Administrative Meeting

The administrative meeting will be conducted Thursday morning at 8 a.m. on Microsoft Teams. The purpose of the meeting is to review policies and procedures governing the conduct of the championship and to introduce the games committee. The head coach and athletics administrator of each team must be present; the assistant coach(es) may attend. Coaches must turn in the team pass gate list (APPENDIX F) to the NCAA

championship administrator at this meeting via email. The agenda for this meeting can be found in APPENDIX B.

Practices

Teams will not be allowed to practice on the competition field earlier than the day before the competition. Arrangements may be made to practice at an alternate facility two days before the competition, but the host institution is not obligated to assist with these arrangements.

Each team is allotted one hour and 30 minutes Thursday and Saturday. A brief practice time (30 minutes) will be offered to teams on Friday and Sunday before the games. Practices will be closed and supervised by the games committee. The game clock will be used to time all practice sessions.

Pregame

All teams are guaranteed 45 minutes of warmup on the game field for semifinal games, with all pregame warmup activities confined to the half of the field that is assigned by the team's game bench. The music will begin when the clock is started for warmup. The host institution will provide all music for the championship. Interaction with the umpires can only occur at the scorer's table with an NCAA representative and both coaches present.

SECTION 4 – Championship Format

Bracket Format

The championship provides for an 18-team, single elimination tournament. Opening round games will be conducted Wednesday prior to the first- and second-round games at two campus sites. First- and second-round competition will be conducted on the campus of one of the competing institutions at four sites. The four advancing teams will compete in the finals at Karen Shelton Stadium on the campus of the University of North Carolina, Chapel Hill. The semifinal games will be Friday, November 17, and the championship game will be Sunday, November 19.

Determination of Home/Away Teams

For all rounds of competition, teams will be designated as home or visitor by the sport committee. Each team must have two sets of shirts and socks; one light set and one dark set.

Teams are required to submit colors of uniform jersey, kilt, socks and goalie jersey to the games committee for each round of the championship. In turn, umpires will review the selected colors to ensure adequate contrast between the two competing teams. Head coaches will be prepared to share their uniform colors on the Participant Call on Monday.

Lineups

Game rosters will be submitted and exchanged with 30 minutes on the game clock prior to the start of play.

SECTION 5 – Championship Operations

Emergency/Evacuation Plan

Evacuation/Severe Weather Plan

During any storm with lightning, stadium patrons will be instructed to leave the stadium and seek refuge in their personal vehicles. Teams will be instructed to take shelter in their locker rooms and the team building. In the event of a Tornado Warning, occupants and athletes from both teams, in an orderly

manner, should take refuge in areas located inside locker rooms. If there is not enough room, then the overflow will be directed by event staff to go into the film and media room.

Spectators will be advised through PA announcement of inclement weather or delays. If inclement or severe weather occurs, fans should exit the stadium through the main entrance and follow directions from event staff at that point.

If injuries or building damage occurs, notify campus police via a GameDay staff member or by calling 911.

Once the all clear is given, the event management staff will give the word for employees and/or fans to return to the stadium.

Severe Weather Policy for NCAA Field Hockey Championship

For the safety of all spectators, student-athletes, officials and coaches the following will be used in case of severe weather (e.g., cold temperatures, heavy snow, lightning):

1. The tournament director and NCAA Field Hockey Committee will monitor the weather during the week and days of the championship games.
2. The NCAA Field Hockey Committee, in consultation with the host and head umpire, will determine whether the start of the game(s) should be delayed or if the game(s) should be postponed until the following day.
3. If necessary, competition may be postponed until the next day, per NCAA policy, with similar if not the same start times. This information must be communicated with all involved institutions.

Hazardous Materials, Unattended Item or Suspicious Object Found

Hazardous materials are not to be brought into the facility. If suspected hazardous materials are found notify event staff immediately. Unattended or suspicious items are to be reported immediately to the event staff.

Fire Safety

Anyone that becomes aware of a fire shall immediately notify event staff or activate the building fire alarm system. Chapel Hill Fire Department will be notified.

