THE NATIONAL COLLEGIATE ATHLETIC ASSOCIATION
P.O. Box 6222
Indianapolis, Indiana 46206-6222
317-917-6222
ncaa.org
October 2019

NCAA, NCAA logo, National Collegiate Athletic Association and Elite 90 are registered marks of the Association and use in any manner is prohibited unless prior approval is obtained from the Association.
Section 1 • Introduction

During the 2019-20 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Of the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women’s championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1.1 Definitions

Pre-championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and/or administrators.

Appendices. Any supplemental documents to be provided and distributed through the various resources.

Championship Manager. The NCAA staff member(s) responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA national committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Non-predetermined Sites. Those sites that are selected to host at the time of the participant/team selections announcement.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the team selection process.

Site Selection Criteria. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.20 in the NCAA Division I Manual, Constitution 3.3.4.17 in the NCAA Division II Manual, and Constitution 3.2.4.17 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an “impulsive” force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Sport Science Institute website for additional guidance.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of
the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4•2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.2 in the NCAA Division I Manual and Bylaws 18.4.1.4 and 31.2.3 in the NCAA Divisions II and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 and 31.2.2 (Division I); 31.2.3 (Divisions II and III), and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see the full misconduct/failure to adhere to policies and procedures outline.

Section 4•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions’ athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

Section 4•6  Student-Athlete Experience Survey

After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

Section 5 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to ncaa.org.

Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations
on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer’s normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete’s institution’s official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer’s or distributor’s normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete’s institution’s official uniform and all other items of apparel shall not bear a design element similar to the manufacturer’s trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13)

Individual Championships. In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

Section 1•5 Eligibility for National Collegiate Championships

[Reference: Bylaw 20.8 in the NCAA Manual.]
An active member institution in good standing, regardless of division, is eligible for the National Collegiate Championships if a division championship in the respective sport is not offered in its division. Such an institution normally is required to meet only the institutional individual eligibility requirements of its division that govern the sport in question.

Section 1•6 Equipment

The equipment to be used in the championships will be furnished by American Athletic Inc. (AAI). All equipment used on the competition floor will be supplied by the official equipment company. Only equipment from the supplying equipment company may be used at the championships.

Representatives of the equipment company supplying the apparatus for the national championships must be present at all practice and competition sessions. A representative of the Men’s Gymnastics Committee and the Technical Director will be responsible for reviewing the equipment, mats and floor arrangements to ensure that specifications are met.

NCAA specifications for mats will be used.

Three vaulting boards must be provided by AAI — two for vault and one for parallel bars.

New Equipment. New equipment and/or major modifications must be available for purchase by Sept. 1 each year and be fully approved by the NCAA Men’s Gymnastics Committee by Oct. 1 each year if it is to be used at the championships that year.

Safety. Protective matting (i.e., the vault safety zone) must be used when round-off entry vaults are performed. A Yurchenko pad will be provided by the host school. Gymnasts are not required to use this mat. Any student-athlete who performs a round-off entry vault without the use of the vault safety zone will be disqualified from the competition.

RULES

The National Collegiate Men’s Gymnastics Championships and all meets used to qualify for them will be conducted according to the current International Gymnastics Federation Men’s Code of Points. Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules that are developed by other
governing bodies and modified by the governing sports committee, the adopted playing rules shall be used. The governing sports committee will not consider any results for selection purposes that are not played in accordance with NCAA rules, or those rules adopted by an outside organization.

Section 1.7 Uniforms

Each gymnastics team must conform to the following regulations for competition attire:

1. Gymnasts must have their name on the back of their competition shirts. All lettering must be at least 2 inches in height.
2. Official team clothing must be worn by all participants during all practice sessions, warmups and competition (including upper body). Official team bags should be used as well.
3. Jewelry, including earrings, cannot be worn at any time.

If a gymnast does not adhere to these policies, a warning will be given and failure to comply will result in a 1.0-point deduction in the team's score for each correctable infraction. For individual competition, the 1.0 deduction will be subtracted on the first event on which he competes by the head judge at that event.

