

2023 NCAA Division II Post Season - Hudl Video/Game Exchange

The 2023 Football season will encompass the same parameters for video exchange as was done in 2022. Beginning with the second Regional Rankings, each school that is in the top 10 of the regional rankings is required to exchange all games from the 2023 season with the NCAA Hudl site below. You will continue to do that until you are eliminated from the tournament. The NCAA will handle all game film exchange between the schools this season. If you are listed in the Regional rankings you will be sent a reminder via Hudl Request Exchange to send your game film for that week and the season. The following information is required.

1. **The person responsible for uploading and tournament exchange purposes.**
 - a. Name:
 - b. Cell:
 - c. Institution:

2. **How is your school listed on Hudl?**

3. All games should include **Offense/Defense/Kicking** along with **Down and Distance**. There should also be a clock shot at every change of possession(post season games). 4. Video/Game film should be exchanged with “NCAA D2 Football”
I will send a “dummy” exchange with each host school prior to game day.
This will come via the ‘request exchange” in Hudl.
Your regular season games through November 4, 2023 should be sent no later than Tuesday November 7, 2023. You will receive a “request exchange” to link. **NO 2 way exchanges!!** If you send your games in a 2 way exchange proposal we will decline and it will be considered you have not shared your games with the NCAA D2 Committee.

5. The post season game should be exchanged within four (4) hours of the game being played by the host school.

If game video policies are not appropriately adhered to by a NCAA participant (upload deadlines, inclusion of video data, etc.), the NCAA Division II Football Committee may consider penalties, including (but not limited to) suspending access to game video via Hudl for a to be determined period of time due to a lack of compliance with the policy.

Schools that do not have Hudl should contact Danny Harris. He will be able to help facilitate the use of Hudl over the course of the tournament.
