

2020 NCAA Division I Field Hockey Championship Preliminary-Round Information and Bid Checklist

Introduction

Given current health and safety concerns related to COVID-19, **all Fall 2020-21 preliminary-round competition will be conducted at predetermined sites**, rather than at traditional non-predetermined sites.

The information below outlines details related to the conduct of the championship. Please pay particular attention to the Return to Championship Guidelines document found in the Bid Checklist section below. This document highlights all additional measures that must be taken to ensure a healthy and safe environment for championship competition and information contained in this addendum will take precedence over that found in the Host Operations Manual, should differences exist. In order to be considered for hosting opportunities, it is required that a site be able to meet these obligations.

Bids for predetermined preliminary round will be accepted beginning on January 28, 2021 through February 17, 2021. Predetermined preliminary host sites will be announced the week of March 8, 2021.

Should national health and safety conditions necessitate changes to this plan, the NCAA reserves the right to adjust accordingly. Hosting guidelines and timelines will be updated and communicated as quickly as possible, should adjustments be necessary.

Return to Championships COVID-19 Hosting Guidelines. A Return to Championships document featuring all health and safety measures related to hosting in the currently COVID-19 environment, can be found [HERE](#). This document must be reviewed in full and hosts must be able to follow all designated protocols bid in order to be considered for a hosting opportunity. Please pay particular attention to Section E, which outlines the sport-specific requirements for hosting.

Proposed Budget(s). An online proposed budget must be completed for **each** round of competition you wish to host. For those institutions submitting bids for multiple rounds, a ‘copy’ function is available in the system and will allow you to copy the budget for another round. The appropriate round and date of competition must be indicated on each budget. Please be sure to include projected ticket sales in the Receipts section.

Any necessary COVID-19-related expenses should be included in the proposed budget. These expenses will be reviewed on a case-by-case basis and **must** receive approval from NCAA staff in order to be included in the final host budget.

Please note that all COVID-19 testing expenses, including staffing, will be covered directly by the NCAA and should not be included in the host budget. Adequate testing space will need to be made available in order to serve as a host. Please be prepared to give details on available testing space(s) when completing the facility questionnaire in the bid portal.

Please carefully review pages 13-14 of the [2020-21 NCAA Division I Field Hockey Pre-Championship Manual](#), prior to submitting a proposed budget, and make note of the following for all preliminary-round competition:

- All lodging expenses for officials and site representatives (if needed) must be included in your budget. Officials’ fees, per diem and travel expenses do not need to be included, nor do per diem and travel expenses for site representatives – the NCAA will pay those expenses directly.

Facility Profile. An online facility profile must be completed and/or maintained as necessary by each institution interested in hosting preliminary-round competition. Information regarding video board, LED board and/or ribbon boards should be entered via the “Boards/Control Room” tab of the applicable venue profile.

A facility profile can be maintained and updated on a regular basis. If a facility can host multiple sports, check the appropriate box(es) under the Sports tab of the facility profile to provide the

information for that facility. Refer to pages 13-14 of the pre-championship manual for facility requirements and site selection procedures.

Note: Please make sure you have completed/updated the sport-specific questions regarding video review and filming capabilities.

Key Contacts. The key contacts for your institution should be entered and/or maintained as necessary within your profile. Please enter the information for the key personnel associated with running a championship at your site.

When starting a bid, you will be prompted to enter new key personnel, or edit or confirm your existing key personnel. In addition, you will be asked to designate individuals who should receive the various host shipments (e.g., sport equipment, merchandise, awards, etc.). Please include the proper mailing address for overnight deliveries. **P.O. box addresses will not be accepted.**

Personnel who will administer the competition also will be listed and can be edited within the Profile section of the Championships Bid and Host portal. When entering individuals in this manner, information must be entered on both the General tab and the Role/Titles by Sport or Facility tab.

Safety and Security Plan. Based on a review of current and future championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of *Best Practices* for NCAA Championships, which can be found [here](#). We urge each competition venue to take these *Best Practices* into account when developing its safety and security program.

As part of your bid, **please submit a safety and security plan** for your venue. You must **also submit the NCAA Championships Safety and Security Team contact information form**, located in Appendix A of the *Best Practices* document. These documents should be uploaded in the document section of the facility profile. Both documents can be uploaded under the Safety and Security tab.

Alcoholic Beverages. All Division I and National Collegiate championships are eligible to engage in the sale of alcohol, provided certain criteria are met. After starting a bid in the Championships Bid and Profile System, users will be prompted to answer a few questions that will determine their institution's eligibility to sell alcohol at a given venue. If a school is deemed eligible and is interested in selling alcohol, it will be required to complete one of several agreement options that must be signed and uploaded into the bid portal. Please thoroughly review the Championships Alcohol Sales Policy before determining and completing the appropriate agreement.

Lodging. The host institution/agency shall recommend hotel properties for the participating institutions/student-athlete(s) and NCAA partner Anthony Travel will contract these properties on behalf of the NCAA and host institutions.

Recommended hotel properties shall be within 30 miles of the competition site and be priced at a fair and reasonable market room rate. The selection of a competition site may be dependent on availability and quality of rooms for participating institutions/student-athletes.

Liability Insurance. Host institutions must maintain and provide proof of at least \$1 million of general liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol, or food-borne illness. The certificate must be submitted to NCAA prior to competition. State institutions subject to state governing tort laws are permitted to provide proof of limited liability under state laws instead of general liability coverage. (This is the minimum requirement per NCAA bylaws).

If applicable, off-campus venues must also maintain and provide a minimum of \$1 million in general liability insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol, or food-borne illness. The NCAA must be named as an additional insured.

All insurance must be provided by an insurance company with an A.M. Best Rating of A-, VII or higher.

Host institutions must provide the national office with the appropriate certificates of insurance or documentation of self-insurance. This information must be provided via the Certificate of Insurance link in the bid portal. As this is a new feature in the portal, all prospective hosts must upload their documentation once. Depending on the coverage, users must subsequently verify their documentation is still valid, or upload a new certificate once the previous version has expired.

Additional Host Information/Resources

Host Operations Manual. The [2020-21 NCAA Division I Field Hockey Championship Host Operations Manual](#) will assist your institution in all stages of the bidding and hosting process.

Drug Testing. Drug testing may occur at any round of the championship and the assistance of the host institution will be a vital part of the testing. The host institution/conference is required to confirm that each facility in which an NCAA championship or ancillary event occurs is in compliance with the Act by the various

facilities hosting NCAA championship events. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship.
