Finals

Dear NCAA Golf Championship Participants:

Welcome to Arizona State University, Grayhawk Golf Club and Scottsdale for the 2021 NCAA Division I Men's and Women's Golf Championships.

We have long awaited the opportunity to host the premiere Division I teams in the country and we know what a challenge it has been for all of you to get to this point. Congratulations on navigating the last year and earning the opportunity to compete for the 2021 NCAA National Championship here at Grayhawk Golf Club.

The Tom Fazio-designed Raptor course at Grayhawk Golf Club offers thrilling challenges that command a player's respect through a high-stakes game of risk and reward. Playing at 6,500 yards par 72 for the Women's Championship and 7,300 yards par 70 for the Men's Championship, the course unfolds over gentle hills and across shaded natural arroyos found in this picturesque corner of the Sonoran Desert.

Most of Raptor's fairways are generous and the greens are large with sweeping undulations. Misses tend to find deep greenside bunkers and tightly mown grass collection areas, truly testing every aspect of the player's short game.

Raptor is considered to be one of the finest daily-fee golf courses in Scottsdale and is listed among the best public golf courses in Arizona by Golfweek and Golf Magazine. It is one of only two Scottsdale golf courses to host a PGA TOUR event – the Frys.com Open 2007-2009. Other tour-sanctioned tournaments contested on the Raptor Course include the inaugural Williams World Challenge, the Andersen Consulting World Championship of Golf and Waste Management Phoenix Open pro-ams.

Sun Devil Athletics, Grayhawk Golf Club, The Thunderbirds, our local sponsors and contributors and hundreds of volunteers are anxious to provide you with a world-class championship experience.

Best wishes to every participant for a successful week of competition. Please do not hesitate to reach out to any of our championship staff if we can be of any assistance during your time in Scottsdale.

Good luck!

Coaches' Meeting

[Reference: Misconduct in this manual and Bylaws 31.02.3 and 31.1.10 in the NCAA Division I Manual.]

The NCAA Division I Men's Golf Committee will conduct a coaches' meeting on Wednesday, May 26 following the virtual welcome reception. The virtual meeting is to review the championship procedures and items of importance to intercollegiate golf. It is the expectation of the Golf Committee that each institution's head coach attends the meeting.

Welcome Reception

The NCAA will host a mandatory virtual reception for all participants and coaches. The virtual reception will be held on Wednesday May 26 at 7 p.m. A link to the meeting will be distributed to all participating teams and individuals.

Practices

One 18-hole practice round will be scheduled before the championship finals. The host institution's team is permitted to play the golf course up until 10 days prior to the men's practice round. Violations of this policy may result in sanctions listed under NCAA misconduct provisions or disqualification for a team or an individual(s), with no substitution permitted.

In an effort to maintain the conditions of the course and speed of play, each player may hit multiple balls from the teeing ground during any practice round. However, players may only hit **one** ball into the greens. On par 3's players may hit only **one** ball from the tee into the green. Also, each player may chip or putt more than one ball on or near the green (greenside bunkers, less than 10 yards from the green). Each participant must wear soft spikes and play from the designated tees. Violation of this policy will result in the player and/or team being removed from the golf course and may result in sanctions listed under the NCAA misconduct provisions, or disqualification for a team or an individual(s), with no substitution permitted.

Teams are limited to six players during the practice round, but only if a team is bringing a sixth player for substitution (coaches are not allowed to play during any practice round).

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS
GRAYHAWK GOLF CLUB – SCOTTSDALE, ARIZONA

Coaches must submit the team line-up (see Appendix B), including the sixth player, if applicable, prior to the teams use of the practice facilities or participating in the practice round. If a sixth player is added later, he must be registered to use the practice facilities or starting a round.

Head coaches or designated official institutional representatives will be required to be with their teams during the entire practice round. Coaches will be provided time schedules and be responsible for monitoring pace of play, misconduct and the enforcement of the one practice-ball rule. If a team falls out of position during the practice round the first offense is a warning. Should a team remain out of position a second time the team will be moved to the proper position on the golf course. Further offenses may result in the team being removed from the golf course for the remainder of the practice round.

The practice round will start at 6:30 A.M on tee 10 start times are by the NCAA golf committee.

