SECTION 1 – INTRODUCTION

Congratulations! Your team has advanced to the final site of competition of the 2026 NCAA Division II and Division III Women’s Lacrosse Championship. The semifinals for DII will be held on Thursday, May 21 at 4:30 p.m. and 7:30 p.m. with the final taking place Saturday, May 23 at 5 p.m. The semifinals for DIII will be held Friday, May 22 at 12 p.m. and 3 p.m. with the final taking place Sunday, May 24 at 3 p.m. Competition will be held at Judson Stadium in Rochester, New York, hosted by the Rochester Institute of Technology and Visit Rochester.

As your team prepares for the championship, this manual will serve as a helpful guide to the policies and procedures governing the administration and conduct of final site competition. Further, this manual will provide specific information on hotel arrangements, travel, tickets as well as a schedule of events.

Similar to your team, we understand that thorough preparation is the key to success – that is why we are excited about the upcoming championship. Good luck and we will see you soon in Rochester!

BENCH LIMITATIONS

Division II policy states that a total of 50 team personnel may be in the bench area during the competition. Athletes who are not part of the travel party are able to be in uniform, practice and participate in warm-ups, but only those eligible to play will have the patch.

Division III policy states that the bench is limited to the active roster student-athletes and institutional personnel. No other individuals (i.e. family members, children, non-working staff) are allowed in the immediate bench area. All athletes can be in uniform, and participate in practice and warm-ups, but only those eligible (32) to play will have a patch.

COMMUNITY ENGAGEMENT

All Division II/III championships will provide community engagement experiences for participating student- athletes and coaches. As a key part of their strategic position, community engagement emphasizes the relationship of athletics in strengthening communities.

Division II/III’s unique approach to community not only connects athletics with outreach opportunities but also brings communities inside the division’s championship experience. They are committed to developing student-athletes and communities by actively engaging in shared experiences. The objective of community engagement is to build relationships by bringing communities to experience Division II/III events.

We sincerely appreciate your assistance with the NCAA Division II/III Community Engagement Event. For Division II, if you would like more information or if you have any questions, contact Jill Willson at jwillson@ncaa.org or call 717-360-3556. For Division III, please contact Amanda Fox amandaf@visitrochester.com 585-507-7631

DIVISION III

Division III student-athletes will participate in a community engagement project focused on supporting and uplifting members of the local Rochester community. All community service will take place in the Gene Polisseni Center on RIT’s campus and will be station-based, allowing teams to help 3 local Rochester charities during their service hour.

Teams will assemble patient care and “joy” bags for children receiving treatment at Golisano Children's Hospital to help bring comfort and encouragement to young patients and their families. Student-Athletes will also write letters to veterans to thank them for their service and sacrifice. In addition, participants will create and color cheerful pages for residents at local senior living facilities to spread positivity and brighten their day. To help support individuals and families experiencing food insecurity, athletes will recycle and cut T-shirts into reusable bags for local food pantries, combining community outreach with sustainability efforts.

Please note, to participate in the T-shirt cutting activity, each team is asked to bring a team T-shirt per student-athlete.

The Gene Polisseni Center is located within walking distance from Judson Stadium. If your bus is going directly to the Gene Polisseni Center, please follow signs for Parking Lot U.

WELCOME VIDEO – FIRST PRACTICE

On the first practice day, teams will take part in a quick official welcome to the championship. Each team will have the opportunity to take a team photo outside the entrance of Judson Stadium and receive student-athlete gifts in their Locker rooms.

For Division II, teams will get to watch welcome videos in their locker rooms prior to their practice teams and then will have time to prepare for practice following the welcome. Division III welcome videos will be played after practice during community engagement. All teams are encouraged and can arrive a little earlier than necessary, 15 minutes for DIII and up to 30 additional minutes for DII before they would normally arrive for practice time to enjoy the video, photos and gifts.

At the conclusion of initial practices on Wednesday (DII) and Thursday (DIII), student-athletes will have access to an on-site ice cream truck, with each team receiving tickets for their travel parties.

RULES

The 2026 championship will be conducted according to the 2025 and 2026 NCAA Women's Lacrosse Rules and Interpretations Book. Questions regarding the interpretation of rules should be addressed to Stefanie Sparks Smith at 603-494-1865.

GAME BALL

The NCAA will provide yellow Pearl balls that should be used during practices, pregame warm-ups and competition. Teams do not need to provide their own practice balls. Please ensure the Pearl balls are all returned after practices and warm-ups.

LOCKER ROOM AND BENCH ASSIGNMENTS

Each participating team will be assigned a locker room upon arrival on campus. Locker rooms will be located in both Ritter Arena and Judson Stadium for the semifinals. Locker rooms will be available 1 hour prior to the start of practices and 2.5 hours prior to competitions.

TEAM HOSPITALITY

Hospitality (fruit and snacks, etc. as well as BODYARMOR and Dasani water) will be provided at each team locker room for all practices and games.

