INTRODUCTION

Thank you for your commitment to be an essential part of the 2020 NCAA Division I Football Championship Game! The purpose of this manual is to outline the responsibilities of individuals and/or groups involved in the administration of the 2020 NCAA Division I Football Championship Game. We look forward to an exciting championship, beginning in late November and culminating in the championship game in Frisco, Texas. Thank you again for your efforts in making the championship a success.

Role of Committee. The 2020 NCAA Division I Football Championship Game shall be conducted in accordance with the general policies established by the NCAA Division I Football Oversight Committee and shall be under the control, direction and supervision of the NCAA staff and the NCAA Division I Football Championship Committee, subject to the standards set forth in NCAA Bylaw 31 and the NCAA Division I Football Pre-Championship Manual. Except as otherwise expressly set forth herein, all activities and events associated with the championship are to be administered and/or approved by the football championship committee and NCAA staff.

The chair of the Division I Football Championship Committee shall serve as chair of the games committee. The games committee also shall include the commissioner of the host conference, or the commissioner's designated representative. The chair may appoint additional persons to the committee as the chair deems necessary, provided that a majority of the members of the games committee are salaried on a regular basis by an NCAA member institution or conference and perform regular staff functions representing at least 50 percent of the normal workload for a staff member at that institution or conference. In addition to the chair and host conference's commissioner, the NCAA Division I Football Championship Committee shall be in attendance.

BANDS/SPIRIT SQUADS/MASCOTS

Band Communication. Each team band shall be provided with a two-way radio for use in communicating with the game producer. The game producer shall coordinate each team band playing, as well as public address announcements such that each team band is provided equitable time to play during game breaks and do not interfere with video board content or public address (PA) announcements. The band director, or his/her designee, should be available via a two-way radio (provided by the NCAA) at all times during the game. One of the championship game sideline assistants should be positioned on-field near the bands to provide additional communication assistance.

Bands, or any component thereof, are allowed to play during timeouts (except when designated NCAA promotions are occurring), halftime, and before and after the competition. Bands are not allowed to play during the game, once the ball is spotted and the umpire backs away from the ball. There will be a short call between each band director and Fred Bown of VWSE and Michael Gett of the NCAA to go through game protocol and answer any questions. Michael Gett with the NCAA will setup.

Band Practice. Confirm and coordinate band practice times on Friday, January 10 (if applicable) at at nearby Memorial Stadium with Michael Gett (317-410-7463) by <u>Friday</u>, <u>December 27</u>. Team bands may practice before the championship game. Band practice times must be scheduled and coordinated with Michael Gett (317-410-7463).

Dressing Rooms. The mascot and/or spirit squad for each team shall utilize locker rooms at the north end of the stadium. The designated home team will use North Locker Room A while the visiting team will be in North Locker Room B. The Team Frisco contact for mascots and spirit squads is Ann Ludlow (214-557-0811).

Spirit Squads. Cheerleaders and/or dance team members, not to exceed 12 in number, plus the mascot shall be admitted, if in uniform, via the gate list furnished to the NCAA by the competing institution's director of athletics (or designee); all other institutional representatives will be admitted only upon presentation of a ticket or credential. A maximum of 12 spirit squad members and one coach shall be allowed on the field during the progress of the game. The spirit squad members and mascot shall perform within an area designated by the NCAA. Institutions may bring more than the permissible 12 spirit squad members and rotate them on/off the field throughout the game as long as not more than 12 are on the field at any time. Those individuals above the maximum number of 12 must have a game ticket and be seated in a regular seating area when not performing on the field.

All spirit squads must conform to the guidelines set by the American Association of Cheerleader Coaches and Advisors (AACCA). Neither the NCAA nor the host institution/conference shall be responsible for supervising or monitoring routines performed by cheerleaders at championship events. Except as noted in this section, supervision of spirit squads and their activities, yells and stunts are solely the participating institution's responsibility. The participating institution shall ensure that the squad has sufficient training, supervision and equipment for any and all routines its squad may choose to perform.

Team Walks and Pre-Game Pep Rallies in Tailgate Town. Each team's band, spirit squad, mascot and alumni groups are strongly encouraged to participate in the "Team Walk" or entrance of their team into the stadium on game day and the pre-game pep rally in Tailgate Town. These events are described in further detail in the Fan Engagement section of the Operations Manual. Times of these events are listed below:

8:25-8:35 a.m.	Team #1 arrival and walk into stadium
8:45-8:55 a.m.	Team #2 arrival and walk into stadium
8:55-9:10 a.m.	Team #2 pep rally (temporary stage near team walks)

BROADCASTING/DIGITAL

Camera and Technical Crew Bibs. Selected NCAA championships will require all camera and technical crews who have access to the field to wear a "bib" provided by the NCAA.

Camera Restrictions (Team Benches). Camera personnel may not shoot from behind the team benches into the team huddle even if the team huddles out on the field. The cameras may shoot only from outside a 10-foot perimeter of the benches. They must refrain from conversation with team, bench or officials from the time the game begins until it ends, including timeouts and halftime. The NCAA staff, in conjunction with the NCAA media coordinator, will designate the "off-limits" area surrounding the team benches. Sideline reporters may listen in during timeouts/commercial breaks and will be allowed access behind a team's bench throughout the game. This access is for the sideline reporter only and all camera restrictions will still apply. There will be no camera or live microphone, but the reporter may give a brief summary report following the timeout. Discussions in the team huddles will not be recorded or aired. Please see Appendix L for the ABC/ESPN access documents. These need to be completed by both participating teams and returned to a NCAA representative at the pre-championship meeting on Friday, January 10.

Halftime Interviews. Coaches from the game being played may be interviewed one at a time at the half (the coach of the leading team going into halftime, the coach of the trailing team coming out of halftime). In the event of a tie, the broadcast entity will interview the designated visiting team head coach going into the locker room and designated home team head coach coming out of the locker room.

The first interview must be conducted immediately following the end of the first half. The interview must not exceed 90 seconds. The halftime clock will not start until the interview has been completed and the field is clear. The second interview will be conducted upon the head coach returning to the field following halftime.

Injury Reports. Broadcast entities should make arrangements with the sports information contacts of the respective participating institutions to receive student-athlete injury reports during the competition. Due to the privacy act, institutions are not mandated to give injury reports.

Instant Replay. The host venue must work with the NCAA playing rules liaison and DVSport to provide an adequate space for the instant replay system. DVSport should provide all the technical equipment to make this possible. The venue must provide an adequate working space that is NOT in view or close proximity to spectators and media. The television entity may have to provide an ISO monitor and headset to the producer in the primary television truck.

Locker Room Areas. Broadcast partners may use a handheld camera and microphone to capture background footage of the team during pregame in the locker room. It is subject to permission by the head coach for the broadcast partners to use a handheld camera and microphone in the team locker room during halftime. Coaches and student-athletes may not be interviewed at this time in the locker room area. Broadcast partners may not use footage from the locker rooms on a live basis. The participating institutions' sports information contacts will communicate to broadcast partners any authorization for locker room access following the administrative meeting. At times other than pregame and halftime, broadcast partner sideline reporters and NCAA Productions may establish a presence outside the team locker rooms, tunnels and/or access hallways in the stadium and in any other areas approved by the football championship committee.

