INTRODUCTION

This manual outlines the responsibilities of an institution/conference hosting this round of an NCAA championship. It is essential that each host institution/conference staff become familiar with the information and policies included in this manual.

The NCAA considers this hosting opportunity a partnership between the host institution/conference, competition site, committee and the NCAA. The primary objective of each individual involved in the administration of the championship shall be to provide a memorable championship experience for each participating student-athlete, coach, institutional staff member and championship attendee.

DEFINITIONS

Championship: Postseason competition conducted by the NCAA in a particular sport, in which eligible student-athletes and teams of active member institutions compete to determine the division champion (or National Collegiate champion in sports that do not have a separate division championship) in that sport.

Governing Sports Committee: The NCAA membership committee responsible for developing policies and procedures governing the administration and conduct of the championship under its jurisdiction, subject to the approval of the applicable division's governance structure and the requirements, standards and conditions prescribed by NCAA Bylaw 31.

Host Institution/Conference: An active NCAA member institution and/or conference selected to serve as host for a championship. The host shall administer the finances of an NCAA championship in accordance with the institutional/conference championship budget, as submitted during the selection process and approved by the governing sports committee.

Local Organizing Committee: A local organization formed in the city where a member institution/conference proposes to host an NCAA championship, to provide to the NCAA services and assistance in connection with the various activities related to the championship. The host institution/conference must be a part of the leadership of the local organizing committee.

NCAA Championships Manager: The staff member(s) representing the NCAA championships and alliances staff assigned to serve as administrator(s) for a championship.

ROLE OF NCAA

The NCAA championships and alliances staff, working in conjunction with the NCAA sport committees and other NCAA partners, will lead the planning efforts, management and execution of all NCAA championships and events. The NCAA will oversee all aspects of the championship and its related activities, including facility operations and space allocations, hotel accommodations, media and team operations, hospitality functions and social events, in venue entertainment, fan and sponsor events, broadcast programming, youth events, as well as many other aspects.

The NCAA will work closely with the host institution/conference, competition venue and local organizing committee to ensure that the championship provides a positive and rewarding experience for student-athletes and fans.

ROLE OF GOVERNING SPORT COMMITTEE

The NCAA's core purpose, values and envisioned future provide the framework for all actions in the committee's administration of the championship and its stewardship of the game. Within the framework and spirit of its charge, the governing sport committee will balance the principle of student-athlete well-being with its efforts to maximize exposure for intercollegiate athletics and revenues from the championship through policies and activities that are subject to the final authority of the Division III Presidents Council.

ROLE OF HOST INSTITUTION/CONFERENCE

The support, commitment and involvement of the host institution/conference, its key staff members and local media are essential elements in hosting a successful NCAA championship.

The host institution/conference is the local entity responsible for making arrangements for the competition. By submitting a bid, each host institution/conference has agreed to provide services and assistance in connection with the various activities related to the championship as prescribed by the bid specifications.

The responsibilities of the host institution/conference are defined herein. The games management, media and marketing activities associated with the competition are to be administered and approved by the NCAA staff on behalf of the governing sport committee.

The host institution/conference will work in collaboration with the NCAA staff to preserve the mission of the championship. The NCAA believes that the most successful host institutions/conferences are those that emphasize service, promotion and marketing of the event, and fiscal responsibility and commitment to the NCAA's core values-leadership, inclusion, communication, collaboration and accountability.

As a core value, the NCAA and its championship host institution/conference must be committed to championing diversity, equity and inclusion across its functions, staff, partners, stakeholders and communications platforms. Host institution/conference should embrace the NCAA's stated interest of sustaining a welcoming, safe and supportive culture across all dimensions of diversity, including race, age, sex, class, national origin, creed, educational background, religion, gender identity, disability, gender expression, geographical location, income, marital status, parental status, sexual orientation and work experiences. The host institution/conference plays a central role in fostering, growing and preserving an inclusive culture on-site at NCAA championship events.

GAMEDAY THE DIII WAY

Division III promotes and atmosphere that is a respectful and engaging educational environment through athletics, for everyone through Gameday the DIII Way. Gameday the DIII Way establishes an expectation for championship hosts, coaches, student-athletes and spectators to focus on the common standards of safety, responsiveness, dignity and experience while participating or attending a championship event. We ask that each participant and attendee be personally accountable for their actions and do their part to ensure this event is a positive reflection of Gameday the DIII Way.

LGBTQ+ INCLUSION

LGBTQ+ inclusion ensures every student-athlete, regardless of sexual orientation, gender identity or gender expression, may fully participate in and benefit from intercollegiate athletics. As a Division III championships host, you play a unique role in supporting the participating LGBTQ+ student-athletes and coaches' overall well-being and sense of belonging. The LGBTQ+ communication resource offers several inclusive communications best practices.

Section 1 • Alcoholic Beverages and Tobacco Products

ALCOHOLIC BEVERAGES

Unless expressly permitted in writing by the NCAA (subject to the applicable NCAA legislative policy changes and/or championship hosting arrangements), no alcoholic beverages or nonalcoholic beer may be sold or dispensed for consumption in the competition venue from the time the doors open until 90 minutes after the conclusion of the games and practices, nor shall any such beverages be brought to the competition venue during the championship (i.e., during the period from the time access is available to spectators until all patrons have left the competition venue or area used for competition) unless otherwise approved by the NCAA.

If permitted by private lease agreement, alcoholic beverages may be consumed inside the private suites, subject to the host's, venue's, and/or concessionaire's compliance with certain insurance and indemnification requirements imposed by the NCAA. However, alcoholic beverages may not be delivered to private viewing suites on the dates of NCAA practice or competition. Additionally, it is not permissible for alcoholic beverages to be distributed or consumed in the competition venue outside the private viewing suites unless otherwise approved by the NCAA.

TOBACCO PRODUCTS

Tobacco products shall not be advertised, sold or dispensed at any championship event sponsored by or administered by the NCAA. Smoking is not permitted anywhere in the venue; this includes cigars.

Section 2 • Americans with Disabilities Act

The Americans with Disabilities Act, Title III prohibits private places of public accommodation (e.g., sports arenas) from discriminating against individuals with disabilities. The host institution/conference is required to confirm that each facility in which an NCAA championship or ancillary event occurs is in compliance with the ADA. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

If the host institution/conference receives a request for an accommodation, which may require input from the NCAA, the host institution/conference shall immediately notify the NCAA national office staff member with responsibility for the event in order to address the request.

Section 3 • Awards

CHAMPIONSHIP AWARDS PRESENTATION ENHANCEMENT TEMPLATE

To celebrate and enhance the student-athlete experience at the championship site, the NCAA will work with the final site LOC to implement a unique and fun way to recognize the champion(s) at the end of competition during the awards. These enhancements should help increase the excitement of the awards presentation and the level of championship branding exposure in photos for student-athlete's memories when looking back on their experience.

When considering what enhancements could work at your championship site, please consider your site and playing surface, whether your championship is indoor or outdoor and weather elements could be a factor, how many teams or individual student-athletes you may have participating in the awards presentation and your budget.

In most cases, enhanced staging and unique signage opportunities are great options for both indoor and outdoor sports. These items can be freestanding or attached to another item easily. Other ideas to consider would be logo cut outs, confetti, streamers, pyrotechnics/fireworks, a short video recap of championship performance(s), champion(s) or coach interview, utilizing pep bands or using an emcee or notable sport representative (i.e., Olympic Medalist) for the presentation.

These items can be covered through the operations budget, as well as the local organizing committee budget. The NCAA has preapproved artwork with pricing available. If you need assistance with ideas or ordering the preapproved items, please contact Nathan Arkins at 317-917-6790 or narkins@ncaa.org. Otherwise, please work directly with your primary signage contact at the NCAA on overall ideas, approvals, production and implementation with the operations staff.

CHAMPIONS LOCKER ROOM PROGRAM

The NCAA has partnered with select NCAA licensees to celebrate the national champions of each of the 90 NCAA championships. Each team champion shall receive a national champions T-shirt and hat to commemorate the experience of winning a national title. A detailed explanation of the logistics of the locker room program will be provided in championship specific section of the manual. However, listed below is a summary of steps that should be followed when implementing the locker room program at all final championship sites.

The product is for team champions only. Individual championships are not a part of the locker room distribution.

Please remove all hangtags and stickers (if needed) on the merchandise before being distributed.

The merchandise should be distributed to the winning team only immediately after the handshake as soon as the game has officially concluded. Extra product (if any) should be given to the team's equipment manager.

All winning team inquiries about obtaining additional locker room product should be directed to Jared Hunt with Event 1 for T-shirts (jared.hunt@hanes.com) or Underground Printing for hats (ncaachamphat@undergroundshirts.com). Please contact David Clendenin, Director of licensing, at the NCAA national office should you have any questions, dclendenin@ncaa.org or 317-917-6496.

CHAMPIONSHIP AWARDS

The NCAA shall provide all awards for participation in an NCAA championship. The championship manager will provide a manifest of the awards being shipped to your site. You should inventory each box and award ensuring the appropriate quantity and label for the event.

The championship manager will also describe how the awards will be distributed during the championship event.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

OR

Preliminary Rounds

MTM, Inc., the NCAA national office awards supplier, will send official NCAA participant medallions for the nonadvancing team's squad size (23) to the tournament director prior to competition. When the awards arrive, the tournament director should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

Finals

MTM, Inc., the NCAA national office awards supplier, will send official NCAA awards to the tournament manager approximately the week of the championship. When the awards arrive, the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

ELITE 90 AWARD PRESENTATION

The NCAA Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The Elite 90 award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships. Award winners must meet certain criteria including being a sophomore or above, participating in their sport for at least two years at their school, being an active member of their team, and being a designated member of the squad size at their championship. The member institution is responsible for submitting its student-athlete who has the highest GPA and meets all other requirements. Olivia Baumhoer or another member of the NCAA communications staff will determine the winner of this award for each championship and provide the name of the recipient to the NCAA championships manager as well as the local host shortly before the championship begins. The winner's name should not be released to the public until after they are publicly recognized. If appropriate, the championships manager can share the information with the coach of the winning student-athlete to make sure of that person's attendance. However, they should not inform the student-athlete. Olivia Baumhoer or a member of the NCAA media coordination staff will typically send a template of a release and the logo to the sports information director of the winner's institution the morning of the announcement to allow them time to prepare. In addition, the information will be given to the NCAA social media staff in order for them to prepare a graphic which will post shortly after the announcement.

Each championship should provide an appropriate forum to adequately recognize and celebrate this award winner among their peers and fans of the championship. In addition, information about this award winner may be included in local press releases about the championship and in public address and/or video board announcements during the championship.

Award presentation

When determining the most appropriate time to present the Elite 90 award, the NCAA and host staff should evaluate the time and venue that will create the greatest impact and amount of exposure for the award winner while also appropriately honoring and celebrating their accomplishments. The presentation should be semiformal in nature and not be rushed or overshadowed by other presentations or events surrounding it. The award winner should be visible, the announcement clearly audible and the award presentation should receive the full attention and respect of all of those in attendance. The standard award script is listed below:

At this time, we would like to present the Elite 90 Award. This award was instituted to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's 90 championships.

The recipient of the Elite 90 Award for Division III Women's Ice Hockey with a GPA of X.XXX in (major, is student-athlete and institution).

DIVISION III WOMEN'S ICE HOCKEY

Presentation at the student-athlete banquet

This award has traditionally been presented at the student-athlete banquet for most NCAA championships. In many cases the student-athlete banquet provides the best forum for the award presentation and greatest exposure for the winner as it is the one time when all championship participants and administrators are gathered in one place with a controlled, semiformal environment complete with a sound system and set program. Presenting at the student-athlete banquet also alleviates any potential conflicts with the winning student-athlete's participation in or preparation for an NCAA championship event. Guidelines for presentation of this award at the student-athlete banquet are:

- The award should be presented by either the banquet emcee, the NCAA committee chair or the NCAA championships manager.
- The award should be presented near the end of the program and be clearly recognizable as the premier award being given (see student-athlete banquet page for sample run of show).
- The award should be presented after attendees have had a chance to finish their meals.
- If video screens are available, the video slide or footage of the winning student-athlete provided by Van Wagner may be run as the individual is introduced.
- The coach of the winning student-athlete should be informed to help ensure the winner's attendance.
- If a photographer is at the student-athlete banquet or championship, a photo of the recipient receiving the award should be taken. This may be used in-venue during competition days to showcase the academic achievement of the student-athlete or provided to the student-athlete as a memento. The host sports information director should arrange to provide the winner's SID with a copy of the photo.
- If the award winner is recognized primarily at the student-athlete banquet, public address and video board announcements should be made whenever possible and applicable at the actual championship for additional exposure to fans who do not have access to the banquet.

In-venue presentation

The NCAA and host staffs are encouraged to look for opportunities for the Elite 90 award winner to be presented their award in the championship venue during a time when most participants and fans are in attendance. While this may not be appropriate for championships that are spread out over multiple venues, large areas, or have multiple games in one day that disperses the crowd chronologically – it should be explored for championships in which the majority of fans are gathered during a predetermined time frame and can provide their undivided attention to the award presentation. The presentation must also not conflict in any way with the student-athlete's participation or preparation for the championship. Examples could be:

- In a championship with two semifinals played on one day, the award winner could be recognized during the semifinal in which they are participating, so that their fans are in attendance (videoboard and/or PA read recognition).
- If the award winner is not participating or completes competition in the championship rounds of a sport but is still in attendance, they may be recognized during breaks between events, weight classes, heats or during a scheduled break in the game.
- The award winner could be recognized during a scheduled opening or closing ceremony at which all participating student-athletes are in attendance and fans are encouraged to attend.

Other in-venue recognition

If the Elite 90 award winner is not introduced live inside of the competition venue, public address and/or video board announcements recognizing the winner should be played during the championship to recognize this individual. Van Wagner will provide the following standard PA announcement sometimes accompanied by a video board slide. The championships manager (or Champs Engagement representative at Equity and Growth championships) will need to provide Van Wagner the name of the winning individual and a headshot photo if a video board is used for the championship.

The Elite 90, an award founded by the NCAA, recognizes the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships.

The recipient of the Elite 90 Award for the 2025 NCAA Division III Women's Ice Hockey Championship, with a cumulative grade-point average of (list GPA) in (list Major of Study), is (list winner and school: *Jane Doe of State University*).

Press release

On the day of/or prior to the winner of the Elite 90 award being publicly recognized, the NCAA media coordination staff will send out a template of a standard press release to the sports information director of the winner's institution and to the NCAA championships administrator. For selected championships, a press release will be written by a member of the communications or media coordination staff and be provided to national media by the NCAA public relations. If appropriate, this press release may also be provided to the host for distribution to local media.

Social Media

The NCAA twitter account will promote the 90 winners after the on-site announcement has been made. Olivia Baumhoer will work with the social media staff to make sure they have the appropriate information, including photo to make the graphic and the timing of when to post.

For more information on the Elite 90 award winners, log on to ncaa.com/elite-90.

PARTICIPATION

Preliminary Rounds

Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA preliminary-round competition the same experience, **mementos will NOT be permitted at preliminary rounds.**

Finals

Participation awards are permissible (one per participant) as long as they meet the conditions outlined in Bylaws 16.1.4.2 and 16.1.4.3 and are provided by the NCAA selected student-athlete participation awards licensee. The NCAA championships and alliances group will be responsible for selecting the participation awards that will be provided. All participation awards will be distributed at the site of the championship(s). Hosts should work with the championship manager on award logistics.

Section 4 • Bands, Cheerleaders and Mascots

ADMISSION

A maximum of 20 band members (including the director), eight cheerleaders and/or spirit squad members and one mascot will be admitted free of charge via a gate list and will be provided a credential for access inside the building. Each institution's administrator should be asked to submit a type written list to the tournament director at the pretournament meeting before the competition. Live animal mascots are not permitted.

The institution may purchase additional tickets for band members; however, no more than 20 will be permitted to play during any session. The host institution should play electronic music from the time the doors open until the bands begin warming up. The host institution may be asked to provide a band in the event none of the participating teams bring a band.

ARTIFICIAL NOISEMAKERS

Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc., are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility.

DESIGNATED AREAS

Bands, cheerleaders and mascots' placement must be approved by site representatives (preliminary rounds) or the NCAA tournament director (final). Bands should be seated in the area usually reserved for bands (end zones are preferred, at the same end of the ice as their team bench). Place bands in rows so as not to interfere or block the view of spectators, photographers or teams. Mascots are not permitted on the ice if the mascot must exit the ice through the opposing team's exit. Band members, cheerleaders and mascots must stay in the designated area.

ELECTRONIC AMPLIFICATION

Full bands are not permitted to use electronic amplification. Small bands (fewer than 10 members) are permitted to use reasonable electronic amplification with the specific approval of the NCAA representative(s). The host institution should be prepared to assist with accommodations.

FIGHT SONG/MUSIC

If a team does not have a band present, it may provide a recording of the institution's fight song to be played at the first timeout of each period. Bands should alternate each timeout, and only one band can play per timeout. If only one team has a band present, alternate the band and electronic team or house music.

NATIONAL ANTHEM

The national anthem will be sung or played by one of the participating institution's bands (to be determined by a coin flip if there is not agreement) after the starting lineups. If a band or singer is not available, the host will provide a recording of the national anthem. The national anthem will be played before each game, or the first contest of each session, as determined by the women's ice hockey committee.

