This manual outlines the responsibilities of an institution/conference hosting this round of an NCAA championship. It is essential that each host institution/conference staff become familiar with the information and policies included in this manual.

The NCAA considers this hosting opportunity a partnership between the host institution/conference, competition site, committee and the NCAA. The primary objective of each individual involved in the administration of the championship shall be to provide a memorable championship experience for each participating student-athlete, coach, institutional staff member and championship attendee.

DEFINITIONS

ROLE OF NCAA

The NCAA championships and alliances staff, working in conjunction with the NCAA sport committees and other NCAA partners, will lead the planning efforts, management and execution of all NCAA championships and events. The NCAA will oversee all aspects of the championship and its related activities, including facility operations and space allocations, hotel accommodations, media and team operations, hospitality functions and social events, in venue entertainment, fan and sponsor events, broadcast programming, youth events, as well as many other aspects.

Section 1 • Alcoholic Beverages and Tobacco Products

ALCOHOLIC BEVERAGES

Beer, wine and prepackaged/premixed beverages (in the latter case, with alcohol by volume of not greater than 15%, such as most hard seltzers) may be sold and dispensed at NCAA Division I, II, and National Collegiate championship and ancillary events, provided that the host, venue and/or concessionaire:

- Comply with, and certifies in writing the compliance with, the NCAA Championship and Ancillary Event Alcohol Sales Policy, as amended by the NCAA from time to time, which addresses such matters as:
 - Permissible types of alcoholic beverages;
 - Eligibility for the sale and distribution of alcoholic beverages;
 - Indemnity, warranty and insurance obligations; and
 - Verification.
- Agree to (i) keep and maintain, or cause its designated vendor or concessionaire to keep and maintain, complete and accurate records of all (a) alcohol-related incidents (e.g., expulsions, arrests) and (b) sales transactions related to the sale of concessions at the NCAA Championship and related ancillary events, including gross revenue, cost of goods, allocable overhead, and applicable taxes; (ii) no later than sixty (60) days after the conclusion of the event, provide the NCAA with a report setting forth in reasonable detail such information, together with the corresponding dates of transaction, including (a) alcohol-related revenue generated on each day of the event, (b) the direct cost of selling alcohol at the event (including the cost of goods), and (c) the indirect cost of selling alcohol at the event (including overhead and increased security needs at the event venue site); and (iii) permit the books, records, and accounts of host, venue and vendor/concessionaire pertaining to the sale of concessions at the event to be inspected, audited, and copied by NCAA or its agents at any time during normal business hours upon giving reasonable notice to host, venue and vendor/concessionaire.
- Agree to pay the NCAA an amount of twenty percent (20%) of the gross revenue generated from the sale of alcohol during the event (and any approved ancillary events), less the pro rata applicable sales tax and credit card fees (without deduction of any operating, costs of goods, indirect, or other expenses, such as overhead, marketing, fulfillment, general and administrative, interest, or other expenses), with such agreement to be reflected in a written agreement between the NCAA and the applicable parties (host, venue and/or concessionaire) executed prior to, or simultaneously with, the NCAA's official selection of the host for the applicable championship.
- Following the championship conclusion, provide the NCAA with certain information regarding the concessions activity – including gross sales, direct costs and applicable taxes – for food, nonalcoholic beverages and alcoholic beverages sold during the event.
- Execute, as part of the bid submission, the applicable policy and agreement documents maintained in the NCAA Championships Bid and Profile System.

General

The NCAA shall determine in its sole discretion whether alcohol will be sold or distributed at the ancillary events.

The venue, LOC/host and/or caterer shall be responsible for any permits unless otherwise directed by the NCAA.

Promotional items (e.g., cups, shakers, flags, signs) with commercial slogans or identification or other unauthorized markings are not permitted inside the practice, competition and/or ancillary event venue(s), inside surrounding areas/facilities that are to be used, or outside on practice, competition and/or ancillary event venue property unless expressly approved in advance by the NCAA. Items such as newspapers, handbills, flyers, memorabilia, T-shirts, caps, etc. (except products sold or authorized by the NCAA or its vendors) may not be distributed on these premises. Demographic or other studies may not be conducted unless approved in advance by the NCAA.

An economic impact study can be executed at an NCAA championship to examine the effect of the championship(s) on the local economy. In some cases, the NCAA will conduct an on-site study and will provide the data to the host once the study is completed. In other cases, the NCAA will support the hosts' efforts to execute a study. This can be done using the hosts' own approach/tools or the NCAA's Economic Impact Study "In-a-Box" tool."

TOBACCO PRODUCTS

Tobacco products shall not be advertised, sold or dispensed at any championship event sponsored by or administered by the NCAA. Smoking is not permitted anywhere in the venue; this includes cigars.

Section 2 • Americans with Disabilities Act

The Americans with Disabilities Act, Title III prohibits private places of public accommodation (e.g., sports arenas) from discriminating against individuals with disabilities. The host institution/conference is required to confirm that each facility in which an NCAA championship or ancillary event occurs is in compliance with the ADA. The host institution/conference is responsible for determining if the competition site will be in compliance as of the dates of the championship. If the host institution/conference becomes aware that a competition site hosting an NCAA championship event will not be in compliance, it shall immediately notify the NCAA national office staff member with responsibility for the event in order to discuss the issue.

If the host institution/conference receives a request for an accommodation, which may require input from the NCAA, the host institution/conference shall immediately notify the NCAA national office staff member with responsibility for the event in order to address the request.

Section 3 • Awards

CHAMPIONSHIP AWARDS PRESENTATION ENHANCEMENT

To celebrate and enhance the student-athlete experience at the championship site, the NCAA will work with the LOC to implement a unique and fun way to recognize the champion(s) at the end of competition during the awards. These enhancements should help increase the excitement of the awards presentation and the level of championship branding exposure in photos for student-athletes' memories when looking back on their experience.

When considering what enhancements could work at your championship site, please consider your site and playing surface, whether your championship is indoor or outdoor and weather elements could be a factor, how many teams or individual student-athletes you may have participating in the awards presentation and your budget.

In most cases, enhanced staging and unique signage opportunities are great options for both indoor and outdoor sports. These items can be freestanding or attached to another item easily. Other ideas to consider would be logo cut outs, confetti, streamers, pyrotechnics/fireworks, a short video recap of championship performance(s), champion(s) or coach interview, utilizing pep bands or using an emcee or notable sport representative (i.e., Olympic Medalist) for the presentation.

These items can be covered through the operations budget, as well as, the local organizing committee budget. The NCAA has preapproved artwork with pricing available. If you need assistance with ideas or ordering the preapproved items, please contact Nathan Arkins at 317-917-6790 or narkins@ncaa.org. Otherwise, please work directly with your primary signage contact at the NCAA on overall ideas, approvals, production and implementation with the operations staff.

CHAMPIONSHIP AWARDS

Finals

MTM, Inc., the NCAA national office awards supplier, will send official NCAA awards to the tournament manager approximately two weeks prior to the championship. When the awards arrive the tournament manager should inventory all awards to be sure they are undamaged, are correctly inscribed and are in the appropriate quantities. The awards boxes should then be retaped, closed and secured in a limited-access area.

No additional awards, unless otherwise approved by the championships manager, should be presented to the student-athletes and coaches of the participating teams.

The awards that will be shipped are as follows:

- Team Trophies: Nine Total

ELITE SCHOLAR-ATHLETE AWARD PRESENTATION

The NCAA Elite Scholar-Athlete award was created to recognize the true essence of the student-athlete by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships. Award winners must meet certain criteria including being a sophomore or above, participating in their sport for at least two years at their school, being an active member of their team, and being a designated member of the squad size at their championship. The member school is responsible for submitting its student-athlete who has the highest GPA and meets all other requirements. Olivia Baumhoer or another member of the NCAA communications staff will determine the winner of this award for each championship and provide the name of the recipient to the NCAA championships manager. The winner's name should not be released to the public until after the student-athlete is publicly recognized. If appropriate, the championships manager can share the information with the coach of the winning student-athlete to make sure of that person's attendance. However, the coach should not inform the student-athlete. Baumhoer or a member of the NCAA communication staff will typically send a template of a release and the logo to the sports information director of the winner's school the morning of the announcement to allow the school time to prepare. In addition, the information will be given to the NCAA social media staff to prepare a graphic which will post shortly after the announcement.

