INTRODUCTION

This manual outlines the responsibilities of an institution/conference hosting this round of an NCAA championship. It is essential that each host institution/conference staff become familiar with the information and policies included in this manual.

The NCAA considers this hosting opportunity a partnership between the host institution/conference, competition site, committee and the NCAA. The primary objective of each individual involved in the administration of the championship shall be to provide a memorable championship experience for each participating student-athlete, coach, institutional staff member and championship attendee.

DEFINITIONS

Championship: Postseason competition conducted by the NCAA in a particular sport, in which eligible student-athletes and teams of active member institutions compete to determine the division champion (or National Collegiate champion in sports that do not have a separate division championship) in that sport.

Governing Sports Committee: The NCAA membership committee responsible for developing policies and procedures governing the administration and conduct of the championship under its jurisdiction, subject to the approval of the applicable division's governance structure and the requirements, standards and conditions prescribed by NCAA Bylaw 31.

Host Institution/Conference: An active NCAA member institution and/or conference selected to serve as host for a championship. The host shall administer the finances of an NCAA championship in accordance with the institutional/conference championship budget, as submitted during the selection process and approved by the governing sports committee.

Local Organizing Committee: A local organization formed in the city where a member institution/conference proposes to host an NCAA championship, to provide to the NCAA services and assistance in connection with the various activities related to the championship. The host institution/conference must be a part of the leadership of the local organizing committee.

NCAA Championships Manager: The staff member(s) representing the NCAA championships and alliances staff assigned to serve as administrator(s) for a championship.

ROLE OF NCAA

The NCAA championships and alliances staff, working in conjunction with the NCAA sport committees and other NCAA partners, will lead the planning efforts, management and execution of all NCAA championships and events. The NCAA will oversee all aspects of the championship and its related activities, including facility operations and space allocations, hotel accommodations, media and team operations, hospitality functions and social events, in venue entertainment, fan and sponsor events, broadcast programming, youth events, as well as many other aspects.

The NCAA will work closely with the host institution/conference, competition venue and local organizing committee to ensure that the championship provides a positive and rewarding experience for student-athletes and fans.

ROLE OF GOVERNING SPORT COMMITTEE

The NCAA's core purpose, values and envisioned future provide the framework for all actions in the committee's administration of the championship and its stewardship of the game. Within the framework and spirit of its charge, the governing sport committee will balance the principle of student-athlete well-being with its efforts to maximize exposure for intercollegiate athletics and revenues from the championship through policies and activities that are subject to the final authority of the NCAA Division I Board of Directors.

Section 1 • Alcoholic Beverages and Tobacco Products

ALCOHOLIC BEVERAGES

Beer, wine and prepackaged/premixed beverages (in the latter case, with alcohol by volume of not greater than 15%, such as most hard seltzers) may be sold and dispensed at NCAA Division I and National Collegiate championship and ancillary events, provided that the host, venue and/or concessionaire:

- Comply with, and certifies in writing the compliance with, the NCAA Championship and Ancillary Event Alcohol Sales Policy, as amended by the NCAA from time to time, which addresses such matters as:
 - Permissible types of alcoholic beverages;
 - Eligibility for the sale and distribution of alcoholic beverages;
 - Indemnity, warranty and insurance obligations; and
 - Verification.
- Agree to (i) keep and maintain, or cause its designated vendor or concessionaire to keep and maintain, complete and accurate records of all (a) alcohol-related incidents (e.g., expulsions, arrests) and (b) sales transactions related to the sale of concessions at the NCAA Championship and related ancillary events, including gross revenue, cost of goods, allocable overhead, and applicable taxes; (ii) no later than sixty (60) days after the conclusion of the event, provide the NCAA with a report setting forth in reasonable detail such information, together with the corresponding dates of transaction, including (a) alcohol-related revenue generated on each day of the event, (b) the direct cost of selling alcohol at the event (including the cost of goods), and (c) the indirect cost of selling alcohol at the event (including overhead and increased security needs at the event venue site); and (iii) permit the books, records, and accounts of host, venue and vendor/concessionaire pertaining to the sale of concessions at the event to be inspected, audited, and copied by NCAA or its agents at any time during normal business hours upon giving reasonable notice to host, venue and vendor/concessionaire.
- Agree to pay the NCAA an amount of twenty percent (20%) of the gross revenue generated from the sale of alcohol during the event (and any approved ancillary events), less the pro rata applicable sales tax and credit card fees (without deduction of any operating, costs of goods, indirect, or other expenses, such as overhead, marketing, fulfillment, general and administrative, interest, or other expenses), with such agreement to be reflected in a written agreement between the NCAA and the applicable parties (host, venue and/or concessionaire) executed prior to, or simultaneously with, the NCAA's official selection of the host for the applicable championship.
- Following the championship conclusion, provide the NCAA with certain information regarding the concessions activity—including gross sales, direct costs, and applicable taxes—for food, non-alcoholic beverages and alcoholic beverages sold during the event.
- Execute, as part of the bid submission, the applicable policy and agreement documents maintained in the NCAA Championships Bid Portal.

General

The NCAA shall determine in its sole discretion whether alcohol will be sold or distributed at the ancillary events.

The venue, LOC/host and/or caterer shall be responsible for any permits unless otherwise directed by the NCAA.

Promotional items (e.g., cups, shakers, flags, signs) with commercial slogans or identification or other unauthorized markings are not permitted inside the practice, competition and/or ancillary event venue(s), inside surrounding areas/facilities that are to be used, or outside on practice, competition and/or ancillary event venue property unless expressly approved in advance by the NCAA. Items such as newspapers, handbills, flyers, memorabilia, T-shirts, caps, etc., (except products sold or authorized by the NCAA or its vendors) may not be distributed on these premises. Demographic or other studies may not be conducted unless approved in advance by the NCAA.

An economic impact study can be executed at an NCAA championship to examine the effect of the championship(s) on the local economy. In some cases, the NCAA will conduct an on-site study and will provide the data to the host once the study is completed. In other cases, the NCAA will support the hosts' efforts to execute a study. This can be done using the hosts' own approach/tools or the NCAA's Economic Impact Study "In-a-Box" tool."

TOBACCO PRODUCTS

Tobacco products shall not be advertised, sold or dispensed at any championship event sponsored by or administered by the NCAA. Smoking is not permitted anywhere in the venue.

Section 2 • Americans with Disabilities Act

The Americans with Disabilities Act, Title III prohibits private places of public accommodation (e.g., sports arenas) from discriminating against individuals with disabilities. The host institution/conference is required to confirm that each facility in which an NCAA championship or ancillary event occurs is in compliance with the ADA. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

If the host institution/conference receives a request for an accommodation, which may require input from the NCAA, the host institution/conference shall immediately notify the NCAA national office staff member with responsibility for the event in order to address the request.

Section 3 • Awards

CHAMPIONSHIP AWARDS PRESENTATION ENHANCEMENT TEMPLATE

To celebrate and enhance the student-athlete experience at the championship site, the NCAA will work with the local organizing committee to implement a unique and fun way to recognize the champion(s) at the end of competition during the awards. These enhancements should help increase the excitement of the awards presentation and the level of championship branding exposure in photos for student-athlete's memories when looking back on their experience.

When considering what enhancements could work at your championship site, please consider your site and playing surface, whether your championship is indoor or outdoor and weather elements could be a factor, how many teams or individual student-athletes you may have participating in the awards presentation and your budget.

In most cases, enhanced staging and unique signage opportunities are great options for both indoor and outdoor sports. These items can be freestanding or attached to another item easily. Other ideas to consider would be logo cut outs, confetti, streamers, pyrotechnics/fireworks, a short video recap of championship performance(s), champion(s) or coach interview, utilizing pep bands or using an emcee or notable sport representative (i.e., Olympic Medalist) for the presentation.

These items can be covered through the operations budget, as well as the local organizing committee budget. The NCAA has preapproved artwork with pricing available. If you need assistance with ideas or ordering the preapproved items, please contact Nathan Arkins at 317-966-6790 or narkins@ncaa.org. Otherwise, please work directly with your primary signage contact at the NCAA on overall ideas, approvals, production and implementation with the operations staff.

CHAMPIONSHIP AWARDS

The NCAA shall provide all awards for participation in an NCAA championship. The championship manager will provide a manifest of the awards being shipped to your site. You should inventory each box and award ensuring the appropriate quantity and label for the event.

The championship manager will also describe how the awards will be distributed during the championship event.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

Preliminary Rounds

No awards are provided for the First Rounds of Division I Outdoor Track and Field.

Finals

MTM, Inc., the NCAA national office awards supplier, will send official NCAA awards to the tournament manager approximately two weeks prior to the championship. When the awards arrive the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

ELITE SCHOLAR-ATHLETE AWARD PRESENTATION

The NCAA Elite Scholar-Athlete award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships. Award winners must meet certain criteria including being a sophomore or above, participating in their sport for at least two years at their school, being an active member of their team, and being a designated member of the squad size at their championship. The member institution is responsible for submitting its student-athlete who has the highest GPA and meets all other requirements. The NCAA championships and alliances staff and the NCAA academic and membership

affairs staff will determine the winner of this award for each championship and provide the name of the recipient to the NCAA championships manager as well as the local host shortly before the championship begins. The winner's name should not be released to the public until after they are publicly recognized. If appropriate, the championships manager can share the information with the coach of the winning student-athlete to make sure of that person's attendance. However, they should not inform the student-athlete. Olivia Baumhoer or a member of the NCAA media coordination staff will typically send a template of a release and the logo to the sports information director of the winner's institution the morning of the announcement to allow them time to prepare. In addition, the information will be given to the NCAA social media staff in order for them to prepare a graphic which will post shortly after the announcement.

Each championship should provide an appropriate forum to adequately recognize and celebrate this award winner among their peers and fans of the championship. In addition, information about this award winner may be included in local press releases about the championship and in public address and/or video board announcements during the championship.

Award Presentation

When determining the most appropriate time to present the Elite Scholar-Athlete award, the NCAA and host staff should evaluate the time and venue that will create the greatest impact and amount of exposure for the award winner while also appropriately honoring and celebrating their accomplishments. The presentation should be semiformal in nature and not be rushed or overshadowed by other presentations or events surrounding it. The award winner should be visible, the announcement clearly audible and the award presentation should receive the full attention and respect of all of those in attendance. The standard award script is listed below:

At this time, we would like to present the Elite Scholar-Athlete award. This award was instituted to recognize the true essence of the student-athlete by honoring the individual who has reached the-pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The Elite Scholar-Athlete is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships.

The recipient of the Elite Scholar-Athlete award for Division X (sport) with a GPA of XXXX in (major, is student-athlete and institution).

Presentation at the Student-Athlete Banquet

This award has traditionally been presented at the student-athlete banquet for most NCAA championships. In many cases the student-athlete banquet provides the best forum for the award presentation and greatest exposure for the winner as it is the one time when all championship participants and administrators are gathered in one place with a controlled, semiformal environment complete with a sound system and set program. Presenting at the student-athlete banquet also alleviates any potential conflicts with the winning student-athlete's participation in or preparation for an NCAA championship event. Guidelines for presentation of this award at the student-athlete banquet are:

- The award should be presented by either the banquet emcee, the NCAA committee chair or the NCAA championships manager.
- The award should be presented near the end of the program and be clearly recognizable as the premier award being given (see student-athlete banquet page for sample run of show).
- The award should be presented after attendees have had a chance to finish their meals.
- If video screens are available, the video slide or footage of the winning student-athlete provided by Van Wagner may be run as the individual is introduced.
- The coach of the winning student-athlete should be informed to help assure the winner's attendance.
- If a photographer is at the student-athlete banquet or championship, a photo of the recipient receiving the award should be taken. This may be used in-venue during competition days to showcase the academic achievement of the student-athlete or provided to the student-athlete as a memento. The host sports information director should arrange to provide the winner's SID with a copy of the photo.
- If the award winner is recognized primarily at the student-athlete banquet, public address and video board announcements should be made whenever possible and applicable at the actual championship for additional exposure to fans who do not have access to the banquet.

In-Venue Presentation

The NCAA and host staffs are encouraged to look for opportunities for the Elite Scholar-Athlete award winner to be presented their award in the championship venue during a time when most participants and fans are in attendance. While this may not be appropriate for championships that are spread out over multiple venues, large areas, or have multiple games in one day that disperses the crowd chronologically – it should be explored for championships in which the majority of fans are gathered during a predetermined time frame and can provide their undivided attention to the award presentation. The presentation must also not conflict in any way with the student-athlete's participation or preparation for the championship. Examples could be:

- In a championship with two semifinals played on one day, the award winner could be recognized during the semifinal in which they are not participating.
- If the award winner is not participating or completes competition in the championship rounds of a sport but is still in attendance, they may be recognized during breaks between events, weight classes, heats or during a scheduled break in the game.
- The award winner could be recognized during a scheduled opening or closing ceremony in which all participating student-athletes are in attendance and fans are encouraged to attend.

Other In-Venue Recognition

If the Elite Scholar-Athlete award winner is not introduced live inside of the competition venue, public address and/or video board announcements recognizing the winner should be played during the championship to recognize this individual. Van Wagner will provide the following standard PA announcement sometimes accompanied by a video board slide. The championships manager (or Branding and Fan Experience representative at Equity and Growth championships) will need to provide Van Wagner the name of the winning individual and a headshot photo if a video board is used for the championship.

The Elite Scholar-Athlete, an award founded by the NCAA, recognizes the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships.

The recipient of the Elite Scholar-Athlete award for the 2026 NCAA Division I Outdoor Track and Field Championships, with a cumulative grade-point average of (list GPA) in (list Major of Study), is (list winner and school: *Jane Doe of State University*).

Press Release

On the day of/or prior to the winner of the Elite Scholar-Athlete award being publicly recognized, the NCAA media coordination staff will send out a template of a standard press release to the sports information director of the winner's institution and to the NCAA championships administrator. For selected championships, a press release will be written by a member of the communications or media coordination staff and be provided to national media by the NCAA public relations. If appropriate, this press release may also be provided to the host for distribution to local media.

Social Media

The NCAA X account (formerly known as Twitter) will promote the winners after the on-site announcement has been made. Olivia Baumhoer will work with the social media staff to make sure they have the appropriate information, including photo to make the graphic and the timing of when to post.

- Host or NCAA Championships manager should ensure a photo of the presentation is taken and emailed to socialmedia@ncaa.org

For more information on the Elite Scholar-Athlete award winners, log on to ncaa.org/elitescholarathlete.

