REPORT OF THE NCAA
DIVISION I MEN'S BASKETBALL OVERSIGHT COMMITTEE
OCTOBER 5, 2026, VIDEOCONFERENCE

***ACTION ITEMS*.**

- **None.**

***INFORMATIONAL ITEMS*.**

1. **Outside the playing season concept discussion.** The NCAA Division I Men's Basketball Oversight Committee continued its discussion on the out-of-season concept in Division I men's basketball and specifically discussed the differences between the MBOC concept and the NCAA Division I Women's Basketball Oversight Committee (WBOC) outside the playing season concept. The oversight committee focused its discussion on the men's basketball hour limit during each week of summer access, permissible opponents for men's basketball teams while engaged in international summer competition and summer enrollment requirements for men's basketball student-athletes who are not eligible to participate in summer access competition. The oversight committee will share its final concept with the WBOC during the joint meeting on October 5. It is anticipated that the oversight committee will take action during the October 5 joint meeting to introduce a proposal into the January 2027 legislative cycle.

2. **Review NCAA Division I Proposal No. 2026-68 Athletics Eligibility -- Initial Enrollment at Midyear – Eligibility for Competition**. The committee received an update on the Division I Cabinet's action in September to modify the effective date of Proposal No. 2026-68 to August 1, 2027. The proposal would preclude student-athletes whose initial full-time enrollment occurs at a Division I institution at midyear from being eligible for competition until the following academic year if the student-athlete participates in basketball, other winter sports or golf. Further, the committee reviewed a roster lock concept as an alternative to Proposal No. 2026-68. The roster lock concept would prohibit any roster additions from the date of the team's first contest through the conclusion of the season except for student-athletes already enrolled full time when the season began. The committee supported both options but prefers the roster lock.

3. **NCAA Division I Men's Basketball Committee fall meeting primer.** Due to time constraints, the oversight committee did not discuss this agenda item.

4. **National Invitation Tournament update.** Due to time constraints, the oversight committee did not discuss this agenda item.

5. **NCAA Division I Men's Basketball Rules Subcommittee update**. The oversight committee received an update on behalf of the Division I Men's Basketball Rules Subcommittee. It was noted that the annual post-officiating clinic interpretation document will be issued following the last preseason regional officiating clinic which is scheduled to take place on October 10 in Phoenix, Arizona. It was also noted that the annual coaches video launched last week through the NCAA Learning Portal. Lastly, an interpretative

request was submitted on behalf of the rules subcommittee to NCAA Governance and Member Services for interpretive guidance as to the difference between and exhibition and scrimmage.

6. **NCAA Division I Men's Basketball Officiating update.** The oversight committee received an update on the attendance figures for three of the four completed preseason regional officiating clinics. The oversight committee also received an update on the new officiating changes for the 2027 Division I Championship adapted by the Division I Men's Basketball Committee. Finally, a review of the officiating points of emphasis was shared with the oversight committee.

7. **Identification of discussion topics for the upcoming NCAA Division I Men's and Women's Basketball Oversight Committees' joint meeting.** The oversight committee identified topics to be discussed during its next joint meeting.

8. **NCAA Division I Men's Basketball Oversight Committee August 28 meeting report.** The oversight committee approved its August 28 meeting report.

Committee Chair: *Brad Walker, America East Conference*
Staff Liaisons: *Dan Gavitt, Basketball*
Mike Hill, Men's Basketball
Charnele Kemper, Division I Governance and Member Services
Andy Supergan, Basketball Administration

NCAA Division I Men's Basketball Oversight Committee October 5, 2026, Videoconference
Attendees:
Thomas Batties II, Harvard University.
