*Locker rooms will be available for Session 2 teams during Session 1. All Session 1 teams will need to coordinate and move bags to designated drop rooms prior to or after march-in. On Saturday, locker rooms will be available for all four participating teams at 11 a.m.

COMPETITION ROTATION (PROVIDED SEPARATELY BY NCAA)

Each semifinal will include four teams, two all-arounders and eight individual event specialists. The last competitor will be the all-arounder unless an individual event specialist is also competing. If injuries or scratches result in a team having fewer than five gymnasts in an event, it still shall compete as a team with a zero being included for each missing score.

Competition Rotation Selection: Beginning with the 2026 championship season, all teams will select their competition rotation order based on their National Qualifying Score (NQS) rankings. The highest-ranked team in each session will have the first opportunity to select its starting event. The remaining teams will select in descending order of NQS until all four teams have made their selections.

Semifinal I & II Round: Teams competing in this round will select their starting apparatus during the Competition Rotation Selection videoconference Monday, April 6th at 1 p.m. Central time. The selection will begin with the highest NQS team in the round and work towards the lowest. A coach or delegate must be on the call to make the selection. If a representative is not present, they forfeit their right to choose and will be placed in the remaining apparatus.

Championship Final: Teams competing in this round will select their starting apparatus during the Competition Rotation Selection videoconference the morning of the championship (Friday) visualization day at 9 a.m. Central time. The selection will begin with the highest NQS team in the round and work towards the lowest. A coach or delegate must be on the call to make the selection. If a representative is not present, they forfeit their right to choose and will be placed in the remaining apparatus.

All-Around: The all-arounder with the highest score from regionals will rotate with the team with the highest score from regionals. The second-highest all-around qualifier will be paired with the team with the second-highest score, and so forth.

Individual Event Specialists: Event specialists will compete after the all-around qualifier and be placed into a semifinal and rotation based on committee discretion to maintain a balanced number of routines in each semifinal.

For both semifinals and finals, the four teams competing (quad) will follow an event pairing and alternating format known as the double dual. Vault and uneven bars will begin each rotation while beam and floor wait. When the vault competitor lands, 20 seconds later the beam judge will raise the green flag. When the uneven bars competitor dismounts, 20 seconds later the floor judge will raise the green flag. Vault and beam alternate while uneven bars and floor alternate, with a minimum of 20 seconds between each routine as long as judges and athletes are ready. Throughout the competition, no more than two competitors will be competing at the same time.

CORRAL AND PODIUM PROTOCOL

All gymnasts, coaches and team personnel shall be in the designated corral, warm-up area or coaching position from the end of the timed warm-up to the completion of the competitive rotation.

During the rotation, up to eight competing team athletes in the current rotation line-up may use the designated warm-up area, plus IES or AA competitors. After the rotation concludes, all athletes competing in the next event may use the designated warm-up area at that event to prepare for the next rotation.

Competing teams can designate up to 30 individuals to be in the corral. Teams may designate up to 20 competing student-athletes on the Corral/March-in Form. Only these 20 competing student-athletes will be permitted to participate in practice day, open stretch, warm-ups, touch warm-ups and competition. Additionally, teams may only warm-up a maximum of 8 student-athletes during event rotations and one-touches on both practice and competition days. There is no limit to the number of additional non-competing student-athletes a team may include on their Corral/March-In Form **if the number fits within the corral limitation**. All other non-competing student-athletes may be in uniform and may participate in march-in but they may not participate in warm-ups or competition.

Teams and individual competitors must take their personal belongings with them as they move from corral to corral.

Athletes will not be permitted to mount the podiums prior to the start of their designated open stretch warm-up on practice and competition days.

The intent of the podium is to showcase the competing student-athletes. The intent of the corrals is to not distract from competing student-athletes. Non-participating team members and personnel need to cheer from the corral, not to distract from the competing student-athletes. When coaching at events, please be conscious of camera locations and judge's line of sight.

All participants must always conduct themselves in a fair and sportsmanlike manner during the competition as outlined in the Podium Protocol in **Appendix C**.

PRACTICES

All practices will be held at Dickies Arena. Two practice sessions, lasting one hour and 48 minutes each, will be held (20 minutes for stretching and 20 minutes per event). A team's practice session will be determined by its competition session and starting event. All-around **and** individual event competitors will practice with their assigned team.

Practice times for each session are indicated below.

Teams and individuals must stay within their respective rotation orders and time periods. Teams/individuals should rotate to different corrals on practice day and take their belongings with them. Judges assigned to the competition may not attend practices.