In addition to the practice policies above, the following will be enforced for the regionals and championships:

1. Only credentialed, designated individuals may be allowed in the practice areas.
2. Teams may not start a practice round other than during the designated start.
3. Players may not go back on the course to practice after concluding each round.
4. Players and coaches are permitted on the course, starting with the beginning of the first practice day and throughout the championships, as a spectator.
5. Coaches may go back onto the golf course after the practice round or competition round but only as a spectator. Coaches and/or student-athletes may not go onto the putting greens or within 20 feet of the putting greens. Coaches that are found to be in violation of this policy will not be permitted to coach the following day and the number of permissible coaches for that team the following day will be reduced by the number of offending coaches. Coaches may walk the golf course on the day of competition prior to their play in preparation for the day.

Weather Policy

The NCAA will provide a weather detection system for the championships and will make arrangements for the system to be on site. The games committee will do everything possible to complete 72 holes of stroke play and each match during the match play portion of the championships. However, the committee reserves the right to modify pairings for weather, Bylaw 31.1.4.1 and television, as needed.

In the event of a weather emergency please follow the evacuation procedures as set forth in Section 8 of this manual.

Section 7 - Championship Format

All 30 teams and six individuals will complete 54 holes of stroke play. Following 54 holes of competition, the top 15 teams along with the top nine individuals not on an advancing team will advance for one additional day of stroke play to determine the top eight teams for match play competition and the 72-hole stroke play individual champion. The top eight teams after 72 holes of play will be placed into a bracket with the No. 1 seed playing the No. 8 seed, the No. 2 seed playing the No. 7 seed, the No. 3 seed playing the No. 6 seed and the No. 4 seed playing the No. 5 seed in match play. Ties for the top 15 teams and the top nine individuals, as well as for the top eight teams in Match play will be broken by a sudden-death playoff, or if necessary, by the established non-sudden-death tiebreaking procedure.

In team Match play competition, a total of five points will be available with one point being awarded for each individual match. Winning teams will advance to the semifinals and subsequently, the finals. The first team to win three points within the team match will advance, or in the case of the final match, be declared the national champion. Once a team has won three individual matches, any remaining individual matches will be halted at that point with the individual match recorded as it currently stood.

The Division I Men's Golf Committee will determine Match play lineups using the same method employed at the Presidents Cup matches. The higher-seeded team (as determined through the 72-hole Stroke play portion), "Team 1," will have the first choice of putting a player on the board for Match No. 1. The opposing team, "Team 2," will then name its player for Match No. 1. Team 2 will then name its player for Match No. 2, and Team 1 will name its player

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS
GRAYHAWK GOLF CLUB – SCOTTSDALE, ARIZONA

for Match No. 2. The process will continue in an “S” curve until the players for all five matches are named. However, Team 1 may defer in the selection process and permit Team 2 to begin the overall selection process.

Pairings for the quarterfinals will be determined following the completion of the 72-hole Stroke play competition and the crowning of the individual champion. Pairings for the team semifinals and finals will be determined following the completion of the previous Match play round.

Pairings for both the Stroke play and Match play portions of the finals can be found on pages 11-15 of this manual. Ties for such pairing positions will be broken according to the non-sudden-death tiebreaking procedures.

The games committee will do everything possible to complete 72 holes and each match during the Match play portion of the championships. However, the committee reserves the right to modify pairings for weather.

Official NCAA awards will be presented to the first four teams and first 15 individuals.

Before a championships round (Stroke play or Match play), a team may substitute a sixth player for any member of the team. See Appendices D and E.

Per NCAA Bylaw 31.1.4.1, the Division I Men’s Golf Committee will adjust accordingly the competition schedule along with the pairings and tee times in order to accommodate a team/individual(s) representing a school that has a written policy against competition on a particular day for religious reasons.

Depending on the sport, student-athletes may need to report to drug testing within 60 minutes of notification, after their last event of the session, after their last event of the day or at the end of their participation in the championships.

Media Obligations

At individual/team championships, student-athletes who are selected for drug testing must fulfill all media obligation before reporting to the drug-testing area.

If the student-athlete's team must depart the championships prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institution incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.), the institution may request reimbursement from the NCAA.

