# Section 1 • Introduction

## Section 1.1 Overview

---

Thank you for serving as an NCAA site representative at one of the preliminary-round sites of the Division III Football Championship.

During the preliminary round(s) of championship competition, NCAA site representatives serve as the primary ambassadors of both the NCAA and the NCAA Division III Football Committee. As such, NCAA site representatives are expected to conduct preliminary-round championship competition according to the policies and procedures outlined in this manual, the prechampionships manual and the host operations manual. NCAA site representatives also are responsible for conducting both the administrative meeting and the officials meeting prior to the start of preliminary-round competition.

Please note: A videoconference will be conducted at 11 a.m. Eastern time, Nov. 14, for all site representatives and NCAA staff to review duties and responsibilities. Please refer to [Appendix B](#) for the videoconference agenda and call-in information.

In preparation for your role, please review and have on hand the following documents, which may be found on [ncaa.org](http://ncaa.org):

- Prechampionship manual - [ncaa.org/championships/division-III-football](http://ncaa.org/championships/division-III-football)
- Host operations manual - [ncaa.org/championships/division-III-football](http://ncaa.org/championships/division-III-football)

These documents, as well as the information found in this manual, are invaluable resources for you and should be your first reference when questions arise.

If you have any questions or concerns, please contact the NCAA staff or **John Snell**, chair.

On behalf of the NCAA and the Division III Football Committee, thank you for your time and efforts.

## Section 1.2 Responsibilities of Site Representatives

---

The following is a general overview of the site representative's responsibilities:

- To serve as a representative of the NCAA during championship playoffs;
- To conduct championship competition according to the policies and procedure outlined in the prechampionships manual and host operations manual;
- To conduct the administrative meeting in conjunction with the championship;
- To conduct a prechampionship teleconference with teams, administrators and host (if applicable);
- To serve as a resource for visiting teams and tournament director;
- To complete an evaluation of the tournament site; and
- To communicate in a timely fashion to the NCAA championship staff issues and concerns that occur at the site.

## Section 3 • Selection and Overview

### Section 3•1 Selection Process and Notification

---

In order to serve as a site representative, all individuals are required to submit their information via the link provided (<https://goo.gl/forms/oDPIJqOz7PaetTGk2>) and participate in the mandatory site representative training for the specific sport. All individuals employed at NCAA member institutions and/or conferences are eligible to serve as site representatives. Individuals who have a perceived conflict of interest in serving as a site representative at a particular institution or for a specific sport should note this when submitting their information in the database. (See Conflict of Interest below.)

Site representatives will be notified after selections that they are needed to serve.

### Section 3•2 Conflict of Interest

---

The NCAA is a voluntary Association comprised of public and private institutions and conferences governed through a membership-led committee structure. Within the governance structure, committee members must carefully balance their responsibilities to their respective institutions and/or conferences with the obligation to advance the interests of the Association, the division or the sport, and ultimately enhance the student-athlete experience. While the fiduciary obligations of committee members to their own institution, their conference and to the Association ordinarily are not in conflict, it is recognized that as a representative membership organization, committee members' fiduciary obligations are first to their institution, second to their conference and third to the Association. NCAA committee service involves important ethical and moral obligations. Committee integrity is critical to the decision-making process and includes trust, confidentiality and honesty in all issues and aspects of service and representation. NCAA committee members shall disclose any conflict or potential conflict between their respective personal, professional, institutional, conference or business interests and the interests of the Association that may affect or otherwise threaten such integrity, in any and all actions taken by them on behalf of the Association, for committee evaluation under this statement. When considering disclosures, keep in mind those may result in an "excess benefit transaction" under Section 4958 of the Internal Revenue Code of 1986, as amended (the "Code") or other tax or other laws that may apply.