PREGAME MUSIC

No host team warm-up playlists are permissible; playlist must be neutral. Pregame music may be played at the discretion of the host institution, be tasteful in nature and appropriate for all audiences. Music should begin when doors open. Host institutions are encouraged to reach out to participating teams to obtain "goal songs".

Section 5 • Banquets (Finals Only)

To celebrate and welcome all participating student-athletes and championship personnel at the final site, the host may provide a banquet (or other student-athlete recognition event). The number of guests, financial assistance provided by the NCAA and total budget shall be determined after consultation with the NCAA staff. NCAA corporate champions, partners or official equipment suppliers may receive approval to sponsor the banquet, but no local sponsors are permitted. Officials should not be included in this or any social event including the participating coaches and student-athletes. Per NCAA policy, student-athlete banquets (or other celebratory events) are not permitted at preliminary-round sites.

The NCAA may provide a video featuring the teams and student-athletes advancing to the final site depending on the amount of footage available and cost of obtaining. If practical, the NCAA staff will request the video from the NCAA games presentation team and inform the host.

The host will be responsible for coordinating all other details and logistics of the banquet including location, emcee, speakers, transportation, catering, A/V equipment, a printed program, etc., in consultation with the NCAA staff. The exact run of show and presentations included can be altered slightly to accommodate the number of student-athletes, teams and guests present as well as unique venue, sport or local elements. However, the run of show listed below and the 90-minute time frame should be used as a guiding template. Please note, that a 60-minute event is ideal, and the event should not last longer than 90 minutes.

Words of reflection or invocation are not required but may be included at NCAA student-athlete banquets. The NCAA supports a flexible policy which allows each host to follow the traditions and protocols of their university. If included, any words of reflection or invocation should be respectful and inclusive of all.

DIVISION III WOMEN'S ICE HOCKEY

Best Practices

While the guidelines above provide a standard framework for the student-athlete banquet, the event should be tailored to suit the needs, size and unique aspects of the championship. The purpose of the event is primarily to congratulate, celebrate and welcome all of the participating student-athletes to the NCAA championship and the host community.

The most successful NCAA student-athlete banquets have often been enhanced by unique venues, décor, interactive features, program enhancements or keepsake items that showcase the uniqueness of the host city or region and their excitement to host the NCAA championship. The NCAA will rely on the creativity of the host for development of these items. The formality of the event, attendee attire, appropriate number and type of speakers, level of interaction between student-athletes, etc., varies from sport to sport. The NCAA point person can help advise the host on sport specific nuances.

The host will assume the lead production role for the student-athlete banquet but should seek the advice and approval of the NCAA point person on such items as location, budget, timing, final run of show, speaker, menu, giveaway items (some may be provided free of charge by NCAA official equipment suppliers) and additional enhancements. Some past student-athlete banquet enhancements that have been well received are listed below. Please note, however, that the potential impact of all possible banquet enhancements on student-athletes should be weighed against appropriateness, available budget and other needs of the overall championship.

Sample Enhancements

- Unique venue – a skybox club overlooking the host university's football stadium; a historical or cultural center; an aquarium or museum where brief tours can be incorporated into the programming; an iconic restaurant, theater or arena in the area; a beach party setting; etc.
- Slideshow – before and/or after the formal presentation, a slideshow of participating team or student-athlete images is shown on video boards or mixed with NCAA branding messages (host would be responsible for collecting images from schools or preliminary round hosts).
- Speakers – relevance to the participating student-athletes is the most important factor. Former NCAA champions or graduating student-athletes who went on to professional or Olympic fame in the given sport are ideal, however other options available at no or little expense to the host should be explored as some speakers transcend their sport or profession. Examples of previous speakers include: Todd Martin – Tennis, Dot Richardson – Softball, President of the USGA – Golf, Bill Belichick – Lacrosse (Boston), ESPN personalities, comedians, motivational speakers, well-known football or basketball coaches at the host institution, etc.
- Photo opportunities – opportunities for teams or individuals to pose for a photo in front of a championship backdrop (possibly with the championship trophy) or in conjunction with unique or iconic elements of the area (e.g., with giant hanging shark in Florida, with longhorn steer in Texas, in winners circle at Churchill Downs, overlooking city skyline, football stadium).
- Favors unique to the sport or area – examples include: mini soccer balls, mini lacrosse sticks, baseball shaped cheese – Wisconsin, make-your-own beach flip flops – Florida; please check with your championship administrator regarding budget, appropriateness and possibility of items provided by official equipment suppliers before pursuing.
- Special entrances for student-athletes – red carpet into venue, spotlights, limos, local youth teams wearing team colors or with pom poms/signs to greet the student-athletes
- Band/DJ/Interactive Games – are generally only appropriate in more informal settings with numerous teams of both genders, relaxed time constraints, fun atmosphere, etc.
- Event 1/Championship merchandise – sales booth or display area with order forms on-site.
- Special Olympics Component – speaker, athletes, etc. (recommended for all DIII championships).

Coaches' association award guidelines

The primary purpose of NCAA student-athlete banquets is to honor, celebrate and welcome participating student-athletes in a concise and entertaining manner. Coaches' association awards and other presentations not directly related to the championship itself may be considered for inclusion if they are in the best interest of the attending student-athletes:

- The presentation should be relevant and provide a significant enhancement to the banquet programming for the student-athletes (awards or speakers which have limited relation to the championship or significance to the student-athletes will detract from their enjoyment and the attention they pay to other programming).
- The presentation should be brief (in most cases it should be limited to 5-10 minutes, but should never exceed 30 minutes).
- Awards presented should be limited to those presented to participating student-athletes and coaches or those which have some special significance to the student-athletes in attendance.
- The presentation should be secondary in significance and placement in the programming to any official NCAA championship presentations.
- If these conditions are not met, other championship related platforms should be explored by the NCAA to assist the coaches' association.
- All final decisions on inclusion of coaches' association awards, other presentations, scripts and presenters should be made by the NCAA staff with the best interest and overall experience of the student-athlete in mind.
- NCAA staff may call on leadership team members to assist in delivering and explaining the specific decisions to the coaches' association as needed.

Section 6 • Broadcasting/Internet

WEBCASTING

Please refer to the NCAA Broadcast Manual policies and guidelines: ncaa.com/media.

For final sites of all nontelevised championships, ncaa.com will provide live streaming of the contest. For all other nontelevised rounds, the NCAA encourages all hosting institutions to provide a live webcast. *(NOTE: The NCAA strongly encourages hosts that webcast during the regular season to webcast all rounds hosted at the site.)*

Apply for NCAA Internet streaming rights online at ncaa.com/rights-request. Questions about Internet streaming can be directed to Nate Flannery (317-917-6523; nflannery@ncaa.org).

Section 7 • Championship Presentation/Fan Engagement

BRANDING

Ancillary Events

The NCAA prohibits host institutions/conferences from conducting special ancillary entertainment activities for fans in conjunction with the championship. Should another entity (e.g., convention and visitor's bureau) elect to stage such activities, the following policies shall apply:

- All plans must be approved in advance by the NCAA.
- NCAA marks, logos, name or references to the championship or tickets may not be used.
- No activity connected with the championship may be sponsored by an entity that is not an NCAA Corporate Champion/Corporate Partner (CC/P).
- Such an activity may not take place on property controlled by the competition venue.

No entity may contact NCAA CC/Ps directly. All such contact shall be directed through the NCAA staff.

Logos

The NCAA owns and controls all rights and interests in its name, logo, seal, trademarks and service marks. Use of these marks is prohibited without advance written approval by the NCAA. Host institutions/conferences should review information outlined in NCAA Bylaw 31.6.1. Only official NCAA Corporate Champions/Partners (CC/Ps) and licensees are permitted to use NCAA marks and logos in commercial advertising and promotions, unless written approval is provided by NCAA Marketing. All and any proposed commercial advertising and promotions, if not by a CC/Ps, must be reviewed by NCAA Marketing staff prior to approval and production.

Game Presentation

NCAA championship hosts are required to utilize NCAA provided public address announcer scripts, run-of-shows and video board content. Host and participating team messaging or video board content is not allowed. This includes promotion of upcoming events at the championship site, recognitions and sponsorships. Any enhancements that you'd like to propose for the event must be approved in advance by the championship staff manager.

Public Address and Text Board Scripts

The public address announcer scripts allow game management/game presentation to keep the flow of the championship moving through the communication of important information to those in attendance. Communicate with your NCAA championship manager to secure a timing sheet, PA script and run-of-show for the championship event you are hosting.

Video Boards

The NCAA will provide video board content to sites that have such capabilities. The video board content is important to the overall championship experience for student-athletes and those in attendance. Please work directly with your NCAA championship liaison to identify if there is a Van Wagner producer assigned to you (final sites) or if content should be downloaded from the Van Wagner box site directly (preliminary rounds).

Questions related to video board content logistics should be directed to:

Brandon Anthony – Senior Producer
Van Wagner
Telephone: 925-354-5721
Email: banthony@vanwagner.com

IN-VENUE ENTERTAINMENT

NCAA championship hosts are encouraged to explore in-venue entertainment options during the championship to keep fans engaged, excited and to enhance the atmosphere for both the fans and student-athletes. Various potential areas of in-venue entertainment and the guidelines associated with them are discussed below. Please discuss any forms of in-venue entertainment you would recommend with your NCAA staff point person for approval.

Break in action contests or promotions

Hosts should consider continuing regular season contests and promotions or creating new, unbiased or nonsponsored versions of these promotions to use during NCAA championships. Entertainment can also include local performance groups or youth scrimmages. Guidelines and ideas for consideration:

- Must not include any commercial recognition (unless approved/provided by an NCAA corporate champion, partner or official equipment supplier and signed off by a member of the NCAA Corporate Relations staff).
- Must be appropriate and in good taste.
- Must fit safely within given time constraints with no chance of interfering with the competition.
- Must not negatively impact the championship playing surface in anyway.
- No links or resemblance to gambling.
- Participants must be randomly selected.
- No bias toward or against any participating team.
- Campus and venue rules must be considered when developing the contest or promotion.
- NCAA championship merchandise purchased by the host (e.g., extra volunteer apparel, committee or contributor gifts, items or certificates purchased from Event 1) make good prizes for these contests as prizes with commercial recognition would not be permitted.

National anthem singers

Hosts are encouraged to explore their resources to bring in local, regional or even nationally recognized celebrities or groups to sing the national anthem (e.g., state beauty pageant winners, recording artists with strong local ties, famous local choir groups or bands). Guidelines and ideas for consideration:

- No bias toward or against any participating team (e.g., performers should not wear the apparel of a participating team).
- Performances should not come at a cost and will not be reimbursed by the NCAA.
- A brief description and “thank you” for the performing group or individual may be incorporated into the script, but no commercial recognition, sponsorship, sales or recruitment messages should be included.
- Anthem should take two minutes or less to perform, however please build extra time into the script for introduction and placement of the color guard (if applicable), and introduction/applause for the performer.
- Highly recommend a pre-event rehearsal with the performer(s) and others involved.

Enhanced team introductions

Examples of this could include using special music or video introductions provided by each team, smoke machines or on-field fireworks, inflatable tunnels, youth athletes forming a tunnel or holding hands with student-athletes as they are introduced, local or school bands playing, etc. Guidelines and ideas for consideration:

- Must be appropriate and in good taste
- Must fit safely within given time constraints with no chance of interfering with the competition
- No bias toward or against any participating team and should be equally executed for all participating teams
- Should be discussed with the NCAA point person in advance.

Musical entertainment

Participating school bands will be scheduled into the overall championship presentation when they are available. When they are not, the host institution marching band, other school bands or local bands may be appropriate for entertainment during pregame, halftime or other breaks in the action or for greeting fans in the stadium entrance or other congregating area.

Affiliated award recognitions

If appropriate, national award winners for the given sport who are in attendance but not competing at the time of the scheduled recognition may be awarded on field during NCAA championships (e.g., Elite 90 award winner, coaches' association player of the year winner, coach of the year, etc.). Please consult with the NCAA point person to determine appropriateness. Sponsored awards should not be incorporated without approval from an NCAA Corporate Relations staff member.

Military involvement

Military involvement in NCAA championships may include national anthem performances (military singer, instrumentalist or band), color guard, band performances of patriotic songs, fly-overs, parachute teams, precision drill teams, etc. Please work with the NCAA Corporate Relations and Game Presentation team to finalize military involvement, as some elements may be influenced by partnership agreements. *Please see Military Involvement below for full description and guidelines.*

MILITARY INVOLVEMENT

The NCAA is supportive of inviting the military to participate at NCAA championships if their involvement enhances the championship experience for student-athletes and fans while at the same time honoring the military in an appropriate and unobtrusive manner. At many NCAA championships, local or national military groups have been arranged by the host to perform pregame, during halftime or other breaks in the action. These performances have included, but are not limited to, national anthem performances (military singer, instrumentalist or band), color guard, presentation of large flags, fly-overs, parachute teams, precision drill teams, eagle releases, reunions of troops returning from overseas with their families, honorary recognitions, etc. Please discuss any forms of military involvement which you would recommend with your NCAA staff point person who would in turn discuss with the NCAA Corporate Relations and Game Presentation teams as some elements may be influenced by partnership agreements.

Guidelines

- Involvement from military groups often requires substantial government paperwork. Fly-overs and parachute jumps will also require FAA approval to be handled by the host. Please allow adequate lead time to coordinate.
- Host connections with local military bases will be most cost-effective in arranging military involvement
- No messages about military recruitment should be incorporated into on-field performances.
- General messages paying tribute to all military personnel and thanking the particular military unit which has performed are encouraged (e.g., "Let's give a big round of applause for tonight's performance from the United States Air Force Heartland of America Band... and for all of the American military service personnel who they proudly represent.").
- Request for any type of presence on-site (e.g., booth space, interactive elements, inflatables, giveaway items or space within an NCAA fan festival) is not permitted unless discussed with your NCAA point person who would in turn discuss with the NCAA Corporate Relations team.
- Campus and venue rules must be considered when developing the presentation.
- Please discuss with your NCAA point person if providing complimentary access to watch the championship before or after their presentation is appropriate and possible.
- When several military groups are in attendance and recognized during one game/session of a multiday championship, you may want to consider a theme night "Military Appreciation Day/Night." This should be discussed with your NCAA point person. Marketing should also be involved if you do a theme night.

STUDENT-ATHLETE RED CARPET ARRIVALS/TEAM WALKS

At many NCAA championships, a red-carpet arrival or team walk featuring the participating teams and their band and/or cheer squads can be a significant fan enhancement. A red-carpet arrival/team walk allows fans to feel a greater connection with the student-athletes through brief personal interaction that provides lasting memories for young fans and may help create a greater overall impression of the championship for both fans and participating student-athletes, if conducted properly. Listed below are some elements to consider before deciding to conduct a red-carpet arrival/team walk, a list of guidelines for a red-carpet arrival/team walk, and a checklist of items needed for the event.

Elements to consider

- Number of fans – will there be an adequate number of fans to support a red-carpet arrival/team walk and make it a positive experience for the participating student-athletes.
- Timing and location – is there a time and place available in which there will be an adequate number of fans, space and the event will not conflict with the student-athletes' preparation for or participation in the championship (e.g., before each semifinal match concludes, during a highly attended ancillary event surrounding the championship or only before the championship game).
- Equitable participation – will all participating teams have equal opportunities to participate (it is permissible to have a red-carpet arrival/team walk only on championship night with the two final teams only versus semifinal day and championship day).
- Team's experience – this should be a positive experience for all participating student-athletes, and it should not interrupt their team's normal schedule for a competition. It should be communicated to the teams that a 5-15-minute window between teams is needed. Depending on the schedule of the teams you can predetermine the arrival times or if they do not have any other commitments prior to the arrival at the venue, you can allow the teams to pick their arrival time as long as they are between the 5-15-minute window of separation, giving them more control of their schedule and not interrupting their normal game day routine.
- Fan's experience – consider the location of the red-carpet arrivals/team walks for the fans as well. Consider using one of the main entrances or going through a fan fest location (if applicable) to the venue so that even if they did not know a red carpet/team walk event was happening, they still might see it and participate.
- Visibility and promotion – is the red-carpet arrival/team walk in a place that will be highly visible and accessible to all fans and/or can it be adequately promoted through social media, ncaa.com, e-blast, push notifications and/or signage? Ask each participating team to send out the red-carpet arrival/team walk times to their ticket holders and on their social media platforms as well.
- Timing of buses – Consider the route that the buses will need to drive in order to arrive on the correct side of the street and the time it will take them to get from the hotel to the location of the red-carpet arrivals/team walk.

Guidelines

- The host staff will have primary responsibility for coordinating and managing the red-carpet arrivals/team walk, as well as all staff, volunteer, equipment and logistical needs associated with them.
- The host staff should work with the NCAA staff point person to determine if red carpet arrival(s) or team walk(s) are appropriate, for advice, approval, look and collateral.
- The host should arrange for a walkthrough of the event with the NCAA point person as well as security, the facility rep, bus drivers, team hosts the event sponsor and/or fire marshal when appropriate.
- If a team has a band and/or spirit squad, communicate to the team that they should also participate in the red-carpet arrivals/team walks. If only one team has a band, ask the other team for a copy of their fight song to play over a speaker, if sound is available at the red-carpet arrival/team walk area.
- Select a time when the most fans can be accommodated and student-athletes will be least inconvenienced, consider what time the venue opens to the fans and what time the teams would normally choose to arrive.
- Student-athletes should wear game apparel or matching team issued warm-up gear.