HOSPITALITY

Team administrators and coaches are welcome to the hospitality room located in the Judson Stadium Lounge. Schedule: Thursday, May 21: 3:30-8:00; Friday, May 22: 11 a.m.-4:00; Saturday, May 23: 3:00-7:00 and Sunday, May 24: 12:30 p.m.-4:00.

NATIONAL ANTHEM

The national anthem will be played/sung before the first semifinal game each day and then before each championship game. No anthem will be played before the second semifinal game.

STUDENT-ATHLETE PREGAME INTRODUCTIONS

For each contest at the final site, non-starters will be introduced first followed by the starters and lastly the coaches. Bench players should remain on the sidelines during introductions but then may join their teams on the field following the last starter from their individual roster being introduced. Student-athletes and coaches shall turn and face the American flag as the national anthem is played. At the conclusion of the anthem, teams will shake hands and return to their respective benches, and starters

shall take the field. For the second semifinal, as the second teams reserves join the team at midfield, the teams will go straight into the handshake and then return back to the sidelines.

OVERTIME

Refer to Overtime Procedures of the NCAA Women's Lacrosse rule book.

OFFICIALS

All officials for NCAA Division II and Division III postseason games shall be appointed by the Women's Lacrosse Committee(s) in conjunction with the NCAA national coordinator for officials. Any committee member whose team advances to the championship will be recused from the process.

For the championship games, the NCAA national coordinator of officials will recommend seven officials to work the three games. One head official will be assigned for all games.

COMMITTEE LIASONS

Each Participating Institution will receive a member from the National Sport Committee to serve as their liaison. Liaisons will be determined once teams are selected and provided at the participating team calls.

UNIFORMS/LAUNDRY

The team located on the top of the bracket in each game will be designated as the home team and wear its light color (home) uniforms. The team located on the bottom of the bracket in each game will be designated as the visiting team and wear its dark color (road) uniforms.

Student-athletes competing in the women's lacrosse championship shall wear the official uniform of their institution in competition and related ceremonies. This applies to warm-ups, press conferences, awards ceremonies, practices, and postgame celebrations. All uniforms must conform to the NCAA legislation on logo restrictions.

Each team will receive self-adhesive NCAA patches to be placed on the jerseys in a uniform location (e.g., upper left chest or left sleeve). The two teams that advance to the national championship games will be provided a second set of patches. Please remove patches before doing laundry.

Laundry service will be provided for all participating teams. A designated laundry bin will be located in each team's assigned locker room for all practices. Post practice and post-game laundry service will be provided daily.

All laundry should be placed in the laundry bin located in the team locker room. RIT staff will collect the laundry, transport it for washing, and return clean items to the locker room the following day.

Teams with specific laundering instructions for uniforms or apparel (e.g., wash temperatures, turning items inside out, hang-dry requirements) should communicate those needs to RIT staff in advance to ensure proper handling.

LOGO POLICY

The provisions of Bylaw indicate that an institution's official uniform and all other items of apparel (e.g., socks, headbands, T-shirts, wristbands, visors or hats, and towels) that are worn by student-athletes in competition may bear a single manufacturer's or distributor's normal trademark, not to exceed 2 1/4-square inches, including any additional material (e.g., patch) surrounding the normal trademark or logo. The logo or trademark must be contained within a four-sided geometrical figure (i.e., rectangle, square, parallelogram).

In addition, an institution's official uniform cannot bear a design element similar to the manufacturer's that is in addition to another logo or that is contrary to the size restrictions.

A student-athlete representing an institution in intercollegiate competition is limited to wearing apparel items that include only the logo (not to exceed 2 1/4-square inches) of an apparel manufacturer or distributor. The student-athlete may not wear any apparel that identifies any other entity, other than the student-athlete's institution.

These restrictions apply to all apparel worn by student-athletes, and any and all credentialed personnel in the bench area during the conduct of competition, which includes any practices and pregame or postgame activities. This bylaw will be strictly enforced at all NCAA championships and the names of individuals and institutions that are not in compliance with this bylaw shall be forwarded to the NCAA enforcement staff. Non-compliance with this legislation could result in loss of eligibility, forfeiture of points earned by those ineligible student-athletes and adjustment of team standings.

VIDEOTAPING AND FILMING

Rochester Institute of Technology staff will record each game and immediately upload film following the game to the IWLCA Open Exchange on Hudl. All teams should follow the NCAA's videographer policies located at <https://www.ncaa.com/content/team-videographer-policy>.

EMERGENCY/WEATHER POLICY

In the case of inclement weather or other factors leading the referee to suspend a game, the officials, games committee and coaches shall refer to the NCAA Women's Lacrosse Rules Book. If a game is suspended or postponed, it will be the decision of the games committee and the referee to determine if the game can be continued that day. If conditions dictate that the game cannot be completed, it shall be the decision of the games committee to suspend play until the following day. Please follow Judson Stadium's Emergency Action Plan.

SECTION 8 – COMPETITION SITE

The NCAA is dedicated to fair and equitable competition throughout each round of championships and strongly supports an environment to safeguard the health and safety of the participating student-students, coaches, officials and spectators.

