Section 1 • Introduction

Section 1.1 Overview

Thank you for serving as an NCAA site representative at one of the preliminary-round sites of the Division II Men's Lacrosse Championship.

During the preliminary round(s) of championship competition, NCAA site representatives serve as the primary ambassadors of both the NCAA and the NCAA Division II Men's Lacrosse Committee. As such, NCAA site representatives are expected to conduct preliminary-round championship competition according to the policies and procedures outlined in this manual, the prechampionship manual and the host operations manual. NCAA site representatives also are responsible for conducting both the administrative meeting and the officials meeting before the start of preliminary-round competition.

In preparation for your role, please review and have on hand the following documents, which may be found on ncaa.org:

- Prechampionship manual (ncaa.org/championships/division-ii-mens-lacrosse)
- Host operations manual (ncaa.org/championships/division-ii-mens-lacrosse)

These documents, as well as the information found in this manual, are invaluable resources for you and should be your first reference when questions arise.

If you have any questions, please contact the NCAA staff.

On behalf of the NCAA and the Division II Men's Lacrosse Committee, thank you for your time and effort.

Section 1.2 Responsibilities of Site Representatives

The following is a general overview of the site representative's responsibilities:

- To serve as a representative of the NCAA during championship playoffs;
- To conduct championship competition according to the policies and procedure outlined in the prechampionship manual and host operations manual;
- To conduct the administrative meeting in conjunction with the championship;
- To serve as a resource for visiting teams and tournament director;

Section 3 • Selection and Overview

Section 3•1 Selection Process and Notification

Site representatives will be notified after selections that they are needed to serve.

Section 3•2 Conflict of Interest

The NCAA is a voluntary Association comprised of public and private institutions and conferences governed through a membership-led committee structure. Within the governance structure, committee members must carefully balance their responsibilities to their respective institutions and/or conferences with the obligation to advance the interests of the Association, the division or the sport, and ultimately enhance the student-athlete experience. While the fiduciary obligations of committee members to their own institution, their conference and to the Association ordinarily are not in conflict, it is recognized that as a representative membership organization, committee members' fiduciary obligations are first to their institution, second to their conference and third to the Association. NCAA committee service involves important ethical and moral obligations. Committee integrity is critical to the decision-making process and includes trust, confidentiality and honesty in all issues and aspects of service and representation. NCAA committee members shall disclose any conflict or potential conflict between their respective personal, professional, institutional, conference or business interests and the interests of the Association that may affect or otherwise threaten such integrity, in any and all actions taken by them on behalf of the Association, for committee evaluation under this statement. When considering disclosures, keep in mind those may result in an "excess benefit transaction" under Section 4958 of the Internal Revenue Code of 1986, as amended (the "Code") or other tax or other laws that may apply.

A committee member who receives information under confidential or nondisclosure terms, including but not limited to Association business or litigation matters, shall adhere to those confidential obligations as a primary matter. In addition to any fiduciary obligation to their institution and conference, committee members also have a fiduciary duty to the Association not to use nonconfidential knowledge or information obtained solely due to service on that committee to the disadvantage of the Association. Further, a committee member shall not participate in the committee's discussion or vote on any action that might bring direct or indirect personal financial benefit to the member or any organization (other than the member's institution or conference) in which the member is financially interested. A committee member should also not participate in a discussion or vote for which the member's institution or conference is to be accorded a special benefit beyond benefits shared with other institutions or conferences or is to receive a penalty or disqualification. A violation of either of the above rules by a member of the committee shall not invalidate the action taken by the committee if, following disclosure of the conflict of interest, the committee authorizes, ratifies or approves the action by a vote sufficient for the purpose, without counting the vote of the committee member with the conflict of interest, and the appropriate oversight body approves the action.

A committee member is responsible for advising the chair of any actual or potential conflicts of interest or obligations which they may have hereunder and should recuse themselves from participating in proceedings, as may be warranted by this policy. Abuse of one's position as a member of a committee may result in dismissal from that position. Where such abuse appears evident, a committee member will be notified by the committee chair and will have the opportunity to present a rebuttal or details of the situation. A committee member who acts contrary to this policy may void defense and indemnity privileges that are provided by the Association in connection with committee service.