- Student-athletes should be escorted by staff, volunteers or security to the security check-in area or their locker room.
- Red carpet arrivals/team walks should have stanchions or barricades to create a safe environment for the student-athletes. Security should also be considered.
- No local sponsorship of student-athlete red carpet arrivals/team walks will be permitted.
- A sound system which can be used in conjunction with the red-carpet arrivals/team walks can be effective in communicating which team is arriving, providing fans with additional championship events and for keeping fans entertained with music and/or team statistics.

Checklist

- Carpet – red, blue or black are all acceptable if the venue has one of these colors on hand, otherwise rent red carpet when the budget allows. Carpet is always preferred, but not essential to making this a successful event.
- Stanchions or other form of a barrier between the student-athletes and fans.
- Red carpet arrival/team walk sign or entrance way (e.g., balloon arch), if appropriate.
- Staff or volunteers.
- Security, if appropriate.
- Lighting elements if it is going to be dark out, depending on the time of the arrivals.
- Tents over the carpet if it is raining, unless the location of the red-carpet arrivals/team walk is already under a covered location, consider cancelation plan (notifying the teams and fans if the weather is not conducive to hold the red-carpet arrivals/team walk).
- Announcements for emcee – instructional, NCAA branding, NCAA corporate champion or partner recognition, team stats, if appropriate.
- Radios or cell phone numbers for communication. Essential for either the team host or bus driver to notify someone at the red-carpet arrival/team walk location of the arrival time changes, if appropriate.
- Other entertainment (e.g., DJ/music, local drum line) to keep fans entertained before and in-between team arrivals, if appropriate.

Section 8 • Commercialism/Contributors

ADVERTISING/SIGNS/"LOOK AND DÉCOR"

- a. **Advertising/Banners/Signs/Displays.** The host shall not permit advertising, marketing identification, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the general public seating/viewing area of the competition, practice and/or ancillary event venue(s) (i.e., any place that can be seen from the playing surface, seats or within broadcast view), including the scoreboard and the playing surface prior to or during the conduct of the championships, other than NCAA, media partner or NCAA corporate champion/partner branding/recognition (e.g., signage, banners, scoreboards, LED scorer's table, video board, ribbon board, PA announcements) approved by the NCAA. Any permanently affixed (or previously leased) advertising banners, signs, cup holders, select equipment bearing corporate marks (e.g., TVs, computer monitors, stats monitors or displays), product/exhibit displays (e.g., car displays, branding exhibits/kiosks) shall be covered with décor elements or other NCAA directed elements by the competition, practice and/or ancillary event venue(s) and at the expense of the venue(s) as specified by the NCAA, including costs of production and installation and strike. The NCAA must be notified within a minimum of 60 days if any signage has changed after the site visit or before the championship. Similarly, for any surrounding areas/facilities that are to be used by the NCAA for official events, no advertising, marketing, identification, banners, signs, decals, sampling, distribution or displays of any kind shall be hung, posted or displayed anywhere within those areas unless authorized by the NCAA. Professional and collegiate signage/marks/pennants/banners/retired numbers/etc. may continue to be displayed. NCAA staff representatives have the discretion, during their site visit or when on-site in advance of the tournament, to have the building staff remove a sign/banner. All usage of marks must follow NCAA brand guidelines and must be approved by NCAA staff in advance.
- b. **Alcohol/Tobacco/Gambling.** All alcohol, tobacco and gambling advertisements/corporate identification within broadcast view or viewable by game attendees in the competition venue bowl must be covered at the expense of the host or venue. Any alcohol advertising that is deemed by the NCAA as not viewable from within the bowl does not need to be covered, whether in the concourse or in ancillary venues; tobacco or gambling advertising in the concourse must be covered. All other advertisements/corporate identification in the noted areas must, at a minimum, not be backlit unless otherwise authorized by the NCAA. This would apply to preliminary rounds and the championship rounds for all 90 NCAA championships.
- c. **External Signs.** All exterior venue corporate signage, other than professional franchise identification, must be covered as specified by the NCAA and must be covered with décor elements as specified by the NCAA at the expense of the competition, practice and/or ancillary event venue(s).
- d. **Commercially Named Venues.** Commercially named competition, practice and/or ancillary event venue(s) may display no more than two preexisting interior signs consisting only of the competition, practice and/or ancillary event venue(s)' name at the top of the venue, with placement designated by the NCAA. The competition, practice and ancillary event venue(s) signage design and placement must be approved by the NCAA. If the commercially named competition, practice and/or ancillary event venue(s) is an existing NCAA corporate champion or corporate partner, the NCAA, in its sole discretion, may allow additional branding of the commercially named venue(s).
- e. **Covering Existing Signage/Product Branding.** Regarding any signage that is to be covered in accordance with these bid specifications, the practice, competition and/or ancillary event venue(s) shall not limit or prohibit the ability of the NCAA to use signage or other elements of its own third-party designees in covering such existing signage/product branding.
- f. **NCAA Corporate Champion and Partner Branding/Recognition.** The NCAA shall have the right to display branding/recognition (e.g., signage, banners, scorer's table, video board, ribbon board, PA announcements, inflatables, projections, kiosks, decals, window clings, lighting, street teams, logos) for the Association, its corporate champions and partners and media partners inside and outside of the competition, practice and/or ancillary event venue(s). These locations, include but are not limited to the concourse, within the competition bowl and venue exterior without limitation.
- g. **Official Stickers and Stencils.** The NCAA shall provide the competition venue with the appropriate stickers/field stencils for the approved playing surface markings for the championship.

- h. **Fan Promotional Materials.** If facility approves, patrons are permitted to bring in small signs and non-noisemaking items may include any (non-CCP) commercial identification.
- i. **Digital Inventory.** At no charge, the NCAA will have full access to use and control of, LED and other digital signage inventory, both internal and external to the competition venue. This includes TV monitors, video screens, video walls, LED fascia, and all internal and external signage, digital or otherwise. This includes all digital inventory to be made available at the time of the championship, inclusive of any inventory that may be added by the venue after this bid document is signed.

SPACE REQUIREMENTS

Activation of Corporate Champion and Corporate Partner Program. The NCAA may request/require that certain areas of the competition site be made available for use by NCAA Corporate Champions or Corporate Partners (CC/Ps) for the purpose of marketing/promotional events/activities. If such requests are made, the host institution will provide requested space or similar accommodations.

Local Organizing Committee Hospitality. If approved by the NCAA, the Local Organizing Committee (LOC) has the option to host specified events during the championship. Commercial identification of any kind at any LOC function is prohibited unless specifically approved by the NCAA. The NCAA must approve all uses of NCAA logos, names, or other graphics (including school logos). The LOC shall submit detailed proposals (e.g., location, date, time, food and beverage, entertainment, budget), to the NCAA for review and approval at least 60 days in advance of the event. Any such events conducted are conducted at the LOC's expense.

Other Functions. To enhance the experience for participating institutions, fans, and alumni during NCAA championships, the NCAA (in conjunction with a third-party agency) may facilitate an official hospitality program in or outside of the competition site.

PREMIUMS GUIDELINES

Competition Venue shall provide to the NCAA a set of guidelines, similar to those outlined below, that identify items that are not permitted in the venue no fewer than 120 days prior to the first NCAA championship related event. The NCAA will then utilize and share that information with its NCAA Corporate Champions and Corporate Partners.

Laser Pointers. Laser pointers of any kind are not permissible.

Noisemakers. Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc., are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility. Megaphones may be used for voice amplification, but they shall not be used as a distraction.

Promotional Items. Promotional items (e.g., cups, shakers, flags) with commercial slogans or identification, other than those from NCAA Corporate Champions and Partners, are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, T-shirts, caps, etc., except products sold/distributed by the NCAA or its agents, may not be distributed on the premises.

Signs, Flags, Banners. Large signs, flags or banners are not permissible. It is the facility personnel's responsibility to confiscate all prohibited articles. Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.

Video Camera/Still Camera Policies. Ticketed patrons shall not bring video equipment into the facility on game days. Still cameras with a lens no longer than four inches are permissible on any day.

NCAA CORPORATE CHAMPION AND CORPORATE PARTNER PROGRAM

The NCAA Corporate Champions and Corporate Partners Program (i.e., corporate sponsors of the NCAA), managed by the NCAA along with TNT and CBS Sports, authorizes the exclusive rights to license NCAA trademarks, tickets and taglines in commercial promotions with respect to the NCAA championships.

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

DIVISION III WOMEN'S ICE HOCKEY

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all 90 NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

LOCAL CONTRIBUTOR PROGRAM

Currently, local non-CCP corporate entities are not permitted to utilize the NCAA's registered marks, logos, tickets, name or references to the championship in a promotional/commercial manner. If a host institution/conference has an interest in using value-in-kind contributors, the contributor plan must be approved in advance by the NCAA Corporate Relationships staff. The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).

Local contributors may only be referred to as "local contributors of the LOC." Local contributors may not use the word "official," "official sponsor of" or "corporate champion/partner" in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and/or additional digital advertisement space. In being recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.

Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relationships staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.

NCAA TRADEMARKS

NOTE: These general guidelines do not include merchandise designs. All product designs must be submitted through the NCAA's licensing program administered by The Collegiate Licensing Company. Inquiries should be directed to the NCAA licensing staff. [Click here for more information about the NCAA licensing program.](#)

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. [Click here for the most current list of NCAA licensed or owned trademarks.](#)
3. Downloads of NCAA logos may be obtained through the [NCAA Digital Library](#).
4. The NCAA's position on inclusion of ® and ™ marks is first and most prominent use.

The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.

In the case of NCAA Women's Final Four, an ® is required after NCAA and after Women's Final Four. The NCAA owns "NCAA" and "Women's Final Four", but "NCAA Women's Final Four" is not a registered mark in itself: NCAA® Women's Final Four®.

To further expand, if the NCAA primary logo, which displays the registered mark, is used in a prominent position; NCAA Women's Final Four would require an R-ball only after the Four because the NCAA has already been identified as a registered mark. NCAA Women's Final Four®.

5. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as "N-C-two-A" or in any other fashion.
6. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4, F4).

7. There may be no registration of or use of NCAA marks within internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: memberx.edu/ncaa.

Identification of commercially named venues on NCAA materials

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).
- The logo of a commercially named venue cannot be used on any materials bearing NCAA logos or trademarks.
- The venue's name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.

NCAA logo use by commercially named venues

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.
- The one-time logo use is limited to the site's "home web page" or "event web page."
- The NCAA logo must be placed in a location on the venue's web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially named venue). [This is because NCAA Corporate Champions/Corporate Partners and Turner/CBS have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue's or the website's advertisers/sponsors may be used on the home/event web page even with the NCAA's championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page).
- The venue is not permitted to claim to be "the home," a host or co-host of any session of the NCAA championship.
- The logo provided by the NCAA championship staff cannot be modified in any way.
- ALL uses of NCAA logos must be submitted to the NCAA staff for approval.

NCAA trademarked protection language:

NCAA trademarks benefit from consistent "source identification" to the public through basic legal language attributing ownership.

The legal statement should be used on "printed" materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.

- Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).
- Printed items that are produced to be "used" by other business entities/organizations including NCAA members and host institutions.

DIVISION III WOMEN'S ICE HOCKEY

- Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters).

The NCAA requires protection language as outlined below. This does not have to be prominently displayed language and is expected to be included as some form of “mouse print.”

The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Nathan Arkins at narkins@ncaa.org or 317-790-7596.

For blue disc and/or secondary (word) mark, please use:

- NCAA is a trademark of the National Collegiate Athletic Association.

For blue disc/secondary marks plus another NCAA trademark, please use (for example):

- NCAA and March Madness are trademarks of the National Collegiate Athletic Association.
- NCAA, NCAA Sweet Sixteen and Road to the Final Four are trademarks of the National Collegiate Athletic Association.

For Blue Disc/Secondary marks plus another NCAA trademark used with other authorized business entities, please use (for example):

- The NCAA, March Madness, Men’s Final Four and Women’s Final Four are trademarks owned by the National Collegiate Athletic Association. All other licenses or trademarks are property of their respective holders.

NCAA Licensed Trademarks:

College World Series and Women’s College World Series: The NCAA is the exclusive licensee of these marks, registered by Major League Baseball, in connection with the NCAA Division I Men’s Baseball Championship and the Division I Women’s Softball Championship.

All other licenses or trademarks are property of their respective holders.

OFFICIAL CHAMPIONSHIPS/LICENSEE SUPPLIERS

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA’s Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA marks, brackets, taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

For a list of NCAA licensees and official equipment suppliers, ncaa.org/championships/marketing/ncaa-official-licensee-list.

Section 9 • Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

Comprehensive drug testing details for hosts can be found at the following link [NCAA Drug Testing Program - ncaa.org](https://www.ncaa.org/sportscollection/2020-21-ncaa-championships-drug-testing).

Section 10 • Equipment

PHOTOCOPY MACHINE

At the arena, the host institution will provide at least one photocopy machine with capabilities for reproducing statistics and other materials. This copy machine will be in an area convenient to the media.

PUCKS

Preliminary Rounds. The NCAA will provide the host institution with one hundred (100) practice pucks and fifty (50) game pucks.

Finals. The NCAA will provide the host institution with two hundred (200) pucks to be used for practice sessions and two hundred fifty (250) for competition. The practice pucks will have the manufacturer's logo and the game pucks will have the 2025 championship logo. In addition, the host should provide the commemorative game pucks (120 total), if applicable, to the members of each team's official traveling party (28). This is typically done at the team tables at the student-athlete banquet.

SKATE SHARPENING

The host is expected to provide skate sharpening services. This information should be communicated to the traveling teams on the participation call prior to the championship. If the skate sharpener is not in a neutral location that the visiting team can access during competition, the host must provide additional staff to assist the visiting team during competition. The staff can be included in the host budget as a reimbursable expense, but this is a requirement to ensure fairness of the skate sharpening services during competition.

Ice Resurfacing

The host is expected to provide an ice resurfacing machine at no additional expense to the NCAA.

SIDELINE EQUIPMENT HYDRATION PROGRAM

POWERADE

Equipment Information

The NCAA will provide certain championships relevant equipment (sideline hydration product, competition sideline hydration equipment etc.) on a sport-by-sport basis that must be used in all championship activity. The purpose of the product and equipment is to hydrate student-athletes for competition. Each championship will receive information from the NCAA pertaining to any product and equipment that will be provided. Following the championships, each host site will be required to provide the NCAA with a completed inventory sheet (template provided by the NCAA) and pictures for proof of performance. For Division III Women's Ice Hockey, equipment and supplies will be provided for the finals site only.

Cups, Coolers and Water Bottles

Drinking cups, water coolers, ice chests, cooler carts and water bottles should be provided for each scheduled practice or competition of any round of an NCAA championship. Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. Only cups, cans, coolers or water bottles may be used during championships that are provided by the NCAA. If applicable, the host may retain the coolers, cooler carts and ice chests after the competition. Reoccurring host sites are strongly encouraged to use the same equipment the following year unless otherwise notified by the NCAA. Participating teams may retain the water bottles and bottle carriers after the competition.

Hydration Program

Coca-Cola will provide a bottled water product (e.g., Dasani), POWERADE powder, and when applicable, POWERADE in bottles. Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice in the NCAA-provided equipment. Equipment carrying any branding other than POWERADE, however, will not be permitted on the sidelines during NCAA championships.

If a championship also receives POWERADE-branded squeeze bottles, they should be provided to student-athletes. Non-POWERADE-branded squeeze bottles brought by teams/student-athletes will not be allowed.

If the host has to provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite).

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonic) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Use of NCAA-Provided Coolers from Previous Years

The host may use previously supplied equipment from the NCAA, specifically POWERADE, equipment with approval from the NCAA; however, unless approved by the NCAA (which is often possible), they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

If you have any questions regarding any of this information, please contact Ryan Richardson (317-917-6338; rrichardson@ncaa.org).

Preliminary-Round Sites NOT Receiving Powerade-Branded Equipment and Product

The host institution may use items other than POWERADE-branded equipment. These items, however, must not display any commercial marks (e.g., logos and graphics of commercial products such as Gatorade), or such marks must be covered completely (this requirement applies on the sidelines and in competition areas, media areas or any other back-of-house areas).

If the host has to provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, Powerade, Coca-Cola, Sprite). Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice; however, equipment carrying any branding other than Powerade, as referenced above, must be absent of any commercial marks.

STROBE LIGHTS

Requests for installation of strobe lights must be approved by the women's ice hockey committee, the media coordinator and the NCAA championship manager. See Appendixes for strobe light policies.

Section 11 • Facility

NCAA SPACE REQUIREMENTS

Athletic Training Room. Provide an athletic training room stocked with towels and other necessary equipment, and staff it with the appropriate personnel prior to and during the games and practice sessions.

Portable baths (hot or cold) must be used under the direction of the host sports medicine staff, athletic trainer or physician within the venue of the championship. If the host sports medicine staff permits the communal use of the baths, they must be properly disinfected between individual use, filtered and with proper circulation or otherwise maintained in a manner consistent with local public health codes. The NCAA permits ice baths in designated areas as directed by an athletic trainer or team physician when the bath is used as a component of the emergency care plan in the event of an exertional heat injury.

Entrances. Entrances must be staffed by an adequate number of event personnel. Signage should be posted to clearly identify all entrances (e.g., team personnel, media, band/cheerleader).

Team Personnel Entrance. An entrance (preferably near the locker rooms) must be identified for student-athletes, coaches and team personnel with credentials

Scorer's Box. There should be enough seats in the scorer's box for the following individuals: scorer, public-address announcer, scoreboard operator, and video replay official (if applicable). It is the responsibility of the host to ensure the official scorer collects and records the starting lineups and roster according to NCAA rules. All scorer's box personnel should be directed to wear generic apparel (i.e., no institutional or conference logos).