Testing Process

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends on the student-athlete's ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately upon arriving in the drug-testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, he/she must remain in the drug-testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen.

Section 12 - Equipment

Note: Player Penalties:

- During a round, if a player asks for and is given these elevation changes that were measured by a distance-measuring device or distance or directional information that was interpreted by a device from any person (including an advice giver) and knew the elevation changes were measured or the information was interpreted during the round, the player gets the penalty under Rule 4.3a(1).

During a round, if a player is given these elevation changes that were measured by a distance-measuring device or distance or directional information that was interpreted by a device from any person (including an advice giver), that was measured or interpreted during the round, the player gets no penalty. **Exception:** If the player knew the elevation changes were measured or the information was interpreted, during the round, and knew this would breach the Rules if measured or interpreted by the player, if possible, the player must try to stop that person from giving the information. If the player does not do so, he is treated as asking for the information and gets the penalty under Rule 4.3a(1).

Golf Carts

Concussion Management

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

Medical Examinations

As the event sponsor, the NCAA seeks to ensure that all student-athletes are physically fit to participate in its championships and have valid medical clearance to participate in the competition. The NCAA tournament physician, as designated by the host school, has the unchallengeable authority to determine whether a student-athlete with an injury, illness or other medical condition may expose others to a significantly enhanced risk of harm and, if so, to disqualify the student-athlete from continued participation. For all other instances, the student-athlete’s on-site team physician can determine whether a student-athlete with an injury or illness should continue to participate or is disqualified. In the absence of a team physician, the NCAA tournament physician will examine the student-athlete and has valid medical authority to disqualify him or her if the student-athlete’s injury, illness or medical condition poses a potentially life threatening risk to himself or herself. The chair of the governing sports committee (or a designated representative) shall be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

Section 18 - Participant Expectations & Guidelines

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact in the field. Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS
GRAYHAWK GOLF CLUB – SCOTTSDALE, ARIZONA

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

Therefore, coaches must:

1. Always place the safety and welfare of student-athletes above the value of a win and above any personal prestige or glory.
2. Ensure that the coaching staff and all others associated with the program treat the student-athletes under their control with fairness and respect.
3. Remember that they are on public display and that their conduct reflects upon the image of their respective institutions.
4. Teach their student-athletes strict adherence to the rules and regulations of the sport, the institution and other governing bodies to which they are responsible.
5. Firmly establish with their student-athletes the standards of acceptable conduct.
6. Treat opponents and assigned officials with respect and demand that student-athletes do the same, instilling in their student-athletes the importance of respect and sportsmanship over winning.
7. Ensure that student-athletes understand that taunting, intimidating and baiting opponents is unacceptable behavior and will not be tolerated.
8. Monitor their coaching staff and student-athletes to ensure that they do not use profane and vulgar language while representing the institution.
9. Ensure, along with institutional administration, that fans are reminded of the expectations of sportsmanship and respect for officials and opponents and their supporters.

Misconduct

[Reference: Bylaw 31.02.4 in the NCAA Division I Manual.]

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championships field is announced through the end of the championships, that discredits the event or intercollegiate athletics.

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Sports Wagering

The NCAA defines sports wagering as putting something at risk – such as an entry fee or a wager – with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student-athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

Tobacco Ban

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

Short's Travel Management

The participating institutions shall be completely responsible for making their own travel reservations in accordance with the following:

The NCAA's official travel agency for the tournament is Short's Travel Management, which can be reached at 866-655-9215. Institutions can also enter travel manifest and other travel party information through the travel portal at www.shortstravel.com/ncaachamps.