BANNERS AND ARTIFICIAL NOISEMAKERS

Any banners other than the approved NCAA and television/radio banners may not be posted on competition site surfaces/railings without the permission of the NCAA Division II and Division III Women's Lacrosse Committee or its designated representative. Hand-held team banners are permissible as long as they do not interfere with the competition or spectators' views and they do not contain any commercial identification. Banners advertising equipment or manufacturers are prohibited. Air horns and electronic amplifiers are not permitted and shall be removed on discovery.

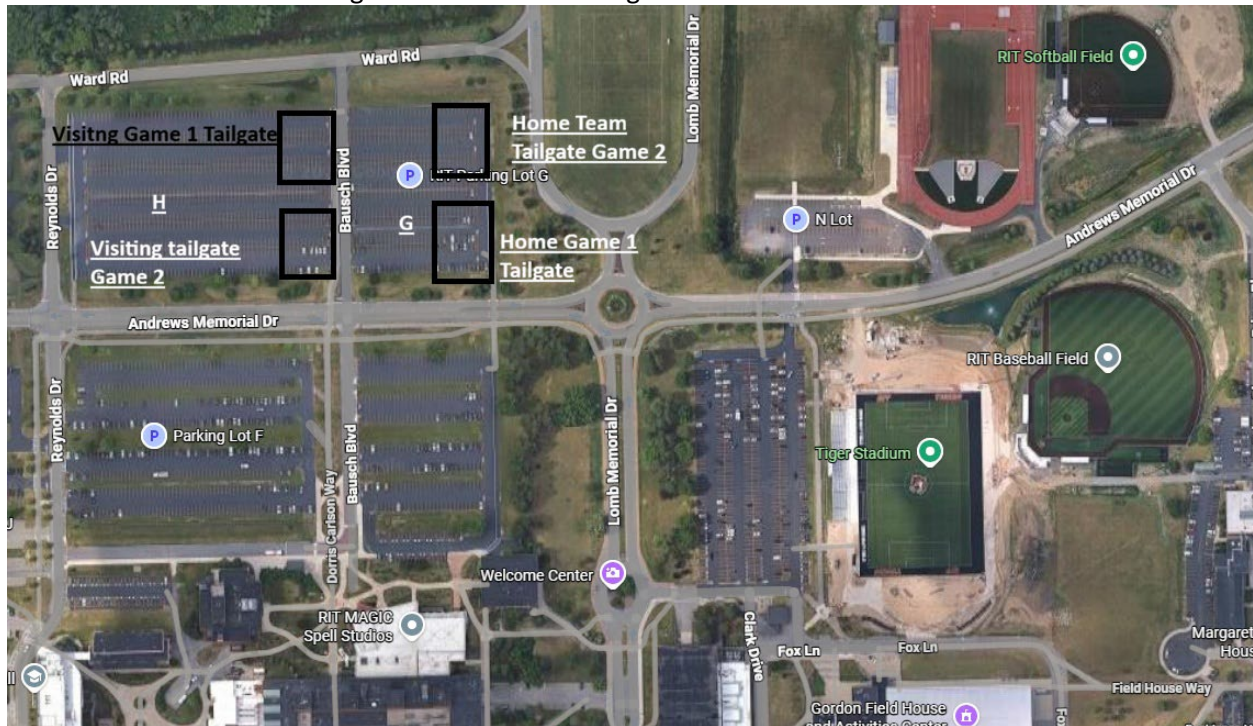

MERCHANDISE AND CONCESSIONS

Official NCAA merchandise will be on sale for participants after their first practice and on sale for fans on each game days. Hours will coincide with the games times.

Full concessions will be available on game days for fans located on the Judson Stadium Concourse and in the stadium plaza.

SPECTATOR/MEDIA PARKING

Spectator parking is available on campus at no cost. Signage will be posted to direct spectators to the parking areas. Spectator parking opens two hours prior to game time. All tailgating is required to take place in parking lots G and H. Tailgating in lots D and N will be asked to relocate to lots G and H. Designated home teams will use parking lot G for all games while away teams lot H. There will be a designated corner based on either game 1 or game 2 within lots G and H.

Media personnel will be issued a parking pass for parking lot D.

PARKING/TEAM BUS DROP-OFF

Buses must enter through Lot D and proceed to the designated team drop-off location in front of the Judson Stadium. Following team drop-off, all buses are required to relocate and park in Lot H for the duration they will be on campus.

Spectator Parking will open two hours prior to the first game on each date of competition. Parking will be available in Lots G, H, N and D. However, tailgating is only permitted in parking lots G and H. Tailgating in D and N is not permitted.

PARTICIPANT ENTRANCE

Team Entrance – Teams utilizing the Judson Stadium locker rooms will be escorted through the Athletics Entrance to their locker rooms. They will access the field from the field access tunnel in the stadium. Teams using the Ritter Arena Locker Rooms will be escorted to the Ritter Arena Athletics Entrance and access the field from the West Gates.