Microphones. Under no circumstances may broadcast entities place microphones on coaches, student-athletes or officials during competition. Broadcast entities may not place microphones on or near team benches or team huddles or in team locker rooms. Microphones may be placed on selected officials with the approval of the NCAA. NCAA Bylaw 31.6.4.5 Live Microphone on Coach: "The placement of microphones on a team coach or in team huddles and bench areas for television, radio or motion-picture purposes is prohibited in all NCAA championships."

Other Access. It is mandatory for the head coach and/or student-athlete interview take place no later than 90 minutes prior to kick-off on game day. The broadcast entity shall request, through the participating sports information contact, the head coach and/or student-athlete no later than two hours prior to kick-off. In addition, subject to the approval of the head coach, handheld camera and microphone access would be permitted at team meetings at the hotel; at team meals; and at other team activities. Finally, the head coach could also approve a student-athlete to be allowed to videotape and document a team's tournament experience from their perspective.

Practices. The NCAA's media partners (ESPN/ABC, Westwood One, Turner Sports/NCAA Digital) main production staff (e.g., producer, director, talent) will be permitted to observe the closed practices. Personnel from the NCAA's media partners may not interview or talk with the coaches or student-athletes during any open or closed practice, unless the first contact is initiated by the team personnel. If the television set-up is not complete, then television technicians may be permitted to be inside the venue to set-up.

Pregame Timing Sheet. It is the responsibility of the NCAA staff to complete the pregame timing sheet prior to the event. The NCAA broadcast staff member will be on site for the championship and must review it with the television producer and the timeout coordinator. The pregame timing sheet and the timeout format will be reviewed with the football championship committee and with representatives of the participating institutions at the administrative meeting.

Public Address Announcer. In coordination with the NCAA, Team Frisco will provide the public-address announcer for the championship.

Radio Frequencies. All broadcast partners (television and radio) and team scouting devices that have wireless microphone packages must work with local stadium radio frequencies requirements. The broadcast partner and teams should contact the local Society of Broadcast Engineers (SBE) coordinator.

Radio Rights. Broadcast of the championship game must conform to the general broadcasting policies established by the Association. All stations broadcasting a game will be required to apply for the rights by filling out the radio rights request form found at http://www.ncaa.com/content/audio-policies.

Team Buses. Subject to permission by the head coach, broadcast entities may videotape/film on the team buses. Additionally, broadcast entities may videotape the arrival of teams at the stadium. It is permissible for broadcast entities to interview coaches at that time.

On game day, these individuals will be on the field and/or in the press box to manage the timing and event production.

A countdown clock synched by Alan Ficek with the official game clock will be installed in a visible location in each locker room. It will take teams approximately three minutes to walk between locker rooms and the playing field. Other event staff members will be near the locker rooms to provide timing and logistical support during pregame. The assigned pregame warm-up areas on game day for each team can be found in Appendix F.

The following pregame schedule shall be used as the tentative schedule for the championship game. However, this schedule is subject to change according to television programming demands. The final schedule (timing sheets, scripts, run of show) shall be finalized not later than 7 a.m. the day before the game and will be provided during the Friday administrative meeting.

Also, it is anticipated that there will not be a slide in the start time for the 2020 NCAA Division I Football Championship Game. Please note that if there were to be a "slide" option, the start time may "slide" by

as many as five minutes. A "slide" must be determined not less than 60 minutes before kick-off. If so, Michael Gett will have prepared a separate pregame timing sheet using a five-minute slide and have copies available on game day if a "slide" will end up being applicable.

All times are local times – tentative schedule.

The primary team administrator will be the one person from your institution contacted to deal with significant issues that may arise between now and the end of the championship game. Communication will either be via email or phone.

Emergency Plan. The NCAA recognizes that there may be cases where circumstances warrant the delay or postponement of the championship game. The NCAA and Toyota Stadium have established this emergency plan that spells out the persons responsible for making such a decision as well as the procedure for doing so. Ultimately, game postponement and cancellation decisions will be made by the NCAA, in consultation with Team Frisco and ABC.

In case of an emergency, the teams will be kept informed of the decision making process through their representatives.

Expense Reimbursement Form. Expense forms with instructions will be available online if you are logged into the membership side of NCAA.org

http://www.ncaa.org/championships/travel/championships-travel-information

Forms can be mailed to the director of athletics of each competing institution, if they are unable to be accessed via the website. Please contact the NCAA travel department at the national office (317-917-6757; e-mail: travel@ncaa.org) to receive hard copies of the form. Completed forms must be received at the NCAA national office within 30 days of competition.

Field Access. Team Frisco shall install directional signage between the playing field and locker rooms to clearly indicate to teams the path to walk to and from the field. Team Frisco game operations staff, competition site personnel, security and NCAA football championship committee members shall be deployed along this path during pre-game, halftime and post-game to ensure a smooth flow of traffic by participating teams and officials.

Halftime. The intermission will be 20 minutes; however, it can be adjusted to meet game administration situations. Eighteen (18) minutes will be allotted for the halftime entertainment, with the understanding the field must be cleared two minutes before the start of the second half. The time clock for the 20 minutes will start when the teams have cleared the field. Under no circumstances will the intermission be extended for entertainment. Sideline assistants will escort team bands to, on and off the field for their pregame (if applicable) and halftime performances.

Each competing team's band shall be granted six minutes of the 18-minute halftime entertainment period. Six minutes will be reserved for the host agency. If a competing team's band is not available, the NCAA may use its allotted time. The competing institutions must inform Michael Gett of the NCAA not later than Monday, December 23 if their bands, spirit squad, and mascot will be available. A final halftime schedule will be shared with teams during the Friday, January 10 administrative meeting.

Home Team. The NCAA Division I Football Championship Committee has determined that the higher-seeded team will be the home team and wear dark jerseys. NCAA staff and the Division I Football Championship Committee will make team bench/sideline determinations. If neither team is seeded, NCAA staff and committee members will determine the home team most likely before the semifinal round of competition.

Instant Replay. Instant replay – a system using electronic means to review and assist game officials with certain on-field decisions – will be used during the NCAA Division I Football Championship Game. The use of instant replay will be governed by Rule 12 of the 2019 NCAA Football Rules and Interpretations. DVSport, Inc. will provide the necessary instant replay technology and the NCAA will assign the instant replay officials and personnel. The instant replay official will be required to attend the administrative meeting on Friday.

Misconduct. Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. The committee shall hold a pre-championship meeting with the coaches of the participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 31).

National Anthem. The National Anthem will be performed prior to the game.

Officials. The NCAA Division I Football Championship Committee shall assign the seven game officials and one alternate official for the contest. Those eight officials selected to work the NCAA Division I Football Championship Game shall report to the NCAA for all matters related to the administration of the championship game. During the conduct of the game, the referee shall be in charge.

