

**REPORT OF THE
NCAA DIVISION I MEN'S AND WOMEN'S GOLF OVERSIGHT COMMITTEE
SEPT. 10, 2026, VIDEOCONFERENCE**

ACTION ITEMS.

- **Legislative Action.**
 - **Playing And Practice Seasons -- Time Limits for Athletically Related Activities -- Weekly Hour Limitations -- Outside of the Playing Season -- Eliminate Skill Instruction Limitation – Golf.**
 - a. Action. In golf, to eliminate the limit of four hours of skill-related instruction within the weekly limit of eight hours of out-of-season athletically related activities.
 - b. Effective date. Immediate.
 - c. Rationale. Eliminating the four-hour restriction on skill instruction provides additional flexibility and allows institutions to plan out-of-season activities more aligned with team and student-athlete needs. This proposal maintains the limit of eight hours of countable athletically related activities outside of the playing season while providing individual institutions the autonomy to determine the activities to conduct.
 - d. Estimated budget impact. None.
 - e. Student-athlete impact. This proposal supports student-athlete success and well-being by allowing for more individualized approaches to out-of-season activities.

INFORMATIONAL ITEMS.

1. **Welcome and announcements.** Staff welcomed all attendees to the videoconference.
2. **Approve July 2, 2026, Division I Men's and Women's Golf Oversight Committee report.** The committee approved the report.
3. **Modification to women's golf recruiting calendar.** The committee reviewed the Division I women's golf recruiting calendar and amended the Dec. 8-10 dead period to permit coaches to engage in recruiting activities at two events (showcase and combine) that are traditionally held in conjunction with the Women's Golf Coaches Association national convention. The activities may take place before or after the convention. (Refer to the Women's Golf Coaches Association for the 2026 national convention dates.)
4. **Division I Cabinet request for feedback – Proposal No. 2026-68 – Initial Enrollment at Midyear – Eligibility for Competition.** The committee provided feedback on Proposal No. 2026-68, which specifies that in sports in which fall segment competition is used for NCAA championships qualification or consideration, a student-athlete whose full-time enrollment

occurs at a Division I institution at midyear is ineligible for competition until the following academic year. The feedback will be shared with the Division I Cabinet during its Oct. 6-7 meeting.

5. **Proposal No. 2026-48 – Complimentary Admissions to Away-from-Home Competitions after Written Commitment.** The committee reviewed Proposal No. 2026-48 from men's and women's basketball, which permits an institution to provide complimentary admissions to a prospective student-athlete who has formally committed to the institution. While current institutional and conference golf tournaments already provide complimentary admissions to attendees, the committee agreed to a periodic review of its tournaments to determine if similar legislation is appropriate in the future.
6. **Review of Division I Bylaw 13.11.1 (Prohibited Activities) – Private Instruction of PSAs.** The committee reviewed Division I Bylaw 13.1.1 (Prohibited Activities) in relation to private instruction of prospective student-athletes to determine if legislation is appropriate in men's golf. The men's golf sport committee will continue discussions related to potential legislation during its Oct. 1 meeting.
7. **Request for Feedback – Roster Limits.** At the request of the University of Colorado, Boulder, the committee reviewed current roster limits in golf and discussed whether an increase is appropriate. The committee will continue discussions related to increasing current roster limits during its Nov. 12 videoconference.
