

EFFECTIVE AUGUST 1, 2019

Revised August 1, 2024

Results Submission

The NCAA Division I Men's and Women's Golf Committees have established a two-day window in which host institutions of regular season events must submit scores to Scoreboard by Clippd.

The host institution of a regular season event is required to submit results from its tournament Scoreboard by Clippd within 48 hours of the conclusion of the event. For example, if a tournament ends on Tuesday, the host institution will be required to submit its results to Scoreboard no later than Thursday. Host institutions that fail to submit tournament results within the established timeframe may be assessed a financial penalty.

When hosting a tournament, you must report scores electronically through Scoreboard by Clippd via ScoreboardLive Scoring, manual entry, or via live scoring software that is integrated with Scoreboard by Clippd using Scoreboard's open API. Tournament hosts will be required to enter scores manually if using a live scoring software that does not integrate with Scoreboard via the open API. Fully integrated live scoring partners are listed as options when creating a tournament in the Coach Portal.
