

MEMORANDUM

August 3, 2026

TO: Head Coaches and Sports Information Directors of NCAA Institutions that Sponsor Division II Men's and Women's Golf.

FROM: Antonio Cannavaro
Coordinator, Championships & Alliances

Mariah Martin
Coordinator, Championships & Alliances

SUBJECT: 2026-27 Tournament and Roster Registration Information.

The NCAA is pleased to partner with Scoreboard by Clippd as the service provider for processing regular-season results for selection purposes for the 2026-27 NCAA Divisions II Men's and Women's Golf Championships.

The [Scoreboard Coach Portal](#) will open for registration beginning on Monday, August 3, at which time you will be able to login using the same email and password as last season. If you have changed institutions or do not have login details, please email support@clippd.io.

Upon the opening of the Coach Portal on August 3, we request that you please complete the registration process and update team rosters and team schedules prior to the start of the fall season.

All competitions must be registered in the Coach Portal in order to be used for selection purposes. If you are planning to host an event this season, it is crucial that you register your event within the Scoreboard Coach Portal in order for others to add these events to their team schedules. Detailed instructions regarding this process will be provided [here](#).

Additionally, please note the following schedule submission deadlines for Division II:

- For Division II Men's and Women's Golf, spring schedules must be submitted in full to the Scoreboard Coach Portal by Feb. 1, 2027.

After these dates, any schedule adjustments must first be approved by the respective men's and women's golf committee. Additionally, institutions that fail to submit schedules by the established deadlines may be assessed a financial penalty from the NCAA.

Per NCAA policy, the host institution of a regular season event will be required to submit results from their tournament to Scoreboard by Clippd within 48 hours of the conclusion of the event. For example, if a tournament ends on Tuesday, the host institution will be required to submit its results

to Scoreboard no later than Thursday. Host institutions that fail to submit tournament results within the established timeframe may be assessed a financial penalty.

When hosting a tournament, you must report scores electronically through Scoreboard by Clippd via ScoreboardLive Scoring, manual entry, or via live scoring software that is integrated with Scoreboard's open API. Tournament hosts will be required to enter scores manually if using a live scoring software that does not integrate with Scoreboard via the open API. Fully integrated live scoring partners are listed as options when creating a tournament in the Coach Portal.

All tournaments must meet the following minimum standards:

1. The *Rules of Golf* must be followed. All scores must be actual; no stroke limits are allowed.
2. The minimum yardage requirements relative to par to be considered for selection purposes are as follows:

Par	Division II Men	Division II Women
70	6,100	5,600
71	6,300	5,700
72	6,500	5,800
73	N/A	5,900

3. **REMINDER:** The Division II golf committees now permit competitions using six-count-five and six-count-four formats as countable for selections.
4. An institution may not compete in separate tournaments or enter multiple teams into the same tournament on the same date of competition with the opportunity to count both events towards team selections. Should an institution choose to do this, one team must be declared an "A" team while the other would be designated as a "B" team. The "B" team results will not count towards selections as an at-large team; student-athlete results from "B" team events will count for individual rankings and selections.
5. Disqualification for breach of the *Rules of Golf* applies to only that round.
6. If, due to injury or illness, a player is unable to start or finish a round, that player is eligible to play in subsequent rounds with the approval of the rules committee.

Support questions for registration, scoring and statistics can be sent to support@clippd.io.

Access to the Coach Portal, team and tournament registrations, and non-live manual scoring software are all provided free of charge through the NCAA's agreement with Scoreboard by Clippd. If you wish to receive Analytics and Statistics, ScoreboardLive Scoring, or any of the other