The NCAA has adopted the following policies with respect to the travel and expenses incurred by the competing institution:

1. **Air Transportation.** Participating institutions shall be required to make all air travel arrangements with the official travel agency for the approved travel party. The NCAA will pay the agency directly for such costs. Institutions who fail to use the official agency will not receive reimbursement for their travel. When reasonable commercial space for air travel is not available, chartered flights may be offered to the traveling institution. In this case, the cost of the chartered flight will be fully paid for by the NCAA, for the official traveling party. If reasonable commercial space is available but the institution chooses to travel by charter, the NCAA will only cover the cost of the commercial flight. The institution will be responsible for any additional cost for their chartered flight and will be billed by the official travel agency. In addition, the institution may choose to take additional travelers over the allowable travel party size. The institution must pay the cost for additional travelers. All charter arrangements must be made through the official travel agency. The NCAA travel department is responsible for making the determination of what should be considered reasonable options for the official traveling party.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS
GRAYHAWKGOLF CLUB – SCOTTSDALE, ARIZONA

The NCAA will reimburse fees for checked baggage charged by commercial airlines. While we encourage you to take as few bags as necessary, a maximum of two bags per person will be reimbursed. Fees for oversized or overweight bags will not be reimbursed.

The NCAA will not reimburse fees charged by the airlines to pre-assign seats, choose premium seats, or receive priority check-in.

2. Hub Rule. If an institution is eligible to use air transportation to the site of the tournament game, and there is a major airport located within 150 miles of the tournament site, then the participating institution is required to fly into/out of that airport and utilize ground transport to and from the site of competition. This also applies if the originating airport is located within 150 miles of the participating institution's campus. This policy only applies when airfare is less expensive from the more distant airport. The NCAA travel staff may increase this mileage limit if circumstances warrant.
3. Ground Transportation. Teams located within the designated mileage limit of the competition site are required to travel via ground transportation. Mileage reimbursement is calculated using the mileage calculator available through the online reimbursement system.

Local transportation is not reimbursable by the NCAA and must be paid by the institution. Transportation between the team's hotel and the competition or practice site is considered local transportation. Please see the NCAA travel policies for the applicable mileage limits.

For individual-team sports, when teams are required to travel by ground transportation to the site of competition or are eligible for reimbursement at the site, reimbursement will be provided at a rate of 50 cents per mile, per participant, not the actual cost of ground transportation.

Teams that are required to drive to the site of competition: The NCAA will pay the actual costs of the bus for the round trip from campus to the site of competition, including all days at the site.

Teams that fly to the site of competition: If campus is 25 miles or more from the departure airport, the NCAA will pay the cost of the airport transfers, both on departure and on return.

If the arrival airport is 25 miles or more from the site of competition, the NCAA will pay the cost of the bus for the day the team arrives and the day the team departs. Any days in between are considered local transportation and are at the expense of the institution.

If either of the legs described above are less than 25 miles, no costs will be paid by the NCAA since local transportation is at the cost of the institution.

Institutions can contact GO Ground at 866/386-4951. Their online ground transportation portal can be accessed at www.gochampionships.com. The username and password is the same as that used for the Short's Travel portal.

4. Per Diem. Per diem will be paid for the allowable travel party. The per diem rate and allowable days can be found in the NCAA travel policies.
5. Expense Reimbursement. Team expense reports should be filed online through the Travel Expense System (TES). The login information for the system is the same as that used for the Short's travel portal. The system can be accessed at:

<https://web1.ncaa.org/TES/exec/login?js=true> .

All institutions, including hosts, must complete the online reimbursement process in order to receive the appropriate reimbursement.

GRAYHAWKGOLF CLUB – SCOTTSDALE, ARIZONA

6. Travel Exceptions. Be advised that if extraordinary circumstances may warrant an exception to the travel policies, you must contact the NCAA travel department for approval PRIOR TO making any travel arrangements. The travel group can be reached at 317/917-6757, or by email at travel@ncaa.org.

Community Service Opportunity

Designated Coaches

The NCAA permits up to two designated coaches per institution per round to provide advice during NCAA championships competition. Institutions are required to designate their coaches on the designated coaching form in advance and coaches must be approved by the athletics director on the form provided by the NCAA. Before the day's play, the designated coaches must be identified to the games committee by signing in at the first assigned tee and wearing the appropriate wristband (designated coach credential) at all times.

Designated coaches must be individuals designated by the institution, in accordance with NCAA Bylaw 11.7.1.1 (designation of coaching category), as a head coach or assistant coach under Bylaw 11.01.2 (coach, head or assistant),

a student assistant coach under Bylaw 11.01.4 (student assistant coach) or volunteer coach under Bylaw 11.01.5 (volunteer coach).

A current, eligible student-athlete not participating in the tournament (i.e., sixth person) cannot be designated as the second coach.

