Administrative Meeting

The mandatory coaches' meeting will be held at **4:00 p.m.** on **Monday, May 18, in Salons 6-8** located in the Main Building (same building as Check-in/Registration) at the resort. The format, procedures and any other pertinent information will be reviewed at this time.

Ancillary Event

WGCA Banquet: The WGCA and NCAA banquets will be combined at this year's championship. Awards will be given out by the WGCA during the NCAA banquet on **Monday, May 18, following the coaches' meeting.**

Banquet

The NCAA will host a welcome banquet for official travel party members. The banquet will be held at **6:00 p.m., Monday, May 18, at The Omni Ranchos Las Palmas in Salons 4-5.** Each team will be provided seven complimentary dinner tickets. Individuals will be provided two complimentary dinner tickets. Dinner tickets should be picked up at registration. Additional available for purchase at registration.

Folds of Honor

On Wednesday, May 20, each team or participant will be playing in honor of a fallen soldier. A special announcement of each fallen soldier will take place at the starting tee box. Folds of Honor signs will be located at each tee box and American pin flags will be located on holes 1 and 10 on each course. If a volunteer is not tending the flag, we ask that student-athletes lean the flags against their golf bags as to not let the American pin flags touch the ground.

Practices

Two practice round days will be held on Sunday, May 17 and Monday, May 18. Participants are not required to participate in practice rounds. Should a team or individual choose to opt out of a practice round, they must notify the Division III Women's Golf Committee once the decision has been made. Practice facilities will be available during the championships and participants will be advised of the dates and times when the facilities will be available. **Coaches, teams and individuals participating in the NCAA Division III Women's Golf Championships will not be allowed to practice on the course that will be used for the national championships, beginning 10 days before the first practice round.** Violations of this policy may result in sanctions listed under the NCAA misconduct provisions or disqualification of the team or individual(s) from participation in the championships by the games committee. The host institution's team shall be exempt from this policy, provided the championships are conducted on the institution's home course.

Coaches and student-athletes will not be allowed to walk the course before the official championships practice round. Student-athletes and coaches are not allowed on the course prior to their scheduled practice or stipulated rounds; penalty strokes could be incurred for misconduct. Student-athletes and coaches are allowed on the course after their competition rounds provided they follow spectator rules. Coaches are not permitted to play the course at any time on practice or competition days. Teams and individuals may not start a practice round other than during their designated time or position.

Head coaches or the official designated institutional representative will be required to be with their teams and individuals during their entire practice rounds. Coaches will be provided practice round

pace of play charts and will be responsible for monitoring pace of play and misconduct. Groups of five are allowed for the practice round and coaches are not allowed to play.

In an effort to maintain the conditions of the course and speed of play during the practice round at the national championships, a player may hit multiple shots as long as each hole is completed within the stated Pace of Play and only one ball lands on the green (including par-threes). No more than two tee shots will be allowed per player per par-three hole. Players may hit multiple chips and putts using two balls within 10 yards of the green if they stay within the stated pace of play. Violation of the policy may result in the player and/or team being moved into their appropriate position based on the Pace of Play chart.

White Line Yardages

Prior to the practice rounds, a white line will be placed on each teeing ground that the Rules Officials intends to use during the Championship. The Championship Tee Markers will not ever be placed behind this line.

Generally, the Rules Officials will place tee markers 2-10 yards in front of the white line, in an area of good turf and clean divots; however, if/when weather conditions, and/or a challenging hole location warrants a shorter club off the tee, and the angle of the shot is not changed, the Rules Officials may place tee markers even further forward.

If the Rules Officials plans to play, or wishes to have the flexibility to play, from an alternate teeing area – and the angle area or green is different from that tee – an additional white line will be placed on that alternate teeing area. A practice tee shot may be played from that teeing area as well.

Blocked Teeing Areas on Par 3s

To preserve the turf for a Championship teeing area, the Rules Officials may place netting down covering part of a teeing area. Play is prohibited from that area during practice rounds. Players disregarding this notice may be subject to misconduct penalties.

Special Olympics

A Special Olympics ceremonial first tee shot will take place before the practice round on Sunday, May 17 on Firecliff Hole #1. It is expected that all participating teams attend. A basket will be provided for teams that would like to offer a gift to the Special Olympics athlete.