PARTICIPATION

Preliminary Rounds

Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA preliminary-round competition the same experience, **mementos will NOT be permitted at preliminary rounds.**

Finals

Participation awards are permissible (one per participant) as long as they meet the conditions outlined in Bylaws 16.1.4.2 and 16.1.4.3 and **are provided by the NCAA selected student-athlete participation awards licensee.** The NCAA championships and alliances group will be responsible for selecting the participation awards that will be provided. All participant awards will be distributed at the site of the championship(s). Hosts should work with the championship manager on award logistics.

Section 4 • Bands/Spirit Squad and Mascots

Realizing that band/spirit squads and mascots are not commonplace at cross country meets, hosts should apply the general principles below based on interest from participating institutions.

Admission. A maximum of 30 band members plus the director, 12 uniformed spirit squad members plus the sponsor, and one costumed mascot will be admitted free of charge via a gate list. **Live animal mascots are not permitted.** The institution may purchase additional tickets for band members; however, no more than 30 will be permitted to play.

Artificial Noisemakers. No air horns or artificial noisemakers are allowed, and electronic effects and bands may not play when the meet is in progress.

Designated Areas. Bands, spirit squads and mascots must remain in an area designated by the meet director with the approval of the committee. Use barriers to designate the boundaries for spirit squad.

Electronic Amplification. Full bands are not permitted to use electronic amplification. Small (10 members or fewer) bands are permitted to use reasonable electronic amplification. The host institution should be prepared to assist with accommodations.

National Anthem. The national anthem will be sung or played approximately 10 minutes prior to the start of the first of the two races.

Location. Place bands so as not to interfere with spectators, photographers or participants, subject to the approval of the committee liaisons.

Warm-Up Tapes. No warm-up tapes are permissible. Only band(s) and electronic scoreboard music will be used. The host institution will select from the NCAA list of approved music and administer the music.

Section 5 • Banquets

First Rounds. Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA competition the same experience, **banquets will NOT be permitted at the first round.**

Finals. A banquet is NOT held at the Division I Outdoor Track and Field Championships.

Section 6 • Broadcasting/Internet

Please see the NCAA Broadcast and Digital Policies, located on the NCAA website at ncaa.com/broadcast.

Section 7 • Championship Presentation/Fan Engagement

BRANDING

Ancillary Events

The NCAA prohibits host institutions/conferences from conducting special ancillary entertainment activities for fans in conjunction with the championship. Should another entity (e.g., convention and visitor's bureau) elect to stage such activities, the following policies shall apply:

- All plans must be approved in advance by the NCAA.
- NCAA marks, logos, name or references to the championship or tickets may not be used.
- No activity connected with the championship may be sponsored by an entity that is not an NCAA Corporate Champion/Corporate Partner (CC/P).
- Such an activity may not take place on property controlled by the competition venue.

No entity may contact NCAA CC/Ps directly. All such contact shall be directed through the NCAA staff.

Logos

The NCAA owns and controls all rights and interests in its name, logo, seal, trademarks and service marks. Use of these marks is prohibited without advance written approval by the NCAA. Host institutions/conferences should review information outlined in NCAA Bylaw 31.6.1. Only official NCAA Corporate Champions/Partners (CC/Ps) and licensees are permitted to use NCAA marks and logos in commercial advertising and promotions, unless written approval is provided by NCAA Marketing. All and any proposed commercial advertising and promotions, if not by a CC/Ps, must be reviewed by NCAA Marketing staff prior to approval and production.

Game Presentation

NCAA championship host are required to utilize NCAA provided public address announcer scripts, run-of-shows and video board content. Host and participating team messaging or video board content is not allowed. This includes promotion of upcoming events at the championship site, recognitions, and sponsorships. Any enhancements that you would like to propose for the event must be approved in advance by the championship manager.

Public Address and Text Board Scripts

The public address announcer scripts allow game management/game presentation to keep the flow of the championship moving through the communication of important information to those in attendance. Communicate with your NCAA championship manager to secure a timing sheet, PA script and run of show for the event you are hosting.

Video Boards

The NCAA will provide video board content to sites that have such capabilities. The video board content is important to the overall championship experience for student-athletes and those in attendance. Please work directly with your NCAA championship liaison to identify if there is a Van Wagner producer assigned to you (final sites) or if content should be downloaded from the Van Wagner box site directly (preliminary rounds).

Questions related to video board content logistics should be directed to:

Brandon Anthony - Senior Producer
Van Wagner
Telephone: 925-354-5721
Email: fbowen@vanwagner.com

IN-VENUE ENTERTAINMENT

NCAA championship hosts are encouraged to explore in-venue entertainment options during the championship to keep fans engaged, excited and to enhance the atmosphere for both the fans and student-athletes. Various potential areas

of in-venue entertainment and the guidelines associated with them are discussed below. Please discuss any forms of in-venue entertainment you would recommend with your NCAA staff point person for approval.

Break in Action Contests or Promotions

Hosts should consider continuing regular season halftime/quarter break/timeout contests and promotions or creating new, unbiased or nonsponsored versions of these promotions to use during NCAA championships. Entertainment can also include local performance groups or youth scrimmages. Guidelines and ideas for consideration:

- Must not include any commercial recognition (unless approved/provided by an NCAA corporate champion, partner or official equipment supplier and signed off by a member of the NCAA Corporate Relations staff).
- Must be appropriate and in good taste.
- Must fit safely within given time constraints with no chance of interfering with the competition.
- Must not negatively impact the championship playing surface in anyway.
- No links or resemblance to gambling.
- Participants must be randomly selected.
- No bias toward or against any participating team.
- Campus and venue rules must be considered when developing the contest or promotion.
- NCAA championship merchandise purchased by the host (e.g., extra volunteer apparel, committee or contributor gifts, items or certificates purchased from Event 1) make good prizes for these contests as prizes with commercial recognition would not be permitted.

National Anthem Singers

Hosts are encouraged to explore their resources to bring in local, regional or even nationally recognized celebrities or groups to sing the national anthem (e.g., state beauty pageant winners, recording artists with strong local ties, famous local choir groups or bands). Guidelines and ideas for consideration:

- Local groups or personal contacts who could provide this service at no cost are recommended.
- No bias toward or against any participating team (e.g., performers should not wear the apparel of a participating team).
- A brief description and “thank you” for the performing group or individual may be incorporated into the script, but no commercial recognition, sponsorship, sales or recruitment messages should be included.
- Anthem should take two minutes or less to perform, however please build extra time into the script for introduction and placement of the color guard (if applicable), and introduction/applause for the performer.

Enhanced Team Introductions

Examples of this could include using special music or video introductions provided by each team, smoke machines or on-field fireworks, inflatable tunnels, youth athletes forming a tunnel or holding hands with student-athletes as they are introduced, local or school bands playing, etc. Guidelines and ideas for consideration:

- Must be appropriate and in good taste.
- Must fit safely within given time constraints with no chance of interfering with the competition.
- No bias toward or against any participating team and should be equally executed for all participating teams.
- Should be discussed with the NCAA point person in advance.

Musical Entertainment

Participating school bands will be scheduled into the overall championship presentation when they are available. When they are not, the host institution marching band, other school bands or local bands may be appropriate for entertainment during pregame, halftime or other breaks in the action or for greeting fans in the stadium entrance or other congregating area.

Affiliated Award Recognitions

If appropriate, national award winners for the given sport who are in attendance but not competing at the time of the scheduled recognition may be awarded on field during NCAA championships (e.g., Elite Scholar-Athlete award winner, coaches' association player of the year winner, coach of the year). Please consult with the NCAA point person to determine appropriateness.

Military Involvement

Military involvement in NCAA championships may include national anthem performances (military singer, instrumentalist or band), color guard, band performances of patriotic songs, fly-overs, parachute teams, precision drill teams, etc. Please work with the NCAA CR and In-Venue team to finalize military involvement, as some elements may be influenced by partnership agreements. *Please see Military Involvement below for full description and guidelines.*

MILITARY INVOLVEMENT

The NCAA is supportive of inviting the military to participate at NCAA championships if their involvement enhances the championship experience for student-athletes and fans while at the same time honoring the military in an appropriate and unobtrusive manner. At many NCAA championships, local or national military groups have been arranged by the host to perform pregame, during halftime or other breaks in the action. These performances have included, but are not limited to, national anthem performances (military singer, instrumentalist or band), color guard, presentation of large flags, fly-overs, parachute teams, precision drill teams, eagle releases, reunions of troops returning from overseas with their families, honorary recognitions, etc. Please discuss any forms of military involvement which you would recommend with your NCAA staff point person who would in turn discuss with the NCAA Corporate Relations and Game Presentation teams as some elements may be influenced by partnership agreements.

Guidelines

- Involvement from military groups often requires substantial government paperwork. Fly-overs and parachute jumps will also require FAA approval to be handled by the host. Please allow adequate lead team to coordinate.
- Host connections with local military bases will be most cost-effective in arranging military involvement.
- No messages about military recruitment should be incorporated into on-field performances.
- General messages paying tribute to all military personnel and thanking the particular military unit which has performed are encouraged (e.g., “Let’s give a big round of applause for tonight’s performance from the United States Air Force Heartland of America Band... and for all of the American military service personnel who they proudly represent.”).
- Request for any type of presence on-site (e.g., booth space, interactive elements, inflatables, giveaway items or space within an NCAA fan festival) is not permitted unless discussed with your NCAA point person who would in turn discuss with the NCAA corporate relationships team.
- Campus and venue rules must be considered when developing the presentation.
- Please discuss with your NCAA point person if providing complimentary access to watch the championship before or after their presentation is appropriate and possible.
- All performing or volunteering military groups should be provided complimentary access to watch the championship before or after their presentation if possible. Please discuss this with your NCAA point person.
- When several military groups are in attendance and recognized during one game/session of a multiday championship, you may want to consider a theme night “Military Appreciation Day/Night.” This should be discussed with your NCAA point person. Marketing should also be involved if you do a theme night.

STUDENT-ATHLETE BANQUET

A banquet is not held at any round of the Division I Outdoor Track and Field Championships.

Section 8 • Commercialism/Contributors

SPACE REQUIREMENTS

Activation of Corporate Champion and Corporate Partner Program. The NCAA may request/require that certain areas of the competition site be made available for use by NCAA Corporate Champions or Corporate Partners (CC/Ps) for the purpose of marketing/promotional events/activities. If such requests are made, the host institution will provide requested space or similar accommodations.

Local Organizing Committee Hospitality. If approved by the NCAA, the Local Organizing Committee (LOC) has the option to host specified events during the championship. Commercial identification of any kind at any LOC function is prohibited unless specifically approved by the NCAA. The NCAA must approve all uses of NCAA logos, names, or other graphics (including school logos). The LOC shall submit detailed proposals (e.g., location, date, time, food and beverage, entertainment, budget), to the NCAA for review and approval at least 60 days in advance of the event. Any such events conducted are conducted at the LOC's expense.

Other Functions. To enhance the experience for participating institutions, fans, and alumni during NCAA championships, the NCAA (in conjunction with a third-party agency) may facilitate an official hospitality program in or outside of the competition site.

PREMIUMS GUIDELINES

Competition Venue shall provide to the NCAA a set of guidelines, similar to those outlined below, that identify items that are not permitted in the venue no fewer than 120 days prior to the first NCAA championship related event. The NCAA will then utilize and share that information with its NCAA Corporate Champions and Corporate Partners.

Laser Pointers. Laser pointers of any kind are not allowed.

Noisemakers. Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc., are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility. Megaphones may be used for voice amplification, but they shall not be used as a distraction.

Promotional Items. Promotional items (e.g., cups, shakers, flags) with commercial slogans or identification, other than those from NCAA Corporate Champions and Partners, are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, T-shirts, caps, etc., except products sold/distributed by the NCAA or its agents, may not be distributed on the premises.

Signs, Flags, Banners. Large signs, flags or banners are not permissible. It is the facility personnel's responsibility to confiscate all prohibited articles. Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.

Video Camera/Still Camera Policies. Ticketed patrons shall not bring video equipment into the facility on game days. Still cameras with a lens no longer than four inches are permissible on any day.

NCAA CORPORATE CHAMPION AND CORPORATE PARTNER PROGRAM

The NCAA Corporate Champions and Corporate Partners Program (i.e., corporate sponsors of the NCAA), managed by the NCAA along with TNT Sports and CBS Sports, authorizes the exclusive rights to license NCAA trademarks, tickets and taglines in commercial promotions with respect to the NCAA championships.

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all 90 NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

LOCAL CONTRIBUTOR PROGRAM

Currently, local non-CCP corporate entities are not permitted to utilize the NCAA's registered marks, logos, tickets, name or references to the championship in a promotional/commercial manner. If a host institution/conference has an interest in using value-in-kind contributors, the contributor plan must be approved in advance by the NCAA Corporate Relations staff. The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).

Local contributors may only be referred to as "local contributors of the LOC." Local contributors may not use the word "official," "official sponsor of" or "corporate champion/partner" in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and/or additional digital advertisement space. In being recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.

Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relations staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.

NCAA TRADEMARKS

NOTE: These general guidelines do not include merchandise designs. All product designs must be submitted through the NCAA's licensing program administered by The Collegiate Licensing Company. Inquiries should be directed to the NCAA licensing staff. [Click here for more information about the NCAA licensing program.](#)

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. Downloads of NCAA logos may be obtained through the [NCAA Digital Library](#).
3. The NCAA's position on inclusion of ® and ™ marks is first and most prominent use.

The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.

In the case of NCAA Women's Final Four, an ® is required after NCAA and after Women's Final Four. The NCAA owns "NCAA" and "Women's Final Four", but "NCAA Women's Final Four" is not a registered mark in itself: NCAA® Women's Final Four®.

To further expand, if the NCAA primary logo, which displays the registered mark, is used in a prominent position; NCAA Women's Final Four would require an R-ball only after the Four because the NCAA has already been identified as a registered mark. NCAA Women's Final Four®.

4. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as "N-C-two-A" or in any other fashion.
5. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4, F4).
6. There may be no registration of or use of NCAA marks within internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: **memberx.edu/ncaa**.

Identification of Commercially Named Venues on NCAA Materials

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).
- The logo of a commercially named venue cannot be used on any materials bearing NCAA logos or trademarks.
- The venue's name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.

NCAA Logo Use by Commercially Named Venues

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.
- The one-time logo use is limited to the site's "home web page" or "event web page."
- The NCAA logo must be placed in a location on the venue's web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially named venue). [This is because NCAA Corporate Champions/Corporate Partners and WBD/CBS have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue's or the website's advertisers/sponsors may be used on the home/event web page even with the NCAA's championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page).
- The venue is not permitted to claim to be "the home," a host or co-host of any session of the NCAA championship.
- The logo provided by the NCAA championship staff cannot be modified in any way.
- ALL uses of NCAA logos must be submitted to the NCAA staff for approval.