Post-Championship Evaluations. After the championship game, the NCAA shall solicit feedback from the directors of athletics of the two participating teams. Additionally, a web-based survey link will be sent to each institution with instructions to email the link to the participating student-athletes on each team. This research will assist the NCAA Division I Football Championship Committee and Team Frisco in making improvements to the championship.

Practice. A practice schedule will be developed by the NCAA Division I Football Championship Committee in consultation with Team Frisco. Toyota Stadium practice fields four and seven will be made available for Thursday and a backup location for Friday team practices. Friday team practices are tentatively scheduled to take place at the Ford Center. At Toyota Stadium the visiting team will practice on Field Four and the home team on Field Seven. Each of these practice fields features natural grass surfaces similar to the championship game field. The championship game field is not available for practice prior to the game; however, both teams may walk on the field following their respective team photo on Thursday, January 9 (with the exception of any painted logos and the end zones). Teams should wear turf/tennis shoes and not cleats for the facility walkthrough.

Team practices on both Thursday and Friday will be closed to the media. Media availability will be permitted for 30 minutes after the team picture on Thursday. On Friday, a minimum of three student-athletes and the head coach of each team will participate in scheduled news conferences that day. If a Wednesday practice is held, the head coach shall determine if the session will be open to the media. The media should be informed when the interviews will be conducted. Team practice arrangements may not be changed without NCAA approval.

The Thursday practice shall also be open to a limited number of local high school football coaches to view practices as guests of the NCAA and Team Frisco.

All team practices will be closed to the general public. Each team will be issued 100 credentials that they may issue to family members, alumni and other key constituents that they would like to have access to their team practices. Credentials will be issued by the NCAA media coordinator to the sports information director of each team. Each team shall assign a staff member to the practice field entrance gates to assist with credential/access management during their practice.

On Thursday, the home team shall practice from 10 a.m.-Noon and the visiting team shall practice from 1:30-3:30 p.m. On Friday, the visiting team shall practice from 1-2 p.m. and the home team shall practice from 2:45-3:45 p.m. Please note that if your team arrives on Wednesday and desires to practice on your designated practice field, you should contact Nick Shafer, Vice President of Stadium Operations at Toyota Stadium [469-365-0007 (w); 972-795-9959 (c); nshafer@fcdallas.net)] to determine whether that would be permissible.

Two lifts should be available on each practice field for team video personnel and equipment. One lift should provide an end zone view and one lift should provide a sideline view.

Darrell Walsh (501-358-2754; darrellw@uca.edu) and Andrew Bechac (985-507-1847; andrew.bechac@selu.edu) will be the team practice liaisons and will be on-site before, during and after each team practice to address any team needs.

It is strongly encouraged that participating institutions use their established practice times at the Toyota Stadium practice fields (Thursday) and/or the Ford Center (Friday). However, should an institution choose not to practice at the Toyota Stadium practice fields (Thursday) and/or the Ford Center (Friday) they are permitted to practice off-site. The institution will be solely responsible for making all arrangements for off-site practices. The institution will assume any and all risks/liability associated with that off-site practice/practice location.

Any institutions choosing not to practice at the Toyota Stadium practice fields will still be required to keep the previously established media obligations at Toyota Stadium. **No exceptions will be made**.

NCAA staff, Southland Conference and Toyota Stadium staff should be notified <u>immediately</u> if a participating team does not wish to use their scheduled practice time at the Toyota Stadium practice fields or the Ford Center.

<u>In case of inclement weather only</u>, indoor practice fields have been reserved at Lone Star High School (2606 Panther Creek Parkway, Frisco, Texas 75034) for the home team and Wakeland High School (10700 Legacy Drive, Frisco, Texas 75034) for the visiting team. Each competition site is an enclosed, turf field 35 yards in length and of regulation width. If necessary, locker rooms and dressing areas are available at each high school. Contact: Ann Ludlow, FISD Athletics – Secondary Athletics Facilities; [469-633-6120 (w); 214-557-0811 (c); ludlowa@friscoisd.org].

Sports Wagering. Per NCAA Bylaw 10, institutional staff members, conference office staff members and student-athletes shall not knowingly participate in sports wagering activities or provide information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics competition.

Starting Line-ups. Each team shall provide to the NCAA media coordinator, Sahar Abdur-Rashid, not later than Friday, January 10 its starting line-up for the championship game. This information will be used to develop in-game video board/PA and ABC broadcast content. Teams may make adjustments to the line-ups up until game time and communicate that information to Sahar Abdur-Rashid.

Team Hosts. The team hosts will serve as a "concierge" for the participating institution's travel party. The Team Host for the home team is Bruce Ludlow, Southland Conference (214-394-7522; bludlow@southland.org). The Team Host for the visiting team is Tom Burnett, Southland Conference (469-628-7727; tburnett@southland.org).

Tobacco Ban. The use of tobacco products is prohibited by all game personnel (e.g., coaches, athletic trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

Travel Party/Squad Size. The official traveling party for the NCAA Division I Football Championship Game shall consist of 145 persons. Transportation expenses and a \$150 per diem will tentatively be provided for each member of the travel party.

The number of student-athletes in uniform cannot exceed 70, and at the administrative meeting, each coach shall designate the 70 student-athletes who will participate in the championship. A roster will be provided that should be used to list the 70 student-athletes as well as other personnel to be allowed on the sidelines during the game.

No substitutions will be permitted after the submission of the list for any reason. NCAA executive regulations may require the games committee to forfeit the game to the opponent of a team with more than 70 student-athletes in uniform.

In addition, additional student-athletes on the institutional squad list as of the date of the first-round games (not on the 70-man roster) will be allowed on the sidelines in their team bench area. The additional student-athletes must be wearing the same color game jersey top as the rest of their team (no pads/helmet) and other institutionally issued apparel (e.g., sweatsuit pants).

Video Board. The two participating teams will be instructed by the NCAA to provide introduction videos, logos,, PSAs and other materials in electronic format to Fred Bowen (574-807-5287; bowen@vwbsn.com) of Van Wagner Sports and Entertainment by Friday, December 27 for display on the stadium video boards. NCAA staff will work with VWSE to develop a comprehensive video board production plan and run of show, inclusive of public address announcements and timing. Toyota Stadium staff will provide video board operational support to Fred Bowen as the video board producer, during the game and will be available during championship week to finalize all production planning. A game production meeting is scheduled for 3 p.m. on Thursday, January 9 at the Toyota Stadium Winners Club.

DRUG TESTING

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

Drug Testing Procedures. All student-athletes are subject to NCAA drug testing at all NCAA championships. The goal of the drug-testing program is to provide safe, fair and equitable competition as well as to protect the health and safety of all NCAA student-athletes participating in NCAA championships and postseason certified events.

The National Center for Drug Free Sport will conduct drug testing at selected championships, and the assistance of the host institution will be a vital part of the testing.

Drug Testing Statement. NCAA drug-testing is a possibility at any and all NCAA championship rounds and sites. However, as a best practice, the NCAA will not announce whether or not drug testing will occur at any specific venue.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative from your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site.

