Administrative Meeting

The games committee will conduct a pre-tournament meeting to review tournament procedures, local rules and items of importance to intercollegiate golf. For the regional championship, head coaches are ***required*** to attend. The pre-tournament meeting will be held at The Sagamore Club Events Center at 9 a.m., Sunday, May 16, prior to the practice round.

The Sagamore Club requests each coach send a 4'x6' school flag to be displayed on course. Please mail prior to competition to: The Sagamore Club, Attn: Patrick Dodson, 10900 Golden Bear Way, Noblesville, IN, 46060.

Practices

One 18-hole shotgun start practice round will be scheduled before the regional tournaments and the championship finals. Starting 10 days before the practice round, participants and coaches will not be permitted to set foot on the golf course or use the practice facilities. For competition venues that have multiple golf courses on site, this policy extends to each of those courses and

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

their respective practice facilities. No exceptions will be made; however, the host institution's team shall be exempt from this policy until the day prior to the practice round. Violations of this policy may result in sanctions listed under NCAA misconduct provisions or disqualification for a team or an individual(s), with no substitution permitted.

In an effort to maintain the conditions of the course and speed of play, each player may hit multiple balls from the teeing ground during any practice round. However, players may only hit **one** ball into the greens. On par 3's players may hit only **one** ball from the tee into the green. Also, each player may chip or putt more than one ball on or near the green (greenside bunkers, less than 10 yards from the green). Each participant must wear soft spikes and play from the designated tees. Violation of this policy will result in the player and/or team being removed from the golf course and may result in sanctions listed under the NCAA misconduct provisions, or disqualification for a team or an individual(s), with no substitution permitted.

Teams are limited to six players during the practice round, but only if a team is bringing a sixth player for substitution (coaches are not allowed to play during any practice round).

Coaches must submit the team line-up (see Appendix C), including the sixth player, if applicable, prior to the teams use of the practice facilities or participating in the practice round. If a sixth player is added later, he must be registered prior to using the practice facilities or starting a round.

Head coaches or designated official institutional representatives will be required to be with their teams during the entire practice round. Coaches will be provided time schedules and be responsible for monitoring pace of play, misconduct and the enforcement of the one practice-ball rule. If a team falls out of position during the practice round the first offense is a warning. Should a team remain out of position a second time the team will be moved to the proper position on the golf course. Further offenses may result in the team being removed from the golf course for the remainder of the practice round.

The practice round will be a shotgun start with starting hole assignments provided by the NCAA golf committee.

In addition to the practice policies above, the following will be enforced for the regionals and championships:

1. Only credentialed, designated individuals may be allowed in the practice areas.
2. Teams may not start a practice round other than during the designated start.
3. Players may not go back on the course to practice after concluding each round.
4. Players and coaches are permitted on the course, starting with the beginning of the first practice day and throughout the championships, as a spectator.

Coaches may go back onto the golf course after the practice round or competition round but only as a spectator. Coaches and/or student-athletes may not go onto the putting greens or within 20 feet of the putting greens. Coaches that are found to be in violation of this policy will not be permitted to coach the following day and the number of permissible coaches for that team the

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

following day will be reduced by the number of offending coaches. Coaches may walk the golf course on the day of competition prior to their play in preparation for the day.

Weather Policy

The NCAA will provide a weather detection system for the championships and will make arrangements for the system to be on site. The games committee will do everything possible to complete 54 holes by Wednesday, May 19. If a minimum of 36 holes cannot be completed, the games committee will select the regionals representatives to the finals taking into considerations 18-hole scores and other selection criteria.

In the event of a weather emergency please follow the evacuation procedures as set forth in Section 8 of this manual.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

Section 7 - Championship Format

Six 54-hole regional tournaments will be conducted to determine the 30 qualifying teams and six individuals not on those qualifying teams who will compete in the finals.

Thirteen teams and ten individuals not on those teams will compete at each of three regionals while the other three regionals will have fourteen teams and five individuals not on those teams. The low five teams and the low individual not on those teams will advance to the finals. Playoffs and tiebreakers, as set forth on pages 10-11, will be used, if necessary, to determine advancement to the finals. The games committee will do everything possible to complete 54 holes within the scheduled three-day period.

Lineups/Substitutes

During registration, the head coach must submit his or her lineup according to playing position. The five contestants from each institution must be determined by the conclusion of registration, along with a substitution.

Coaches must submit the team line-up (see Appendix C), including the sixth player, if applicable, prior to the teams use of the practice facilities or participating in the practice round. If a sixth player is added later, he must be registered prior to using the practice facilities or starting a round.

Prior to a Regional Championship round, a team may substitute a sixth player for any member of the team, provided that:

- The NCAA Golf Committee or the NCAA Rules Committee is notified of the substitution at least 10 minutes prior to that team member's starting time.
- The sixth player is an eligible member of the institution's team.

Note: When a team has substituted a sixth player, the substitution becomes final 10 minutes prior to that team member's starting time and no further changes may be made by the team for that round. However, prior to the 10-minute mark, the team may withdraw the substitution by notifying the NCAA Golf Committee or NCAA Rules Committee and may substitute for another player as provided above. The team member that was substituted for, becomes the sixth player and the team is limited to that player, if the team wishes to substitute a player prior to any subsequent Regional Championship round.

