[Reference: Misconduct in this manual and Bylaws 31.02.3 and 31.1.10 in the NCAA Division I Manual.]

1. **Meeting Format (New for 2026):** In-person administrative meetings will no longer be held at the Regional Round.
2. **Information Distribution:** Participating institutions will receive a comprehensive document outlining tournament rules and procedures.
3. **Institutional Responsibility:** Teams are responsible for reviewing and understanding all provided tournament information.
4. **On-Site Coordination:** On the scheduled pre-competition practice day, an NCAA Division I Men's Ice Hockey Committee representative will meet with each team's head coach and athletic administrator.
5. **Documentation:** Official regional rosters and DQ/Misconduct forms must be emailed to Chad Tolliver (ctolliver@ncaa.org) or submitted directly to the committee representative during the on-site meeting.

News Conferences

Postgame Interviews. All press conferences in 2026 will be done in person. All coaches and student-athletes must be made available for post-competition interviews after the "cooling-off" period. This not only applies to formal press conferences, but also to any interview requests made to coaches and/or student-athletes not involved in the press conference. Failure to do so may result in possible misconduct, as determined by the NCAA Division I Men's Ice Hockey Committee.

Throughout the championship, press conferences are scheduled for the convenience of the press representatives, the coaches and the student-athletes representing the participating institutions. They are designed to provide the media with tournament information required for thorough coverage, and to limit the time demands placed upon the coaches and student-athletes.

Coaches' Obligation. Regardless of any regular-season radio or television contract(s), the coach is obligated to the entire covering media during the championship and must report to the interview room immediately after the cooling-off period. The coach cannot delay a post-competition interview with the covering media to conduct a program for a single newspaper, radio or television reporter, unless requested to remain for a short interview (not to exceed four minutes) by the television entity that has been granted television rights by the NCAA. They may, however, make their team available to all media representatives staffing the championship and/or report to the interview area before the cooling-off period ends. Should a coach permit one media agency to conduct an interview before the cooling-off period has ended, the entirety of the team is immediately available to all other media representatives desiring interviews.

Cooling-Off Period. A cooling-off period has been set aside for a coach to be with the student-athletes in the locker room after the game. The period begins when the coach enters the dressing room immediately after the game or interview with ESPN or NCAA Productions. The period will be ten minutes for the winning team and twenty minutes for the losing team. A coach may shorten the cooling-off period but may not extend it.

Order of Appearance. The winning coach and players shall be scheduled in the interview room before the losing coach and players.

Practices

Teams shall be allowed to practice in the facility on the day or evening before the opening of the tournament, on the off-day between and potentially on game days. The ice hockey committee is authorized to schedule or reassign practice times. **New for 2026, while these practice will NOT be open to the public, they will otherwise be open (e.g., media, etc.).**

Media will be permitted at practices on the day before the beginning of competition.

Pregame

Pregame timing sheets will be sent to participating teams post selections.

Section 8 - Championship Format

Bracket Format

The four regional winners advance to the Men's Frozen Four in Las Vegas, Nevada, which will be conducted April 9 (semifinals) and April 11 (final). The entire championship will use a single-elimination format.

Determination of Home/Away Teams

The highest-seeded team will be the home team in each contest.

Section 9 - Championship Operations

Emergency/Evacuation Plan

The tournament manager and NCAA site representative should review with the local law enforcement agencies procedures for other circumstances requiring emergency evacuation of the competition venue or interruption of the game.

Competition venue management is responsible for providing sufficient security and/or law enforcement personnel to ensure that access to the playing surface and surrounding areas is restricted to players and credentialed individuals only.

Lost and Found

All lost and found items are turned into arena security. Items will be available for pick-up at the box office, please call 484-273-4454.

National Anthem

The highest seeded team's band, if available, will be asked to play the national anthem prior to the game in which its team is competing. Regional hosts have the opportunity to select a live anthem performer for Regional Finals. If no live performer is selected, the highest seeded team's band will play the national anthem at Regional Finals. The anthem shall be played before every game.

Officials are selected by the NCAA Division I Men's Ice Hockey Committee. Assignments will be

Officiating

provided to the coaches approximately 90 minutes prior to game time. Any requests to meet with the NCAA committee and officiating representative will not occur until 10 a.m. the day after the game.

Video Replay. Please refer to video replay information in the Appendixes.

Player Introductions

During introductions, players shall continue the practice they have done throughout the 2024-25 season.