NCAA Trademarked Protection Language

NCAA trademarks benefit from consistent "source identification" to the public through basic legal language attributing ownership.

The legal statement should be used on "printed" materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.

- Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).
- Printed items that are produced to be "used" by other business entities/organizations including NCAA members and host institutions.
- Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters).

DIVISION I OUTDOOR TRACK & FIELD

The NCAA requires protection language as outlined below. This does not have to be prominently displayed language and is expected to be included as some form of “mouse print.”

The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Ali Narracci at anarracci@ncaa.org or 317-790-7596.

For blue disc and/or secondary (word) mark, please use:

- NCAA is a trademark of the National Collegiate Athletic Association.

For blue disc/secondary marks plus another NCAA trademark, please use (for example):

- NCAA and March Madness are trademarks of the National Collegiate Athletic Association.
- NCAA, NCAA Sweet Sixteen and Road to the Final Four are trademarks of the National Collegiate Athletic Association.

For blue disc/secondary marks plus another NCAA trademark used with other authorized business entities, please use (for example):

- The NCAA, March Madness, Men's Final Four and Women's Final Four are trademarks owned by the National Collegiate Athletic Association. All other licenses or trademarks are property of their respective holders.

NCAA Licensed Trademarks

College World Series and Women's College World Series: The NCAA is the exclusive licensee of these marks, registered by Major League Baseball, in connection with the NCAA Division I Men's Baseball Championship and the Division I Women's Softball Championship.

All other licenses or trademarks are property of their respective holders.

OFFICIAL CHAMPIONSHIPS/LICENSEES AND SUPPLIERS

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA's Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA marks, brackets, taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

ADVERTISING/SIGNS/“LOOK AND DÉCOR”

- a. **Advertising/Banners/Signs/Displays.** The host shall not permit advertising, marketing identification, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the general public seating/viewing area of the competition, practice and/or ancillary event venue(s) (i.e., any place that can be seen from the playing surface or seats), including the scoreboard and the playing surface prior to or during the conduct of the championships, other than NCAA, media partner or NCAA corporate champion/partner branding/recognition (e.g., signage, banners, scoreboards, LED scorer's table, video board, ribbon board, PA announcements) approved by the NCAA. Any permanently affixed (or previously leased) advertising banners, signs, cup holders, select equipment bearing corporate marks (e.g., TVs, computer monitors, stats monitors or displays), product/exhibit displays (e.g., car displays, branding exhibits/kiosks) shall be covered with décor elements or other NCAA directed elements by the competition, practice and/or ancillary event venue(s) and at the expense of the venue(s) as specified by the NCAA,

including costs of production and installation and strike. Similarly, for any surrounding areas/facilities that are to be used by the NCAA for official events, no advertising, marketing, identification, banners, signs, decals, sampling, distribution or displays of any kind shall be hung, posted or displayed anywhere within those areas unless authorized by the NCAA. All professional signage/marks/pennants/banners/retired numbers/etc. may continue to be displayed. NCAA staff representatives have the discretion, during their site visit or when on-site in advance of the tournament, to have the building staff remove a sign/banner. Collegiate championship banners or those with retired numbers of collegiate performers can remain. All usage of marks must follow NCAA brand guidelines and must be approved by NCAA staff in advance.

- b. **Alcohol/Tobacco/Gambling.** All alcohol, tobacco and gambling advertisements/corporate identification within broadcast view or viewable by game attendees in the competition venue bowl must be covered at the expense of the host or venue. Any alcohol advertising that is deemed by the NCAA as not viewable from within the bowl does not need to be covered, whether in the concourse or in ancillary venues; tobacco or gambling advertising in the concourse must be covered. All other advertisements/corporate identification in the noted areas must, at a minimum, not be backlit unless otherwise authorized by the NCAA. This would apply to preliminary rounds and the championship rounds for all the NCAA's 90 championships.
- c. **External Signs.** All exterior venue corporate signage, other than professional franchise identification, must be covered as specified by the NCAA and must be covered with décor elements as specified by the NCAA at the expense of the competition, practice and/or ancillary event venue(s).
- d. **Commercially Named Venues.** Commercially named competition, practice and/or ancillary event venue(s) may display no more than two preexisting interior signs consisting only of the competition, practice and/or ancillary event venue(s)' name at the top of the venue, with placement designated by the NCAA. The competition, practice and ancillary event venue(s) signage design and placement must be approved by the NCAA. If the commercially named competition, practice and/or ancillary event venue(s) is an existing NCAA Corporate Champion or Corporate Partner, the NCAA, in its sole discretion, may allow additional branding of the commercially named venue(s).
- e. **Covering Existing Signage/Product Branding.** In regard to any signage that is to be covered in accordance with these bid specifications, the practice, competition and/or ancillary event venue(s) shall not limit or prohibit the ability of the NCAA to use signage or other elements of its own third-party designees in covering such existing signage/product branding.
- f. **NCAA Corporate Champion and Partner Branding/Recognition.** The NCAA shall have the right to display branding/recognition (e.g., signage, banners, scorer's table, video board, ribbon board, PA announcements, inflatables, projections, kiosks, decals, window clings, lighting, street teams, logos) for the Association, its corporate champions and partners and media partners inside and outside of the competition, practice and/or ancillary event venue(s). These locations, include but are not limited to the concourse, within the competition bowl and venue exterior without limitation.
- g. The NCAA shall provide the competition venue with the appropriate stickers/field stencils for the approved playing surface markings for the championship.
- h. If facility approves, patrons are permitted to bring in small signs (signs which can easily be held by one person and cannot block the view of anyone seated around them), as long as any writing or slogans on them are in good taste. In addition, it is permissible for patrons to bring in non-noise-making items (in compliance with NCAA and facility premium guidelines) as long as they do not include any (non-CCP) commercial identification.
- i. At no charge, the NCAA will have full access to, and control of, any and all LED and other digital signage inventory, both internal and external to the competition venue. This includes TV monitors, video screens, video walls, LED fascia, and all external signage, digital or otherwise. This includes any and all digital inventory to be made available at the time of the championship, inclusive of any inventory that may be added by the venue after this bid document is signed.

Section 9 • Critical Incident Response/Emergency Plan

The NCAA has established a Safety and Security Advisory Group (SSAG) to develop Best Practices for all NCAA championships. The SSAG developed these Best Practices based on a review of current and future championships competition venues, discussions with safety and security experts, and their own experience and knowledge. All hosts and competition venues are strongly encouraged to refer to the Best Practices located [here](#) when developing a safety and security program.

The suggestions outlined in Best Practices for Venue Safety and Security are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security program.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety program for the competition venue hosting an NCAA championship. Rather, facility managers and local public safety personnel should consider the current national threat level, nature of specific threats and the full range of resources available when responding to changes in the threat condition levels.

Please submit your final safety and security plan, which would be inclusive of the NCAA Championships Safety and Security Team Contact Information form. Items must be submitted once the opportunity to host has been awarded.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

Preparation. The competition site liaison and NCAA staff will review with the local law-enforcement agencies their procedures for circumstances requiring emergency evacuation of the competition site or interruption of the meet. Competition site management is reminded of its responsibility to provide sufficient security and/or law-enforcement personnel to ensure that access to the competition and surrounding areas is restricted to participants and credentialed individuals.

Each host will be asked to provide the following:

- Develop contact lists.
 - NCAA.
 - Local authorities and critical incident response team.
- Review emergency protocol prior to the start of the event.
- Identify chain of authority.
 - Incident Commander (second in command).
 - Decision-making personnel/team.
- Identify incident command center.
- Identify incident communication plan.
- Review evacuation plan – Review plan with competition site manager.

- Review emergency response plan for typical emergencies.
- Review emergency response plan for national disasters.
- Review emergency response plan for terrorists' actions.

In the event of a critical incident, contact the NCAA championships administrator immediately before any decisions are made.

Interruption of the Meet. The officials and games committee have the authority to interrupt competition. If necessary, the remaining schedule will be adjusted by the games committee. The committee should review the following procedures for interruption of a meet:

- Field of Play. Assure that the competition in action is accurately recorded.
- Officials. Assure that the officials know the exact situation when competition was halted.
- Student-Athletes and Coaches. Participants await instruction from meet management.

Power Source/Public Address. Competition site management should protect the power source and the public-address system. If an alternate public-address location is available (i.e., away from the competition area) it should be used so communication is not interrupted.

Responsibility. Competition site security and/or law-enforcement personnel will be responsible for the restoration of order in the event unauthorized individuals occupy the competition area or if the meet is otherwise disrupted. The NCAA suggests that law-enforcement personnel attempt to communicate with the leaders of the group occupying the competition area (if applicable) to ascertain whether the situation can be rectified in the short term. Under no circumstances are student-athletes, coaches, officials or NCAA representatives to become involved in the removal of such persons.

Communication. A senior member of the competition site management and the senior law-enforcement officer at the site must proceed immediately to meet headquarters with means of portable communication to and from other competition site staff and security officers. The public-address announcer should keep spectators informed of the conditions, if possible. Participants and meet officials must be kept informed throughout the delay.

Meeting. The committee chair, NCAA staff and meet-management staff (competition site manager, meet management liaison and senior law-enforcement officer) should assemble immediately in meet headquarters to assess the situation.

Normal Conditions. The committee will determine when conditions have returned to normal.

Resumption of Competition. As soon as possible, competition will be resumed from the point of suspension. The games committee will determine the revised schedule. If possible, the meet should be resumed in the primary competition site. If necessary, the games committee has the authority to limit attendance to credentialed individuals, other individuals designated by each institution's director of athletics and required competition site operations personnel. Also, the games committee has the authority to reschedule the meet or session in a nearby competition site (e.g., on campus or elsewhere in the city), provided the alternate competition site meets the provisions of NCAA competition rules.

Spokesperson. The committee chair or his or her designee, working with the competition site management, the NCAA and, when appropriate, city, county, state and federal law-enforcement agencies, will serve as spokesperson in the event of an emergency.

Inclement Weather. Hosts should have inclement weather procedures (i.e., snow removal process) in place before the championships. Inclement weather plans should be sent to the NCAA site representative or committee for review prior to the meet. See appendix for severe weather policy.

Section 10 • Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

Comprehensive drug testing details for hosts can be found at the following link: NCAA Drug Testing Program - ncaa.org.

Section 11 • Facility, Equipment and Space Requirements

Competition Equipment. The NCAA, as part of its agreement with Gill Athletics, Inc. will provide the competition equipment for the finals and limited quantity for the First round. If the host has preexisting equipment from Gill, equipment items will be supplied on an as-needed basis. Gill will contact the host regarding delivery and storage of equipment in advance of the championships. In addition, volunteers and appropriate equipment should be available to assist Gill in equipment load-in and load-out. Please contact your NCAA sport administrator or Gill contact, Mike Cunningham (217-898-3038 or mcunningham@gillathletics.com). Please see the Appendix for a listing of equipment.

Relay cards and protest forms. These will be provided by the NCAA. The NCAA staff will send these materials to the meet director at least one week prior to the start of championships competition.

Bib and Hip Numbers. The NCAA will purchase bibs, safety pins and hip numbers for all participating student-athletes. Bib numbers for both the front and back of student-athlete uniforms, as well as both hips, will be ordered. For the final site, front bibs with names will be ordered. Dimensions for the bib numbers will be as follows:

- Front Bibs - 7.5" x 5.75"
- Back Bibs - 9" x 7"

The quantities of bibs, safety pins and hip numbers will be determined by NCAA staff.

Radios. The meet director of the finals site should provide the NCAA staff with 12 handheld radios and earpieces (not headsets) to use throughout the competition.

Telephones. Telephone communication must be available for radio and television (if applicable).

Video Screens. If electronic video replay screens are available, they may be used at the facility's expense. Hosts must consult with the NCAA representative(s) before replaying any performances under review by the meet officials. Video screens may not display advertising. The NCAA will provide video screen content through NCAA partner Van Wagner Sports Entertainment (VWSE).

Concessions. Food and beverage prices shall be no higher than similar events or primary tenants in the facility.

Vending. No food, beverage or merchandise, of any nature, may be vended or dispensed in the seating areas, except before the meet begins. During competition, selling is restricted to the concourse and established selling locations.

Facility Use. The facility shall be reserved for the exclusive use of the NCAA beginning at 8 a.m. two days before the competition through the day following the last day of scheduled competition in case of inclement weather. All space shall be available, and the facility set up no later than 1½ hours prior to the beginning of the first practice session.

Locker Rooms. Since not all schools have access to locker rooms during the conduct of the NCAA championships, host institutions may not be in the locker rooms less than 1 hour before the start of competition each day (first daily event listed on the competition schedule), and they may not return to using team locker rooms until after the completion of competition each day. This is inclusive of student-athlete lounges or other areas on-site that are not available to ALL participating student-athletes. Failure to abide by this policy will subject the institution to possible misconduct and risk possible future awarding of a championship event.

NCAA SPACE REQUIREMENTS

Clerking Area. Clerking should occur outside of but immediately adjacent to the competition track area.

Assign at least one staff member in the clerking area to assist with the issuing of competitor hip numbers, and checking in relay teams.

Clerk and staff should verify that manufacturer logos on appropriate apparel does not exceed NCAA rules. Make sure the clerks are familiar with the restrictions in the rules book and receive a copy of the last minute notes sheet.

DIVISION I OUTDOOR TRACK & FIELD

Entrances. Entrances must be staffed by an adequate number of persons. Signage should be posted to clearly identify all entrances (i.e., media and student-athlete).

Student-Athlete Guest Entrance. A gate must be identified to admit patrons holding student-athlete guest tickets.

Team Personnel Entrance. An entrance must be identified for all student-athletes and coaches.

Media Areas. The areas used for the media workroom and the mixed zone should be in close proximity to one another in order to facilitate the media's work and access for coaches and student-athletes.

Workroom. The media workroom should be equipped with an adequate number of telephones, electrical outlets and other necessary supplies. NCAA logos should be displayed appropriately.

Refreshment Area. A refreshment area should be set up adjacent to or in the media workroom to accommodate the working press throughout competition. Only NCAA, supplied product and/or generic drinking cups (devoid of commercial identification) should be used in the refreshment area.

Mixed Zone. The mixed zone should be "dressed" appropriately to reflect the prestige of the event by (a) placing NCAA championship signage and logos on the walls and (b) using draping on tables and other areas as necessary.

Backdrop (prechampionship press conference) (Finals Only). The NCAA will provide a back drop with the NCAA logos to be hung behind the podium.

Access/Security. A security officer should be stationed outside the media workroom and mixed zone to check credentials; this individual should be instructed that only credentialed individuals may enter the area. Meet officials specifically are prohibited from this area.

