The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries).

Section 3 • Conduct

Section 3•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Bylaws 12, 13, 14, 15, 16, 20.2.4, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Bylaws 7.3.1.5 and 18.2.1.1 in the NCAA Division II Manual and Division II Championships Committee Policy and Bylaws 31.2.1.5, 31.2.1.5.2, and 31.2.2 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 3•2 Drug Testing

As part of preparation and planning to participate in championship events, member institutions are reminded and encouraged to review all applicable policy and legislative requirements pertaining to banned substances, drug testing and related eligibility requirements with their student-athletes. Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with legislation and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 3•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 3•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition.

[Click here](#) to see the full misconduct/failure to adhere to policies and procedures online.

Section 3•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

Section 3•6 Student-Athlete Experience Survey

During the NCAA championships, the student-athlete experience is paramount. NCAA staff and hosts dedicate themselves to planning the best experiences for all involved. As part of our commitment to getting better, following the championship, participants will receive a survey to provide feedback on their experience and input on how championships

can be improved for future NCAA student-athletes. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to forward the survey to student-athletes. Additionally, this survey will be accessible via QR code found on the back of NCAA-issued championship credentials.

We also understand that sometimes certain circumstances or conditions occurring during the events may require real-time consideration. When this is the case, student-athletes may reach out to their site representative or NCAA national office staff on-site.

Section 4 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes competing at the finals site. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. For more information or to access the online form and submit a nomination, [click here](#).

Section 5 • Fan Travel

Through support from Marriott International as the Official Hotel Partner of the NCAA, NCAA championships are pleased to provide easy and affordable accommodations for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through Marriott and NCAA Travel help support NCAA student-athletes. Please direct your fans to [NCAA.com/travel](https://www.ncaa.com/travel) to search and book online hotel reservations.

Section 6 • Health and Safety

As part of preparation and planning to host and/or participate in championship events, member institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [NCAA Sport Science Institute website](#). In addition, a summary of some of the key health and safety considerations related to traveling to championship events can be found in the [NCAA's Guidance for Medical Care and Coverage for Student-Athletes at Away Events](#).

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual .]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and

GENERAL ADMINISTRATIVE GUIDELINES

2. The student-athlete's institution's official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

In order to avoid inappropriate and unnecessary participant distraction and disruption of championship events, it is expected any data collection or other research efforts conducted at or during championship events will be coordinated through the national office, with notice and a description of any research proposal to be submitted to the NCAA research staff at least six weeks before the championships event begins.

Section 9 • Travel Party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. NCAA Travel policies are updated annually and can be found online [here](#). Please reference Appendix A of the travel policies for reimbursable travel party numbers. The travel policies supersede all other documents.

Section 10 • Division III

Section 10•1 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams within a regular-season philosophy that emphasizes regional competition and minimizes missed class time; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and at-large teams.

Section 10•2 Commencement Conflicts

[Reference: Bylaw 31.1.4.5 in the NCAA Division III Manual.]

If an institution's commencement conflicts with participation in the championship, it shall inform the NCAA championship manager in writing one week before the selection date for the governing sport committee to consider an accommodation and a change to the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sport committee, in consultation with participating institutions, may reschedule the game on the nearest possible date.
- Does not apply to predetermined finals sites.
- The governing sport committee shall make a good-faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

Section 10•3 Gameday the DIII Way

Division III promotes an atmosphere that is a respectful and engaging educational environment through athletics, for everyone through Gameday the DIII Way. Gameday the DIII Way establishes an expectation for championship hosts, coaches, student-athletes and spectators to focus on the common standards of safety, responsiveness, dignity and experience while participating or attending a championship event. We ask that each participant and attendee be personally accountable for their actions and do their part to ensure this event is a positive reflection of Gameday the DIII Way.

Section 10•4 Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division III Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office before May 1 of the preceding academic year to be excused from competing on that day. The notification shall be valid for a period of two years. The championship schedule shall be adjusted to accommodate that institution, and such adjustment shall not require its team or an individual competitor to compete before the time originally scheduled.