The introduction procedure shall be as follows: (1) upon returning to the ice, both teams shall circle their respective ends of the ice twice and assemble at their respective goal lines; (2) the "visiting team" starters will be introduced first, then the "home team" starters; (3) after being introduced, each starter shall skate to the blue line; (4) after the introduction of each respective team's starting lineup, the remaining players shall skate to the blue line; (5) the U.S. national anthem shall be played; and (6) after the national anthem, the teams may have a short huddle at their respective benches or goals before the face-off.

Post-Championship and Competition Site Evaluations

All evaluations will be sent from the NCAA at the conclusion of play.

Team Video Exchange

Section 12 - Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

Notification

Championship management staff is not permitted to make any announcement in advance or otherwise as to whether or not drug testing will be conducted at its championship site. All coaches and student-athletes should presume that post-event NCAA drug testing will occur at the championship event.

The DCO or designee will notify the participating team's representative no earlier than two hours before the start of competition that drug testing will be conducted at the site.

Media Obligations

Each team is provided a postgame cooling-off period. At the conclusion of the cooling-off period, a member of the drug-testing crew will notify the student-athletes who have been selected for testing. Notification may take place in the locker room (if applicable) or on the field of play. Any student-athlete selected to participate in any postgame news conference is required to attend the news conference prior to checking in at the drug-testing venue. The student-athlete will be escorted to the drug-testing area after all media obligations have been fulfilled.

Next Day Testing

If competition begins at 10 p.m. or later (local time), both teams will be given the option to defer testing until the next morning. If a team decides to test the next morning, that determination must be confirmed by the institution no later than immediately following the contest and all student-athletes selected for testing from that team must defer until the next morning. Once testing has begun, testing must be completed and cannot be deferred until the next morning. If deferred until the following day, the testing must begin no later than noon (local time) at the original test site. The host must arrange necessary transportation for teams that elect to test the next morning, or for individuals being tested who need to remain at the facility after other team members have departed.

Participant Notification

Championship management staff is not permitted to make any announcement in advance or otherwise as to whether drug testing will be conducted at its championship site. All coaches and student-athletes should presume that post-event NCAA drug testing will occur at the championship event.

The DCO or designee will notify the participating team's representative no earlier than two hours before the start of competition that drug testing will be conducted at the site.

Prolonged Test

If the student-athlete's team must depart the championship prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institution incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.), the institution may request reimbursement from the NCAA.

Testing Process

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends on the student-

athlete's ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately upon arriving in the drug-testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, he/she must remain in the drug-testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen.

Section 13 - Equipment Pucks.

The NCAA will send each host site 150 practice pucks and 300 game pucks.

Section 14 - Expenses/Reimbursement

Per Diem

Transportation expenses and per diem will be provided for an official travel party of 37.

TES System

Expense reimbursement for participation in championships must be filed through the Travel Expense System (TES), which can be found online at:

<http://www.ncaa.org/championships/travel/championships-travel-information?division=d1>.

All competing institutions must request reimbursement through the system in order to receive the appropriate reimbursement.

If you need assistance or experience any technical difficulties, please contact the travel department at 317-917-6757 or by email at travel@ncaa.org.

The Division I Men's Ice Hockey Committee will assign teams to the respective hotel properties and they are listed below. Once teams have been determined and assigned to a hotel, the reservations should be reconfirmed in the names of the institution; and, therefore, the institutions shall then be responsible for the reservations. Each participating institution is responsible for making its own arrangements for meeting rooms, meals and other functions at the team hotel.

For the regional tournament, 41 rooms have been reserved for each participating institution. Twenty-five rooms are guaranteed for the official travel party of each team. Additionally, 16 rooms are reserved and controlled by each participating institution to use for additional members of the travel party of 41.

Participating institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions. A student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

Medical Examinations

As the event sponsor, the NCAA seeks to ensure that all student-athletes are physically fit to participate in its championships and have valid medical clearance to participate in the competition. The NCAA tournament physician, as designated by the host school, has the unchallengeable authority to determine whether a student-athlete with an injury, illness or other medical condition (e.g., skin infection) may expose others to a significantly enhanced risk of harm and, if so, to disqualify the student-athlete from continued participation. For all other instances, the student-athlete's on-site team physician can determine whether a student-athlete with an injury or illness should continue to participate or is disqualified. In the absence of a team physician, the NCAA tournament physician will examine the student-athlete and has valid medical authority to disqualify him or her if the student-athlete's injury, illness or medical condition poses a potentially life-threatening risk to himself or herself. The chair of the governing sports committee (or a designated representative) shall be responsible for administrative enforcement of the medical judgment, if it involves disqualification.

