TECHNICAL INFORMATION

CHAMPIONSHIPS QUALIFIER

QUALIFICATION

Based on the NCAA national qualifying average, the top 11 teams, in addition to the conference champion from the Big Ten Conference, the top five all-around competitors who are not members of a selected team, and the top five individuals per event who are not members of a selected team or have not already been selected in the all-around, will compete in the championships qualifier. The next two alternates will be identified for each event and the all-around and will be inserted if a scratch occurs, up until timed warmups for that session begin. Not more than 15 competitors may represent any one institution.

Head coaches may petition all-around and individual event participants into the championships qualifier if the gymnast does not meet the NQA qualifications. A written petition must be submitted to the Men's Gymnastics Committee chair and the NCAA championship liaison by 11 a.m. Eastern time Tuesday, April 7.

TIES

For qualification to the championship qualifier, ties will be broken using the following guidelines (in priority order):

CHAMPIONSHIPS QUALIFIER — TEAM

1. Conference championship score;
2. Highest away score; and
3. Second highest away score. Keep evaluating regular-season scores until the tie has been broken.

CHAMPIONSHIPS QUALIFIER — INDIVIDUAL

- Ties will not be broken. All tied individuals will be invited to attend the championships qualifier.

MEET FORMAT

The meet format will consist of six rotations of six groups.

INDIVIDUAL QUALIFIERS

Student-athletes who qualify as individuals in the all-around and individual events will be placed with one of the six teams in each session of the championships qualifier. If the host team only qualifies individuals, they will be in the second session. Every attempt will be made to keep members of the same team in the same session. The individual qualifiers will perform first on each apparatus.

JUDGING

Five judges will be used for each event.

SEEDING

At the championships qualifier, the national qualifying average will be used to determine the seeding of teams in each session. The highest qualifying team in each session will be given first

choice of starting position. Then, the second-highest qualifying team in each session will be asked to choose its starting event, followed by the third-highest team, etc.

Teams that do not enter their scores on Road to Nationals on time may not get to choose according to their seeding. If the host institution is participating in the team portion, its entire group will compete in Session II. If the host institution does not qualify as a team, the No. 1 seed will get to select their session.

GROUPING

Group One: Seed Nos. 1, 4, 5, 8, 9 and 12

Group Two: Seed Nos. 2, 3, 6, 7, 10 and 11

WARMUP

There will be a controlled warmup on the competition floor. This warmup will be for five members from the qualified teams, gymnasts competing on the event in order to obtain an all-around score, plus the event specialist and/or all-around competitors assigned to the group. Each group will have 12 minutes per event and a one-minute transition time.

Equipment may be adjusted and prepared, but teams cannot warm up until cued by the announcer. This will be strictly enforced and a penalty (as per FIG, a 0.3 deduction) may be applied for violations. Each group will finish its warmup on the apparatus it has drawn as its first competition event.

A three-minute warmup will be allowed before each rotation. Individual qualifiers will warm up first, before the team.

ROSTER

The official 15-man team roster for the championships qualifier may not be changed after the timed warmups begin. A 1.0 deduction from the team score will be imposed on teams that do not comply.

LINEUP CHANGES

Official lineup changes within the 15-man roster may be made up until the end of the three-minute warmup in each rotation. Communicate all lineup changes to ProScore and head judge of that event.

COMPETITION FORMAT

All six events in the championships qualifier sessions will be in progress simultaneously. Five gymnasts may compete on each event, with all scores per event counting toward the team score. When a sixth competitor performs to complete the all-around, his score only counts for the all-around and not for the team score. This athlete must compete at the end of the team lineup.

The public address announcers will announce the first competitors on floor exercise, pommel horse and still rings. When the floor exercise competitor completes his routine, the vault performer will be announced; when the pommel horse competitor dismounts, the parallel bars competitor will be announced; when the still rings competitor dismounts, the horizontal bar competitor will be announced. Throughout the competition, three competitors will be competing at the same time.

CHAMPIONSHIPS FINALS

QUALIFICATION

The top three teams and the top three all-around competitors not on one of the qualifying teams, plus the top three individuals on each event not already qualified on a team or as an all-around competitor, will advance from each qualifying session to the championships finals. Not more than 15 competitors may represent any one institution. March-in will be limited to 15 individuals. Any participant in the championships is eligible to win an award for any event.