Media Obligations.

• Team Championships. Each team is provided a postgame cooling-off period. At the conclusion of the cooling-off period, a member of the drug-testing crew will notify the student-athletes who have been selected for testing. Notification may take place in the locker room (if applicable) or on the field of play. Any student-athlete selected to participate in any postgame news conference is required to attend the news conference prior to checking in at the drug-testing venue. The student-athlete will be escorted to the drug-testing area after all media obligations have been fulfilled.

Site Coordinator. The drug-testing site coordinator for the 2020 NCAA Division I Football Championship Game is Raul Martinez, athletic trainer, Bandera High School (Cell: 469-995-5642; Email: rmartinez).

Testing Area. For the championship game, if drug testing is to occur it shall take place in the North end referee Locker room (designated visiting team) and in the FC Dallas locker room (designated home team).

Participating teams shall place any pre-mix fluid replacement in the NCAA-issued coolers and water bottles (when applicable). No other cups, cans, coolers or squeeze bottles, including any provided by an NCAA corporate champion/partner, may be used on the sidelines, in the locker rooms, hospitality areas, or in media areas. The host conference may retain the coolers, cooler carts, and ice chests after the competition. Participating teams may retain the water bottles and bottle carriers after the competition.

Field Communication Devices. Teams are expected to bring their own field communication devices (e.g., coaches headsets) for use during the championship game. The stadium staff will assist each team in setting up their headsets.

It is the committee's policy that, if during the game, one set of communication devices is not working, the other team is <u>not</u> required to disconnect its own communication devices. However, the stadium staff will assist any team whose headsets become inoperable during the game by attempting to restore the headsets to working order.

Both teams will be limited in the number of field communication devices that can be used in accordance with NCAA Football Playing Rule 1-4-12.

Game Balls. The Wilson F1001, F1003, F1004, F1005 and F1103 (GST-Prime) footballs are the official balls for the NCAA Division I Football Championship. The game balls will be stamped with the 2020 NCAA Division I Football Championship Game logo.

These agencies recognize that any videos may be used only in connection with a regularly scheduled television newscast within a 48-hour period after the game and the film clip or video portion of each such showing shall not exceed two minutes in length for a single game and five minutes in length for footage from multiple games within the FCS Championship. Television shall adhere to the specific policies that govern the length of video and times that it may be aired. Use of footage on the Internet or any digital platform, including but not limited to mobile is strictly prohibited.

If the event has live-television coverage, television entities may not air highlights of a game until the network's broadcast of that event has been completed.

For more information on using NCAA championship footage, refer to http://www.ncaa.com/media.

Stations are precluded from airing game highlights until the conclusion of the event. Local television stations, regional sport networks or national cable networks may televise live reports or film from inside the competition site up until 30 minutes prior to the start of the event. Stations will be permitted to film inside the competition site when the broadcast entity is off the air or an NCAA representative provides notification.

Media entities may not sell, loan or give away tournament footage to any individual or agency, or use it for any non-sports news program produced or aired by the station. Media entities may broadcast any news conference live on standard or non-standard television regardless of whether they hold the broadcast rights. They may not broadcast the news conference live over the Internet or mobile. The rights to these news conferences remain with the NCAA and are under the same guidelines as the news footage usage.

No media personnel or their equipment shall be in the team areas, and no media personnel may communicate in any way with persons in the team areas. Photographers may not place tripods on or beside the playing field nor attach strobes to goal posts.

Planning Call. The NCAA media coordinator, host media coordinator and sports information contacts of the two participating teams shall meet via conference call on Monday, December 23 at 2:30 p.m. (Eastern Time) before the championship game to review and confirm media coordination needs and policies.

Postgame Responsibilities. Unless the head coach chooses to forego the 10-minute cooling-off period, he must proceed directly to the locker room after the game unless requested for a short interview (not to exceed four minutes) by ABC. Teams also must proceed directly to the locker room.

The timetable for each team's 10-minute cooling-off period begins when the head coach enters the locker room immediately after the game.

- 1. The host media coordinator will assign to each team a person to time the 10-minute cooling-off period.
- 2. At the end of the 10-minute cooling-off period, the host media coordinator's representatives should escort the losing head coach and two student-athletes (minimum) to the interview area and then the winning head coach and student-athletes to the "holding" area.
 - a. It is very important to get the losing head coach and student-athletes to the postgame interview area quickly after the 10-minute cooling-off period has ended.
 - b. The "holding" area should be near the interview room, to be used by the winning head coach and student-athletes as they wait. They must be escorted to the news conference area as soon as the first team is finished. It is important that the losing coach has left the interview room or corridor before bringing in the winning coach.
 - c. If a coach permits any single media agency to enter the locker room before the 10-minute cooling-off period has expired, the locker room shall be opened to all other media representatives desiring access to the area.
 - d. Handheld radios for the news conference officials and locker room representatives are recommended.
- 3. Postgame drug testing of student-athletes will not begin until the drug-testing couriers have contacted the student-athletes selected for the testing after the 10-minute cooling-off period (if applicable).
- 4. Both locker rooms shall be open to the media for 30 minutes beginning as soon as the 10-minute cooling-off period has concluded.
 - a. All student-athletes and assistant coaches not participating in the formal postgame news conference must be available for any media requests during the 30 minutes that the locker room is open.
 - b. The assigned timer for the 10-minute cooling-off period should begin timing the 30-minute open locker room period as soon as the head coach and student-athletes leave for the postgame news conference.

5. Coaches and Student-Athletes.

- a. Regardless of regular-season radio or television contract(s), the head coach is obligated to the entire media staffing the championship game and must report to the interview room immediately after the 10-minute cooling-off period.
- b. Assistant coaches are not obligated to the entire media staffing the championship game and may grant postgame radio interviews at any time after the conclusion of the game.
- c. The procedure for postgame news conferences is different than the preliminary-rounds of the championship.
- d. The losing head coach and two student-athletes will open the interview session. The session with the losing team should be limited to 10-minutes.
- e. The winning head coach and a minimum of two student-athletes will follow. The session with the winning team should be limited to 20 minutes.
- f. After fulfilling the commitment to the press staffing the championship game, the head coaches may participate in special interviews.

6. Moderator.

- a. The moderator should give pertinent game statistics (i.e., leading rushers, passers, receivers, tacklers, game records) to the media while they wait for the first team to arrive. Statistics should be distributed to the media as soon as they are available.
- b. Sports information representatives should get the names of the student-athletes who will attend the news conference and give the names to the moderator so they can be announced in advance.
- c. Coaches and student-athletes should be told to let the moderator repeat all questions before they attempt to answer them. The moderator should tell them this as they sit down.
- d. The moderator should repeat all questions from the media, even if he or she thinks that everyone might have heard the question.
- e. The moderator should open the news conference by asking the head coach for his thoughts on the game.
- f. The moderator should then open up questions to media.
- g. If necessary, the moderator should try to get the student-athletes involved and direct a question to them if the media has not already done so.
- h. The moderator should limit the losing team to 10-minutes and the winning team to 20-minutes.
- i. The moderator should keep the flow of the news conference moving. If there is a gap of time between questions, limit questions to one more and then thank the head coach and student-athletes.