OPEN STRETCH

Teams/individual competitors will use the matting surrounding the first event for open stretch. The floor exercise mat may be used by the team/competitors that begin on floor, all-arounders & event specialists, and the team that begins on vault. There are no restrictions on flight or inverted skills for the duration of the open stretch. Gymnasts warming up on vault, bars and beam may use the apparatus for stretching purposes without mounting the equipment. On bars, the low bar may be raised or removed; the high bar may not be used. Only the 20 designated competing student-athletes can participate in open stretch.

The stretch period lasts 20 minutes. During the entirety of that stretch period, each team is confined to their designated starting event listed above and may not go to any other events until the 20 minute stretch concludes and the 2 min transition begins to your next event in Olympic order.

Teams and individuals are not permitted to mount the podiums or do any visualizations outside of their scheduled Practice/Visualization times. The podiums are not available for visualization on practice or competition days prior to open stretch.

TWO-MINUTE TRANSITIONS

Teams will have two minutes to transition to each event. The first transition will begin after the march-in ceremony & National Anthem, and teams have arrived at their corrals. Teams will not rotate until every event has concluded, the final competitor's score is flashed, and the PA announcer says "gymnasts, please march to your next event". Please follow your line leader and rotate in an orderly and efficient manner. The two-minute transition clock will begin as the line leader reaches the next event respective corrals. Please do not rotate early as you will not be permitted to make equipment adjustments on the next event until the line leader arrives at the corral.

Once the 2-min transition begins, gymnasts are allowed to use matting around their next competitive apparatus to stretch, invert and prepare as needed for the 4-minute touch; however, the apparatus must not be mounted or used for gymnastics skills during this time, yet may be touched to make small chalk marks or to stretch. On floor exercise, jumping, bouncing, running, stretching type of warm-up activity is allowed; however, gymnastics skills are not allowed on the floor exercise apparatus (within the boundary lines). Gymnasts may use the vault runway to prepare for the 4-minute touch

TIMED WARM-UPS

After a 20-minute stretch and two-minute transition, each rotation will be 17 minutes for the semifinals to accommodate individual event specialists and all-around competitors and 15 minutes for the final. For all events, individual event specialists and all-around competitors must be interwoven in the team's warm-up rotation starting after the first turn. For example, team rotation is followed by individual event specialist, then repeat.

There will be no pausing of the time on bars to make adjustments; bar changes must be made within the time allotted. Each team and individual event specialist will begin the warm-up session on the same event on which they begin the competitive rotation and will follow Olympic order. Teams are not permitted to warm-up more than eight individuals.

Teams with one individual may use the entire 17 minutes for warm-up. If a team does not have an individual on any event, they may not begin warmups until the clock reaches the 15-minute mark. Teams will not rotate until 17 minutes expires, regardless of early finishes.

MARCH-IN

Teams will be introduced in competitive order (vault, bars, beam, floor exercise). An intro video will be played for the first team, and then they will be led onto the floor mat & be introduced in march-in order (followed by the name of the head coach), followed by the all-around competitor, and then any event specialists assigned to rotate with the team. After introduced, that team will then be led to their first event corral where they can move around to stay warm. The same format will be followed for each team until all teams are introduced. All teams will then be led up onto their starting event podium to stand in a straight line while the National Anthem is played. After lights on, teams will then have 2-minutes to prepare for touch warm-ups.

Any student listed as “competing athlete” or “non-competing athlete” on the Corral/March-in Form will be included in march-in. Athletes will be announced in the order listed on the corral/march-in form. Regular season uniform rules apply, all team members must be in identical warm-up apparel (not including footwear).

Small wearable props during march-in are allowed. A small wearable prop would be considered a necklace, crown or sunglasses, something small that could be worn on top of the uniform requirements, without breaking the uniform requirement rule. Any large, handheld props or large items are strictly forbidden, for example; no boomboxes or flags or anything that is handheld.

TOUCH WARM-UP

As competitors arrive at each event for competition there will be a 4:00 touch warm-up on each event, with 0:30 added for each all-around and individual competitor at the semifinals. All participants at each event may use the entire touch warm-up time and all warm-ups will begin at the same time, regardless of duration. Teams are not permitted to warm-up more than eight individuals.

[Note: During the competition, all participants and coaches must remain in uniform and on the competition floor (or in team seating) until the completion of the awards ceremony.]

LINEUPS, LINEUP CHANGES & SUBSTITUTIONS

A written or typed official team lineup must be submitted to NCAA representative Sami Bogenschutz (sbogenschutz@ncaa.org) prior to the administrative call. If any changes are made to your line-ups during practice day, please hand or email the new line-up with changes indicated as you exit the arena. The lineup may be changed before the competition but is requested in advance for media and administrative purposes.