TIES

For qualification to the championships finals, ties will be broken using the following guidelines (in priority order):

CHAMPIONSHIP — TEAM

1. Highest team event score from the championships qualifier.
2. Next highest team event score, etc. until the tie is broken.
3. National Qualifying Average score.

CHAMPIONSHIP — ALL-AROUND

1. Highest championships qualifier individual-event place.
2. Next highest individual-event place, etc., until the tie is broken.

CHAMPIONSHIP — INDIVIDUAL EVENT

1. E-score from the championships qualifier.
2. D-score from the championships qualifier.
3. National Qualifying Average score.

MEET FORMAT

The meet format will consist of six rotations of six groups. Each group will consist of one team, one event specialist and one all-around competitor. The No. 1-ranked event specialist and all-around competitor from Session I will compete with the No. 1-ranked team from Session I; the No. 2 event specialist and all-around competitor with the No. 2 team, etc. The event specialist will compete in the first position, followed by the all-around competitor and then the team.

JUDGING

Five judges will be used for each event.

STARTING EVENT

The starting event for the six teams participating in the championships finals will be decided immediately after the evening session of the championships qualifier. If a coach is not available to select his team's starting position, the team will be assigned its starting position after all other coaches present have selected. Positions for the team finals will be determined as follows:

First choice — Session winner with highest score from the championships qualifier.

Second choice — Other session winner.

Third choice — Second-place team from the same session as the team with the highest score.

Fourth choice — Other second-place team.

Fifth choice — Third-place team from the same session as the team with the highest score.

Sixth choice — Other third-place team.

WARMUP

There will be a controlled warmup on the competition floor. This warmup will be for five members from the qualified teams, gymnasts competing on the event in order to obtain an all-around score, plus the one event specialist and one all-around competitor. Each group will have 13 minutes per event and a one-minute transition time.

Equipment may be adjusted and prepared, but teams cannot warm up until cued by the announcer. This will be strictly enforced and a penalty (as per FIG, a 0.3 deduction) may be applied for violations. Each group will finish its warmup on the apparatus it has drawn as its first competition event.

A three-minute warmup will be allowed before each rotation. Individual qualifiers will warm up first, before the team.

ROSTER

The official 15-man team roster for the championships finals may differ from the championships qualifier. The championships finals roster may not be changed after the timed warmups begin. A 1.0 deduction from the team score will be imposed on teams that do not comply.

LINEUP CHANGES

Official lineup changes within the 15-man roster may be made up until the end of the three-minute warmup in each rotation. Communicate all lineup changes to ProScore and head judge of that event.

COMPETITION FORMAT

TEAM. Each team may receive the following credentials:

- 21 participant credentials. Up to 15 are for student-athletes and up to six are for team personnel (i.e., coaches, athletic trainer and manager). This is for the travel party who have access to the corral. Please note that only 12 of the 15 student-athletes will be reimbursed as members of the travel party.
- One (1) team administrator credential for an institutional administrator at no additional cost. The team administrator credential provides temporary floor access before timed warmup and after competition and access to hospitality.
- One (1) sports information director credential. SIDs must apply online at www.ncaa.com/media no later than 5 p.m. Eastern time, Monday, April 13. The SID should not take up one of the participant credentials.
- One (1) team videographer credential. This credential provides permission to shoot video from the spectator seating area or perimeter of the field of play for team use. However, it is not valid for admittance to the venue. Videographers are expected to follow the directions of the committee or technical directors.

- Up to six (6) Floor Access Only credentials may be provided to student-athletes who are not listed as part of the travel party. Floor access credentials are only good for access to the floor during practice sessions and are not good for admittance to the venue for competition.

Official roster changes may be made up until the timed warmups begin for both the championships qualifier and the championships finals. Communicate all roster changes to ProScore and head judge of that event. Credentials of athletes removed from your official roster should be presented at the time the change is made and a new student-athlete credential will be provided for the alternate.

Once a controlled warmup period begins, only 21 members of the travel party may be on the floor.