Press Parking. All media parking for championship week will be in the North Gold lot.

Printing of Credentials. The NCAA will design and print media credentials for the championship game. The local organizing committee will print the parking passes, and these passes will be provided to the NCAA Media Coordinator to distribute. The back of each credential shall include "Conditions Placed on Use of Credentials" (Appendix B).

Radio. Space automatically will be reserved for each participating institution's home radio station as designated by that institution. All other stations in the institution's area will be served on a first come, first served basis. However, space will also be reserved for the NCAA's national radio partner.

Seat Assignments. The NCAA media coordinator and the host media coordinator shall review the seating chart prior to the day of competition to ensure media agencies that regularly staff games receive preferred seat locations.

Sideline Passes. The NCAA shall provide each team with 36 sideline passes that shall be distributed to only the coaches and those individuals in working capacities who have performed these duties throughout the regular season. It should be noted that the 36 passes shall include the coaches who will be working in the press box during the game.

In addition, student-athletes on the institutional squad list as of the date of the first-round games (not on the 70-man roster) will be allowed on the sidelines in their team bench area. The additional student-athletes must be wearing the same color game jersey top as the rest of their team (no pads/helmet) and other institutionally issued apparel (e.g., sweatsuit pants). They will also need to have a credential. This list must be provided at the pre-championship meeting.

Sports Information Contacts. No later than Sunday, December 22 each participant's sports information contact shall provide his/her media with this website - http://www.ncaa.com/media to apply for credentials and hotels. The deadline for media hotel requests will be Tuesday, December 31 by 5 p.m. Eastern time. The deadline for credential requests will be Thursday, January 2 by 5 p.m. Eastern time.

The sports information contact for each team advancing to the national championship game shall meet with the NCAA media coordinator prior to the championship game to discuss responsibilities and the media obligations of the institution's staff, head coach and student-athletes.

Telephones. At the championship game site, telephones may be installed in the press box as a championship expense if approved in advance. These phones should be limited to credit card, toll-free or incoming calls.

The athletic trainer(s) and physicians should be equipped with a means of radio communication. Contacts: Jonathan Hancock (719-229-8358; JonathanHancock@texashealth.org) at Texas Health/Ben Hogan Sports Medicine.

Concussion Management. The NCAA has adopted legislation that requires each active member institution to have a concussion management plan for its student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA Championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions. A student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

For further details please refer to the "NCAA Sports Medicine Handbook Guideline on Concussions" online at www.NCAA.org/health-safety.

Medical Procedures. Institutions and athletics health care providers should adhere to federal, state and local regulations; NCAA bylaws and sport playing rules; and the NCAA Sports Medicine Handbook. Athletics health care providers for the student-athlete should be appointed by and should report to institution administrators who are independent from coaches (e.g., health center, campus hospital/medical center, student affairs). For information regarding area physicians or medical support staff, please contact Jonathan Hancock (719-229-8358; JonathanHancock@texashealth.org) at Texas Health/Ben Hogan Sports Medicine.

Team Frisco must arrange for access to two physicians (general practitioner and an orthopedic surgeon) that must be accessible by cell phone or pager during all practices and they must be in attendance at the championship game. At the NCAA's expense, an ambulance service shall be provided for event participants on game day. The ambulance service must be obtained by Team Frisco. The ambulance should be equipped with advanced life-support equipment (e.g., AED with EKG capabilities, cardioconversion drugs, and emergency respiratory equipment). Paramedics and a first aid room must also be provided. If necessary, the following nearby hospital facility may be used by participating teams. This hospital shall ensure that championship participants will be provided priority care and assistance:

Texas Health Presbyterian Hospital Plano 6200 West Parker Road Plano, Texas 75093-7914

Phone: 972-981-8000

Medical Staffing.

- 1. **Host Medical Staff.** It is the responsibility of the host conference to provide medical coverage and care for participating student-athletes. In limited-access venues, the host medical staff will assess and remove from play student-athletes with injuries. Once removed, traveling medical staffs will have access to their student-athletes.
- 2. **Travel Party.** Medical personnel receive credentials for the championship as part of the normal institutional travel party. It is the responsibility of the participating institution to include medical personnel in their normal credential numbers. However, institutions may elect to pay for medical staff to travel in addition to the travel party limits though institutional funds. Participating institutions may include team physicians on their gate list. If the physicians are not seated on the bench, the host athletic trainer should ascertain their seat locations, in case of emergency, and be prepared to escort the physician to the team locker room, if necessary. If the team physician has not been provided a credential from the team allotment, they will be provided a credential and escorted to the team locker room or athletic training room. Competition site access can be secured by acquiring session tickets though purchase or an institutional pass list.
- 3. **Access.** Medical staff traveling with teams will have access to their team participants through the host medical staff, should an injury occur.
- 4. **Communication.** Contacting the host medical staff before arriving to the championship site is recommended. On arriving, understanding competition site access during the event will help coordinate access to injured student-athletes. Typically, an access point from the stands supervised by security will allow access to student-athletes.

MERCHANDISE

Team Frisco is required to sell items provided by the official NCAA event championship merchandiser. An administrative meeting will be held to address this concern as well as evacuation and crowd control measures.
 - Access to the competition area shall be limited to participating student-athletes, coaches, officials, support personnel and properly-credentialed individuals only. For the safety of participants and spectators alike, at no time before, during or after a contest shall spectators be permitted to enter the competition area. It is the responsibility of each participating institution to implement procedures to ensure compliance with this policy.
- 3. **Game Stoppages**. In the event that a large number of spectators enter the competition area (e.g., playing field, sidelines, end zone areas) during a game, the Referee should be instructed to do the following:
 - a. Get both coaches together at midfield and let them know that the game is being suspended until the sidelines are cleared of everyone not authorized to be there.
 - b. Get the officiating crew together with two or three security staff members.
 - c. Announce via the public-address system that the game is being suspended until the sidelines are cleared of all unauthorized individuals.
 - d. If necessary, take the officiating crew with appropriate security personnel to a safe location.
 - e. If the sidelines are not cleared within a reasonable period of time, then the Referee may declare that the game is over.
- 4. **Hosting Opportunities**. An institution failing to keep its spectators and other unauthorized personnel out of the competition area before, during or after the championship game may, as determined by the football championship committee, be prohibited from serving as a host for the preliminary rounds the following year in which the institution participates in the championship.
- 5. **Locker Rooms**. Protection must be provided for each team's bench area, locker room and bus drop-off/pick-up location, and the officials' dressing room. Traditionally, the process of loading onto team buses has been an informal one as student-athletes and coaches exit the locker room at different times and many wish to visit with family members near the team buses. However, security should be on-hand postgame to ensure only appropriately credentialed/uniformed personnel enter locker rooms.
- 6. **Non-permissible Items**. The host is responsible for enforcing the NCAA policies in this area.
 - a. **Video Camera/Still Camera Policies.** Ticketed patrons shall not bring video equipment into the facility on game day. Still cameras with a lens no longer than four inches are permissible.

Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.
- d. **Promotional Items**. Promotional items (e.g., cups, shakers, flags, etc.) with commercial slogans or identification are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, t-shirts, caps, etc., except products sold by the NCAA or its agents, may not be distributed on the premises without NCAA approval.

- 8. **Coaches.** Escorts between the locker room and the press box shall be provided for coaches at halftime and immediately after the conclusion of the game.
- 9. **Media Spaces.** Security personnel should be instructed to protect the working press areas and interview area especially before and after the game, and to limit access in all restricted areas to individuals wearing credentials. It is incumbent upon the host media coordinator to emphasize the necessity to protect the working press areas from the spectators, and to encourage the security supervisor to designate additional personnel to staff this area before and after the game. It is also the responsibility of security personnel to ensure only authorized individuals obtain access to the press box roof.
- 10. Safe Room. In consultation with the NCAA, the competition, practice and/or ancillary event venue(s) staff must designate a comprehensive security/emergency-situation plan, inclusive of a "safe room" on the event level to serve as a command/control center. This Security Command Center is located off the Northeast concourse. Additionally, a control room with an unobstructed and full view of the competition, practice and/or ancillary event venue(s) seating area must be designated.
- 11. **Student Sections.** Particular attention should be focused on those seating sections designated for students of the participating teams. Security personnel should ensure that only appropriately ticketed patrons are in each seat/section and that ample security is focused on this area near the end of the game.
- 12. **Competition Venue Access.** Access to the competition, practice and/or ancillary event venue(s) will be by ticket or NCAA-issued credentials. The NCAA shall establish and manage the access plan for the competition, practice and/or ancillary event venue(s) during the championship game and will have the right to create its own system to manage and issue credentials. The NCAA is under no obligation to issue a credential to any individual and will evaluate each request on a case-by-case basis.

The NCAA Division I Football Championship Committee Chair and the NCAA championships and alliances staff liaison to the championship, in collaboration with the competition, practice and/or ancillary event venue(s) staff; and city, county, state and federal law enforcement agency representatives, will serve as the spokespersons in the event of an emergency.

The Frisco Police Department will be alerted that fans will be taking these routes by foot as a safety and security measure.

Fan transportation point-of-contact on game day will be Alina Nair @ Wynne Transportation. 214-482-5284

Local Team Transportation. Team Frisco shall provide four 47-passenger buses for use by each team during its stay in Frisco. There will be no charge for this service. If a team desires more than four buses, the institution shall incur the expense for the additional buses. For additional transportation needs and to manage daily bus transportation schedules, team representatives should contact Bedford Wynne of Wynne Transportation at 972-915-7300. Additional transportation should be billed directly to the participating institutions.

Police Escorts. Team Frisco has made arrangements with the Frisco Police Department to provide escorts for team buses. Police escorts shall be provided for transportation to and from Toyota Stadium for the day of competition. All other bus transportation (e.g., practices, team entertainment, etc.) will not receive a police escort.

In order to secure a police escort on game day, team representatives should contact Gina McFarlin, Toyota Stadium Senior Director of Safety and Security (cell: 214-868-0481) who will work with the Frisco Police Department on setting up police escorts. Police escorts will be limited to the team buses and two courtesy cars per escort on game day only.

The estimated bus driving time, under escort, to the stadium from the Westin Stonebriar hotel is approximately 8-10 minutes and from the Omni Frisco hotel is approximately 5-10 minutes.

Security Sweep. All team equipment will undergo a security sweep as it is loaded onto team buses at each hotel on game day. Teams should plan their departure and stadium arrival schedules accordingly.

Transportation of Equipment. When a team is eligible to fly by chartered flight, the NCAA will arrange an aircraft to accommodate the travel party and all necessary equipment. If a team is unable to fit all necessary equipment on the chartered aircraft, the NCAA will pay the cost to ship the equipment to the competition site. Any excessive or unnecessary equipment will be shipped at the cost of the institution. Determination of excessive or unnecessary equipment will be made by the NCAA travel department in consultation with the football championship committee.

Teams requiring the rental of a box truck for local equipment transportation in Frisco should contact Al Wilson of the Southland Conference for information on local providers. He can be reached at awilson@southland.org; 225-572-5881 (cell).

TROPHIES AND AWARDS

Awards Ceremony. The awards ceremony will be conducted immediately after the championship game from the stage located in the North End Zone. The chair of the football championship committee and/or the NCAA President will present the team trophy during the ceremony, and the individual awards will be delivered to the appropriate team in the locker room after the game by a member of the Division I Football Championship Committee. Subsequent to the team award, a Most Outstanding Player will be announced, and the winning student-athlete will be provided with an award on the stage. This student-athlete may be asked to answer a few brief questions for the fans. If the selected student-athlete is from the team that does not win, his trophy may be presented in the postgame interview room. The second-place trophy and awards will be shipped to the campus of that institution immediately after the game.

The announcement of the trophy presentation will be made by the public-address announcer in coordination with an on-field emcee. An NCAA representative will coordinate the timing of the announcement with the public-address announcer. If ABC elects to cover the awards ceremony, arrangements should be made to provide adequate security at the site of the presentation, and the timing of the presentation might be altered.

Champions Locker Room Program. The NCAA has partnered with select NCAA licensees to celebrate the national champions of each of the 90 NCAA Championships. Each team champion shall receive a national champions T-shirt and hat to commemorate the experience of winning a national title. A detailed explanation of the logistics of the locker room program will be provided in the championship specific section of the manual. However, listed below is a summary of steps that should be followed when implementing the locker room program at all final championship sites.

- The product is for team champions only. Individual championships are not a part of the locker room distribution.
- Please remove all hangtags (if needed) on the merchandise prior to being distributed.
- The merchandise should be distributed to the winning team only immediately following the handshake as soon as the game has officially concluded. Extra product (if any) should be given to the team's equipment manager.
- All winning team inquiries about obtaining additional locker room product should be directed to Gear For Sports and Top of the World depending on product. Please contact David Clendenin at the NCAA national office for contact information, 317-917-6496.

Championship Awards. MTM Recognition, Inc., the NCAA national office awards supplier, will send official NCAA awards to the tournament manager approximately two weeks prior to the championship. When the awards arrive the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

No additional awards, unless otherwise approved by the championship manager, should be presented to the student-athletes and coaches of the participating teams.

The NCAA national office will send a one National Champion team trophy for the first-place team to the attention of Nick Shafer, Toyota Stadium, 9200 World Cup Way, Frisco, Texas 75033 (469-365-0007). A Most Outstanding Player award will also be shipped to Toyota Stadium. The awards should be inspected upon arrival to ensure the adequate number and types of awards have been sent.

Individual mini-trophies (80) and gold watches (80) will be sent directly to the campus of the national champion following the championship.

For the national runner-up, 80 second place mini trophies and a team trophy will be shipped to that institution's campus following completion of the championship game.