A committee member who receives information under confidential or nondisclosure terms, including but not limited to Association business or litigation matters, shall adhere to those confidential obligations as a primary matter. In addition to any fiduciary obligation to their institution and conference, committee members also have a fiduciary duty to the Association not to use nonconfidential knowledge or information obtained solely due to service on that committee to the disadvantage of the Association. Further, a committee member shall not participate in the committee's discussion or vote on any action that might bring direct or indirect personal financial benefit to the member or any organization (other than the member's institution or conference) in which the member is financially interested. A committee member should also not participate in a discussion or vote for which the member's institution or conference is to be accorded a special benefit beyond benefits shared with other institutions or conferences or is to receive a penalty or disqualification. A violation of either of the above rules by a member of the committee shall not invalidate the action taken by the committee if, following disclosure of the conflict of interest, the committee authorizes, ratifies or approves the action by a vote sufficient for the purpose, without counting the vote of the committee member with the conflict of interest, and the appropriate oversight body approves the action.

A committee member is responsible for advising the chair of any actual or potential conflicts of interest or obligations which they may have hereunder and should recuse themselves from participating in proceedings, as may be warranted by this policy. Abuse of one's position as a member of a committee may result in dismissal from that position. Where such abuse appears evident, a committee member will be notified by the committee chair and will have the opportunity to present a rebuttal or details of the situation. A committee member who acts contrary to this policy may void defense and indemnity privileges that are provided by the Association in connection with committee service.

## Section 3•3 Neutrality

---

Site representatives are representing the NCAA and should be neutral in this role. We would ask that site representatives dress professionally while avoiding any clothing that denotes institutional and/or conference affiliation.

## Section 3•4 Evaluations

---

### TOURNAMENT SITE EVALUATION

In addition to the immediate feedback requested via the observation portal outlined in the previous section, we ask that each site representative also provide feedback on the championship site at which they served. NCAA staff will send a link to complete this evaluation following the championship.

### CHAMPIONSHIP SITE EVALUATION

We also will have the tournament directors complete an evaluation. It will be sent to the tournament directors as an electronic link after the championship game.

# Section 4 • Important Dates

## DAY OF COMPETITION

Arrive at site three (3) hours before start of game. Remain available to monitor and supervise all aspects of the championship as indicated in the site representative and host operations manuals.

- Perform a facility walk-through and review:
  - Signage is properly displayed and advertisements are covered.
  - Press box/scorer's table/coaches booth are set and ready, if applicable.
  - Check visiting locker room(s) for cleanliness and properly stocked with paper items.

- Ensure that sales locations for merchandise and programs (if applicable) are prepared.
- Check for inappropriate noisemakers.
- Test all electronic equipment.
- Greet officials and visiting team(s) as they arrive.
- Check squad sizes and bench limits (58 and 78).
- Collect starting lineup forms 15 minutes before start of game and provide it to PA, if applicable.

### **During Game**

- Listen and watch crowd for inappropriate noisemakers and/or signage. Have security remove them if necessary.
- Observe coaches' and players' behavior.
- Note any problems in the stands/bleachers and have security handle any conflicts.

### **Halftime**

- Be sure that officials and teams are securely ushered on and off the field.
- Check at scorer's table (if applicable) and press box to be sure everything is running smoothly.
- Be near when both teams come back out from halftime to ensure there are no issues.
- Perform a recount of bench-limit size.

### **BEFORE THE END OF GAME**

- Ask the tournament director to get you an accurate count of game attendance to report back.
- Be sure everyone is prepared for end-of-game security and media needs.

### **END OF GAME**

- At end of game, make sure officials are safely off of field.
- Observe players and coaches shaking hands and leaving field.
- If a misconduct occurs, please contact the NCAA championship administrator and submit the misconduct report.
- Attend media interviews and be sure cooling-off period occurs.
- Check in with drug testing to see that there are no issues, if applicable.
- Stop by the locker room of the nonadvancing team and thank head coach and team for being part of the championship.

### **BEFORE LEAVING SITE**

- Obtain a final copy of stats sheets and remind SID to send results as requested by NCAA.
- Confirm that the tournament director has everything taken care of, and remind him/her to complete surveys.
- Call/email NCAA national office with quick report.

