

2024-25 Men's Basketball Rules - Survey Results

Methods

- This was a survey of head coaches, directors of athletics, conference commissioners, senior woman administrators, Division I conference MBB administrators, conference coordinators of officials and game officials. The purpose was to assess the impact of rules changes, if rules were correctly adjudicated and possible rules changes.
- The survey was designed to take no more than 10 minutes and was administered online through the Qualtrics survey software.
- The survey was open from March 12 to April 13, 2025.
- The survey was distributed via email to 3,970 coaches, officials, DI MBB administrators and conference coordinators of officials. The link to the survey was made available through an online survey dashboard designed for athletics directors and conference commissioners to provide rules feedback during the 2024-25 academic year. A notice about the use of the survey dashboard was emailed to all athletics directors and conference commissioners prior to the survey launch. A follow-up email was sent to those who received the survey via email and a notice about survey dashboard availability appeared in the *NCAA Weekly* each Monday while the survey was open. Of the 5,153 possible participants, there were 769 completed surveys (15 percent response rate).