Furthermore, it is important to note that only an institutional coach who is credentialed may participate in coaching activities during a practice round or at the designated practice areas.

Slacks or shorts may be worn at the individual's discretion, provided they are of the same color and are considered the team uniform. If a student-athlete wears headgear during competition, it must display only an institutional, conference or NCAA logo, or no logo. If there is no logo, a coach's or team member's headgear must be of an institutional color. A manufacturer's logo may appear on the side or back of the item as long as it conforms to NCAA Bylaw 12.5.5. For television purposes, it is recommended that each institution attempt to wear a uniform that reflects its school colors during the final televised of the championships. Team members are not required to wear the same headgear.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS
GRAYHAWKGOLF CLUB – SCOTTSDALE, ARIZONA

In the best interest of intercollegiate golf and the championships, participants must wear appropriate golf attire at the tournament site. All participants and coaches should have their shirts tucked in while on the golf course for practice and competition rounds. Please refer to the host institution's pretournament mailing for the definition of appropriate attire at the golf course.

Logo Policy

[Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division III Manual.]

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

APPENDIX C LOCAL RULES AND TERMS OF THE COMPETITION 2021 NCAA MEN'S GOLF CHAMPIONSHIPS

The Rules of Golf as approved by the United States Golf Association and The R&A govern play and where applicable, by the following Local Rules and Terms of the Competition. Complete text of Rules and Local Rules may be found in the Official Guide to the Rules of Golf, effective January 2019. Unless otherwise noted, the penalty for breach of a Local Rule is the general penalty. See NCAA Notice to Players and NCAA Golf Pre-Championships Manual for additional Local Rules and Terms of the Competition. If a player in a team competition breaches a Rule that results in disqualification, the effect will be to disqualify the player for that round only. Exception: NCAA serious misconduct, in which it is up to the Committee.

OUT OF BOUNDS - Defined by the line between the course-side points, at ground level, of the white stakes or fence posts.

PENALTY AREAS - When a penalty area is defined on only one side, it extends to infinity. When a penalty area is connected to the out of bounds edge, the penalty area extends to and coincides with out of bounds.

GROUND UNDER REPAIR - Defined by white lines. Ground under repair also includes French drains, which are trenches filled with rocks or stones and newly trenched areas, including grass-covered cables. See Temporary Power Lines and Cables.

Ground under repair may include areas of unusual damage, including areas where spectators or other traffic has combined with wet conditions to affect materially the ground surface, but only when so declared by an authorized member of the Committee. When immediately adjacent to an obstruction, such an area is part of the obstruction.

RELIEF FROM SEAMS OF CUT TURF - If a player's ball is in the general area and the ball lies in or touches a seam of cut turf or a seam interferes with the player's area of intended swing, the player may take relief under Rule 16.1b. But interference does not exist if the seam only interferes with the player's stance. All seams within the area of cut turf are treated as the same seam in taking relief. This means that if a player has interference from any seam after dropping the ball, the player must proceed as required under Rule 14.3c(2) even when the ball is within one club-length of the reference point.

IMMOVABLE OBSTRUCTIONS - Include plastic bumpers on roads and paths, and mats secured to the ground with spikes when the bumpers or mats cover cables.

WHITE-LINED AREAS TYING INTO ARTIFICIALLY SURFACED ROADS AND PATHS - White-lined areas of ground under repair and the artificially surfaced roads, paths or other identified obstructions that they are connected to are a single abnormal course condition when taking relief under Rule 16.1.

WOOD CHIPS AND MULCH - Are loose impediments.

INTEGRAL OBJECTS - Include cables, rods, wires or wrappings when closely attached to trees, artificial walls and pilings when located in penalty areas or in or adjacent to bunkers, and bunker liners when in their intended position.

Note: The Committee may treat an exposed bunker liner, not in its intended position, to be ground under repair. But

interference does not exist if a bunker liner only interferes with the player's stance.

BALL PLAYED FROM PUTTING GREEN HITS PLAYER, CLUB USED OR ANIMAL DEFINED AS LOOSE IMPEDIMENT - The Model Local Rule D-7 is in effect.