Each championship should provide an appropriate forum to adequately recognize and celebrate this award winner among student-athletes and fans at the championship. In addition, information about this award winner may be included in local press releases about the championship and in public address and/or video board announcements during the championship.

Award Presentation

When determining the most appropriate time to present the Elite Scholar-Athlete award, the NCAA and host staff should evaluate the time and venue that will create the greatest impact and amount of exposure for the award winner while also appropriately honoring and celebrating the winner's accomplishments. The presentation should be semiformal in nature and not be rushed or overshadowed by other presentations or events surrounding it. The award winner should be visible, the announcement clearly audible. In addition, the award presentation should receive the full attention and respect of all of those in attendance. The standard award script is listed below:

At this time, we would like to present the Elite Scholar-Athlete award. This award was instituted to recognize the true essence of the student-athlete by honoring the individual who has reached the-pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships.

The recipient of the Elite Scholar-Athlete award for Division X (sport) with a GPA of X.XXX in (major, is student-athlete and institution).

Presentation at the Student-Athlete Banquet

This award has traditionally been presented at the student-athlete banquet for most NCAA championships. In many cases the student-athlete banquet provides the best forum for the award presentation and greatest exposure for the winner as it is the one time when all championship participants and administrators are gathered in one place with a controlled, semiformal environment complete with a sound system and set program. Presenting at the student-athlete banquet also alleviates any potential conflicts with the winning student-athlete's participation in or preparation for an NCAA championship event. Guidelines for presentation of this award at the student-athlete banquet are:

- The award should be presented by either the banquet emcee, the NCAA committee chair or the NCAA championships manager.
- The award should be presented near the end of the program and be clearly recognizable as the premier award being given (see student-athlete banquet page for sample run of show).

- The award should be presented after attendees have had a chance to finish their meals.
- If video screens are available, the video slide or footage of the winning student-athlete provided by Van Wagner may be run as the individual is introduced.
- The coach of the winning student-athlete should be informed to help ensure the winner's attendance.
- If a photographer is at the student-athlete banquet or championship, a photo of the recipient receiving the award should be taken. This may be used in-venue during competition days to showcase the academic achievement of the student-athlete or provided to the student-athlete as a memento. The host sports information director should arrange to provide the winner's SID with a copy of the photo.
- If the award winner is recognized primarily at the student-athlete banquet, public address and video board announcements should be made whenever possible and applicable at the actual championship for additional exposure to fans who do not have access to the banquet.

In-Venue Presentation

The NCAA and host staffs are encouraged to look for opportunities for the Elite Scholar-Athlete award winner to be presented their award in the championship venue during a time when most participants and fans are in attendance. While this may not be appropriate for championships that are spread out over multiple venues or large areas, or have multiple games in one day that disperses the crowd chronologically – it should be explored for championships in which the majority of fans are gathered during a predetermined time frame and can provide their undivided attention to the award presentation. The presentation must also not conflict in any way with the student-athlete's participation or preparation for the championship. Examples could be:

- In a championship with two semifinals played on one day, the award winner could be recognized during the semifinal in which the individual is participating, so that the school's fans are in attendance (videoboard and/or public address read recognition).
- If the award winner is not participating or completes competition in the championship rounds of a sport but is still in attendance, the student-athlete may be recognized during breaks between events, weight classes, heats or during a scheduled break in the game.
- The award winner could be recognized during a scheduled opening or closing ceremony at which all participating student-athletes are in attendance and fans are encouraged to attend.

Other In-Venue Recognition

If the Elite Scholar-Athlete award winner is not introduced live inside the competition venue, public address and/or video board announcements recognizing the winner should be played during the championship to recognize this individual. Van Wagner will provide the following standard PA announcement sometimes accompanied by a video board slide. The championships manager (or champs engagement representative) will need to provide Van Wagner the name of the winning individual and a headshot photo if a video board is used for the championship.

The Elite Scholar-Athlete, an award founded by the NCAA, recognizes the true essence of the student-athlete by honoring individuals who has reached the-pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented to the student-athlete with the highest cumulative grade-point average participating at the finals site for each of the NCAA's championships.

The recipient of the Elite Scholar-Athlete award for the 2026 NCAA National Collegiate Men's and Women's Rifle Championships, with a cumulative grade-point average of (list GPA) in (list Major of Study), is (list winner and school: *Jane Doe of State University*).

Press Release

On the day of/or prior to the winner of the Elite Scholar-Athlete award being publicly recognized, the NCAA communication staff will send out a template of a standard press release to the sports information director of the winner's school and to the NCAA championships administrator. For selected championships, a press release will be written by a member of the communications or media coordination staff and be provided to national media by the NCAA public relations staff. If appropriate, this press release may also be provided to the host for distribution to local media.

Social Media

The NCAA X account (formerly known as Twitter) will promote the winners after the on-site announcement has been made. Olivia Baumhoer will work with social media staff members to make sure they have the appropriate information, including photo to make the graphic and the timing of when to post.

The host or NCAA championships manager should ensure a photo of the presentation is taken and emailed to socialmedia@ncaa.org.

Break in Action Contests or Promotions

NCAA championship hosts are encouraged to explore in-venue entertainment options during the championship to keep fans engaged, excited and to enhance the atmosphere for both the fans and student-athletes. Various potential areas of in-venue entertainment and the guidelines associated with them are shared below. Please discuss any forms of in-venue entertainment you would recommend with your NCAA staff point person for approval.

Hosts should consider continuing nonsponsored regular season halftime/quarter break/timeout contests and promotions or creating new, unbiased/nonsponsored promotions to use during NCAA championships. Entertainment can also include local performance groups or youth scrimmages. Guidelines and ideas for consideration:

- Must not include any commercial recognition (unless approved/provided by an NCAA corporate champion, partner or official equipment supplier and signed off by a member of the NCAA Corporate Relations staff).
- Must be appropriate and in good taste.
- Must fit safely within given time constraints with no chance of interfering with the competition.
- Must not negatively impact the championship playing surface in any way.
- No connection or resemblance to gambling.
- Participants must be randomly selected.
- No bias toward or against any participating team.
- Campus and venue rules must be considered when developing the contest or promotion.
- NCAA championship merchandise purchased by the host (e.g., extra volunteer apparel, committee or contributor gifts, items or certificates purchased from Event 1) make good prizes for these contests as prizes with commercial recognition would not be permitted.

National Anthem Singers

Hosts are encouraged to explore their resources to bring in local, regional, or even nationally recognized celebrities or groups to sing the national anthem (e.g., recording artists with strong local ties, military, local individuals, choir groups or bands). Guidelines and ideas for consideration:

- No bias toward or against any participating team (e.g., performers should not wear the apparel of a participating team).
- Performances should not come at a cost and will not be reimbursed by the NCAA.
- A brief description and “thank you” for the performing group or individual may be incorporated into the script, but no commercial recognition, sponsorship, sales or recruitment messages should be included.
- Anthem should take two minutes or less to perform, however please build extra time into the script for introduction and placement of the color guard (if applicable).
- Highly recommend a pre-event rehearsal with the performer(s) and others involved.

Enhanced Team Introductions

Examples of this could include using special music, smoke machines, flame units, on-field fireworks, team banners/flags, youth athletes forming a tunnel or holding hands with student-athletes as they are introduced, etc. Guidelines and ideas for consideration:

- No bias toward or against any participating team and should be equally executed for all participating teams.
- Must fit safely within given time constraints with no chance of interfering with the competition.
- Must be appropriate and in good taste.
- Should be discussed with the NCAA point person in advance.

Musical Entertainment

Participating school bands will be scheduled into the overall championship presentation when they are available. When they are not, the host institution marching band, other school bands or local bands may be appropriate for entertainment during pregame, halftime or other breaks in the action or for greeting fans in the stadium entrance or other congregating area.

Affiliated Award Recognitions

If appropriate, award winners for the given sport who are in attendance but not competing at the time of the scheduled recognition may be awarded on field during NCAA championships (e.g., Elite Scholar-Athlete award, coaches' association player of the year). Please consult with the NCAA point person to determine appropriateness. Sponsored awards should not be incorporated without approval from an NCAA Corporate Relations staff member.

