7. **Regional Rankings.** Regional rankings will be published on NCAA.com April 13, 20, and 27. A fourth regional ranking will be published after the selection announcement on May 8.

8. **Championship Field Selection.** The committee will select 221 participants for the championships. Forty-three teams and six individuals will be selected: Thirty-four pool A teams, one pool B team and eight pool C teams along with the six individuals.

9. **2022-23 Selection Process.** Both fall and spring schedules will be considered. A team or individual must compete in a minimum of four contests (minimum of 18 holes) after Jan. 1 of each year. The institutions that earned their conferences' automatic qualifier in the fall are not required to play in four contests after the first of the year, but the men's golf committee recommends that a spring schedule is conducted. For junior varsity contests, the respective school must inform the host institution that its junior varsity program will participate and that its team score should not appear on the tournament results form; however, individual scores may be reported. Waivers will be accepted by the men's golf committee for teams or individuals that have not met eligibility requirements due to weather or other extenuating circumstances. Waivers must be submitted in writing to the NCAA championship manager before the selection date.

To be considered during the selection process either as an automatic berth (Pool A) or an at-large berth (Pool B and Pool C), an institution must play at least 25 percent of its competition against Division III in-region opponents, unless a waiver has been approved by the Division III Championships Committee.

10. **Selection Criteria.** All contests against Division III opponents will be in primary criteria. If there are at-large teams and individuals selected, the following criteria will be used.

Primary:

- In-division head-to-head competition;
- In-division results versus common opponents;
- In-division won-lost results;
- Division III strength of schedule

- Place/finish in all competitions;
- Stroke differential;
- Individual stroke averages;
- Adjusted scoring average;
- Golfstat indexes;
- Nullification (Bylaw 31.02.4)

Secondary:

- Overall head-to-head competition;
- Overall results versus common opponents;
- Overall won-lost results;
- Late-season performance, defined as an institution's last three tournaments, which may include the conference championship.

Additionally, input is provided by regional advisory committees for consideration by the men's golf committee. Coaches' polls and/or any other outside polls or rankings are not used by the men's golf committee for selection purposes.

11. **Championships Format.** The team and individual champions will be determined after 72 holes of play. After 36 holes of competition, the field will be cut to the top 18 teams and top six individuals not on one of those teams. Ties for the cut will be broken by a sudden-death playoff or, if necessary, by the non sudden-death tiebreaking procedures set forth in the pre-championships manual.

12. **Rules.** The 2021-22 Hard Card is posted on the Division III Men's Golf landing page on www.NCAA.org. A new spring hard card will be posted in early 2023 to include any new rules implemented in January 2023.

13. **Annual Meetings.** The 2023 NCAA Division III Men's Golf Committee annual meeting will take place June 12-13, 2023. Submit agenda items in writing to the NCAA championships manager, [Ryan Richardson](mailto:Ryan.Richardson@ncaa.org) by June 3, 2023. Men's golf committee reports can be found online on the DIII Men's Golf landing page and championships committee meeting reports can be found on the DIII Championships Committee landing page.

14. **Pre-Championship Manual.** The 2022-23 NCAA Division III Men's Golf Pre-Championships Manual will be posted in February on the DIII Men's Golf landing page.

15. **NCAA Websites.** NCAA.org and NCAA.com.