A clinic in partnership with the Special Olympics will take place on Sunday, May 17, following the practice round. Each team is required to designate one representative to assist with organizing and running the clinic. The designated individual should be prepared for a time commitment of no more than one and a half hours, starting at 4:30 p.m. Participants will meet on the practice green.

Weather Policy

The NCAA will provide a weather detection system for the championships and arrange for it to be on site. The Division III Women's Golf committee will do everything possible to complete 72 holes. However, the committee reserves the right to modify the format (e.g., field size, number of rounds, pairings) for weather.

In the event of a weather emergency, please follow the evacuation procedures provided onsite.

Section 7 - Championship Format

Championships Scorecard

The NCAA Division III Women's Golf Committee, subject to the approval of the Division III Championships Committee, determines the format for the NCAA Division III Women's Golf Championships. The championships will consist of both team and individual competition conducted concurrently. In the team competition, the low four scores for each team will count in each day's total score.

The number of participants allowed at the finals is 176. A team may consist of four or five players. If a team is selected, additional individuals from that team are not permitted to compete as individuals in the championships. After 36 holes of competition, the field will be cut to the top 15 teams and top six (6) individuals not on one of those teams. Ties for the cut will be broken by a sudden death playoff or, if necessary, by the non-sudden death tiebreaking procedures set forth in this manual.

Tee Times/Pairings

The Division III Women's Golf Committee will pair teams in groups of two or three according to seed for the first and second rounds. Third and fourth-round team pairings will be by position according to score. After the second round, individual order within a team will be based on cumulative tournament scores. For purposes of ranking teams for third- and fourth-round pairings, ties will be broken based on the cumulative total of each team's dropped scores. If a team is playing with four participants, that team automatically loses the tie breaker. When a tie exists between individuals on the same team, the individual with the lowest numerical team position will be assigned to the later tee time. The committee will rank individual participants for the first and second rounds. Pairings for the third and fourth rounds will be based on rankings of cumulative scores. In the case of a tie for pairings for the third round, the player with the lower score from the second round breaks the tie. If both individuals have the same score, a coin toss will be used to break the tie. This will be the same for a tie after the third round, the score from the third round will break the tie. Individual participants from the same team may play together in practice rounds but shall not play together during competition rounds.

Tee times for the practice rounds will be provided to teams and individuals following the conference call Tuesday, May 12.

Pairings and tee times may be altered by the games committee if necessary due to weather issues.

Lineups/Substitutes

During registration, the head coach must submit the team lineup according to playing position. The five contestants from each institution must be determined by the conclusion of registration.

A player may be substituted before the first tee time of the first round of the championships, if the head coach notifies the Division III Women's Golf Committee before their team's first tee time. The substitute must assume the position of the replaced player, who may not re-enter the lineup. Alternates are not included in travel party numbers. Institutions are responsible for the travel expenses of alternates.

Discontinuance of Play

In the event of a discontinuance of play, the Division III Women's Golf Committee reserves the right to modify the format (e.g., field size, number of rounds, pairings). If the decision is to shorten the tournament, then a 54-hole total will be used. If that is not possible, then a 36-hole total or 18-hole total will be used. If that is not possible, the committee will determine place finish based on the original seeding of the teams. **Play will not be extended beyond the last scheduled day of competition.**

1. If no team has completed nine holes, the day may be cancelled.
2. If some teams have finished 18 holes, every effort will be made to finish the round, including continuing on the next day.

Warm-up Policy

1. If the weather delay is less than one hour, there will be no warm-up.
2. If the weather delay is longer than one hour, there will be a minimum 10-minute warm-up.

Tiebreaker

Team and Individual Tiebreaking Procedures

Teams. Ties for first place shall be broken during a sudden-victory playoff counting the low four scores (relative to par). If there are three or more teams involved in a playoff, the shotgun format listed below shall be used. The committee will determine the sequence of holes. Time limitations may dictate a shotgun start as determined by the committee. The team playoff will be conducted prior to a playoff for individuals. Tiebreaking procedures will not begin until the round is complete.

Team tiebreakers (teams will draw for positions):

Two teams (A & B; tee off alternately). Playoff Hole 1.

Tee Time	Team A	Team B
1 st	#5, #4	#5, #4
2 nd	#3, #2	#3, #2
3 rd	#1	#1

If the teams remain tied, the next hole in sequence will be played.