Physicians & X Rays

During each game, Holy Cross team physician Dr. James Broadhurst and members of his sports medicine practice will be in attendance. Also, a team dentist will be on-call throughout the championship. Each physician has extensive experience working with the men's hockey program.

Before each game, between periods, and post-game, tournament physicians will be stationed in the athletic training area by the locker rooms. During the games, they will be seated adjacent to the Zamboni area and will have radio contact at all times. Medical staff will have the ability to do sutures immediately, between periods, or post-game. Contact Matthew Franks to arrange requests.

X-ray equipment will not be available on site. All x-rays will be taken at St. Vincent's Radiology across the street from the DCU Center at 20 Major Taylor Boulevard.

Section 18 - Participant Expectations & Guidelines

Ethical Behavior by Coaches

Members of the coaching profession have certain inherent obligations and responsibilities to the profession, to the student-athletes and to all those with whom they come into contact in the venue.

Coaches are expected to be role models who conduct themselves with integrity and high ethical standards at all times. The words and actions of a coach carry tremendous influence, particularly on the young people under his or her direction. It is, thus, imperative that he or she demonstrate and demand high principles of sportsmanship and ethical behavior.

Therefore, coaches must:

1. Always place the safety and welfare of student-athletes above the value of a win and above any personal prestige or glory.
2. Ensure that the coaching staff and all others associated with the program treat the student-athletes under their control with fairness and respect.

3. Remember that they are on public display and that their conduct reflects upon the image of their respective institutions.
4. Teach their student-athletes strict adherence to the rules and regulations of the sport, the institution and other governing bodies to which they are responsible.
5. Firmly establish with their student-athletes the standards of acceptable conduct.
6. Treat opponents and assigned officials with respect and demand that student-athletes do the same, instilling in their student-athletes the importance of respect and sportsmanship over winning.
7. Ensure that student-athletes understand that taunting, intimidating and baiting opponents is unacceptable behavior and will not be tolerated.
8. Monitor their coaching staff and student-athletes to ensure that they do not use profane and vulgar language while representing the institution.
9. Ensure, along with institutional administration, that fans are reminded of the expectations of sportsmanship and respect for officials and opponents and their supporters.

Misconduct and Failure to Adhere to Policies

Misconduct

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the coaches of participating institutions to review and explain the policies related to misconduct.

Failure to Adhere to Policies

A governing sports committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/ march-in forms for qualification and other materials necessary for the efficient administration of the competition.

Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Sports Wagering

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; Internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

Sports wagering includes placing, The prohibition against sports wagering applies to any institutional practice or any competition (intercollegiate, amateur or professional) in a sport in which the Association conducts championship competition, in bowl subdivision football and in emerging sports for women. A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner) in exchange for the possibility of gaining another item of value.

Student-Athletes

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

Postseason

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize.

Tobacco Ban

The use of tobacco products is prohibited by all game personnel (e.g., coaches, trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

PLEASE NOTE: Postgame cigars are **NOT** permitted for any reason and shall be subject to fine and/or misconduct.

Section 19 - Security

Section 21 - Tickets

Team Ticket Allocations

Each team will be allocated a maximum of 400 tickets for the regional semifinal games. Teams must, at a minimum, purchase 250 tickets. If any team does not purchase its full allotment of tickets, the remaining will be offered equally to the other teams that may desire additional tickets.

Each team must notify the host ticket manager of the number of desired tickets by noon Eastern time, Wednesday, March 25. Team will be obligated to purchase any tickets not returned prior to the deadline.

The two advancing teams will be allocated the same number of tickets for the regional championship game as they purchased for the regional semifinal games and will be charged the all-session ticket price. The two non-advancing teams will not be allocated any tickets for the regional championship game and will only be charged for single-session tickets.

Requests for additional tickets for either day of competition will be handled based on availability.

Note: Teams may not provide tickets to a partner solely for the purpose of reselling them on ticket marketplaces, regardless of whether the resale price is above or below face value.

Location

The No. 1 and No. 2 seeds should be assigned to the two corners behind their team bench. The No. 3 and No. 4 seeds should be assigned to the two corners opposite their team bench. Bench assignments will be based on locker room locations, and those locations will be assigned once the participating teams have been determined.