During the open stretch on competition day, the official scorer shall verify the lineup that was entered into the scoring system with the head coach. The head coach shall review the official lineup for accuracy. Once verified or corrected, the head coach shall initial the official lineup. Once the lineup is verified 90 minutes prior to competition, the lineups will be entered into the Virtius scoring system and will be made public on the live scoring links.

Members of the women's gymnastics committee may assist with the line-up verification process throughout the meet.

Before the start of the meet, changes to the lineup may be made by notifying the NCAA scoring coordinator at the head table, who will notify the scoring table personnel, meet referee and chief judge at the event (via the chief judge's headset person).

After the competition starts, at the start of each 4-minute touch warm-up period, the head coach must notify the chief judge on the event. The chief judge's headset person will notify the scoring table.

Once a team begins an event (chief judge raises the flag for the first student-athlete), a substitute may replace a gymnast in that same position in the lineup; the order of competition may not be changed. A gymnast who is removed from one event lineup may compete in other events.

EQUIPMENT AND MUSIC

American Athletic, Inc. (AAI) will furnish all equipment for the national championships. Teams, all-around and individual competitors may bring one vaulting board, one plywood board stabilizer and one small beam pad (not a sting or suede mat). The small beam pad may not be left on the floor during the competition. Plywood to be used beneath springboard boards and spotting blocks will be supplied. See **Appendix D** for a complete equipment list.

Teams, all-around competitors and those individual event qualifiers on floor exercise are asked to ensure their floor exercise music is available on more than one device if the primary device malfunctions on-site. A house audio technician will be available during practice and competition to support teams playing floor exercise music.

FOREIGN SUBSTANCE

Foreign substances may NOT be placed on the hands and/or feet of the gymnasts or any piece of equipment (e.g., honey and sugar, tuff skin, etc.).

HOSPITALITY FOR PARTICIPANTS/COACHES

Staying consistent with protocols in place for all NCAA championships during the 2025-26 academic year, hospitality areas for participants or coaches will be provided for the 2026 championships. BODYARMOR and DASANI water will be provided for student-athletes and coaches in locker rooms. Teams are permitted to bring their own food on site, but all food **MUST** remain in the locker room area.

JUDGES

Judges will be selected by the women's gymnastics committee. The meet referee will be present at all practice and competition sessions.

NATIONAL ANTHEM

The National Anthem will be performed LIVE before each semifinal Thursday and the championship Saturday, as part of the march-in ceremony.

UNIFORMS

An institution's official uniform and all other items of apparel (i.e., tights, T-shirts, warm-ups), except footwear, must be identical if worn on competition day. During the march-in and awards ceremony, team members must be in identical warm-up apparel. Please refer to the USA Gymnastics rules manual, the NCAA Rules Modification, and reach out to the Rules Interpreter for additional rules information (see Rules Modification Document for contact information).

Generally, gymnasts must wear one-piece leotards that include briefs and a sports bra that are the same color of the leotard or are skin tone in color. A gymnast who does not conform to the uniform policies will be considered "out of uniform," may be notified by the meet referee and will be required to conform to the uniform rules prior to competing. All-Arounder & Individual Event Specialists competing from the same team must wear identical uniforms and leotards.

VIDEO REVIEW

For nationals, the video review process will mimic the review process used in the regular season. Please refer to Section 7 of the [2025-26 NCAA Women's Gymnastics Rules Modifications](#) for more details.

LOGO POLICY

[Reference: Bylaw 12.5.4 in the NCAA Division I Manual.]

Bylaw 12.5.4 indicates that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, swim caps and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 ¼ square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, and parallelogram). This also applies to any member of the coaching and support staff.

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

SECTION 9 – COMPETITION SITE

The NCAA is dedicated to fair and equitable competition throughout each session of the championships and strongly supports an environment to safeguard the health and safety of the participating student-athletes, coaches, officials and spectators.

BAND/SPIRIT SQUADS/MASCOT

Band members, not to exceed 25, who are in uniform and performing at the championships will not be charged admission to the competition. The host institution must designate seating off the competition floor. The NCAA meet producer will direct the band on when to play via headset, but generally bands may play only after teams clear the floor after warmups, the 4-minute touches and 15 minutes after the

awards ceremony. A run-of-show will be provided detailing an initial plan regarding when the band can play.

In the event there is more than one band, the meet producer will divide the time when the floor is cleared prior to warmups and the 4-minute touches equally among the bands. Bands MAY NOT interfere with the announcer.

FIGHT SONGS MAY NOT BE PLAYED DURING THE 4-MINUTE AND 30-SECOND TOUCHES. A participating institution must notify Daniel Smith, championship director, and Michael Gett, NCAA in-venue lead, if it intends to bring a pep band, mascot and/or spirit squad.