LOGOS

Refer to General Administrative Guidelines, Section 7.

In Division I and National Collegiate Championships, these restrictions apply to all apparel worn by student-athletes and all personnel, including coaches, trainers, managers, team support personnel, cheerleaders, mascots and band and dance team members, during the conduct of practice and competition, which includes any pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with the bylaw shall be forwarded to the NCAA enforcement staff.
Section 2.1 Championships Format

The championships qualifier and championships finals competition will consist of competition on the following: floor exercise, pommel horse, rings, vault, parallel bars, horizontal bar, all-around and team competition.

PRACTICE

At the championships, equipment should be set up by 8 a.m. Eastern time the Wednesday before competition. The following practice times have been established: Wednesday, teams must confirm practice time with the host by Friday, April 10; Thursday, 9 to 11 a.m. (open practice), 11 a.m. to 2 p.m. (Session I teams), 2 to 5 p.m. (Session II teams); Friday, 9 to 10 a.m. (open practice); Saturday, 9 a.m. to 1 p.m. (open practice).

START TIMES

Championships Qualifier. Sessions one and two will be conducted Friday at 1 p.m. and 7 p.m. Eastern time.

Championships Finals. Finals will take place Saturday at 6 p.m. Eastern time.

TRAVEL PARTY

[Reference: Per Diem and Transportation in the Division I General Section and Bylaw 31.1.5 in the NCAA Division I Manual.]

Team Qualifiers: Participating teams are limited to a maximum of 15 student-athletes (with three being paid for by the institution) and a maximum of five gymnasts per event plus five non-athletes.

Individual Qualifiers: Institutions qualifying one to three student-athletes are permitted two non-athletes; those qualifying four to six student-athletes are permitted three non-athletes; and those qualifying seven to nine student-athletes are permitted four non-athletes.

An institution that is advised it is in violation of this regulation and does not automatically conform to it shall forfeit the competition. There shall be no inordinate delay of the competition to allow the institution to conform.

TRAVEL INFORMATION

Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online on ncaa.org. The NCAA travel department may be reached at 317-917-6757, or by email at travel@ncaa.org.

Transportation expenses and per diem shall be paid only for the championships finals, but not for the championships qualifier.
Section 2•2  Results

SCORE REPORTING/QUALIFYING INFORMATION

The NCAA Men’s Gymnastics Committee will use scores submitted online to determine top-12 rankings. The rankings will be based on scores posted on the following dates:

<table>
<thead>
<tr>
<th>Date Range</th>
<th>Qualifying Information</th>
</tr>
</thead>
<tbody>
<tr>
<td>All meet scores through Feb. 2</td>
<td>Average of all scores to date, including all home and away.</td>
</tr>
<tr>
<td>Feb. 3 through March 1</td>
<td>Average of three highest regular-season scores, regardless of competition location.</td>
</tr>
<tr>
<td>March 2 through March 29</td>
<td>Select the four highest scores, counting not more than two home meets, and drop the highest score. Average the three remaining scores.</td>
</tr>
<tr>
<td>March 30 through April 5</td>
<td><strong>NCAA National Qualifying Average (NQA)</strong>. Select the four highest scores, one of which must be a five up/five count score, counting not more than two home meets. The highest of these four scores will be replaced with the conference team championship meet score. These four scores will be averaged to determine the NQA. For conference meets with event finals, the individual score from event finals may replace one of the three remaining scores used to calculate the individual NQA. The highest of the four initial scores must be replaced with the individual score attained during the conference meet team competition.</td>

Section 2•3  Selection Information

A teleconference of the Men’s Gymnastics Committee will be conducted to select the 11 teams, five all-around competitors and five individuals per event for the championships qualifier, in addition to the one conference automatic qualifier.