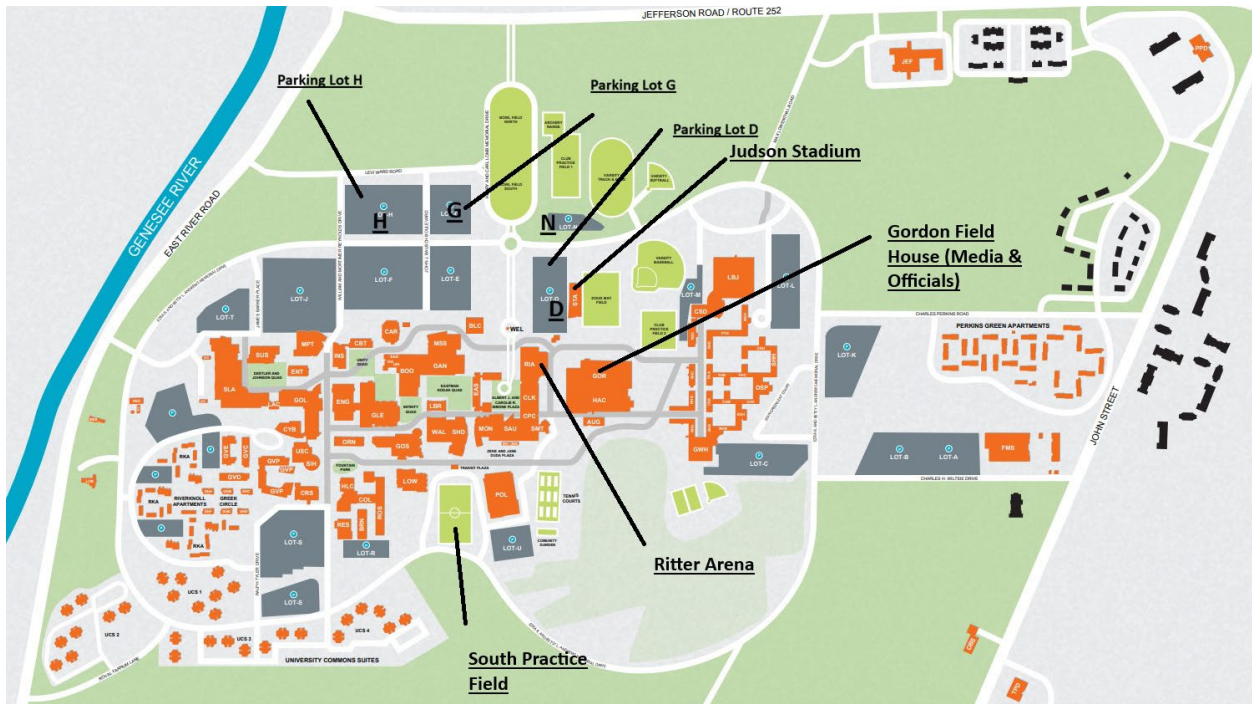

Administrators' Entrance – Administrators may enter with their respective teams or at the ticket entrance with appropriate credentials.

WARM UP MUSIC

The NCAA will provide warm-up music for all semifinal and championship games.

COMPETITION SITE DIAGRAM

An interactive campus map can be found at maps.rit.edu.

NCAA championships committees, following a recommendation from the NCAA drug-testing subcommittee, have discontinued the practice of announcing whether drug testing will be conducted at NCAA championship events. Although knowing prior to competition whether NCAA drug testing was to occur had value for reasons of convenience, it left open the possibility that student-athletes might be tempted to use banned substances if they knew that NCAA testing was not being conducted at the site of competition.

Therefore, all coaches and student-athletes should presume that NCAA drug testing will occur at this championship event. Please inform your student-athletes that in the event they are notified of their selection for drug testing, the student-athlete must inform an official representative of your institution (e.g., coach, athletic trainer) before proceeding to the drug-testing site. Student-athletes will be reminded by the courier to contact their team representative.

STUDENT-ATHLETE NOTIFICATION

Immediately after any established NCAA cool-down period, a member of the drug-testing crew will notify student-athletes selected for drug testing. Each student-athlete will be instructed to read and sign the Team Championship Student-Athlete Notification Form. The notification form will instruct the student-athlete to report to the testing room within 60 minutes, unless otherwise directed by the crew member. An institutional representative must be present in the drug testing venue. The approximate number tested is usually five (5) per team.

MEDIA OBLIGATIONS

Each team is provided a postgame mandatory 10-minute cool-down period. At the conclusion of the cool-down period, a member of the drug-testing crew will notify the student-athletes who have been selected for testing. Notification may take place in the locker room (if applicable) or on the field of play. If a selected student-athlete is scheduled to participate in any postgame news conference, they are required to attend the news conference first. The student-athlete will be escorted to the drug-testing area after all media obligations have been fulfilled.

NEXT DAY TESTING

If competition begins at 10 p.m. or later (local time), both teams will be given the option to defer testing until the next morning. If a team decides to test the next morning, that determination must be confirmed by the institution no later than immediately after the contest. Once testing has begun, testing must be completed and cannot be deferred until the next morning. If deferred until the next day, the testing must begin no later than 10 a.m. (local time) at the original test site.