Military Involvement

Military involvement in NCAA championships may include national anthem or break performances (military singer, instrumentalist, or band), color guard, fly-overs, parachute teams, precision drill teams, etc. Please work with the NCAA Corporate Relations and Game Presentation team to finalize military involvement, as some elements may be influenced by partnership agreements. *Please see Military Involvement below for full description and guidelines.*

MILITARY INVOLVEMENT

The NCAA is supportive of inviting the military to participate at NCAA championships if their involvement enhances the championship experience for student-athletes and fans while at the same time honoring the military in an appropriate and unobtrusive manner. At many NCAA championships, local or national military groups have been arranged by the host to perform pregame, during halftime or other breaks in the action. These performances have included, but are not limited to, national anthem performances (military singer, instrumentalist or band), color guard, presentation of large flags, fly-overs, parachute teams, precision drill teams, eagle releases, reunions of troops returning from overseas with their families, honorary recognitions, etc. Please discuss any forms of military involvement which you would recommend with your NCAA staff point person who would in turn discuss with the NCAA Corporate Relations and Game Presentation teams as some elements may be influenced by partnership agreements. Some elements may be influenced by partnership agreements, so NCAA review and approval must be provided before finalizing military involvement.

Guidelines

- Involvement from military groups often requires substantial government paperwork. Fly-overs and parachute jumps will also require FAA approval to be handled by the host. Please allow adequate lead time to coordinate.
- Host connections with local military bases will be most cost-effective in arranging military involvement.
- No messages about military recruitment should be incorporated into on-field performances.
- General messages paying tribute to all military personnel and thanking the particular military unit which has performed are encouraged (e.g., "Let's give a big round of applause for tonight's performance from the United States Air Force Heartland of America Band... and for all of the American military service personnel who they proudly represent.").
- Request for any type of presence on-site (e.g., booth space, interactive elements, inflatables, giveaway items or space within an NCAA fan festival) is not permitted unless discussed with your NCAA point person who would in turn discuss with the NCAA corporate relationships team.
- Campus and venue rules must be considered when developing the presentation.
- Please discuss with your NCAA point person if providing complimentary access to watch the championship before or after their presentation is appropriate and possible.
- When several military groups are in attendance and recognized during one game/session of a multi-day championship, you may want to consider a theme night "Military Appreciation Day/Night." This should be discussed with your NCAA point person. Marketing should also be involved if you do a theme night.

STUDENT-ATHLETE BANQUET

To celebrate and welcome all participating student-athletes and championship personnel at the final site, the host may provide a banquet (or other student-athlete recognition event). The number of guests, financial assistance provided by the NCAA and total budget shall be determined after consultation with the NCAA staff. NCAA corporate champions, partners or official equipment suppliers may receive approval to sponsor the banquet, but no local sponsors are permitted. Officials should not be included in this or any social event including the participating coaches and student-athletes. Per NCAA policy, student-athlete banquets (or other celebratory events) are not permitted at preliminary-round sites.

The NCAA may provide a video featuring the teams and student-athletes advancing to the final site depending on the amount of footage available and cost of obtaining. If practical, the NCAA staff will request the video from the NCAA games presentation team and inform the host.

The host will be responsible for coordinating all other details and logistics of the banquet including location, emcee, speakers, transportation, catering, A/V equipment, a printed program, etc., in consultation with the NCAA staff. The exact run of show and presentations included can be altered slightly to accommodate the number of student-athletes, teams and guests present as well as unique venue, sport or local elements. However, the run of show listed below and the 90-minute time frame should be used as a guiding template. Please note, that a 60-minute event is ideal, and the event should not last longer than 90 minutes.

Words of reflection or invocation are not required but may be included at NCAA student-athlete banquets. The NCAA supports a flexible policy which allows each host to follow the traditions and protocols of their university. If included, any words of reflection or invocation should be respectful and inclusive of all.

Run of Show (Tentative)

7 p.m.	Greet teams and student-athletes, direct to tables or attractions (emcee or NCAA chair)
	Soft A/V presentation (e.g., music, slideshow of participating teams and student-athletes, NCAA tribute video, DII or DIII branding video – optional)
7:15 p.m.	Welcome/comments to student-athletes and guests from the event emcee and/or a city/host institution representative
7:50 p.m.	Dinner buffet lines open or plated dinner served
8:20 p.m.	Guest Speaker (optional)
8:35 p.m.	Comments by the NCAA committee chair and the presentation of Elite 90 Award
	Championship Video (if available)
8:55 p.m.	Closing Comments (emcee with talking points from NCAA or NCAA chair)

**Comments by head coaches may not be practical at some championships, especially those with a large number of teams or individual qualifiers.*

Best Practices

While the guidelines above provide a standard framework for the student-athlete banquet, the event should be tailored to suit the needs, size and unique aspects of the championship. The purpose of the event is primarily to congratulate, celebrate and welcome all of the participating student-athletes to the NCAA championship and the host community.

The most successful NCAA student-athlete banquets have often been enhanced by unique venues, décor, interactive features, program enhancements or keepsake items that showcase the uniqueness of the host city or region and their excitement to host the NCAA championship. The NCAA will rely on the creativity of the host for development of these items. The formality of the event, attendee attire, appropriate number and type of speakers, level of interaction between student-athletes, etc., varies from sport to sport. The NCAA point person can help advise the host on sport specific nuances.

The host will assume the lead production role for the student-athlete banquet but should seek the advice and approval of the NCAA point person on such items as location, budget, timing, final run of show, speaker, menu, giveaway items (some may be provided free of charge by NCAA official equipment suppliers) and additional enhancements. Some past student-athlete banquet enhancements that have been well received are listed below. Please note, however, that the potential impact of all possible banquet enhancements on student-athletes should be weighed against appropriateness, available budget and other needs of the overall championship.

Sample Enhancements

- Unique venue – a skybox club overlooking the host university’s football stadium; a historical or cultural center; an aquarium or museum where brief tours can be incorporated into the programming; an iconic restaurant, theater or arena in the area; a beach party setting; etc.
- Slideshow – before and/or after the formal presentation, a slideshow of participating team or student-athlete images is shown on video boards or mixed with NCAA branding messages (host would be responsible for collecting images from schools or preliminary round hosts).
- Speakers – relevance to the participating student-athletes is the most important factor. Former NCAA champions or graduating student-athletes who went on to professional or Olympic fame in the given sport are ideal, however other options available at no or little expense to the host should be explored as some speakers transcend their sport or profession. Examples of previous speakers include Todd Martin – Tennis, Dot Richardson – Softball, President of the USGA – Golf, Bill Belichick – Lacrosse (Boston), ESPN personalities, comedians, motivational speakers, well-known football or basketball coaches at the host institution, etc.
- Photo opportunities – opportunities for teams or individuals to pose for a photo in front of a championship backdrop (possibly with the championship trophy) or in conjunction with unique or iconic elements of the area (e.g., with giant hanging shark in Florida, with longhorn steer in Texas, in winners circle at Churchill Downs, overlooking city skyline, football stadium).
- Favors unique to the sport or area – examples include mini soccer balls, mini lacrosse sticks, baseball shaped cheese – Wisconsin, make-your-own beach flip flops – Florida; please check with your championship administrator regarding budget, appropriateness and possibility of items provided by official equipment suppliers before pursuing.
- Special entrances for student-athletes – red carpet into venue, spotlights, limos, local youth teams wearing team colors or with pom poms/signs to greet the student-athletes.
- Band/DJ/Interactive Games – are generally only appropriate in more informal settings with numerous teams of both genders, relaxed time constraints, fun atmosphere, etc.
- Event 1/Championship merchandise – sales booth or display area with order forms on-site.
- Special Olympics Component – speaker, athletes, etc. (recommended for all DIII championships).

Section 6 • Commercialism/Contributors

SPACE REQUIREMENTS

Activation of Corporate Champion and Corporate Partner Program. The NCAA may request/require that certain areas of the competition site be made available for use by NCAA Corporate Champions or Corporate Partners (CC/Ps) for the purpose of marketing/promotional events/activities. If such requests are made, the host institution will provide requested space or similar accommodations.

Local Organizing Committee Hospitality. If approved by the NCAA, the Local Organizing Committee (LOC) has the option to host specified events during the championship. Commercial identification of any kind at any LOC function is prohibited unless specifically approved by the NCAA. The NCAA must approve all uses of NCAA logos, names, or other graphics (including school logos). The LOC shall submit detailed proposals (e.g., location, date, time, food and beverage, entertainment, budget), to the NCAA for review and approval at least 60 days in advance of the event. Any such events conducted are conducted at the LOC's expense.