**ALLOCATION OF BERTHS**

**Championships Qualifier.** Based on the NCAA national qualifying average, the top 11 teams, in addition to the conference champion from the Big Ten Conference, the top five all-around competitors who are not members of a selected team, and the top five individuals per event who are not members of a selected team or have not already been selected in the all-around, will compete in the championships qualifier. The next two alternates will be identified for each event and the all-around and will be inserted if a scratch occurs before the start of timed warmups for the assigned qualifier session. Not more than 15 competitors may represent any one institution.

The meet format will consist of six rotations of six groups. Student-athletes who qualify as individuals in the all-around and individual events will be placed with one of the six teams in each session of the championships qualifier.

**Championships Finals.** The top three teams and the top three all-around competitors not on one of the qualifying teams, plus the top three individuals on each event not already qualified on a team or as an all-around competitor, will advance from each qualifying session to the championships. Not more than 15 competitors may represent any one institution. March-in will be limited to 15 individuals.

Any participant in the championships finals is eligible to win an award for any event.

The meet format will consist of six rotations of six groups. Each group will consist of one team, one event specialist and one all-around competitor. The No. 1-ranked event specialist and all-around competitor from Session I will compete with the No. 1-ranked team from Session I; the No. 2 event specialist and all-around competitor with the No. 2 team, etc. The event specialist will compete in the first position, followed by the all-around competitor and then the team.

**AUTOMATIC QUALIFICATION**

For 2020, the Big Ten Conference has been awarded automatic qualification for its conference champion.

**AT-LARGE SELECTION**

The committee will verify the top teams, all-around competitors and individuals in each event. To choose the top teams and individuals, rankings generated by Road to Nationals will be used. Once scores submitted online are verified, the computer ranking will become official and then will be used to select the participants for the championships qualifier.
Team and individual scores may be deleted or changed from the final computer rankings if they cannot be verified by an official-signed scoresheet. However, no team or individual scores may be added to the rankings by the conference liaison. No scores will be considered for meets held after April 5.

**IN-REGION COMPETITION**

**Countable Competition.** An institution may count scores obtained during a maximum of two regular-season meets against institutional club or approved international programs toward its national qualifying average. An institution may not count competition against its own institutional club program. All competitions must follow FIG rules with NCAA modifications. An individual may count scores from the Winter Cup competition.

**QUALIFYING STANDARDS**

To qualify for selection to the championships qualifier, institutions must meet the following criteria, during the regular season, as established by the NCAA Men’s Gymnastics Committee:

1. **Assignment of Judges.** All judges must be nationally certified. The local judging association for the National Gymnastics Judges Association (NGJA) will make the assignments. If both the host and visiting institutions agree not to accept the assignment of a judge, the judge must be replaced by the assignment chair. Otherwise, a coach has the right to appeal any judging assignment to the chair of the NCAA Men’s Gymnastics Committee. Any appeal of a judging assignment will be reviewed by the committee. In all cases, the NCAA Code of Ethics for Judges and Coaches must be followed. The Code of Ethics for Judges and Coaches is included in the manual as Appendix B.

2. **Regular-Season Competition.** In all meets, current FIG rules with NCAA modifications must be used and a minimum of two nationally certified judges per event must work the meet. Dec. 1 is the cut-off date for changes to the Code of Points. After this date, any changes or skill evaluations or clarifications will go before the NGJA/NCAA rules subcommittee. For the most up-to-date FIG rules interpretations, see the NCAA section of the NGJA website at: www.ngja.org.

The names of the judges at each competition must be printed on the official scoresheets. The meet referee must sign the official scoresheet.

*Note: All coaches and the meet referee must sign the final scoresheets.*

Teams may compete a sixth man at five up/five count competitions if he already competes for his team on three events. Teams may compete a seventh man at six up/five count competitions if he already competes for his team on three events.

3. **Vault.** Gymnasts will perform one vault only throughout the season.