BANNERS, ARTIFICIAL NOISEMAKERS AND FLASHING LIGHTS

Any banners other than the approved NCAA and television and radio banners may not be posted on arena walls. Hand-held team banners are allowed if they do not interfere with the competition or view of spectators and do not contain any commercial identification. Banners advertising equipment or manufacturing are prohibited.

Artificial noisemakers, laser lights, air horns, electronic amplifiers and other similar devices are not permitted in the venue and should be removed on discovery.

Buttons or other spirit items with flashing lights are not permitted in any seating areas except during the march-in ceremony. Items used outside of the march-in ceremony will be confiscated.

EMERGENCY AND EVACUATION PLAN

- In an emergency, a chain of command was established between the Dickies Arena event management staff. Radio is the primary form of communication between staff members in an emergency, phones are the backup. Police are available via a radio channel.
- An emergency plan is in place to escort fans out of the arena in a swift, but orderly fashion. Ushers and police are trained to move people out of the arena through the exits on the main concourse, plus the exits on the lower level that will be opened in the event of an emergency.
- Participants and judges will be escorted to their respective locker rooms, if full facility evacuation is needed, they will be escorted from the locker room hallway.
- The arena PA system will be used to inform and direct fans with media and public-address announcements for anticipated incidences.

STUDENT-ATHLETE/TEAM ENTRANCES AND PARKING

All participants will enter Dickies Arena via the loading dock off Trail Drive on the arena's South end (SEE EVENT MAP - **Appendix F**).

Team buses will drop off at the loading dock and then will be stacked on the loading dock by Dickies Arena staff as space permits or re-routed to another parking area on site if necessary. Non-advancing teams will have a window of time during which they can drop off and pick up at the loading dock.

Credentials must be worn as specified to gain entry to the arena and for access to designated areas (competition floor, press conferences, locker rooms, etc.). The respective credential (bag tag or lapel pin) must be always worn to gain access to the competition floor (this also pertains to any student-athlete NOT competing but traveling with the team). Coaches and staff will be required to wear the lapel pin in a visible location, while the laminated bag tag will be secured to the competing student-athletes' equipment/apparel bag.

ADMINISTRATOR ENTRANCE

Administrators not traveling with their team/all-around/individual event specialists should park in the Dickies Arena parking garage (entrance at 3464 Trail Drive, Fort Worth, TX 76107) and enter the arena at the Media Will Call/Player Pass Entrance via the box office on the Southwest corner of Dickies Arena (SEE EVENT MAP (lower right corner) - **Appendix F**) to collect credentials at Media Will Call. Administrators with credentials will be able to enter the venue at the participant entrance if they travel with the team/all-around/individual event specialists.

SECTION 10 – DRUG TESTING

The following statement will be read at the mandatory administrative meeting:

The NCAA championships committees, following a recommendation from the NCAA drug testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your

institution (e.g., coach, athletic trainer) before proceeding to the drug testing site. Student-athletes will be reminded by the courier to contact their team representative.

STUDENT-ATHLETE NOTIFICATION

For individual championships, drug testing could occur at any time after the first event and may conclude many hours after the last event of the championship. The individual championship drug-testing program provides for a courier system to facilitate the notification of student-athletes selected for drug testing at individual championships. The courier will hand the student-athlete the *Individual Championship Student-Athlete Notification Form*. The notification form will instruct the student-athlete to accompany the courier to the testing room within **60 minutes** unless otherwise directed by the crew chief or designee. Student-athletes who are scheduled to compete in additional events will be instructed to defer testing until completion of her final event of that session of that day, or to defer until completion of her final event of the championships. The student-athlete and courier must obtain a signature from an institutional representative.

The approximate number tested is usually nine randomly chosen student-athletes.

TESTING PROCESS

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug testing collector of the same gender. The length of the collection process depends on the student-athlete's ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately on arriving in the drug testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, she must remain in the drug testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen. The courier must remain in visual contact with the student-athlete.

SECTION 11 – LODGING

The eight teams, all-around, and individual event specialists will be assigned to one of two area hotels. Assignments will be made based on teams' assigned competition sessions. Enough rooms at each property are being held for teams and the individual competitors. **Specific hotel assignments will be provided no later than 5 p.m. Eastern time, Monday, April 6.** Each institution is responsible for contacting the hotel directly to confirm space and making its own special arrangements for meeting rooms, catering and other functions.

Rooming lists are due to the respective event manager at the assigned hotel by 5 p.m. local (Central) time, Thursday, April 9 and Tuesday, April 14.