### **WITHIN 48 HOURS AFTER GAME**

- Complete all requested evaluations.
- Complete misconduct report, if applicable.
- Submit Statement of Expense Form to NCAA (see [Appendix F](#)).

# Section 6 • Travel, Lodging and Expense Reimbursement

## Section 6•1 Travel

All site representatives will be selected, if at all possible, by proximity to the host site. The NCAA will provide reimbursement for mileage for up to 500 miles to the host site.

## Section 6•2 Lodging

The host institution will be responsible for providing hotel accommodations as needed. It is the responsibility of the site representative to inform the tournament director if a hotel room will be needed. Room and tax will be billed to the host institution. All other incidentals will be the responsibility of the site representative.

## Section 6•3 Expense Reimbursement

All site representatives will receive a \$75 per diem for each day of travel and competition. All miscellaneous expenses are covered by the per diem.

Once competition has been completed, please complete the on-line (TES) expense reimbursement form that will be sent to you after the conclusion of your trip via email within 30 days of receipt of the expense form for reimbursement. (See [Appendix F](#).)

# Section 7 • NCAA Administrative Guidelines

All policies listed in this section **MUST** be reviewed during the administrative meeting.

## Section 7•1 Logo Policy

---

An institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2¼ square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

## Section 7•2 Misconduct Statement

---

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law occurring incident to, en route to, from or at the locale of the competition or practice that discredits the event or intercollegiate athletics.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct should be dealt with in a timely manner by the governing sports committee.

## Section 7•3 Use of Tobacco Products

---

[Reference: Bylaw 11.1.5 in the NCAA Divisions I,II and III Manuals, Bylaw 17.1.8 in the NCAA Division I Manual, Bylaw 17.1.9 in the NCAA Division II Manual and Bylaw 17.6.3 in the NCAA Division III Manual.]

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

## Section 7•4 Drug Testing Statement

---

**NOTE: This statement *MUST* be read at every administrative meeting.**

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing before competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

## FREQUENTLY ASKED QUESTIONS FOR COACHES

Please review this section for questions that may arise regarding drug testing.

**Q. Where is the drug-testing facility for this championship?**

- A. Check with the tournament manager, drug-testing site coordinator or the NCAA championship staff member for specific location.

**Q. How long does drug testing take?**

- A. The length of the collection process depends on the student-athlete's ability to provide an adequate urine specimen. If the student-athlete provides an adequate urine specimen immediately on arrival at the drug-testing facility, the entire process usually is completed in approximately 20 minutes.

**Q. What is an institutional representative?**

- A. **For Team Championships (e.g., baseball, field hockey, lacrosse):** An institutional representative is an individual from the participating institution (designated by his/her institution) to assist with drug testing in the event drug testing occurs at the championship. Each team must designate an institutional representative during the administrative meeting.

**Q. When is the institution notified of drug testing?**

- A. **For Team Championships:** An institutional representative from each team will be notified no sooner than two hours before the start of their game when drug testing is taking place. Institutional representatives will be notified by an NCAA drug-testing crew member by phone or in person at the locker room or near the playing field.

**Q. When are student-athletes notified of their selection for drug testing?**

- A. **For Team Championships:** Immediately after the game, an NCAA drug-testing crew member will provide the institutional representative with a list of student-athletes who have been selected for drug testing.
- A. **For All Cases:** At the time of notification, the student-athlete will be instructed to read and sign a drug-testing notification form.

**Q. When do student-athletes need to report to drug testing?**

- A. **For Team Championships:** Within one hour after the student-athlete has been notified.
- A. **For All Cases:**
- Before checking into the drug-testing site, all student-athletes must inform an institutional representative of their selection for drug testing.
  - Before checking into the drug-testing site, student-athletes must complete all award and media obligations, if any.
  - Before leaving the championship venue, coaches should check with all student-athletes to make sure they have completed their drug-testing obligations.