Individual Championships. In individual championships, a student-athlete must compete according to the institution's policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the student-athlete shall compete Sunday if required by the schedule).

Schools will submit all schedule and results information to the NCAA statistics site (web1.ncaa.org/stats/StatsSrv/login), and this information will then be transferred into the score-reporting system for use by the sports committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media coordination and statistics staff. For questions regarding the reporting process, please contact Sean Straziscar at sstraziscar@ncaa.org or 317-917-6122.

Section 2•3 Selections Information

Teams will be selected for the championship by the Men's Basketball Committee. Each member of the committee serves as the chair of their respective regional advisory committee. Regional Advisory Committees (RACs) assist the national committee by evaluating teams and sites within their regions through a series of conference calls.

ALLOCATION OF BERTHS – POOLS A, B AND C

1. Pool A will be composed of the conference champions from each conference that meets the requirements for automatic qualification (NCAA Bylaw 31.3.4). Conferences that meet automatic-qualification requirements are guaranteed only one Pool A berth. After the determination of the automatic bids, the committee will determine the Pool B selections followed by the Pool C selections.
2. Pool B will be composed of independent institutions and institutions that are members of conferences that do not meet the requirements for automatic qualification.
3. Pool C is reserved for institutions from automatic-qualifying conferences that do not win their conference's automatic bid and the remaining Pool B teams.

4. Berths from Pools B and C will be selected on a national basis, using regional selection criteria. There will be no predetermined regional allocations for Pools B and C.
5. There will be no maximum or minimum number of berths from one region.
6. No conference will receive more than one automatic berth.

The Championships Committee has clarified Bylaw 31.3.4 to reflect that institutions participating in conferences that meet the automatic-qualification requirements, and are eligible to be selected to a championship via Pool A and/or Pool C, may not elect instead to be selected via Pool B as an independent institution.

IN-REGION COMPETITION

In-region competition is defined as:

1. All competition within an institution's defined region.
2. All competition within a 500-mile radius from one institution to another.
3. All competition within an institution's membership geographical region. The country is divided into four membership regions as listed below. For most institutions, this should result in a more expanded list of potential in-region opponents than in the past.

Region 1

- Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, Rhode Island, Vermont

Region 2

- New York, Pennsylvania

Region 3

- Alabama, Arkansas, Florida, Georgia, Indiana, Kentucky, Louisiana, Michigan, Mississippi, North Carolina, Ohio, Puerto Rico, South Carolina, Tennessee, Virginia, West Virginia

Region 4

- Alaska, Arizona, California, Colorado, Hawaii, Idaho, Illinois, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin, Wyoming

4. All conference games.

The NCAA Travel Expense System mileage calculator will be used to confirm distances from campus to campus using the "shortest" distance option. This program can be accessed online [here](#).

TRAVEL INFORMATION

Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online [here](#).

Section 2•4 Selection Criteria

Countable Games. Only games listed on the institution's originally submitted schedule will be considered for tournament-selection purposes. The addition of games not listed on the institution's published schedule as an aid for selection shall not be considered.

In-Region Competition. (See In-Region Competition on page 16 for definitions of in-region competition.)

Selection Requirements. To be considered during the at-large selection process (Pools B or C), an institution must play at least 70% of its competition against Division III in-region opponents, unless a waiver has been approved by the Division III Championships Committee.

Bylaw 31.3.3.1 – Countable Competition. For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

In addition, only games listed on the institution's originally submitted schedule will be considered for tournament selection purposes. The addition of games not listed on the institution's published schedule as an aid for selection shall not be considered.

PRIMARY SELECTION CRITERIA

The primary criteria emphasize competition leading up to NCAA championships; all criteria listed will be evaluated (not listed in priority order).