Section 3•3 Neutrality

Site representatives are representing the NCAA and should be neutral in this role. We would ask that site representatives dress professionally while avoiding any clothes that denote institutional and/or conference affiliation.

Section 3•4 Evaluations

TOURNAMENT SITE EVALUATION

In addition to the immediate feedback requested via the observation portal outlined in the previous section, we ask that each site representative also provide feedback on the championship site at which they served.

Please go to questionpro.com/t/AM3ytZp4rp to complete this evaluation.

CHAMPIONSHIP EVALUATION

In an effort to continually improve our training of site representatives, we also will have the tournament directors complete an evaluation. It will be sent to the tournament directors as an electronic link after the championship game.

Section 6 • NCAA Administrative Guidelines

All policies listed in this section **MUST** be reviewed during the administrative meeting.

Section 6•1 Logo Policy

An institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2¼ square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

Section 6•2 Misconduct Statement

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law occurring incident to, en route to, from or at the locale of the competition or practice that discredits the event or intercollegiate athletics.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct should be dealt with in a timely manner by the governing sports committee.

Section 6•3 Use of Tobacco Products

[Reference: Bylaw 11.1.5 in the NCAA Divisions I, II and III Manuals, Bylaw 17.1.8 in the NCAA Division I Manual, Bylaw 17.1.9 in the NCAA Division II Manual and Bylaw 17.6.3 in the NCAA Division III Manual.]

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

Section 6•4 Drug-Testing Statement

Note: This statement **MUST be read at every administrative meeting.**

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events.

Although knowing before competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

FREQUENTLY ASKED QUESTIONS FOR COACHES

Please review this section for questions that may arise regarding drug testing.

Q. Where is the drug-testing facility for this championship?

- A. Check with the tournament manager, drug-testing site coordinator or the NCAA championship staff member for specific location.

Q. How long does drug testing take?

- A. The length of the collection process depends on the student-athlete's ability to provide an adequate urine specimen. If the student-athlete provides an adequate urine specimen immediately on arrival at the drug-testing facility, the entire process usually is completed in approximately 20 minutes.

Q. What is an institutional representative?

- A. **For Team Championships (e.g., baseball, field hockey, lacrosse):** An institutional representative is an individual from the participating institution (designated by his/her institution) to assist with drug testing in the event drug testing occurs at the championship. Each team must designate an institutional representative during the administrative meeting.
- A. **For Individual/Team Championships (e.g., golf, tennis, track and field, swimming):** An institutional representative is an individual (e.g., coach, athletic trainer) who should be informed by the student-athlete that he/she will be proceeding to drug testing. On some occasions, an institutional representative must certify the identity of the student-athlete at the drug-testing site.

Q. When is the institution notified of drug testing?

- A. **For Team Championships:** An institutional representative from each team will be notified not sooner than two hours before the start of their game when drug testing is taking place. Institutional representatives will be notified by an NCAA drug-testing crew member by phone or in person at the locker room or near the playing field.
- A. **For Individual/Team Championships:** Only the student-athlete is notified of his/her selection for drug testing. The student-athlete is then responsible for notifying an institutional representative of his/her selection.

Q. When are student-athletes notified of their selection for drug testing?

- A. **For Team Championships:** Immediately after the game, an NCAA drug-testing crew member will provide the institutional representative with a list of student-athletes who have been selected for drug testing.
- A. **For Individual/Team Championships:** An official drug-testing courier will notify student-athletes of their selection for drug testing, usually on completion of the student-athlete's event, session or day of competition. The student-athlete then informs an institutional representative from his/her institution before proceeding to the drug-testing site.
- A. **For All Cases:** At the time of notification, the student-athlete will be instructed to read and sign a drug-testing notification form.

Q. When do student-athletes need to report to drug testing?

- A. **For Team Championships:** Within one hour after the student-athlete has been notified.
- A. **For Individual/Team Championships:** The official drug-testing courier will provide the student-athlete with specific instructions as to when to report to drug testing.
- A. **For All Cases:**
 - Before checking into the drug-testing site, all student-athletes must inform an institutional representative of their selection for drug testing.
 - Before checking into the drug-testing site, student-athletes must complete all award and media obligations, if any.
 - Before leaving the championship venue, coaches should check with all student-athletes to make sure they have completed their drug-testing obligations.