If a competing institution prefers to stay in another hotel, it must (1) obtain a written release for the entire block of rooms from the hotel manager (which the hotel is not obligated to do); or (2) use the room block for persons accompanying the official travel party. **The competing institution is responsible for the first night's total room charges (including tax and any incidental fees) for all rooms in the block even if the competing institution fails to use the room block.** It is highly encouraged that teams use the hotel/room block as contracted and assigned.

If a competing institution fails to make satisfactory arrangements for the room block's use with the hotel, total charges for the entire length will be billed to the institution. The tournament manager and the NCAA championship liaison are to be advised via email of each institution's plans before the competition.

The team hotel has agreed that the non-advancing teams from semifinal competition may adjust its check out to an earlier date without penalty.

SECTION 12 – MEDIA SERVICES

CREDENTIALS

All media credential requests must be submitted online at www.ncaa.com/media-credentials by 5 p.m. Eastern time, Monday, April 13. Please contact Trae Straziscar (tstraziscar@ncaa.org) with any questions.

Directional signage will be posted, identifying the media workroom, media hospitality, and press conference/media interview areas.

Credentials must be always worn to gain entry to the designated media areas which will be located on the plaza level at sections 104, 110, 120, and 126. Credentials are nontransferable; misuse will result in revocation of credential(s) and removal from the arena and could impact access at future NCAA championships.

MEALS

The NCAA and host partners will work with Dickies Arena staff to provide complimentary meals or vouchers for those working members of the media assigned space to cover multiple competition sessions during the championships. Please contact Trae Straziscar (tstraziscar@ncaa.org) with any questions and to request this service.

PRESS CONFERENCES

The interview area will be open to all certified members of the news media. Press conferences will be held immediately after the awards presentation. One-on-one interviews for coaches and non-award-winning individuals, not selected for the post-event press conference, may begin after a 10-minute cooling off period following competition. After each semifinal, each head coach and at least one requested student-athlete of an advancing team are required to attend the press conferences. For the championship final, the head coach and requested student-athletes of the winning team will be interviewed. The head coach will be escorted to the Media Interview Area by an athletics administrator from his or her institution. The schools' communications (sports information) department will be responsible for escorting the student-athletes to the Media Interview Area.

Coaches cannot make themselves available to selected media representatives before the conclusion of the 10-minute cooling-off period. Press conferences will be held at the following times:

| | |

| Saturday, April 18 | After Team Finals |

VIDEOTAPING, FILMING AND STILL PHOTOGRAPHS

Institutions can videotape championship competitions of their teams or their individual student-athletes for archival, coaching or instructional purposes only and not commercial purposes. Each institution is permitted two individuals for team content. Those individuals **MUST** wear their designated vests at all times and are only allowed to film/shoot portions their teams participate in. Each team SID will be provided with the vests by Trae Straziscar. Team content may film/shoot from areas provided to all photographers or from their respective corral with the following provisions: **to shoot video from the corral, the team videographer must have been included as one of the 30 permitted in the corral.** Tripods are **NOT** allowed on the arena floor, so all cameras must be hand-held or stationary and cannot obstruct fan viewing. It is not permitted to lean up against or rest their equipment on top of the podium.

Still photography will be permitted but the use of flash is not. Locations for still photographers will be stipulated by the NCAA media coordinator, with every effort being made to allow photographers to take good shots without interfering with the competition. Katie Evers will serve as the photo marshal and will oversee the photo locations.

RADIO COVERAGE

Space in the designated media areas, which will be located on the plaza level will be reserved for a participating institution's radio station only on request. All other stations in the institution's area will be reserved on a space-available basis. Broadcasts of any championship competition must conform to the general broadcasting policies established by the NCAA. All stations broadcasting a game will be required to sign a radio agreement and secure media credentials available at www.ncaa.com/media. Phone and internet lines must be ordered no later than April 8. Contact Trae Straziscar (tstraziscar@ncaa.org) for questions.

RESULTS AND TIES

The team championship will be awarded to the team with the highest cumulative team score, with five scores counting per event. The all-around and individual event specialist champions will be awarded to the individuals with the highest cumulative scores determined during semifinal competition Thursday.

Ties — Nationals

- Day 1 — Semifinals (team competition): Ties for second place in each semifinal will be broken by counting six scores per event. If a tie still exists, the team score will be determined by using six scores per event, dropping the high and low scores, and adding the four middle scores.
 - Ties for all-around and individual event specialists will not be broken for those finishing in the top eight.
- Day 2 — Team Finals: Ties will not be broken.

The results of the meet will be verified by the NCAA scoring director and meet referee immediately after each event.

Live stats for the event are located at the following link:

<https://www.ncaa.com/championships/gymnastics-women/nc>.