Video Review (Finals Only). The host institution should provide an area within close proximity to the ice for the replay official and monitor (preferably in the scorer's box). The NCAA championship liaison will work with the host institution to determine if the facility is capable of having above-goal cameras mounted. If so, the host institution should secure a lift for the video staff to install the cameras prior to practice day and for the removal of the cameras post competition.

Committee Office (Finals Only). A room at the arena will be designated as the Division III Women's Ice Hockey Committee office. The room should be large enough to accommodate eight people comfortably and needs to be close to the competition rink, but not visible to the public.

Hospitality Room (Finals Only). A tournament hospitality room should be available. Participating teams' officials (president, athletics administrators, coaches, sports information personnel and athletic trainers), host institution VIPs, media, women's ice hockey committee members and NCAA staff members usually are the invited guests. Only Dasani and Coke products should be provided in the refreshment area, and only NCAA, Dasani and/or generic drinking cups (devoid of commercial identification) should be used. On- and off-ice officials should be provided refreshments in a separate officials' hospitality area.

You may be able to get the refreshments donated; however, sponsors' banners are not allowed in an on-site hospitality room.

Interview Room (Finals Only). A separate interview room, situated in a low traffic area, should be set for 20 individuals. The dais should be elevated if possible, accommodate six people, and have name cards available for all participants. The host will provide adequate lighting and sound equipment (microphones, amplifier, etc.). The NCAA will have final approval and direction of all sound and lighting equipment. "Dress" the room appropriately to reflect the prestige of the event by: (a) hanging the NCAA Division III media backdrop behind the dais and placing NCAA logos on the podium and walls; (b) using skirting on the tables and other areas as necessary; and (c) providing a sound system, if necessary. An experienced moderator with ice hockey knowledge should conduct the press conferences. Game officials should not be allowed in the interview room.

Participant Spectating Area (Finals Only). Seating should be allocated for coaches and student-athletes to spectate games in which they are not participating.

COMPETITION ICE

The playing ice should meet all specifications as outlined in the [2024-25 and 2025-26 NCAA Ice Hockey Rules and Interpretations Book](#) (see Rule 1).

CONCESSIONS

Food and beverage prices will not be higher than similar events for primary tenants in the facility.

FACILITY USE

Preliminary Rounds. Visiting teams must have access to 90 minutes of practice ice before 9 p.m. the day before competition and one hour of practice ice the day of competition. The facility (including locker rooms) must be available two hours before game time (i.e., entire building must be cleared).

Finals. Game and practice facilities must be reserved exclusively for the tournament starting at 6 a.m. the day before competition (Thursday) through midnight the day after competition (Monday). All space will be available, and the facility set up no later than 9 a.m. of the day of the first practice.

GAME NETS

Practice nets should be used during all practice sessions. Game nets will be available for each contest. Game nets should be used in pregame warm-up sessions.

GOAL CREASE

The specifications of the goal crease are outlined in the 2024-25 and 2025-26 Ice Hockey Rules and Interpretations Book. The crease will use only the markings indicated in the book and will not use the rectangular crease markings. The goal crease area shall be painted a light blue color. Note: The area inside the goal will not be painted.

ICE MARKINGS

The ice surface will be arranged in accordance with the NCAA Ice Hockey Rules and Interpretations two days before the start of competition (Wednesday). The NCAA will supply stencils and paint to apply ice markings (final site only).

TEAM WARM-UP AREAS

Both teams should be provided an equitable warm-up area prior to being able to access the ice. The area should be near the ice and locker room. A space large enough to accommodate 28 individuals is requested.

LAUNDRY

The host is expected to provide laundry service for all participating teams at no charge to the teams.

LOCKER ROOMS

A minimum of four locker rooms (two locker rooms for preliminary-round games) with showers and bathrooms must be available for teams. Adequate locker room space for game officials also must be available. Print signs for the team's locker room doors (with institutional logos and school colors) and officials' locker room doors.

- **Security.** Security personnel should be stationed at the door of each locker room (competition days only) after accompanying the teams and officials from the ice. The locker room is to remain locked and secure during times that the team is not occupying it including overnight.
- **Supplies.** Each locker room must be clean and adequately supplied with towels, toilet paper, Dasani, POWERADE, soft drinks (Coke products), ice and grease boards, markers and erasers for all practices and competition.
- **Supplemental Power.** Hosts should be prepared to supplement power near the visiting team locker rooms(s) to power such things as skate sharpeners and glove drying machines brought by the team(s).

Locker Room Assignments. The women's ice hockey committee reserve the right to assign locker rooms at the final site.

Decorations. The women's ice hockey committee recommends that hosts decorate locker rooms. Often local school/club teams have been given this opportunity.

MEDIA AREAS

The areas used for the media workroom and the postgame interviews should be near one another and to the locker rooms to facilitate the media's work and access to coaches and student-athletes. The interview room should not be adjacent to a hospitality area.

- Access/Security. A security officer should be stationed outside the media workroom and postgame interview room to check credentials. This individual should be instructed that only credentialed individuals may enter the area. Officials specifically are prohibited from entering this area.
- Backdrop (Finals only). The NCAA will provide a media backdrop with the NCAA logos to be hung behind the podium and platform.
- Holding Area. An area adjacent to the interview room will be designated as a holding area for student-athletes and coaches waiting to be interviewed. The area should be situated so that student-athletes and coaches do not have to walk through the actual interview room to reach the holding area. Chairs and water should be provided.
- Press Conference Schedule. Press conferences should be arranged to take place immediately following the completion of each game in the interview room. Teams are allowed a 10-minute cooling off period from the time the team enters their locker room following the game.
- Head coaches, institutional representatives and members or representatives of the ice hockey committees are required to attend the press conferences. Representatives of the nonadvancing team will be interviewed second other than the championship game, where they will go first.
- Postgame Interview Room (also refer to NCAA Space Requirements - Interview Room). The postgame interview room should be "dressed" appropriately to reflect the prestige of the event by (a) placing NCAA championship signage and logos on the podium and walls; (b) using skirting on tables and other areas as necessary; (c) setting up a platform for the interviewees and moderator; and (d) providing a sound system.
- Workroom. The media workroom should be equipped with an adequate number of electrical outlets, Internet access (preferably wireless) and other necessary supplies. NCAA logos should be displayed appropriately.

PARKING

There should be enough parking spaces adjacent to the arena for team personnel, game officials, NCAA committee members and staff and media. In addition, designate an area for team buses to drop off and pick up passengers.

SCOREBOARD

If the scoreboard is electronic, the names of the participating institutions shall be displayed. If the scoreboard is not electronic, "Home" and "Visitors" signs will be posted. Corporate signage on the scoreboard should be covered with NCAA championship signage. The scoreboard clock should be used to time practice sessions.

TIMING DEVICE/CLOCK

Game clocks must be operational at all practice sessions, and host institution personnel must be on hand to operate the clock during practices. The host must provide two backup clocks at the scorer's table.

VIDEO REPLAY

Finals site only. NCAA staff will work with each potential finals host to determine the capability of mounting cameras over the goals for replay purposes. The system will be used for goal reviews only.

VIDEO SCREENS

If electronic video replay screens are available, they may be used at the facility's expense. Replays of any game officials' calls are not permissible. Video screens may not display advertising.

VIDEOTAPING

The host institution will be required to videotape each game. The two participating teams and the supervisor of officials will be provided a digital copy of its game within three hours of the conclusion of the game. At the finals site, copies of semifinal competition will also be provided to the advancing teams. The game shall be filmed in its entirety from warmup through the conclusion of the game. The host institution will determine appropriate placement for videotaping.

Each participating institution also is permitted to use one camera to video only those games in which the institution competes. The video must not be used for any commercial purposes. Institutional representatives should contact the host tournament director to arrange for camera space.

Section 12 • Financial Administration

AUDIT

Sites will be randomly selected for financial and box office audits following the championship.

The NCAA will make every effort to notify sites selected for audits within 30 days after the approval of financial reports but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the documentation requested could include box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets supporting all expenses; general ledger; bank statements; check copies and reconciliations; competition venue rental agreement; and any other documentation to support all information reported on the host financial report. In addition, overages between budgeted and actual numbers will be reviewed.

APPROVAL OF THE BUDGET

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. The proposed budget must be submitted and approved by the NCAA prior to the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the given championship.

The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of championship tickets made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA's not for profit status under 501(c)(3) of the Internal Revenue Code. Additionally, certain championships may be required to provide an outside letter of attestation speaking to their tax status provided by an outside CPA/accounting firm.

FINANCIAL REPORT

Host institutions must complete the online financial report, which includes accurately reporting all revenues and expenses, within 60 days after the final date of competition at the site (if applicable). An automated email will be generated notifying the host of the final, approved settlement payable/receivable amount. Remittance of any amount due to the NCAA should be made to the NCAA upon approval of the financial report by the NCAA staff and receipt of this the automated email noted above. If requested, the host may be required to provide all supporting documentation to validate the revenues and expenses of their site. As a best practice, hosts are encouraged to upload all appropriate receipts, ticket audits and other supporting documentation to their host report on the "Summary" tab as documentation supporting each line of their revenue and expense figures.

Financial reports showing net receipts are not considered complete until payment is received at the national office. Institutions that fail to meet the 60-day reporting period will be assessed the following penalties: 60-90 days past due (25% reduction in honorarium), 91-120 days (50% reduction in honorarium) and 121 days or more (100% reduction in honorarium). If the financial report results in the NCAA paying the host, the NCAA will make its best efforts to reimburse the host within five business days of the report being approved by the NCAA accounting department.

DRUG TESTING EXPENSES

The budget for drug testing expenses should only be completed and returned to Drug Free Sport if the host has been notified that drug testing will occur. The drug-testing budget and expenses are separate from the financial report form. The drug-testing budget form is an appendix in the [drug testing manual](https://ncaa.org/Student-Athlete%20Programs/Health%20and%20Safety) (ncaa.org/Student-Athlete Programs/Health and Safety).

PARTICIPANTS

The NCAA will reimburse the competing institutions for transportation and per diem expenses in accordance with the NCAA travel policies. Once the championship is completed, participating institutions should submit reimbursement through the [Travel Expense System \(TES\)](#) within 45 days of the competition. Please note that if you host a championship, the submission of per diem and/or transportation reimbursement is in addition to the host budgeting and approval process defined above.

SITE REPRESENTATIVES

The NCAA representative's hotel room and tax shall be paid (via direct bill) by the host institution and submitted on the financial report. All other expenses (i.e., per diem, travel) will be paid directly by the NCAA.

TRANSPORTATION

Transportation. The NCAA shall pay for the rental of cars for a predetermined number of game officials and the NCAA committee representative(s). The championships staff will approve the individual to get a rental car and the individual will need to call Short's Travel to book.

Local Transportation for Teams. For team sports, eligible for reimbursable ground transportation, must arrange ground transportation through Short's Travel. Individual sports, eligible for reimbursable ground transportation receive mileage reimbursement in accordance with the travel policy.

Air Transportation for Teams. If a school is eligible for air transportation, all air travel must be booked through Short's Travel.

NCAA Championship Travel Policies

Section 13 • Game Management

ADMINISTRATIVE MEETING

The NCAA committee member/site representative will conduct a mandatory administrative meeting before the start of competition to review policies and procedures governing the conduct of the championship and to introduce the games committee. It is mandatory that each institution's head coach attend the meeting, and it is strongly encouraged that the athletics director, senior woman administrator or designated institutional administrator (other than a member of the ice hockey coaching staff) of each participating institution, as well as the sports information director and athletic trainer, attend the meeting. At preliminary-round sites, the meeting will be held at minimum two hours before the game, or the night before, and the meeting checklist/agenda will be provided to the site rep and hosts to administer the meeting. At the finals site, the meeting time and location on the Thursday prior to competition will be included in the participant manual; the meeting checklist and agenda will be provided to the advancing teams.

GAME TIMES

The Division III Women's Ice Hockey committee will determine game times. First round games shall begin at 7 p.m. local time. Quarterfinal games shall begin at 3 p.m. local time. Semifinals games should be at 3 p.m. and 7 p.m., with the host team playing in the 7 p.m. The championship game shall begin at 3 p.m. local time.

GAMES COMMITTEE

For preliminary-round games, the games committee will consist of the NCAA site representative, tournament director, and one administrator from each participating institution. The head official should be consulted when necessary.

The women's ice hockey committee and the tournament director comprise the games committee at the finals site. If a committee member is associated with an involved team, they will remove themselves from all games committee responsibilities. The chair of the women's ice hockey committee will chair the games committee, and the NCAA championship manager will work with the committee in an advisory capacity.

The games committee will actively supervise the conduct of each championship session.

GAME CONDITIONS

Refer to the Appendixes for suggestions regarding game conditions at hockey events.

Lights. Lights must remain on at all times unless requested by the NCAA for pregame introductions. Otherwise, light shows or anything that requires lights to be turned off are not permitted.

Time Clocks. Game clocks should be in operation at practice sessions to aid in communicating the allocated time to the participating team.

Rink Dimensions. The minimum area as described in the NCAA Ice Hockey Rules and Interpretations Book will be the guidelines for determining the playable ice area.

NCAA Logos. The placement of NCAA logos on the playing ice surface will be as specified unless otherwise approved by the NCAA staff. [Appendixes]

ICE READINESS

The ice should be set for competition at least two hours before each game time.

MEDICAL PROCEDURES

As part of preparation and planning to host and/or participate in championship events, member Institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance with event staff and personnel including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care, consulting with institutional legal, medical and risk management personnel as necessary. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [NCAA Sports Science Institute website](#). A nonexhaustive list of some

of the key health and safety considerations is provided below. More detailed information on each of these topics can be found in the [Interassociation Recommendations: Preventing Catastrophic Injury and Death in Collegiate Athletes](#) and the [NCAA Sports Medicine Handbook](#).

- Blood-Borne Pathogens and Other Biohazards
- Catastrophic Incidents and Emergency Action Plans
- Cleaning and Disinfection
- Inclement Weather, Air Quality and Other Environmental Considerations
- Independent Medical Care
- Medical Facilities
- Medical Disqualification, Removal and Return to Activities
- Medical Staff: Resources, Communications, Training and Responsibilities
- Medical Supplies and Equipment
- Medical Treatment (including for, among others, the following emergency conditions):
 - Asthma
 - Burners (Brachial Plexus Injuries)
 - Cardiac Emergencies
 - Cervical Spine Injuries
 - Concussion and Traumatic Brain Injury
 - Diabetic Emergency
 - Head and Neck Injury
 - Heat Illness and Heat Stroke
 - Hypothermia
 - Mental Health Emergencies
 - Rhabdomyolysis
 - Sickle Cell and Other Exertional and Nonexertional Collapse
 - Skin Infections
- Prescription Medications, Banned Substances and Drug Testing
- Protective Gear and Equipment
- Sexual Violence
- Visiting Team Care and Coverage

In addition, and as a supplement to the legislative and policy requirements and related guidance described above, the following health and safety considerations and expectations will also apply to all championship events.

Each scheduled practice and contest requires (a) the on-site presence of a person qualified and delegated to render emergency care to a stricken participant; (b) planned access to a physician for prompt medical evaluation of the situation, when warranted; (c) planned access to a medical facility, including a plan for communication and transportation between the competition site and the medical facility for prompt medical services, if warranted; (d) access to a working telephone or other telecommunications device, whether fixed or mobile; and (e) a thorough understanding by all parties, including the leadership of the visiting teams, of the personnel and procedures associated with the emergency-care plan. The entire athletics staff (coaching, medical and paramedical personnel) is strongly encouraged to become proficient in cardiopulmonary resuscitation (CPR) techniques. The host must provide standard procedures and equipment for handling injuries involving blood.

Ambulance Service. At the NCAA's expense, an ambulance shall be provided for event participants on game days. The ambulance should be equipped with advanced life-support equipment (e.g., AED with EKG capabilities, cardio-conversion drugs, and emergency respiratory equipment).

DIVISION III WOMEN'S ICE HOCKEY

Medical Staff Credentials and Access. Travel party credentials for participating institutions will include credentials for medical personnel; provided it is the responsibility of the participating institution to include medical personnel in their normal credential numbers. Institutions may include medical staff beyond travel party limits provided they pay for the additional numbers with institutional funds. Competition site access can be secured by acquiring session tickets through purchase or an institutional pass list.

Any medical staff traveling with participating teams will have access to their team participants with the assistance of host medical staff, should an injury occur. If medical staff are not to be seated with the team during any championship event for any reason, they should communicate to host medical staff their seat locations and host medical staff should be prepared to provide all participant medical staff with the necessary credentials to access and provide necessary escort to the team locker room or athletic training room in the event of an emergency. Typically, an access point from the stands supervised by security will allow access by medical personnel to student-athletes.

Portable Immersion Tubs. Portable immersion tub baths (hot or cold) are permitted at championship events only where use is a component of an established emergency or other health and safety plan and managed under the direction of sports medicine staff, an athletic trainer or physician in accordance with all applicable institutional and government health regulations and requirements.

PERSONNEL

Announcer. All announcements should pertain only to the Division III Women's Ice Hockey Championship. If a special announcement is needed, it should only be made with approval by the committee/representative. Promotional messages and/or announcements at the championship shall be limited to NCAA activities (e.g., game scores from other championships). **At no time should commercial contributors be recognized.**

See the Appendixes for the announcer's scripts including team introductions, starting lineups and the crowd control statement. Additional material may be provided by the NCAA championship manager closer to the date of competition.