Other Functions. To enhance the experience for participating institutions, fans, and alumni during NCAA championships, the NCAA (in conjunction with a third-party agency) may facilitate an official hospitality program in or outside of the competition site.

PREMIUMS GUIDELINES

Competition Venue shall provide to the NCAA a set of guidelines, similar to those outlined below, that identify items that are not permitted in the venue no fewer than 120 days prior to the first NCAA championship related event. The NCAA will then utilize and share that information with its NCAA Corporate Champions and Corporate Partners.

Laser Pointers. No laser pointers of any kind.

Noisemakers. Artificial noisemakers of any kind including but not limited to, air horns, electronic instruments, inflatable noisemakers, etc., are not permissible. Facility personnel are responsible for confiscating prohibited items at the entrance points or removing such items from the facility. Megaphones may be used for voice amplification, but they shall not be used as a distraction.

Promotional Items. Promotional items (e.g., cups, shakers, flags) with commercial slogans or identification, other than those from NCAA Corporate Champions and Partners, are not allowed on the premises. Items such as newspapers, handbills, flyers, memorabilia, T-shirts, caps, etc., except products sold/distributed by the NCAA or its agents, may not be distributed on the premises.

Signs, Flags, Banners. Large signs, flags or banners are not permissible. It is the facility personnel's responsibility to confiscate all prohibited articles. Items that can be held by one individual, reflect good sportsmanship and do not block the view of other ticketed patrons may be permitted. In no case may a sign, flag or banner be affixed to the facility.

Video Camera/Still Camera Policies. Ticketed patrons shall not bring video equipment into the facility on game days. Still cameras with a lens no longer than four inches are permissible on any day.

NCAA CORPORATE CHAMPION AND CORPORATE PARTNER PROGRAM

The NCAA Corporate Champions and Corporate Partners Program (i.e., corporate sponsors of the NCAA), managed by the NCAA along with TNT Sports and CBS Sports, authorizes the exclusive rights to license NCAA trademarks, tickets and taglines in commercial promotions with respect to the NCAA championships.

The host shall not solicit or permit involvement by any corporations or entities whose products may be in competition with any of the NCAA corporate champions or corporate partners. All proposed commercial involvement must receive prior approval of the NCAA.

NCAA Corporate Champions and Corporate Partners are dedicated to emphasizing the role of athletics in higher education, support all NCAA Championships and are granted a wide variety of benefits, including certain category exclusivity around use of NCAA logos, trademarks, designations and championship tickets.

For more information and a current list of corporate champions and partners, please click on the following link:

[NCAA Corporate Champions & Partners](#)

LOCAL CONTRIBUTOR PROGRAM

Currently, local non-CCP corporate entities are not permitted to utilize the NCAA's registered marks, logos, tickets, name or references to the championship in a promotional/commercial manner. If a host institution/conference has an interest in using value-in-kind contributors, the contributor plan must be approved in advance by the NCAA Corporate Relations staff. The LOC is permitted to involve a local contributor in the championship only as a sponsor of LOC activities or as a ticket package purchaser (pending NCAA approval of said local entities and approval of the arrangement).

Local contributors may only be referred to as "local contributors of the LOC." Local contributors may not use the word "official," "official sponsor of" or "corporate champion/partner" in any manner. Local contributors will not receive any in-venue or on-site recognition/branding/exposure, with the exception of small signage in private hospitality locations; in the souvenir (print or digital) game program, and/or additional digital advertisement space. In being recognized, these local contributors must be referenced as supporters of the local organizing committee, and not of the NCAA. Any recognition, branding and/or exposure creative must be submitted to the NCAA Corporate Relationships staff for review and approval.

Local contributors may be provided an opportunity to purchase an advertisement in the souvenir game program, provided the corporation is not a competitor of any NCAA Corporate Champion. All advertisements must be submitted to the NCAA Corporate Relationships staff for advance approval. As noted above, local contributors who purchase an NCAA-approved ticket package may not receive recognition of any kind without the advanced approval of the NCAA staff.

NCAA TRADEMARKS

NOTE: These general guidelines do not include merchandise designs. All product designs must be submitted through the NCAA's licensing program administered by The Collegiate Licensing Company. Inquiries should be directed to the NCAA licensing staff.

1. ALL uses of NCAA trademarks or logos must be submitted to the NCAA for approval.
2. [Click here for the most current list of NCAA licensed or owned trademarks.](#)
3. Downloads of NCAA logos may be obtained through the [NCAA Digital Library](#).
4. The NCAA's position on inclusion of ® and ™ marks is first and most prominent use.

The location of the trademark and how it is used is the primary factor in determining if a trademark symbol should be included in text. If the protected logo location is prominent and the primary focus on the page or product design, an ® or ™ in the text is not necessary. However, if the logo location is placed lower on the page or is secondary to the message being delivered, an ® or ™ in the text or header (first use only) should be inserted.

In the case of NCAA Women's Final Four, an ® is required after NCAA and after Women's Final Four. The NCAA owns "NCAA" and "Women's Final Four", but "NCAA Women's Final Four" is not a registered mark in itself: NCAA® Women's Final Four®.

To further expand, if the NCAA primary logo, which displays the registered mark, is used in a prominent position; NCAA Women's Final Four would require an R-ball only after the Four because the NCAA has already been identified as a registered mark. NCAA Women's Final Four®.

5. In radio and television advertising, NCAA should only be pronounced as N-C-A-A or N-C-double-A. It should not be referenced as "N-C-two-A" or in any other fashion.
6. Official names cannot be changed or abbreviated unless specifically trademarked (Final 4).
7. There may be no registration of or use of NCAA marks within Internet domain names unless advance approval from the NCAA is secured and ownership of the URL is maintained by the NCAA. Such use of NCAA marks in Internet directories is prohibited; however, members may use an NCAA mark within a member URL, provided such NCAA mark does not appear in the domain name portion of the URL. By way of example, members may use the following URL: memberx.edu/ncaa.

Identification of commercially named venues on NCAA materials

- For the purposes of providing information about and promoting the location of an NCAA championship, the venue/competition site of any round of NCAA championships can be printed, in text-only, on any and all pertinent materials bearing NCAA marks (subject to NCAA approval of the graphics).
- The logo of a commercially named venue cannot be used on any materials bearing NCAA logos or trademarks.
- The venue's name and information (without use of logos) will also be included on the dedicated website that the NCAA will provide to sell tickets.

NCAA logo use by commercially named venues

For the purposes of providing information about and promoting the sale of NCAA tickets, the venue/competition site of any round of NCAA championships is permitted to display (subject to NCAA approval of the graphics) the championship site-specific logo as recognition of the event being held in its facility. The NCAA logo must be in the form of a link to a dedicated web page that will be established and/or assigned by the NCAA championship administrator to sell the NCAA tickets.

The following conditions apply to this NCAA logo use:

- The NCAA championship site-specific logo can be used by the venue to communicate the NCAA event as one of the variety of upcoming events at the facility. The NCAA logo must be used only once and only as a part of a group of other logos of events being held at the venue.
- The one-time logo use is limited to the site's "home web page" or "event web page."
- The NCAA logo must be placed in a location on the venue's web page so that there is clear and defined separation between the NCAA logo and any other commercial logos (including that of the commercially named venue). [This is because NCAA Corporate Champions/Corporate Partners and WBD/CBS have graphic exclusivity in the use of NCAA logos and marks.] Logos of the venue's or the website's advertisers/sponsors may be used on the home/event web page even with the NCAA's championship site-specific logo on the same page if those commercial entities are clearly separated from the NCAA logo (e.g., are on a different colored background and are located at the bottom of the website page).
- The venue is not permitted to claim to be "the home," a host or co-host of any session of the NCAA championship.
- The logo provided by the NCAA championship staff cannot be modified in any way.
- ALL uses of NCAA logos must be submitted to the NCAA staff for approval.

NCAA trademarked protection language:

NCAA trademarks benefit from consistent "source identification" to the public through basic legal language attributing ownership.

The legal statement should be used on "printed" materials of all types for all NCAA trademarks, except where there is agreement by key staff stakeholders that aesthetic or space limitations prevent legal language. The legal statement is NOT required when the NCAA blue disk or the word NCAA is used alone and part of NCAA-produced materials without any of the conditions below.

