2023 - 2024 NCAA RULES MODIFICATIONS

* CHANGES ARE IN BOLD AND **SHADED**
** CLARIFICATIONS ARE IN BOLD
*** REMINDERS UNDERLINED ***

GENERAL INFORMATION

1 – RULES OVERVIEW

1.1 This document lists the NCAA Special Requirements and Compositional Deductions in total. No other Special Requirements or Compositional Deductions are applicable to collegiate competition unless listed in this document. Please note that the NCAA rules modifications are in effect for both regular and post season competition unless otherwise noted.

1.2 The National Collegiate Women’s Gymnastics Championships and all competition used to qualify for the championships will be conducted according to USAG level 10 rules as of November 1, 2023 (11/1/23).

Note: If the value of a USAG element on events other than vaulting is raised after November 1, 2023 (11/1/23), the value will be effective immediately. If an element value is lowered after November 1, 2023 (11/1/23), then it will remain at the higher value for collegiate competition until the change is reviewed by the NCAA Women’s Gymnastics Committee.

1.3 Guideline for submitting vaults not listed on the NCAA Vault Chart. Institutions must submit the vault(s) with a video and description of the vault(s) to the WCGA Board of Directors to receive a start value.

1.4 To have a new element evaluation that is not found in the USAG Code of Points a document must be submitted in writing to the respective Regional Technical Committee Chairperson or Regional Development Program Committee Chairperson in order to be evaluated for Value-Part Credit.

1.5 All rules and guidelines for execution deductions, as applied to the USAG level 10 rules, will be used with the following collegiate modifications:

a. 9.4 Start Value on Uneven Bars, Balance Beam and Floor Exercise.
   NCAA is eligible to earn bonus points for both Connection Value (CV) and “D/E” Bonus, with a minimum of +0.10 “D/E” and a minimum of +0.10 for CV. The remaining +0.40 may be earned by “D/E” Bonus or CV. The maximum Start Value is 10.00.

b. There will be a .10 deduction for competing out of order (taken from team score). Coaches may change their line-up order prior to the event beginning (flag raised by Head Judge for first competitor in the competition line-up). Once the event has started, coaches may remove and substitute an athlete in the identical line-up position.

c. Choice of elements “up to the competitive level” (UTL) will now be defined for each event.
d. The “up to the competitive level” (UTL) deduction will be standardized at a flat .10.

e. When an injury occurs, the judges, coaches and athletic trainer may add additional
time (up to two (2) minutes) to assess the injury if deemed necessary. If an athlete
is deemed able to resume their routine, the 45 second fall time for that routine will
begin after the injury assessment has concluded.

1.6 Technical Verbal cues by a coach to their own gymnast (Applied after one warning is
given) will incur a -.20 deduction.

1.7 On Vault, Uneven Bars and Balance Beam - Failure to hold finishing position for 1
second = an additional -.05.
2 – VAULT

2.1 For all NCAA competition, the USAG Bonus Rule is NOT in effect for vault competition.

2.2 Vault numbers will be flashed. (See Appendix I, Vault Value Chart)

2.3 The gymnast will perform one vault, the score of which will count. A gymnast is allowed three attempts to complete one vault.
   - If a gymnast touches the board and/or vault apparatus or inverts on the approach or vault table without going over the vault apparatus, then this counts as one of her three attempts. It is not considered a vault.
   - If a gymnast inverts on the approach and/or the table and goes over the vault apparatus, then this would be considered an executed vault and must be scored.

2.4 1.00 deduction for touching the vault table with only one or with no hands taken by each judge.

2.5 1.00 deduction for failure to land on the soles of feet first (includes fall) taken by each judge.

2.6 1.00 deduction for spotting assistance during the vault taken by each judge.

2.7 If a gymnast vaults prior to the judge’s hand or flag signal, the gymnast must repeat the vault for a score and would receive a .50 deduction.
   Note: For items 2.4, 2.5 and 2.6, the 1.00 deduction is taken by each judge. If not in range, then a conference is called.

2.8 Lines shall be added in a funnel shape (FIG) on the landing mat with the following dimensions:
   - Width of the landing corridor at the table site: 95 cm.
   - Width of the landing corridor at the end of the bi-fold 4-inch mat: 138 cm.
   - Act as a visual guide for officials regarding the current direction deduction (up to 0.30).
   - Lines should be screened or taped onto 20 cm or bi-fold 4-inch landing mat. Any accessory matting placed on top of the mat would be marked with a chalk line (sting, 4-inch or 8-inch mat).
3 – UNEVEN BARS

3.1 UNEVEN BAR SPECIAL REQUIREMENTS (.20 each taken off Start Value)
One element may fulfill more than one Special Requirement, unless specified.
   a. Minimum of two (2) bar changes.
   b. Two (2) flight elements, minimum of two (2) different C’s OR a D and B (not to include dismount).
   c. One (1) element with longitudinal axis (LA) turn, minimum of C (not to include mount and dismount).
      Note: The USAG Compositional deduction of “Insufficient Change of Direction” DOES NOT APPLY to NCAA.
   d. C dismount. If the following modification occurs: C dismount immediately preceded by same two (2) A or B elements = 0.10 deduction (not 0.20).

