on the rain date to complete competition.)

Game times for super regionals:

DAY 1	WITH & WITHOUT LIGHTS	DAY 2	WITH & WITHOUT LIGHTS
G - 1	NOON	G - 2	11 A.M.
		G - 3	45 MIN. FOLLOWING

*Game times cannot be changed without approval from the Division III baseball committee.

METHOD OF DETERMINING REGIONAL/SUPER REGIONAL CHAMPION IF PLAY CANNOT BE COMPLETED

The committee reserves the right to revise the game schedule because of inclement weather or unforeseen circumstances.

Four-team Regionals. If inclement weather limits play, every effort has been made to complete competition by Sunday and competition cannot be completed by Monday, the team that will advance to the super regional will be based on the following:

0 games played	Highest seed
1 game played	Highest seed
2 games played	Highest undefeated seed
3 games played	Highest undefeated seed
4 games played	Highest undefeated seed
5 games played	Highest undefeated seed
6 games played	Winner of Game 6 unless each team has one loss (i.e., the teams are tied), then: 1) Head-to-head competition 2) Highest remaining seed

Two-team Regionals. If inclement weather limits play, every effort has been made to complete competition by Sunday and competition cannot be completed by Monday, the team that will advance to the super regional will be based on the following:

0 games played	Highest seed
1 game played	Winner of game 1
2 games played	If each team has a loss, the highest seed
3 games played	Winner of 2/3 games
4 games played	If each team has two losses, the highest seed

Super Regional. If exceptions (e.g., weather) preclude the completion of competition by Sunday, the advancing team will be determined based on the inclement weather formula in this section.

0 games played	Highest seed
1 game played	Winner of Game 1
2 games played	If each team has a loss, the highest seed

For all rounds of competition, the committee will do its best to make sure that no team plays more than two games in a day, barring unforeseen circumstances.

Championship Finals. The eight winners of the competitions will advance to the championship series. The championship finals bracket, including dates and game times, may be found in [Appendix A](#).

TRAVEL PARTY/SQUAD SIZE

[Reference: Official Traveling Party, Per Diem and Transportation in the General Section.]

Travel party is 30. Each team will be permitted a maximum roster of 33 (35 with inclusion of two medical personnel) persons in the dugout, including 25 eligible players in uniform, coaching staff in uniform and other personnel performing game functions, including two medical personnel (doctor, trainer, etc.). If two medical personnel are not used, nonmedical personnel may not be substituted. All student-athletes within the 33 may be in uniform, but only the 25 listed on the roster are eligible to compete in that game. Non-uniformed personnel may not participate in pregame warmups or game-type functions.

An institution that is advised it is in violation of this regulation and does not conform to it promptly automatically shall forfeit the competition. This is not an "appeal play;" further, there shall be no inordinate delay of the contest to allow the institution to conform to the rule. There will be no exceptions regarding the "Squad Size" section.

TEAM ROSTER

Teams will submit a roster prior to each game of competition (i.e., regionals, super regionals and the finals). Only 25 eligible players may be included on the roster. Once the game begins, no changes may be made to a team roster for any reason. Coaches may change the designated 25 individuals for each game in each round; however, the number of eligible players per game shall not exceed 25.

Section 2•2 Results

SCORE REPORTING

Schools will submit all schedule and results information to the NCAA statistics site (web1.ncaa.org/stats/StatsSrv/login), and this information will then be imported into the score-reporting system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media services staff. For questions regarding the reporting process, please contact Sean Straziscar (sstraziscar@ncaa.org or 317-917-6122).

Section 2•3 Selections Information

Pairings and Site Selection. Once automatic qualifiers are identified and the Pools B and C teams are selected, the following guidelines should be followed:

- Once selected, teams will be grouped in clusters according to natural geographic proximity. Teams will then be paired according to geographic proximity. A team may be moved to numerically balance the bracket if geographic proximity is maintained. Teams should be paired and eligible sites should be selected according to geographic proximity (within 500 miles).
- Teams may be seeded on a regional basis using the regional selection criteria. However, geographic proximity takes precedence over seeding.
- Teams from the same conference do not have to play one another in the first round as long as geographic proximity is maintained.

[Reference: Annual Forms in this handbook and Bylaws 31.01.2, 31.01.3 and 31.3 in the Division III NCAA Manual.]

The NCAA Baseball Committee will follow Bylaw 31.3.3 in selecting at-large participants.

Regular-season conference standings and/or conference postseason competition shall be considered by the committee when selecting at-large teams.

Regular-Season Contests. At the time the game is scheduled, both teams shall agree whether the game is to be counted for purposes of won-lost records and team and individual statistics. A game will be counted by both teams as an official contest unless both teams agree in writing before the game that it is to be an exhibition contest. If it is an exhibition contest, the team and the individual statistics and records cannot be counted for either team. In any event, the contest or exhibition remains countable as a contest for the purpose of Bylaw 17.2.1. Further, all games will be of regulation length.

Coaches should be aware of the application of Bylaw 14.2.4.1 (seasons of competition). Any participation by a student-athlete against outside competition, however limited, shall constitute a season of competition.