- Won-lost percentage against Division III opponents.
- Division III head-to-head competition.
- Results versus common Division III opponents.
- Results versus ranked Division III teams as established by the final ranking and the ranking preceding the final ranking. Conference postseason contests are included.
- Division III strength of schedule.
 - Opponents' Average Winning Percentage (OWP).
 - Opponents' Opponents' Average Winning Percentage (OOWP).
- Nullification (Bylaw 31.02.4).

Note: Contests versus provisional and reclassifying members in their third and fourth years shall count in the primary criteria. Provisional and reclassifying members shall remain ineligible for rankings and selections.

STRENGTH OF SCHEDULE CALCULATION

The strength of schedule is made up of two factors: the opponents' winning percentage (OWP) and the opponents' opponents' winning percentage (OOWP).

Opponents' Winning Percentage. Take each opponent's won-lost record against other Division III teams (excluding the results against the team in question); add all wins and all losses to get the cumulative won-lost record that is used to determine the opponents' winning percentage.

To Calculate. Team A's schedule is as follows:

Opponent	Record	vs. Team A	Wins	Losses	
Team B	21-7	1-0	20	7	
Team C	14-11	0-1	14	10	
Team D	9-14	0-1	9	13	
Team E	8-17	0-1	8	16	
Team F	19-8	1-0	18	8	
Totals:			69	54	$69 \div (69 + 54) =$.561 (OWP)

Opponents' Opponents' Winning Percentage (OOWP). The strength of each opponent's schedule is measured by taking all of their opponents' won-lost records and finding the winning percentage based on the total opponents' opponents' won-lost record. This recognizes the fact that two opponents with similar won-lost records may have played far different schedules (in terms of strength of opponents).

To Calculate. Using the total opponents' won-lost record for Teams B, C, D, E and F (Team A's opponents), perform the same calculation as the OWP.

	Opponents' Wins	Opponents' Losses	
Team B	35	75	
Team C	63	40	
Team D	55	55	
Team E	75	37	
Team F	44	60	
Totals:	272	267	$272 \div (272 + 267) =$.505 (OOWP)

It is important to note that the OOWP will support the OWP (i.e., if Teams A and C have the same OWP of .561; Team A has an OOWP of .505 and Team C has an OOWP of .456; it would indicate Team A has the stronger strength of schedule).

DIVISION III MEN'S BASKETBALL

Home/Away Multiplier. A multiplier of 1.25 shall be added to the OWP and OOWP for those games played away from home. A multiplier of 1.0 (no positive or negative effect) will be included in the OWP and OOWP for all neutral games. A multiplier of 0.75 shall be included in the OWP and OOWP for all home games.

Strength of Schedule Calculation. To calculate the strength of schedule, add two-thirds of the OWP to one-third of the OOWP. Team A's strength of schedule calculation is as follows:

	Value	Weight	SOS Value
OWP	.561	.667	.374
OOWP	.505	.333	.168
	Strength of Schedule		.542

SECONDARY SELECTION CRITERIA

If the evaluation of the primary criteria does not result in a decision, the secondary criteria will be reviewed. All the criteria listed will be evaluated (not listed in priority order). The secondary criteria introduce results against all other opponents from other classifications (i.e., provisionals, NAIA, NCAA Divisions I and II).

- Non-Division III won-lost percentage;
- Results versus common non-Division III opponents; and
- Division III non-conference strength-of-schedule.

Additionally, input is provided by regional advisory committees for consideration by the Men's Basketball Committee.

PAIRINGS AND SITE SELECTION

Once automatic qualifiers are identified and the Pool B and C teams are selected, the following criteria will be used for pairing and site selection:

- Once selected, teams shall be grouped in clusters according to natural geographic proximity. Teams shall then be paired according to geographic proximity. A team may be moved to numerically balance the bracket if geographic proximity is maintained. Teams shall be paired and eligible according to geographic proximity (within 500 miles). An exception may be granted when there are not enough teams within the 500-mile radius to fill the region;
- Teams may be seeded on a regional basis using the regional-selection criteria. However, geographic proximity shall take precedent over seeding;
- Teams from the same conference shall not play one another in the first round as long as geographic proximity is maintained; and
- The highest-seeded team that meets all selection criteria shall be selected as the host institution, provided geographic proximity is maintained.