3.2 UNEVEN BAR SPECIFIC COMPOSITIONAL DEDUCTIONS
   a. Lack of variety in choice of elements and/or connection .................. flat .05
      Consider:
      1. Overuse of one group of elements.
      2. Overuse of specific element or variation of that element.
      3. Overuse of same element for connections.
      4. Elements of highest value connected primarily to elements of lowest value.
   b. Insufficient distribution of elements .......................................... flat .05
      Consider:
      1. Level of difficulty not maintained throughout the exercise.
      2. Most difficult elements placed in the same section of the exercise.
   c. More than one squat/stoop on LB with/without sole circle to grasp high bar each .10
      1. EXCEPTION: Following fall from UB, gymnast is allowed to perform cast squat/pike-on to resume the routine without receiving 0.10 deduction.
      2. Once a gymnast has performed a planned squat/stoop-on, only additional planned squat/stoop ons would be subject to the 0.10 each deduction.
   d. Uncharacteristic elements ......................................................... each .10
      Examples:
      1. Squat on LB bar and ½ turn on feet to grasp high bar.
      2. Swing forward on HB, place feet on LB to stand with or without ½ turn unless followed by a circling move.
      c. ¾ giant circle forward with/without grip change ................. each flat .10
         Note: This is not considered an element and will break a connection.
   f. Choice of elements not up to the competitive level (UTL) ................. flat .10
      1. Choice of elements “up to the competitive level” (UTL) will be defined by the following basic standards:
         - A single bar release with a minimum of “D” value
         - OR a release element valued as an “E”
         - OR minimum of two (2) “D” releases
         - OR minimum of two (2) “E” level elements (excluding dismounts).
2. Exercise must have minimum of a “D” dismount or “C” dismount with connection value.

3.3 ELEMENT VALUES DIFFERENT FROM LEVEL 10.

</table>

Value of the Stalder
- Stalder (forward or backward), straddled, to handstand with or without a ½ turn | D
- Stalder (forward), straddled, to handstand with a 1/1 turn | E

3.4 DIFFICULTY BONUS.
Any E release element or Single Bar D release element will receive an additional +0.10 bonus D/E (Difficulty Bonus)
4 – BALANCE BEAM

4.1 BEAM SPECIAL REQUIREMENTS (.20 each taken off the Start Value).
   a. Acro series:
      - Minimum of two (2) flight elements, one (1) element must be a minimum of C with/without hand support (this may include mount)
      - OR an “A” non-flight element from Group 7 walkovers and cartwheels connected to an E acro element (example: back walkover + back tucked full twisting salto).
      - The acro series requirement may not be connected to the dismount and must stop on the beam.
   b. Dance/Dance OR Dance/Acro series with a minimum of two (2) elements. The dance element must be valued a C or higher and the SERIES may not be connected to the dismount.
   c. A leap or jump requiring 180° split (this may be part of the dance series or acro/dance series).
   d. Minimum of 360° turn from Group 3 (no hand support permitted).
   e. Minimum of C dismount.

4.2 BEAM SPECIFIC COMPOSITIONAL DEDUCTIONS.
   a. Lack of variety in choice of Acro elements
      1. Missing a backward Acro element with a minimum of “A” value ................................................................. flat .10
      2. Missing a forward/sideward Acro element with a minimum of “A” value ................................................................. flat .10
         The following notes apply to both backward and forward/sideward Acro requirements:
         - Must be from Group 1-Mounts, 6-Rolls, 7-Walkovers/cartwheels or 8-Saltos.
         - Round-off is considered a sideward element.
         - BHS ¼ or ¾ to handstand is considered a backward element.
         - A jump backward BHS with ½ twist to walkover forward (Arabian walkover or salto) is considered a forward element.
         - A tic-toc can be considered either a forward or backward element (to the advantage of the gymnast).
   b. Insufficient distribution of the elements ................................................ flat .05
      Consider:
      - Level of difficulty not maintained throughout the exercise.
      - Most difficult elements placed in the same section of the exercise.
c. Insufficient use of entire beam apparatus
   1. Insufficient level of changes throughout the exercise ............... flat .05
      Consider:
      - Level changes by the performance of elements and/or connections [look for movements that are high off the beam, standing, semi-low and low (kneel, squat, sit, lying)].
      - No longer required to touch the beam with a part of the torso and/or head.
   2. Spatially (use the entire length of the beam) ................................ flat .05
   3. Failure to show movement/choreography in different directions (fwd/bwd/swd) ............................................................ flat .05

d. Choice of element not “up to the competitive level” (UTL) ............ flat .10
   - Choices of elements “up to the competitive level” (UTL) will be defined by the following basic standards:
     o If a flight series is performed on the beam WITHOUT Connection Value (considered only those elements performed and stopped on the beam), then an additional D/E Acro element including mounts and dismounts OR E dance element, including mounts, is required. D/E Acro element directly connected to the dismount CANNOT fulfill the up to the level requirement.
     * If an Acro Series is completed but not awarded CV due to a FALL, the UTL deduction will not be applied.