- Printed items that display logos of other business entities/organizations (i.e., corporate champions/corporate partners, network partners, official suppliers, official licensees, local organizing committees and NCAA members).
- Printed items that are produced to be "used" by other business entities/organizations including NCAA members and host institutions.
- Printed items produced for advertisement/promotional purposes (i.e., magazine and newspaper ads, NCAA souvenir publication ads, posters, newsletters).

The NCAA requires protection language as outlined below. This does not have to be prominently displayed language and is expected to be included as some form of “mouse print.”

The examples below are written only to represent the most typical examples. If you are unsure of exact wording for a specific example, please contact Ashley Murray at amurray@ncaa.org or 317-917-6349.

For blue disc and/or secondary (word) mark, please use:

- NCAA is a trademark of the National Collegiate Athletic Association.

For blue disc/secondary marks plus another NCAA trademark, please use (for example):

- NCAA and March Madness are trademarks of the National Collegiate Athletic Association.
- NCAA, NCAA Sweet Sixteen and Road to the Final Four are trademarks of the National Collegiate Athletic Association.

For blue disc/secondary marks plus another NCAA trademark used with other authorized business entities, please use (for example):

- The NCAA, March Madness, Men’s Final Four and Women’s Final Four are trademarks owned by the National Collegiate Athletic Association. All other licenses or trademarks are property of their respective holders.

NCAA Licensed Trademarks:

College World Series and Women’s College World Series: The NCAA is the exclusive licensee of these marks, registered by Major League Baseball, in connection with the NCAA Division I Men’s Baseball Championship and the Division I Women’s Softball Championship.

All other licenses or trademarks are property of their respective holders.

OFFICIAL CHAMPIONSHIPS/LICENSEES AND SUPPLIERS

The NCAA licensing program is designed to ensure the quality and consistency of all of the NCAA’s Championship Event merchandise, protect the intellectual property of the NCAA and our member schools, and generate revenue to enhance programs that support NCAA student-athletes.

Any premiums and/or other merchandise that bear NCAA Marks, Brackets, Taglines or other NCAA references must be produced by an official NCAA Licensee or NCAA Official Equipment Supplier. There may be royalties or other related costs associated with such items. If the NCAA is unable to identify a current NCAA Licensee or NCAA Official Equipment Supplier to provide a specific piece of merchandise, the NCAA will work to sublicense (on a short-term basis) a company that can provide the specific item.

ADVERTISING/SIGNS/“LOOK AND DÉCOR”

- Advertising/Banners/Signs/Displays.** The host shall not permit advertising, marketing identification, banners, signs or displays of any kind to be hung, posted or displayed anywhere within the general public seating/viewing area of the competition, practice and/or ancillary event venue(s) (i.e., any place that can be seen from the playing surface or seats), including the scoreboard and the playing surface prior to or during the conduct of the championships, other than NCAA, media partner or NCAA corporate champion/partner branding/recognition (e.g., signage, banners, scoreboards, LED scorer’s table, video board, ribbon board, PA announcements) approved by the NCAA. Any permanently affixed (or previously leased) advertising banners, signs, cup holders, select equipment bearing corporate marks (e.g., TVs, computer monitors, stats monitors or displays), product/exhibit displays (e.g., car displays, branding exhibits/kiosks) shall be covered with décor elements or other NCAA directed elements by the competition, practice and/or ancillary event venue(s) and at the expense of the venue(s) as specified by the NCAA, including costs of production and installation and strike. Similarly, for any surrounding areas/facilities that are to

be used by the NCAA for official events, no advertising, marketing, identification, banners, signs, decals, sampling, distribution or displays of any kind shall be hung, posted or displayed anywhere within those areas unless authorized by the NCAA. All professional signage/marks/pennants/banners/retired numbers/etc. may continue to be displayed. NCAA staff representatives have the discretion, during their site visit or when on-site in advance of the tournament, to have the building staff remove a sign/banner. Collegiate championship banners or those with retired numbers of collegiate performers can remain. All usage of marks must follow NCAA brand guidelines and must be approved by NCAA staff in advance.

- b. **Alcohol/Tobacco/Gambling.** All alcohol, tobacco and gambling advertisements/corporate identification within broadcast view or viewable by game attendees in the competition venue bowl must be covered at the expense of the host or venue. Any alcohol advertising that is deemed by the NCAA as not viewable from within the bowl does not need to be covered, whether in the concourse or in ancillary venues; tobacco or gambling advertising in the concourse must be covered. All other advertisements/corporate identification in the noted areas must, at a minimum, not be backlit unless otherwise authorized by the NCAA. This would apply to preliminary rounds and the championship rounds for all the NCAA's 90 championships.
- c. **External Signs.** All exterior venue corporate signage, other than professional franchise identification, must be covered as specified by the NCAA and must be covered with décor elements as specified by the NCAA at the expense of the competition, practice and/or ancillary event venue(s).
- d. **Commercially Named Venues.** Commercially named competition, practice and/or ancillary event venue(s) may display no more than two preexisting interior signs consisting only of the competition, practice and/or ancillary event venue(s)' name at the top of the venue, with placement designated by the NCAA. The competition, practice and ancillary event venue(s) signage design and placement must be approved by the NCAA. If the commercially named competition, practice and/or ancillary event venue(s) is an existing NCAA Corporate Champion or Corporate Partner, the NCAA, in its sole discretion, may allow additional branding of the commercially named venue(s).
- e. **Covering existing signage/product branding.** In regard to any signage that is to be covered in accordance with these bid specifications, the practice, competition and/or ancillary event venue(s) shall not limit or prohibit the ability of the NCAA to use signage or other elements of its own third-party designees in covering such existing signage/product branding.
- f. **NCAA Corporate Champion and Partner Branding/Recognition.** The NCAA shall have the right to display branding/recognition (e.g., signage, banners, scorer's table, video board, ribbon board, PA announcements, inflatables, projections, kiosks, decals, window clings, lighting, street teams, logos) for the Association, its corporate champions and partners and media partners inside and outside of the competition, practice and/or ancillary event venue(s). These locations, include but are not limited to the concourse, within the competition bowl and venue exterior without limitation.
- g. The NCAA shall provide the competition venue with the appropriate stickers/field stencils for the approved playing surface markings for the championship.
- h. If facility approves, patrons are permitted to bring in small signs (signs which can easily be held by one person and cannot block the view of anyone seated around them), as long as any writing or slogans on them are in good taste. In addition, it is permissible for patrons to bring in non-noise-making items (in compliance with NCAA and facility premium guidelines) as long as they do not include any (non-CCP) commercial identification.
- i. At no charge, the NCAA will have full access to, and control of, any and all LED and other digital signage inventory, both internal and external to the competition venue. This includes TV monitors, video screens, video walls, LED fascia, and all external signage, digital or otherwise. This includes any and all digital inventory to be made available at the time of the championship, inclusive of any inventory that may be added by the venue after this bid document is signed.

Section 7 • Drug Testing

The NCAA is dedicated to fair and equitable competition throughout each round of NCAA championships and strongly supports the drug-testing program established by its membership, to safeguard the health and safety of the participating student-athletes.

Comprehensive drug testing details for hosts can be found at the following link [NCAA Drug Testing Program](#).

Section 8 • Facility, Equipment and Space Requirements

ATMOSPHERE AND NEUTRALITY

The championships should strive for an exciting environment that is both fan-friendly and respectful to the participating student-athletes. Music will be played during the qualifying relays and the individual finals on both days of competition. Any music played will be from a predetermined playlist compiled by the host institution staff and approved by the championships manager and the Rifle Committee. Music should be played in the background at a volume level that is not overly distracting. The rules interpreter will inform the host institution if the volume level needs to be adjusted to a more appropriate level.

Host institutions should keep in mind that an NCAA event is not a home event. Neutrality is important; therefore, such items as the use of players on programs and host institutional signage should not be used to create a "home" atmosphere.

COCA-COLA PRODUCT AND EQUIPMENT

Equipment Information (Finals Site Only)

The NCAA will provide certain championships relevant equipment (sideline hydration product, sideline hydration equipment, etc.) on a sport-by-sport basis that must be used in all championship activity. The purpose of the product and equipment is to hydrate student-athletes for competition. Each championship will receive information from the NCAA pertaining to any product and equipment that will be provided. Following the championships, each host site will be required to provide the NCAA with a completed inventory sheet (template provided by the NCAA) and pictures for proof of performance.