4. **Submission of Results.** All team and individual scores must be submitted to Road to Nationals and the respective men’s gymnastics conference liaison. The official national ranking website may be accessed at [www.roadtonationals.com](http://www.roadtonationals.com). Schedules must be entered into the system by Nov. 4. Beginning Jan. 1, scores must be entered by 10 p.m. Eastern time on the Monday after the respective competition, except April 5, the day of the close of qualifying. On April 6, scores must be entered by noon Eastern time. Trouble entering scores should be reported to the respective conference liaison. All results should be sent electronically (email or fax) and received by the conference liaison within 24 hours after the competition.

Each team is responsible for submitting its own results to the computerized statistical service (Road to Nationals). Scoresheets must be typed and must conform to the standardized format.

5. **Determining National Qualifying Average (NQA).** When selecting participants for the championships qualifier, the NCAA Men’s Gymnastics Committee will determine the national qualifying average according to the formula outlined in section 2.2 of this manual.

Through Feb. 23, six individuals on a team may compete on each event, with the five highest scores per event counting toward the team score. After Feb. 23, five individuals on a team may compete on each event, with all five scores counting toward the team score.
Section 2.4  Competition Information

PRACTICE/WARMUP ROTATIONS AND ORDER OF COMPETITION

Wednesday, April 15
The gym will be open for practice on a first-come, first-served basis. Teams should request their preferred practice time by Friday, April 10.

Thursday, April 16
Open Practice 9 to 11 a.m.
Teams will have assigned rotations for the Thursday session practices. Individual all-around and event qualifiers will warm up with their assigned team for the championships qualifier.
Session I Practice 11 a.m. to 2 p.m.
Session II Practice 2 to 5 p.m.

Friday, April 17
Open Practice 9 to 10 a.m.
Session I Warmup 10 a.m. to 12:41 p.m.
Session I Championships Qualifier 1 p.m.
Session II Warmup 4 to 6:41 p.m.
Session II Championships Qualifier 7 p.m.

Saturday, April 18
Open Practice 9 a.m. to 1 p.m.
Championships Finals Warmup 3 to 5:41 p.m.
Championships Finals 6 p.m.

CHAMPIONSHIPS QUALIFIER

Qualification
Based on the NCAA national qualifying average, the top 11 teams, in addition to the conference champion from the Big Ten Conference, the top five all-around competitors who are not members of a selected team, and the top five individuals per event who are not members of a selected team or have not already been selected in the all-around, will compete in the championships qualifier. The next two alternates will be identified for each event and the all-around and will be inserted if a scratch occurs, up until timed warmups for that session begin. Not more than 15 competitors may represent any one institution.

Head coaches may petition all-around and individual event participants into the championships qualifier if the gymnast does not meet the NQA qualifications. A written petition must be submitted to the Men’s Gymnastics Committee chair and the NCAA championship liaison by 11 a.m. Eastern time on Tuesday, April 7.

Ties. For qualification to the championships qualifier, ties will be broken using the following guidelines (in priority order):

Championships Qualifier — Team
1. Conference championship score;
2. Highest away score; and
3. Second-highest away score. Keep evaluating regular-season scores until the tie has been broken.

Championships Qualifier — Individual
• Ties will not be broken. All tied individuals will be invited to attend the championships qualifier.

Meet Format
The meet format will consist of six rotations of six groups.
Individual Qualifiers
Student-athletes who qualify as individuals in the all-around and individual events will be placed with one of the six teams in each session of the championships qualifier. If the host team only qualifies individuals, they will be in the second session. Every attempt will be made to keep members of the same team in the same session. The individual qualifiers will perform first on each apparatus.

Judging
Five judges will be used for each event.

Seeding
At the championships qualifier, the national qualifying average will be used to determine the seeding of teams in each session. The highest qualifying team in each session will be given first choice of starting position. Then, the second-highest qualifying team in each session will be asked to choose its starting event, followed by the third-highest team, etc.

Teams that do not enter their scores on Road to Nationals on time may not get to choose according to their seeding. If the host institution is participating in the team portion, its entire group will compete in Session II. If the host institution does not qualify as a team, the No. 1 seed will get to select its session.