4.3 ELEMENT VALUES DIFFERENT FROM LEVEL 10.

### 4.4 CONNECTION VALUE EXCEPTIONS.

a. **NO BONUS:** 2 Acro Flight Element connection B+C Salto **WILL NOT** receive Connection bonus.

b. B+D Acro Flight, BHS + Layout, stretched then pike down with feet together = +0.1 CV (not +0.2 CV)

c. Back Salto Stretched with Step-out AND Aerial Walkover will receive “D” bonus but will be considered as “C” value for purposes of awarding Connection Value in Back Handspring Series only (Step-out BHS, BHS to 2 Feet, Gainer BHS, or BHS Swing down to cross straddle sit; in any order).

**Examples:**
1. BHS + Layout Step-out, B+D, receives +0.1 DV & NO CV (B+C)
2. Split Jump + Layout Step-out, B+D, receives +0.1 DV & +0.2 CV (B+D, not a BHS Series)
3. Round-off + Layout Step-out, B+D, receives +0.1 DV & +0.2 CV (B+D, not a BHS Series)
4. Aerial Walkover + BHS, D+B, receives +0.1 DV & NO CV (B+C)
5. Aerial Walkover + Back Tuck, D+C, receives +0.1 DV, + 0.2 CV

d. Connection of at least 3 acro flight elements (excluding dismount connections) that includes a minimum of one C element will receive an additional +.1 CV.

**Examples:**
1. BHS + BHS + Layout-Step-out, B+B+D receives +0.1 DV, +0.1 CV, & +0.1 additional
2. RO BHS Mount + BHS + Layout-Step-out, D+B+D, +0.2 DV, +0.2 CV & +0.1 additional
3. BHS + Layout Step-out + Layout Step-out, B+D+D, +0.1 DV, +0.2 CV & +0.1 additional
4. Aerial Walkover + BHS + BHS, D+B+B, +0.1 DV, +0.1 CV, & +0.1 additional
5. Aerial Walkover+ BHS + Layout Step-out, D+B+D, +0.2 DV, +0.2 CV & +0.1 additional

e. B or higher acro element + C or higher valued dismount = + 0.1 CV (connection value).

**Examples:**
1. Back handspring + 1 ½ dismount, B + C. +0.1 CV
2. Roundoff + Double Back Dismount, B + E, +0.1 CV & +0.2 DV
3. Front handspring + Gainer Layout Full dismount off the side, B + C, +0.1 CV
f. C or higher dance element + C or higher valued dismount = + 0.1 CV (connection value).

Examples:
1. Switch Leap + Gainer Full off the end of the beam, C + D, +0.10 CV, +0.1 DV
2. Full Turn w/leg at horizontal + Gainer Layout Full of the side of the beam, C + C, +0.10 CV
3. Straddle ½ + Back 1 ½ Dismount. D + C, +0.1 CV, +0.1 DV
5 – FLOOR EXERCISE

5.1 An Acro Pass will be defined as one or more acro elements, one element must be a salto valued at a C or higher.

5.2 FLOOR EXERCISE SPECIAL REQUIREMENTS (.20 each taken off Start Value).
   a. One acrobatic pass with two (2) saltos (same or different), OR one acrobatic pass two (2) directly connected saltos. An acrobatic pass is defined as above in 5.1. Aerials are NOT considered saltos.
   b. Three (3) different saltos within the exercise.
   c. The salto performed as the last isolated salto or within the last salto connection must be minimum “C” and must be an acro pass.
   d. Dance passage with a minimum of two (2) different Group 1 elements, directly or indirectly connected, one of which is a leap (one-foot take-off) requiring a 180° cross or side split position. An indirect connection would allow for running steps, small leaps, hops, chassés, assemblés, or any kind of turn on 1 or 2 feet between the two dance Value Part elements.

5.3 FLOOR SPECIFIC COMPOSITIONAL DEDUCTIONS.
   a. Lack of variety in choice of elements:
      1. Lack of variety in dance elements:
         - Lack of Dance Bonus from Groups 1 or 2 (minimum of +0.1 Dance Connection Value or + 0.1 D/E Dance Bonus is required). flat .10
      2. Lack of variety in choice of Acro elements.
         - Missing backward salto with a minimum of “A” value. flat .10
         - Missing forward/sideward salto with a minimum of “A” value. flat .10
   b. Insufficient distribution of elements flat .05
   Consider:
      1. Level of difficulty not maintained throughout the exercise.
      2. Most difficult elements placed in the same section of the exercise.
   c. Insufficient use of the floor area Spatially (floor pattern). flat .05
   d. Choice of elements not “up to the competitive level.” (UTL) flat .10
      1. For ALL routines:
         - One (1) E valued element (Acro or Dance).
         - OR Two (2) different D elements (one of which must be an Acro element).
         - An Acro dismount with a C (minimum) salto in bonus combination or a D (minimum) salto.
      2. In addition, a two (2)-acro pass routine must include a minimum of a D element in one pass and a minimum of a D or +.20 CV in the other pass (may be in any order).
      3. A 1-acro pass routine would not meet the UTL requirement.
5.4 **ELEMENT VALUES DIFFERENT FROM LEVEL 10.**
   - #6.201 Front salto piked = A
   - #1.310 Ring jump or stag-ring jump with 1/1 turn (360) = D
   - #1.305 Switch Side ½ and ¾ = D

5.5 **CONNECTION BONUS**
   a. **Turn + Jump:**
      - A turn on one (1) foot followed by a jump with a two-foot take-off **WILL** be eligible for CV Bonus (if directly connected with no stop, extra steps, hops, or repositioning of the foot).
      - Example: 2/1 turn + Popa, C + C = + 0.1 CV.
   b. Bonus combination B+B must be two (2) different elements to receive +0.1.
      - Example: Front layout + front layout receives no connection bonus.
      - Example: Front layout + front layout ½ receives + 0.1 connection bonus.
   c. C + C directly connected Acro elements = +0.3 Connection Value.