Section 8 - Championship Operations

Emergency/Evacuation Plan

If a student-athlete is seriously injured at the The Sagamore Club during practice or competition, the attending athletic trainer (ATC) is to be notified as soon as possible. EMS will be activated via telephone and will not be on site during competition. In case of a life-threatening emergency at the The Sagamore Club, the Ball State University Certified Athletic Trainer or Athletic Training Student will activate EMS using a cellular phone. If possible, the ATC is to stay with the injured student-athlete to monitor all vital signs and provide stabilization for cervical or low back fractures/injuries while someone else is sent to dial the emergency medical number. For practices, emergency equipment such as a vacuum immobilization kit and crutches will be kept in the clubhouse. For competition, emergency equipment such as an AED, spine board, vacuum immobilization kit, crutches, along with other general athletic training supplies, will be located in the back corner of the The Sagamore Club Men's Locker Room with the Athletic Training Staff. In the case of an emergency, the Ball State University Athletic Training Services Staff will have final authority on all emergency decisions. Once the ambulance crew arrives, they assume responsibility of the injured student-athlete once he is in the ambulance. Every attempt will be made to immediately follow-up with the student-athlete or actually accompany the student-athlete in the ambulance. The Ball State University Head Athletic Trainer should be notified as soon as possible. The portable AED is located in the Administrative Office. Landline Phone 317-776-2000 located in the clubhouse.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

In the event of a suspension of play, the following steps and procedures will be in effect during the term of the entire Regional including practice rounds:

- Only the NCAA can declare a suspension of play implementing this plan into effect. This includes Practice Rounds and Stroke Play.
- The suspension of play will be communicated by radio prior to the sounding of the air horns. The decision to suspend play will be communicated during Practice Rounds by the NCAA or Tournament Director. The decision to suspend play during Official Regional Rounds will be communicated to NCAA Rules Officials and/or the Tournament Director. Upon notification of the suspension of play by the NCAA, Joshua Pawlus will advise all evacuation van drivers by radio to immediately report to their assigned evacuation vans and prepare for clearing the course.
- A non-dangerous situation (e.g. darkness, golf course unplayable, etc.) will be signaled by three short notes of the air horn, repeated. Players may elect to stop play or finish the hole they are playing.
- A dangerous situation (e.g. lightning) will be signaled by one prolonged note of the air horn. Players must stop play immediately and seek shelter. Vans will be in place and clearly marked at each evacuation site.
- After suspension of play has been declared by the NCAA or Host Tournament Director and the air horns have been sounded, Players (Rules Officials, Walking Scorers and Standard Bearers) will proceed to the course evacuation site (van) closest to the hole at which they are playing. Refer to Course Evacuation Plan and Map for more details.
- Players (Rules Officials, Walking Scorers and Standard Bearers) will stay at the evacuation site until notified by the NCAA or Host Tournament Coordinator to resume play or to proceed to the Clubhouse or the designated shelter location.
- When directed by the NCAA or Host Tournament Director, the course evacuation drivers will drive vehicles to the front entrance to The Sagamore Club. Vehicles will return to pick up other Players, etc. until everyone has been evacuated to the Clubhouse.
- Once the suspension has been declared over and play is to resume, the course evacuation drivers will be notified by the NCAA or Host Tournament Director to return Players, Rules Officials, Walking Scorers and Standard Bearers back to the course.
- The vehicles will be parked at their evacuation site location during the course of the week. During Practice Rounds and Stroke Play, vans will be clearly marked at evacuation site locations (#1, #2, #3 etc). If Standard Bearers are used, they will be positioned in full view at the vehicles designated for their Players Group.
- Two short notes of the air horns, repeated will signal resumption of play.
- These suspension procedures can only be modified by the NCAA or Host Tournament Director.

The intent of the evacuation plan is to safeguard all Players, Rules Officials, Walking Scorers, Standard Bearers, Volunteers and Spectators, whenever possible from dangerous weather. The Sagamore Club and Ball State University does not expect, nor want, any volunteer to take undue risk. Volunteers and spectators are advised to head in the direction of shelter immediately, avoiding hilltops, lone trees, wire fences and other hazardous locations.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

Please Note: Only players, coaches, scorers, officials and volunteers are allowed in the vans. Spectators should proceed to the clubhouse or nearest shelter.

Section 11 - Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of championships and strongly supports the drug-testing program in order to safeguard the health and safety of the participating student-athletes.

Athlete Notification

Couriers will notify student-athletes selected for drug testing. Student-athletes will be instructed to read and sign the Individual Championship Student-Athlete Notification Form. Depending on the sport, student-athletes may need to report to drug testing within 60 minutes of notification, after their last event of the session, after their last event of the day or at the end of their participation in the championship.

Media Obligations

At individual/team championships, student-athletes who are selected for drug testing must fulfill all media obligation before reporting to the drug-testing area.

Participating Institution's Notification

While couriers will notify student-athletes of his/her selection for drug testing, it is the student-athlete's responsibility to advise their institution of his/her selection for drug testing.