Grouping
Group One: Seed Nos. 1, 4, 5, 8, 9 and 12
Group Two: Seed Nos. 2, 3, 6, 7, 10 and 11

Warmup
There will be a controlled warmup on the competition floor. This warmup will be for five members from the qualified teams, gymnasts competing on the event in order to obtain an all-around score, plus the event specialist and/or all-around competitors assigned to the group. Each group will have 12 minutes per event and a one-minute transition time.

Equipment may be adjusted and prepared, but teams cannot warm up until cued by the announcer. This will be strictly enforced and a penalty (as per FIG, a 0.3 deduction) may be applied for violations. Each group will finish its warmup on the apparatus it has drawn as its first competition event.

A three-minute warmup will be allowed before each rotation. Individual qualifiers will warm up first before the team.

Roster
The official 15-man team roster for the championships qualifier may not be changed after the timed warmups begin. A 1.0 deduction from the team score will be imposed on teams that do not comply.

Lineup Changes
Official lineup changes within the 15-man roster may be made up until the end of the three-minute warmup in each rotation. Communicate all lineup changes to ProScore and head judge of that event.

Competition Format
All six events in the championships qualifier sessions will be in progress simultaneously. Five gymnasts may compete on each event, with all scores per event counting toward the team score. When a sixth competitor performs to complete the all-around, his score only counts for the all-around and not for the team score. This athlete must compete at the end of the team lineup.

The public address announcers will announce the first competitors on floor exercise, pommel horse and still rings. When the floor exercise competitor completes his routine, the vault performer will be announced; when the pommel horse competitor dismounts, the parallel bars competitor will be announced; when the still rings competitor dismounts, the horizontal bar competitor will be announced. Throughout the competition, three competitors will be competing at the same time.

CHAMPIONSHIPS FINALS
Qualification
The top three teams and the top three all-around competitors not on one of the qualifying teams, plus the top three individuals on each event not already qualified on a team or as an all-around competitor, will advance from each qualifying session to
the championships finals. Not more than 15 competitors may represent any one institution. March-in will be limited to 15 individuals. Any participant in the championships is eligible to win an award for any event.

Ties. For qualification to the championships finals, ties will be broken using the following guidelines (in priority order):

**Championship — Team**
1. Highest team event score from the championships qualifier.
2. Next highest team event score, etc., until the tie is broken.
3. The National Qualifying Average score.

**Championship — All-Around**
1. Highest championships qualifier individual-event place.
2. Next highest individual-event place, etc., until the tie is broken.

**Championship — Individual Event**
1. E-score from the championships qualifier.
2. D-score from the championships qualifier.
3. National qualifying average score.

**Meet Format**
The meet format will consist of six rotations of six groups. Each group will consist of one team, one event specialist and one all-around competitor. The No. 1-ranked event specialist and all-around competitor from Session I will compete with the No. 1-ranked team from Session I; the No. 2 event specialist and all-around competitor with the No. 2 team, etc. The event specialist will compete in the first position, followed by the all-around competitor and then the team.

**Judging**
Five judges will be used for each event.

**Starting Event**
The starting event for the six teams participating in the championships finals will be decided immediately after the evening session of the championships qualifier. If a coach is not available to select his team's starting position, the team will be assigned its starting position after all other coaches present have selected. Positions for the team finals will be determined as follows:

First choice — Session winner with highest score from the championships qualifier.
Second choice — Other session winner.
Third choice — Second-place team from the same session as the team with the highest score.
Fourth choice — Other second-place team.
Fifth choice — Third-place team from the same session as the team with the highest score.
Sixth choice — Other third-place team.

**Warmup**
There will be a controlled warmup on the competition floor. This warmup will be for five members from the qualified teams, gymnasts competing on the event in order to obtain an all-around score, plus the one event specialist and one all-around competitor. Each group will have 13 minutes per event and one minute transition time.

Equipment may be adjusted and prepared, but teams cannot warm up until cued by the announcer. This will be strictly enforced and a penalty (as per FIG, a 0.3 deduction) may be applied for violations. Each group will finish its warmup on the apparatus it has drawn as its first competition event.