If the student-athlete's team must depart the championship prior to a student-athlete completing drug testing, an institutional representative must remain with the student-athlete. If the student-athlete and/or institution incur additional expenses because of the delay (e.g., hotel, transportation back to campus, etc.), the institution may request reimbursement from the NCAA.

TESTING PROCESS

Student-athletes are drug tested through urinalysis and must provide a specimen in view of a drug-testing collector of the same gender. The length of the collection process depends on the student-athlete's ability to provide an adequate specimen. If a student-athlete provides an adequate specimen immediately after arriving in the drug-testing area, the entire process can be completed within 20 minutes. If the student-athlete is unable to provide an adequate specimen, she must remain in the drug-testing area until one is provided. There is no maximum allotted time for a student-athlete to provide an adequate specimen.

TEAM HOTELS

Reservations have been made for each participating team. Each team must contact the assigned hotel by **5 p.m. Eastern, Monday, May 18**, to confirm arrival date and time, arrange payment procedures, provide rooming list, and arrange any meals or meeting room requirements that are necessary.

An institution is obligated to stay at the designated property. If an institution prefers to relocate to a different hotel, which is generally not approved by the NCAA, the following must occur:

- (1) Obtain a release for the rooms from the hotel manager in writing and approval from the NCAA. Please note, the institution is responsible for the first night's room charges even if it fails to use those rooms.
- (2) The participating institution may use the rooms for persons accompanying the official traveling party if relocating the team only. IF a team chooses to relocate to a different hotel, the team is not permitted to move to a hotel where another team or the game officials are located or at the designated headquarters hotel.

Additionally, if an institution fails to make satisfactory arrangements for use of rooms with the hotel, full charges for the rooms will be billed to the institution. The tournament manager of the host institution is to be advised of the plans of each institution sufficiently before the competition.

CREDENTIALS

The NCAA shall control the issuance of working press and photography credentials for each of its championships. NCAA policy shall limit the issuance of working press credential to the Associated Press, United Press International, newspaper, magazines and radio or television stations, and/or networks or cable systems and shall preclude the issuance of press credentials to representatives of any organization that regularly publishes, broadcasts or otherwise promotes the advertising of “tout sheets” or “tip sheets” or other advertising designed to encourage gambling on college sports events. Subject to limitations of space, seats in the press box area and photo credentials shall be assigned to working press in accordance with the following priorities:

- Campus media certified by the director of athletics or sports information director of each participating and host institution.
- Certified media from the immediate locale of the championship and the immediate locale of the competing teams; and
- Other certified media filing from the scene. Other restrictions for obtaining credential may be implemented, based on the circumstances at the host institution and availability of seating.

WORKING AREA

A working media area will be located in the Athletic Operations room of the Judson Stadium. This area will be restricted to working media and game administration personnel. The media interview area is located inside the Gordon Field House in the Gordon Field House Reception Room. Wireless Internet service is available throughout the athletic facilities.

Working media credentials must be worn at all times. Credentials may be picked up at the Judson Stadium box office on any game day. No credentials will be mailed.

POSTGAME PRESS CONFERENCES

The NCAA's mandatory 10-minute cooling off period will be in effect for all games. If there is an awards ceremony, the cooling off period begins after that process is complete.

All media postgame press conferences will be conducted in the Gordon Field House Reception Room. The committee member assigned to each team will be charged with gathering requested players and the head coach and escorting them to the media work room (Reception Room) for their media obligation. These press conferences will be moderated by a member of the RIT staff and will be recorded. The resulting file will be made available to credentialed media as well as the athletic communications/sports information staff at each participating institution. Those with media credentials, committee members, and all access passes are permitted live press conference access.

Timing for the press conferences will be determined by the RIT staff member running the press conferences. That information will be communicated to the respective committees.

Following each semifinal game, the advancing team will conduct media first followed by the non-advancing team. This is to allow the advancing team from either Division's first semifinal the opportunity for a live scout of the second semifinal much like the second semifinal coaches would have had for the first semifinal participants. Following the championship games, the runners-up will go first followed by the champions. This is to accommodate celebration time for the champions and close the season with comments from the champions.

Regardless of regular-season radio or television contract(s), the coach is obligated to the on-site media during the championship and must report to the interview room immediately after the 10-minute cooling-off period. The coach cannot delay a post-competition interview with the covering media to conduct a program for a single newspaper, radio or television reporter unless requested to remain for a short interview (not to exceed four minutes) by the television entity that has been granted television rights (Turner/ESPN) by the NCAA.

PHOTO POLICIES

Still photographers and team videographers will be provided credentials and are restricted to the sideline opposite the team bench area and a designated area on each corner of the field on the team bench side. **No media personnel or equipment shall be in the team bench area, and no media personnel may communicate in any way with persons in the team bench areas.** Other than a team videographer, video camerapersons will not be allowed on the field during the course of play.

The only exception to the stated rules above is for the assigned NCAA Photos photographer. That individual – and only that individual – have full access to the field of competition.

Still photographers shall stay back from the sidelines across from the team benches so they do not interfere with either the officials or student-athletes running past them along the sideline. Photographers are prohibited from being behind the goal.