BALL PLAYED FROM OUTSIDE RELIEF AREA WHEN TAKING BACK-ON-THE-LINE RELIEF - The Model Local Rule E-12 is in effect.

TEMPORARY POWER LINES AND CABLES - The Model Local Rule F-22 is in effect.

TEMPORARY IMMOVABLE OBSTRUCTIONS - The Model Local Rule F-23 is in effect.

LIST OF CONFORMING DRIVER HEADS - The Model Local Rule G-1 is in effect.

GROOVES AND PUNCH MARK SPECIFICATIONS - The Model Local Rule G-2 is in effect.

LIST OF CONFORMING GOLF BALLS - The Model Local Rule G-3 is in effect.

ONE BALL RULE - The Model Local Rule G-4 is in effect.

REPLACEMENT OF DAMAGED CLUB - The Model Local Rule G-9 is in effect.

PROHIBITING USE OF CERTAIN TYPES OF SHOES - The Model Local Rule G-7 is in effect. Penalty for breach of Local Rule - see Rule 4.3.

PROHIBITING USE OF AUDIO AND VIDEO DEVICES - Rule 4.3a(4) is modified in this way: During a round, a player must not listen to or watch content of any nature on a personal audio or video device. Penalty for breach of Local Rule - see Rule 4.3.

USE OF CADDIE PROHIBITED - Rule 10.3a is modified in this way: A player must not have a caddie during the round.

TRANSPORTATION - During the round, a player must not ride on any form of motorized transportation except as authorized or later approved by the Committee (a player making a stroke from where the previous stroke was made is always authorized). Penalty for breach of Local Rule is the general penalty for each hole where the breach occurred. If the breach occurred between the play of two holes, it applies to the next hole.

ADVICE - See separate memorandum to players and coaches on people who may give advice.

PACE OF PLAY - See separate memorandum to players for pace of play policy.

STOPPING AND RESUMING PLAY - A suspension of play for a dangerous situation will be signaled by one prolonged

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS
GRAYHAWK GOLF CLUB – SCOTTSDALE, ARIZONA

note of a siren or horn. All other suspensions will be signaled by three consecutive notes of a siren or horn. In either case, resumption of play will be signaled by two short notes of a siren or horn. See Rule 5.7b. **Note:** All practice areas are closed during an immediate suspension for a dangerous situation until the Committee has declared them open. Players who practice on closed practice areas will be asked to stop practicing; failure to stop practicing might result in disqualification.

RESTRICTIONS ON PRACTICE BEFORE OR BETWEEN ROUNDS - Rule 5.2 is modified in this way: In match play or stroke play, a player must not practice on the competition course before or between rounds, other than on the

designated practice areas. Penalty for breach of Local Rule, see Rule 5.2.

RESTRICTION ON PRACTICE OR TESTING BETWEEN THE PLAY OF TWO HOLES - In stroke play only, a player must not make any practice stroke on or near the putting green of the hole just completed, or test the surface of that putting green by rubbing the putting green or rolling a ball (This includes D-II's stroke play medal/match).

WHEN COMPETITION IS FINAL - The competition is final when the trophy has been presented to the winner or, in the absence of a prize ceremony, when all scores have been approved by the Committee. The result of a match is final when the Head Rules Official has confirmed the result of the match.

2021 NCAA D-I MEN'S GOLF CHAMPIONSHIPS
Terms of Competition-Substitution

Championship

Prior to a Championship round (stroke play or match play), a team may substitute a sixth player for any member of the team, provided that:

- a. The NCAA Golf Committee or the NCAA Rules Committee is notified of the substitution at least 10 minutes prior to that team member's starting time.
- b. The sixth player is an eligible member of the institution's team.

Note 1: When a team has substituted a sixth player, the substitution becomes final 10 minutes prior to that team member's starting time and no further changes may be made by the team for that round. However, prior to the 10 minute mark, the team may withdraw the substitution by notifying the NCAA Golf Committee or the NCAA Rules Committee and may substitute for another player as provided above.

The team member that was substituted for, becomes the sixth player and the team is limited to that player, if the team wishes to substitute a player prior to any subsequent Championship round.

Note 2: Unless a team chooses to substitute a sixth player prior to a match play draw, the team's five players that played in the previous round will be used for the draw.