Mobile Tickets

All tickets for the regionals will be mobile, including those for player-guest purposes. All allocated tickets will be forwarded to the designated ticket manager, and he/she will be responsible for transferring the tickets to the end user. To transfer tickets, each guest's first and last name, and email address will be needed.

Designated Seating Areas

Bands

For admittance, band members, not to exceed 25 in number, who are in uniform and performing at the championship, will be admitted via a pass list and not charged admission.

Non-Participant Seating

Seating in these areas shall be restricted to the individuals on each team who have been issued bench credentials.

Scouting Seats

Scouting seats shall be reserved only for the official members of the coaching staff of the teams participating in the tournament. These seats shall be located at either end of the press box. The following seats shall be reserved:

Semifinal Game 1: Two seats for each of the four teams; eight seats total.

Semifinal Game 2: Two seats for each of the three remaining teams; six seats total.

Team Ticket Prices

All-Session: \$80/ticket

Single-Session: \$40/ticket

Complimentary Ticket Policy

Participating institutions are not entitled to complimentary tickets. The participating institutions must first purchase tickets, which are then treated as complimentary (player-guest) tickets for the student-athletes.

Player-Guest Ticket Distribution

Institutions are not required to obtain in-person signatures from those individuals using player-guest tickets; therefore, the NCAA will not provide space at the arena for institutions to manage these tickets. If an institution wishes to obtain a signature for the use of player-guest tickets, it must do so through other means managed by the institution. It is the responsibility of the institution to ensure that all student-athletes and player-guests are aware that all tickets are mobile, and the usage of those tickets can be tracked for compliance purposes.

Payment

Full payment for all tickets must be forwarded to the host ticket manager within 60 days of the last date of competition. A \$500 fine shall be assessed for each day an institution fails to pay for its tickets after the 60-day deadline. The NCAA may waive this provision based on extenuating circumstances.

Section 22 - Travel Party

Band/Spirit Squad/Mascots

A maximum of 25 band members, including the director, 12 uniformed cheerleaders and/or pep squad members, and one costumed mascot will be admitted free of charge via a pass list. The band/cheerleader/mascot entrance is located at the Side Suite entrance.

Each band will be provided 50 seats for its use.

Cheerleaders. All cheerleaders must conform to the guidelines set by the American Association of Cheerleader Coaches and Advisors (AACCA). Neither the NCAA nor the host institution shall be responsible for supervising or monitoring routines performed by cheerleaders at championship events. Except as noted in this section, supervision of cheerleading squads, their activities, yells and stunts are solely the participating institutions' responsibility. The participating institution shall ensure that the squad has sufficient training, supervision and equipment for any and all routines its squad may choose to perform. Tournament managers must inform participating institutions if the host facility has more stringent requirements. If so, the director of athletics at each institution must apprise his or her

cheerleading squad of such requirements and ensure compliance.

Cheerleaders and mascots will be permitted only on their team's side of center ice during pregame team introductions. Additionally, mascots are not permitted on the ice if the mascot must exit the ice through the opposing team's exit.

Electronic Amplification. Bands may use electronic amplification equipment with the specific approval of the NCAA representative.

Banners and Artificial Noisemakers

No banners may be posted at the tournament other than the NCAA and approved media banners. Artificial noise makers, air horns, and electronic amplifiers are not permitted and shall be removed upon discovery.

Bench Passes/Assignments

Team benches will be determined based on locker room assignments. When possible, a team shall be placed directly in front of or across from its ticketed allotment. If each team competing in a game has its ticket allotment at the same end of the ice, the team that has tickets assigned directly behind the bench shall be assigned to it.

Bench Size

Participating teams are limited to 19 skaters plus not more than three nor less than two goalies on the bench for competition. Per NCAA rule 90.5: "Not more than 20 players and three goalkeepers may participate in the pregame warm-up." Only players in uniform and eight additional team personnel are permitted on the bench. An institution that is advised it is in violation of this regulation and does not conform promptly to it automatically shall forfeit the competition. There shall be no inordinate delay of the competition to allow the institution to conform to the rule.

Squad Size

Participating teams are limited to a squad size of 27 eligible student-athletes. Replacements are permitted up to the starting time of the game; but after the game begins, no replacements shall be permitted for any reason.

Travel Party Size

Transportation expenses and per diem will be provided for an official travel party of 37; however, a total of 42 team credentials will be allocated per institution.