All television stations are prohibited from airing footage of any part of the games in progress. During postgame awards ceremonies, photographers will be allowed into a designated shooting area on the playing field. All members of the media are subject to the policies found at www.NCAA.com/media.

RADIO/WEBCAST COVERAGE

Due to the restricted press box space and the NCAA's webcasting of all games, positions will NOT be reserved for anyone other than required personnel. Teams that insist on doing either should contact Tim Volkmann for details. Radio broadcasts will not be allowed at this championship due to space restrictions.

STATISTICS

RIT staff will provide a play-by-play and complete team and individual statistics at the end of each game. Halftime statistics will be available for coaches and members of the media and quickie stats available at the postgame press conference prior to the distribution of full statistics packets.

TELEVISION NEWS CREWS

For the semifinals and championship game, local TV outlets must abide by the NCAA Footage Usage and Licensing Policy:

<https://www.ncaa.com/flysystem/public-s3/files/2021-01/2020-21%20Footage%20Usage%20Licensing.pdf>

FOOTAGE ON THE INTERNET

Under no circumstances may any highlights be broadcast or otherwise distributed on the Internet or via any other online service, mobile application, digital medium or computer network, without the prior written permission from the NCAA or its designee. Streaming information is available at <https://www.ncaa.com/rights-request>

AMBULANCE

An ambulance will be on-site for all semifinal and championship games.

ATHLETIC TRAINING

Host Athletic trainer will be available one hour prior to practices and two hours prior to competition and remain available through all games.

Certified athletic trainer(s) shall be available on the field and assist the participating institutions' sports medicine staff. Physician(s) shall be on-call or on site for all practice and game days. When applicable, the host institutions shall provide specialty physicians (e.g., dermatologists, orthopedic, ophthalmologist), dentist, x-ray technicians, emergency medical technicians (EMTs). They will be on call or on-site during practice times as well. Team athletic trainers who need anything from hosting doctors on call should speak to the RIT Athletic Trainer (Cara Macig) working their game or practice.

If a team is traveling without an athletic trainer, the RIT Athletic Trainer working the competition (Cara Macig) will be available to tape, provided a list of all treatments (taping) is sent by the home athletic trainer. The host athletic trainer will be available to assist in coordinating emergencies. EMS will be on site for all competition. Physicians will be available on an as needed basis during the weekend.

EQUIPMENT AND SUPPLIES

Access to the Judson Stadium and Ritter Arena Training rooms will be available. It is encouraged that each team traveling with an Athletic Trainer bring with them portable modality units to be used in the hotel. Each team bench will be provided with a portable treatment table for the teams use. During competition, water, ice, AED, and splints will be on the sideline.

The NCAA will provide water bottles and coolers for all scheduled practices and games. No other cups, coolers, or water bottles with commercial corporate identification are allowed for use during the tournament.

Emergency equipment will be provided during games accessible on the sideline.

CONCUSSION MANAGEMENT

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Participating institutions shall follow their concussion

management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

1

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance.

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details please refer to the "NCAA Sports Medicine Handbook Guideline on Concussions" online at <http://www.ncaa.org/health-and-safety> .

SECTION 13 – PARTICIPANT EXPECTATIONS AND GUIDELINES

MISCONDUCT

[Reference: Meetings (see pages in sports-specific handbooks) and Bylaws 31.1.1.2 and 31.1.10 in the NCAA Manual.]

31.02.3 Misconduct. Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics. *(Revised: 8/15/89, 8/13/92, 1/14/08 effective 8/1/08)*

Criticism of Officials. Members of the coaching staff or other representatives of participating institutions or conferences shall not make public statements critical of officiating in any NCAA championship event. Failure to comply with this policy may subject the individual, institution or conference to the misconduct provisions of Bylaw 31.1.10.

Hearing Opportunity. An act of misconduct may be found upon an administrative hearing granted to the student-athlete or the institutional representative involved by the governing sports committee or the games committee authorized to act for it.

Misconduct Incident to Competition. If the act of misconduct occurs during the competition, under normal circumstances the individual shall be allowed to complete the competition in which he or she is participating at the time of the incident. An administrative hearing shall be held at the conclusion of the day's competition, during a break in the continuity of the championship (e.g., between rounds of a basketball tournament) when no competition is being conducted or at the conclusion of the championship. However, if the act of misconduct is so flagrant that it obviously violates the principles of fair play and sportsmanship, the games committee may immediately withdraw the student-athlete or

institutional representative from the competition and conduct the hearing after this action. Other acts of misconduct may be dealt with at the governing sports committee's convenience.