The announcer will not be a "cheerleader" for the host team. The announcer will adhere to NCAA procedures rather than those that may have been in effect during the regular season. Fans should not be able to distinguish which team is the host team by the announcer's manner or voice inflection.

The announcer should be asked to: (1) prepare information beforehand; (2) work with each team's SID to learn the correct pronunciation of all individuals involved (student-athletes, coaches, institutional personnel, officials and NCAA committee members); (3) have team statistical information as well as tournament records on hand for easy reference; and (4) **maintain an unbiased demeanor.**

The announcer and music director will meet with the committee during the officials' pregame meeting to review time schedules, coordination of the U.S. national anthem and starting lineups.

The announcer will review crowd control procedures with the committee and the tournament director. These procedures may include notes regarding intermission between semifinal games, awards ceremony, exits, seating, safety measures, first-aid stations, and security measures after each game. The announcer will read the NCAA sportsmanship statement prior to each game and, under special circumstances, when requested by the committee/representative.

Music Policy. Music is permissible at the tournament, provided it is played equally for all teams competing. The committee reminds the host that all NCAA events are considered neutral sites; therefore, no preferential treatment should be given to the home team and warmup tapes specific to the home team should not be played. The host institution must provide appropriate music of a general nature to be played throughout the entire pregame period. Only the U.S. national anthem may be played prior to competition. Host institutions are encouraged to reach out to participating teams to obtain "goal songs".

Scorer's Area. There should be enough seats in the scorer's area for the following individuals: official scorer, public address announcer, scoreboard operator, penalty timekeeper, and video replay official (if applicable).

Neutrality. All scorers' area personnel must refrain from cheering for either team and from wearing institutional attire; they are considered "neutral" and must behave in a neutral manner. Personnel should report to the scorer's area no later than one hour prior to game time to meet with the game officials and committee.

Tournament Director. The tournament director may serve only in the capacity of tournament director and may not also serve as a scoreboard operator, timer, public address announcer, etc. This is to ensure that they are available to oversee all aspects of the competition and be readily accessible to the ice hockey committee and NCAA staff.

PRACTICES

All practices will be closed. The expectation is that all reasonable accommodations be made to ensure that practices remain closed to all individuals, including host institution personnel.

Each participating institution is asked to have an administrator accompany the team to closed practices to ensure that only those individuals affiliated with the institution or designated by the coach (excluding media) are allowed in the closed practice. This individual may be a trainer, sports information director (SID) or other administrator, but not a member of the coaching staff or a student.

Preliminary Rounds. Visiting teams must have access to 90 minutes of practice ice before 9 p.m. the day before competition and one hour of practice ice the day of competition. All practices are closed.

Finals. Practice times for the final site are as follows:

Thursday

10-11:30 a.m.	Game 1
11:45 a.m.-1:15 p.m.	Game 1 farthest traveling team
1:30-3 p.m.	Game 2

Noon-1 p.m.	Game 2 home

Saturday

10-11:30 a.m.	Winner of Semifinal One
11:45 a.m.-1:15 p.m.	Winner of Semifinal Two

8:30-9:30 a.m.	Winner of Semifinal One
9:40-10:40 a.m.	Winner of Semifinal Two

Timing. All practices will be timed by the scoreboard clock beginning at the scheduled practice time, regardless of whether the team has taken the ice. If a team arrives early, it may take the ice as soon as it is available, but it is still limited to the scheduled amount of time. If the team arrives early, any team activity taking place in the playable area will designate the start of practice and the practice clock will begin.

Alternate Practice Site. The host institution is not obligated to arrange for an alternate practice facility for the visiting team(s) in the event they arrive early. Practice at an alternate site is permissible, but the visiting team is responsible for making these arrangements.

Security. Security should be provided during practice sessions (including locker-room areas).

PREGAME PROTOCOL

Game officials, players, youth skaters (e.g., skate out before team introductions), and any other skaters associated with the championship must wear helmets anytime they are on the ice except during the playing of the national anthem and postgame celebrations.

DIVISION III WOMEN'S ICE HOCKEY

The introduction procedure will be as follows: (1) upon returning to the ice, both teams must proceed directly to and remain in their designated half of the ice. The home team will enter the ice surface first, followed by the visiting team; (2) the visiting team starters will be introduced first followed by coaches, then the home team starters followed by coaches; (3) after being introduced, each starter will skate to the blue line; (4) after the introduction of each respective team's starting lineup, the remaining players will skate to the blue line; (5) the U.S. national anthem will be played; and (6) after the anthem, the teams may have a short huddle at their respective goals before the face-off.

ELECTRONIC TRANSMISSION

The use of electronic audio or video devices that transmit information from any location in the facility to the bench is not permitted. It is permissible to gather statistical information from a designated area and to transmit statistical information to the bench. Computers may be used in the bench areas during games for statistical purposes only. Electronic video devices may be used as aids for postgame analysis.

RESULTS REPORTING

Each host should email the NCAA media coordination and statistics staff (ncaastats@ncaa.org), the Stat Crew packed file from each NCAA championship game/match upon completion of each day of competition. On the final day, the email should include the all-tournament and Most Outstanding Player selections.

The host sports information director, media coordinator or designee is responsible for reporting official championship results to the Association's website, ncaa.com. At the conclusion of each championship contest or session (preliminary rounds and finals), please forward information that specifies the division, sport, round, date and official results, and provide a brief game/event summary.

Institutions should send all information as follows:

Email the information to ncaa-content@turner.com.

- Specify the division, sport, round and region in the subject area.
- Paste the text (official results, including date of competition, round, etc.) directly into the message box.
- Attach HTML box score, if available.

SCHEDULE OF EVENTS

The NCAA representative will approve the schedule of events.

TRAVEL PARTY – BENCH SIZE – SQUAD SIZE

Travel Party. The travel party is 28.

Bench Size. Up to 30 credentials will be provided to each team, 28 of which may be designated as bench personnel and two additional for medical, as needed. Any additional individuals (excluding Athletic Director, SWA, President, spirit squad, mascots, and band members) must purchase a ticket from the institution's allocation.

Current playing rules permit only players in uniform and eight additional team personnel (maximum of 30) to occupy the bench area. The number of participants eligible for pregame warmup is 23 (not more than 20 players and three goalkeepers). The number of participants eligible for competition is 22 (not more than 19 players and three goalkeepers).

Squad Size. All teams are limited to 23 student-athletes.

Section 14 • Hydration Product

POWERADE

Equipment Information

The NCAA will provide certain championships relevant equipment (sidelines hydration, competition playing equipment, etc.) on a sport-by-sport basis that must be used in all championship activity. The purpose of the equipment is to hydrate student-athletes for competition. Each championship will receive information from the NCAA pertaining to any equipment that will be provided. Following the championships, each host site will be required to provide the NCAA with a completed inventory sheet (template provided by the NCAA) and pictures for proof of performance.

Cups, Coolers and Water Bottles

Drinking cups, water coolers, ice chests, cooler carts and water bottles should be provided for each scheduled practice or competition of any round of an NCAA championship. Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. Only cups, cans, coolers or water bottles may be used during championships that are provided by the NCAA. If applicable, the host may retain the coolers, cooler carts and ice chests after the competition. Reoccurring host sites are strongly encouraged to use the same equipment the following year unless otherwise notified by the NCAA. Participating teams may retain the water bottles and bottle carriers after the competition.

Hydration Program

Coca-Cola will provide a bottled water product (e.g., Dasani), POWERADE powder, and when applicable, POWERADE in bottles. Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice in the NCAA-provided equipment. Equipment carrying any branding other than POWERADE, however, will not be permitted on the sidelines during NCAA championships.

If a championship also receives POWERADE-branded squeeze bottles, they should be provided to student-athletes. Non-POWERADE-branded squeeze bottles brought by teams/student-athletes will not be allowed.

If the host must provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite).

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonic) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Use of NCAA-Provided Coolers from Previous Years

The host may use previously supplied equipment from the NCAA, specifically POWERADE equipment with approval from the NCAA; however, unless approved by the NCAA (which is often possible), they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

If you have any questions regarding any of this information, please contact Ryan Richardson (317-917-6338; rrichardson@ncaa.org).

Preliminary-Round Sites NOT Receiving POWERADE-Branded Equipment and Product

The host institution may use items other than POWERADE-branded equipment. These items, however, must not display any commercial marks (e.g., logos and graphics of commercial products such as Gatorade), or such marks must be covered completely (this requirement applies on the sidelines and in competition areas, media areas or any other back-of-house areas).

If the host must provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite). Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice; however, equipment carrying any branding other than POWERADE, as referenced above, must be absent of any commercial marks.

Host institution must maintain and provide proof of at least \$1 million of Commercial General Liability (CGL) insurance on an occurrence form for Bodily Injury and Property Damage, including Products Liability (including completed-operations coverage), coverage for contractual liability, independent contractors, and personal and advertising injury. Coverage cannot exclude liability arising from athletic participation, spectators, alcohol or food-borne illness. Certificate must be submitted to NCAA prior to competition. State institutions subject to state governing tort laws are permitted to provide proof of limited liability under state laws instead of CGL coverage. (This is the minimum requirement per NCAA bylaws).

NCAA Nonpredetermined Preliminary-Round Competition

For all NCAA nonpredetermined preliminary round competition, unless otherwise stated, the host institution/agency or the NCAA (see sport specific section for details) shall make reservations for the participating institutions/student-athlete(s) and advise them of the arrangements. The selected hotel properties shall be within no more than 30 miles (30 minutes) of the competition site and be priced at a fair and reasonable market room rate. The selection of a competition site may be dependent on availability and quality of rooms for participating institutions/student-athletes. Each participating institution/student-athlete is obligated to confirm or cancel the accommodations.

NCAA Predetermined Preliminary-Round Competitions and Predetermined Championships

For all NCAA predetermined preliminary-round competition and predetermined championships, On Location acting on NCAA's behalf shall contract hotel accommodations for the participating institutions/student-athlete(s). The contracted hotel properties shall be within 30 miles (30 minutes) of the competition site and be priced at a fair and reasonable market room rate. The selection of a competition site may be dependent on availability and quality of rooms for participating institutions/student-athlete(s). Teams must stay at an NCAA contracted hotel unless otherwise noted. Hosts are no longer required to secure the rooms. On Location, the official hotel management provider of the NCAA, will solicit, negotiate and contract all hotel rooms at these sites.

Championship participants are mandated to stay at the NCAA's contracted hotel properties for the event. Any participants staying outside of the NCAA contracted hotel block(s) will not be reimbursed.

The participating institution may use the rooms for persons accompanying the official traveling party.

If an institution fails to make satisfactory arrangements for use of assigned rooms with the hotel, full charges for the rooms will be billed to the institution.

Merchandising

The hotel understands that the NCAA exclusively will have first right of refusal to sell products licensed by the NCAA for merchandising at the selected hotels. If the NCAA executes this right, the hotel agrees to provide space in its lobby, tables, electricity, dedicated phone line and a secure storage location for such sales at no charge to the NCAA merchandising agent. The NCAA guarantees that the merchandise will be displayed in a neat, professional manner.

In return, the NCAA merchandising agent will pay to the hotel a percentage of the net sales from the hotel location. Net sales are defined as gross sales minus sales tax and credit card fees. The percentage rate will be a predetermined, nonnegotiable rate included in the contract between the two parties, except as specified in the following sections.

Section 17 • Marketing

CONTACTS

The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held to sell tickets and drive attendance. It is the primary responsibility of the marketing contact to work closely with the NCAA championships marketing contact to create and implement the championship marketing plan. While many host institutions may have a marketing contact in the athletics department, this individual may also be from the local organizing committee, convention and visitor's bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the key contact portion of the Championships Bid Portal.

Questions regarding the availability of these spots for your championship event should be directed to your NCAA Championship Marketing contact.

SOCIAL MEDIA GUIDELINES

Host institutions/conferences may use already established social media accounts (e.g., Facebook, Twitter) as a place to promote the hosting of an NCAA championship. However, host institutions/conferences should use marketing messages and assets supplied from or approved by the NCAA (links, web banners, flyers, updates, etc.). If the championship does not have an official NCAA social media page, a host is NOT permitted to create a social media page. The NCAA will make efforts to promote this championship on the established pages, as necessary. Please refer to ncaa.org/social media for a listing of official NCAA social media accounts.

Note that health and safety protocols related to preparedness, response and protocols might have an effect on the media services detailed below, with any changes provided to all hosts in advance of each championship.

BROADCASTING/INTERNET

Please log on to ncaa.com/media for information regarding broadcast/internet rights.

CHAMPIONSHIP RECORDS

NCAA championship records are available in PDF format at ncaa.org - ncaa.org/championships/statistics/ncaa-records-books.

CREDENTIALS

All media credentials are authorized and issued by the host or NCAA media coordinator. The NCAA provides credentials for all final championship sites and selected preliminary rounds sites. Hosts should contact the NCAA media coordinator or championships administrator to confirm who will produce credentials for preliminary sites. **PDF templates are available for preliminary round credentials if desired. Please contact Jenn Rodgers (jrodders@ncaa.org) for more information.** If you are producing your own credentials, the "Conditions Placed on Use of Credentials" should be placed on the back of all credentials. That text, located at ncaa.com/credentialterms, should also be visible at credential pickup.

The following is a sample of the types of credentials that can be produced, if applicable:

- All Access – For event management-type people who need access to every area, including game surface.
- Event Management – For event management staff who does not need all access (based on space and demand, it may not be necessary to produce an event management and an all-access pass).
- Media – For members of the media to provide them access to press areas (press box, media room, interview room, locker rooms (postgame only).
- Participant – For student-athletes, coaches, equipment managers (anyone in the official travel party).
- Photo – For still photographers and television camera operators (if the contest is not going to be televised) to allow them access to appropriate areas [playing surface, locker rooms (postgame only), press box and media room].
- SID – For sports information directors of the participating teams (may allow access to media areas and locker rooms as needed).
- Television Network – If the game is going to be televised by ESPN, Turner Sports, etc., those entities should have their own credential to allow them to specific places such as the truck compound.

It is up to the tournament director to determine which areas may be accessed with each credential type.

CREDENTIAL QUALIFICATION AND ACCEPTANCE

Final-Round Site - Approximately one month before the start of final site competition, the site media coordinator should send credential application information to media representatives who regularly cover intercollegiate athletics in their markets. The information should direct media to ncaa.com/media, which includes credential application instructions, credential criteria and links to the NCAA media policies. The site media coordinator will approve or deny all credential requests in the online credentialing system (Sport Systems) Credential system training sessions will be conducted. The system will notify via email all media members who apply for credentials whether their request has been approved or denied. If a media member is granted a credential, the site media coordinator is responsible for sending that member of the media information regarding game times, press conference schedules, credential pickup times and location, parking and any other pertinent information.

Preliminary-Round Site - Preliminary-round/site media coordinators should send a credential request form to members of the local media to determine who will be covering the event.

****** Working credentials will not be mailed. The media coordinator should issue credentials individually at an appropriate site at the venue or at the designated headquarters hotel. A government-issued photo ID is required to pick up credentials. Credentials are nontransferable and will only be issued to the person whose name appears on the credential. Credential pickup for others is not allowed.

CREDENTIAL BOARDS

The NCAA will provide credential boards to all final sites. These are to advise security personnel at the competition venue which credentials are allowed into specific areas of the venue. For credentials that are not allowed into a specific area, use a black marker to cross out the credentials not permitted.

FINAL RESULTS BOOKS AND STATISTICS

The final results book for team championships should include, at a minimum, final statistics, play-by-play summary and results as well as a cover sheet, event recap and postgame notes/quotes.

The host institution is responsible for providing complete statistics of all NCAA championships competition.

FLIP CARDS

Flip cards should be provided to all media members for easy reference to participating team information, where applicable. The flip cards should include all players on the roster and a minimum of their uniform numbers along with the head coach and any assistants. The flip card should include team results as well as standard information regarding the game, such as date, location and opponent.

INTERNET POLICY

The NCAA website, ncaa.com, serves as the official online resource for NCAA championships.

The NCAA and its partners own the Internet rights to all of its 90 championship events. Rights include live statistics, video and audio streaming, electronic commerce, and postevent footage use. The NCAA and its partners own all game action, practice footage, press conferences, one-on-one interviews or any other content on the NCAA website.

Internet Live Statistics

The NCAA reserves the right to deny permission to produce live statistics for NCAA championship play. In the event the NCAA takes on the responsibility of producing a live statistical representation from an NCAA championship event, no other entity will be permitted to do so. Live statistics are considered a protected right as part of a bundled rights agreement, referenced above. For clarification purposes, a live statistical representation includes play-by-play, score updates, shot charts, updated box scores, photos with captions, etc.

In the event the NCAA does not produce live statistics for a specific championship, the host institution is given priority to produce exclusive live statistics. The host institution will be given the same exclusivities the NCAA would reserve for its rights holder in such an instance.

Once it is determined that neither the NCAA or the host institution plan to exercise their exclusive rights, the ability to produce live statistics will be granted – on a nonexclusive basis – to each participating school. A “participating school” is defined as a school playing in the same event at a specific site.

In each case, no commercial advertising is permitted within the live statistics window, unless permission is specifically granted by the NCAA. Any questions pertaining to live statistics should be sent to Nate Flannery, NCAA director of digital (nflannery@ncaa.org).