NCAA Committee/Games Committee Work Area (Finals Only). Space should be large enough to accommodate 20 people comfortably. This area needs to be in immediate proximity to the competition area and allow for full viewing of the competition. Accommodations should be made to have a private space for meet referees and games committee members to meet as necessary.

A tentative committee schedule (a finalized schedule will be provided) is as follows:

Sunday	Outdoor Track and Field Subcommittee chair, chair, and NCAA staff arrive.
Monday	Committee meeting space needed from 8 a.m.–6 p.m.
Wednesday-Saturday	See manual for space needed at track.

Committee meeting space should be at the headquarters hotel or other agreed-upon space by the host and championship manager. There should not be a charge for the use of this space. The host should submit the food proposal with cost to the championship manager for approval.

Equipment/supplies needed for this space are as follows:

- Wireless Internet for all committee members. Also provide power strips for notebook computers. Wireless passwords should be provided to committee members at time of arrival.
- Twenty chairs with plenty of table space.
- Projector and screen

Student-Athlete Warmup. A warmup area within or adjacent to the competition venue (near the clerking area) should be set up for participating student-athletes. Sections of track surface, along with hurdles, steeple chase barriers and starting blocks, should be provided in the warmup area.

Photo Boxes. Specified areas should be identified to designate photographer's boxes.

Track and Field Event Areas. Ensure that track and field event areas have been set up according to specifications in the NCAA rules book. (Included in this would be all starting lines and staggers).

Develop a diagram of the facility as it will be configured for all competitive events and coaches viewing areas. Diagram must include areas for the games committee, drug testing, athletic training, media, protest table, clerking, coaching boxes and warmup. This diagram should be submitted to the NCAA championship manager by March 1.

Additionally, by Jan. 1, you must provide a written statement from track surveyor that the track has exact measurements; all markings are correct, takeoff and landing areas are level, etc.

Protest Table. Table should be in immediate proximity to the field of play and easily accessible by coaches. One 6-foot table and four chairs are required. The protest table shall be staffed by a qualified official selected by the host institution and be in close proximity to the video review station.

Neutrality. Host institutions should keep in mind that an NCAA event is not a home event. Neutrality is important; therefore, such items as the use of student-athletes on programs and host institutional signage should not be used to create a "home" atmosphere. Traditional premeet or between-meet activities are not permissible (e.g. tossing items to the crowd, permitting mascots to lead "trains" through the stands).

Official Data and Timing Operations Center. The operations center should accommodate the data and timing personnel along with space for related equipment.

Location. The data and timing personnel must be seated close to the finish line and elevated in a press box or similar structure.

Signage. No ornamentation or signage is allowed along or under the operations center. The operations center should be limited to key personnel, with no access to spectators.

Parking. There should be enough parking spaces adjacent to the facility for the committee/site representatives, meet officials, NCAA staff (finals), timing company and media. In addition, designate an area for team buses to drop off and pick up passengers. Parking for all these groups including teams, must be provided free of charge. Any cost associated with securing adequate parking is not reimbursable and is an expense responsibility of the host entity.

Designated media parking is preferred, but the host must make the decision to designate space. If media parking is limited, "carpools" should be encouraged to permit the greatest use of the parking area. It is the responsibility of the media coordinator to design and print parking passes, if necessary.

SIGNAGE

Banners Inside Facility. The following banners are permissible inside the facility:

- ESPN banners (two). (If televised.)
- NCAA radio banners (one). (*These may be used to cover non permissible signage.*)
- NCAA basic signage and approved and or created signage by the NCAA.

Covering. The facility shall not permit any advertising banners, signs or displays of any kind to be hung, posted or displayed anywhere within the competition area, including the video board, during the championship session or practices, other than NCAA, ESPN and radio banners, as specified by the NCAA. No local /school radio banners are allowed.

Institutional Signage. Championships banners may remain if permanent (not hung seasonally). If temporary and hung on a seasonal basis, they must be taken down.

Directional Signs. Directional signs should be posted in all areas used by the participants and the media.

Video Boards and Electronic Messages. No electronic board advertising of any kind or messages promoting non-NCAA events in the facility may be displayed during practice or competition. The following kinds of messages are permissible: announcements of results from other NCAA competition; reminders that NCAA merchandise and concessions are on sale; or any public-services announcements or promotional messages specifically provided by the NCAA. The NCAA will provide programming upon request.

Basic Signage. The NCAA will provide the host with a basic signage package that will be communicated to the host on the key contact list. Additionally, the NCAA will work with the host to identify directional and décor' signage that would be needed for a national championship event.

TIMING AND RACE FINISH

The NCAA will hire the crew responsible for timing. Please see the current NCAA Cross Country and Track & Field Rules book for procedures regarding the timing of the meet. Additional guidelines are as follows:

Timing Devices. Two independent FAT timing devices with uninterrupted power source back-up must be used. The primary system must be digital photo-finish, such as that manufactured by Finish Lynx, with two cameras located on opposite sides (ends) of the finish line. One camera must be designated as the official camera prior to the first running event. The second camera will be used to break ties, where possible, in conjunction with the official camera. The second independent video system should be used in case the primary (official) system fails.

A third system must be on-site should permanent failure of either device occur, mandating its replacement. An experienced FAT reader (preferably USATF certified) familiar with the system being used, should be used to read the pictures on the computer terminal. The reader will indicate what place and time each participant has recorded. It is preferred that an assistant FAT specialist captures each race and assists the reader, if necessary, in reading the pictures. The photo from the primary camera will be the only photo read, unless the second camera photo is necessary to break a tie or determine the proper place order. It is preferred that the same individual read all photos during the competition. Once the results have been recorded, the FAT reader will transmit the results to the committee, or its representative. When it is determined that there are no disqualifications, this representative will release the result to the host SID for distribution to: (a) the announcer; (b) the SID results person; (c) post a set in a predesignated posting area; (d) the NCAA committee; and (e) the awards custodian. In addition, the representative will provide the committee oversight to insure the correct next round seeding.

Lap Counters. Lap counter(s) shall be appointed by the host officials coordinator to notify each competitor of the number of laps that still need to be completed. Adequate lap counters must be provided to accurately count laps for all runners in distance races, by recording the times over each lap for the athletes for whom they are responsible, and relay legs. The lap counter(s) shall confirm to the head umpire, through an appropriate reporting method, that all competitors have completed the prescribed number of laps. The start of the final lap of the event leader shall be signaled by the firing of a pistol or the ringing of a bell. All subsequent competitors shall be notified of their final lap or leg. The head umpire is required to instruct, supervise and receive reports from those appointed to serve as lap counters.

All photos (official and unofficial), records of time (FAT and manual) and records of finish must be retained until July 1 following the championships.

Reporting Results. Hosts should be sure to do the following as it relates to results flow and distribution:

1. Formulate a flow plan to distribute all results to the announcer, the NCAA committee, award stand, media area, and protest area and post a copy for coaches' review.
2. Following each day of competition, results and heat sheets for next day's competition must be available at an announced location and time - one per coach. Note: These cannot be sold or given to the public. See information on program sales and opportunities to include heat sheets/results.
3. Final meet results should be available to coaches within an hour after the conclusion of the final event at a designated area.
4. The times for preliminary races will not be posted electronically until the start of the last preliminary race in that event. Only in the finals may a running time be electronically posted during the race. Note: The posting of preliminary-round times electronically is allowed between heats.

VIDEOTAPING

Institutions are permitted to videotape championships competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and one person, and may videotape only that portion of the competition in which it participates. The team representative is not permitted to have an assistant during filming/videotaping. Filming/videotaping areas will not be reserved for participating teams.

The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site.

Please also refer to the NCAA Broadcast Manual policies and guidelines located at ncaa.com/broadcast.

Noncommercial Usage. Films or videotapes of any of the events at the championships procured by any participating institution, whether filmed or videotaped by the institution or received from NCAA Productions, may be performed freely for the institution's own noncommercial purposes (not including television broadcast), but only with the advance written consent of the NCAA, may they be performed, reproduced or distributed for television purposes or other commercial purposes.

Section 12 • Financial Administration

AUDIT

Sites will be randomly selected for financial and box office audits following the championship.

The NCAA will make every effort to notify sites selected for audits within 30 days after the approval of financial reports, but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the documentation requested could include: box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets supporting all expenses; general ledger; bank statements; check copies and reconciliations; competition venue rental agreement; and any other documentation should support all information reported on the host financial report. In addition, overages between budgeted and actual numbers will be reviewed.

APPROVAL OF THE BUDGET

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. The proposed budget must be submitted and approved by the NCAA prior to the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the given championship.

The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of tickets to the given championship for sales made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA's not for profit status under 501(c)3 of the Internal Revenue Code. Additionally, certain championships may be required to provide an outside letter of attestation speaking to their tax status provided by an outside CPA/accounting firm.

FINANCIAL REPORT

Host institutions must complete the online financial report, which includes accurately reporting all revenues and expense, and must include payment of the amount due to the NCAA, within 60 days after the final date of competition at the site (if applicable). An automated email will be generated notifying the host of the final, approved settlement payable/receivable amount. Remittance of any amount due to the NCAA should be made to the NCAA upon approval of the financial report by the NCAA staff and receipt of the automated email noted above. If requested, the host may be required to provide all supporting documentation to validate the revenues and expenses of their site. As a best practice, hosts are encouraged to upload all appropriate receipts, ticket audits and other supporting documentation to their host report on the "Summary" tab as documentation supporting each line of their revenue and expense figures.

Financial reports showing net receipts are not considered complete until payment is received at the national office. Institutions that fail to meet the 60-day reporting period will be assessed the following penalties: 60-90 days past due (25% reduction in honorarium), 91-120 days (50% reduction in honorarium) and 121 days or more (100% reduction in honorarium). If the financial report results in the NCAA paying the host, the NCAA will make its best effort to reimburse the host within 5 business days of the report being approved by the NCAA finance and accounting department.

DRUG TESTING EXPENSES

The budget for drug testing expenses should only be completed and returned to Drug Free Sport if the host has been notified that drug testing will occur. The drug-testing budget and expenses are separate from the financial report form. The drug-testing budget form is an appendix in the [drug testing manual](#) (ncaa.org/Student-Athlete Programs/Health and Safety).

PARTICIPANTS

The NCAA will reimburse the competing institutions for transportation and per diem expenses in accordance with the NCAA travel policies. Once the championship is completed, participating institutions should submit reimbursement through the [Travel Expense System \(TES\)](#) within 45 days of the competition. Please note that if you host a championship, the submission of per diem and/or transportation reimbursement is in addition to the host budgeting and approval process defined above.

SITE REPRESENTATIVES

The NCAA representative's hotel room and tax shall be paid (via direct bill) by the host institution and submitted on the financial report. All other expenses (i.e., per diem, travel) will be paid directly by the NCAA.

TRANSPORTATION

Transportation. The NCAA shall pay for the rental of cars for a predetermined number of meet officials and the NCAA committee representative(s). The championships staff will approve the individual to get a rental car and the individual will need to call Short's Travel to book.

Local Transportation for Teams. For team sports, eligible for reimbursable ground transportation, must arrange ground transportation through Short's Travel. Individual sports, eligible for reimbursable ground transportation receive mileage reimbursement in accordance with the travel policy.

Air Transportation for Teams. If a school is eligible for air transportation, all air travel must be booked through Short's Travel.

Hotel Room Block for Predetermined Sites. If at an NCAA predetermined championship site, On Location will assist with the management of those hotel room blocks.

NCAA Championship Travel Policies

Section 13 • Health & Safety Considerations

As part of preparation and planning to host and/or participate in championship events, member Institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance with event staff and personnel including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care, consulting with institutional legal, medical and risk management personnel as necessary. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [NCAA Sport Science Institute website](#). A nonexhaustive list of some of the key health and safety considerations is provided below. More detailed information on each of these topics can be found in the [Interassociation Recommendations: Preventing Catastrophic Injury and Death in Collegiate Athletes](#), the [NCAA's Guidance for Medical Care and Coverage for Student-Athletes at Away Events](#) and the [NCAA Sports Medicine Handbook](#).

- Blood-Borne Pathogens and Other Biohazards.
- Catastrophic Incidents and Emergency Action Plans.
- Cleaning and Disinfection.
- Inclement Weather, Air Quality and Other Environmental Considerations.
- Independent Medical Care.
- Medical Facilities.
- Medical Disqualification, Removal and Return to Activities.
- Medical Staff: Resources, Communications, Training and Responsibilities.
- Medical Supplies and Equipment.
- Medical Treatment (including for, among others, the following emergency conditions):
 - Asthma.
 - Burners (Brachial Plexus Injuries).
 - Cardiac Emergencies.
 - Cervical Spine Injuries.
 - Concussion and Traumatic Brain Injury.
 - Diabetic Emergency.
 - Head and Neck Injury.
 - Heat Illness and Heat Stroke.
 - Hypothermia.
 - Mental Health Emergencies.
 - Rhabdomyolysis.
 - Sickle Cell and Other Exertional and Nonexertional Collapse.
 - Skin Infections.
- Prescription Medications, Banned Substances and Drug Testing.
- Protective Gear and Equipment.
- Sexual Violence.
- Visiting Team Care and Coverage.

In addition, and as a supplement to the legislative and policy requirements and related guidance described above, the following health and safety considerations and expectations will also apply to all championship events.

Ambulance Service

Planned access to an ambulance shall be provided by the championship host. If it is determined that an ambulance should be provided on site, the championship host shall obtain the ambulance service and the incurred cost is reimbursable by the NCAA. Any ambulance used must be equipped in accordance with all applicable government regulations and industry medical and safety standards.

Coaches, Officials, Event Staff and Spectators

Host institutions should consult as necessary with applicable institutional legal, medical and risk management personnel to determine and appropriately plan for the management of emergency and other health and safety incidents involving individuals other than student-athletes that may occur at the championship event or venue.

Medical Staff Credentials and Access

Travel party credentials for participating institutions will include credentials for medical personnel; provided it is the responsibility of the participating institution to include medical personnel in their normal credential numbers. Institutions may include medical staff beyond travel party limits provided they pay for the additional numbers with institutional funds. Competition site access can be secured by acquiring session tickets through purchase or an institutional pass list.

Any medical staff traveling with participating teams will have access to their team participants with the assistance of host medical staff, should an injury occur. If medical staff are not to be seated with the team during any championship event for any reason, they should communicate to host medical staff their seat locations and host medical staff should be prepared to provide all participant medical staff with the necessary credentials to access and provide necessary escort to the team locker room or athletic training room in the event of an emergency. Typically, an access point from the stands supervised by security will allow access by medical personnel to student-athletes.

Portable Immersion Tubs

Portable immersion tubs (hot or cold) are permitted at championship events only where use is a component of an established emergency or other health and safety plan and managed under the direction of sports medicine staff, an athletic trainer or physician in accordance with all applicable institutional and government health regulations and requirements.