The NCAA will offer institutions that participate in Division I Championships the opportunity to purchase awards (medallions, mini-trophies or watches) at the level to which the team advanced in the

competition. For example, if a team received mini-trophies, an institution may purchase mini-trophies, but not watches or medallions. Since the NCAA provides awards for the official travel party (medallions provided to squad size only), additional championship awards may only be purchased for student-athletes on the institution's certified squad list who did not receive an award provided by the NCAA. Since participant medallions are only provided to the squad size, an institution may purchase medallions for the remainder of the travel party and for student-athletes on the institution's certified squad list who did not receive an award provided by the NCAA. For more information, institutions should contact Deana Webber at MTM Recognition (800-324-5997, ext. 6888 or dwebber@mtmrecognition.com)

Elite 90. The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average competing at the finals site for each of the NCAA's 90 championships. Each institution that qualifies for the championship game is eligible to nominate a student-athlete to win the award for that championship. All ties are broken by number of credits completed. For more information regarding this program, please contact Mark Bedics at elite90@ncaa.org or 317-917-6222. All documents, including deadlines and nomination forms can be obtained at the following location – Elite 90 forms.

You must be logged into the site to access the page. The submission deadline for nomination for the Division I Football Championship is Wednesday, December 18 at 5 p.m. Eastern time.

The NCAA Elite 90 Award will be presented at the Championship Banquet (Breakfast) on Friday, January 10.

Game Programs. Each team will receive 145 complimentary game programs for members of the official travel party that will be distributed to the team sports information contact on either a practice day or game day.

Student-Athlete Participation Awards. For 2019-2020, an online gift suite will serve as the participation awards provided to members of the official travel party of institutions that advance to the championship finals site.

After the championship, MainGate will send the head coach an email providing ordering process details, along with a unique Certificate Code (valid for one participation award per member of your official travel party) that can be redeemed only at www.NCAA-Awards.com. In order to ensure that each participant receives his or her award, a member of your administration must place your team's order, including size information, at NCAA-Awards.com using your Certificate Code.

Your institution may select different items per participant; men's and women's sizes are available for apparel items. If you would like to purchase additional awards, you will have the opportunity to do so online via personal credit card at the end of the checkout process.

Participation award items will be sent to your institution for distribution to your student-athletes within four to six weeks after your order is placed. If you do not receive information for ordering awards within two weeks of the conclusion of the championship, please contact Erin Hannoy (ehannoy@maingateinc.com), MainGate Customer Service (866-945-7267) or the NCAA championship manager.

Team Photos. Team Frisco shall arrange for a team and staff photograph to be taken in the stands along the press box side of Toyota Stadium before team practices on Thursday, January 9. The home team will have its picture taken at 9 a.m. and the visiting team will have its picture taken at 12:30 p.m. Team photos will be mounted on plaques and tentatively provided to teams at the Championship Banquet on Friday, January 10 for each member of the team travel party. In the event of inclement weather, team photos will tentatively be taken in the South Endzone of Toyota Stadium under neither the National Soccer Hall of Fame awning.

UNIFORMS

Jersey Color. The NCAA Division I Football Championship Committee has determined that the higher-seeded team will be designated as the home team and will wear dark jerseys. The visiting team will wear white jerseys. If neither team is seeded, the Division I Football Championship Committee and NCAA staff will determine the home team. NCAA staff and the Division I Football Championship Committee will also make team bench/sideline determinations.

Laundry. Toyota Stadium has two washing machines (Speed Queen Commercial Washers with 60 lb. capacities) and three dryers (Speed Queen Commercial Dryers). Teams are permitted to use these machines for on-site laundry needs. However, teams must supply their own powder detergent and provide their own staff to launder clothing. Teams should coordinate usage of the machines with Nick Shafer with Toyota Stadium.

Teams seeking to use off-site laundry facilities can get information about local options from their team hosts.

Logo Helmet Stickers. Each team will be supplied with 100 championship game logo helmet stickers. These stickers are to be affixed to the back of each student-athletes helmet.

Logo Patches. Commemorative patches of the 2020 NCAA Division I Football Championship Game logo will be created for the two participating teams. The 145 patches per team will be produced by The Emblem Source and shipped to the two participating teams after the championship semifinals. These patches must be sewn onto all jerseys used in the championship game. Patches are to be worn on either the right or left chest portion of the jersey (same placement location for all team members).

VOLUNTEERS

Team Hosts. The team hosts will serve as a "concierge" for the participating institution's travel party. Team hosts must have a flexible schedule, as team plans have a tendency to change. Each host should be prepared to be available for the teams the entire time the team is in Frisco.

The Team Host for the home team is Bruce Ludlow, Southland Conference (214-394-7522; bludlow@southland.org).

The Team Host for the visiting team is Tom Burnett, Southland Conference (469-628-7727; tburnett@southland.org).

NCAA drug-testing is a possibility at any and all NCAA championship rounds and sites. However, as a best practice, the NCAA will not announce whether or not drug testing will occur at any specific venue.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative from your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site.

NCAA MEDIA COORDINATION AND STATISTICS 2019-20 CONDITIONS PLACED ON USE OF CREDENTIALS

Each individual ("Bearer") using this credential for access to any NCAA championship game or related events including, without limitation, a practice, press conference, interview, or other activity associated with such NCAA championship (the "Events"), on behalf of his or her employer or assigning news organization ("Employer"), agrees to the following:

GENERAL

Each Bearer must be and hereby represents that he or she is acting on a specific assignment for an accredited media agency and has a legitimate working function in conjunction with the Event attended. The credential is not transferable and may be revoked at any time with or without cause.

The rights and privileges granted to Bearer shall automatically terminate if any term of this credential shall be breached. The unauthorized use of this credential subjects the Bearer and his or her Employer to ejection from the facility and prosecution for criminal trespass, without limiting any other rights and remedies at law or in equity.

Bearer shall display the issued credentials at all times and consents to the reasonable inspection of his or her person and property before entering the venue and/or during an Event. While within the venue, Bearer shall, at all times, adhere to the policies in place for the Event, as well as access limitations, and direction provided by the NCAA and its designated agents. Bearer shall not, at any time, display, post, or otherwise reproduce the credential image on any digital platform, including online social media sites or applications (e.g., Facebook, Twitter, Instagram, Snapchat). Additionally, Bearer may not broadcast, telecast, film, record, transmit, display, or otherwise distribute, or allow any other party to distribute, footage or content of the Events on a live basis, including via any real-time online streaming application (e.g., Periscope, Meerkat).

Bearer assumes all risks incidental to the performance by the Bearer of Bearer's services in connection with the Events and assumes all risks incidental to the Events, whether occurring before, during or after the actual playing of the Events, and agrees that the NCAA, its member institutions, and their respective employees, directors, officers, student-athletes, coaches, and contractors shall not be liable for injuries or loss of personal property or equipment connection therewith.

Bearer further agrees to release the NCAA and all persons and educational institutions involved in the management or production of the competition from any claim or liability arising from failure to provide space for telecasting/broadcasting, or other facilities for the television/radio station, Internet media, network, cable system, or other media entity.