It is the intent of the committee to create competitive brackets with a maximum of eight teams competing in each bracket. Flights will be kept to a minimum. The host institution will play the second game when applicable.

The higher-ranked team will be listed at the top of the competition bracket. The top team on the bracket is the designated home team and will wear the light-colored uniform in contrast with the visiting team's dark uniform.

Section 2.5 Site Selection

Any institution interested in hosting preliminary round competition of the Division III Men's Basketball Championship must submit a proposed budget, respond to sport-specific questions, and ensure the institution's key contacts and facility information are up to date via the Championships Bid and Host Profile portal. To submit a bid, first search for the desired championship under "championships available for bid" and select "add bid."

Member institutions are able to regularly and easily access their profiles [here](#). For profile issues, user access or to reset a password, please email championshipbid@ncaa.org.

The Championships Committee has prioritized the following site-selection criteria for all championships:

1. Complete bid;
2. Quality and availability of the facility and other necessary accommodations;
3. Geographical location (which may include such factors as rotation of sites, weather, accessibility and transportation costs);
4. Seeding; and
5. Attendance history, hosting history and revenue potential, which shall be considered necessary to assure fiscal responsibility.

In addition, the Men's Basketball Committee requires the host to record all competition at its site and provide a digital copy of each game to each non-host team. The committee prefers sites that will not be hosting conflicting events during the championship competition. Sites will also be evaluated on the availability of appropriate practice times for all competing teams. To host first-round, second-round, or sectional contests, a regulation court as defined in the 2023-24 NCAA Men's Basketball Rules and Interpretations must be used. To host sectional competition, the committee requires the arena to seat at least 1,000 spectators. Please also review the host operations manual for a detailed list of facility requirements.

CHAMPIONSHIPS BID AND HOST PORTAL PROFILE

The Championships Bid and Profile System can be accessed at championships.ncaa.org. The deadline to submit all bid materials for this championship is Feb. 16, 2024.

As a reminder, prospective hosts' budgets should include committee/site representative's lodging expense, game officials' lodging expense, state and city taxes/fees, if applicable, and any ticket fees. Committee/site representative's per diem, mileage and luggage fees will now be paid by the NCAA instead of the host institution. Game officials will be reimbursed via the ArbiterPay system for their game fees, per diem, mileage and luggage fees.

FACILITY PROFILE

Institutions interested in hosting preliminary round competition of the Division III Men's Basketball Championship must add (or ensure accuracy of) facility information for the applicable competition venue. This information is located [here](#). Any supporting information (e.g., facility diagram, pictures) may be uploaded and attached to that facility's profile. This information will be made available to the sport committee to aid in its deliberations of prospective host sites. All facilities must comply with NCAA Men's Basketball Rules.

KEY CONTACTS

Each institution should list and then maintain its key contacts associated with each sport and the institution. Individuals can be added via the Championships Bid and Host Profile portal [here](#).

SAFETY AND SECURITY PLAN

Based on a review of current and future championships competition venues, discussions with safety and security experts, and its own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA championships. We urge each competition venue to take these Best Practices into account when developing its safety and security program. As part of your bid, please submit a safety and security plan for your venue, which would be inclusive of the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the Best Practices document.

The best practices for venue safety and security, along with the safety and security contact form, are located [here](#).

FINAL FINANCIAL REPORT

A final financial report from each championship site must be submitted via the Championships Bid and Host Profile portal under the "budget" tab not later than 60 days after the event.

CONTACT INFORMATION

If you have any questions regarding the bid process, please contact the championship manager at 317-270-3527 or email us at championshipbid@ncaa.org.