Draw Procedures. Teams will draw for order in the playoff by lot. For the playoff, the last team to have teed off on the final round of the competition will draw first; in the case of teams teeing off at the same time from hole #1 and hole #10, the team that played from hole #1 first will draw first. The same draw procedure would apply in the case of a playoff for individuals.

DESERT WILLOW GOLF RESORT • PALM DESERT, CALIFORNIA

Shotgun Format

If a shotgun start is necessary, the scoring procedure will be the best four scores against par on each hole until a winner is determined.

A #5	B #5	C #5	playoff hole 5
A #4	B #4	C #4	playoff hole 4
A #3	B #3	C #3	playoff hole 3

Four teams

A #5	B #5	C #5	D #5	playoff hole 5
A #4	B #4	C #4	D #4	playoff hole 4
A #3	B #3	C #3	D #3	playoff hole 3
A #2	B #2	C #2	D #2	playoff hole 2
A #1	B #1	C #1	D #1	playoff hole 1

Five teams

A #5	B #5	C #5	D #5	E #5	playoff hole 5
A #4	B #4	C #4	D #4	E #4	playoff hole 4
A #3	B #3	C #3	D #3	E #3	playoff hole 3
A #2	B #2	C #2	D #2	E #2	playoff hole 2
A #1	B #1	C #1	D #1	E #1	playoff hole 1

Players will play the numbered position they held at the **start** of the tournament.

The format in pairings for a playoff of six teams or more shall be consistent with the foregoing format as determined by the committee.

Individuals. Individuals will draw for order using the same procedure and order as noted in the teams section. Ties shall be broken during a sudden-death playoff. The committee will determine the sequence of holes. The tied participants will play one extra hole at a time, with those still tied for the lowest score moving on to the next hole until a winner has been determined.

Non Sudden-Death Tie-Breaking Procedure

For pairings purposes and for situations in which a sudden-death playoff cannot be completed, the following system shall be used to break ties, except as provided elsewhere when ties need not be broken at the championships:

Teams

1. Cumulative total of the non-counting scores.
2. Cumulative total of the lowest player score from each round.
3. Cumulative total of the second lowest player score from each round.
4. Cumulative total of the third lowest player score from each round.
5. Cumulative total of the fourth lowest player score from each round.
6. Revert to original seeding of teams.

Individuals (within a team)

When a tie exists within a team, the individual with the lowest team position will be given the later tee time.

Individuals (not within a team)

1. Low score of the most recent round.
2. Low score next previous round.
3. Revert to original seeding of individuals.

Section 8 - Championship Operations

Designated Coaches

The NCAA permits up to two designated coaches per team and one coach per individual to provide advice during championships competition. The designated coaches are defined as a member of the institution's coaching staff and/or an employee of the institution and must be present at the championships site during all rounds of competition. Before the day's play, the designated coaches must be identified to the games committee by signing in at the first assigned tee each day and by wearing the appropriate wristband at all times. The wristband will be provided at the starter's tent.

A current student-athlete not participating in the tournament **cannot** be designated as the second coach.

Emergency/Evacuation Plan

In the event of an emergency or delay of play, the following steps and procedures will be in effect from Sunday, May 17 until the conclusion of the NCAA Women's Division III Golf Championships.

***ONE PROLONGED HORN SOUND - MUST DISCONTINUE PLAY IMMEDIATELY.**

***THREE SHORT HORN SOUNDS - NORMAL SUSPENSION OF PLAY.**

***TWO SHORT HORN SOUNDS - RESUMPTION OF PLAY**

Equipment

The type of equipment (i.e., balls, clubs) to be used shall be determined by the individual team and must be acceptable under USGA rules. The one-ball rule will not be in effect. Golf bags must have the name or logo of the school on them.

Games Committee

The games committee will make all decisions pertaining to the conduct of the championships including, but not limited to, pairings, golf course set-up and protests.

The games committee at the championships shall consist of the members of the Division III Women's Golf Committee present at the championships, the NCAA liaison, the head rules official, the host institution's tournament director (or designee) and other individual(s) appointed by the chair of the women's golf committee.

Golf Carts/Pull Carts

Golf carts will be provided for members of the games committee and selected tournament officials.

A single cart will be provided to the designated coach for practice and competition rounds. The cart is to be utilized by the designated coaches only and should not be used to transport spectators, team personnel, athletics administrators, student-athletes, golf clubs or golf bags. Items for competitors such as rain or all-weather gear and refreshments are permissible for transport. Exceptions must be approved by the Division III Women's Golf Committee.