Section 14 • Hydration Product

POWERADE

Equipment Information

The NCAA will provide certain championships relevant equipment (sideline hydration product, Sideline hydration equipment, etc.) on a sport-by-sport basis that must be used in all championship activity. The purpose of the product and equipment is to hydrate student-athletes for competition. Each championship will receive information from the NCAA pertaining to any product and equipment that will be provided. Following the championships, each host site will be required to provide the NCAA with a completed inventory sheet (template provided by the NCAA) and pictures for proof of performance.

Cups, Coolers and Water Bottles

Drinking cups, water coolers, ice chests, cooler carts and water bottles should be provided for each scheduled practice or competition of any round of an NCAA championship. Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. Only cups, cans, coolers or water bottles may be used during championships that are provided by the NCAA. If applicable, the host may retain the coolers, cooler carts and ice chests after the competition. Reoccurring host sites are strongly encouraged to use the same equipment the following year unless otherwise notified by the NCAA. Participating teams may retain the water bottles and bottle carriers after the competition.

Hydration Program

Coca-Cola will provide a bottled water product (e.g., Dasani), POWERADE powder, and when applicable, POWERADE in bottles. Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice in the NCAA-provided equipment. Equipment carrying any branding other than POWERADE, however, will not be permitted on the sidelines during NCAA championships.

If a championship also receives POWERADE-branded squeeze bottles, they should be provided to student-athletes. Non-POWERADE-branded squeeze bottles brought by teams/student-athletes will not be allowed.

If the host must provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite).

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonics) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Use of NCAA-Provided Coolers from Previous Years

The host may use previously supplied equipment from the NCAA, specifically POWERADE equipment with approval from the NCAA; however, unless approved by the NCAA (which is often possible), they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

If you have any questions regarding any of this information, please contact Jeff Mlynski (317-917-6503; jmlynski@ncaa.org).

Preliminary-Round Sites NOT Receiving POWERADE-Branded Equipment and Product

The host institution may use items other than POWERADE-branded equipment. These items, however, must not display any commercial marks (e.g., logos and graphics of commercial products such as Gatorade), or such marks must be covered completely (this requirement applies on the sidelines and in competition areas, media areas or any other back-of-house areas).

If the host must provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite). Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice; however, equipment carrying any branding other than POWERADE, as referenced above, must be absent of any commercial marks.

Section 15 • Insurance

LIABILITY

If event is held on-campus:

Host institution must maintain and provide proof of at least \$1 million of Commercial General Liability (CGL) insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol or food-borne illness. Certificate must be submitted to NCAA prior to competition. State institutions subject to state governing tort laws are permitted to provide proof of limited liability under state laws instead of CGL coverage. (This is the minimum requirement per NCAA bylaws).

If event is held off-campus:

Host institution must maintain and provide proof of at least \$1 million of Commercial General Liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol or food-borne illness. Certificate must be submitted to NCAA prior to competition. State institutions subject to state governing tort laws are permitted to provide proof of limited liability under state laws instead of CGL coverage. (This is the minimum requirement per NCAA bylaws).

Venue must maintain and provide a minimum of \$1 million in Commercial General Liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol or food-borne illness. NCAA must be named as an additional insured.

NOTE: All insurance must be provided by an insurance company with an A.M. Best Rating of A-, VII or higher.

Section 16 • Lodging

For select individual-team sports, the NCAA will secure risk-free hotel accommodations with favorable concessions and contract terms on the participating teams and individuals' behalf at the final site for outdoor track and field. Teams are encouraged but not required to use NCAA-secured hotels.

As the first-round sites for outdoor track and field the host should secure attrition free and risk free courtesy blocks for participating institutions. However, teams may stay wherever they would like and are responsible for making their own lodging arrangements.

MERCHANDISING

The hotel understands that the NCAA exclusively will have first right of refusal to sell products licensed by the NCAA for merchandising at the selected hotels. If the NCAA executes this right, the hotel agrees to provide space in its lobby, tables, electricity, dedicated phone line and a secure storage location for such sales at no charge to the NCAA merchandising agent. The NCAA guarantees that the merchandise will be displayed in a neat, professional manner.

In return, the NCAA merchandising agent will pay to the hotel a percentage of the net sales from the hotel location. Net sales are defined as gross sales minus sales tax and credit card fees. The percentage rate will be a predetermined, nonnegotiable rate included in the contract between the two parties, except as specified in the following sections.

Section 17 • Marketing

CONTACTS

The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held to sell tickets and drive attendance. It is the primary responsibility of the marketing contact to work closely with the NCAA championships marketing contact to create and implement the championship marketing plan. While many host institutions may have a marketing contact in the athletics department, this individual may also be from the local organizing committee, convention and visitor's bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the key contact portion of the Championships Bid Portal.

EXPECTATIONS

- Know the marketing budget. The NCAA championship tournament manager on your campus or the NCAA championship manager can communicate your marketing budget.
- Develop marketing goals. The primary focus should be driving ticket sales and attendance at the championship by developing inclusive promotion and awareness opportunities and utilizing diverse targeting strategies.
- Map out the time frame to market the championship.
- Determine how to best use the marketing materials provided by the NCAA.
- Establish grassroots initiatives to implement in your local and regional communities by creating and promoting messaging that resonates with people of all race, sex, class, national origin, creed, education background, religion, gender identity, disability, gender expression, geographical location, income, marital status, parental status, sexual orientation and which appeals to diverse communities.
- Explore opportunities with traditional media (print, radio and television) in your area.
- Track marketing efforts and analyze results postchampionship to share with your NCAA marketing contact.

MARKETING PLAN

Host institutions/conferences shall establish a marketing plan in coordination with the NCAA championships marketing contact. The marketing should reflect the host's commitment to creating an environment where all guests feel welcome and see themselves represented throughout the championship experience. All marketing plans, marketing budgets and collateral must be approved by the NCAA championships marketing contact prior to implementation.

MARKETING COLLATERAL

NCAA Marketing Portal. The NCAA Marketing Portal is a comprehensive tool designed to help hosts create marketing products which will generate awareness, drive ticket sales and promote attendance at championship events. The [NCAA Marketing Portal](http://ncaachampspromotion.com) can be accessed at ncaachampspromotion.com.

Championship hosts should customize and download all necessary artwork to promote the championship from the website. Hosts should utilize imagery from the artwork provided, produce the items locally and obtain reimbursement for production costs, up to the reimbursable allocation provided for the championship round you are hosting.

Each NCAA Championships host marketing contact and tournament manager will receive an email with the marketing website address, username and password. Please contact [ncaachamps\(promotions@ncaa.org](mailto:ncaachamps(promotions@ncaa.org)) if you are unable to locate this information.

NOTE: A limited number of Division I predetermined hosts will create all marketing collateral by coordinating directly with the NCAA Championship Marketing contact; they will not have access to the NCAA Marketing Portal.

Television/Video and Radio Ticket Spots. The marketing website allows hosts of select predetermined championship sites to download TV, video and radio spots for immediate use. Questions regarding the availability of these spots for your championship event should be directed to your NCAA championship marketing contact.

SOCIAL MEDIA GUIDELINES

Host institutions/conferences may use already established social media accounts (Facebook, Twitter, etc.) as a place to promote the hosting of an NCAA championship. However, host institutions/conferences should use marketing messages and assets supplied from or approved by the NCAA (links, web banners, flyers, updates, etc.). If the championship does not have an official NCAA social media page, a host is NOT permitted to create a social media page. The NCAA will make efforts to promote this championship on the established pages, as necessary. Please refer to ncaa.org/social media for a listing of official NCAA social media accounts.

Section 18 • Media Services

The NCAA considers this hosting opportunity a partnership between the host school/conference, facility and the NCAA. The primary objective of everyone involved in the administration of the championship, shall be to provide a memorable championship experience for each participating student-athlete, coach, administrator and tournament attendee.

Note that health and safety protocols related to preparedness, response and protocols might have an effect on the media services detailed below, with any changes provided to all hosts in advance of each championship.

ALL-AMERICAN HONORS

All-American honors are awarded by the United States Track & Field and Cross Country Coaches Association (USTFCCCA).

BROADCASTING/INTERNET

Please log on to ncaa.com/media for information regarding broadcast/internet rights.

CHAMPIONSHIP RECORDS

NCAA championship records are available in PDF format at ncaa.org/sports/2021/2/9/statistics.aspx.

CREDENTIALS

All media credentials are authorized and issued by the host or NCAA media coordinator. The NCAA provides credentials for all final championship sites and selected preliminary rounds sites. Hosts should contact the NCAA media coordinator or championships administrator to confirm who will produce credentials for preliminary sites. **PDF templates are available for preliminary round credentials if desired. Please contact Jenn Rodgers (jrodgers@ncaa.org) for more information.** If you are producing your own credentials, the “Conditions Placed on Use of Credentials” should be placed on the back of all credentials. That text, located at ncaa.com/credentialterms, should also be visible at credential pickup.

The following is a sample of the types of credentials that can be produced, if applicable:

- All Access - For event management-type personnel who need access to every area, including game surface.
- Event Management - For event management staff who do not need All Access.
- Media - For members of the media to provide them access to press areas (press box, media room, interview room, locker rooms (postgame only).
- Participant - For student-athletes, coaches, equipment managers (anyone in the official travel party).
- Photo - For still photographers and television camera operators (if the contest is not going to be televised) to allow them access to appropriate areas [playing surface, locker rooms (postgame only), press box and media room].
- SID - For sports information directors of the participating teams (allows for access to media areas and locker rooms as needed).
- Television Network - If the game is going to be televised by ESPN, Turner Sports, etc., those entities should have their own credentials to allow them to specific places such as the truck compound.

It is up to the tournament director to determine which areas may be accessed with each credential type.

CREDENTIAL QUALIFICATION AND ACCEPTANCE

Final-Round Site. Approximately one month before the start of final site competition, the site media coordinator should send credential application information to media representatives who regularly cover intercollegiate athletics in their markets. The information should be directed to media to apply for credentials at ncaa.com/media, which includes credential application instructions, credential criteria and links to the NCAA media policies. The site media coordinator will approve or deny all credential requests in the online credentialing system (Sport Systems) Credential system training

sessions will be conducted. The system will notify via email all media members who apply for credentials whether their request has been approved or denied. If a media member is granted a credential, the site media coordinator is responsible for sending that member of the media information regarding game times, press conference schedules, credential pickup times and location, parking and any other pertinent information.

Preliminary-Round Site. Preliminary-round/site media coordinators should send a credential request form to members of the local media to determine who will be covering the event.

** Working credentials will not be mailed. The media coordinator should issue credentials individually at an appropriate site at the venue or at the designated headquarters hotel. A government-issued photo ID is required to pick up credentials. Credentials are nontransferable and will only be issued to the person whose name appears on the credential. Credential pickup for others is not allowed.

CREDENTIAL BOARDS

The NCAA will provide credential boards to all final sites. These are to advise security personnel at the competition venue which credentials are allowed into specific areas of the venue. For credentials that are not allowed into a specific area, use a black marker to cross out the credentials not permitted.

FINAL RESULTS BOOKS AND STATISTICS

The final results book for team championships should include, at a minimum, final statistics, play-by-play summary and results as well as a cover sheet, event recap and postgame notes/quotes.

The host institution shall provide complete statistics of all NCAA championships competition.

FLIP CARDS

Flip cards should be provided to all media members for easy reference to participating team information, where applicable. The flip cards should include all players on the roster and a minimum of their uniform numbers along with the head coach and any assistants. The flip card should include team results as well as standard information regarding the game, such as date, location and opponent.

INTERNET POLICY

The NCAA website, ncaa.com, serves as the official online resource for NCAA championships.

Please visit ncaa.com/media for updated NCAA championship internet policies.

The NCAA and its partners own the internet rights to all of its 90 championship events. Rights include live statistics, video and audio streaming, electronic commerce, and postevent footage use. The NCAA and its partners own all game action, practice footage, press conferences, one-on-one interviews or any other content on the NCAA website.

Internet Live Statistics

The NCAA reserves the right to deny permission to produce live statistics for NCAA championship play. In the event the NCAA takes on the responsibility of producing a live statistical representation from an NCAA championship event, no other entity will be permitted to do so. Live statistics are considered a protected right as part of a bundled rights agreement, referenced above. For clarification purposes, a live statistical representation includes play-by-play, score updates, shot charts, updated box scores, photos with captions, etc.

In the event the NCAA does not produce live statistics for a specific championship, the host institution is given priority to produce exclusive live statistics. The host institution will be given the same exclusivities the NCAA would reserve for its rights holder in such an instance.

Once it is determined that neither the NCAA nor the host institution plan to exercise their exclusive rights, the ability to produce live statistics will be granted – on a nonexclusive basis – to each participating school. A “participating school” is defined as a school playing in the same event at a specific site.

In each case, no commercial advertising is permitted within the live statistics window, unless permission is specifically granted by the NCAA. Any questions pertaining to live statistics should be sent to Nate Flannery, NCAA director of digital and social media (nflannery@ncaa.org).

MEDIA GUIDES AND POSTSEASON GUIDES

The NCAA or host media coordinator should notify each school that qualifies for the championship how many media guides and/or postseason guides should be sent to the championship site and/or if media guides and postseason information should be uploaded to the NCAA box library. If wanting to provide a printed version, the media coordinator should provide an overnight address where the schools can send the information (their office or the facility) and a deadline as to when it should arrive. Consider security when selecting the location where these materials will be shipped.

MEDIA ACCOMMODATIONS

Hotel. If necessary, the media coordinator should arrange for a block of rooms to be set aside for media, preferably at the headquarters hotel. Media members should be given a contact/link at the hotel whom they can call or link to make reservations; this can be listed on the credential application form along with the room rate and deadline for making reservations.

Meals. Media meals are not required at all championships. Disbursements should be guided by the budget which was originally submitted by the tournament manager and approved by the NCAA national office.

Parking. Complimentary media parking should be provided at all championship host sites. The media coordinator should determine if it would be more effective to use parking passes or a parking list. If passes are used, the host institution must generate them. Media shuttle systems may also be used provided any costs are approved in advance by the specific sport committee and NCAA championships staff liaison.

Media Workroom. If possible, a media workroom should be designated at each site, where media members can be provided a workspace. The workroom should provide an adequate amount of media seating, electrical outlets, complimentary wireless internet access and a pool of high-speed internet lines, if possible. Each school's media guides and/or postseason guides, along with any materials the host institution distributes (statistics, game notes, quotes, etc.), should be located in this area.

NEWS FILM AND MINI-CAMS

Please visit ncaa.com/media for updated information related to television, video and ENG policies.