**Q. What if a student-athlete has trouble providing an adequate urine specimen? Can the student-athlete leave and come back later? What if the team has to leave and a student-athlete is still in drug testing?**

- A. A student-athlete cannot be released from the drug-testing site until an adequate specimen is provided, no matter how long it takes.
- If the rest of the team must depart the championship site prior to a student-athlete completing drug testing, an institutional representative must stay with the student-athlete.
  - A coach should check with the drug-testing site coordinator for information regarding transportation back to the student-athlete's hotel.
  - If the student-athlete and/or institution incur additional expenses because of the delay in drug testing (e.g., hotel, transportation back to campus), the institution may request reimbursement from the NCAA.

- Q. Will the student-athlete or the institution be reminded of their drug-testing obligation if they defer testing until later that session or day?**
- A. No. Once the student-athlete and the institutional representative have signed the drug-testing notification form, it is their obligation to arrive at the drug-testing site at the appropriate time.
- Q. Must a coach or other institutional representative accompany each student-athlete to the drug-testing site?**
- A. **For Team Championships:** Yes. An institutional representative must be at the collection station to certify the identity of each student-athlete. The institutional representative must remain in the collection station until all student-athletes have completed their drug test.

## Section 7•5 Inclement Weather

---

If weather conditions could alter the approved schedule, the site representative must contact the NCAA championship administrator before any decisions to change the schedule are finalized and communicated to participants. Be prepared to summarize the weather situation and have a recommendation for an alternate schedule.

### LIGHTNING AND WEATHER DETECTION SERVICE

The NCAA has made arrangements through DTN to provide a lightning detection and weather monitoring system to all rounds of competition for outdoor championships. This system will assist the event management staff and the NCAA site representatives in case of inclement weather during the championship. This service is provided so that all sites will have the resources available to ensure the safety of our student-athletes, spectators and event management staff.

The site representative should request that the tournament director include his/her email and/or phone via text to the WeatherSentry system so he/she can receive the weather updates.

For detailed lightning and weather guidelines, refer to [Appendix H](#).

## Appendix A • FAQ

- Q. Officials have asked me how they will receive their payment and when they should expect it since the host no longer pays them?**
- A. All officials are paid directly by the NCAA through RefQuest. There is not a set timetable for payment, thus all inquiries should be directed to the championship administrator.
- Q. A fight broke out in the stands between the fans of the home and visiting teams. What responsibility do I have to take care of this?**
- A. You should first notify the tournament director that he/she needs to obtain security in the section where the fight has broken out. After the fight, please gather as much information as possible from the tournament director and security, including what happened, whether anyone was removed from the competition site, and resolution. All of these facts should be written down and sent to the championship administrator via email. If the situation is severe, please immediately call the championship administrator to inform him/her of what has occurred.
- Q. A team has arrived late for its practice due to its bus breaking down. What should I do?**
- A. Work with the host to try to get the team its full allotment of practice time, if at all possible.
- Q. I received an alert on my phone that lightning is within 30 miles and we are going to begin the game in 10 minutes. What steps should I be taking?**
- A. Immediately find the tournament director and begin to discuss the distance of the lightning. Remember to consult the lightning guidelines. Altering a game time should involve the games committee (consult the host operations manual on who serves on this committee). Once it is determined that the game should be delayed, you should notify the NCAA championship administrator of the situation. You should be prepared to give the championship administrator the games committee's recommendations as to further delays or moving the contest.

### 2024 NCAA DIVISION III FOOTBALL CHAMPIONSHIP COMPETING TEAMS CONFERENCE CALL CHECKLIST

This is a checklist for conference calls between the two competing teams' director of athletics, coaches and sports information directors, and NCAA national office and football committee representatives.

