IN THE EVENT OF ANY CONFLICT OR INCONSISTENCY BETWEEN THE SPECIFICATIONS THAT FOLLOW AND ANY SUCH SPECIFICATIONS IN THE GENERAL BID SPECIFICATIONS DOCUMENT, THE FORMER SHALL PREVAIL AND GOVERN THE MATTER.

SECTION I: INTRODUCTION

The National Collegiate Athletic Association (“NCAA” and/or “Association”) is pleased to provide to member institutions/conferences the opportunity to submit a proposal to host one or more NCAA championships.

The information contained in this document and the accompanying attachments provides the minimum bid specifications for hosting any of these championships, as well as essential information that will provide assistance in the development of a creative, comprehensive and competitive bid proposal. The NCAA awards the privilege of hosting an NCAA championship several years in advance so those communities may work collaboratively with the NCAA to create positive experiences for its student-athletes, participating institutions, fans and the community.

A member institution or member conference of the NCAA must be designated as the host institution/conference for the championship. The administration of the championship is under the authority of the respective sports committee subject to final authority from the NCAA Division I Competition Oversight Committee and Division II and Division III Championships Committees. All activities and events associated with the championship are to be approved by the sports committee.

SECTION II: CHAMPIONSHIP STRUCTURE

DATE FORMULAS	
Regionals (4)	Regionals will conclude Nine Days prior to the Start of the Finals (Thursday- Saturday)
Finals	Third Full Week in May (Sunday- Saturday) with competition conducted Monday- Friday.

DATES AVAILABLE FOR BID	
2027	May 6- 8, 2027; practice day May 5
2028	May 11-13, 2028; practice day May 10

The NCAA Division II Men’s Golf Championships will consist of both team and individual competition conducted concurrently. Ten teams and the top four individuals not with a team will be selected from each region to compete in one of four 54-hole regional tournaments, each consisting of 20 teams and eight individuals from two adjacent sport regions. At a minimum, the top three teams and the top two individuals not with a team from each regional (regardless of region) will advance to the finals. The remaining eight team berths will be allocated based on the regions represented in the prior year’s head-to-head medal play portion of the championships. Tiebreakers and playoffs will be used to determine individual and team champions, and advancement to the finals.

The men’s golf committee has the ability to implement an administrative cut after 36 holes of play to the top 15 teams and top six individuals not on those teams. The administrative cut will only occur after all other options to complete 54 holes of play by all 108 participants have been exhausted.

(The championship format and schedule is subject to change.)

SECTION V: LODGING

General Guidelines:

The NCAA has partnered with On Location. to manage the NCAA Championship Housing Program and all championship housing needs. On Location serves as the housing partner for hundreds of events annually and, through strong relationships with various hotel brands, can deliver the appropriate mix of amenities, location and price for hundreds of thousands of room nights each year. Utilizing their expertise, On Location will be responsible for managing the selection and contracting process for all championship housing accommodations.

Housing will be required for all participating teams, NCAA staff, committee members, media, game officials, and other special guests as designated by the NCAA. Separate hotels are needed for the NCAA, media, officials, and participating teams unless specified otherwise by the NCAA. It may be permissible for the media or game officials to be assigned to the same property as the NCAA headquarters hotel. (Game officials and teams may not stay in the same hotel.) Efforts will be made to provide some preference to the official corporate champion/partner in the hotel category (should one exist at the time of contracting) of the NCAA. While hotels are the primary housing offerings that will be contracted, alternative options may be considered in certain situations.

Bids will be awarded contingent upon the successful negotiation of housing needs at reasonable rates. Failure to secure such reasonable rates and properties may result in rescinding of the bid award.

The host institution/conference or sponsoring agency must guarantee sufficient housing is available to meet the room block needs identified in the sport specific bid specification. Properties must meet the required service levels and be in reasonable proximity to the event venues. Rooms should not be secured or contracted nor should rates be discussed with specific properties, unless requested to do so by the NCAA.

Bid responses may highlight any recommended properties On Location should consider when contracting. Specifications should also disclose any special relationships, agreements and/or financial arrangements you may have in place with the recommended properties. On Location will take into consideration all recommendations when selecting hotels; however, guarantees cannot be made that contracts will be secured with these properties.

All hotels contracted must have experience with and understand the needs of large sports related groups. For certain championship events, additional room blocks may be required for fan travel.

The NCAA or its designees shall have the exclusive right to sell products licensed by the Association for merchandising at the selected hotels (inside and outside the premises controlled by the hotels). The hotel will provide adequate space in its lobby for such sales.

Contracted properties will be responsible for complying will all requirements in the contract terms as presented in the sample contract.