OFFICIATING QUESTIONS/POOL REPORTER

The host media coordinator shall appoint one member of the media to serve as the pool reporter at the competition site and must be approved in advance by the NCAA staff. When possible, the media coordinator should designate the reporter from the Associated Press or the local newspaper as the pool reporter. The pool reporter should be clearly designated on the media seating chart and should be listed on the starting lineup sheets (if applicable) distributed prior to competition.

When a game includes a potential fighting situation that results in a technical foul and/or ejection of a participant, a rules interpretation is requested or there is a clock or timing issue, the pool reporter shall accompany the NCAA staff representatives to the officials' locker room to receive an interpretation in order to enhance the media's understanding of the activities that occurred. Interpretations are not given if the situation in question is a judgment call. Prior to entering the officials' locker room, the pool reporter shall go to the interview room or media workroom to speak to other media members and compile a list of questions to ask the official involved.

The host media coordinator, who will prepare the statement, will distribute the information to the media after it is reviewed and approved by an NCAA staff representative. Any statement involving an official's interpretation can be read by the news conference moderator in the interview room while the statement is being distributed.

If the involved official does not elect to speak to the pool reporter, the referee will decide whether the referee or the standby official will provide the interpretation on behalf of the officiating crew. The interpretation shall apply exclusively to the specific situation and will only be used to provide an interpretation of a rule.

PERSONNEL

Each media coordinator is responsible for organizing workers to assist in the media operations of the championship. It is important to remind volunteers that they may see very little of the championship competition because of their responsibilities and the NCAA will not pay any expenses. All volunteers should be a minimum of 16 years or older. It is preferred that all media coordination volunteers have experience with media relations or championships.

DIVISION I OUTDOOR TRACK & FIELD

The number of workers will depend upon the media demand for the games at the site. Communication with the participating SIDs and the media coordinator's knowledge of the area media will help with advance planning.

The following is a basic list of duties for volunteers (if applicable):

- Copy Machine Personnel – Photocopies materials (stats, notes, quotes, etc.).
- Credential Distribution – Pass out credentials to the media; check government-issued photo ID.
- External PA – Announcer for fans.
- Internal PA – Announcer for the media.
- Locker Room Attendant – Person to identify when the locker room is open and closed to the media.
- Mixed Zone Coordinator – Coordinates interviews in the mixed zone in events such as track and field and swimming and diving. Depending on the number of participants, this individual may need several assistants.
- Note Takers – Compiles worthy notes during and after the game or day.
- Photo Marshall – Makes sure photographers work in approved event coverage locations. Hands out photo armbands, if necessary.
- Press Conference Moderator – Introduces players and coach; directs questions from media.
- Quote Takers – Records postgame quotes from the press conferences/locker rooms. A minimum of one person should be designated to take quotes for each team. They should get quotes from the head coach and student-athletes.
- Results Disseminator – Transmits stats, notes, quotes, through appropriate delivery means (website, email, social media, etc.).
- Runner(s) – Distributes photocopied materials (stats, notes, quotes, etc.).
- Spotter – Helps the official scorer identify assists and any other assistance for official scorer.
- Stat Crew – Records the official stats. Note that when applicable, NCAA LiveStats software must be used at all NCAA championships.

NEWS CONFERENCES

The media coordinator, or a member of the coordinator's staff, will be asked to coordinate all press conferences, including any conducted before the start of championship play. For all formal press conferences, the media coordinator should produce name (table) tents to place on the dais/riser to identify coaches and student-athletes.

ALL STUDENT-ATHLETES AND COACHES MUST BE MADE AVAILABLE FOR INTERVIEWS. With permission from the NCAA, exceptions may be made to the policy.

The open locker room policy applies to all formal press conferences and to any interview requests for coaches and/or student-athletes not involved in the press conferences. Failure to do so may result in a misconduct finding, as determined by the respective sport committee.

NOTE: In the event that a student-athlete has been selected for drug testing, all media obligations must be fulfilled before going to the drug-testing center.

1. **Individual Championships with no Postevent News Conference.** Student-athletes are allowed a maximum 10-minute cooling-off period following an event before meeting with the media. If ready before 10 minutes, the student-athlete can participate in interviews sooner. However, student-athletes are not allowed to leave the competition area before conducting media interviews. Interviews will be conducted in the mixed zone or interview room. A student-athlete who is competing in more than one event on a given day may ask the media coordinator to delay the interview period until after the student-athlete's final event of the day. The only exception to this is if a record is set, and then the student-athlete should be made available to the media shortly after that event. If time prohibits this, the media coordinator should get a quote from the student-athlete and distribute it to the media.

2. **Individual Championships with a Formal News Conference.** Student-athletes are allowed a maximum of a 10-minute cooling-off period following an event before meeting with the media. If ready before 10 minutes, the student-athlete can participate in interviews sooner. In individual championships, typically only the winner(s) needs to report to the press conference. If media requests warrant having the runner-up participate in the news conference, that person should answer questions before the champion.
3. **Team Championships with a Formal News Conference.** The losing team shall have a 10-minute cooling-off period before reporting to the interview room. The cooling-off period starts once the head coach and all of the student-athletes have reached the locker room area. The winning team will report to the interview room immediately following the completion of the losing team's press conference. *NOTE: For some championships, the governing sport committee has determined that the winning or visiting team should go first to the press conferences, before the losing team. Please refer to championship manual for the sport.*

It is mandatory for the head coach and at least one student-athlete to report to the press conference following the cooling-off period. However, media coordinators should request a minimum of two student-athletes. A coach can shorten the cooling-off period but cannot extend it.

As soon as one media member enters a locker room, it will be open to all media members. Locker rooms are open to the media for a minimum of 30 minutes, provided media are present the entire time.

The head coach must complete all NCAA championship media obligations before honoring any in-season radio or television contracts. Coaches or student-athletes may only conduct interviews with rights-holding television or radio networks (including ESPN or NCAA Radio Network, but not school radio stations) before the press conference following the conclusion of a game. These interviews are permitted during a period totaling no more than four minutes for all interviews, immediately after the game. The media coordinator or designee has the responsibility to terminate the four-minute interview period, NOT the network/station that has purchased rights. (Assistant coaches are not obligated to the entire media staffing the championship and may grant postgame radio interviews at any time after the conclusion of the game.)

Press Conference Moderator Duties

1. The moderator should give pertinent game statistics (i.e., leading rushers, passers, tacklers, game records) to media while they wait for the first team to arrive. Statistics should be distributed to the media, coaches and student-athletes as soon as they arrive.
2. Media coordination representatives should obtain the names of the student-athletes who will be attending the press conference and give them to the host or NCAA media coordinator, who then will provide them to the moderator so that they can be announced in advance.
3. The moderator should open the press conference by asking the head coach for his/her opening statement.
4. After the coach's comments, the moderator should invite questions from media.
5. If necessary, the moderator should direct a question to student-athletes to get them involved, if the media do not do so.
6. Limit the losing team to 10 minutes and the winning team to 20 minutes.
7. The moderator should keep the flow of the press conference moving. If there is a gap of time between questions, limit questions to one more and then thank the head coach and student-athlete(s).

Press Conference Setup. Each host media coordinator should designate an interview room or area at the facility, and an individual to coordinate the activities in it. The interview area should have a public address system and an elevated head table.

Media coordinators should use an audio mixer (mix down unit) in the interview area to permit individuals using microphones to attach their equipment to it, eliminating the presence of audio equipment and/or operators in front of, or adjacent to, the speakers at the dais.

DIVISION I OUTDOOR TRACK & FIELD

The following is a checklist of suggested minimum requirements for the interview room:

- Seating for a minimum number of media or VIPs (check with the previous host for an approximate number).
- Risers or an area with an unobstructed view for television cameras.
- Table for a minimum of 4-6 interviewees.
- Sufficient electrical outlets.
- Sufficient lighting for dais and workspaces.
- Mult box.
- Wireless microphones.

For selected NCAA championships, press conference backdrops, interview room table tents and microphone flags will be sent to the institution by the NCAA. Quotes from formal press conferences shall be made available to the media immediately following each game.

PHOTOGRAPHER

Commercial use of any still photographs is prohibited unless permission is obtained from the NCAA. Specific areas will be designated for photographers, and these areas will be limited by priority and space. Please see Appendix G for further information regarding photography done at the championships.

PHOTOGRAPHY AREA POLICIES

The media coordinator shall be prepared to designate “photographer positions,” should media requests warrant it. “Prime” positions should be given to NCAA Photos and/or Getty Photos, or otherwise rotated among members of the media. All special requests (i.e., placing a remote camera on the backboard) must be approved by NCAA staff or site representatives.

PROGRAMS

Championships will feature either a printed or digital game program, which the NCAA and LEARFIELD Publishing has the exclusive right to post/distribute at the competition venue during the championship. No competing publications, whether sold or free of charge, are permitted at NCAA events where printed programs are available. Any publications delivered to the venue are the property of LEARFIELD before, during and after the event.

LEARFIELD will be responsible for all program production, including editorial content, layout and design, advertising and printing. Championship media contact should provide LEARFIELD with text and photos for editorial pages about host institution/venue/city, if requested by LEARFIELD. Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing advertising space for sponsors, etc., should contact Clerrinda Queen (clerrinda.queen@learfield.com).

LEARFIELD encourages the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes), provided any such materials:

- Are only distributed with the purchase of a program.
- Do not include information available in the program.
- Do not include advertisements.

The host should not include expenses for such supplements in the championship budget and/or financial report. All supplemental content is subject to NCAA and LEARFIELD approval.

RADIO/INTERNET AUDIO COVERAGE

Radio broadcast rights and made-for Internet audio at any NCAA championship may take place only through advance written request and permission of the NCAA media services group. (Refer to ncaa.com/media.)

All stations broadcasting any round of an NCAA championship shall be required to fill out the NCAA Championship Radio/Internet Streaming form online. To access the form, log onto ncaa.com/content/audio-policies-0.

SCOUT VIDEO COORDINATOR

A scout video coordinator is permitted to film the game from an upper video position. A credential also may be issued to a team videographer. The scout video coordinator will receive a media credential and may only film the game of the team represented by the video coordinator. Representatives of participating institutions may record the network telecast of any game at the site, using a video distribution outlet in the video distribution area. The institution must provide its own recording equipment.

SEAT ASSIGNMENTS

Media coordinators should provide preferred seat locations for media agencies that regularly staff games played by the participating and host institutions. Media seating charts should be posted to the media work areas in advance.

SECURITY

Security personnel should be instructed to protect the working media areas and interview area, especially before and after each game, and to limit access in all restricted areas to individuals wearing credentials.

STATISTICS REPORTING TO THE NCAA

The host sports information director, media coordinator or designee is responsible for reporting official championship results to the Association's website, ncaa.com, with the NCAA providing delivery information. At the conclusion of each championship contest or session (preliminary rounds and finals), please forward information that specifies the division, sport, round, date and official results, and provide a brief game/event summary. On the final day, the email should include the all-tournament and Most Outstanding Player selections.

Institutions should send all information as follows:

- Email the information to NCAA-Editorial@warnermedia.com. Specify the division, sport, round and region in the subject area.
- Paste the text (official results, including date of competition, round, etc.) directly into the message box.
- Attach HTML box score, if available.

TEAM VIDEOGRAPHER

Institutions are permitted to videotape championships competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site. For the latest information and policies in regard to team content, go to "Team Content Policy" link at ncaa.com/media-center/broadcast-services.

INTERNET

Complimentary wireless internet access must be available at all championship rounds for media use. The host institution may NOT assess an additional "hookup fee" to any media agency. Any wireless charges should be charged to the host or reflected in the proposed budget.

TELEVISION

If an NCAA championship is to be televised, the media coordinator will be notified by the NCAA championships liaison, media coordinator or member of the broadcast staff. This person will relay any needs specific to television, such as power, press row space, etc., to the host media coordinator. Information about NCAA broadcasts can be found online at ncaa.com/media.

LIVE STREAMING

For final sites of all nontelevised championships, ncaa.com will provide live streaming of the contest. For all other nontelevised rounds, the NCAA encourages all hosting institutions to provide a live stream of the event.

Apply for NCAA internet streaming rights online at ncaa.com/rights-request. Questions about Internet streaming can be directed to Nate Flannery (317-917-6523; nflannery@ncaa.org).

NCAA SOCIAL MEDIA GUIDELINES FOR CHAMPIONSHIP HOSTS

The official NCAA social media pages and official hashtags can be found here: on.ncaa.com/socialaccounts

Host Promotion of Championships

A lot of hosts already have an established presence in social media. Examples are school, local organizing committee, Sports Corporation, venue or city pages/accounts. These pages/accounts are all acceptable places to promote hosting of an NCAA championship through the use of marketing messages and products supplied from the NCAA (links, web banners, fliers, etc.). The NCAA also promotes the championships (and the host involvement) on the appropriate NCAA social media pages/accounts. If the championship does not have an official NCAA account on a social media site, a host is still not permitted to create a page for it. The NCAA will make efforts to promote this championship on the other established methods, as necessary. Collaboration is encouraged through the use of cross-posting on Facebook or collabs on Instagram (@ linking within text to drive fans to each other's pages) and mentions on Twitter (X) and Instagram (@ links to show coordination in posts). In addition to collaboration, idea-sharing is also encouraged and can be coordinated with the NCAA digital team through the championship's marketing contact.

A host should not create a social media account or page (Facebook page, Twitter (X) feed, Instagram, TikTok, Snapchat, etc.) solely devoted to promoting an NCAA championship. These pages become outdated, distract fans from established pages and fracture the NCAA message.

Please send direct questions, ideas or news to Lynnea Phillips, lphillips@ncaa.org.

Section 19 • Meet Management

COMPETITION TIMES

The committee will approve all starting times. The committee, in consultation with the host institution, will determine the order of events. Once determined, the schedule of events will be posted on the NCAA championships website.

EVALUATIONS

Evaluations of the host site by the NCAA and the student-athletes will be done following the championship via an email and electronic link.

GAMES COMMITTEE

The Division I track and field committee serves as the games committee and appoints the jury of appeal (if applicable). The committee will assist and guide you prior to and during the meet, and will actively supervise the conduct of the championships. Committee members will perform the following duties:

1. Committee liaisons assist host with preparation and conduct for the championships.
2. Approves the meet schedule.

10. Handles protests and appeals (if applicable) during championships.

HOSPITALITY

Hospitality should be provided for officials, media, and NCAA committee and staff members throughout the championships. For the finals site, the expense should be included in the online championships budget.