No games played during the fall will be included in a team's won-lost record and statistics.

ALLOCATION OF BERTHS

Pool Information. As required by the selection principles, the following berths have been allocated for the 2023-24 championship:

Pool A - 39, Pool B - 2, Pool C - 19

The Division III Baseball Committee will select teams to the championship based on the following selection principles:

- After the determination of the automatic (Pool A) berths, the committee will determine the Pool B selections followed by the Pool C selections.
- Pool B will comprise independent institutions and institutions that are members of conferences that do not meet the requirements for automatic qualification. Pool C will be reserved for institutions from automatic-qualifying conferences that are not their conference champions and the remaining teams in Pool B. The number of berths available for Pool B institutions is determined by dividing the number of institutions eligible in Pool B by the access ratio for Pool A (total number of institutions in conferences with automatic qualification divided by the number of Division III conferences with automatic qualification). Pool B = (number of independents and non-qualifying conference members) divided by (the access ratio for Pool A) — with the result truncated to the nearest whole number (e.g., 5.61 truncates to 5).
- Berths from Pool B and Pool C will be selected on a national basis, using regional selection criteria. There will be no predetermined regional allocations for Pools B and C.

AUTOMATIC QUALIFICATION

The 40 conferences granted automatic qualification for the 2023-24 championship from Pool A are as follows:

Allegheny Mountain Collegiate Conference	New England Women's and Men's Athletic Conference
American Rivers Conference	New Jersey Athletic Conference
American Southwest Conference	North Atlantic Conference
Atlantic East Conference	North Coast Athletic Conference
Centennial Conference	Northern Athletics Collegiate Conference
College Conference of Illinois and Wisconsin	Northwest Conference
Commonwealth Coast Conference	Ohio Athletic Conference
Empire 8	Old Dominion Athletic Conference
Great Northeast Athletic Conference	Presidents' Athletic Conference
Heartland Collegiate Athletic Conference	Skyline Conference
Landmark Conference	St. Louis Intercollegiate Athletic Conference
Liberty League	Southern Athletic Association
Little East Conference	Southern California Intercollegiate Athletic Conference
Massachusetts State Collegiate Athletic Conference	Southern Collegiate Athletic Conference
Michigan Intercollegiate Athletic Association	State University of New York Athletic Conference
Middle Atlantic Conference Commonwealth	United East
Middle Atlantic Conference Freedom	USA South Athletic Conference
Midwest Conference	Upper Midwest Athletic Conference
Minnesota Intercollegiate Athletic Conference	Wisconsin Intercollegiate Athletic Conference
New England Small College Athletic Conference	

AT-LARGE SELECTION/IN-REGION COMPETITION

To be considered during the at-large selection process (Pools B or C), an institution must play at least 70% of its competition against Division III in-region opponents, unless a waiver has been approved by the Division III Championships Committee. In-region competition consists of the following:

- All competition within an institution's defined sports region.
- All competition within an institution's geographical region (Constitution 4.13.1).
- All competition within a 500-mile radius from one institution to another.
- All conference competition.
- All out-of-region contests conducted during one institutional vacation period (i.e., spring break) for sports with a spring NCAA championship (Bylaw 31.3.2.3).

The NCAA Travel Expense System mileage calculator will be used to confirm distance from campus to campus. (web1.ncaa.org/TES/exec/TES/exec/miles).

Bylaw 31.3.3.1 – Countable Competition.

For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

REGIONAL ALIGNMENT

Each Division III baseball team is assigned to one of 10 geographic "evaluation" regions. The primary criteria used for ranking and selection is based on how a team performs against other Division III "in-region" teams. In addition, results versus Division III opponents within 500 miles or less of a team's campus, but outside its assigned geographic region, will be considered "in-region" and part of the primary selection/ranking criteria. All conference competition is considered in-region. And finally, the championships committee has expanded the definition of an in-region contest to include "all competition within an institution's membership geographical region (Bylaw 4.13.1.1)." The country is divided into four membership regions. For most institutions, the change in definition should result in an expanded list of potential in-region opponents.

TRAVEL INFORMATION

Information about the Division III travel policies for baseball can be found on the NCAA membership website at: ncaa.org/championships/travel/championships-travel-information.

Section 2•4 Selection Criteria

PRIMARY CRITERIA

The primary criteria emphasize regional competition (all contests leading up to NCAA championships); all criteria listed will be evaluated (not listed in priority order).

- Win-loss percentage against Division III opponents.
- Division III head-to-head competition.
- Results versus common Division III opponents.
- Results versus ranked Division III opponents as established by the rankings at the time of selection.
- Division III strength of schedule.

Contests versus provisional and reclassifying members in their second and third years shall count in the primary criteria.

Provisional and reclassifying members shall remain ineligible for rankings and selection.

Weighted Scale. Once the OWP and OOWP are calculated, they are to be combined on a weighted scale (e.g., 2/3 weight for OWP and 1/3 weight for OOWP) and this combined number becomes the strength of schedule.

SECONDARY CRITERIA

If the evaluation of the primary criteria does not result in a decision, the secondary criteria will be reviewed. All the criteria listed will be evaluated (not listed in priority order). The secondary criteria introduce results against out-of-

region Division III and all other opponents, including those contests versus opponents from other classifications (i.e., provisionals, NAIA, NCAA Divisions I and II).