The designated coaches may not use the cart to "drive around" the golf course prior to the start of the practice round or their teams first starting time of each day. Prior to a team's first tee time, the coach is considered a spectator.

Participants may not use caddies, golf carts or motorized pull carts during practice or competition rounds. Players must carry their own bags or use nonmotorized pull carts. Pull-carts **are allowed** during competition but **will not be available** for use through the golf course. A student-athlete who chooses to use a pull-cart will be responsible for providing her own cart.

The only exceptions to this rule are shuttle carts or if a player is permanently disabled, a written request has been submitted with supporting medical documentation to the Division III Women's Golf Committee for a waiver of this rule, and the Division III Women's Golf Committee has approved the use of a pull cart prior to the start of the championships.

PLAYAWAY CARTS

A limited number of Playaway carts will be available during the championships.

Hospitality/Meals

Breakfast is included in the lodging rate and will be available to all members of the travel party starting at 5 a.m. on Sunday, May 17, at the Omni Resort – Desert Pearl.

Lunch orders will be available to be picked up from 10:00 a.m. to 2:00 p.m. in the hallway before the Willow Room at Desert Willow.

DESERT WILLOW GOLF RESORT • PALM DESERT, CALIFORNIA

The Cook's Cantina is a cafe on the property that will offer quick grab-and-go options, serving easily transportable breakfast, lunch, and snack options.

The Terrace Restaurant will have regular service during the rounds including a made-to-order grill behind the clubhouse.

Lost & Found

Lost and Found will be located at the main reception desk at Desert Willow.

Officials

Members of the NCAA Division III Women's Golf Committee, NCAA Rules Officials, and other designated individuals will serve as officials and make decisions regarding the conduct of the championship, including pairings, rulings, protests, etc.

The rules officials will be represented by volunteer officials from across the country. Arrangements have been made for Scoreboard by Clipd to provide the computerized scoring system for the championships.

Pace-of-Play Policy

Maximum Allowable Time

Maximum allowable time is the maximum time that the Rules Officials consider necessary for a group to complete its round. This is expressed in a per-hole and aggregate time format on the player scorecard and includes all time associated with playing the game, for example, for rulings and walking time between holes. A player does not receive any additional time when a Coach is present. The hole is completed when the last player in the group removes their ball from the hole.

- Players should play at a prompt pace throughout the round.
- Players are encouraged to play "ready golf" in a safe and responsible way. (Rule 6.4b)

"Out of Position"

A group is **out of position** when it exceeds the maximum allowable time **and** fails to play a stroke:

- a) At a Par-3 before **all** players in the group ahead have played from the teeing area of the next hole.
- b) At a Par-4 before **all** players in the group ahead have holed out.
- c) At a Par-5 before **any** player in the group ahead has made a stroke on the putting green.

Warning/ "On the Clock" / "Bad Time"

- When the Rules Officials determines that a group is out of position, the group may either receive a warning or be put immediately on the clock (that is, to be timed) and the players will be notified by a Rules Official.
- When warned, the group is expected to regain position with the group ahead as soon as possible. If the group does not make up time or regain position, the group will be put on the clock and informed a Rules Official.
- While on the clock, any player in a group who incurs a bad time will be informed as soon as possible.
- While on the clock, Rules Officials may assess a bad time to a player who delays play between shots or holes.
- An official will not inform a group when it has regained its position and is no longer on the clock. A player or designated coach may inquire as to the status of the group at any time.
- If the group in question regains its proper position, any previous bad times will be carried forward for the remainder of that round.

2026 NCAA DIVISION III WOMEN'S GOLF CHAMPIONSHIPS
DESERT WILLOW GOLF RESORT • PALM DESERT, CALIFORNIA

- Regardless of position, if the Rules Official determines that a player(s) in the group is delaying play of their own or any subsequent group, or the competition in general (which includes a stroke play playoff or extra holes in a match) the group or individual player may be warned and/or placed on the clock by a referee at any time.
- The penalty for breach of Rule 5.6a (Unreasonable Delay of Play) may be applied.

Time Permitted to Play a Stroke

A player is considered to have incurred a bad time when the player exceeds **40 seconds** to make a stroke.