In the event that the name or likeness of the Bearer is included in any broadcast, telecast, photograph, film, video or other media taken in connection with the Events, the Bearer grants the NCAA the non-exclusive, transferable, perpetual right and license to use (and to sub-license the use of) such name and likeness in any media worldwide whether now known or thereafter devised.

Bearer agrees to indemnify the NCAA and save harmless the NCAA, its officers, agents, contractors, employees, and each of its member institutions, their officers, agents and employees, of and from any and all claims, demands, causes of actions, liabilities, damages and expenses (including reasonable attorneys' fees) arising out of anything done or purported to have been done by Bearer or his/her

Employer, including but not limited to Bearer's breach of any term of the credential. With respect to any claim that might give rise to liability of the Bearer as an indemnitor, the NCAA shall: (a) have the right to fully participate in the litigation of such claim with counsel selected by Bearer and approved by the NCAA at the sole expense of the Bearer; and (b) not be obligated, without its consent, to participate in any settlement of such claim.

MEDIA

The use of any account, description, picture, photograph, video, audio, reproduction, or other information concerning the Events other than for rights for news coverage of, or magazines, books or stories about, the Events is prohibited, except (a) with the prior written consent of the NCAA or its designee or (b) as specifically licensed herein. Nothing in these terms and conditions authorizes or allows Bearer to violate any of the NCAA trademarks, copyright and other proprietary rights.

If video and/or audio of the Event is distributed by an NCAA rightsholder, Bearer may only utilize the network feed provided by the NCAA or its designee and Bearer may not alter the feed in any manner without prior approval of the NCAA (e.g., removing network graphics or bugs/logos). If the Event is not distributed by an NCAA rightsholder, Bearer may produce its own video and/or audio highlights from the Event pursuant to such conditions and in such area as designated by the NCAA. Bearer agrees to the terms and conditions of the NCAA Championships Footage Usage and Licensing Policies.

Real-time transmission of streaming video, digital images, real-time audio, including play-by-play and statistics, of any Event is exclusive to the NCAA's website and/or any other website designated by the NCAA and its rightsholders. "Real-time" is defined by the NCAA as a continuous play-by-play account or live, extended live/real-time statistics, or detailed description of an Event.

A Bearer may blog during any Event, provided that such blog may not produce in any form a "real-time" description of the Event (i.e., any simulation or display of any kind that replicates or constitutes play-by-play of a material portion of an Event, other than periodic updates of scores, statistics or other brief descriptions of the Event). If the NCAA deems that Bearer is producing a real-time description of the contest, the NCAA reserves all actions against Bearer, including but not limited to the revocation of the credential.

The NCAA is the owner of trademarks, copyrights, and other proprietary rights in the Event and in and any telecast, broadcast, transmission or recording thereof, and no rights are conferred to, or intended to be conferred to, or created on behalf of, Bearer or his or her Employer. Member institution name, logo, mascot, and other intellectual property of a school, is controlled by each member institution. The member institution name and team name may be used for news purposes directly related to their participation in the Event.

The credential confers on Bearer a limited, non-exclusive and non-transferable license to take photographs of the Events, and to allow the entity that engaged the Bearer to take the photographs to use such photographs, only for news coverage of, or magazines, or stories about, the Events, other editorial purposes, and reprints of news pages from such entity's publications, provided that such use is not likely to create, or does not actually create confusion in the minds of the trade or public that Bearer or its reprints or any elements therein, or the items on which they are reprinted, are sponsored or

endorsed by, or are associated or affiliated with the NCAA or that the NCAA licensed Bearer to use their trademarks or copyrights. Neither the Bearer nor the entity that engaged the Bearer may sell photos taken at the Events to third-party entities, including but not limited to other commercial entities or the general public.

In exchange for the access granted by the credential, the NCAA shall have the right to purchase prints of any published photographs taken by the Bearer in connection with the credential, at the best financial terms offered to third parties, and such the NCAA shall be licensed at no additional charge to use the photographs for news coverage purposes only. The NCAA may not distribute reproductions of the photographs to others or license others to reproduce the photographs.

Any secondary use of any picture, audio description, videotape/film or drawing of the game taken or made by the accredited organization or individual to whom this credential has been issued (including, but not limited to, non-editorial, advertising, sales promotion or merchandising) is prohibited without prior specific written approval of the NCAA or its designee.

Radio stations that have not purchased rights shall not carry any broadcast report from courtside on a live basis or any live description of any game action while it is still in progress and are subject to all other requirements as listed in the NCAA Audio Policies.

NCAA CHAMPIONSHIP VIDEOGRAPHER

The NCAA Championship Videographer policy is intended to protect the broadcast rights sold to the NCAA media partners, while providing NCAA member institutions the ability to capture and utilize championship footage.

Institutional videographers will be permitted to capture competition footage from the still photographer areas. These areas are designated by the championship sports committees in conjunction with the championship media coordinator. Each institution will be permitted to have one videographer for this purpose and will only be permitted to capture footage of events/contests in which it is participating. In addition, institutional videographers will be permitted inside the locker room, with approval of the institution's head coach, during periods that are off limits to general media. The team videographer for the winning team will be allowed on the competition area to film the postgame celebration and awards ceremony, if applicable.

The NCAA will grant the institution permission to videotape this NCAA championship event for non-commercial uses only. Bearer agrees to the terms and conditions of the NCAA Championships Team Videographer Policy.

In order to enhance ABC/ESPN's telecast, the NCAA Division I Football Championship Committee has agreed to allow ABC/ESPN special production access from a participating institution. Some of this access will be *MANDATORY* and some will be subject to the head coach's approval.

MANDATORY ACCESS FOR ESPN IS AS FOLLOWS:

- 1. *MANDATORY* closed practice access for ABC/ESPN producer, director and talent team.
- 2. Camera/microphone access to locker room during pre-game (MANDATORY).
- 3. *MANDATORY* head coach halftime interviews. ABC/ESPN will interview the head coach of the team that is leading going into the locker room and will interview the head coach of the team that is trailing coming out of the locker room. In the event of a tie, ABC/ESPN will interview the designated visiting team head coach going into the locker room and home team head coach coming out of the locker room. The first interview must be conducted immediately following the end of the first half. The interview must not exceed 90 seconds. The halftime clock will not start until the interview has been completed and the field is clear. The second interview will be conducted upon the head coach returning to the field following halftime.
- 4. **MANDATORY** head coach and/or student-athlete interview no later than 90 minutes prior to kick-off on game day. ABC/ESPN shall request, through the participating sports information contact, the head coach and/or student-athlete no later than two hours prior to kick-off.
- 5. *MANDATORY* sideline reporter access behind a team's bench throughout the game. There will be no camera or live microphone, but the reporter may give a brief summary report following the timeout. Discussions in the team huddles will not be recorded or aired.

For those requests that are subject to head coach approval, each participating institution's sports information contact will be required to complete an ABC/ESPN Production Access Form and return it to the NCAA at the pre-championship administrative meeting. Team representatives are requested to immediately report to the Division I Football Championship Committee any issues which may arise regarding ABC/ESPN access.