Cups, Coolers and Water Bottles (Finals Site Only)

Drinking cups, water coolers, ice chests, cooler carts and water bottles should be provided for each scheduled practice or competition of any round of an NCAA championship. Participating teams shall place any premix fluid replacement in the NCAA-issued coolers and water bottles when applicable. Only cups, cans, coolers or water bottles may be used during championships that are provided by the NCAA. If applicable, the host may retain the coolers, cooler carts and ice chests after the competition. Reoccurring host sites are strongly encouraged to use the same equipment the following year unless otherwise notified by the NCAA. Participating teams may retain the water bottles and bottle carriers after the competition.

Hydration Program (Finals Site Only)

Coca-Cola will provide a bottled water product (e.g., Dasani), POWERADE powder, and when applicable, POWERADE in bottles. Participating teams and student-athletes in NCAA championships continue to be free to use/consume permissible hydration beverage(s) of their own choice in the NCAA-provided equipment. Equipment carrying any branding other than POWERADE, however, will not be permitted on the sidelines during NCAA championships.

If a championship also receives POWERADE-branded squeeze bottles, they should be provided to student-athletes. Non-POWERADE-branded squeeze bottles brought by teams/student-athletes will not be allowed.

If the host has to provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, POWERADE, Coca-Cola, Sprite).

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonic) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Use of NCAA-Provided Coolers from Previous Years

The host may use previously supplied equipment from the NCAA, specifically POWERADE equipment with approval from the NCAA; however, unless approved by the NCAA (which is often possible), they must be used in areas not within television or photographer view [they may not be used on the sidelines or within the competition area(s)].

CONCESSIONS

- Power at a table for the target operating equipment consisting of two or three laptops.
- Power in the team camp area where each team will be setting up their equipment before coming to the range.
- Power in the committee area to power chargers for communications (cell phones).

Prone mats (26). NCAA to provide.

Public-address system. An adequate public-address system should be on site. The host institution and the NCAA will work together to identify an experienced public-address announcer with knowledge of the sport of rifle to announce the individual finals in both disciplines.

Ranges.

- a. The institution shall provide a range with the capability of accommodating a minimum of 26 firing points with a 10-meter and a 50-foot firing line. Additional space, (30-foot minimum) behind the 50-foot line, for competitors and range officers is required. (See USA Shooting Rules Book.)
- b. The NCAA will provide (and have shipped to the host site) an eight-foot tall range backstop (steel and plywood) to be set up behind the 26 firing points. The approximate size of the total range is 100 feet wide and 80 feet long.
- c. The host institution should consider constructing an additional layer of protection above the eight-foot backstop to further protect the venue.
- d. The games committee shall inspect the range Wednesday. All ranges should be competition ready prior to the start of practice on Thursday.

Section 9 • Financial Administration

AUDIT

Sites will be randomly selected for financial and box office audits following the championship.

The NCAA will make every effort to notify sites selected for audits within 30 days after the approval of financial reports, but reserves the right to audit a site up to one year after the championship. Receipts, facility settlements, expense reimbursements and honorariums are subject to change until the audits are reviewed and accepted by the NCAA. If selected for audit, the documentation requested could include: box office audit reports or sales summaries; ticket purchase invoices or statements; unsold tickets; invoices, contracts or timesheets supporting all expenses; general ledger; bank statements; check copies and reconciliations; competition venue rental agreement; and any other documentation to support details reported on the host financial report. In addition, overages between budgeted and actual numbers will be reviewed.

APPROVAL OF THE BUDGET

As part of the site-selection process, each prospective host must submit a proposed budget for approval by the NCAA. All receipts and expenses associated with the conduct of the championship competition shall be included in the proposed budget. This includes lodging expenses for officials and site representatives, if applicable. The proposed budget must be submitted before the selection date in accordance with the schedule set by the sport committee and approved by the NCAA prior to the first date of competition of the championship. Additionally, best efforts should be made by the host to reasonably forecast expected ticket sales from the hosted event due to attendance driving a number of host expenses.

The host institution is responsible for adhering to championship expenses as approved by the NCAA, including (but not limited to) competition site rental, maintenance, insurance, printing of tickets, ushers, maintenance personnel, ticket sellers, ticket takers, minor officials, police and security, promotion, publicity, advertising, meetings, banquets, medical staff. Other expenses not included in the original proposed budget must be approved in advance by the NCAA.

It is also incumbent upon the host to understand and remit all necessary taxes related to the sale of tickets to the sale of championship tickets made by both the NCAA and the host at their given state and locality. All consideration must be given by the host for certain relief of taxes with respect to the NCAA's not for profit status under 501(c)3 of the Internal Revenue Code. Additionally, certain championships may be required to provide a letter of attestation regarding tax status provided by an outside CPA/accounting firm.

FINANCIAL REPORT

Host institutions must complete the online financial report, which includes accurately reporting all revenues and expenses, within 60 days after the final date of competition at the site (if applicable). An automated email will be generated notifying the host of the final, approved settlement payable/receivable amount. Remittance of any amount due to the NCAA should be made to the NCAA upon approval of the financial report by the NCAA staff and receipt of the automated email noted above. If requested, the host may be required to provide all supporting documentation to validate the revenues and expenses of their site. As a best practice, hosts are encouraged to upload all appropriate receipts, ticket audits and other supporting documentation to their host report on the "Summary" tab as documentation supporting each line of their revenue and expense figures.

Financial reports showing net receipts are not considered complete until payment is received at the national office. Institutions that fail to meet the 60-day reporting period will be assessed the following penalties: 60-90 days past due (25% reduction in honorarium), 91-120 days (50% reduction in honorarium) and 121 days or more (100% reduction in honorarium). If the financial report results in the NCAA paying the host, the NCAA will make its best efforts to reimburse the host within five business days of the report being approved by the NCAA accounting department.

DRUG TESTING EXPENSES

The budget for drug testing expenses should only be completed and returned to Drug Free Sport if the host has been notified that drug testing will occur. The drug-testing budget and expenses are separate from the financial report form. The drug-testing budget form is an appendix in the [drug testing manual](#) ([ncaa.org/Student-Athlete Programs/Health and Safety](http://ncaa.org/Student-Athlete_Programs/Health_and_Safety)).

The NCAA will reimburse the competing institutions for transportation and per diem expenses in accordance with the NCAA travel policies. The competing teams shall be responsible for their local transportation, unless otherwise allowed under NCAA policy. Once the championship is completed, participating institutions should submit online expense forms via the [Travel Expense System \(TES\)](#) to the travel department within 30 days of the competition. Please note that if you host a championship, the submission of per diem and/or transportation reimbursement is a separate process and submission from completing the host budgeting and approval process defined above.

Competition site access can be secured by acquiring session tickets through purchase or an institutional pass list.

Any medical staff traveling with participating teams will have access to their team participants with the assistance of host medical staff, should an injury occur. If medical staff are not to be seated with the team during any championship event for any reason, they should communicate to host medical staff their seat locations and host medical staff should be prepared to provide all participant medical staff with the necessary credentials to access and provide necessary escort to the team locker room or athletic training room in the event of an emergency. Typically, an access point from the stands supervised by security will allow access by medical personnel to student-athletes.

Equipment carrying any branding other than BODYARMOR, however, will not be permitted on the sidelines during NCAA championships.

If a championship also receives BODYARMOR-branded squeeze bottles, they should be provided to student-athletes. Non-BODYARMOR-branded squeeze bottles brought by teams/student-athletes will not be allowed.

If the host must provide and/or purchase product for any NCAA championship use (e.g., student-athlete banquet, committee tent/suite, hospitality areas, media areas), the host must purchase and provide only Coca-Cola products (e.g., Dasani, BODYARMOR, Coca-Cola, Sprite).

Competitors of NCAA Corporate Champion Coca-Cola may not provide product (beverages, water, isotonic) for any NCAA championship, even if the competition offers product for free or at a reduced cost. The championship budget will cover the purchase of Coca-Cola beverage products.