NOTE: The direct link to live stats will be sent to SIDs prior to competition.

TELEVISION

As the NCAA broadcast partner for this event, ESPN has exclusive rights to televise this championship. All other television entities shall have access to the facility up to 30 minutes before the start of each event to establish presence at the site. Immediately after, the facility shall remain off limits to all television entities until ESPN has signed off after the event. ESPN will provide a mult-box if any other entities desire broadcast footage.

The 2026 championships will air live on ESPN2 and ABC.

- April 18, 3:30 and 8 p.m. Central time – Team Semifinals and All-Around/Individual Event Specialist Finals. (ESPN2)
- April 18, 3 p.m. Central time – Championship Final. (ABC)

ESPN will be using the double dual competition format to help with the viewing experience both in-venue and on television and to efficiently time out the meet duration.

On Wednesday of the championship week, ESPN will be conducting live interviews, an ESPN tease shoot as well as an ESPN social media station that is called “content day”. This is for ESPN to gather soundbites and to create pieces for integration within the broadcast. This time commitment is 60 minutes per team and is mandatory.

ESPN may interview coaches and/or student-athletes between rotations on competition days. In addition, post-meet interviews may be conducted by ESPN on the floor immediately following competition.

CONCUSSION MANAGEMENT

The NCAA has adopted legislation that requires all active member institutions to have a concussion-management plan for their student-athletes. Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details please refer to the "NCAA Sports Medicine Handbook Guideline on Concussions" online at www.NCAA.org/health-safety.

SECTION 14 – PARTICIPANT EXPECTATIONS and GUIDELINES

ETHICAL BEHAVIOR BY COACHES

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact. Coaches are expected to be role models who always conduct themselves with integrity and high ethical standards.

The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

FINANCIAL PENALTIES

The women's gymnastics committee may assess a financial penalty against an institution for the failure of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes failure to comply with the procedures and deadlines for submitting score sheets, lineups, schedules and entry forms for qualification, and other materials necessary for the efficient administration of the competition.

MISCONDUCT

[Reference: Meetings (see pages in sports-specific handbooks) and Bylaws 31.1.10 and 31.1.11 in the NCAA Manual.]

31.02.4 Misconduct. Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics. *(Revised: 8/15/89, 8/13/92, 1/14/08 effective 8/1/08)*

Criticism of Officials. Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.10.

Hearing Opportunity. An act of misconduct may be found upon an administrative hearing granted to the student-athlete or the institutional representative involved by the governing sports committee, or the games committee authorized to act for it.

Misconduct Incident to Competition. If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete

or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committee's convenience.

Penalty for Misconduct. In accordance with Bylaw 31.1.10.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice:

1. Public or private reprimand of the individual;
2. Disqualification of the individual from further participation in the NCAA championship involved;
3. Banishment of the individual from participating in one or more subsequent championships of the sport involved;
4. Cancellation of all or a portion of payment to the institution of the Association's transportation and/or per diem allowance for the individuals involved;
5. Withholding of all or a portion of the institution's share of revenue distribution;
6. Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate;
7. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
8. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and
9. Financial or other penalties different from Nos. 1 through 8, but only if they have prior approval of the NCAA Division I Championships/Sports Management Cabinet.

Ban from Subsequent Championship. When a student-athlete or institutional representative is banned from participation in a subsequent championship, such penalty shall be applied to the next tournament(s) in which the individual's team is involved and the individual otherwise is eligible to participate. In the case of an individual event, the penalty shall be applied to the next meet(s) or tournament(s) for which the individual qualifies and otherwise is eligible to participate.

Review of Action. Any action related to misconduct may be reviewed by the governing sports committee on request of any institution participating in the championship.

SPORTSMANSHIP

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in the behavior of student-athletes and team personnel, in crowd control by game management and in the judges' proper enforcement of the rules governing related actions.

SPORTS WAGERING

The NCAA defines sports wagering as putting something at risk – such as an entry fee or a wager – with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student-athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

TOBACCO POLICY

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

SECTION 15 – SAFETY AND SECURITY

JUDGES AREA

Provided by Dickies Arena, security staff will check credentials as individuals enter/leave the competition floor; and from the competition floor to the judge's hospitality and meeting areas. Judges are asked to use the vomitory on the northwest corner of the floor near sections 111 and 113 for access on and off the competition floor.

TEAM LOCKER ROOMS

Throughout all practice and competition sessions, there will be security officers located at either end of the locker room hallway to monitor the locker rooms. To avoid judge's areas, student-athletes and coaches are asked to use the vomitory on the southwest corner of the floor near sections 101 for access on and off the competition floor.