- Non-Division III win-loss percentage.
- Results versus common non-Division III opponents.
- Non-Conference strength of schedule.

Section 2•5 Site Selection

Any institution or conference interested in hosting a preliminary round of the 2024 NCAA Division III Baseball Championship must submit a proposed budget, facility evaluation form, key contacts form and video board questionnaire (if applicable) to be considered to host. A separate proposed budget and key contacts form must be submitted for each round that an institution or conference is interested in hosting. The highest-ranked teams will be given consideration as regional and super regional sites, assuming they meet the requirements of Bylaw 31.1.3.2.1. Institutions that do not qualify for the regional or super regional rounds of the championship will not be required to host.

Note the proposed budget form has changed slightly to allow us to collect more detailed information when relevant. The form is now an expandable/collapsible tree format with the ability to upload supporting documents. Please note the unbudgeted expenditures section has been removed in the new budget form. As part of the bid, prospective hosts must enter a budgeted amount for both the game officials and committee/site representatives; hosts will pay for their lodging expenses and be reimbursed by the NCAA. However, if the NCAA manages the hotel block for the game officials, the officials' lodging expenses shall be directly billed to the NCAA. The NCAA typically manages the officials' hotel block at the final site for our championships.

All bid-related forms can be accessed via the following website: championships.ncaa.org.

FINAL FINANCIAL REPORT

[Reference: Bylaw 31.4 in the NCAA Manual.]

A final financial report from each championship site must be submitted via the online host reporting system to the NCAA not later than 60 days after the competition.

FACILITY EVALUATION FORM

An online facility evaluation form must be completed by each institution interested in hosting preliminary-round competition.

If you submitted a facility evaluation form for this championship last year, the responses to a number of questions will auto-populate with information you submitted last year. Please verify or edit those responses as needed, and provide responses to all blank questions. Please refer to the Baseball Rules book for minimum field dimensions and specifications.

KEY CONTACTS FORM

A key contacts form must be submitted for each round of the Division III Baseball Championship. The online form is available in the host reporting system.

SAFETY AND SECURITY PLAN

Based upon a review of current and future Championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA Championships, which can be found in the "Help/Other Resources" tab in the championship host portal. We urge each competition venue to take these Best Practices into account when developing its safety and security program.

As part of your bid, please submit a safety and security plan for your venue, which would be inclusive of the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the [Best Practices document](#). This information should be submitted to Aaron King at the NCAA (aking@ncaa.org) as part of your bid to be considered for championship site selection.

Appendix C • OWP and OOWP Calculation

Opponents' Average Winning Percentage (OWP) and Opponents' Opponents' Average Winning Percentage (OOWP) Calculation Explanation

Opponents' Average Winning Percentage (OWP). Take each opponent's regular won-lost percentage against other Division III teams (excluding the results against the team in question) and average the percentages.

To Calculate. Team A Schedule is as follows:

Opponent	Record	vs. Team A	Revised Record	Revised W-L Percentage
Team B	21-7	0-1	21-6	.7778
Team C	11-15	0-1	11-14	.4400
Team D	7-20	0-1	7-19	.2692
Team E	13-13	0-1	13-12	.5200
Team F	23-6	1-0	22-6	.7857
Total			74-56 (.5692)	.5585 (OWP)

Team A's Opponents' Average Winning Percentage = .5585

Opponents' Opponents' Average Winning Percentage (OOWP). The strength of each opponents' schedule is measured by computing the opponents' winning percentage for each opponent, then averaging the percentages. This recognizes the fact that two opponents with similar won-lost records may have played far different schedules (in terms of strength of opponents).

To Calculate. Take Team B, C, D, E and F schedules and perform the same calculation as above (OWP). It is important to note that the OOWP will support the OWP (i.e., if Teams A and B have the same OWP of .5692; Team A has a OOWP of .6125 and Team B has a OOWP of .4567; it would indicate Team A has the stronger strength of schedule).

Appendix D • Umpires

1. Four umpires shall work every championship game (regionals, super regionals and finals).
2. Five umpires shall be assigned to a four-team regional.
3. Four umpires shall be assigned to a two-team regional and the super regionals.
4. If different umpires are assigned to the continuation of a suspended game, the umpiring fee will be divided equally among the officials.

The umpires must report to the tournament supervisor one hour before the game they are to work and be on the field 15 minutes before the start of the game.

An umpire shall not work more than two games in one day except in an emergency situation.

It is recommended that the host institution for regional and finals competition provide seats for nonworking umpires.

For the championship, the games committee shall select eight umpires.

Policies. A sports committee or games committee may not require membership in any specific officials association as a prerequisite for selection to officiate in an NCAA meet or tournament. All umpires will be selected by the national committee in cooperation with the national umpire coordinator, who shall ensure that officials adhere to the Association's policies relating to gambling activities and drug and alcohol use. Furthermore, officials must conduct themselves in a manner befitting intercollegiate athletics. Failure to do so may result in termination of the officiating assignment.