Activation of EMS and Emergency Communication

Coaches, staff athletic trainers and graduate assistant athletic trainers will carry a cell phone at all times during practices and games to maintain an open line of communication

- CALL 9-1-1 and ask for **ORANGE COUNTY EMS**
 - Determine at pre-practice or pre-game medical time-out who will place call in the event of emergency
 - AT staff is best utilized if providing care during an emergency rather than placing the phone call
- State your name and that you have an emergency situation at Shelton Stadium
 - **325 Ridge Road, Chapel Hill, NC 27514**
- State the situation and nature of emergency, state patient's condition/current state and care being provided, and give any other relevant information
- Leave your phone number in case the call is disconnected

Condition-Specific Considerations

Cardiac arrest

Symptoms: Chest tightness, shoulder pain, numbness and tingling in upper extremity, jaw pain, agonal breaths, sudden collapse with or without convulsions

- Assess ABCs, observe decreased or lack of pulse
- **Activate EMS**
- CPR should begin immediately. Send second personnel for AED, located on the column at home bench
 - 30 compressions:2 breaths
 - Compress hard and fast at a rate of 100-120 beats per minute.
- Apply AED. CPR should only be stopped for rhythm analysis and shock from AED
- Continue CPR after shock delivered. If two rescuers, switch roles after 2 minutes or 5 cycles

Exertional sickling

- Athletes with SCT should have been identified at pre-season screening and plan should be in place for monitoring during workouts. Rule out cardiac collapse, heat illness if patient deteriorates.

Symptoms: Cramping (with no muscle contractions), heavy breathing, dizziness, confusion, loss of consciousness, limb heaviness and pain

- Remove from participation.
- Check vital signs, including rectal thermometer from emergency Black Box. If core temperature is elevated, see Heat Illness action plan below
- Administer high-flow oxygen from emergency Black Box
- Encourage self-hydrating if possible

- **Active EMS if patient deteriorates** (decreased mental capacity, vital sign destabilization, LOC etc)
- Communicate SCT status to EMT and ER physician

Heat illness

Heat exhaustion: Cool, clammy skin; profuse sweating; muscle cramps; intestinal cramps; rapid pulse; dizziness; headache; nausea; hyperventilation; core temp 97-104

- Remove from participation
- Check vital signs, including rectal thermometer from emergency Black Box
- Move to cool environment either indoors or in shaded area next to bench areas
- Ice pack application to back of neck, armpits
- Re-hydration with water and electrolytes

Heat stroke: Confusion/disorientation/irritability; loss of consciousness; hot skin; rapid pulse; blood pressure drop; hyperventilation; vomiting; diarrhea; core temp >104

- Remove from participation
- Check vital signs, including rectal thermometer from emergency Black Box
- **Activate EMS with core temp >104**, or any behavioral change or loss of consciousness
- **Bring patient to home bench and place in cold water immersion tub immediately**, monitoring until core temperature reaches 102. Do not allow EMS to transport patient until adequately cooled
- Re-hydration with water and electrolytes if possible during cooling

Asthma

Symptoms: Shortness of breath (>30 respirations/min.), fatigue, inability to speak in sentences, cyanosis (blue or grey lips or fingernails), tachycardia, possible reduced level of consciousness

- If patient is conscious, deliver 2 puffs of inhaler
- Administer emergency oxygen from emergency Black Box if available
- Monitor vital signs
- If patient does not respond to inhaler but is conscious and stable (not worsening), consider transport to CHS
- If patient is unconscious or does not respond to inhaler and oxygen, **activate EMS**
- If patient loses consciousness, monitor ABCs and initiate rescue breaths or CPR as necessary

Head trauma / Cervical spine injury

C-spine: Midline neck pain, numbness or tingling in extremities, inability to move hands and feet

- In acute-on field neck injury, utilize Canadian C Spine rules to assess need for immobilization and imaging
 - **Does patient have any high-risk factor that mandates radiography?** If **yes**, stabilize & refer
Age >65 years, dangerous mechanism (fall from elevation >3 feet, axial load to head, motor vehicle accident as a pedestrian or cyclist), or paresthesia in extremities
 - **Does patient have any low-risk factor that makes further assessment safe?** If **no**, stabilize & refer
Sitting position on-field or ambulatory at any time, delayed onset of neck pain, absence of C-spine tenderness
 - **Can patient actively rotate their neck to 45 degrees L and R?** If **unable**, stabilize and refer
- If concern for fracture, provide manual stabilization of head and neck and **activate EMS**
 - Place c-collar on patient if available from emergency Black Box
continue to stabilize the head until EMS arrives
 - First medical responder (usually supervising AT) maintains control of patient's head throughout

Traumatic brain injury: Worsening headache/concussion-like symptoms, bleeding from ears, unequal pupils, severe confusion or disorientation, loss of consciousness, neural posturing or seizure upon collapse

- **Activate EMS** for any patient with immediate or delayed onset of the above symptoms after head impact
- Any patients with suspected concussion should be removed from participation immediately and monitored for development of new/worsening symptoms
 - If responding to a suspected concussion on-field, ask patient about neck pain prior to removing from field for further evaluation