MEDIA GUIDES AND POSTSEASON GUIDES

The NCAA or host media coordinator should notify each school that qualifies for the championship how many media guides and/or postseason guides should be sent to the championship site and/or if media guides and postseason information should be uploaded to the NCAA box library. If wanting to provide a printed version, the media coordinator should provide an overnight address where the schools can send the information (their office or the facility) and a deadline as to when it should arrive. Consider security when selecting the location where these materials will be shipped.

MEDIA ACCOMMODATIONS

Hotel. If necessary, the media coordinator should arrange for a block of rooms to be set aside for media, preferably at the headquarters hotel. Media members should be given a contact/link at the hotel whom they can call or link to make reservations; this can be listed on the credential application form along with the room rate and deadline for making reservations.

Meals. Media meals are not required at all championships. Disbursements should be guided by the budget which was originally submitted by the tournament manager and approved by the NCAA national office.

Parking. Complimentary media parking should be provided at all championship host sites. The media coordinator should determine if it would be more effective to use parking passes or a parking list. If passes are used, the host institution must generate them. Media shuttle systems may also be used provided any costs are approved in advance by the specific sport committee and NCAA championships staff liaison.

Media Workroom. If possible, a media workroom should be designated at each site, where media members can be provided a workspace. The workroom should provide an adequate amount of media seating, electrical outlets, complimentary wireless internet access and a pool of high-speed internet lines, if possible. Each school's media guides and/or postseason guides, along with any materials the host institution distributes (statistics, game notes, quotes, etc.), should be provided in this area.

NEWS FILM AND MINI-CAMS

Please visit ncaa.com/media for updated information related to television, video and ENG policies.

OFFICIATING QUESTIONS/POOL REPORTER

The host media coordinator shall appoint one member of the media to serve as the pool reporter at the competition site and must be approved in advance by the NCAA staff. In most cases, the media coordinator should designate the reporter from the Associated Press or the local newspaper as the pool reporter. The pool reporter should be clearly designated on the media seating chart and should be listed on the starting lineup sheets (if applicable) distributed prior to competition.

When a game includes a potential fighting situation that results in a technical foul and/or ejection of a participant, a rules interpretation is requested or there is a clock or timing issue, the pool reporter shall accompany the NCAA staff representatives to the officials' locker room to receive an interpretation in order to enhance the media's understanding of the activities that occurred. Interpretations are not given if the situation in question is a judgment call. Prior to entering the officials' locker room, the pool reporter shall go to the interview room or media workroom to speak to other media members and compile a list of questions to ask the involved official.

The host media coordinator, who will prepare the statement, will distribute the information to the media after it is reviewed and approved by an NCAA staff representative. Any statement involving an official's interpretation can be read by the news conference moderator in the interview room while the statement is being distributed.

If the involved official does not elect to speak to the pool reporter, the referee will decide whether the referee or the standby official will provide the interpretation on behalf of the officiating crew. The interpretation shall apply exclusively to the specific situation and will only be used to provide an interpretation of a rule.

PERSONNEL

Each media coordinator is responsible for organizing workers to assist in the media operations of the championship. It is important to remind volunteers that they may see very little of the championship competition because of their responsibilities and the NCAA will not pay any expenses. All volunteers should be a minimum of 16 years or older. It is preferred that all media coordination volunteers have experience with media relations or championships.

The number of workers will depend upon the media demand for the games at the site. Communication with the participating SIDs and the media coordinator's knowledge of the area media will help with advance planning.

The following is a basic list of duties for volunteers (if applicable):

- Copy Machine Personnel – Photocopies materials (stats, notes, quotes, etc.).
- Credential Distribution – Pass out credentials to the media; check government-issued photo ID.
- External PA – Announcer for fans.
- Internal PA – Announcer for the media.
- Locker Room Attendant – Person to identify when the locker room is open and closed to the media.
- Mixed Zone Coordinator – Coordinates interviews in the mixed zone in events such as track and field and swimming and diving. Depending on the number of participants, this individual may need several assistants.
- Note Takers – Compiles worthy notes during and after the game or day.
- Photo Marshall – Makes sure photographers work in approved event coverage locations. Hands out photo armbands, if necessary.
- Press Conference Moderator – Introduces players and coach; directs questions from media.
- Quote Takers – Records postgame quotes from the press conferences/locker rooms. A minimum of one person should be designated to take quotes for each team. They should get quotes from the head coach and student-athletes.
- Results Disseminator – Transmits stats, notes, quotes, through appropriate delivery means (website, email, social media, etc.).
- Runner(s) – Distributes photocopied materials (stats, notes, quotes, etc.).
- Spotter – Helps the official scorer identify assists and any other assistance for official scorer.
- Stat Crew – Records the official stats. Note that when applicable, NCAA LiveStats software must be used at all NCAA championships.
- Team Escorts – People to escort the coaches and student-athletes to the postgame press conference.

NEWS CONFERENCES

The media coordinator, or a member of the coordinator's staff, shall attend all press conferences, including any conducted before the start of championship play. A media coordinator can decide to have a prechampionship news conference if the number of media or interest in the championship warrants it. If a formal press conference will be held, the media coordinator should produce name (table) tents to place on the dais/riser to identify coaches and student-athletes.

ALL STUDENT-ATHLETES AND COACHES MUST BE MADE AVAILABLE FOR INTERVIEWS. With permission from the NCAA, exceptions may be made to the policy.

The open locker room policy applies to all formal press conferences and to any interview requests for coaches and/or student-athletes not involved in the press conferences. Failure to do so may result in a misconduct finding, as determined by the respective sport committee.

NOTE: In the event that a student-athlete has been selected for drug testing, all media obligations must be fulfilled before going to the drug-testing center.

1. **Individual Championships with no Postevent News Conference.** Student-athletes are allowed a maximum 10-minute cooling-off period following an event before meeting with the media. If ready before 10 minutes, the student-athlete can participate in interviews sooner. However, student-athletes are not allowed to leave the competition area before conducting media interviews. Interviews will be conducted in the mixed zone or interview room. A student-athlete who is competing in more than one event on a given day may ask the media coordinator to delay the interview period until after the student-athlete's final event of the day. The only exception to this is if a record is set, and then the student-athlete should be made available to the media shortly after that event. If time prohibits this, the media coordinator should get a quote from the student-athlete and distribute it to the media.
2. **Individual Championships with a Formal News Conference.** Student-athletes are allowed a maximum of a 10-minute cooling-off period following an event before meeting with the media. If ready before 10 minutes, the student-athlete can participate in interviews sooner. In individual championships, typically only the winner(s) needs to report to the press conference. If media requests warrant having the runner-up participate in the news conference, that person should answer questions before the champion.
3. **Team Championships with a Formal News Conference.** The winning team shall have a 10-minute cooling-off period before reporting to the interview room. The cooling-off period starts once the head coach and all of the student-athletes have reached the locker room area. The nonadvancing team will report to the interview room immediately following the completion of the losing team's press conference. (Note: For some championships, the governing sport committee has determined that the winning or visiting team should go first to the press conferences, before the losing team. Please refer to championship manual for the sport.)

It is mandatory for the head coach and at least one student-athlete to report to the press conference following the cooling-off period. However, media coordinators should request a minimum of two student-athletes. A coach can shorten the cooling-off period but cannot extend it.

As soon as one media member enters a locker room, it will be open to all media members. Locker rooms are open to the media for a minimum of 30 minutes, provided media are present the entire time.

The head coach must complete all NCAA championship media obligations before honoring any in-season radio or television contracts. Coaches or student-athletes may only conduct interviews with rights-holding television or radio networks (including ESPN or NCAA Radio Network, but not school radio stations) before the press conference following the conclusion of a game. These interviews are permitted during a period totaling no more than four minutes for all interviews, immediately after the game. The media coordinator or designee has the responsibility to terminate the four-minute interview period, NOT the network/station that has purchased rights. (Assistant coaches are not obligated to the entire media staffing the championship and may grant postgame radio interviews at any time after the conclusion of the game.)

Moderator Duties

1. The moderator should give pertinent game statistics (e.g., leading rushers, passers, tacklers, game records) to media while they wait for the first team to arrive. Statistics should be distributed to the media, coaches and student-athletes as soon as they arrive.
2. Media coordination representatives should obtain the names of the student-athletes who will be attending the press conference and give them to the host or NCAA media coordinator, who then will provide them to the moderator so that they can be announced in advance.
3. The moderator should open the press conference by asking the head coach for his/her opening statement.
4. After the coach's comments, the moderator should invite questions from media.
5. If necessary, the moderator should direct a question to student-athletes to get them involved, if the media do not do so.
6. Limit the losing team to 10 minutes and the winning team to 20 minutes.
7. The moderator should keep the flow of the press conference moving. If there is a gap of time between questions, limit questions to one more and then thank the head coach and student-athlete(s).

Press Conference Setup. Each host media coordinator should designate an interview room or area at the facility, and an individual to coordinate the activities in it. The interview area should have a public address system and an elevated head table.

Media coordinators should use an audio mixer (mix down unit) in the interview area to permit individuals using microphones to attach their equipment to it, eliminating the presence of audio equipment and/or operators in front of, or adjacent to, the speakers at the dais.

The following is a checklist of suggested minimum requirements for the interview room:

- Seating for a minimum number of media or VIPs (check with the previous host for an approximate number).
- Risers or an area with an unobstructed view for television cameras.
- Table for a minimum of 4-6 interviewees.
- Sufficient electrical outlets.
- Sufficient lighting for dais and workspaces.
- Mult box.
- Wireless microphones.

For selected NCAA championships, press conference backdrops, interview room table tents and microphone flags will be sent to the institution by the NCAA. Quotes shall be distributed to the media immediately following each press conference.

PHOTOGRAPHER

Commercial use of any still photographs is prohibited unless permission is obtained from the NCAA. Specific areas will be designated for photographers, and these areas will be limited by priority and space. Please see Appendix G for further information regarding photography done at the championships.

PHOTOGRAPHY AREA POLICIES

The media coordinator shall be prepared to designate “photographer positions,” should media requests warrant it. “Prime” positions should be given to NCAA Photos and/or Getty Photos, or otherwise rotated among members of the media. All special requests (i.e., placing a remote camera on the backboard) must be approved by NCAA staff or site representatives.

PROGRAMS

Championships will feature either a printed or digital game program, which the NCAA and LEARFIELD Publishing has the exclusive right to post/distribute at the competition venue during the championship. No competing publications, whether sold or free of charge, are permitted at NCAA events where printed programs are available. Any publications delivered to the venue are the property of LEARFIELD before, during and after the event.

LEARFIELD will be responsible for all program production, including editorial content, layout and design, advertising and printing. Championship media contact should provide LEARFIELD with text and photos for editorial pages about host institution/venue/city, if requested by LEARFIELD. Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing advertising space for sponsors, etc., should contact Clerrinda Queen (clerrinda.queen@learfield.com).

LEARFIELD encourages the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes), provided any such materials:

- Are only distributed with the purchase of a program.
- Do not include information available in the program.
- Do not include advertisements.

The host should not include expenses for such supplements in the championship budget and/or financial report. All supplemental content is subject to NCAA and LEARFIELD approval.

RADIO/INTERNET AUDIO COVERAGE

Radio broadcast rights and made-for-internet audio at any NCAA championship may take place only through advance written request and permission of the NCAA media services group. (Refer to ncaa.com/media.)

All stations broadcasting any round of an NCAA championship shall be required to fill out the NCAA Championship Radio/Internet Streaming form online. To access the form, log onto ncaa.com/content/audio-policies-0.

SCOUT VIDEO COORDINATOR

A scout video coordinator is permitted to film the game from an upper video position. A credential also may be issued to a team videographer. The scout video coordinator will receive a media credential and may only film the game of the team represented by the video coordinator. Representatives of participating institutions may record the network telecast of any game at the site, using a video distribution outlet in the video distribution area. The institution must provide its own recording equipment.

SEAT ASSIGNMENTS

Media coordinators should provide preferred seat locations for media agencies that regularly staff games played by the participating and host institutions.

SECURITY

Security personnel should be instructed to protect the working media areas and interview area, especially before and after each game, and to limit access in all restricted areas to individuals wearing credentials.

STATISTICS REPORTING TO THE NCAA

The host sports information director, media coordinator or designee is responsible for reporting official championship results to the Association's website, ncaa.com, with the NCAA providing delivery information. At the conclusion of each championship contest or session (preliminary rounds and finals), please forward information that specifies the division, sport, round, date and official results, and provide a brief game/event summary. On the final day, the email should include the all-tournament and Most Outstanding Player selections.

Institutions should send all information as follows:

- Email the information to NCAA-Editorial@warnermedia.com. Specify the division, sport, round and region in the subject area.
- Paste the text (official results, including date of competition, round, etc.) directly into the message box.
- Attach HTML box score, if available.

TEAM VIDEOGRAPHER

Institutions are permitted to videotape championships competition by their teams or their individual student-athletes for archival, coaching or instructional purposes. Each institution is permitted to use one camera and may videotape only that portion of the competition in which it participates. The videotapes may not be used for any commercial purposes. An institutional representative shall contact the event coordinator at the host site to arrange for camera space at that site. For the latest information and policies in regard to team content, go to "Team Content Policy" link at ncaa.com/media-center/broadcast-services.

INTERNET

Complimentary wireless internet access must be available at all championship rounds for media use. The host institution may NOT assess an additional "hookup fee" to any media agency. Any wireless charges should be charged to the host or reflected in the proposed budget.

TELEVISION

If an NCAA championship is to be televised, the media coordinator will be notified by the NCAA championships liaison, media coordinator or member of the broadcast staff. This person will relay any needs specific to television, such as power, press row space, etc., to the host media coordinator. Information about NCAA broadcasts can be found online at ncaa.com/media.

LIVE STREAMING

For final sites of all nontelevised championships, ncaa.com will provide live streaming of the contest. For all other nontelevised rounds, the NCAA encourages all hosting institutions to provide a live stream of the event.

Apply for NCAA internet streaming rights online at ncaa.com/rights-request. Questions about Internet streaming can be directed to Nate Flannery (317-917-6523; nflannery@ncaa.org).

NCAA SOCIAL MEDIA GUIDELINES FOR CHAMPIONSHIP HOSTS

The official NCAA social media pages and official hashtags can be found here: on.ncaa.com/SocialAccounts

Host Promotion of Championships

A lot of hosts already have an established presence in social media. Examples are a school, local organizing committee, sports corporation, venue or city pages/accounts. These pages/accounts are all good places to promote the hosting of an NCAA championship through the use of marketing messages and products supplied by the NCAA (links, web banners, flyers, etc.). The NCAA also promotes the championships (and the host involvement) on the appropriate NCAA social media pages/accounts. If the championship does not have an official NCAA page on a social media site, a host is still not permitted to create a page for it. The NCAA will make efforts to promote this championship on the other established pages/accounts, as necessary. Collaboration is encouraged through the use of cross-posting on Facebook or collabs on Instagram (@ linking within text to drive fans to each other's pages) and mentions on Twitter (X) and Instagram (@ links to show coordination in posts). In addition to collaboration, idea-sharing is also encouraged and can be coordinated with the NCAA digital team through the championship's marketing contact.

A host should not create a social media account or page (Facebook page, Twitter (X) feed, Instagram, Snapchat, TikTok account, etc.) solely devoted to promoting an NCAA championship. These pages become outdated, distract fans from established pages and fracture the NCAA message.

Please send direct questions, ideas, or news to Lynnea Phillips, lphillips@ncaa.org.

Section 19 • Merchandise/Licensing

ADMINISTRATION

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA's Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

For a list of NCAA licensees and official equipment suppliers, [NCAA Licensing - ncaa.org](https://www.ncaa.org/branding).

The NCAA licensing department has oversight for the event merchandising program at all rounds and sites of NCAA championships. All licensing and merchandising questions should be directed to David Clendenin (317-917-6496; dclendenin@ncaa.org).

AVAILABILITY

An online ordering system will be available to participating institutions interested in ordering Event 1, Inc., merchandise in advance of the championship. Orders will be shipped by Event 1 directly to the participating institution's campus.

GENERAL POLICIES

The NCAA retains the exclusive right to sell souvenir products at all rounds and sites of the 90 championships; host institutions/conferences and sponsoring agencies for all NCAA championships are required to sell items provided by the official NCAA event souvenir merchandiser. The official NCAA event souvenir merchandiser is Event 1.

Event 1, Inc. will enter into an agreement with the official vendor of the host institution/conference or sponsoring agency and will supply merchandise and inventory reconciliation forms to the official vendor. The official vendor of the host institution/conference or sponsoring agency at the site of the championship(s) is responsible for complete retail vending accountability, including full responsibility for inventory. When the requirements listed below are met, the host institution/conference will receive a 20% commission fee for providing these services. The 20% commission fee will be from net sales, which is defined as gross sales minus taxes and credit card fees. The following is a list of the requirements that must be met to qualify for the 20% commission fee:

- a. Receive and count in all merchandise upon arrival from Event 1, Inc., as well as receiving all reorders required to meet customers demand. Reorders could arrive any day of the week and could be as early as 8 a.m. on Saturday or Sunday.
- b. Locked and supervised storage adequate to accommodate all championship merchandise.
- c. Immediate notification (within 24 hours of receipt) to Event 1, Inc. of any discrepancies in initial inventory counts. Nonnotification will represent host or vendor acceptance of initial inventory provided by Event 1, Inc.
- d. Total management, control and accountability of the merchandise. If goods are lost, stolen or damaged, those goods are the responsibility of the host institution/conference or vendor.
- e. Everything sent must be returned to Event 1 within two days of the conclusion of the event.
- f. An appropriate number of selling locations and sellers throughout the facility in order to meet the demands of the projected crowds.
- g. Selling locations that are well displayed and fully stocked prior to the public's access to them.
- h. Strict adherence to the merchandising and display standards as outlined below:
 - Merchandise made available for sale at all times during the event.