Section 23 - Trophies and Awards

All-Tournament Team

A six-person all-tournament team, including the most outstanding player, will be selected by the media immediately following the final game at each regional. Members of the team will be selected by position – one goalkeeper, two defenders and three forwards. The most outstanding player MUST be a member of the six-person all-tournament team.

Participation Award

[Reference: Awards in this manual and Bylaw 31.1.12 in the NCAA Division I Manual.]

The NCAA will provide Participant medallions to those teams that do not advance out of the regional. 27 participant awards will be provided per team for the 27 student-athletes that are part of the official squad size for the regional. Participant medallions will be sent to the designated Athletic Administrator on campus following the completion of the championship.

(See Additional Award Ordering Section for details on purchasing additional medallions.)

Regional Champion Awards

A regional championship trophy and individual awards will be provided to the winner of the Regional.

Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2 1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student- athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities.

This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

Division I Additional Requirements

The logo restriction on student-athletes' apparel set forth in 12.5.4 shall apply during the NCAA championships to all personnel (e.g., coaches, trainers, managers) who are on the team bench for practices and games or who participate in news conferences. Please note that those contracts between institutions and apparel manufacturers or distributors that include logo specifications may be honored, provided such contracts were in effect before August 11, 1998. Also, the logo restriction on student-athletes' apparel as set forth in 12.5.4 shall apply to commercial logos on uniforms worn by band members, cheerleaders, dance team members and the institution's mascot during NCAA championship events.

NCAA Tournament Supplemental Discipline

NCAA Ice Hockey Rules and championship policies allow for the use of supplemental discipline during championship competition. This document details the procedures the Division I Men's Ice Hockey Committee will follow when the use of supplemental discipline is needed.

1. NCAA Division I Men's Ice Hockey Committee Review.

The Division I Men's Ice Hockey Committee, at its discretion, may investigate any incident that occurs in connection with any tournament game and may assess additional suspensions for any offense committed during the course of a game or any aftermath thereof by a player, goalkeeper, Trainer, Equipment Manager, Coach or non-playing personnel whether or not such offense has been penalized by the on-ice officials.

2. Incident Involving a Non-Advancing Team.

If the committee, NCAA liaison or officiating liaison determines further review is needed and the team is not advancing, all pertinent details should be collected on site (e.g., referee statements, committee/liaison reports, etc.) and discussed on-site. A preliminary recommendation should be reached, if possible, to discuss with the full committee at the next opportunity (e.g., Frozen Four).

3. Incident Involving an Advancing Team.

If the committee, NCAA liaison or officiating liaison determines further review of an incident involving an advancing team is needed, it should be conducted as soon as possible. A decision on the availability of any student-athletes and/or coaches involved should take place before that team's next practice opportunity.

4. Team Request for Review.

If an investigation is requested by a team the following procedure must be followed:

- a) Team representative must contact the applicable on-site NCAA staff representative to notify him/her that a request for review will be submitted.
- b) Complete and submit the Supplementary Discipline Form **within 2 hours** of the end of the game in question, signed by the Athletic Director (or administrator on-site) of the requesting team.
- c) Submit completed form and game video queued to the incident(s) noting period and time to the applicable NCAA staff representative. The form may be e-mailed.
- d) The Committee will notify the teams involved that a request for review has been submitted.
- e) The NCAA committee member, staff representative and officiating liaison will investigate, review and document findings with the Committee and issue results.
- f) Every effort will be made to make a decision on the availability of any student-athletes and/or coaches involved before that team's next practice opportunity.

- g) The decision of the Committee will be final. Appeals, protests are not recognized or permitted.
- h) By NCAA playing rule, the Committee may not decrease any penalties assessed before, during or after the game by the on-ice officials.

NCAA ICE HOCKEY VIDEO REVIEW/CHALLENGE QUICK REFERENCE GUIDE

OFFICIALS' REVIEW --OR-- COACH'S CHALLENGE

1. Scoring of a goal – puck:

- Crossing goal line.
- Entering net before it is dislodged.
- Entering net before time expires or referee's whistle.
- Deflected in off an official.
- Enters the net before a penalty infraction.

2. Establish correct time on the clock.

3. Determine correct faceoff location.

4. Review of infraction that may result in student-athlete ejection.

5. Identify those involved in a fight.

6. Penalty shot goals.

COACH'S CHALLENGE ONLY

1. Scoring of a goal:

- Offsides.
- Distinct kicking motion or directed in goal with hand.
- Goalkeeper interference.
- As the direct result of a too many players on the ice infraction.
- As the direct result of a hand pass.
- As the direct result of a high stick into the net.
- As the direct result of a high stick to a teammate or self.
- As the direct result of a deflection off the protective netting or curved glass.