Penalty for Misconduct. In accordance with Bylaw 31.1.10.3, the governing sports committee (or the games committee authorized to act for it) may impose any one or a combination of the following penalties on an institution or any student-athlete or representative of an institution guilty of misconduct that occurs incident to, en route to, from or at the locale of the competition or practice:

1. Public or private reprimand of the individual;
2. Disqualification of the individual from further participation in the NCAA championship involved;
3. Banishment of the individual from participating in one or more subsequent championships of the sport involved;
4. Cancellation of all or a portion of payment to the institution of the Association's transportation and/or per diem allowance for the individuals involved;
5. Withholding of all or a portion of the institution's share of revenue distribution;
6. Banishment of the institution from participation in one or more subsequent championships in which its team in that sport otherwise would be eligible to participate;
7. Disqualification of an institution for a period of time from serving as host institution for one or more NCAA championships;
8. Cancellation of all or a portion of the honorarium for hosting an NCAA championship; and
9. Financial or other penalties different from Nos. 1 through 8, but only if they have prior approval of the Division III Championships Committee.

Ban From Subsequent Championship. When a student-athlete or institutional representative is banned from participation in a subsequent championship, such penalty shall be applied to the next tournament(s) in which the individual's team is involved and the individual otherwise is eligible to participate. In the case of an individual event, the penalty shall be applied to the next meet(s) or tournament(s) for which the individual qualifies and otherwise is eligible to participate.

Review of Action. Any action related to misconduct may be reviewed by the governing sports committee on request of any institution participating in the championship.

Misconduct is defined as **“any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship that discredits the event or intercollegiate athletics.”**

Public criticism of officials may subject the individual, institution, or conference to the misconduct provisions.

The games committee is authorized to (1) reprimand publicly or privately, (2) disqualify from future participation and/or (3) ban from subsequent competition a student-athlete or representative of the institution who is guilty of misconduct at any time during the championship.

Possible Penalties for Misconduct

A governing sports committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing championships administration.

SPORTSMANSHIP

The primary goal of the rules is to maximize the safety and enjoyment of the student-athlete. Sportsmanship is a key part of that goal. Sportsmanship should be a core value in behavior of players and

bench personnel, in crowd control by game management and in the officials' proper enforcement of the rules governing related actions.

SPORTS WAGERING

The NCAA defines sports wagering as putting something at risk – such as an entry fee or a wager – with the opportunity to win something in return. The NCAA opposes all forms of legal and illegal sports wagering on college sports. Student-athletes and athletics administrators cannot place a sports wager for any NCAA-sanctioned sport. This includes wagering on the intercollegiate, amateur or professional level.

A student-athlete involved in sports wagering on the student-athlete's institution permanently loses all remaining regular-season and postseason eligibility in all sports. A student-athlete who is involved in any sports wagering activity that involves college sports or professional athletics, through Internet gambling, a bookmaker, a parlay card or any other method employed by organized gambling, will be ineligible for all regular-season and postseason competition for at least one year.

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules, in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

TOBACCO POLICY

The use of tobacco products is prohibited by all game personnel (e.g., coaches, athletic trainers, managers and game officials) in all sports during practice and competition. Uniform penalties (as determined by the applicable rules-making committees and sports committees with rules-making responsibilities) shall be established for such use.

The use of tobacco products by a student-athlete is prohibited during practice and competition. A student-athlete who uses tobacco products during a practice or competition shall be disqualified for the remainder of that practice or competition.

SECTION 14 – SECURITY

Security will be provided at all press conferences, team locker room areas, team bench areas and field level throughout the championship.

SECTION 15 – TEAM TRAVEL AND TRANSPORTATION

SHORT'S TRAVEL MANAGEMENT

The participating institution shall be completely responsible for making its own travel reservations in accordance with the following:

The NCAA's official travel agency for the tournament is Short's Travel Management, which can be reached at 866-655-9215. Institutions can also enter travel manifest and other travel party information through the travel portal at www.shortstravel.com/ncaachamps.

The NCAA has adopted the following policies with respect to the travel and expenses incurred by the competing institution:

Travel Information.

- a. **Air Travel.** If you are located more than 600 miles for DII and 500 miles for DIII from the host site, please contact Short's Travel Management at 866-655-9215 as soon as possible to make our air travel arrangements. Be prepared to provide the names of the members of the travel party.
- b. **Ground Travel.** If you are within 600 miles for DII and 500 miles for DIII from the host site, you will travel via bus and must make your arrangements Championships Ground Travel. Institutions are NO longer required to use Go Ground for postseason NCAA team championship ground transportation. Institutions must use bus companies that meet NCAA safety standards. These safety standards can be found [here](#). Institutions eligible for ground travel will receive reimbursement directly from the NCAA through the NCAA Travel Expense System (TES). Local transportation is not reimbursable by the NCAA and must be paid by the institution. Transportation between the team's hotel and the competition or practice site is considered local transportation. Please see the NCAA travel policies for the applicable mileage limits.
- c. **Hub Rule.** If an institution is eligible to use air transportation to the site of the tournament game, and there is a major airport located within 150 miles of the tournament site, then the participating institution is required to fly into/out of that airport and utilize ground transport to and from the site of competition. This also applies if the originating airport is located within 150 miles of the participating institution's campus. This policy only applies when airfare is less expensive from the more distant airport. The NCAA travel staff may increase this mileage limit if circumstances warrant.
- d. **Per Diem.** Per diem will be paid for the allowable travel party. The per diem rate and allowable days can be found in the NCAA travel policies.
- e. **Expense Reimbursement.** Team expense reports should be filed online through the Travel Expense System (TES). The login information for the system is the same as that used for the Short's travel portal. The system can be accessed at: <https://web1.ncaa.org/TES/exec/login?js=true>. All institutions, including hosts, must complete the online reimbursement process in order to receive the appropriate reimbursement.
- f. **Travel Exceptions.** Be advised that if extraordinary circumstances may warrant an exception to the travel policies, you must contact the NCAA travel department for approval PRIOR TO making any travel arrangements. The travel group can be reached at 317-917-6757, or by email at travel@ncaa.org.