MEET ANNOUNCEMENTS

Other than commentary on student-athlete performances, meet proceedings announcements are limited to (a) those of an emergency nature; e.g., paging a doctor; (b) those of a “practical” nature; e.g., announcing that a car has left its lights on; (c) announcements that NCAA souvenir merchandise, game programs and concessions are on sale in the arena/stadium; (d) announcements of scores from another NCAA competition site; and (e) the paid attendance figure. It is not appropriate for the public-address announcer to introduce VIPs or meet officials, or to provide information pertinent only to the host institution’s activities unrelated to the tournament. The NCAA championships manager will provide public address scripts as appropriate.

PACKET PICKUP

Packet pickup should be scheduled the day before competition begins and should be located where there is adequate space to handle distribution for packets, credentials, and student-athlete and coach participant gifts from the NCAA track and field equipment supplier (finals site only). The diagram and flow for packet pick-up for the finals site will be established in consultation with the championships manager and committee. See the Appendix for materials to include in packets.

DIVISION I OUTDOOR TRACK & FIELD

It is the responsibility of the host to provide personnel at registration (generally, four to five people at each table - men's and women's). Credentials should be distributed at separate tables to allow the coach to initial by their institution that they have received the appropriate number of each item. If deemed appropriate by the committee, the coaches' boxes passes should be handled in the same manner. Extra credentials are sold during this time.

A table also must be set up for the committee next to packet pick-up area. The committee will answer questions during packet pickup.

Only coaches and athletic administrators will be allowed in the packet pick-up area. Student-athletes are not allowed in the packet pick-up area, appropriate signage to clarify this should be present. Provide a few empty tables and open space for the coaches' to go through the materials in their packet to ensure they have everything on the check off sheet.

PARTICIPANT SEATING

A section of seating close to the student-athlete warm-up and clerking areas should be reserved for approximately 1,000 participants (student-athletes and coaches).

PERSONNEL

Announcers. The announcers must be knowledgeable and experienced track and field persons who can demonstrate enthusiasm for the competition. It is recommended to have an award announcer plus a track announcer. Provide your announcer with as much premeet information as possible, such as former champions, best times entered, and students' years in school, etc. As competition begins, give race reports where possible (i.e., leader at the half-way point, field event bests by round of competition) The announcer also will announce all results and provide up-to-date team scores throughout the competition. There should also be a person with a walkie-talkie at each venue to communicate updates/current leader status to the announcer.

Timing/Data Crew. The NCAA will hire the crew responsible for timing the championships. The host is responsible for securing sleeping rooms for timing/results. The timing crew should be set up in accordance with the institution's normal operating procedure (i.e., in the facility press box). In addition, space for the committee's official results verifier should be made available in close proximity to the timing set-up (with separation). The host should anticipate that the timing group will come for a site visit to insure that the facility meets specifications necessary.

Sports Medicine. Provide a training room stocked with towels and other necessary equipment, and staff it with the appropriate personnel prior to and during the meet and practice sessions. Accommodations should be made to allow institutional athletic training staff to set up athletic training tables on a space available basis. (Not on the infield.)

PREMEET PROTOCOL

National Anthem. The national anthem will be played before the first track event each day of competition. The host may suggest an alternate time to be approved by the sport committee.

SCORING

There will be no team scoring and no team champion for the First rounds.

Section 20 • Meetings/Schedule of Events

ADMINISTRATIVE MEETING

The track and field committee will conduct a mandatory administrative meeting before the start of competition to review championship matters and distribute heat sheets. It is mandatory that each institution is represented at the meeting. (Please see the Appendix for a sample agenda.)

KEY OFFICIALS MEETING

The committee/NCAA site representatives and meet director will conduct a mandatory key officials meeting to review championships matters.

SCHEDULE OF EVENTS

The track and field committee will approve the schedule of events prior to the championships. Once determined, the schedule of events will be posted on the Championships website.

Section 21 • Merchandise/Licensing

GENERAL POLICIES

The NCAA retains the exclusive right to sell souvenir products at all rounds and sites of the 90 championships; host institutions/conferences and sponsoring agencies for all NCAA championships are required to sell items provided by the official NCAA event souvenir merchandiser. The official NCAA event souvenir merchandiser is Event 1.

Event 1, Inc. will enter into an agreement with the official vendor of the host institution/conference or sponsoring agency and will supply merchandise and inventory reconciliation forms to the official vendor. The official vendor of the host institution/conference or sponsoring agency at the site of the championship(s) is responsible for complete retail vending accountability, including full responsibility for inventory. When the requirements listed below are met, the host institution/conference will receive a 20% commission fee for providing these services. The 20% commission fee will be from net sales, which is defined as gross sales minus taxes and credit card fees. The following is a list of the requirements that must be met to qualify for the 20% commission fee:

- a. Receive and count in all merchandise upon arrival from Event 1, Inc., as well as receiving all reorders required to meet customers demand. Reorders could arrive any day of the week and could be as early as 8 a.m. on Saturday or Sunday.
- b. Locked and supervised storage adequate to accommodate all championship merchandise.
- c. Immediate notification (within 24 hours of receipt) to Event 1, Inc. of any discrepancies in initial inventory counts. Nonnotification will represent host or vendor acceptance of initial inventory provided by Event 1, Inc.

- e. Everything sent must be returned to Event 1 within two days of the conclusion of the event.

- k. The remaining inventory forwarded to Event 1, Inc., or the next event site as determined by Event 1, Inc., within two days of the conclusion.
- l. Having met each of the above requirements, Event 1, Inc. will pay to the host institution/conference, sponsoring agency or its assigned vendor, a commission equal to 20% of sales net of taxes and credit card service fees. The host institutions will keep commissions earned and the remaining money owed to Event 1 must be sent within seven days of the conclusion of the event.

The host institution/conference may not sell or allow for sale any merchandise that infringes upon the exclusive rights of Event 1, Inc.

Institutional Merchandise. A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20% commission fee of net sales, gross sales minus credit card fees and taxes, on product supplied by Event 1. The host institution or official vendor will provide the NCAA 15% of sales (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year's championship.

Reordering Process. The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available.

Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.

DIVERSE SUPPLIERS

The NCAA strongly encourages and requests that local organizing committees/hosts diversify the pool by qualified businesses and select the best vendor(s) that can provide necessary goods and services for awarded championships.

Section 22 • Officials

Fees. Each key official (12 key officials at the final and seven key officials at each first-round site) will receive \$222 per day of competition.

All fees for supplemental and key officials (at both the first-round and final sites), as well as the per diem noted below for the key officials shall be paid by the NCAA through the online officiating system. Please contact the NCAA championship manager with any questions.

Selected officials will be paid in accordance with the following chart:

Event	Number of Officials	Fee amount	Number of Days	Total
East First Round	80	\$75.00/competition day	4	\$24,000.00
West First Round	80	\$75.00/competition day	4	\$24,000.00
Finals	80	\$75.00/competition day	4	\$24,000.00

Per Diem. The key officials will receive \$45 per diem for meals and incidentals for a maximum of five and a half days for finals and First rounds (one day before competition, four days of competition, and one half day after competition). Key officials not required to stay overnight at the site shall receive \$45 per diem for the days they are on site.

Transportation. Travel expenses for key officials will be paid according to the actual mode of transportation, not to exceed jet coach fair or **65 cents** per mile up to 800 miles roundtrip. Key Officials flying to the championships will make arrangements through the NCAA travel service, Short's Travel Management. Officials driving to the championships will be reimbursed through the NCAA officiating payment system at **65 cents** per mile up to 800 miles roundtrip.

Lodging. Key officials' hotel rooms and tax (excluding incidentals) will be paid by the host and handled with the headquarter hotel through direct bill and then the NCAA will reimburse the host. Other selected officials shall be covered by the host (double occupancy rooms).

Hospitality Area. The host should make arrangements to have a location that officials can go when not officiating for hospitality that is away from spectators, coaches, and student-athletes.

Meetings. The track and field committee and meet director will conduct a mandatory key official meeting before competition begins to review championships matters. All key officials and event leaders designated by the host must be in attendance for this meeting.

Neutrality. All officials must refrain from cheering for any participant or from wearing institutional attire; they are considered "neutral" and must behave in such a manner.

Parking. Host should provide special parking for the officials, free of charge.

Selection. The NCAA track and field officials assignor will assign seven key officials – three starters and four referees – for each of the First round sites of the championships. Hosts will be responsible for working with the NCAA officials assignor to secure the balance of officials with final approval coming from the NCAA assignor, for the First rounds. The host should work with the NCAA national assignor to confirm quantity of officials needed to conduct the championship competition safely and effectively, even if the number exceeds what the NCAA currently pays.

At the final site the NCAA Track and Field officials assignor will select all key official positions. The NCAA assignor will work closely with the final site local officials coordinator on the selection and approval process of all remaining working officials. The key official positions are listed as follows:

- Referees (4).
- Clerks (2).
- Starters (4).
- Head Umpire (1).
- Head Marshal (1).

The NCAA officials assignor will assign the 12 key officials. The host institution should work closely with the NCAA assignor on a plan for securing the balance of officials for the championships with final approval coming from the NCAA national officials assignor. The host should work with the NCAA national assignor to confirm quantity of officials needed to conduct the championship competition safely and effectively, even if the number exceeds what the NCAA currently pays. The committee emphasizes that this plan should include provisions to ensure attention to diversity, gender and officials from outside the immediate locale. The committee, while acknowledging the importance of the local officials' organization to the support of the host's program, believes the NCAA championships officials should include national representation.

The host should provide a recommendation for three announcers to the NCAA committee by Oct. 1. The committee may adjust the designation of the announcers.

Hosts should provide each official with a letter confirming assignment, fees (if applicable), directions, schedule of events (including officials meeting with the committee noted in championships-week schedule), check-in time and location.

Tickets. See Ticketing section.

Officials Coordinator. In conjunction with the championship manager and NCAA track and field national officials assignor, a coordinator of officials should be retained.

 - Technical manual and all other necessary materials.

RECOMMENDED NUMBER OF OFFICIALS

Justification: In as much that the observation at present is overkill for the number of officials on the field at the national championships, thus contributing to obstruction of sight lines for spectators and coaches (visual pollution), it is recommended that an optimal number of officials be designated per event to conduct the championships. The following are recommendations and guidelines with duties outlined by the NCAA rules committee and USATF Officials. Positions may be reassigned, consolidated, or expanded as necessary to accommodate meet set-up (i.e., simultaneous use of field event facilities that require more than one crew).

In all cases officials are to carry out their duties by maintaining a low profile and positioning themselves in such a way as to keep spectator sight lines to the event open.

Section 23 • Participant Manual

PARTICIPANT MANUAL

The NCAA, in accordance with the host institutions, shall make available a participant manual to all schools under consideration for selection to all rounds of competition. The manual should provide details for the championships and will be posted on the Championships websites. The participant manual shall include information as outlined in the sample participant manual (a sample participant manual is available via the championships manager).

Section 24 • Practices

ALTERNATE PRACTICE SITE

The host institution is not obligated to arrange for an alternate practice facility for the participants in the event they arrive early. Practice at an alternate site is permissible, but the participants are responsible for making these arrangements themselves.

OPEN PRACTICE

The competition venue must be made available to the participating teams two days before competition begins and shall be open to the public. The venue should be made available not later than noon two days prior to the championships. Practice access may be restricted on an event by event basis based on facility restrictions. All restrictions must be discussed with the NCAA championships manager.

Section 25 • Programs

The preliminary rounds of this championship will feature a digital game program that can be viewed online or downloaded at no charge. This program will be available online generally no later than two days prior to the first day of the event.

The finals site of this championship will feature a printed program, which the NCAA and LEARFIELD Publishing has the exclusive right to distribute at the competition venue during the championship. No competing publications, whether sold or free of charge, are permitted at NCAA events where printed programs are available. Any publications delivered to the venue are the property of LEARFIELD before, during and after the event.

CONTENT/EDITORIAL

LEARFIELD Responsibilities

Responsible for all program production, including editorial content, layout and design, advertising and printing.

Host Responsibilities

Media contact should provide LEARFIELD with text and photos for editorial pages about host institution/venue/city, if requested by LEARFIELD.

Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing ad space for sponsors, etc., should contact Clerrinda Queen (clerrinda.queen@learfieldimgcollege.com).

SUPPLEMENTAL HANDOUTS

At championships sites where a digital program is available, LEARFIELD allows the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes) provided any such materials:

- Do not include any advertisements, local sponsor logos, etc.
- Include the QR code and URL to the digital program.
- Include the NCAA Corporate Champions and Partners imagery.

Printed supplements may be distributed free or sold, with all proceeds retained by the host. The host should not include expenses for such supplements in the championship budget and/or financial report.

All supplemental content is subject to NCAA and LEARFIELD approval.

PROGRAM VENDING AND COMPLIMENTARY PROGRAMS

LEARFIELD will enter into an agreement with the official program vendor of the host institution or sponsoring agency, and will supply programs and settlement sheets to the official vendor. The official vendor of the host institution or sponsoring agency at the site of the championship(s) is responsible for complete vending accountability, including full responsibility for inventory. When the requirements listed below (Program Vending Standards) are met, the host institution will receive a 20% commission of net sales for providing these services. Below are the program vending responsibilities of both LEARFIELD and the host, or official program vendor.

LEARFIELD Responsibilities

- Reserves the right to manage vending/fulfillment in-venue.
- Will email a vending agreement and settlement sheet to the vending contact and tournament manager prior to championship.
- Will ship and manage shipment of programs to arrive no later than the day prior to the start of the event, unless otherwise communicated by LEARFIELD.
- Within one week postchampionship, will provide the host with instructions for returning or destroying the remaining programs (if applicable).
- Will pay sales tax to the proper taxing authority.

Host Responsibilities

- Prior to the event, the program vending contact listed on the host's online key contacts form will need to confirm they are the contact and that the shipping information is correct, when requested by LEARFIELD.
- The host venue will provide all vendors unless otherwise prearranged with LEARFIELD.
- Return a signed vending agreement to LEARFIELD prior to the event.
- If requested and approved by the NCAA, the tournament manager shall issue credentials and provide the necessary parking passes to administrative personnel representing LEARFIELD. All program vendors shall receive standard facility credentials.
- Distribute the allotted amount of complimentary programs as specified.
- Meet the "Program Vending Standards" (listed below) to receive 20% commission of the net program sales.
- After meeting the "Program Vending Standards," LEARFIELD will pay the vendor 20% commission of net sales. The vendor is to keep the commissions earned and cut a check to LEARFIELD for the amount due listed on the LEARFIELD provided settlement sheet within two weeks after the event.
- Email and mail the completed settlement sheet provided by LEARFIELD after the event within the time frame specified in the vending agreement.