An issued credential may not be given to another team member or individual. Institutions must purchase a ticket for any individual over the travel party of 21.

INDIVIDUAL. Teams represented by individual qualifiers may receive the following credentials:

- Institutions with one to four participants will receive up to four (4) additional non-participant credentials. Institutions with five to 10 participants will receive up to five (5) additional non-participant credentials. Institutions with 11 to 15 participants will receive up to six (6) non-participant credentials. This is for individuals who will have corral/floor access.
- One (1) team administrator credential for an institutional administrator at no additional cost. The team administrator credential provides temporary floor access before timed warmup and after competition and access to hospitality.
- One (1) sports information director credential. SIDs must apply online at www.ncaa.com/media no later than 5 p.m. Eastern time, Monday, April 13. The SID should not take up one of the participant credentials.
- Up to three (3) team videographer credential at the discretion of the committee. This credential provides permission to shoot video from the spectator seating area or perimeter of the field of play for team use. However, it is not valid for admittance to the venue. Videographers are expected to follow the directions of the committee or technical directors.

MEDIA. Individuals desiring media credentials to cover the 2020 National Collegiate Men’s Gymnastics Championships must apply online at www.ncaa.com/media no later than 5 p.m. Eastern time, Monday, April 13. Media credentials will be assigned according to the NCAA established guidelines. Working credentials will not be mailed. A government-issued photo ID is required to pick up your credential. Credentials are non-transferable and will only be issued to the person whose name appears on the credential. Credential pickup for others is not allowed. For further information contact Scott Kemps at skemps@umich.edu.

MISUSE OF CREDENTIALS. A fine of \$100 will be assessed to any delegation member that gives his/her credential to another individual.

DESIGNATED TEAM AREAS

Team participants must remain in their designated seating area during the championships competition. Only competitors performing or preparing to perform (the next competitor) will be exempt. There will be a 0.3 point deduction on the team score for each violation after an initial warning by the Technical Director or a member of the national committee. See **Appendix G** for podium protocol information.

DRUG TESTING

NCAA championship committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g. coach, athletics trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

ELITE 90 ACADEMIC RECOGNITION PROGRAM

The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average competing at the finals site for each of the NCAA's 90 championships. Each institution that has at least one student-athlete qualify for the finals round/site is eligible to nominate a student-athlete to win the award for that championship. All ties are broken by number of credits completed. All documents, including eligibility, deadlines and nomination forms, are available at [Elite 90 forms](#). The submission deadline for nomination for men's gymnastics is 5 p.m. Eastern time, Thursday, April 9.

EQUIPMENT

All equipment used on the competition floor will be supplied by the official equipment company, American Athletic, Inc. (AAI). A list of equipment is available on ncaa.org.

MISCONDUCT/ETHICAL BEHAVIOR BY COACHES/SPORTSMANSHIP/SPORTS WAGERING

CRITICISM OF OFFICIALS

Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.10.

ETHICAL BEHAVIOR BY COACHES

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact. Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times.

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

MISCONDUCT STATEMENT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition.

HEARING OPPORTUNITY

An act of misconduct may be found upon an administrative hearing granted to the student-athlete or the institutional representative involved by the governing sports committee or the games committee authorized to act for it.

MISCONDUCT INCIDENT TO COMPETITION

If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committee's convenience.

SPORTSMANSHIP

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

SPORTS WAGERING

The NCAA defines sports wagering as putting something at risk – such as an entry fee or a wager – with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining-regular season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

PATCHES

Each participant in the Championships Finals will receive one NCAA blue disk patch. The preferred location for the patch is on the upper left chest. Use of the NCAA patch for NCAA championship participants has been endorsed by the NCAA Division I Competition Oversight Committee as a way to recognize the elite level of play that your student-athletes have attained.

It is recommended that you remove the patch before washing and drying your uniforms. The patches are pressure-sensitive, and heat will activate the pressure-sensitive backing possibly causing a residue to form on your uniforms. Patches can be reapplied after you wash and dry your uniforms. The NCAA disclaims, and will otherwise not be responsible or liable for, any damages or injuries of any kind caused by or arising out of the patches or the use thereof.