Prolonged Test

If the student-athlete's team must depart the championship prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institution incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.), the institution may request reimbursement from the NCAA.

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

Testing Process

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends on the student-athlete's ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately upon arriving in the drug-testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, he/she must remain in the drug-testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen.

Section 12 - Equipment

The type of equipment (i.e., balls, clubs) to be used shall be determined by the individual team and must be acceptable under USGA rules. The USGA one-ball rule (brand and model) will be in effect. Golf bags must have the name or logo of the school on them.

Players and coaches will be required to use nonmetal spiked shoes during regional and championships competition.

Distance Measuring Devices

During the Championships, a player may obtain distance information by use of a distance-measuring device. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g., elevation changes, wind speed, recommendations on club selection, etc.), the player is in breach of Rule 4.3.

A multi-functional device, such as a smartphone or PDA, may be used as a distance-measuring device, but it must not be used to gauge or measure other conditions where doing so would be a breach of Rule 4.3.

In addition, the use of distance-measuring devices by the designated advice coach is also authorized by the NCAA Committee. The Committee has established the following condition with respect to the conduct of these coaches.

If, during a stipulated round, an advice coach uses a distance-measuring device to gauge or measure other conditions that might affect play, upon discovery of the breach, the advice coach must leave the course for the remainder of that round with no substitution permitted.

If, during a stipulated round, a player asks for these other measured conditions from anyone (including the advice coach) made with a distance-measuring device, the player is in breach of Rule 4.3. If, during a stipulated round, a player is given these other measured conditions from anyone (including the advice coach) made with a distance measuring device and fails to take action to stop this irregular procedure (see Rule 1.3) the player incurs the penalty under Rule 4.3.

Medical Examinations

As the event sponsor, the NCAA seeks to ensure that all student-athletes are physically fit to participate in its championships and have valid medical clearance to participate in the competition. The NCAA tournament physician, as designated by the host school, has the unchallengeable authority to determine whether a student-athlete with an injury, illness or other medical condition (e.g., skin infection) may expose others to a significantly enhanced risk of harm and, if so, to disqualify the student-athlete from continued participation. For all other instances, the student-athlete’s on-site team physician can determine whether a student-athlete with an injury or illness should continue to participate or is disqualified. In the absence of a team physician, the NCAA tournament physician will examine the student-athlete and has valid medical authority to disqualify him or her if the student-athlete’s injury, illness or medical condition poses a potentially life-threatening risk to himself or herself. The chair of the governing sports committee (or a designated representative) shall be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

Section 17 - Participant Expectations & Guidelines

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact in the field. Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior. Therefore, coaches must:

2021 NCAA DIVISION I MEN'S GOLF CHAMPIONSHIPS - REGIONAL
Ball State University – The Sagamore Club – Noblesville, Indiana

1. Always place the safety and welfare of student-athletes above the value of a win and above any personal prestige or glory.
2. Ensure that the coaching staff and all others associated with the program treat the student-athletes under their control with fairness and respect.
3. Remember that they are on public display and that their conduct reflects upon the image of their respective institutions.
4. Teach their student-athletes strict adherence to the rules and regulations of the sport, the institution and other governing bodies to which they are responsible.
5. Firmly establish with their student-athletes the standards of acceptable conduct.
6. Treat opponents and assigned officials with respect and demand that student-athletes do the same, instilling in their student-athletes the importance of respect and sportsmanship over winning.
7. Ensure that student-athletes understand that taunting, intimidating and baiting opponents is unacceptable behavior and will not be tolerated.
8. Monitor their coaching staff and student-athletes to ensure that they do not use profane and vulgar language while representing the institution.
9. Ensure, along with institutional administration, that fans are reminded of the expectations of sportsmanship and respect for officials and opponents and their supporters.

Misconduct

Please refer to the Division I Men's Golf Pre-Championships Manual.

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Sports Wagering

Please refer to the Division I Men's Golf Pre-Championships Manual.

Tobacco Ban

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

For the 2021 championships, teams will be permitted up to thirteen (13) members in their Tier 1 tested travel party; however, standard reimbursement policies remain in place.

Section 21 - Uniforms

Contestants must wear uniforms of the same color during competition and practice. Walking or Bermuda shorts are permitted, provided they are team shorts and are of the same color. Slacks or shorts may be worn at the individual's discretion, provided they are of the same color and are considered the team uniform. If a student-athlete wears headgear during competition, it must display only an institutional, conference or NCAA logo, or no logo. If there is no logo, a coach's or team member's headgear must be of an institutional color. A manufacturer's logo may appear on the side or back of the item as long as it conforms to NCAA Bylaw 12.5.4. For television purposes, it is recommended that each institution attempt to wear a uniform that reflects its school colors during the final two rounds of the championships. Team members are not required to wear the same headgear. In the best interest of intercollegiate golf and the championships, participants must wear appropriate golf attire at the tournament site. Please refer to the host institution's pretournament mailing for the definition of appropriate attire at the golf course.

Logo Policy*

[Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division III Manual.]

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.