- Q. What if a student-athlete has trouble providing an adequate urine specimen? Can the student-athlete leave and come back later? What if the team has to leave and a student-athlete is still in drug testing?**
- A.** A student-athlete cannot be released from the drug-testing site until an adequate specimen is provided, no matter how long it takes.
- If the rest of the team must depart the championship site prior to a student-athlete completing drug testing, an institutional representative must stay with the student-athlete.
 - A coach should check with the drug-testing site coordinator for information regarding transportation back to the student-athlete's hotel.
 - If the student-athlete and/or institution incur additional expenses because of the delay in drug testing (e.g., hotel, transportation back to campus), the institution may request reimbursement from the NCAA.
- Q. Will the student-athlete or the institution be reminded of their drug-testing obligation if they defer testing until later that session or day?**
- A.** No. Once the student-athlete and the institutional representative have signed the drug-testing notification form, it is their obligation to arrive at the drug-testing site at the appropriate time.
- Q. What if we play a late-night game (10 p.m. or later start, local time)?**
- A.** The NCAA's late-night drug-testing policy only pertains to team championships.
- An institution may defer drug testing until the next morning if its game begins at 10 p.m. or later, local time.
 - The decision to defer drug testing applies to the entire team and must be determined by the institution immediately after the game and the deferred test must start before 10 a.m., local time, the next day.
 - An institutional representative must be present at the collection facility the next morning to identify selected student-athletes.
- Q. Must a coach or other institutional representative accompany each student-athlete to the drug-testing site?**
- A. For Team Championships:** Yes. An institutional representative must be at the collection station to certify the identity of each student-athlete. The institutional representative must remain in the collection station until all student-athletes have completed their drug test.
- A. For Individual/Team Championships:** It depends. If the student-athlete has deferred drug testing until later that day, an institutional representative must be at the collection station to certify the identity of each student-athlete before the student-athlete will be allowed to check in. Otherwise, the official drug-testing courier will accompany the student-athlete to drug testing.

Section 6•5 Inclement Weather

If weather conditions could alter the approved schedule, the site representative must contact the NCAA championship administrator before any decisions to change the schedule are finalized and communicated to participants. Be prepared to summarize the weather situation and have a recommendation for an alternate schedule.

LIGHTNING AND WEATHER DETECTION SERVICES

The NCAA has made arrangements through DTN to provide a lightning detection and weather monitoring system to all rounds of competition for outdoor championships. This system will assist the event management staff and the NCAA site representatives in case of inclement weather during the championship. This service is provided so that all sites will have the resources available to ensure the safety of our student-athletes, spectators and event management staff.

The site representative should request that the tournament director include his/her email and/or phone via text to the Weather Sentry system so he/she can receive the weather updates.

For detailed lightning and weather guidelines, refer to [Appendix G](#).

Appendix A • FAQ

- Q. Officials have asked me how they will receive their payment and when they should expect it since the host no longer pays them?**
- A.** All officials are paid directly by the NCAA through RefQuest. There is not a set timetable for payment, thus all inquiries should be directed to the championship administrator.
- Q. A fight broke out in the stands between the fans of the home and visiting teams. What responsibility do I have to take care of this?**
- A.** You should first notify the tournament director that he/she needs to obtain security in the section where the fight has broken out. After the fight, please gather as much information as possible from the tournament director and security, including what happened, whether anyone was removed from the competition site, and resolution. All of these facts should be written down and sent to the championship administrator via email. If the situation is severe, please immediately call the championship administrator to inform him/her of what has occurred.
- Q. A team has arrived late for its practice due to its bus breaking down. What should I do?**
- A.** Work with the host to try to get the team its full allotment of practice time, if at all possible.
- Q. I received an alert on my phone that lightning is within 30 miles and we are going to begin the game in 10 minutes. What steps should I be taking?**
- A.** Immediately find the tournament director and begin to discuss the distance of the lightning. Remember to consult the lightning guidelines. Altering a game time should involve the games committee (consult the host operations manual on who serves on this committee). Once it is determined that the game should be delayed, you should notify the NCAA championship administrator of the situation. You should be prepared to give the championship administrator the games committee's recommendations as to further delays or moving the contest.