5.6 **DIFFICULTY BONUS.**
   Double flipping salto OR E Acro in the last pass would receive additional + 0.1 DV (Difficulty Value).
6 – EQUIPMENT SPECIFICATIONS AND PENALTIES

6.1 EQUIPMENT SPECIFICATIONS.

a. The only allowable entry pads are the TAC-10 RO pads.

b. The RO pad may be used only for RO Vaults or Front handspring onto the board entry vaults. [Same as USAG; included as a reminder due to recent change]

c. Athletic tape or Velcro strips (NO CHALK) may be placed on the vault runway, provided that such markings are removed no later than the end of the rotation. The tape measure is to be used to determine where to begin the approach for vault. Chalk only may be used on the student-athlete as needed (e.g., hands, feet, legs).

d. 1 ¾” padded vault runway is required for all competitions and must extend a minimum of 82 feet from the base of the apparatus. The gymnast may use the entire length of a manufactured runway (beyond 82 feet if available). Exceptions to the minimum requirement will be made in cases where a host institution cannot provide 82 feet of runway due to venue limitations. In such cases, the host institution must notify visiting team(s) in writing of the distance that will be provided before meet contracts are signed. No deduction will be taken if a gymnast starts off the runway to begin her approach.

e. Low bar must be adjustable to 165 centimeters (AAI 155cm-185cm from floor to top of rail +/- 1cm) and the high bar adjustable to 245 centimeters (AAI 235-265cm from floor to top of the rail +/-1cm) without the bar height adapters.

f. The uneven bars should be set so that the low bar and the high bar lean at the same angle when the bars are set at the maximum width according to AAI specifications (192 cm +/- 1cm)

g. If a gymnast has a broken/torn grip, she may repeat her routine as the last team competitor or after the all-around competitor (specialist). If this does not allow for a sufficient amount of time to change grips or enough time to prepare, the gymnast will repeat the routine as soon as it is safe to do so. However, the time should not exceed five minutes. [Note: Common sense and safety must always prevail.]

h. If a plywood board is used under the springboard for mounting bars and beam, then it must be a ½” plywood board with a non-skid surface on both sides.

i. A chalk arc line may be placed on the corners of the floor exercise mat.

j. Floor Exercise Field of Play: 12m x 12m +/- 3cm. If using a taped line, measure from the outside of the line (39.4 ½” x 39.4 ½ +/- ’).

k. Balance Beam and Vault Table measures from the top of the beam and vault to floor (125cm +/- ¼”).

l. A minimum of 15 ½” matting must be available on the dismount end of the beam.

m. It is allowable to mount off of a 4” mat on top of a sting mat on Uneven Bars and Balance Beam.

6.2 EQUIPMENT PENALTIES

a. All equipment must be used as intended by the manufacturer. An institution that does not adhere to the policies and procedures during NCAA championships competition may be subject to further disciplinary action and/or a financial penalty up to a maximum of $600 per offense by the NCAA Women’s Gymnastics Committee. Note: A .20 deduction may be incurred for improper use of equipment.
b. Foreign substances may NOT be placed on the hands and/or feet of the gymnasts or any piece of equipment (e.g., honey and sugar, tuff skin, etc.). Water, Chalk, AAI solutions and AAI hand Tac/10 towels are the only acceptable substances.

c. Failure to correctly apply the Vault landing lines on the top landing mat surface per 2.8 on page 5 of the Rules Modifications will incur a .20 Team deduction.

d. If a mat used on floor exercise exceeds the boundary lines, the mat must be clearly marked with tape (not chalk) to indicate the actual boundary lines. Failure to correctly mark the mat will result in a .20 deduction taken off the team score. Tape may not be placed in the center of the floor exercise mat.

e. Only one of the following mats: Stingmat, 4” Throw mat, may be used per tumbling pass/leap combination (i.e., a gymnast may not punch off one mat and land on another). EXCEPTION: Sting mats on the floor are allowed, but they count as two mats if stacked. There shall be no more than two mats on the floor.

f. The minimum run distance that must be provided for mounts on uneven bars and balance beam during competition is 27 ½’ from the base or leg of the respective apparatus. If more than 27 ½’ of matting exists, the maximum run distance may be used. Exceeding the length of the provided manufactured matting will result in .20 deduction from the gymnast’s score.

[Note: the host institution need not provide more than the minimum allowable which will be provided at NCAA regional and national competition.]

6.3 UNIFORMS.

a. An institution’s official uniform and all other items of apparel (i.e., tights, t-shirts, warm-ups, tennis shoes) must be identical if worn on either practice or competition day. During the march-in and awards ceremony, team members must be in identical warmup apparel. In addition, for NCAA competition, a gymnast will be considered “in uniform” if she has a name and/or number on her warm-up apparel and leotard as long as all team members use a similar font type and color. Names will include only the first initial of the first name and the full last name. Nicknames are not permitted. If two or more gymnasts have the same first initials and last names, the first name may be spelled out.