1. Date and time.
2. Wilson footballs (GST - 1001, 1003, 1004 and 1005). Footballs must be given to officials during the pregame meeting. Each team will be sent 12 footballs from Wilson to use throughout the playoffs.
3. Officials will be assigned by a Division III football conference and the Division III Football Committee. If possible, officials who have not officiated either team during the regular season will be assigned.
4. Uniforms and equipment must conform to NCAA rules. Visiting team will be in white or light-colored uniforms.
5. Sports information directors' arrival at game site.
6. Agreement and explanation on the exchange of game images (video, etc.). All exchange videos will be complete videos (wide and tight views required during the playoffs). Coaches involved shall follow specific film exchange guidelines. All exchanges will include roster and play-by-play.
7. Filming/video of game. Determine the number of camera operators from each institution and make other arrangements if the institution decides not to include a camera operator among its official party.
8. Will institutions bring their bands for halftime performance? Confirm seating location.
9. If requested, host should assist visiting team with lodging recommendations.
10. Arranging for transportation to and from practice and game (at the expense of the team).
11. Establishing practice schedule and coordinating with scheduled activities sponsored by the sponsoring agency or host institution.
12. Press box arrangements (field phones, space for coaches, duplicating machines, etc.). Reminder that press box is a working facility for authorized, credentialed personnel.

13. Medical service and assistance available.
14. Arrangements for VIPs and name of official institutional representative at game.
15. Note that the prechampionship manual states no complimentary tickets will be issued. Children under 2 years of age may be admitted free if they do not occupy a seat. Review arrangements and number of tickets available for competing teams. Seating is recommended on both sides of the field.
16. Review potential crowd size and attendance figures.
17. Remind teams that expense forms must be submitted online to the NCAA within 30 days following competition.
18. No television under any circumstances without approval from the NCAA office.
19. Radio rights are established and can be confirmed by calling the NCAA national office. Find out if either team has radio station covering the game. The host institution is responsible for ensuring that radio space is available in the press box.
20. Arrange for any promotional request by the game management, such as coaches on radio, television, etc.
21. Explain squad size (58), travel party limitation (68), maximum sideline passes (20 – exclusive of uniformed players and coaches in press box), per diem, etc. Check for previous disqualifications.
22. Warmup area.
23. Review extra periods procedures (refer to Rule 3, Section 1, Article 3 of the Football Rules and Interpretations).
24. Review tentative transportation plans (plane, charter, etc.).
25. Press party and/or special activities for teams (time, site, etc.).
26. Host institution is responsible for paying officials' and committee representatives' hotel room and tax only.
27. Field telephones. Each team will be required to provide its own field phones and making sure they are in good working order.
28. Security provisions/crowd control/communication among game management personnel.
29. Team area from 20-yard line to 20-yard line.
30. Time and site of pregame meeting.
31. Telephone numbers of athletics directors, sports information directors and press box.
32. Email site map to NCAA representative.
33. Ensure that adequate media workroom and media interview areas are available. Please refer to the preliminary rounds' operations manual.
34. Schedule Saturday morning meeting for officials, clock operator and other appropriate game personnel.
35. Host institutions or sponsoring agencies are encouraged to extend the utmost courtesy to the competing teams.
36. Establish and distribute a contact list for local representatives (director of athletics, sports information director, NCAA representative, press-box phone number, trainer, etc.).
37. Instant replay arrangements, if necessary.

## Appendix F • Travel Expense System – Traveler User Guide

1. On the last day of your meeting or trip, your staff liaison will authorize you to file an expense report. Once authorized, you will receive an email advising you to file your expense report and giving you the link to the system and login instructions.
2. The new system has been redesigned to offer the following conveniences:
  - a. One username and password for all trips.
  - b. View the status of all expense reports, as well as payment information, in one place.
  - c. Simplify the system and improve usability.
3. Once you have received your email, follow the instructions to access the system and log in. On the home screen, you will see a list of all expense reports you are authorized for, as well as those already filed. Click on the column headers to sort the list as you prefer or use the Search box to locate a particular trip.
4. To begin a new expense report, click on the Create link.