Appendix F • Code of Conduct

NCAA DIVISION II CHAMPIONSHIPS CODE OF CONDUCT (Effective July 18, 2023)

Action: Review form with all individuals traveling to championship competition in advance of departure. Signature page should be signed and kept on file at the institution. The sport administrator must also complete the online form provided prior to competing in championship competition.

Conduct Policy Statement

The NCAA expects each championship to exhibit an experience that represents the highest level of fair play and good sportsmanship. The NCAA and the NCAA Division II Championships Committee expects that student-athletes, coaches and administrators do their best to ensure participation in intercollegiate athletics promotes character development for all participants, enhances the integrity of higher education, and promotes civility; therefore, championship events should adhere to such fundamental values as respect, fairness, civility, honesty and responsibility. These values should be manifest not only in athletics participation, but also in the broad spectrum of activities associated with the championship event. Accordingly, the Championships Committee will take strong action in response to any form of misconduct by student-athletes, coaches and/or administrators during the entire championship. This includes criticism of officials and a misconduct incident at the competition.

Any institution who fails to submit the online form required for the sport administrator and have a complete and accurate signature page on file at the institution before the start of the first competition of the championship, will be issued a fine of \$500, with a private letter of reprimand to be sent to the to the conference commissioners, university chancellor/president, university athletics director, senior woman administrator, sports information director and compliance administrator.

Misconduct

The NCAA Division II Manual Bylaw 18.02.4 defines misconduct as: “... is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics.”

Expectations

Each games committee shall hold a pretournament meeting with the coaches of participating institutions to review and explain the policies related to misconduct (as defined in Bylaw 18.02.4). The Division II Championships Code of Conduct is to be part of the championships packet and delivered to all institutional representatives attending the championship events.

If the act of misconduct occurs during the competition, under normal circumstances, the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (i.e., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or institutional representative from the competition and conduct the hearing after this action. Other actions of misconduct shall be dealt with in a timely manner by the governing sports committee.

Expectations for Student-Athletes, Coaches and Administrators

- Have on file at the institution an accurate and complete Division II Code of Conduct signature page before the start of the first competition of the NCAA championship.
- Cooperate and participate in game ceremonies, team meetings, community engagement and championship events.

- Discuss misconduct and possible consequences with all institutional personnel travelling with the team (official travel party and additional individuals).
- Have an administrator or designee present at all competitions.
- Communicate issues and concerns in an honest and timely manner with NCAA staff.
- Follow team, university and NCAA guidelines throughout all championship-related activities.
- Be respectful of other participants, spectators, coaches, administrators and other individuals at the championship site.
- Abide by state and federal laws, and facility requirements throughout the championship event.
- Display acceptable behavior on and off the playing field to ensure a positive experience for all participants.

Possible Penalties for Misconduct

In accordance with Division II Championships Committee policy, the governing sports committee (or the games committee authorized to act for it) may impose any one, or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the championship event. The penalties include, but are not limited to the following:

- a. Public or private reprimand of the individual.
- b. Disqualification of the individual from further participation in the NCAA championship involved.
- c. Banishment of the individual from participating in one or more future championships of the sport involved.
- d. Cancellation of payment to the institution of the Association's travel guarantee for the individual involved.
- e. Banishment of the institution from participation in one or more future championships in which its team in that sport otherwise would be eligible to participate.
- f. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships.
- g. Cancellation of all or a portion of the honorarium for hosting an NCAA championship.
- h. Financial or other penalties different from (a) through (g) above, but only if they have prior approval of the Championships Committee.

All correspondence regarding violation of the Code of Conduct will be sent to the president/chancellor of the institution, with a copy to the director of athletics and person(s) involved.

Participation in an NCAA championship is an accomplishment, and it is expected that individuals and teams are committed to ensuring that the championship is a positive experience for all participants, fans and volunteers. Participation in these championship events is a privilege for the student-athletes, coaches and administrators and should be treated as such. Again, congratulations to you and your team. We hope this year's championship experience is one that you will cherish for years to come.

As a representative (i.e. student-athlete, administrator, coach, manager and/or other institutional personnel) of the institution below, I certify that all NCAA rules pertaining to the Division II Championships Code of Conduct have been read. I agree to abide by the expectations set forth and understand the possible penalties for misconduct.