1. A student-athlete must wear a one-piece leotard and is allowed to wear any undergarments that are the same color of the leotard or are skin tone in color.

2. The meet referee will instruct a gymnast who does not meet the uniform policies that she is “out of uniform.” The gymnast must comply with the uniform rules, or a .30 team deduction will be taken during team competition or a .30 deduction off the individual’s score during individual competition.

6.4 JEWELRY.

Gymnasts are only permitted to wear stud piercings. No other jewelry is permitted. After a warning, a .20 deduction will be taken from the gymnast’s score for each occurrence.

6.5 UNSPORTSMANLIKE CONDUCT.

The following procedures may be executed by any panel judge, chief judge, or the meet referee (MR) and will appear as a neutral deduction on the score sheet.

a. Coaches, student-athletes and staff, which includes all staff, will use the same yellow card procedure. The yellow card is a warning (information provided to the head coach). If a second yellow card is issued, this will result in a .10 deduction from the
team score as a neutral deduction. If 2 different staff members receive a yellow card, the .10 deduction is incurred.

b. The coach in violation may remain on the competition floor for safety purposes only (i.e., spotting, equipment adjustment).

6.6 OPEN SCORING, START VALUE, SCORING RANGE and INQUIRIES.

a. Open scoring will be used during the regular season, regional competition, and the national championship.

b. Judges are to sit apart. When using a six (6) judge panel on Uneven Bars and Vault, the judges shall not sit apart.

c. All scores will be flashed and rotated, but only the average score will be raised and rotated.

d. Both the Start Value and the score will be flashed simultaneously.

First judge shall give final score to flasher. Judges shall then simultaneously flash his/her Start Value while final scores and average score are being displayed.

e. Score verification procedures will be in place at regionals and for each session at nationals.

f. The range of scores is determined by the two or four counting scores. If the average score is between those listed below then the two or four counting scores must be within the range of:

- 9.5 – 10.0 .20
- 9.0 – 9.475 .30
- 8.0 – 8.975 .50
- Below 8.0 1.0

Conferences should only occur when the counting scores are out of range, if there is an impossible Start Value or an UTL that can have an impact on the average score, OR if there is an inquiry submitted.

Example: Judge 1’s score is 9.5 and Judge 2’s score is 9.8, the average is 9.65. Since the average (9.65) falls in the top range, the two scores must be no more than .20 apart. Since they are .30 apart a conference between the judges is warranted.

g. Once a student-athlete signals the Head Judge to begin her routine on any event, she MAY NOT be substituted with another student-athlete regardless of what occurs following the signal.

h. Routine inquiries will be allowed throughout regular and postseason competitions.

- Start value
- UTL
- Specific (flat) compositional deductions
- Neutral deductions or unusual performance occurrences/fall
7 – VIDEO REVIEW PROCESS

7.1 The following video review process will be used during all NCAA competition.

In the event that an inquiry response is unsatisfactory to the coach, a video may be used for the purpose of review under the following conditions:

a. Each team is allowed one review per meet.

b. When an equipment failure may have occurred, the Meet Referee may use video (both real time or slow motion) to determine if, and when, the failure occurred and how to proceed.

c. An institutional team video or television production footage must be used for the review. The video may be taken from any vantage point.

d. All reviews must be specific to the performance or nonperformance of a particular Special Requirement VALUE PART, combination of elements, (UTL) or neutral deductions (i.e., out of bounds).

e. Reviews may not be used to evaluate a question of execution deductions or composition. These requests will result in a .10 deduction.

f. Reviews should be viewed in the speed that is to the advantage of the student-athlete. If necessary, video should be viewed in multiple speeds. Judges may use the zoom function if needed to see the video presented for review.

g. The review must be submitted to the meet director or host institution designee within five (5) minutes following the conclusion of the meet (as determined by the final score posted OR the return of the final inquiry, whichever is later). During this time, the scores are being verified by the judging panel and the head scorer’s table.

h. The coach requesting the review must provide a signed Video Review Form (VRF), cued video and team camera to the meet director (or host institution designee). The meet director (or host institution designee) will be responsible for delivering this information to the meet referee and event panel (the judges who judged the particular event) for their review on the competition floor following the conclusion of the meet. The coaches may not be present during the review.

i. Reviews must be conducted in the presence of the meet referee and the event panel ONLY. If the meet referee is on the panel, the next highest rated official must participate. A simple majority of the review panel will determine success or failure of the review. If the review is successful, the INDIVIDUALS score will be adjusted accordingly and TEAM score if it is a counting score.

j. The results of the review will be noted on the VRF by the meet referee and returned to the meet director (or host institution designee) who will take the VRF to the score table. The official score will be adjusted (up or down). Then the judges will sign the official score sheet and the meet director will deliver the VRF to the coach.

k. If a score is changed during an inquiry or video review, the skill or connection under review is subject to additional deductions for incompletion or rhythm.

l. Decisions rendered by the judges’ review panel are final and cannot be overturned.

APPENDIX II

Code of Ethics for Coaches

1. It is the responsibility of each coach to ensure that all competition is conducted according to USA Gymnastics Women's Developmental Program Code of Points (Level 10 Rules) as of November 1, and NCAA women's gymnastics collegiate rules modifications. Coaches are required to act in a sportsmanlike, positive, polite, respectful and disciplined manner, with complete integrity. It is their responsibility to see that their teams handle themselves in a sportsmanlike manner.