Program Vending Standards

- Receive and take inventory of the programs upon arrival. Notify LEARFIELD of any discrepancies in the quantity received or damages to the programs within 24 hours.
- Provide total management, control and accountability of the programs. If programs are lost, stolen or damaged, the programs are the responsibility of the vendor.
- Keep programs in locked and supervised storage.
- Provide an appropriate number of sellers throughout the facility in order to meet the demands of the projected crowds. The appropriate number of sellers should ensure that every fan entering the event will pass one person actively and exclusively selling programs, as well as placing multiple sellers in high-traffic areas to provide a quick transaction for all fans.
- Sellers should be either at designated program stands and/or stationed in high-traffic areas of the facility that are easily located (such as ticketed entrances).
- Ensure program stands and/or sellers are prepared to sell prior to the gates being opened. If using program stands or tables, the programs should be neatly displayed at all times. If using tables, please make best effort to make table presentable.
- Ensure that sellers are neatly dressed and are customer-oriented.
- Keep selling areas clean and neat at all times.
- Programs can be available at merchandise stands (i.e., along with apparel) but should not be sold exclusively in this manner.
- Sell programs throughout the event for a mutually agreed upon time with LEARFIELD.
- Display signage in a professional manner, if provided by LEARFIELD.
- Make sure vendors have necessary materials for selling throughout the event, i.e., appropriate number of programs and change. Replenishing sellers with programs and providing change should be done in a fast and efficient manner. This may include transferring merchandise between the slower and higher volume selling areas to meet customer demands.

- Below are a few best practices for vending programs:
 - Designate individuals to sell programs and pay them a commission for each program they sell; or
 - Recruit volunteers to sell programs as a fundraiser for their nonprofit organization and pay them commission for each program they sell.
- Encourage vendors to walk through the stands to sell programs during the event.

Questions

If you have any questions, please feel free to contact your NCAA administrator or Chad Laytham (chad.laytham@learfield.com) at LEARFIELD.

Section 26 • Safety and Security

The NCAA is committed to supporting a safe and secure environment for championship events and is appreciative of the many federal, state and local partners who aid in maintaining safe events for all athletes, fans and staff.

The NCAA has established a Safety and Security Advisory Group (SSAG) to develop Best Practices for all NCAA championships. The SSAG developed these Best Practices based on a review of current and future championships competition venues, discussions with safety and security experts, and their own experience and knowledge. All hosts and competition venues are strongly encouraged to refer to the [Best Practices for Venue Safety and Security](#) when developing a safety and security program.

The suggestions outlined in the Best Practices for Venue Safety and Security are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security program.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety program for the competition venue hosting an NCAA championship. Rather, facility managers and local public safety personnel should consider the current national threat level, nature of specific threats and the full range of resources available when responding to changes in the threat condition levels.

Please submit your final safety and security plan with your bid materials. In addition, you will be prompted to provide information for the Critical Incident Response Team form when completing our bid via the NCAA Championships Bid Portal. Please be as specific as possible when providing emergency contacts and numbers.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

GENERAL SECURITY GUIDELINES

Preparation. Competition site management is reminded of its responsibility to provide an environment that is safe and secure for all student athletes, coaches, officials and fans. This includes sufficient security and/or law-enforcement personnel to ensure that access to the competition and surrounding areas is restricted to players and credentialed individuals. The championship manager and host institution staff shall review with the local law-enforcement agencies their procedures for circumstances requiring emergency evacuation of the competition site or interruption of the game. In the event of a critical incident, contact the NCAA championship manager immediately before making any decisions.

Each host will be asked to provide the following:

1. Local authorities and critical incident response team contact information.
2. Review emergency protocol before the start of the event.
3. Identify chain of authority.
 - a. Incident commander (second in command).
 - b. Decision-making personnel/team.
4. Identify incident command center.
5. Identify incident communication plan.

6. Review evacuation plan – review plan with competition site manager.
7. Review emergency response plan for typical emergencies, severe weather, and potential criminal actions.
8. Connect with the closest Protective Security Advisors for your area and notify them of the event to receive security notifications and instructions. For more information about this program go [here](#). PSAs can be reached via email at central@cisa.gov (submitter should provide their contact information and where they are located so they can be matched up to the nearest PSA).

Interruption of Competition. The officials have the authority to interrupt the championships. If competition is interrupted because of events beyond the control of the committee, it shall be continued from the point of interruption at a time determined by the committee. If necessary, the remaining competition schedule also shall be adjusted by the games committee. The committee should review the following procedures for interruption of competition:

- **Head Table.** Assure that the timing devices are operational and manual times are accurately recorded.
- **Officials.** Assure that the officials know the exact situation when competition was halted.
- **Student-Athletes and Coaches.** On instruction from the NCAA staff or committee members, participants should retire to the locker rooms or outside the building to await further instructions.

Power Source/Public Address. Facility management should protect the power source and the public-address system. If an alternate public-address location is available (i.e., away from the competition area) it should be used so communication is not interrupted.

Disruption. Building security and/or law-enforcement personnel shall be responsible for the restoration of order in the event unauthorized individuals occupy the competition area or if competition is otherwise disrupted. Under no circumstances are student- athletes, coaches, officials or NCAA representatives to become involved in the removal of such persons.

Communication. A senior member of the facility management and the senior law-enforcement officer at the site must proceed immediately to the previously identified location with means of communication to and from other facility staff and security officers. The public-address announcer should keep spectators informed of the conditions, if possible. Participants, coaches and officials must be kept informed throughout the delay.

Meeting. The committee chair, NCAA staff and meet management staff (facility manager, meet director and senior law-enforcement officer) should assemble immediately at a predetermined location to assess the situation.

Normal Conditions. The committee shall determine when conditions have returned to normal.

Resumption of Competition. As soon as possible, competition shall be resumed from the point of suspension. The event staff shall determine the revised schedule after consultation with the committee. If possible, the competition should be resumed in the primary facility. If necessary, the games committee has the authority to limit attendance to credentialed individuals, those on each institution's pass list, other individuals designated by each institution's director of athletics, and required facility operations personnel. Also, the committee has the authority to reschedule the competition in a nearby facility (e.g., on campus or elsewhere in the city) provided the alternate facility meets the provisions of NCAA rules.

Spokesperson. The committee chair or his or her designee, working with the facility management, the NCAA and, when appropriate, city, county, state and federal law-enforcement agencies, will serve as spokesperson in the event of an emergency.

WEATHER

To support and facilitate host institution management and other environmental considerations and requirements, the NCAA has made arrangements to provide a complimentary lightning detection and weather monitoring system to all rounds of competition for outdoor championships. It is important that the location address provided by the site representative and tournament director in the monitoring system is the actual physical location of where the event is taking place.

DIVISION I OUTDOOR TRACK & FIELD

It is expected that the host institution will identify one or more tournament staff members who will have designated responsibility for weather monitoring. The site representative, host tournament staff and any other stakeholders should share relevant email and/or cell phone contact information to enable timely receipt of all weather updates. A severe weather response plan should be created and available for reference. The host or tournament director is encouraged to contact a local meteorologist or the nearest National Weather Service office to further facilitate weather and environmental monitoring as part of each event.

If the tournament director and/or site representative determine that weather conditions could alter the approved championship event schedule, they should promptly contact the NCAA championship manager with a summary and details of the anticipated weather/environmental issue and proposed alternative schedule prior to making or announcing any formal changes.

Section 27 • Ticketing

TICKET POLICIES/OPERATIONS

- Ticket Design/Printing.** If championship tickets must be printed, the NCAA will manage the design and printing of the tickets, assigning specific duties to the LOC/host and competition venue as needed. The NCAA will forward artwork of the proposed ticket design to the LOC/host and competition venue for review and input. The NCAA logo shall be the only logo used on the front or back of the tickets unless specifically authorized by the NCAA. The name of the host institution/conference may be printed on the front of the ticket(s) and/or on the cover of the ticket booklet. Revenue from the sale of championship tickets and championship-related event tickets will be exempt from sales, amusement, entertainment taxes and other surcharge obligations to the extent possible. The NCAA is a 501c(3) tax exempt organization. If a tax exemption is not applicable, then all applicable taxes and rates shall be disclosed (disclose in the sport-specific facility questionnaire) and any increases in the tax rates from the time the bid was submitted shall be absorbed by the bid respondent or rebated back to the NCAA.

Please note any minimum and maximum ticket prices as set forth by the committee or needed to meet financial guarantees.

The NCAA does not allow complimentary tickets to its championships; however, the NCAA will permit the purchase of tickets to use for championship promotional efforts. All ticket promotions must be approved in advance by the NCAA.

- Control of Ticket Sales.** The NCAA shall control all ticket sales for the championship, assigning specific duties to the LOC/host and competition venue as needed. The NCAA shall not be responsible for securing an exemption to any exclusive contracts the LOC/host, competition venue or surrounding areas/facilities might have, nor will the NCAA be responsible for any buyout or other means necessary to secure such an exemption.

Admittance to the competition venue on game days will be by ticket or NCAA-issued credential only. Every individual, regardless of age, must have a game ticket for admission, unless specified by the NCAA or venue policy. Unless specifically granted an exception, the NCAA requires that the competition venue utilize a ticket scanning system at all general public access points into the competition venue. The host venue system will be used for access control, box office walk-up sales and day of event issue resolution in the box office.

- Control of Venue Seating.** The NCAA shall control all seating assignments within the competition venue, including club seating, press boxes, hospitality clubs and restaurants.

The NCAA shall be responsible for determining the allocation and the location of all ticket allotments.

The LOC/host or competition venue may not resell allotted championship game tickets at any price, nor may enter into a sponsorship agreement or hospitality/travel package agreement with any ticket broker, tour packager or other secondary ticket marketer to provide championship tickets in return for other considerations unless specifically authorized by the NCAA.

- Suites.**

- The competition venue shall stipulate a quantity of private viewing suites available for the sole use of the NCAA or its designees at the time of the bid. All revenue from such suites will belong to the NCAA.
- The NCAA will provide tickets, as necessary to the LOC/host and/or competition venue for those suite holders displaced to fulfill the NCAA suite seat requirements.

DIVISION I OUTDOOR TRACK & FIELD

- c. Subject to NCAA approval, suites not made available to the NCAA or its designees shall remain under the control of the competition venue, but the face value ticket revenue for such suite seats will belong to the NCAA.
- d. Suite holders will have the opportunity to purchase tickets for the suite to which they have purchased tenant rights. The venue's box office staff if assigned by the NCAA, shall solicit and confirm suite purchases by suite holders. At that time, suites not purchased by suite holders will be made available to the NCAA for additional use/sales opportunities in accordance with the agreed upon financial parameters.

6. LOC/Host Ticket Policies.

- a. **Allocation.** For all championships other than Division I men's basketball, the NCAA shall allocate to the LOC/host a maximum of 10% of the saleable competition venue seats. These tickets shall be used to accommodate LOC/host guests, including but not limited to local contributors.
- b. **Budget Relief.** At its sole option, the NCAA shall notify the LOC/host of certain budget relief that may be provided in exchange for a reduction in the LOC/host ticket allotment.
- c. **Ticket Allocation Limitation.** No more than 20 tickets shall be made available from the LOC/host or competition venue to any one entity without NCAA approval.
- d. **Assignment Information.** The LOC/host shall provide the NCAA with the names of those individuals assigned to each seat within the LOC/host's ticket allocation.

Subject to NCAA approval, the assignment of general public seats is the competition venue box office's responsibility, unless directed otherwise by the NCAA. The seat locations shall be designated by the NCAA. The competition venue must be in compliance with all applicable city, state or federal laws and regulations including those concerning access and seating for individuals with disabilities and their companions and assist with inquiries from ticket purchasers or holders in need of accessible seating or companion seating. Additionally, the box office shall assist with all lost, stolen or misdirected ticket issues. The competition venue shall be responsible for the labor necessary, as well as costs incurred, to process and distribute lost, stolen or misdirected tickets.

7. Competition Venue Responsibilities.

- a. **Seating Manifest.** The competition venue shall forward the NCAA a complete ticket manifest with a PDF or CAD drawing of the venue's configuration and cooperate fully with any NCAA ticketing partners.
- b. **Broadcast Partner Site Survey.** The NCAA's broadcast partner, in conjunction with the NCAA and the competition venue, may conduct a site survey approximately nine months in advance of the championship to determine the host set location, camera locations and determine the need for "seat kills."

The competition venue shall be responsible for the labor necessary, as well as costs incurred, to ship paper tickets.

- f. **Sales Reports.** The competition venue's box office shall be responsible for providing the NCAA with timely and accurate sales reports. Reports should be provided on a regular basis, as directed by the NCAA. The competition venue's box office shall cooperate fully with the NCAA's official ticketing vendors and/or ticketing partners in providing the reports.
- g. **Final Ticket Database.** Each host conference, institution and/or venue must provide ticket purchaser information to the NCAA upon request, as well as, at the conclusion of the competition. GOAL AND RECRUITMENT

A volunteer program for the championship should be implemented to accomplish the following goals:

- Provide an enthusiastic and warm welcome to participants and guests.
- Answer questions and provide information to visitors.
- Contribute to the general excitement surrounding the championship.
- Assist the LOC with championship operations.

Championship volunteer programs should represent the student-athletes and communities we serve, embrace diversity and be inclusive of individuals from all backgrounds and identities. The NCAA and the LOC shall encourage recruitment and participation of volunteers from a talent pool of individuals that reflect diversity across all aspects, including race, age, sex, class, national origin, creed, educational background, religion, gender identify, disability, gender expression, geographical location, income, marital status, parental status, sexual orientation and work experiences. The LOC/host institution should keep the NCAA's commitment to diversity top of mind as they assign volunteers to the various roles and responsibilities throughout the championship.

Volunteers must be 18 years of age or older and must sign a volunteer release waiver. Individuals with driving responsibilities MUST be 25 years of age or older.

Student-athletes or prospect-aged individuals MAY NOT be recruited in any way different than general public volunteers. The Local Organizing Committee (LOC) cannot make a specific volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants.

The NCAA may request additional volunteers from the LOC as necessary.

WAIVERS

Each volunteer must sign a waiver of liability before the start of the championship (Appendix D). If there is a written agreement governing volunteer service, a release component must be added if one does not already exist. After the championship, all waivers shall be collected and kept on file, in case requested.

APPAREL

The NCAA will coordinate ordering and production of the apparel through the NCAA volunteer apparel program. BDA Sports and Event 1 have been selected as the official NCAA volunteer apparel providers for all 2025-26 championships. The NCAA will offer its Corporate Champions/Partners the opportunity to help offset the cost. The champion/partner would be permitted to place one logo on each apparel item, if a separate apparel item is provided for these volunteers.

The championship logo and the licensee's mark will be embroidered on the apparel. The licensee's logo may appear on the right chest or sleeve. The licensee's logo may be no larger than 2½ inches square.