Dislocation or major fracture

Symptoms: Obvious deformity or malpositioning, point tenderness, unwillingness to move

- Check distal pulse, sensation and capillary refill prior to and after attempted reduction
- If unable to reduce, utilize vacuum splints on-field or from on site athletic training room to prevent excessive motion of limb during transport
- Depending on severity of injury and patient comfort, may transport to hospital via personal vehicle or P2P
- **Activate EMS** if patient demonstrates signs of shock, if fracture is open, or if suspected dislocation of hip or knee

Severe bleeding

Symptoms: Arterial spurt, major blood loss (soaking a towel), deterioration of mental status or vital signs, shock response

- **Activate EMS** immediately
- Apply direct pressure to wound with gloved hand and towel.
- Place tourniquet from emergency Black Box around proximal limb, placing pressure over major arterial supply. If no tourniquet is immediately available, apply pressure to proximal artery with opposite hand until Black Box can be obtained

Mental health emergency

Signs of emergency: Patient is in danger of harm to themselves or others, psychosis, audio/visual hallucinations, unresponsiveness or loss of consciousness, decompensation

- If possible, move patient out of practice or game setting to a controlled environment, such as the athletic training room at Shelton Stadium for mental health first aid and further assessment
- **Activate EMS** if concerned for athlete or personal safety
- Call Dr Shannon or Sport Psychology on-call to determine plan of care

Head Shots Needed

Head shots of student-athletes and coaches are needed from each team for use on the video board. Please follow the instructions below to upload the head shots by **noon Eastern time, Tuesday, November 14.**

As a reminder, the NCAA championships and alliances group has developed a dedicated website to retain key information from every conference and institution that may participate in an NCAA championship. All sports information administrators, members of the media, the NCAA and our partners (i.e., Turner/CBS, ESPN, IMG College, Van Wagner) will be required to use the site to access logos, fight songs, rosters, photos of student-athletes, teams, coaches, administrators and campus for use on ncaa.com, game programs, banquet videos and video boards at NCAA championships. For this site to be completely effective, it requires your full cooperation. The SID for your team should have received information on how to upload onto the [NCAA Box site](http://NCAABoxsite.com). If they did not receive instructions and are unable to upload content, please reach out to Carrie Snyder at csnyder@ncaa.org in order to gain access.

Hospitality

Coaches/Committee Members: Coaches and committee member hospitality is located on the second floor of the Karen Shelton Stadium Team Building. This area will be restricted to credentialed personnel only.

Media: Media hospitality will be located underneath the white tent on the patio of Karen Shelton Stadium. Snacks and drinks will be provided throughout competition.

Officials: Officials' hospitality is in the designated space in the officials' locker room. Snacks and drinks will be provided throughout competition. Boxed lunches will be delivered to the locker room.

Student-athletes: Student-athlete hospitality will be available in each teams locker rooms, consisting of Powerade and snacks. UNC seeks to provide an exceptional experience and as a part of our hospitality post-game we typically provide 15 Italian Pizzeria III (IP3) pizzas (8 Pepperoni and 7 cheese) and a case of iced water and a case of electrolyte drink provided post-game to be delivered on the team's bus. Please let us know if you have any modifications to your order or would like to opt out of our tradition!

National Anthem

The National Anthem will be played before the first game of each day.

Officials

Selection/Assignments. All umpires for all tournament games will be selected and assigned by the Field Hockey Committee in coordination with the NCAA national coordinator of officials. The umpires must be certified.

Two umpires shall be assigned to each game; in addition, a table umpire will be assigned to each game and shall have supervision over the timer's and scorer's table and ball persons. A video umpire will be assigned to each game. A minimum of four, adult ball persons will be assigned to all games.

Player Introductions

Due to ESPN broadcast coverage, the player introduction sequence differs from the regular season as noted below.

It is required that the following format be used for the semifinals and championship: The teams are led onto the field in two lines by the three officials. The captain of each team heads the line of players (both starters and nonstarters). The officials will stop at midfield. At midfield, the teams, in single file, will turn 90 degrees and move toward their respective goals, ultimately forming a single line at center field facing the direction as determined by the venue. Face the flag for the national anthem. The national anthem will be played during the first game of each day. The officials are the first to be introduced after the anthem. The announcer then introduces the "visiting" team's nonstarters, followed by the starters, assistant coach(es), and head coach. The announcer then introduces the "home" team using the same format. After both teams have been introduced, the players should return to their respective benches to prepare for the start of the game.