- Each item neatly displayed with correct prices clearly marked.
 - Merchandise should be neatly folded at all times.
 - Neatly dressed personnel that are customer-oriented.
 - Skirted tables for display and checkout.
 - Display boards and grids to properly display product at all selling locations.
 - Selling locations located in high traffic and easily located locations.
 - Vendor shall be responsible for hanging any display or signage material provided by concessionaire.
 - Keeping selling areas clean and neat at all times.
 - Restocking of back-up inventory in a fast and efficient manner.
 - Transferring merchandise between the slower and higher volume stands to meet the demands of the consumers.
 - Providing electricity and either hard internet lines or dedicated secured Wi-Fi network connection to support the merchandise sales effort at no extra cost.
 - Calling Event 1, Inc. to request reorders should sales warrant.
- i. A complete inventory accounting of all merchandise sold with a final inventory count and merchandising report supplied to Event 1, Inc., no later than 24 hours after the conclusion of the event.
 - j. Total gross sales revenues and a final copy of the inventory report must be sent to Event 1, Inc., within two business days of the conclusion of the event.
 - k. The remaining inventory forwarded to Event 1, Inc., or the next event site as determined by Event 1, Inc., within two days of the conclusion.
 - l. Having met each of the above requirements, Event 1, Inc. will pay to the host institution/conference, sponsoring agency or its assigned vendor, a commission equal to 20% of sales net of taxes and credit card service fees. The host institutions will keep commissions earned and the remaining money owed to Event 1 must be sent within seven days of the conclusion of the event.

The host institution/conference may not sell or allow for sale any merchandise that infringes upon the exclusive rights of Event 1, Inc.

Institutional Merchandise. A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20% commission fee of net sales, gross sales minus credit card fees and taxes, on product supplied by Event 1. The host institution or official vendor will provide the NCAA 15% of sales (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year's championship.

Reordering Process. The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available.

Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.

DIVERSE SUPPLIERS

The NCAA strongly encourages the participation, directly or indirectly, when possible, by diverse businesses in providing goods and services in support of NCAA championships and requests local organizing committees/hosts to explore opportunities for diverse businesses to provide any necessary goods and services for awarded championships. At the NCAA, diverse suppliers are defined as entities that are majority (at least 51%) owned, managed and controlled by ethnic minorities, women, LGBTQ people, people with disabilities or veterans. At a minimum, we encourage local organizing committees/hosts to ensure that at least 10% of the suppliers invited to participate in the championship are diverse suppliers.

Section 20 • Neutrality

Host institutions should keep in mind that an NCAA event is not a home event. All scorers' table personnel must refrain from cheering for either team and from wearing institutional attire; they are considered "neutral" and must behave in such a manner. Traditional pregame or between-games activities are not permissible (e.g., permitting mascots to lead "trains" through the stands). In addition, host institutional signage and pictures of host institution student-athletes on programs should not be used to create a "home" atmosphere.

Section 21 • Officials

CONFIDENTIALITY

Participating teams will be advised of the officials assigned to their competitions 45 minutes prior to the start of each game. The site representative and tournament director will meet with the officials (separately from the participants' meeting) to review their responsibilities and distribute the NCAA patches.

FEES AND EXPENSES

Fees, per diem and mileage (if necessary) for referees and linesmen will be paid online through RQ+. Officials must register for RQ+ at request.com and provide their contact information. Hosts will need to include lodging for officials as a budgeted expense.

A 2-2 officiating system will be used for preliminary rounds and the finals. No back-up official will be assigned for preliminary rounds. If an official is unable to complete a game, a 2-1 officiating system will be used for the remainder of that game. A backup referee and backup linesman will be assigned for the final site.

Hosts for all rounds should recommend to the ice hockey committee and the national assignor of officials goal judges and penalty box attendants from the local area; in turn, the national assignor will confirm assignments. Goal judges and penalty box attendants will receive a fee of \$50 per game and reimbursement for 65.5 cents per mile for actual ground transportation expenses incurred, excluding local transportation. Goal judges and penalty box attendants will not receive per diem. **Goal judges and penalty box attendants shall be impartial and retired or active on-ice officials and wear apparel that is not specific to a competing institution.**

The NCAA staff will utilize the NCAA Travel Expense System to calculate the mileage reimbursement for the goal judges and penalty box attendants and provide the calculations to the tournament director. The host should submit the lodging expenses for the referees/linesmen (if necessary) and the fees and mileage for the goal judges and penalty box attendants through the online financial report within 60 days of the conclusion of competition.

LODGING

Refer to Lodging section for information regarding officials' lodging.

OFFICIALS MEETING

The host must schedule an officials' meeting for the on-ice and off-ice officials with the site representative (ice hockey committee representative for finals site). This meeting is usually conducted in the officials' locker room (or in a nearby room that accommodates approximately 20 individuals) 90 minutes before each game.

PARKING

A maximum of eight parking passes will be provided for game officials. The NCAA will provide the names of officials needing parking passes to the tournament director.

SELECTION

Finals. The NCAA women's ice hockey officials' national coordinators assign officials for the finals site, subject to the approval of the ice hockey committees.

Notification. The NCAA staff will provide the assigned officials' contact information to the tournament director and the tournament director should contact the officials to obtain arrival times, provide information regarding the officials' meeting time/location and lodging arrangements, and determine whether they wish to purchase tickets for family members or friends.

SOCIAL EVENTS

Game officials are not to be included in tournament social functions (e.g., the banquet at the finals site).

UNIFORMS

Officials will wear uniforms outlined in the NCAA Ice Hockey Rules and Interpretations Book. Hosts will receive jackets and officials' patches for each official from the NCAA. Jackets will only be received for officials who did not receive one in a previous round.

TRANSPORTATION

Travel expenses for the referees will be paid according to the actual mode of transportation and are not to exceed jet coach airfare or 67 cents per mile. These fees will be paid by the NCAA. Rental cars are not reimbursable unless approved by the NCAA prior to the rental. Officials who receive approval for air travel must make flight arrangements through Short's Travel Management at 866-655-9215.

Section 22 • Participation Gifts

PARTICIPANT MEMENTOS

Preliminary Rounds. Due to the financial burden on a host institution, to be consistent with NCAA policy, and to provide each student-athlete participating in NCAA preliminary-round competition the same experience, **banquets and mementos will NOT be permitted at preliminary rounds.**

Finals. Participation awards are permissible (one per participant) as long as they meet the conditions outlined in Bylaws 16.1.4.2 and 16.1.4.3 and **are provided by the NCAA selected student-athlete participation awards licensee.** The NCAA championships and alliances group will be responsible for selecting the participation awards that will be provided. Mementos will be distributed on-site at the finals location for all members of the travel party. The NCAA championship administrator will work with the host regarding distribution of mementos to teams on-site.

Section 23 • Participating Teams

ADMITTANCE TO FACILITY

Each team should complete a credential list to identify up to 30 individuals who will receive admittance to the arena without charge. Instructions for completing the official traveling party list will be communicated to the teams via the selections memorandum or participant manual (finals site).

The band members, cheerleaders and mascot will be admitted via a gate list. Each participating institution also may request up to three additional credentials for team personnel. Two of the three additional credentials must be used for medical personnel (e.g., athletic trainer). The team personnel credential will allow access to the championship venue, locker room and interview area. Individuals not included in the official traveling party of 28, in the six team personnel or on the gate list **must purchase a ticket for admission to the venue**. Any exceptions to this list must be approved by the NCAA.

LOCAL TRANSPORTATION FOR TEAMS

All participating teams should reference the Division III Travel policies found here:

ncaaorg.s3.amazonaws.com/championships/resources/travel/2022-23D3Champs_TravelPolicies.pdf.

For more information, please go to ncaa.org/sports/2013/11/7/championships-travel-information.aspx.

PARTICIPANT MANUAL

The tournament director shall compile a participant manual for the competing institutions.

Contents. A template for the preliminary round participant manual will be posted on the Division III Women's Ice Hockey landing page of ncaa.org. The template should be "personalized" with information specific to the host institution.

Distribution. Following the online selection show on ncaa.com, the tournament director for each preliminary-round site selected will email the participant manual to the director of athletics and head coach of each team assigned to the respective preliminary-round site, the NCAA representative and the NCAA championship manager. The manuals should be distributed prior to the conference call with the preliminary-round participants. For the finals site, the NCAA championship manager must review and approve the participant manual before it is made available to the participating teams on ncaa.org.

TRAVEL REIMBURSEMENT

Travel reimbursement policies and forms are available at ncaa.org/championships/travel/championships-travel-information. Participating institutions must submit the forms online within 45 days of the conclusion of the competition.

Section 24 • Programs

This championship will feature a digital game program that can be viewed online or downloaded at no charge. This program will be available online generally no later than two days prior to the first day of the event.

All digital programs available can be found at ncaa.com/gameprograms.

CONTENT/EDITORIAL

LEARFIELD Responsibilities

Responsible for all program production, including editorial content, layout and design, advertising, and printing.

Host Responsibilities

Media contact should provide LEARFIELD with text and photos for editorial pages about host institution/venue/city, if requested by LEARFIELD.

Any pages promoting the host institution/venue/city will not be display advertisements; those interested in purchasing advertising space for sponsors, etc., should contact Clerrinda Queen (clerrinda.queen@learfield.com).

PROMOTION

The NCAA will provide a PDF including a QR code that links to the digital program, a URL where the digital program can be accessed and imagery of the NCAA's Corporate Champions and Partners. This PDF, or digital handout, is also shared with participating schools for their promotional use.

If you would like this information ahead of time, please contact your NCAA administrator.

Best Practices

Below are a few best practices for promoting the championship digital program.

- Distribute the digital handout to fans.
- Create signage to direct fans to the digital program by using elements on the digital handout.
- Post the link on athletics and school-affiliated websites.
- Share the link on athletics and school-affiliated social media outlets.
- Share the link with student-athletes, faculty, alumni organizations and local media outlets, and any other group that may have interest.

SUPPLEMENTAL HANDOUTS

At championships sites where a digital program is available, LEARFIELD allows the host institution/venue to distribute supplemental handouts (i.e., updated statistics and notes) provided any such materials:

- Do not include any advertisements, local sponsor logos, etc.
- Include the QR code and URL to the digital program.
- Include the NCAA Corporate Champions and Partners imagery.

Printed supplements may be distributed free or sold, with all proceeds retained by the host. The host should not include expenses for such supplements in the championship budget and/or financial report.

All supplemental content is subject to NCAA and LEARFIELD approval.

QUESTIONS

If you have any questions, please feel free to contact your NCAA administrator or Chad Laytham (chad.laytham@learfield.com).

Section 25 • Safety and Security

The NCAA is committed to supporting a safe and secure environment for championship events and is appreciative of the many federal, state and local partners who aid in maintaining safe events for all athletes, coaches, fans and staff.

The NCAA has established a Safety and Security Advisory Group (SSAG) to develop Best Practices for all NCAA championships. The SSAG developed these Best Practices based on a review of current and future championships competition venues, discussions with safety and security experts, and their own experience and knowledge. All hosts and competition venues are strongly encouraged to refer to the [Best Practices for Venue Safety and Security](#) when developing a safety and security program.

The suggestions outlined in the Best Practices for Venue Safety and Security are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security program.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety program for the competition venue hosting an NCAA championship. Rather, facility managers and local public safety personnel should consider the current national threat level, nature of specific threats and the full range of resources available when responding to changes in the threat condition levels.

Please submit your final safety and security plan with your bid materials. In addition, you will be prompted to provide information for the Critical Incident Response Team form when completing our bid via the NCAA Championships Bid Portal. Please be as specific as possible when providing emergency contacts and numbers.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

WEATHER

To support and facilitate host institution management of weather and other environmental considerations and requirements, the NCAA has made arrangements to provide a complimentary lightning detection and weather monitoring system to each host institution on a complimentary basis for all rounds of competition for outdoor championships. It is important that the location address provided by the site representative and tournament director in the monitoring system is the actual physical location of where the event is taking place.

It is expected that the host institution will identify one or more tournament staff members who will have designated responsibility for weather monitoring. The site representative, host tournament staff, and any other stakeholders should share relevant email and/or cell phone contact information to enable timely receipt of all weather updates. A severe weather plan should be created and available for reference. The tournament director should also consider contacting a local meteorologist or the nearest National Weather Service office to further facilitate weather and environmental monitoring as part of each event.

If the tournament director and/or site representative determine that weather conditions could alter the approved championship event schedule, they should promptly contact the NCAA championship administrator manager with a summary and details of the anticipated weather/environmental issue and proposed alternative schedule prior to before making or announcing any formal changes.

Section 26 • Ticketing

TICKET POLICIES/OPERATIONS

1. **Ticket Design/Printing.** If championship tickets must be printed, the NCAA will manage the design and printing of the tickets, assigning specific duties to the LOC/host and competition venue as needed. The NCAA will forward artwork of the proposed ticket design to the LOC/host and competition venue for review and input. The NCAA logo shall be the only logo used on the front or back of the tickets unless specifically authorized by the NCAA. The name of the host institution/conference may be printed on the front of the ticket(s) and/or on the cover of the ticket booklet. The NCAA will coordinate the printing of the tickets unless the NCAA directs the LOC/host or competition venue to coordinate the printing. The LOC/host shall incur all expenses associated with ticket printing, unless directed otherwise by the NCAA.
2. **Ticket Pricing.** With input and a recommendation from the LOC/host, the NCAA shall establish all ticket prices, including tickets for suites and standing room only. One hundred percent (100%) of the revenues from ticket sales shall be included in the championships receipts to help offset the NCAA guarantee (if applicable), championship expenses, and further revenue sharing opportunities. Revenue from the sale of championship tickets and championship-related event tickets will be exempt from sales, amusement, entertainment taxes and other surcharge obligations to the extent possible. The NCAA is a 501c(3) tax exempt organization. If a tax exemption is not applicable, then all applicable taxes and rates shall be disclosed (disclose in the sport-specific facility questionnaire) and any increases in the tax rates from the time the bid was submitted shall be absorbed by the bid respondent or rebated back to the NCAA.

Please note any minimum and maximum ticket prices as set forth by the committee or needed to meet financial guarantees.

The NCAA does not allow complimentary tickets to its championships. However, the NCAA will permit the purchase of tickets to use for championship promotional efforts. All ticket promotions must be approved in advance by the NCAA.

3. **Control of Ticket Sales.** The NCAA shall control all ticket sales for the championship, assigning specific duties to the LOC/host and competition venue as needed. The LOC/host and competition venue shall cooperate fully with the NCAA's official ticketing vendors and/or ticketing partners (e.g., primary ticket sales system provider, official ticket and hospitality package provider, official ticket exchange). The NCAA shall not be responsible for securing an exemption to any exclusive contracts the LOC/host, competition venue or surrounding areas/facilities might have, nor will the NCAA be responsible for any buyout or other means necessary to secure such an exemption.

Admittance to the competition venue on game days will be by ticket or NCAA-issued credential only. Every individual, regardless of age, must have a game ticket for admission, unless specified by the NCAA or venue policy. Unless specifically granted an exception, the NCAA requires that the competition venue utilize a ticket scanning system at all general public access points into the competition venue. The host venue system will be used for access control, box office walk-up sales and day of event issue resolution in the box office.

4. **Control of Venue Seating.** The NCAA shall control all seating assignments within the competition venue, including club seating, press boxes, hospitality clubs and restaurants.

5. **Suites.**
 - a. The competition venue shall stipulate a quantity of private viewing suites available for the sole use of the NCAA or its designees at the time of the bid. All revenue from such suites will belong to the NCAA.
 - b. The NCAA will provide tickets, as necessary to the LOC/host and/or competition venue for those suite holders displaced to fulfill the NCAA suite seat requirements.

- c. Subject to NCAA approval, suites not made available to the NCAA or its designees shall remain under the control of the competition venue, but the face value ticket revenue for such suite seats will belong to the NCAA.
- d. Suite holders will have the opportunity to purchase tickets for the suite to which they have purchased tenant rights. The venue's box office staff if assigned by the NCAA, shall solicit and confirm suite purchases by suite holders. At that time, suites not purchased by suite holders will be made available to the NCAA for additional use/sales opportunities in accordance with the agreed upon financial parameters.

6. LOC/Host Ticket Policies.

- a. **Allocation.** For all championships other than Division I men's basketball, the NCAA shall allocate to the LOC/host a maximum of 10% of the saleable competition venue seats. These tickets shall be used to accommodate LOC/host guests, including but not limited to local contributors.

- d. **Assignment Information.** The LOC/host shall provide the NCAA with the names of those individuals assigned to each seat within the LOC/host's ticket allocation.

Subject to NCAA approval, the assignment of general public seats is the competition venue box office's responsibility, unless directed otherwise by the NCAA. The seat locations shall be designated by the NCAA. The competition venue must be in compliance with all applicable city, state or federal laws and regulations including those concerning access and seating for individuals with disabilities and their companions and assist with inquiries from ticket purchasers or holders in need of accessible seating or companion seating. Additionally, the box office shall assist with all lost, stolen or misdirected ticket issues. The competition venue shall be responsible for the labor necessary, as well as costs incurred, to process and distribute lost, stolen or misdirected tickets.

