

2019-20 NCAA Division I Men's Basketball <u>Regular</u> Season Media Timeout Format (Rule 5-14.10)

- 1. Each team has three 30-second timeouts per regulation game, two of which may be carried over to the second half.
- 2. Each team has one 60-second timeout, which may be used at any time during the game.
- 3. The electronic media agreement determines the number and media marks for electronic media timeouts (e.g., 15-, 10-, and 5- minute marks or 16-, 12-, 8-, and 4-minute marks).
- 4. The electronic media timeouts will occur at the first dead ball at or after any of the above minute marks when the game clock is stopped.
- 5. The first timeout requested (charged) by either team in the <u>second</u> half (regardless of the time on the clock) shall become the length of a timeout called for under the electronic media timeout.
- 6. When one of the following occurs that creates a dead ball, that dead ball will become the scheduled electronic media timeout:
 - a. A timeout is granted with 30 seconds or less before any of the media marks, or
 - b. An official elects to use instant replay with 30 seconds or less before any of the media marks, or
 - c. Either a or b above creates the first dead ball after one of the media marks.
 - (Exception: See #5 above.)
- 7. In addition to carrying over any unused timeouts into any overtime period, each team shall receive one additional 30-second timeout for each overtime period but not until the period begins.

The following examples are for schools/conferences that use the 16-, 12-, 8-, 4-minute timeout format.

Example No. 1 – First team-called timeout occurs at 17:30 of the **first half**. (This is either a 30- or 60-second charged timeout).

| Scenario | Action |
|--|--|
| 15:55 – Team-called timeout or officials stop game | Charged timeout except for instant replay; becomes |
| for instant replay | the 16-minute media timeout |
| 12:05 – Team-called timeout or officials stop game | Charged timeout except for instant replay; becomes |
| for instant replay | the 12-minute media timeout |
| 11:59 – Dead ball occurs after team took a timeout | Not a media timeout |
| from 12:30-12:00 | |

<u>Example No. 2 – First team-called timeout occurs at 16:45 of the **second half**. (This is a charged timeout that becomes the length of a media timeout because it is the first team-called timeout of the second half.)</u>

| Scenario | Action |
|---|--|
| 15:55 – First dead ball occurs at or under 16:00 | 16-minute media timeout |
| 12:05 – Team calls a timeout or officials stop game | Charged timeout except for instant replay; becomes |
| for instant replay | the 12-minute media timeout |
| 11:59 – Dead ball occurs after team took a timeout | Not a media timeout |
| from 12:30-12:00 | |

Example No. 3 – The first dead ball occurs at or below 15:59 of the **second half**. (This becomes the under 16-minute media timeout.)

| Scenario | Action |
|--|---|
| 11:45 – First team-called timeout of second half or officials stop game for instant replay | Charged timeout except for instant replay and length of the media timeout because it is the first team- |
| 1 5 | called timeout of the second half |
| 10:05 – Team calls a timeout or officials stop game | Charged timeout except for instant replay; becomes |
| for instant replay, and this is the first dead | the 12-minute media timeout |
| ball at or under 12:00 (after the first team- | |
| called T.O.) | |
| 7:45 – Team calls a timeout or officials stop game for | Charged timeout except for instant replay; becomes |
| instant replay and this is the first dead ball at | the 8-minute media timeout |
| or under 8:00 | |