Post-Championship Evaluations

The NCAA will send evaluations to head coaches and athletics directors via email after competition. It is important that we get your help in providing feedback. We would appreciate if you could also share the survey link with your team. Your responses will be held in confidence and used only to enhance the championship in the future. The survey should take less than five minutes to complete.

Scouting

Scouting seats will be reserved only for the official members of the coaching staff of the teams participating in the tournament. These seats will be in a designated area within the stands of Karen Shelton Stadium. Non-competing coaches will be able to scout from the 3rd Floor of the Karen Shelton Stadium Press box.

Video Referral

Video referral will be used during the semifinals and championship game.

Complete information regarding video referral protocol is in Appendix A of the [2023 NCAA Field Hockey Rules Modifications](#).

Filming

The host will film all games and upload to the video sharing website for all teams.

Each participating team is automatically authorized to film all games. The filming location will be in a designated area under the scoreboard. Teams will be assigned areas by event staff before competition day.

Institutions that bring along a videographer for institutional highlight show purposes may receive a credential. Cage cameras for institutional highlight shows must be approved by the Field Hockey Committee. These cameras must have NO AUDIO and must be removed after the institution's game.

Institutions are permitted to duplicate championship competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera.

The game film may not be used for any commercial purposes.

Twenty-four (24) non-smoking, double-double rooms, one (1) king and one (1) suite have been reserved for each team at the hotels listed below beginning Wednesday, November 15. A complimentary meeting space for the team may be requested. The hotel will make every effort to ensure team rooms are on the same floor and not more than two (2) floors.

By **Monday, November 13 at 5 p.m. Eastern**, the institution is responsible for contacting the hotel to which it has been assigned to confirm the reservations and provide the hotel a rooming list. Teams are obligated to stay at the assigned hotel. If a team prefers to stay at a hotel other than the one to which it has been assigned, it must (a) obtain from the hotel manager a written release of the team rooms, or (b) use the rooms for persons accompanying the official party. If an institution fails to make satisfactory arrangements with the hotel for use of the team rooms, full charges for the rooms will be billed to the institution for payment for one night.

Hotel assignment will be based on the order of the top four seeds in the championship, or the institution representing the pod if the seed does not progress in the championship.

Concussion Management

The NCAA has adopted legislation that requires all active member institutions to have a concussion-management plan for their student-athletes. Participating institutions shall follow their concussion-management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion-management plan, the host championship concussion-management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death. For further details please refer to the NCAA Sports Medicine Handbook on the [NCAA website](#).

Physicians

There will be at least one physician on-site for each game of the championship. Please ask the athletic trainer on duty for direction regarding physician access.

X-Rays

If X-rays are needed, the participant will be taken to the hospital where x-rays can be done on-site; the participant can also be transported to local urgent care centers.

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact. Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

Misconduct/Failure to Adhere to Policies and Procedures

[Reference: Bylaw 31.02.4 in the NCAA Division I Manual.]

Misconduct. Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.

Failure to Adhere to Policies and Procedures. A governing sports committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing championships administration.

Red Cards

Please refer to the [2023 NCAA Field Hockey Rules Modifications](#), especially Section 6 – “Conduct of Play: Players, Goalkeepers, Coaches.”

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials’ proper enforcement of the rules governing related actions.

Sports Wagering

The NCAA defines sports wagering as putting something at risk – such as an entry fee or a wager – with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student-athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete’s institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

Tobacco Ban

The use of tobacco products is prohibited by all game personnel (e.g., coaches, athletic trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

16.2.1.2 General Regulations. Complimentary admissions shall be provided only through a pass list for individuals designated by the student-athlete. "Hard tickets" shall NOT be issued. A violation of this administrative procedure shall be considered an institutional violation per Constitution 2.8.1; however, such a violation shall not affect the student-athlete's eligibility. The student-athlete's eligibility shall be affected by involvement in action contrary to the provisions of Bylaws 16.2.1.1 and 16.2.2.1.

16.2.1.1.1 Exception – Postseason Events. An institution may provide each student-athlete who participates in or is a member of a team participating in a postseason event (e.g., conference championship, NCAA championship, National Invitational Tournament, bowl game) with six complimentary admissions to all intercollegiate athletics events at the site at which the student (or team) participates.

16.2.2.1 Sale of Complimentary Admissions. A student-athlete may not receive payment from any source for his or her complimentary admissions and may not exchange or assign them for any item of value.