POST MEET CELEBRATION

Gymnasts, coaches, and team staff are prohibited from entering the stands after the competition. Any member of the travel party or institution handing credentials to people in the stands will be removed from the venue. The committee reserves the right to cite a misconduct for that institution.

Teams advancing to the final day of competition will receive 20 additional color-assigned wristbands that will be distributed to an institutional administrator (not coaches or directors of operations) to distribute to 20 individuals of their choice that will be allowed onto the arena floor should they win the national championship. The 20 additional individuals from the nonwinning teams are prohibited from accessing the floor after the completion of the championship.

SECTION 16 – TEAM TRAVEL AND TRANSPORTATION

SECTION 18 – TRAVEL PARTY, CREDENTIALS and ALTERNATES

TRAVEL PARTY

The NCAA Travel Party are individuals reimbursable by the NCAA. The numbers for reimbursable individuals are as follows:

Teams – 15 student-athletes and 5 non-athletes

Individuals:

For 1-3 individuals and 2 non-athletes

For 4-6 individuals and 3 non-athletes

For 7-9 individuals and 4 non-athletes

Additional details on NCAA Championship Travel can be found [HERE](#).

Any individuals traveling above and beyond the designated numbers listed on the travel party will not be reimbursed by the NCAA.

CREDENTIALS

The official championships entry form is the Corral/March-in form that will be included in the congratulatory email for advancing teams and individuals. **This Corral/March-in form information must be completed and sent to Sami Bogenschutz (sbogenschutz@ncaa.org) by noon Eastern time, Wednesday, April 8.** Changes to the 20 competing student-athletes designated on the corral/march-in form must be made in writing to the NCAA championship manager John Baldwin (jbaldwin@ncaa.org) AND tournament director Daniel Smith (daniel@knighteady.com) one-hour prior to the start of open-stretch on competition day.

General Policies: The entry form shall serve as the official credential request form and march-in form. Credentials must be worn as specified below to gain entry to the arena and for access to designated areas (competition floor, press conferences, locker rooms, etc.). At the national championships, participating gymnasts will receive bag tags as their credentials (these shall be affixed to the gym/apparel bag), and non-participants (coaches, athletic trainers, managers, non-competing student-athletes, etc.) will be provided an official NCAA lapel pin as their credential. The lapel pin must be affixed somewhere easily visible to NCAA and security staffing at all times.

An issued credential may **not** be given to another team member or individual. If a participant or staff member loses a credential, a fine will be imposed (the price of an all-session ticket to the event - \$100) to replace the credential.

Teams: The corral limit at the National Championship is 30 people. Teams may designate up to 20 *competing* student-athletes on the Corral/March-in Form. Only these 20 competing student-athletes will be permitted to participate in practice day, open stretch, warm-ups, touch warm-ups and competition. There is no limit to the number of additional *non-competing student-athletes* a team may include on their Corral/March-In Form **if the number fits within the corral limitation. Only the 20 designated student-athletes will be permitted to compete. All other non-competing student-athletes** may be in uniform and may participate in march-in. Teams may change their designated 20 competitors between

rounds as long as the updated Corral/March-in Form is submitted to the NCAA Champs manager & Tournament Host one-hour prior to the start of open-stretch on competition day.

The athletic trainer must be designated as one of the 30 people in the corral.

Teams advancing to the final day of competition will receive 20 additional color-assigned wristbands that will be distributed to an institutional administrator (not coaches or directors of operations) to distribute to 20 individuals of their choice that will be allowed onto the arena floor should they win the national championship. The 20 additional individuals from the nonwinning teams are prohibited from accessing the floor after the completion of the championship. Any member of the travel party or institution handing credentials to people in the stands will be removed from the venue. The committee reserves the right to cite a misconduct for that institution.

All-Around and Individual Event Qualifiers: The number of credentials issued will match the official NCAA travel party number, plus up to **three** additional credentials.

For 2026, the official [NCAA Travel Party](#) for individuals is as follows:

1-3 individuals = a credential for each athlete and 2 non-athletes (coaches, AT's, managers, etc.) PLUS the 3 additional credentials listed above equaling a total of up to 5 non-athletes (coaches, AT's, managers, etc.).

4-6 individuals = a credential for each athlete and 3 non-athletes (coaches, AT's, managers, etc.) PLUS the 3 additional credentials listed above equaling a total of up to 6 non-athletes (coaches, AT's, managers, etc.).

7-9 individuals = a credential for each athlete and 4 non-athletes (coaches, AT's, managers, etc.) PLUS the 3 additional credentials listed above equaling a total of up to 7 non-athletes (coaches, AT's, managers, etc.).