- An extra **10 seconds** (for a total of 50 seconds) will be permitted for the first player to play:
 - A stroke on a Par-3
 - A second stroke on a Par-4 or Par-5
 - A third stroke on a Par-5
 - A stroke around the putting green
 - A stroke on the putting green
- The timing of a player's stroke begins when it is the player's turn to play without interference or distraction. Time spent determining yardage, talking with a coach and considering other conditions, such as wind, will count as time taken for the stroke.
 - **On the putting green**, the actions allowed under Rule 13.1 are not included in the timing of a player's stroke, provided the player is not unreasonably delaying play. However, time spent surveying the line of play from any angle will count as time taken for the stroke.

Penalties

The following is the penalty structure for a player who receives a bad time while on the clock (timed).

BAD TIME	STROKE PLAY
1st bad time	Warning
2nd bad time	1 stroke penalty
3rd bad time	Additional 2 stroke penalty
4th bad time	Disqualification

Post-Championship & Competition Site Evaluations

During the NCAA championships, the student-athlete experience is paramount. NCAA staff and hosts dedicate themselves to planning the best experiences for all involved. As part of our commitment to getting better, following the championship, participants will receive a survey to provide feedback on their experience and input on how championships can be improved for future NCAA athletes. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to forward the survey to student-athletes. However, we understand that sometimes certain circumstances or conditions occurring during the events may require real-time consideration. When this is the case, student-athletes may reach out to the NCAA national office staff onsite.

Registration

Registration will be from 2:00 – 8:00 p.m. in the Omni Resort Plaza at the Omni Las Palmas Ranchos Resort on Saturday, May 16. Registration will also be offered 8:00 – 11:00 a.m. in the Clubhouse at Desert Willow on Sunday, May 17.

2026 NCAA DIVISION III WOMEN'S GOLF CHAMPIONSHIPS
DESERT WILLOW GOLF RESORT • PALM DESERT, CALIFORNIA

Teams, coaches, and individual competitors will receive packets containing credentials, welcome information, and participant mementos. Coaches will be asked to confirm their final lineups and designate the individual for the Special Olympics clinic at registration (if different from what was submitted on the Participant Google Form). Teams will also have the opportunity to purchase additional banquet dinner tickets.

Rules

The NCAA Division III Women's Golf Championships shall be conducted according to the Rules of Golf and, the Division III Women's Golf Hard Card, along with any Local Rules (contained in the Notice to Players) the games committee deems necessary. Members of the Division III Women's Golf Committee and rules officials will be available for interpretations of the rules and other decisions governing the competition. A games committee decision regarding the Rules of Golf shall be final and cannot be appealed.

The following rules apply to championships competition.

Advice – Each team may name two (2) advice givers whom players on the team may ask for or receive advice from during a round. When a player is competing only as an individual, including a player from a team competing in an individual play-off, the player may name one (1) advice giver whom the player may ask for or receive advice from during a round, with a maximum of one (1) advice giver per institution.

Each team or individual must identify the advice giver(s) to the Committee before players on the team or an individual asks for or receive advice from the advice giver. The advice giver must be designated by their institution's athletics department to perform coaching duties and the advice giver must wear the identification band, when provided. The team or individual may change its advice giver during the round but must tell the Committee when it is doing so. If a team changes an advice giver, the new advice giver has the same status as the previous advice givers and must wear an identification band.

A team's advice giver must only give advice to, and ask advice from, players on their team and the team's other advice giver, and must not ask for advice from any other representative of their institution, any other advice giver or any other outside influence. If an advice giver asks advice from someone not allowed, the Committee may revoke their position.

Note: Advice givers are outside influences and are not treated as part of the player's side. However, a player is responsible for certain actions of another person, including her advice giver, under Rule 1.3c(1). A penalty may apply when:

- The player's advice giver takes an action that would breach the Rules if taken by the player or caddie and that advice giver does so at the player's request or while acting with the player's authority, such as the player asking the advice giver to stand in a location on or close to an extension of the player's line of play to help the player with his/her alignment, in breach of Rule 10.2b(4).
- The player sees his/her advice giver about to take an action concerning the player's ball or equipment that he/she knows would breach a Rule if taken by the player or caddie and does not take reasonable steps to object or stop it from happening, such as the advice giver taking an action to improve the conditions affecting the player's stroke, in breach of Rule 8.1a.