## Appendix G • Email Template for Site Representatives

Name of Home and Visiting Team Coach and AD:

Congratulations on your selection to participate in /advancement to the next round of the DIII Football Championship.

I will be serving as your ROUND NCAA Site Reps. I look forward to working with all of you.

There are a few items needing everyone's immediate attention.

1. Coaches Names: Please make sure, as you probably have already done, that the video exchange of the past three games has occurred.
2. Host Athletic Director/Tournament Director: please assist Traveling Team in any travel needs they may have in preparation for the coming weekend. It is very helpful to send a campus map & specific instructions regarding locker rooms, parking, etc. to both Visiting Coach and AD, if you have not done so already.
3. I have attached both institutions contact information, which you should have received from the NCAA or will shortly. It is very helpful if the sports information directors & athletic trainers touch bases with each other "early" in the week if not today.
4. **MONDAY CONFERENCE CALL**
  - a. I have attached a copy of the agenda items for the Monday conference call.
  - b. TIME: TIME (If this does not work, please let me know as soon as possible)

**CALL IN NUMBER: 866-590-5055**

**ACCESS CODE: SITE SPECIFIC PASSCODE**

The NCAA likes to have the following individuals from both institutions on the conference call: Athletic Director, Head Coach, Sports Information Director and Athletic Trainer.

If anyone has difficulties with the numbers, please call my cell. CELL NUMBER

My contact information is below and please don't hesitate to contact me at any time.

Again, congratulations & we look forward to working with all of you!

## Appendix H • Lightning and Weather Guidelines

# LIGHTNING SAFETY

July 1997 • Revised July 2013, June 2014

Lightning is the most consistent and significant weather hazard that may affect intercollegiate athletics. Within the United States, the National Oceanic and Atmospheric Administration (NOAA) estimates that 40 fatalities and about 10 times that many injuries occur from lightning strikes every year. NOAA estimates that as many as 62 percent of lightning strike fatalities occur during outdoor organized sport activities. While the probability of being struck by lightning is low, the odds are significantly greater when a storm is in the area and proper safety precautions are not followed.

Education and prevention are the keys to lightning safety. The references associated with this guideline are an excellent educational resource. Prevention should begin long before any intercollegiate athletics event or practice occurs by being proactive and having a lightning safety plan in place. The following steps are recommended to mitigate the lightning hazard:

1. Develop a lightning safety plan for each outdoor venue. At a minimum, that plan should include the following:
  - a. The use of lightning safety slogans to simplify and summarize essential information and knowledge. For example, the following slogan from the National Lightning Safety Institute is an effective guide: “If you see it, flee it; if you can hear it, clear it.” This slogan reflects the fact that upon the first sound of thunder, lightning is likely within eight to 10 miles and capable of striking your location. No punishment or retribution should be applied to someone who chooses to evacuate if perceiving that his or her life is in danger due to severe weather.
  - b. Designation of a person to monitor threatening weather and to notify the chain of command who can make the decision to remove a team, game personnel, television crews, and spectators from an athletics site or event. That person must have recognized and unchallengeable authority to suspect activity.
  - c. Planned instructions/announcements for participants and spectators, designation of warning and all clear signals, proper signage, and designation of safer places from the lightning hazard.
  - d. Daily monitoring of local weather reports before any practice or event, and a reliable and accurate source of information about severe weather that may form during scheduled intercollegiate athletics events or practices. Of special note should be National Weather Service-issued

### DANGEROUS LOCATIONS

Outside locations increase the risk of being struck by lightning when thunderstorms are in the area. Typically, anything referred to as a “shelter” is not safe from lightning. Dugouts, refreshment stands, open press boxes, rain shelters, golf shelters and picnic shelters, even if they are properly grounded for structural safety, are unsafe and may actually increase the risk of lightning injury. Other dangerous locations include high ground, bodies of water (pools, ponds, lakes) and areas connected to, or near, light poles, towers and fences that can carry a nearby strike to people.

thunderstorm “watches” or “warnings,” and the warning signs of developing thunderstorms in the area, such as high winds or darkening skies. A “watch” means conditions are favorable for severe weather to develop in an area; a “warning” means that severe weather has been reported in an area and for everyone to take the proper precautions. It should be noted that neither watches nor warnings are issued for lightning. An NOAA weather radio is particularly helpful in providing this information.