2. Defending player covering the puck in the goal crease.

Note: Coaches and officials should thoroughly review the rules governing the use of video replay (Rule 93); this is intended to be a quick reference to assist.

NCAA Ice Hockey Media/Television (TV) Timeout Policy

1. There will be three (3) Media/Television (TV) Timeouts per period.
2. TV Timeouts will be taken at the first whistle (stoppage in play) after the following times on the game clock:

TV Timeout #1 – UNDER 15:00 (14:59 – 10:00) for a total of 90 seconds (1:30).

TV Timeout #2 – UNDER 10:00 (9:59 – 5:00) for a total of 90 seconds (1:30).

TV Timeout #3 – UNDER 5:00 (4:59 – 0:00) for a total of 90 seconds (1:30).

3. TV Timeouts are **NOT** permitted during the following situations:
 - When the game clock stops exactly at 15:00, 10:00 or 5:00.
 - During a power play.
 - After a goal.
 - When a rule requires one team to keep the same players on the ice.

Examples: A) Icing, B) defensive team causes net to be knocked out of position, C) defensive team shoots puck directly out of play from the defensive zone, or D) a hand pass by the defensive team in the defensive zone.

- In overtime.
 - When a penalty shot is called. In this scenario, if the team elects to take the penalty shot, this process will proceed immediately; if the team elects to take a minor penalty, the TV timeout will be taken before the power play starts. Once the team elects to take the minor penalty, that decision is final and may not be switched.
4. TV Timeouts **ARE** permitted during the following situations:
 - Before a power play begins.
 - During even strength situations (e.g. 4x4 or 3x3).
 - Late in any of the first three periods (**e.g. game clock is UNDER 1:00 in each period**).
 5. The only exception when a TV Timeout **WILL BE** permitted prior to UNDER 15:00, 10:00 and 5:00 on the game clock is if an extensive stoppage in play occurs (e.g. section of glass breaks or other prolonged delay). In these situations, the originally scheduled TV Timeout will be replaced. This protocol exists to keep the timing sequences of the game in tact while preventing the TV entity from having to double-up on TV Timeouts at the end of the period.

6. If there is not a stoppage in play during one of the 5-minute “TV Timeout Break Zones” (e.g. game clock between 14:59-10:00), which causes the TV Timeouts to double-up, then the TV entity will take its two allotted TV Timeouts during the next two stoppages of play regardless of how much or little time has transpired between TV Timeouts (e.g. two TV Timeouts would occur between 9:59 and 5:00).

7. The horn will sound with 20 seconds remaining in the TV Timeout (1:40), signaling both teams to return to the ice. Officials will use the normal faceoff procedure and at 2:00, the officials are free to drop the puck to begin play. This timing is controlled by the NCAA Video Replay Communicator and not by the TV entity. The TV entity will hire a Timeout Coordinator and will notify the officials and the TV Truck when 30 seconds, 15 seconds and 10 seconds remain in the TV Timeout. The TV entity must be ready to play when the officials drop the puck. There are no exceptions to this rule.

8. The NCAA Video Replay Communicator will cue the stoppage of play via the light at the Penalty/Scorer’s Box.

9. The student-athletes will go to their benches during TV Timeouts.

10. Officials will place the puck at face-off location. Both linesmen will be positioned between the benches.

11. Referee will go through normal line change procedure and begin play (e.g. drop the puck).

12. Each team is allowed a 1:00 Team Timeout during the game. If a team uses its Team Timeout, the TV entity may go to a commercial break at its own discretion. The Team Timeout does NOT replace any of the TV Timeouts and the resumption of play will not be held up for the TV entity.

13. Overtime. Overtime – Ties will be broken by 20-minute period sudden-death overtime periods. The ice will be resurfaced upon completion of regulation play. Teams will change ends at the end of each overtime period.

- In each overtime period, at the first stoppage of play under the 10-minute mark, and ice maintenance timeout of one-minute in duration will be administered. Teams may return to their benches at this time. **This will only occur when a change of players is allowed by rule.**

- Timeout During Overtime – Each team is awarded one team timeout if the game is tied after 60 minutes of play. This is not an additional timeout in cases where a team has not utilized its timeout during regulation play. **Both teams receive a timeout in each overtime, should the game continue past the one overtime period, but the timeouts do not accumulate.**