Section 15 • Lodging

NCAA Predetermined Preliminary-Round Competitions and Predetermined Championships

For all NCAA predetermined preliminary-round competition and predetermined championships, On Location, acting on NCAA's behalf shall contract hotel accommodations for the participating institutions/student-athlete(s). The contracted hotel properties shall be within 30 miles (30 minutes) of the competition site and be priced at a fair and reasonable market room rate. The selection of a competition site may be dependent on availability and quality of rooms for participating institutions/student-athlete(s). Teams must stay at an NCAA contracted hotel unless otherwise noted. Hosts are no longer required to secure the rooms. On Location, the official hotel management provider of the NCAA, will solicit, negotiate and contract all hotel rooms at these sites.

The NCAA will enter into agreements and secure hotel accommodations for (a) the participating teams; (b) match officials/personnel; (c) NCAA committee members; (d) NCAA staff members; and (e) the drug testing crew. Two separate hotels will be used. One will be designated as the participating team hotel and all others will be housed at the designated headquarters hotel.

Championship participants are mandated to stay at the NCAA's contracted hotel properties for the event. Any participants staying outside of the NCAA contracted hotel block(s) will not be reimbursed.

TEAM HOTELS

Double-double nonsmoking rooms will be reserved for the participating student-athletes and coaches at a special rate. These room reservations will be part of the NCAA's room block/contract with the designated team hotel beginning March 6.

Starting on Feb. 23, coaches of teams and individuals selected to participate in the 2026 NCAA Rifle Championship can begin making their hotel reservations at the designated team hotel.

The participating institution may use the rooms for persons accompanying the official traveling party.

If an institution fails to make satisfactory arrangements for use of assigned rooms with the hotel, full charges for the rooms will be billed to the institution.

MERCHANDISING

The hotel understands that the NCAA exclusively will have first right of refusal to sell products licensed by the NCAA for merchandising at the selected hotels, unless otherwise noted in the hotel agreement. If the NCAA executes this right, the hotel agrees to provide space in its lobby, tables, electricity, dedicated phone line and a secure storage location for such sales at no charge to the NCAA merchandising agent. The NCAA guarantees that the merchandise will be displayed in a neat, professional manner.

In return, the NCAA merchandising agent will pay to the hotel a percentage of the net sales from the hotel location. Net sales are defined as gross sales minus sales tax and credit card fees. The percentage rate will be a predetermined, nonnegotiable rate included in the contract between the two parties, except as specified in the following sections.

Section 16 • Marketing

CONTACTS

The host institution should designate a marketing contact or marketing team for the championship. This person should be familiar with marketing strategies that have worked in the community where the championship will be held to sell tickets and drive attendance. It is the primary responsibility of the marketing contact to work closely with the NCAA Championships Marketing contact to create and implement the championship marketing plan. While many host institutions may have a marketing contact in the athletics department, this individual may also be from the local organizing committee, convention and visitor's bureau, sports commission or a combination thereof. Contact information for the designated marketing contact(s) should be submitted through the Key Contact portion of the Host Reporting System.

EXPECTATIONS

- Know the marketing budget. The NCAA championship tournament manager on your campus or the NCAA Tournament Operations point person can communicate your marketing budget.
- Develop marketing goals. The primary focus should be driving ticket sales and attendance at the championship by developing inclusive promotion and awareness opportunities and utilizing diverse targeting strategies.
- Map out the time frame to market the championship.
- Determine how to best use the marketing materials provided by the NCAA.
- Establish grassroots initiatives to implement in your local and regional communities by creating and promoting messaging that resonates with people of all race, sex, class, national origin, creed, education background, religion, gender identity, disability, gender expression, geographical location, income, marital status, parental status, sexual orientation and which appeals to diverse communities.
- Explore opportunities with traditional media (print, radio and television) in your area.

MARKETING PLAN

Host institutions/conferences shall establish a marketing plan in coordination with the NCAA Championships Marketing contact. The marketing should reflect the host's commitment to creating an environment where all guests feel welcome and see themselves represented throughout the championship experience. All marketing plans, marketing budgets and collateral must be approved by the NCAA Championships Marketing contact prior to implementation.

MARKETING COLLATERAL

NCAA Marketing Portal. The NCAA Marketing Portal is a comprehensive tool designed to help hosts create marketing products which will generate awareness, drive ticket sales and promote attendance at championship events. The [NCAA Marketing Portal](#) can be accessed at ncaachampspromotion.com.

Hosts should utilize imagery from the artwork provided, produce the items locally and obtain reimbursement for production costs, up to the reimbursable allocation provided for the championship round you are hosting.

Each NCAA Championships host marketing contact and tournament manager will receive an email with the marketing website address, username and password. Please contact ncaachampspromotions@ncaa.org if you are unable to locate this information.

All requests must be approved by the national office staff before you proceed. Artwork requests and approvals will be managed through the website. If you do not have a local print vendor, we have listed NCAA preferred vendors on the website.

Collateral should not be created outside of the NCAA Marketing Portal. The website ensures proper usage of NCAA logos and trademarks, as well as ensures consistent branding across each championship round and all 90 NCAA Championships.

NOTE: A limited number of Division I predetermined hosts will create all marketing collateral by coordinating directly with the NCAA Championship Marketing contact; they will not have access to the NCAA Marketing Portal.

Television/Video and Radio Ticket Spots. The marketing website allows hosts of select predetermined championship sites to download TV, video, and radio spots for immediate use. Questions regarding the availability of these spots for your championship event should be directed to your NCAA Championship Marketing contact.

SOCIAL MEDIA GUIDELINES

Host institutions/conferences may use already established social media accounts (e.g., Facebook, Twitter) as a place to promote the hosting of an NCAA championship. However, host institutions/conferences should use marketing messages and assets supplied from or approved by the NCAA (links, web banners, flyers, updates, etc.). If the championship does not have an official NCAA social media page, a host is NOT permitted to create a social media page. The NCAA will make efforts to promote this championship on the established pages, as necessary. Please refer to ncaa.org/social media for a listing of official NCAA social media accounts.

The NCAA considers this hosting opportunity a partnership between the host school/conference, facility and the NCAA. The primary objective of everyone involved in the administration of the championship, shall be to provide a memorable championship experience for each participating student-athlete, coach, administrator and tournament attendee.

Note that health and safety protocols related to preparedness, response and protocols might have an effect on the media services detailed below, with any changes provided to all hosts in advance of each championship.

BROADCASTING/INTERNET

Please log on to ncaa.com/media for information regarding broadcast/internet rights.

CHAMPIONSHIP RECORDS

NCAA championship records are available in PDF format at ncaa.org/sports/2021/2/9/statistics.aspx.

CREDENTIALS

All media credentials are authorized and issued by the host or NCAA media coordinator. The NCAA provides credentials for all final championship sites and selected preliminary rounds sites. Hosts should contact the NCAA media coordinator or championships administrator to confirm who will produce credentials for preliminary sites. If you are producing your own credentials, the “Conditions Placed on Use of Credentials” should be placed on the back of all credentials. That text, located at ncaa.com/credentialterms, should also be visible at credential pickup.

The following is a sample of the types of credentials that can be produced, if applicable:

- All Access – For event management-type personnel who need access to every area, including game surface.
- Event Management – For event management staff who do not need All-Access.
- Media – For members of the media to provide them access to press areas (press row/box, media room, interview room, locker rooms (postgame only).
- Participant – For student-athletes, coaches, equipment managers (anyone in the official travel party).
- Photo – For still photographers and television camera operators (if the contest is not going to be televised) to allow them access to appropriate areas [playing surface, locker rooms (postgame only), press box and media room].
- SID – For sports information directors of the participating teams (allows for access to media areas and locker rooms as needed).
- Television Network – If the game is going to be televised by ESPN, Turner Sports, etc., those entities should have their own credentials to allow them to specific places such as the truck compound.

It is up to the tournament director to determine which areas may be accessed with each credential type.

CREDENTIAL QUALIFICATION AND ACCEPTANCE

Final-Round Site - Approximately one month before the start of final site competition, the site media coordinator should send credential application information to media representatives who regularly cover intercollegiate athletics in their markets. The information should be directed to media to apply for credentials at ncaa.com/media, which includes credential application instructions, credential criteria and links to the NCAA media policies. The site media coordinator will approve or deny all credential requests in the online credentialing system (Sport Systems) Credential system training sessions will be conducted. The system will notify via email all media members who apply for credentials whether their request has been approved or denied. If a media member is granted a credential, the site media coordinator is responsible for sending that member of the media information regarding game times, press conference schedules, credential pickup times and location, parking and any other pertinent information.