2026 NCAA DIVISION III WOMEN'S GOLF CHAMPIONSHIPS
DESERT WILLOW GOLF RESORT • PALM DESERT, CALIFORNIA

The Committee trusts that all players and advice givers respect the principle of observance to the Rules, proper conduct and fair play in the spirit of the game.

Scoring

Scorecards shall be kept in strict accordance with Rule 3.3b of the USGA's "Scoring in Stroke Play." The scorecard shall be deemed returned when the scorecard is certified. A daily team score is computed by totaling the lowest scores of four of the five team members. The final team score is determined by totaling each daily score.

Players will record their scores with scoring assistants so results may be updated in real time at www.ncaa.com.

Scoreboard by Clippd will provide the computerized scoring system for the championships.

Returning scorecards: For the purpose of applying Rule 3.3b(2), a player's scorecard is treated as returned 15 minutes after the scorecard has been accepted by the Rules Committee and the player has left the scoring area.

Exception: A player's scorecard is returned if any of the following four events occur, even if it occurs before the 15-minute time limit has expired:

- Starting times have been released after a cut has been made
- The player begins their next round
- Any player has made a stroke to begin a playoff
- The competition has closed

Teleconference

There will be a teleconference (Appendix A) for the championships coaches with the NCAA Division III Women's Golf Committee and the host institution at noon Eastern Time, Tuesday, May 12.

[Click here to join the meeting](#)

Videotaping

Institutions are permitted to videotape championship competitions by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for commercial purposes.

Section 11 - Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of the championships and strongly supports the drug-testing program in order to safeguard the health and safety of the participating student-athletes.

Athlete Notification

Couriers will notify student-athletes selected for drug testing. Student-athletes will be instructed to read and sign the Individual Championship Student-Athlete Notification Form. Depending on the sport, student-athletes may need to report to drug testing within 60 minutes of notification, after their last event of the session, after their last event of the day or at the end of their participation in the championship.

Media Obligations

At individual/team championships, student-athletes who are selected for drug testing must fulfill all media obligations before reporting to the drug-testing area.

Participating Institution's Notification

While couriers will notify student-athletes of their selection for drug testing, it is the student-athlete's responsibility to advise their institution of the selection for drug testing.

Prolonged Test

If the student-athlete's team must depart the championship prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institution incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.), the institution may request reimbursement from the NCAA.

Testing Process

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends on the student-athlete's ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately upon arriving in the drug-testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, they must remain in the drug-testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen.

Section 12 - Expenses/Reimbursement

Per Diem

Per diem will be provided for an official travel party of seven (7) for teams and for each qualifying individual and their respective coach (2).

Travel Expense System

Expense reimbursement for participation in championships must be submitted through the Travel Expense System (TES), available online at www.ncaa.org. All competing institutions must request reimbursement through the system to receive the appropriate amount.

If you need assistance or experience any technical difficulties, please contact the travel department at 317-917-6757 or by e-mail at travel@ncaa.org.

Teams and/or individuals should provide themselves with sufficient money to meet all expenses throughout the tournament, including ground transportation, lodging and meal expenses, and other miscellaneous expenses.

Section 13 – General Public

Spectators

The Division III Women's Golf Committee recognizes the unique circumstances surrounding spectators who may require special assistance in order to watch the championships and strives to host inclusive, accessible events that enable all individuals, including individuals with disabilities to engage fully.

For spectators with accessibility issues, there will be carts available. Each day, the spectator will be able to reserve a cart. This will be on **a first come, first serve basis** and golf carts are not guaranteed based on availability. Cart fees will be \$50+tax.

Please contact Desert Willow Golf Resort with any questions.

Spectator Guidelines

All institutional personnel, with the exception of the designated coach, are considered spectators. During Championship Play, parents, guardians, friends and other spectators must remain on or near the cart path, 15 yards from the players (10 yards from a green), must not give advice (speaking or with hand gestures), assistance or converse with players.

Ringers on electronic devices must be turned off.

Medical Examinations/Skin Checks

As the event sponsor, the NCAA seeks to ensure that all student-athletes are physically fit to participate in its championships and have valid medical clearance to participate in the competition. The NCAA tournament physician, as designated by the host school, has the unchallengeable authority to determine whether a student-athlete with an injury, illness or other medical condition (e.g., skin infection) may expose others to a significantly enhanced risk of harm and, if so, to disqualify the student-athlete from continued participation. For all other instances, the student-athlete's on-site team physician can determine whether a student-athlete with an injury or illness should continue to participate or is disqualified. In the absence of a team physician, the NCAA tournament physician will examine the student-athlete and has valid medical authority to disqualify if the student-athlete's injury, illness or medical condition poses a potentially life-threatening risk. The chair of the governing sports committee (or a designated representative) shall be responsible for the administrative enforcement of the medical judgment, if it involves disqualification.