Will Call Tickets

No complimentary tickets are permitted for NCAA championship competition. Individuals using players' tickets should be instructed to enter through the main entrance of Karen Shelton Stadium. Carolina Athletics will have representatives available to handle your player guests. Arrangements need to be made in advance. Each institution will be billed for all tickets used. Payment is due within 45 days of the end of the championship. If payment is not received in that time frame, the committee may issue an additional fine.

Please email your **Student-Athlete Guest Pass List (Appendix F)** to Stratos Pagiavlas at stratosp@unc.edu by Noon Eastern time Thursday, November 16.

SECTION 17 – Travel Party

Band/Spirit Squad/Mascots

Spirit squads, not to exceed 12 in number, plus the mascot shall be admitted, if in uniform, via the gate list. A maximum of 25 band members, who are in uniform and performing at the championship, will not be charged admission. Information as to whether spirit squad or band members will need admission to the competition should be provided at the coaches meeting.

Bench Passes/Assignments

The host team will choose their bench. Otherwise, the home team will be seated on the right when facing the scorers' table from the field. The committee will determine the bench assignments at the final site.

Bench Size

Seating in the bench area will be provided for 36 individuals (per team) in the championship inclusive of the official travel party of 28, one team administrator, one medical personnel and six non-competing team personnel and all eligible rostered student-athletes not in the 24 person squad size may be in the bench area. The institution's mascot may not be counted or included in the bench party. In addition, the tournament doctor and a security representative designated by the event manager may be in the bench area.

Squad Size

[Reference: Bylaw 31.1.5 in the NCAA Manual.]

Teams participating in the championship are limited to a maximum of 24 players in uniform. Only those 24 players and other authorized, credentialed personnel will be allowed on the field. Players must be designated at the coaches meeting through the official travel party list. After the game starts, no replacements will be permitted for any reason. An institution that is advised it is in violation of this regulation and does not promptly conform to it shall automatically forfeit the competition. There shall be no inordinate delay of the competition to allow the institution to conform to the rule. **(Note: The official squad size for awards is 24.)**

Travel Party Size

The official travel party is 28.

SECTION 18 – Trophies and Awards

Additional Award Ordering

Additional awards may be ordered after the championship. An institution may only order the award(s) that their team/individual received at the championship. You may submit the additional award(s) order at the following link: <https://services.mtmrecognition.com/ncaa/>.

All-Tournament

The national committee will select an all-tournament team from among the participants at the site of the finals. Eleven players will be selected – 10 field players and a goalkeeper (a most outstanding player will be chosen from the selected team members). The NCAA office will order all-tournament team plaques for each team member after the championship and will ship these to the appropriate institutions.

Elite 90 Award

The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average competing at the finals site for each of the NCAA's 90 championships. Each institution that has at least one student-athlete qualify for the finals round/site is eligible to nominate a student-athlete to win the award for that championship. All documents, including deadlines and nomination forms, are available on the [NCAA website](#).

The submission deadline for nomination for the NCAA Division I Field Hockey Championship is **noon Eastern Tuesday, November 14**.

If you have any questions concerning this program, please contact Mark Bedics, Andrew Louthain or Quintin Wright of the NCAA national office staff at 317-917-6222 or elite90@ncaa.org.

The Elite 90 winner will be provided with an Elite 90 patch to wear in addition to the blue disk patch.

Team Awards

Each team will receive a team trophy. Each member of the travel party will receive a mini-trophy. The national champion team will receive watches and a mini-trophy. There will be no awards ceremony after semifinal games; awards will be placed in the non-advancing team's locker rooms. After the championship game, teams will shake hands and the national runner-up may proceed to their locker room where their team awards will be placed. The on-field ceremony will recognize the national champion by announcing all rostered student-athletes and coaches and awarding the national championship trophy. Additional watches will be ordered after the championship. The ceremony shall conclude with the announcement of the all-tournament team.

Logo Policy

[Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division III Manual.]

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

Patches

At the championship site, each team will receive 48 NCAA blue disk patches for their student-athletes. Each student-athlete that is part of the official team roster should receive two patches. The preferred location for the patch is on the upper left corner of the jersey; however, the left sleeve is an acceptable alternative.

Use of the NCAA patch for NCAA championship participants has been endorsed the by NCAA Division I Competition Oversight Committee as a way to recognize the elite level of play that your student-athletes have attained.

It is recommended that you remove the patch before washing and drying your uniforms. The patches are pressure-sensitive, and heat will activate the pressure-sensitive backing possibly causing a residue to form on your uniforms. Patches can be reapplied after you wash and dry your uniforms. The NCAA disclaims, and will otherwise not be responsible or liable for, any damages or injuries of any kind caused by or arising out of the patches or the use thereof.