- e. Identification of, and a mechanism for ensuring access to, the closest safer buildings, vehicles, and locations to the field or playing area, and an estimate of how long it takes to evacuate to that location for all personnel at the event. A safer building or location is defined as:
  - Any fully enclosed building normally occupied or frequently used by people, with plumbing and/or electrical wiring that acts to electrically ground the structure. Avoid using the shower, plumbing facilities, and electrical appliances, and stay away from open windows and doorways during a thunderstorm.
  - In the absence of a sturdy, frequently inhabited building, any vehicle with a hard metal roof (neither a convertible nor a golf cart) with the windows shut provides a measure of safety. The hard metal frame and roof, not the rubber tires, are what protects occupants by dissipating lightning current around the vehicle and not through the occupants. It is important not to touch the metal frame-

work of the vehicle. Some athletics events rent school buses as safer locations to place around open courses or fields.

2. For large-scale events, continuous monitoring of the weather should occur from the time pre-event activities begin throughout the event.
3. Venue-specific activity-suspension, venue evacuation, and activity-resumption plans:
  - a. Upon the first sound of thunder, lightning is likely within eight to 10 miles and capable of striking your location. Please note that thunder may be hard to hear if there is an athletics event going on, particularly in stadia with large crowds. Lightning can strike from blue sky and in the absence of rain. At least 10 percent of lightning occurs when there is no rainfall and when blue sky is often visible somewhere in the sky, especially with summer thunderstorms. Lightning can, and does, strike 10 (or more) miles away from the rain shaft. Be aware of local weather patterns and review local weather forecasts prior to an outdoor practice or event.
  - b. Ensure a safe and orderly evacuation from the venue with announcements, signage, safety information in programs, and entrances that can also serve as mass exits. Planning should account for the time it takes to move a team and crowd to their designated safer locations. Individuals should not be allowed to enter the outdoor venue and should be directed to the safer location.
  - c. Avoid using landline telephones except in emergency situations. People have been killed while using a landline telephone during a thunderstorm. Cellular or cordless phones are safe alternatives to a landline phone, particularly if the person and the antenna are located within a safer structure or location, and if all other precautions are followed.
  - d. To resume athletics activities, lightning safety experts recommend waiting 30 minutes after both the last sound of thunder and last flash of lightning. A useful slogan is “half an hour since thunder roars, now it’s safe to go outdoors.” At night, be aware that lightning can be visible at a much greater distance than during the day as clouds are being lit from the inside by lightning. This greater distance may mean that the lightning is no longer a significant threat. At night, use both the sound of thunder and

seeing the lightning channel itself to decide on re-setting the 30-minute “return-to-play” clock before resuming outdoor athletics activities.

4. Emergency care protocols: People who have been struck by lightning do not carry an electrical charge. Therefore, cardiopulmonary resuscitation (CPR) is safe for the responder. If possible, an injured person should be moved to a safer location before starting CPR. Lightning-strike victims who show signs of cardiac or respiratory arrest need prompt emergency help. If you are in a 911 community, call for help. Prompt, aggressive CPR has been highly effective for the survival of victims of lightning strike. Automatic external defibrillators (AEDs) are a safe and effective means of reviving persons in cardiac arrest. Planned access to early defibrillation should be part of your emergency plan. However, CPR should never be delayed while searching for an AED.

**Note:** Weather watchers, real-time weather forecasts and commercial weather-warning and lightning monitoring devices or services are all tools that can be used to aid in the monitoring, notification, and decision-making regarding stoppage of play, evacuation and return to play.