7. Competition Venue Responsibilities.

- a. **Seating Manifest.** The competition venue shall forward the NCAA a complete ticket manifest with a PDF or CAD drawing of the venue's configuration and cooperate fully with any NCAA ticketing partners.
- b. **Broadcast Partner Site Survey.** The NCAA's broadcast partner, in conjunction with the NCAA and the competition venue, may conduct a site survey approximately nine months in advance of the championship to determine the host set location, camera locations and determine the need for "seat kills."
- c. **Final Manifest.** Upon completion of the site survey and determination of "kill" seats, the competition venue shall provide the NCAA with a final seating manifest, reflecting all saleable seats, available suites and available hospitality/party suites.
- d. **General Public Assignments.** Subject to NCAA approval, the assignment of general public seats is the competition venue box office's responsibility, unless directed otherwise by the NCAA. The competition venue shall be responsible for the labor necessary, as well as costs incurred, to ship paper tickets.

- f. **Sales Reports.** The competition venue's box office shall be responsible for providing the NCAA with timely and accurate sales reports. Reports should be provided on a regular basis, as directed by the NCAA. The competition venue's box office shall cooperate fully with the NCAA's official ticketing vendors and/or ticketing partners in providing the reports.
- g. **Final Ticket Database.** Each host conference, institution and/or venue must provide ticket purchaser information to the NCAA upon request, as well as, at the conclusion of the competition. Collecting purchaser information is essential for marketing efforts and postevent purchaser surveys which allow the NCAA to improve the championships experience. All relevant purchaser information must be submitted in an Excel or CSV file. The information should include, but not be limited to: Last Name, First Name, Address, City, State, Zip Code, Email, Phone Number and purchase information such as Total Seats Purchased and Total Purchase Price.

2024-25 STANDARD TICKET BACK DISCLAIMER LANGUAGE

The NCAA's standard ticket back language is posted online at ncaa.com/ticket-terms.

Section 27 • Transportation

PARTICIPATING INSTITUTIONS

Teams eligible for air travel must arrange make arrangements through Short's Travel. Short's can be reached at 866-655-9215 or by email at ncaaalo@shortstravel.com.

Institutions that fly, and are eligible for NCAA paid transportation on-site, will be required to use Short's Travel (STM Driven) to book on-site ground transportation. Short's Travel (STM Driven) can be reached at 844-814-3939 or at ncaachamps@stmDriven.com.

Institutions that are eligible to drive to the championship will book ground transportation independently in accordance with the NCAA safety standards and seek reimbursement through the NCAA Travel Expense System (TES).

Expense reimbursement for participation in championships will be filed through our online system. The TES can be found at travel.ncaa.org.

All NCAA Championship travel information can be found [here](#).

The host institution is responsible for securing complimentary parking at team hotels for team buses and any courtesy vehicles provided, if possible. The competition venue shall provide a designated complimentary parking area for team buses and courtesy cars at the competition venue.

Section 28 • Volunteers

GOAL AND RECRUITMENT

A volunteer program for the championship should be implemented to accomplish the following goals:

- Provide an enthusiastic and warm welcome to participants and guests.
- Answer questions and provide information to visitors.
- Contribute to the general excitement surrounding the championship.
- Assist the LOC with championship operations.

Championship volunteer programs should represent the student-athletes and communities we serve, embrace diversity and be inclusive of individuals from all backgrounds and identities. The NCAA and the LOC shall encourage recruitment and participation of volunteers from a talent pool of individuals that reflect diversity across all aspects, including race, age, sex, class, national origin, creed, educational background, religion, gender identify, disability, gender expression, geographical location, income, marital status, parental status, sexual orientation and work experiences. The LOC/host institution should keep the NCAA's commitment to diversity top of mind as they assign volunteers to the various roles and responsibilities throughout the championship.

Volunteers must be 18 years of age or older and must sign a volunteer release waiver. Individuals with driving responsibilities MUST be 25 years of age or older.

Student-athletes or prospect-aged individuals MAY NOT be recruited in any way different than general public volunteers. The Local Organizing Committee (LOC) cannot make a specific volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants.

The NCAA may request additional volunteers from the LOC as necessary.

WAIVERS

Each volunteer must sign a waiver of liability before the start of the championship. If there is a written agreement governing volunteer service, a release component must be added if one does not already exist. After the championship, all waivers shall be collected and kept on file, in case requested.

APPAREL

The NCAA will coordinate ordering and production of the apparel through the NCAA volunteer apparel program. BDA Sports and Event 1 have been selected as the official NCAA volunteer apparel providers for all 2024-25 championships. The NCAA will offer its Corporate Champions/Partners the opportunity to help offset the cost. The champion/partner would be permitted to place one logo on each apparel item, if a separate apparel item is provided for these volunteers.

The championship logo and the licensee's mark will be embroidered on the apparel. The licensee's logo may appear on the right chest or sleeve. The licensee's logo may be no larger than 2¼ inches square.

The LOC will distribute apparel during the required volunteer training sessions to ensure each volunteer's commitment. When ordering apparel the LOC will ensure that apparel includes women's styles and sizes.

The games management staff, media coordination staff and host media operations staff should be included in overall volunteer numbers and should receive volunteer apparel.

NOTE: Hosts shall work in collaboration with the championship administrator on the selection, ordering and distribution of volunteer apparel.

AWARDS CEREMONY PROCEDURES

At the finals site, the trophies and watches should be arranged on two appropriately draped tables, and event personnel should be available and ready to carry the tables onto the ice immediately following the championship game. Carpet strips should be placed in front of the tables for the NCAA women's ice hockey committee members and NCAA staff to stand on as they present the awards.

As each individual listed on the awards recipient list is announced, they will proceed to the awards table to receive the award and shake hands with the committee member and/or NCAA staff. All award recipients will remain on the ice until all awards have been presented. Following the championship game, the all-tournament team will be recognized followed by the awards presentation to the second-place team and then the national champions. All award recipients will remain on the ice until all awards have been presented.

Appendix B • Drug Testing FAQ

1. Where is the drug testing facility for this championship?

Check with the tournament director, drug-testing site coordinator or the NCAA championships staff member for specific location.

2. How long does drug testing take?

The length of the collection process depends on the student-athlete's ability to provide an adequate urine specimen. If the student-athlete provides an adequate urine specimen immediately on arriving at the drug-testing facility, the entire process usually is completed in approximately 20 minutes.

3. What is an institutional representative?

At team championships, an institutional representative is an individual from the participating institution (designated by his or her institution) to assist with drug testing in the event drug testing occurs at the championship. Each team must designate an institutional representative during the prechampionship meeting.

4. When is the institution notified of drug testing?

At team championships, an institutional representative from each team will be notified no sooner than two hours prior to the start of their game when drug testing is taking place. Institutional representatives will be notified by an NCAA drug-testing crew member by phone or in person at the locker room or near the playing field.

5. When are student-athletes notified of their selection for drug testing?

- At team championships, immediately after the game, an NCAA drug-testing crew member will provide the institutional representative with a list of student-athletes who have been selected for drug testing.
- In all cases, at the time of notification, the student-athlete will be instructed to read and sign a drug-testing notification form.

6. When do student-athletes need to report to drug testing?

At team championships, within one hour after the student-athlete has been notified.

7. What if a student-athlete has trouble providing an adequate urine specimen? Can the student-athlete leave and come back later? What if the team has to leave and a student-athlete is still in drug testing?

- A student-athlete cannot be released from the drug-testing site until an adequate specimen is provided, no matter how long it takes.
- If the rest of the team must depart the championship site prior to a student-athlete completing drug testing, an institutional representative must stay with the student-athlete.
- A coach should check with the drug-testing site coordinator for information regarding transportation back to the student-athlete's hotel.
- If the student-athlete and/or institution incur additional expenses because of the delay in drug testing (e.g., hotel, transportation back to campus), the institution may request reimbursement from the NCAA.

8. Will the student-athlete or the institution be reminded of their drug-testing obligation if they defer testing until later that session or day?

No. Once the student-athlete and the institutional representative have signed the drug-testing notification form, it is their obligation to arrive at the drug-testing site at the appropriate time.

9. What if we play a late night game (10 p.m. or later start, local time)?

- The NCAA's late night drug testing policy only pertains to team championships.
- An institution may defer drug testing until the next morning if their game begins at 10 p.m. or later local time.
- The decision to defer drug testing applies to the entire team and must be determined by the institution immediately after the game and the deferred test must start before 10 a.m. local time the next day.
- An institutional representative must be present at the collection facility the next morning to identify selected student-athletes.

10. Must a coach or other institutional representative accompany each student-athlete to the drug-testing site?

At team championships, yes. An institutional representative must be at the collection station to certify the identity of each student-athlete. The institutional representative must remain in the collection station until all student-athletes have completed their drug test.

Appendix C • Elite 90 Award Presentation

Elite 90 (Finals Only)

Award Presentation.

When determining the most appropriate time to present the Elite 90 award, the NCAA and host staff should evaluate the time and venue which will create the greatest impact and amount of exposure for the award winner while also appropriately honoring and celebrating their accomplishments. The presentation should be semi-formal in nature and not be rushed or overshadowed by other presentations or events surrounding it. The award winner should be visible, the announcement clearly audible and the award presentation should receive the full attention and respect of all of those in attendance. The standard award script is listed below:

At this time, we would like to present the Elite 90 Award. This award was instituted to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's 90 championships.

The recipient of the Elite 90 Award for Division X (sport) with a GPA of X.XXX in (major, is student-athlete and institution).

Presentation at the student-athlete banquet. This award has traditionally been presented at the student-athlete banquet for most NCAA championships. In many cases the student-athlete banquet provides the best forum for the award presentation and greatest exposure for the winner as it is the one time when all championship participants and administrators are gathered together in one place with a controlled, semiformal environment complete with a sound system and set program. Presenting at the student-athlete banquet also alleviates any potential conflicts with the winning student-athlete's participation in or preparation for an NCAA championship event. Guidelines for presentation of this award at the student-athlete banquet are:

- The award should be presented by either the banquet emcee, the NCAA committee chair or the NCAA championships manager.
- The award should be presented near the end of the program and be clearly recognizable as the premier award being given (see student-athlete banquet page for sample run of show).
- The award should be presented after attendees have had a chance to finish their meals.
- If video screens are available, the video slide or footage of the winning student-athlete provided by Van Wagner Sports & Entertainment may be run as the individual is introduced.
- The coach of the winning student-athlete should be informed to help assure the winner's attendance.
- If a photographer is at the student-athlete banquet or championship, a photo should be taken of the recipient receiving the award. This may be used in-venue during competition days to showcase the academic achievement of the student-athlete or provided to the student-athlete as a memento.
- If the award winner is recognized primarily at the student-athlete banquet, public address and video board announcements should be made whenever possible and applicable at the actual championship for additional exposure to fans who do not have access to the banquet.

In-venue presentation. The NCAA and host staffs are encouraged to look for opportunities for the Elite 90 award winner to be presented their award in the championship venue during a time when the majority of participants and fans are in attendance. While this may not be appropriate for championships that are spread out over multiple venues, large areas, or have multiple games in one day that disperses the crowd chronologically – it should be explored for championships in which the majority of fans are gathered during a predetermined time frame and can provide their undivided attention to the award presentation. The presentation must also not conflict in any way with the student-athlete's participation or preparation for the championship. Examples could be:

- In a championship with two semifinals played on one day, the award winner could be recognized during the semifinal which they are not participating in.
- If the award winner is not participating or completes competition in the championship rounds of a sport but is still in attendance, they may be recognized during breaks between events, weight classes, heats or during a scheduled break in the game.
- The award winner could be recognized during a scheduled opening or closing ceremony in which all participating student-athletes are in attendance and fans are encouraged to attend.

Other in-venue recognition. If the Elite 90 award winner is not introduced live inside of the competition venue, public address and/or video board announcements recognizing the winner should be played during the championship to recognize this individual. VWSE will provide the following standard PA announcement sometimes accompanied by a video board slide. The championships administrator (or Branding and Fan Experience representative at Equity and Growth championships) will need to provide VWSE the name of the winning individual and a headshot photo if a video board is used for the championship.

The Elite 90, an award founded by the NCAA, recognizes the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among their peers. The Elite 90 is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships.

The recipient of the Elite 90 Award for the (list year/championship here: 2023 NCAA Division III Women's Ice Hockey Championship), with a cumulative grade-point average of (list GPA) in (list Major of Study), is (list winner and school: Jane Doe of State University).

Press release. On the day the winner of the Elite 90 award will be publicly recognized, the NCAA media coordination staff will send out a template of a standard press release to the sports information director of the winner's institution and to the NCAA championships administrator. For selected championships, a press release will be written by a member of the communications or media coordination staff and be provided to national media by the NCAA public relations. If appropriate, this press release may also be provided to the host for distribution to local media.

Social Media. The NCAA twitter account will promote the 90 winners after the on-site announcement has been made. Mark Bedics will work with the social media staff to make sure they have the appropriate information, including photo to make the graphic and the timing of when to post.

For more information on the Elite 90 award winners, log on to ncaa.com/elite-90.

Appendix E • Standard Ticket Back Disclaimer Language

The ticket back language should be placed on the back of the ticket stub, but if it cannot be done (e.g., no new ticket stock is produced), this language must at a minimum be posted at all ticket windows for patrons to see, be included as an insert with the ticket mailing, etc. Patrons must be put on notice regarding the restrictions.

In addition, if the championships event uses an official, authorized secondary ticket seller (e.g., PrimeSport), please also consult Josh and Chris on any correspondence.

Appendix F • Strobe Light Policy

The strobe lights are administered and pooled at the discretion of the NCAA or host media coordinator.

A maximum of three sets of strobe lights may be installed at an arena for media agencies require immediate news coverage. Strobe lights for a conventional arena must not exceed 2,400 watt-seconds for each power pack, and the flash duration should be less than 1/1,000 second. A typical approved installation consists of four power packs with tube heads on each pack.

All hanging or installed strobes must be as close to the playing surface as possible, depending upon the physical structure of the arena, near the corners of the playing surface. All strobes must be installed and tested, if necessary, at the site 24 hours before the start of the event during which the strobes will be used. The committee representative of NCAA Championships staff liaison will grant final approval relative to the installation of strobes.

If the physical structure of the arena prevents a media agency from meeting these specifications, the agency may petition the specific sport committee for an exception.

No other strobes, including hand-carried units, are permitted in the arena, and no strobe or any other photography equipment may be placed on or attached to a goal standard.

Appendix G • Introduction of Teams

1. At the finals site, the host is encouraged to have a youth skater assigned to each team – wearing a helmet and an extra jersey provided by the team and carrying the team's school flag fastened to a pole. The skater will enter the ice in front of the team and position him/herself per the direction of the tournament manager (e.g., on blue line on side closest to team bench).
2. Upon returning to the ice, both teams must proceed directly to and remain on their designated half of the ice. The home team shall enter the ice surface first, followed by the visiting team.

Appendix I • NCAA Trademarks and Official Championships/Licensee Suppliers

NCAA Trademarks

These general guidelines do not include merchandise designs. All product designs must be submitted through the NCAA's licensing program administered by The Collegiate Licensing Company. Inquiries should be directed to the NCAA licensing staff. [Click here for more information about the NCAA licensing program.](#)

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. [Click here for the most current list of NCAA licensed or owned trademarks.](#)
3. Downloads of NCAA logos may be obtained through the [NCAA Digital Library](#).
4. The NCAA's position on inclusion of ® and ™ marks is first and most prominent use.

The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.

In the case of NCAA Women's Final Four, an ® is required after NCAA and after Women's Final Four. The NCAA owns "NCAA" and "Women's Final Four", but "NCAA Women's Final Four" is not a registered mark in itself: NCAA® Women's Final Four®.

To further expand, if the NCAA primary logo, which displays the registered mark, is used in a prominent position; NCAA Women's Final Four would require an R-ball only after the Four because the NCAA has already been identified as a registered mark. NCAA Women's Final Four®.

5. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as "N-C-two-A" or in any other fashion.
6. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4, F4).
7. There may be no registration of or use of NCAA marks within Internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: memberx.edu/ncaa.

Identification of commercially named venues on NCAA materials

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).
- The logo of a commercially named venue cannot be used on any materials bearing NCAA logos or trademarks.
- The venue's name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.

NCAA logo use by commercially named venues

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

DIVISION III WOMEN'S ICE HOCKEY

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.
- The one-time logo use is limited to the site's "home web page" or "event web page."
- The NCAA logo must be placed in a location on the venue's web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially named venue). [This is because NCAA Corporate Champions/Corporate Partners and CBS/ESPN have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue's or the website's advertisers/sponsors may be used on the home/event web page even with the NCAA's championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page).
- The venue is not permitted to claim to be "the home," a host or co-host of any session of the NCAA championship.
- The logo provided by the NCAA championship staff cannot be modified in any way.
- ALL uses of NCAA logos must be submitted to the NCAA staff for approval.

NCAA trademarked protection language:

NCAA trademarks benefit from consistent "source identification" to the public through basic legal language attributing ownership.

The legal statement should be used on "printed" materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.

- Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).
- Printed items that are produced to be "used" by other business entities/organizations including NCAA members and host institutions.
- Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters).

The NCAA requires protection language as outlined below. This does not have to be prominently displayed language and is expected to be included as some form of "mouse print."

- NCAA and Women's Final Four are trademarks of the National Collegiate Athletic Association.

The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Nathan Arkins at narkins@ncaa.org or 317-917-6790.

For blue disc and/or secondary (word) mark, please use:

Official Championships/Licensee Suppliers

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA's Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.