PER DIEM

Per diem will be paid for the official travel party of teams and individuals which advance to the championships finals. The per diem rate and allowable days are outlined in the [NCAA travel policies](#).

Team expense reports should be filed online through the NCAA Travel Expense System (TES). The login information for the system is the same as that used for the Short's travel portal. The system can be accessed at <https://web1.ncaa.org/TES/exec/login?js=true>

All institutions, including hosts, must complete the online reimbursement process in order to receive the appropriate reimbursement.

PRESS CONFERENCES

There are no official press conferences at the championships. After the official practice sessions on Thursday, media or the host may conduct a brief videotaped interview with each head coach and select student-athletes.

After each competition session, head coaches and select student-athletes should be available for media interview requests. The host media relations staff will coordinate with each team's staff for access to requested coaches and student-athletes.

APPENDIX A – CODE OF ETHICS FOR JUDGES AND COACHES OF NCAA MEN’S GYMNASTICS CHAMPIONSHIPS

It is imperative to the dignity and growth of the sport of gymnastics that judges be well-educated in the details of gymnastics and the current rules and are thoroughly prepared for each assignment to cover all possible circumstances. The following code of ethics for judges and coaches is mandated, and coaches in violation may be subject to NCAA misconduct provisions.

QUALIFICATION: It is the duty of each judge to prepare himself thoroughly and constantly update his preparation by recertifying his national card each year. He shall not accept any judging assignment for which he does not feel well-qualified. All judges must be nationally certified. State-rated judges are not acceptable for dual meets or tournaments.

APPEARANCE: Each judge shall be prompt and shall dress and conduct himself with the dignity appropriate to his status. Coaches shall help set and maintain such standards. Judges shall wear a dark-blue coat, gray slacks, and a shirt and tie.

ACTIVITIES: Each judge shall confine his activities to the purpose for which he is assigned. This does not include coaching, demonstrating or recruiting. Coaches will not ask judges to double as coaches.

IMPARTIALITY: Every judge will avoid even the appearance of partisanship. For example, a judge will avoid:

1. Judging a meet involving an institution he attends or at which he is employed.
2. Judging any meet when he feels prejudiced toward any competing team.
3. Traveling with one of the competing teams to or from the meet, except on commercial transportation.
4. Accepting overnight lodging invitations with competitors or coaches before or after a meet.
5. Accepting social invitations from the host coach before or after the meet, unless the opposing coach also is included.
6. Giving any appearance, especially at the meet, of any particular friendship with any coach or competitor.
7. Leaving the judges’ designated seating area during warmups.

COACHES’ RESTRICTIONS

Coaches will avoid even the appearance of courting partisanship or unprofessional behavior. For example, coaches may not:

1. Discuss with judges before the meet the rules and their interpretations, unless the opposing coach also is included.
2. Offer gifts, favors or privileges to judges that can be interpreted as attempts to influence their judgments in favor of his team.
3. As home coaches, act as announcers of their own competition.
4. Make public statements critical of judging.

CONDUCT OF COMPETITION

1. It is the duty of officials and coaches to see that every gymnastics competition is conducted with full regard for the safety of and justice to all competitors, and the edification and pleasure of the spectators.
2. Judges must maintain appropriate separation, arrive at scores independently and adhere strictly to score-flashing procedures in accordance with the NCAA modifications and FIG Code of Points.

APPENDIX G – PODIUM PROTOCOL

The intent of the podium is to “showcase” the student-athletes while they are competing.

During the competition, while a student-athlete is competing no one else will be on the podium except as noted below:

- One coach may be on the podium to spot a gymnast during his routine on still rings, horizontal bar and vault, but may not block the view of the judges. The coach may be stationed near the apparatus for safety purposes.
- An additional coach or gymnast may be on the podium to remove a springboard or to move mats for horizontal bar and parallel bar but must leave the podium when their duties are complete.
- Prior to rotating to the next event, the rotating parallel bar team may begin adjusting the apparatus.

Team members and coaches may not get on the podium to cheer or congratulate anyone after each routine. No one should lean on or against the podium during the competition.

If there is a violation of any of the above stated guidelines, the coach or gymnast will receive a warning. Repeat violations will result in a 0.3 deduction from the final team score.
