The Golf Club of Dallas was the last course designed by Perry Maxwell before his death in late 1952, and was finished by his son and collaborator Press Maxwell in time for our 1953 club opening.

At The Golf Club of Dallas, we believe Perry Maxwell's last course was his best and we have taken great care to preserve it. During 2002, with Charles Coody's assistance, we renewed and slightly renovated our course, primarily to restore its purity as a Perry and Press Maxwell design.

The par-70 course was designed for golfers of all ages and levels of play. Multiple tees vary the length of each hole, offering a fair test for all. The full-service golf shop offers members the finest in golf fashions and merchandise, as well as a professional staff to attend to your every need. For golfers looking to upgrade their game, we offer private lessons and group clinics.

There is no maximum allotted time for a student-athlete to provide an adequate specimen.

Section 12 - Equipment

The type of equipment (i.e., balls, clubs) to be used shall be determined by the individual team and must be acceptable under the Rules of Golf. The one-ball rule (brand) will not be in effect. Golf bags must have the name or logo of the school on them.

Players and coaches will be required to use nonmetal spiked shoes during regional and championships competition. This includes practice rounds. Penalty for breach of this condition is two strokes per hole with a maximum of four strokes. As soon as a breach has been discovered, the player must immediately make the appropriate changes to conform to the policy.

Electronic measuring devices calculating distance only are permitted for use during both the practice rounds and the competition rounds. Devices that measure other variables (e.g. slope) may be used, but only if the particular features are turned off.

The use of non-motorized pull carts is allowed in the women's golf championships.

Golf Carts

Golf carts will be provided for members of the game's committee and selected tournament officials. One cart will be assigned to the designated coach of each competing institution and individual.

A single cart will be provided to the designated coach during the regionals and finals for practice and competition rounds. The cart is to be utilized by the designated coaches only and should not be used to transport spectators, team personnel, athletics administrators, student-athletes, golf clubs or golf bags. Items for competitors such as rain or all-weather gear and refreshments are permissible for transport.

A designated coach may not use the cart to "drive around" the golf course prior to the start of the practice round or his/her team's first starting time of each day. Prior to a team's first starting time, the coach is considered a spectator.

Participants may not use caddies, golf carts or motorized pull carts during the championship rounds. Consistent with the Americans with Disabilities Act (ADA), a disabled player may be permitted to use a golf cart as an accommodation to his or her disability for those events where golf carts are not allowed. As required by the ADA, the women's golf committee will evaluate such requests on a case-by-case basis.

In order for the committee to properly evaluate the merits of such requests, while maintaining the fundamental fairness of the golf competition, it is necessary for players requesting this accommodation to submit medical documentation to facilitate that analysis. The documentation provided must demonstrate: (1) a player's disability as defined by the ADA (temporary conditions may not be covered); (2) the medical need for the golf cart that results from that disability; and (3) that by providing a golf cart to a player in that particular circumstances, the committee would not be fundamentally altering the fairness of the competition by providing a player with an advantage over other players.

Section 13 – General Public

Spectator Guidelines

Spectators should remain on the cart paths or in the rough approximately 15 yards from the players. There may be no communication between players and spectators that could be deemed advice of any nature for the duration of the 18 holes. All institutional personnel, except for the designated coach, are considered spectators. Ringers on electronic devices such as cell phones or pagers must be turned off. Spectators are asked to refrain from smoking near the players.

Carts are not provided to fans watching the golf tournament. The Women's Golf Committee recognizes the unique circumstances surrounding spectators who may require special assistance in order to watch the championships and strive to host inclusive, accessible events that enable all individuals, including individuals with disabilities, to engage fully. For spectators with accessibility issues, the following protocol has been established with respect to the use of golf carts. The head coach should request in writing special assistance no later than Friday, May 5, 2023. Request should be directed to Bryan Curtis, Tournament Director, via email at bryan@dbu.edu. If use of a cart is approved, only one authorized member of the party will be allowed to drive and additional members of the party will be required to walk the course. Use of the cart may also require a rental fee to be paid on arrival to the course.

Concussion Management

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details please refer to the "NCAA Sports Medicine Handbook Guideline on Concussions" online at www.NCAA.org/health-safety.

Section 17 - Participant Expectations & Guidelines

Code of Conduct

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expect that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletic participation, but also in the broad spectrum of activities associated with the championship event.

2023 NCAA DIVISION II WOMEN'S GOLF CHAMPIONSHIPS
WEST REGIONAL---GOLF CLUB OF DALLAS---DALLAS, TEXAS.

Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution that fails to submit a complete and accurate Division II Code of Conduct form (Appendix A) before the start of the first competition of the championships will be issued a fine of \$500, with a private letter of reprimand to be sent to the conference commissioners, university president, university athletics director, senior woman administrator, sports information director and compliance director.

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact in the field. Coaches are expected to be role models who always conduct themselves with integrity and high ethical standards.

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

Therefore, coaches must:

1. Always place the safety and welfare of student-athletes above the value of a win and above any personal prestige or glory.
2. Ensure that the coaching staff and all others associated with the program treat the student-athletes under their control with fairness and respect.
3. Remember that they are on public display and that their conduct reflects upon the image of their respective institutions.
4. Teach their student-athletes strict adherence to the rules and regulations of the sport, the institution and other governing bodies to which they are responsible.
5. Firmly establish with their student-athletes the standards of acceptable conduct.
6. Treat opponents and assigned officials with respect and demand that student-athletes do the same, instilling in their student-athletes the importance of respect and sportsmanship over winning.
7. Ensure that student-athletes understand that taunting, intimidating and baiting opponents is unacceptable behavior and will not be tolerated.
8. Monitor their coaching staff and student-athletes to ensure that they do not use profane and vulgar language while representing the institution.
9. Ensure, along with institutional administration, that fans are reminded of the expectations of sportsmanship and respect for officials and opponents and their supporters.

Misconduct

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics.

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Sports Wagering

The NCAA defines sports wagering as putting something at risk – such as an entry fee or a wager – with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student-athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

Tobacco Ban

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers, and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

Contestants must wear uniforms of the same color during competition and practice. Walking or Bermuda shorts are permitted, provided they are team shorts and are of the same color. Slacks or shorts may be worn at the individual's discretion, provided they are of the same color and are considered the team uniform. If a student-athlete wears headgear during competition, it must display only an institutional, conference or NCAA logo, or no logo. If there is no logo, a coach's or team member's headgear must be of an institutional color. A manufacturer's logo may appear on the side or back of the item as long as it conforms to NCAA Bylaw 12.5.4. For media purposes, it is recommended that each institution attempt to wear a uniform that reflects its school colors during the final two rounds of the championships. Team members are not required to wear the same headgear. In the best interest of intercollegiate golf and the championships, participants must wear appropriate golf attire at the tournament site. Please refer to the host institution's pretournament mailing for the definition of appropriate attire at the golf course.

Logo Policy*

[Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division III Manual.]

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any

WEST REGIONAL---GOLF CLUB OF DALLAS---DALLAS, TEXAS.

additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.
