

**2021 NCAA DIVISION I FOOTBALL CHAMPIONSHIP**  
**Visiting Team Accommodations Verification Form**

**Host Institution:** \_\_\_\_\_

**LODGING**

The host institution or sponsoring agency shall make local reservations for the visiting team and advise them of the arrangements. These arrangements should include an appropriate amount of meeting space at the hotel for the visiting team. Each visiting institution is obligated to confirm their accommodations.

A minimum of 60 double-double rooms should be reserved by the host institution for the visiting team for all preliminary-round games.

It is strongly recommended that the hotel reserved for the visiting team be: a) lodging accommodations all located in one hotel property; b) a full service property; c) be located within 30 miles from the competition venue; d) have minimum meeting space (one room for 100 for the purpose of team meals; two breakout rooms for 40 per room; and a conference room for athletic training needs); and e) provide a late check-out for any game starting after 4 p.m. local time.

**New for 2020-21**, failure to meet any of the above recommendations may have an impact on a site being selected to host during the preliminary rounds. If any of the above recommended requirements cannot be met, the host institution must make the NCAA staff liaison (Chad Tolliver; [ctolliver@ncaa.org](mailto:ctolliver@ncaa.org); 317-917-6706) aware of the shortfall when submitting other bid materials.

The NCAA staff liaison should be made immediately aware of any changes to the visiting team lodging/accommodations after official bid materials have been submitted.