2. Judges may be greeted by a representative of the host institution before the start of competition. In addition, coaches are permitted to formally acknowledge and greet judges in a cordial manner prior to the start of the competition.

3. Conversations with a chief judge or meet referee for purposes of discussing an inquiry after it has been filed and decision rendered remain permissible.

4. Conversations with a chief judge or meet referee for purposes of checking and changing a lineup remain permissible.

5. Coaches shall avoid even the appearance of soliciting partisanship from the judges. Discussions (other than those involving meet administration) with judges should include the opposing coach(es).

6. It is the responsibility of each coach to see that every meet is conducted with full regard for the safety of and most fair competition for all gymnasts.

7. Areas should be designated for the teams and coaches separate from the spectators. Coaches and gymnasts shall remain within their designated areas, except when adjusting equipment or spotting. The competition floor shall be clear of all extraneous personnel.

8. No coach or competitor shall participate in a judges' conference or be within hearing distance of such conferences.

9. Each coach should assist actively in promoting positive relations among all participants, who are striving to achieve athletics excellence.

10. Coaches shall ensure that competitors exhibit dignity in manner and dress when representing their institution.

11. All NCAA policies regarding sporting conduct shall be enforced. In addition to attending all required media news conferences and interviews, all coaches are expected to cooperate with all reasonable media requests in the best interest of the sport.
APPENDIX III

Standards/Duties of Judges

It is imperative to the dignity and growth of women’s gymnastics that judges be well educated in the details of gymnastics and the current rules, thoroughly prepared for each assignment and able to cover all possible circumstances. Toward that end, the NCAA Women’s Gymnastics Committee has adopted the following code of ethics for judges: All meets should be regarded as part of the national qualifying system for teams and individual competitors. Judges should strive for consistency in scoring at all collegiate meets, regardless of division, location or type of meet (i.e., dual, triangular or quadrangular). USA Gymnastics Women’s Developmental Program Code of Points (Level 10 Rules) as of November 1 each year, and NCAA collegiate modifications shall be followed to the letter for all collegiate competition.

1. **Qualifications.** It is the duty of all judges to prepare themselves thoroughly and constantly update their preparation by being appropriately recertified. They should not accept any collegiate assignment for which they are not well qualified. NCAA regional and national championships require a Level 10 or higher rating. In addition, judges assigned to the regional and national championships competitions should not accept such assignment unless they have judged a minimum of four regular-season collegiate meets during that year.

2. **Affiliation.** No judge with an affiliation with an NCAA institution that sponsors women’s gymnastics will be assigned to the national championships; however, a judge may be assigned to a regional competition where he or she is not affiliated. Examples of affiliation would be, but are not limited to: coaching-staff member, works for spouse or relative of a coach, former team member, relative of a gymnast or parent of a team member, an athletics-related booster club member, gymnastics alumni and/or coach that has been away from the program for less than five years. Any individual with a current financial interest in a coach or team is not eligible to serve as a judge.

3. **Appearance.** Each judge should enter the competition site in uniform at least 45 minutes before the start of the competition.

4. **Duties and responsibilities.** Judges shall be greeted by a representative of the host institution before the start of competition. In addition, coaches are permitted to formally acknowledge and greet judges in a cordial manner before the start of the competition. Conversations with a chief judge or meet referee for purposes of changing a lineup or discussing an inquiry after initiated by the judge remain permissible.
   - Discussions with student-athletes, parents, alumni and/or recruits, should not occur at the competition site.
   - Judges should avoid any appearance of particular friendship or fraternization with any coaches or competitors.
   - At regular conference championships and post season competitions, judges are prohibited from entering the competition floor until the floor is cleared after warm ups.
   - Event standards should be strictly enforced in all meets (e.g., timing of falls and routines, boundary deductions) and be noted on the official score sheet.
- Judges must be seated separately on the competition floor.
- Individual judges’ scores and start value must be flashed. Reminder: NCAA allowable range of scores is to be followed for collegiate meets.
- Judges will be responsible to indicate when they take an “up to the level” deduction on bars, beam, and floor. An ORANGE card, 4” by 6” with “UTL” in large letters, will be displayed only after (but as soon as) the start value and score are flashed. The home team is responsible for providing this card and holder.
- Inquiries should be handled by the meet referee/chief judge. In the event that an inquiry response is unsatisfactory to the coach, a videotape may be used for the purpose of review following the conclusion of the meet (see NCAA rules modifications for video review process).
- Judges must process all inquiries before the start of the next event.
- Only a spotter(s) or persons moving boards or mats should be within the judges’ area during the competition.
- All judges must check the score sheet at the end of the competition and verify by signatures the accuracy of the scores. Judges are encouraged to report any infractions to the respective regional assignor and NCAA Women’s Gymnastics Committee chair.
APPENDIX IV

Regular Season Meet Procedures

The NCAA Women’s Gymnastics Committee has accepted the following procedures for regular-season competition. (Note: Coaches may agree, in writing, to alter the warm-up and competition format. If coaches do not agree, then the established format outlined below will be followed.)