AIRPORT INFORMATION

Frederick Douglass Greater Rochester International Airport is located approximately 2.5 miles from RIT's campus. 1200 Brooks Ave. Rochester NY 14624

LOCAL/GROUND TRANSPORTATION

Each institution is responsible for payment of its local transportation and for making its own ground transportation arrangements while in Rochester. Enterprise is the official car of the NCAA and has locations throughout Rochester including the Greater Rochester International Airport (ROC).

TICKET PRICES**Single Game Tickets**

General Admission

Adults \$15.00

Student/Senior \$10.00

Child \$5.00

PLAYER PASS LIST

Any individuals not listed on the official travel party roster must purchase a ticket.

NO complimentary tickets may be provided by tournament personnel in accordance with NCAA policy. Please be advised that if transportation personnel such as a bus driver are not part of the official team party, he or she will have to buy a ticket.

Teams wishing to buy tickets for family, friends, and students as a group can purchase tickets and have them available at will call for guests to pick up using a purchased ticket pass list. Contact Corey Craig for all ticketing needs at cwcua@rit.edu

SECTION 17 – TRAVEL PARTY

Those student-athletes listed on the Participating Team Information Form (Appendix A – DII; Separate file - DIII) will be admitted to Judson Stadium with a credential.

Please email a copy of the **Participating Team Information Form** (Appendix A) to Ryan Rea and Jeff Siegel (jssatl@rit.edu) for Division II. For Division III, please email Kevin Alcox (kalcox@ncaa.org) and Jeff Siegel (jssatl@rit.edu) by Monday, May 18 at 5 p.m. Eastern. Team members indicated on the Participating Team Information Form, in addition to team bench area personnel with passes, will be admitted to the venue for any game that their team is not a participant via the same entrance with their credential.

Each participating team will receive credentials related to the permitted bench limits which must be presented for access into Judson Stadium. **Only one credential will be issued and any participant misplacing the credential must purchase a ticket in order to attend games in which they are not participating.** Anyone who is not part of the official travel party found with a participant credential, including parents, will be removed from the site of competition and will not be permitted to return and will be reported to the NCAA as a misconduct violation. Credentials will be distributed to teams at the conclusion of your initial onsite testing.

SECTION 18 – TROPHIES AND AWARDS**AWARDS**

Official NCAA awards (team trophy and mini-trophies to the runner-up and two semifinalist teams; and a team trophy, watches, and mini-trophies to the championship team) will be presented to the official travel parties. Five additional watches will be ordered after the championship with the assistance of the NCAA championship manager.

After the conclusion of each semifinal game, the awards for the non-advancing teams will be distributed off the field.

After the conclusion of each Championship game, the awards ceremony for both teams will take place at center field. Both teams will line up for the presentation, and the respective women's lacrosse committee will distribute and recognize the teams.

The official awards presentation list will be collected at the administrative meeting. Awards Presentation. For media purposes, the protocol is to give the winning team the team champion trophy immediately so that the ensuing celebration with the trophy can be captured. The trophy will then be collected and awarded in the traditional awards ceremony as noted above.

To order additional trophies, please go to <https://services.mtmrecognition.com/NCAA/>.

ALL-TOURNAMENT TEAM

The all-tournament team will be selected by the women's lacrosse committees for their respective division. The team will include two student-athletes from each semifinalist team, three student-athletes from the second-place team and five student-athletes, including the most outstanding player from the national championship team. The all-tournament team will be announced prior to the national champion trophy presentation. Each member of the All-Tournament team will receive a plaque following the championship.

ELITE SCHOLAR-ATHLETE

The Elite Scholar-Athlete award is presented to the student-athlete with the highest cumulative grade-point average competing at the final site for each of the 92 NCAA championships. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. All ties are broken by number of credits completed.

For more information regarding this program, please contact Olivia Baumhoer at the NCAA national office at obaumhoer@ncaa.org or elitescholarathlete@ncaa.org. All documents, including deadlines and nomination forms, are located at [Elite Scholar-Athlete forms](#)

Division II: The deadline for submitting nominations is 5 p.m. Eastern time, Monday, May 18.

Division III: The deadline for submitting nominations is 5 p.m. Eastern time, Tuesday, May 19.

PARTICIPATION AWARDS

The NCAA will provide a student-athlete memento for participants in NCAA championship competition. These mementos will be provided onsite at the championship for the members of the official travel party. If a team would like to purchase additional student-athlete mementos for their team, information is provided in the appendices of this manual.