A three-minute warmup will be allowed before each rotation. Individual qualifiers will warm up first before the team.
Roster
The official 15-man team roster for the championships finals may differ from the championships qualifier. The championships finals roster may not be changed after the timed warmups begin. A 1.0 deduction from the team score will be imposed on teams that do not comply.

Lineup Changes
Official lineup changes within the 15-man roster may be made up until the end of the three-minute warmup in each rotation. Communicate all lineup changes to ProScore and head judge of that event.

Competition Format
The public address announcers will announce the first competitors on floor exercise, pommel horse and still rings. When the floor exercise competitor completes his routine, the vault performer will be announced; when the pommel horse competitor dismounts, the parallel bars competitor will be announced; when the still rings competitor dismounts, the horizontal bar competitor will be announced. Throughout the competition, three competitors will be competing at the same time.

Awards
Individual events, the all-around, team awards, assistant coaches of the year and coach of the year awards will be presented at the end of the competition. Ties in the team competition at the championships finals will not be broken.

Ties. Ties will be broken in the all-around and individual event competition at the championships finals using the following guidelines (in priority order):

All-Around Awards
1. Highest individual-event place.
2. Next highest individual-event place, etc., until the tie is broken.

Individual Event Awards
● E-score from the championships finals.

If there are still ties, the ties will not be broken. The NCAA national office will order duplicate awards.

Code of Ethics for Judges and Coaches of National Collegiate Men’s Gymnastics Championships

It is imperative to the dignity and growth of the sport of gymnastics that judges be well educated in the details of gymnastics and the current rules, and are thoroughly prepared for each assignment to cover all possible circumstances. The following code of ethics for judges and coaches is mandated, and coaches in violation may be subject to NCAA misconduct provisions.

1. **Qualification**: It is the duty of each judge to prepare himself thoroughly and constantly update his preparation by recertifying his national card each year. He shall not accept any judging assignment for which he does not feel well qualified. All judges must be nationally certified. State-rated judges are not acceptable for dual meets or tournaments.

2. **Appearance**: Each judge shall be prompt and shall dress and conduct himself with the dignity appropriate to his status. Coaches shall help set and maintain such standards. Judges shall wear a dark-blue coat, gray slacks, and a shirt and tie.

3. **Activities**: Each judge shall confine his activities to the purpose for which he is assigned. This does not include coaching, demonstrating or recruiting. Coaches will not ask judges to double as coaches.

4. **Impartiality**: Every judge will avoid even the appearance of partisanship. For example, a judge will avoid:
   a. Judging a meet involving an institution he attends or at which he is employed in the athletics department. For the championships qualifier and championships finals, judges may not be employed by a participating institution.
   b. Judging any meet when he feels prejudiced toward any competing team.
   c. Traveling with one of the competing teams to or from the meet, except on commercial transportation.
   d. Accepting overnight lodging invitations with competitors or coaches before or after a meet.
   e. Accepting social invitations from the host coach before or after the meet, unless the opposing coach also is included.
   f. Giving any appearance, especially at the meet, of any particular friendship with any coach or competitor.
   g. Leaving the judges’ designated seating area during warmups.

5. **Coaches’ Restrictions**: Coaches will avoid even the appearance of courting partisanship or unprofessional behavior. For example, coaches may not:
   a. Discuss with judges before the meet the rules and their interpretations, unless the opposing coach also is included.
   b. Offer gifts, favors or privileges to judges that can be interpreted as attempts to influence their judgments in favor of his team.
   c. As home coaches, act as announcers of their own competition.
   d. Make public statements critical of judging.

6. **Conduct of Competition**:
   a. It is the duty of officials and coaches to see that every gymnastics competition is conducted with full regard for the safety of and justice to all competitors, and the edification and pleasure of the spectators.
   b. Judges must maintain appropriate separation, arrive at scores independently and adhere strictly to score-flashing procedures in accordance with the NCAA modifications and FIG Code of Points.