1. **Judging:** A minimum of two judges per event must be used, and all must have a minimum Level 10 rating. No present coaching staff member or parent of a gymnast may judge a meet involving the institution with which he or she has such an affiliation.
   a. Judges may be on the competition floor preparing for the meet during team introductions and four-minute touch.
   b. Coaches shall be permitted to formally acknowledge and greet judges in a cordial manner prior to the start of the competition. Conversations with a chief judge or meet referee for purposes of changing a lineup or discussing an inquiry after initiated by the judge remain permissible.
   c. Judges must be seated separately on the competition floor.
   d. A copy of the NCAA Women’s Gymnastics Rules Modifications shall be made available to all judges of regular-season meets.
   e. One judge on each event must be designated as the chief judge.
   f. One judge must be designated as the meet referee to respond to inquiries during the meet.
   g. Open scoring must be used. All scores and start values will be flashed simultaneously and rotated, but only the average score will be raised and rotated. First, the judge will give his or her final score to the flasher. When all scores are posted to their respective score flash unit, judges will simultaneously display their start values and scores. The runner will pick up all judges’ score slips and present them to the head judge only AFTER the scores have been displayed. The head judge will tally the average score and it will be raised and rotated.
   h. Judges are required to leave the floor immediately after the processing of inquiries on the final event and sign score sheets off the competition floor in a neutral area.

2. **Meet Procedures:** The following procedures apply to all meets, regardless of the number of participating teams:
   a. The host team must let the visiting team know what boards are available and the length of the vault runway. There should be a sufficient number of landing mats and boards for warm-ups and competition, according to the number of teams and events occurring simultaneously (regular season).
   b. Institutions shall require a system (not necessarily a scoreboard) to post each team’s running score updated after each routine during every competition.
c. Lineups must be handed in to the scorer’s table at least 1½ hours before the start of the competition. Changes may be made before the start of the event by notifying the scorer’s table and chief judge.

d. Squad size is limited to a maximum of six gymnasts per event per team.

e. Substitution(s) may be made after an event begins (i.e., flag raised for team’s first competitor on that event) by notifying the chief judge at that event. The substitute must replace the teammate in the same lineup position.

f. Timing requirements:
   - Beam routines and falls on beam and bars must be timed. There will be a 45-second fall time for beam and a 45-second fall time for bars.
   - Floor routines must be timed.
   - Sounding devices may be voice, bell or whistle.
   - Injury timing – refer to page 4, #1.5.e in Rules Modifications document.

g. Open scoring is required. (See #1.g in the Judging section above.)

h. Computing scores:
   - Two judges — by averaging the two scores.
   - Four judges — by dropping the highest and lowest scores and averaging the other two judges’ scores.
   - Six judges — by dropping the highest and lowest scores and averaging the other four judges’ scores.
   - Event scores are computed by totaling the five highest individual scores for each team.
   - All-around scores are computed by totaling an individual competitor’s score from all four events.
   - Team scores are computed by totaling all four event scores.

i. Inquiries must be made in writing before the beginning of the next event and may pertain only to the value of the difficulty, special requirements, bonus values and clarification of neutral deductions or unusual falls.

j. When all Start Values are 10.0, only inquiries about UTL, compositional requirements and clarification of neutral deductions or unusual performance occurrences/falls are permissible.

k. Judges must process all inquiries prior to the start of the next event.

l. The number for vault must be flashed during regular-season meets.

m. A maximum of six routine summary forms may be requested per competition.

n. A maximum of two exhibitions per event will be permitted after the official lineup has completed competition on that event. It shall be the responsibility of the host institution to inform visiting team(s) not later than one week before competition whether or not exhibitions will be permitted and, if so, how many.

o. An iPod must be available.

p. One athletic trainer per competing institution will be permitted in a designated area in close proximity to the vault landing area in instances where the vault corral is located at the beginning of the vault runway. The athletic trainer is there to observe and must refrain from engaging in any communication and/or cheering with the student-athlete, coach or other team personnel while in the vault landing area.
3. **Regular season Rules Modifications and Meet Procedures:** *The following governs only from the time the athletic training room opens for all teams at the competition venue the day of the competition to the conclusion of that competition.*

Gymnasts may not mount the equipment or use it for gymnastics-specific or inverted skills prior to the start of the 30-minute open stretch & warm-up period listed in #1a below (see #3 below for further clarification). Any event not used by a team during the allowable periods listed in #1a & #1b below may be used by any gymnast.

*All teams must make an effort to ensure the integrity of the competition by respecting the rules below and allowing all aspects of the warm-up and competition to move at a consistent and steady pace.*

1. **Prior to Competition:** The following periods must start at the same time and be provided for all teams prior to the start of competition:
   a. A 30-minute open stretch & warm-up followed immediately by a 2-minute transition period
   b. 15-minute event warm-up on each event in each team’s competitive order, to be followed immediately by a 2-minute transition period for the first 3 event warm-up rotations
   c. A 2-minute transition as listed in #1.a and #1.b. Gymnasts are allowed to use matting around the apparatus to stretch, invert and prepare as needed, however the apparatus must not be mounted or used for gymnastics skills during this time. On floor exercise, jumping, bouncing, running, stretching type of warm up activity is allowed; however gymnastics skills are not allowed on the floor exercise apparatus. Gymnasts may use the vault runway to prepare for the warm up on vault.
   d. At the conclusion of the march-in ceremony, a 2-minute transition will begin when teams arrive at their corrals or seating area.
   e. A 4-minute touch warm-up immediately after the march-in ceremony and 2-minute transition, as specified in #1.d above, and prior to each team’s initial competitive event.