In addition to the credentials listed above, a team and individual will receive credentials for the following individuals. These individuals may not be in the corral.

Team Physician: A medical credential may be issued to a team physician on request. Team physicians will be seated in an area that is easily accessible to the competition floor in the event of an injury or in designated areas approved by the NCAA. This individual is not permitted to be in the corral unless they are included as one of the 30 on the corral/march-in form.

Team Administrator: A credential providing access to the venue, competition floor, and team areas may be issued to one administrator. This individual is not permitted to be in the corral unless they are also included as one of the 30 on the corral/march-in form. A designated seating area on the floor will be provided for team administrators.

Sports Information Director. One floor-access credential (non-transferable) for purposes of fulfilling media responsibilities and access to the competition floor and locker rooms as needed. This will be requested through and issued by the *media coordinator*.

Team Content from Participating Institutions: Two credentials may be provided for team content personnel. The personnel must cover the event from areas designated by the host institution and may

not be in the corral. For the photographer/videographer to record from the team corral, he or she must be included as one of the 30 on the corral/march-in form.

Athletic Trainer: must be designated as one of the people in the corral.

As a reminder, if the credentialed individuals listed above exceed the NCAA official travel party numbers, those extra individuals will not be eligible for reimbursement.

ALTERNATES

At the announcement of national qualifiers, the next highest individual competitor in each event and the all-around will be named as an alternate. If a qualifier declines the invitation within the 24-hour period following the announcement of qualifiers, the alternate will be informed and given the opportunity to accept. The alternate must then accept within 24 hours of notification.

SECTION 19 – TROPHIES AND AWARDS

AWARDS

Official NCAA awards will be presented at the site of the national championships. The following number of awards will be given: team trophies for the top four teams; a maximum of 20 individual awards (the official squad list of up to 15 student-athletes, plus five institutional personnel) for each of the four teams; championship watches to the winning team (the official squad list of up to 15 student-athletes; an additional five watches will be ordered by the NCAA after the event); and awards to the top eight place-finishers on each of the four individual events, plus all-around. These official NCAA awards are the only awards presented at the championships site.

1. On Thursday, the first place all-around and individual event specialist from each event will be recognized in one ceremony at the conclusion of the second semifinal. Each gymnast should report to the staging area immediately after the end of competition and be dressed in her team warm-ups. The top-eight will be determined from scores achieved in **both** semifinals—the top eight scores will receive awards (not the top four in each semifinal). Any of the top all-around and IES award winners should be prepared to participate in the Thursday awards ceremony after completion of the second semifinal regardless of which semifinal they competed in.

Team awards will be presented immediately after the team competition on Saturday afternoon.

2. All individual awards (top eight for AA/IES) will receive a trophy which will be returned after the ceremony. The actual awards will be ordered by the NCAA and sent to the respective institution's athletics administrative office from the NCAA awards vendor (MTM Recognition) after the championships.

Participants from semifinal I should return to the arena by 9:30 p.m. Central time to be a part of the mandatory awards ceremony. There will be a holding area near the loading dock entrance where teams can gather, off the floor, until the meet concludes. There is also nonparticipant seating held in the stands in section 115, rows 10-19 for those returning participants.

Session I ticket holders who wish to return to Dickies Arena for the individual award ceremony must enter through the Box Office and present a Session I ticket. Ticket holders will be allowed to enter the venue after 9 p.m. Central time in a standing room only/general admission capacity.

3. Participation medallions will be provided to the teams who place 5-8 and all participating AA/IES student-athletes based on the official squad size.

ADJUSTED PLACE STANDINGS

If a student-athlete is found to be ineligible, that individual's performance shall be stricken from the championships record, the points the student-athlete has contributed to the team's total shall be deleted, the team standings shall be adjusted accordingly, and any awards shall be returned to the Association. Further, the placement of other competitors shall be altered, and awards presented accordingly. *[Reference: Bylaw 31.2.2.3 in the NCAA Manual.]*

ELITE SCHOLAR-ATHLETE AWARD

The Scholar-Athlete Award is presented to the student-athlete with the highest cumulative grade-point average competing at the final site for each of the 92 NCAA championships. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. All ties are broken by the number of credits completed.

For more information regarding this program, please contact Olivia Baumhoer (eliteschloarathlete@ncaa.org). All documents, including deadlines and nomination forms, can be obtained [here](#).

The deadline for submitting nominations for the National Collegiate Women's Gymnastics Championships is 4 p.m. Central time, Monday, April 13.

STUDENT-ATHLETE MEMENTOS

Mementos will be distributed onsite at the final's location for all members of the official travel party. If you would like to order additional mementos, please see the attachment in **Appendix O** for ordering instructions.
