

## 2023-24 Men's Basketball Rules - Survey Results

### Methods

- This was a survey of head coaches, directors of athletics, conference commissioners, Division I conference MBB administrators, media, conference coordinators of officials and officials. The purpose was to assess the impact of previous rules changes and to gather feedback on possible future rules changes.
- The survey was designed to take no more than 10-minutes and was administered online through the QuestionPro survey software.
- The survey was open from March 1 to April 10, 2024.
- The survey was distributed via email to 3877 coaches, officials, DI MBB administrators, media and conference coordinators of officials. The link to the survey was made available through an online survey dashboard designed for athletics directors and conference commissioners to provide rules feedback during the 2023-24 academic year. A notice about the use of the survey dashboard was emailed to all athletics directors and conference commissioners prior to the survey launch. A follow-up email was sent to those who received the survey via email and a notice about survey dashboard availability appeared in the *NCAA Weekly* each Monday while the survey was open. Of the 5,058 possible participants, there were 1439 completed surveys (28 percent response rate).