2. **During Competition:** The following periods must start at the same time and be provided for all teams during competition:
   a. A 2-minute transition at the conclusion of each remaining competitive event, to begin when the final competitor’s initial score is flashed (to include exhibition competitors) or when teams arrive at the corral for podium style competition. Teams must transition immediately to their next event after the last score is flashed and allowable activity may be performed only at the next competitive event.
   b. During the 2-minute transition, gymnasts are allowed to use matting around the apparatus to stretch, invert and prepare as needed for the 4-minute touch, however the apparatus must not be mounted or used for gymnastics skills during this time. On floor exercise, jumping, bouncing, running, stretching type of warm up activity is allowed; however, gymnastics skills are not allowed on the floor exercise apparatus. Gymnasts may use the vault runway to prepare for the 4-minute touch warm up on vault.
c. A 4-minute touch warm-up immediately after the 2-minute transitions provided in #2.a above and prior to the start of competition on each remaining competitive event.
d. The start of time periods #1.a, #1.b, #1.d, #1.e, #2.a & #2.c must be announced by the competition’s PA announcer.

3. **Visualization:** Visualization and/or stretching activities are allowed when the athletic training room opens for the event and may be done on the competition area by any gymnast prior to the 30-minute open stretch & warm-up period listed in #1.a. Matting surrounding each event (including FX itself & VT runway only) may be used for visualization, provided the equipment itself is not mounted or used for gymnastics-specific or inverted skills.

4. **Dual-Meet Format:**
   1. Either one or two events should be conducted at a time, at the host institution’s preference.
      - If one event is conducted at a time, Olympic order must be followed (vault, bars, beam, and floor). Gymnasts from opposing teams should alternate on each event. The home team should begin vault and beam, and finish with bars and floor. The visiting team should begin bars and floor, and finish with vault and beam. If an institution is competing with fewer than six gymnasts in each event, competitors should alternate from the end of the lineup toward the beginning, interrupting the alternating order near the beginning of the event only to allow the proper team to begin the event.
      - If two events are conducted simultaneously, the home team should begin vault and the visiting team should begin bars, in the first half of the competition. The home team should begin beam and the visiting team should begin floor, in the second half of the competition.

   2. Warm-ups before the competition should be as follows:
      - 30-minute open stretch and warm-up. Gymnasts may stretch and use equipment as desired.
      - 15-minute warm-up on each event in competition order.
      - Any event not used by an institution during the 15-minute/event warm-up period may be used by any gymnast.

5. **Triangular-Meet Format:**
   1. Two events should be run simultaneously in the following order:

<table>
<thead>
<tr>
<th>Vault</th>
<th>Bars</th>
<th>Bye</th>
<th>Beam</th>
<th>Floor</th>
<th>Bye</th>
</tr>
</thead>
<tbody>
<tr>
<td>Home team</td>
<td>Visitor 1</td>
<td>Visitor 2</td>
<td>Home team</td>
<td>Visitor 2</td>
<td>Visitor 1</td>
</tr>
<tr>
<td>Visitor 2</td>
<td>Home team</td>
<td>Visitor 1</td>
<td>Visitor 2</td>
<td>Visitor 1</td>
<td>Home team</td>
</tr>
<tr>
<td>Visitor 1</td>
<td>Visitor 2</td>
<td>Home team</td>
<td>Visitor 1</td>
<td>Home team</td>
<td>Visitor 2</td>
</tr>
</tbody>
</table>

Bars and vault competition should be conducted in the first half of competition; beam and floor in the second half.
2. Warm-ups should be as follows:
   - 30-minute open stretch and warm-up. Gymnast may stretch and use equipment as desired.
   - 15-minute timed warm-up on each event rotating in Olympic order.
   - The event not used by an institution during this 15-minute/event warm-up period may be used by any gymnast.

1. Four events should be run simultaneously, with each team beginning and anchoring one event in the following order:

<table>
<thead>
<tr>
<th></th>
<th>Vault</th>
<th>Bars</th>
<th>Beam</th>
<th>Floor</th>
</tr>
</thead>
<tbody>
<tr>
<td>Home team</td>
<td>Visitor 3</td>
<td>Visitor 2</td>
<td>Visitor 1</td>
<td></td>
</tr>
<tr>
<td>Visitor 1</td>
<td>Home team</td>
<td>Visitor 3</td>
<td>Visitor 2</td>
<td></td>
</tr>
<tr>
<td>Visitor 2</td>
<td>Visitor 1</td>
<td>Home team</td>
<td>Visitor 3</td>
<td></td>
</tr>
<tr>
<td>Visitor 3</td>
<td>Visitor 2</td>
<td>Visitor 1</td>
<td>Home team</td>
<td></td>
</tr>
</tbody>
</table>

2. Warm-ups should be as follows:
   - 30-minute open stretch and warm-up. Gymnast may stretch and use equipment as desired.
   - 15-minute timed warm-up on each event rotating in Olympic order.

*Note: For further meet procedures, please refer to the current USAG Women's Artistic Rules and Policies.*