Section 17 - Participant Expectations & Guidelines

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact in the field.

2026 NCAA DIVISION III WOMEN'S GOLF CHAMPIONSHIPS
DESERT WILLOW GOLF RESORT • PALM DESERT, CALIFORNIA

Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.

The words and actions of a coach carry tremendous influence, particularly on the young people under their direction. It is, thus, imperative that a coach demonstrate and demand high principles of sportsmanship and ethical behavior.

Therefore, coaches must:

1. Always place the safety and welfare of student-athletes above the value of a win and above any personal prestige or glory.
2. Ensure that the coaching staff and all others associated with the program treat the student-athletes under their control with fairness and respect.
3. Remember that they are on public display and that their conduct reflects upon the image of their respective institutions.
4. Teach their student-athletes strict adherence to the rules and regulations of the sport, the institution and other governing bodies to which they are responsible.
5. Firmly establish with their student-athletes the standards of acceptable conduct.
6. Treat opponents and assigned officials with respect and demand that student-athletes do the same, instilling in their student-athletes the importance of respect and sportsmanship over winning.
7. Ensure that student-athletes understand that taunting, intimidating and baiting opponents is unacceptable behavior and will not be tolerated.
8. Monitor their coaching staff and student-athletes to ensure that they do not use profane and vulgar language while representing the institution.
9. Ensure, along with institutional administration, that fans are reminded of the expectations of sportsmanship and respect for officials and opponents and their supporters.

Misconduct

[Reference: Bylaws 31.02.3, 31.1.8 and 31.1.8 in the NCAA Division III Manual.]

Coaches, administrators and student-athletes shall be subject to the misconduct policies described in NCAA Bylaws 31.02.3 and 31.1.8. Unsporting conduct – a player (or coach, if coach violation) will be notified immediately on the golf course and provided a warning for unsporting conduct (e.g., willful acts of defacing the golf course; misuse of electronic devices including cellular phones, etc.; club throwing or breaking; abusive language; or violation of the tobacco policy). The NCAA Division III Women's Golf Committee is responsible for assessing all penalties.

Public criticism of officials may subject the individual, institution or conference to the misconduct provisions.

In addition, coaches, administrators and student-athletes are subject to the following policies:

- Second occurrence in the same day – the player (or coach, if coach violation) will be disqualified for that round.
- Third occurrence any time during the championships – will result in disqualification from the championships.
- Use of a nonconforming range finder shall result in disqualification for that round.

The offending institution's director of athletics will receive a letter from the NCAA informing the institution that one of its student-athletes (or coach, if a coach violation) was penalized for unsporting conduct during the championships.

Sportsmanship

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and team personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

Sports Wagering

Please refer to the [Division III Women's Golf Pre-Championships Manual](#).

Tobacco Ban

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

Participation Medallion

Each student-athlete, team and individual, at the final site will receive a participant memento to commemorate their achievement.

Section 22 - Uniforms

Participants must wear uniforms of the same color during competition and practice. Skorts, walking or Bermuda shorts are permitted, provided they are team attire and are of the same color. Slacks, skorts or shorts may be worn at the individual's discretion. If a student-athlete wears headgear during competition, it must display only an institutional, conference or NCAA logo, or no logo. If there is no logo, a coach's or team member's headgear must be of an institutional color. A manufacturer's logo may appear on the side or back of the item as long as it conforms to NCAA Bylaw 12.5.5. Team members are not required to wear the same headgear. For photography purposes, it is recommended that each institution attempt to wear a uniform that reflects its school colors during the final two rounds of the championships.

In the best interest of intercollegiate golf and the championships, participants must wear appropriate golf attire at the tournament site.

Logo Policy*

[Reference: Bylaw 12.5.4 in the NCAA Division I and II Manuals, and Bylaw 12.5.3 in the NCAA Division III Manual.]

The provisions of Bylaw 12.5.4 (Divisions I and II) or Bylaw 12.5.3 (Division III) indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.
