

**REPORT OF THE
NCAA DIVISION II FIELD HOCKEY COMMITTEE
AUG. 25, 2026, MEETING**

ACTION ITEMS.

- None.

INFORMATIONAL ITEMS.

1. **Housekeeping items.** The championship manager discussed where the committee could find important resources, committee expectations and the schedule for when championship manuals would be published.
2. **Championship schedule.** The committee was updated on the schedule for the site visit, when the Championships Bid Portal would be open to accept preliminary-round bids, and the championship dates.
3. **NPI selection criteria.** The championship manager advised where the NPI dials are published for committee members to guide those who have questions. There are upcoming materials being distributed and webinars scheduled in September and October for NCAA staff to help the membership understand the formulas and rationale for each sport. The championship liaison will distribute the information when it's available.
 - a. NPI ranking schedule: Oct. 12, 19, 26 and Nov. 2, 9, 15.
 - b. Daily NPI data pushes will begin on Nov. 2 through the final selection ranking.
4. **Video replay.** The championship manager discussed a pilot with Hudl to provide dedicated video replay technicians and an interface to assist the video replay official at the championship. The committee expressed concern - not with the opportunity to enhance the championship - but with Hudl's past performance with broadcasting field hockey. Hudl's cameras do not follow the ball well enough, so the camera is always lagging and chasing the action. The championship manager noted the concern and advised that Hudl will be using only the Tupelo feeds and will not be installing their own cameras. The committee is optimistic that this will prove to be a good enhancement and resolve a previous pain point for coaches.