** Working credentials will not be mailed. The media coordinator should issue credentials individually at an appropriate site at the venue or at the designated headquarters hotel. A government-issued photo ID is required to pick up credentials. Credentials are nontransferable and will only be issued to the person whose name appears on the credential. Credential pickup for others is not allowed.

CREDENTIAL BOARDS

The NCAA will provide credential boards to all final sites. These are to advise security personnel at the competition venue which credentials are allowed into specific areas of the venue. For credentials that are not allowed into a specific area, use a black marker to cross out the credentials not permitted.

FINAL RESULTS BOOKS AND STATISTICS

The final results book for team championships should include, at a minimum, final statistics, play-by-play and results as well as a cover sheet, event recap and postgame notes/quotes.

The host institution shall provide complete statistics of all NCAA championships competition.

FLIP CARDS

Flip cards should be provided to all media members for easy reference to participating team information, where applicable. The flip cards should include all players on the roster and a minimum of their uniform numbers along with the head coach and any assistants. The flip card should include team results as well as standard information regarding the game, such as date, location and opponent.

INTERNET POLICY

The NCAA website, ncaa.com, serves as the official online resource for NCAA championships. Please visit ncaa.com/media for updated NCAA championship internet policies.

The NCAA and its partners own the Internet rights to all of its championship events. Rights include live statistics, video and audio streaming, electronic commerce, and postevent footage use. The NCAA and its partners own all game action, practice footage, press conferences, one-on-one interviews or any other content on the NCAA website.

Internet Live Statistics

The NCAA reserves the right to deny permission to produce live statistics for NCAA championship play. In the event the NCAA takes on the responsibility of producing a live statistical representation from an NCAA championship event, no other entity will be permitted to do so. Live statistics are considered a protected right as part of a bundled rights agreement, referenced above. For clarification purposes, a live statistical representation includes play-by-play, score updates, shot charts, updated box scores, photos with captions, etc.

In the event the NCAA does not produce live statistics for a specific championship, the host institution is given priority to produce exclusive live statistics. The host institution will be given the same exclusivities the NCAA would reserve for its rights holder in such an instance.

Once it is determined that neither the NCAA nor the host institution plan to exercise their exclusive rights, the ability to produce live statistics will be granted – on a nonexclusive basis – to each participating school. A “participating school” is defined as a school playing in the same event at a specific site.

In each case, no commercial advertising is permitted within the live statistics window, unless permission is specifically granted by the NCAA. Any questions pertaining to live statistics should be sent to Nate Flannery, NCAA director of digital and social media (nflannery@ncaa.org).

MEDIA GUIDES AND POSTSEASON GUIDES

The NCAA or host media coordinator should notify each school that qualifies for the championship how many media guides and/or postseason guides should be sent to the championship site and/or if media guides and postseason information should be uploaded to the NCAA box library. If wanting to provide a printed version, the media coordinator should provide an overnight address where the schools can send the information (their office or the facility) and a deadline as to when it should arrive. Consider security when selecting the location where these materials will be shipped.

MEDIA ACCOMMODATIONS

Hotel. If necessary, the media coordinator should arrange for a block of rooms to be set aside for media, preferably at the headquarters hotel. Media members should be given a contact/link at the hotel whom they can call or link to make reservations; this can be listed on the credential application form along with the room rate and deadline for making reservations.

Meals. Media meals are not required at all championships. Disbursements should be guided by the budget which was originally submitted by the tournament manager and approved by the NCAA national office.

Parking. Complimentary media parking should be provided at all championship host sites. The media coordinator should determine if it would be more effective to use parking passes or a parking list. If passes are used, the host institution must generate them. Media shuttle systems may also be used provided any costs are approved in advance by the specific sport committee and NCAA championships staff liaison.

Media Workroom. If possible, a media workroom should be designated at each site, where media members can be provided a workspace. The workroom should provide an adequate amount of media seating, electrical outlets, complimentary wireless internet access and a pool of high-speed internet lines, if possible. Each school's media guides and/or postseason guides, along with any materials the host institution distributes (statistics, game notes, quotes, etc.), should be located in this area.

NEWS FILM AND MINI-CAMS

Please visit ncaa.com/media for updated information related to television, video and ENG policies.

OFFICIATING QUESTIONS/POOL REPORTER

The host media coordinator shall appoint one member of the media to serve as the pool reporter at the competition site and must be approved in advance by the NCAA staff.

Pool reporters may request an officiating and/or rules interpretation via the NCAA committee and staff members on site when a game includes a potential fighting situation that results in a technical foul and/or ejection of a participant; if a rules interpretation is needed; or there is a clock-timing issue. Additionally, if a member of the respective sport committee deems it in the best interest of the championship for broadcast partners and members of the media to receive an interpretation pertaining to another specific situation, the officiating crew shall return to its locker room and conduct a conference call with the NCAA's national coordinator of officiating for the interpretation. No one other than the game officials, members of the committee and the NCAA staff representatives assigned to the site are permitted in the locker room during this meeting.

Upon completion of the meeting and if competition is continuing at the host site, staff will communicate with the pool reporter and the sideline reporter from the broadcast entity (without camera or microphone) to share the officiating crew's interpretation to help enhance the public's understanding of what transpired.

The NCAA will issue a statement and will distribute it to its broadcast partners, on social media and to media covering tournament games at that site.

PERSONNEL

Each media coordinator is responsible for organizing workers to assist in the media operations of the championship. It is important to remind volunteers that they may see very little of the championship competition because of their responsibilities and the NCAA will not pay any expenses. All volunteers should be a minimum of 16 years or older. It is preferred that all media coordination volunteers have experience with media relations or championships.

The number of workers will depend upon the media demand for the games at the site. Communication with the participating SIDs and the media coordinator's knowledge of the area media will help with advance planning.

The following is a basic list of duties for volunteers (if applicable):

- Copy Machine Personnel – Photocopies materials (stats, notes, quotes, etc.).
- Credential Distribution – Pass out credentials to the media; check government-issued photo ID.
- External PA – Announcer for fans.
- Internal PA – Announcer for the media.
- Mixed Zone Coordinator – Coordinates interviews in the mixed zone in events such as track and field and swimming and diving. Depending on the number of participants, this individual may need several assistants.
- Note Takers – Compiles worthy notes during and after the game or day.
- Photo Marshall – Makes sure photographers work in approved event coverage locations. Hands out photo armbands, if necessary.
- Press Conference Moderator – Introduces players and coach; directs questions from media.
- Quote Takers – Records postgame quotes from the press conferences/locker rooms. A minimum of one person should be designated to take quotes for each team. They should get quotes from the head coach and student-athletes.
- Results Disseminator – Transmits stats, notes, quotes, through appropriate delivery means (website, email, social media, etc.).
- Runner(s) – Distributes photocopied materials (stats, notes, quotes, etc.).
- Spotter – Helps the official scorer identify assists and any other assistance for official scorer.
- Stat Crew – Records the official stats. Note that when applicable, NCAA LiveStats software must be used at all NCAA championships.
- Team Escorts – Serve as escorts for the coaches and student-athletes to and from the postgame press conference.

NEWS CONFERENCES

The media coordinator, or a member of the coordinator's staff, will be asked to coordinate all press conferences, including any conducted before the start of championship play. For all formal press conferences, the media coordinator should produce name (table) tents to place on the dais/riser to identify coaches and student-athletes.

ALL STUDENT-ATHLETES AND COACHES MUST BE MADE AVAILABLE FOR INTERVIEWS following the 10 minute cooling off period. With permission from the NCAA, exceptions may be made to the policy.

The open locker room policy applies to all formal press conferences and to any interview requests for coaches and/or student-athletes not involved in the press conferences. Failure to do so may result in a misconduct finding, as determined by the respective sport committee.

NOTE: In the event that a student-athlete has been selected for drug testing, all media obligations must be fulfilled before going to the drug-testing center.

1. **Individual Championships with no Postevent News Conference.** Student-athletes are allowed a maximum 10-minute cooling-off period following an event before meeting with the media. If ready before 10 minutes, the student-athlete can participate in interviews sooner. However, student-athletes are not allowed to leave the competition area before conducting media interviews. Interviews will be conducted in the mixed zone or interview room. A student-athlete who is competing in more than one event on a given day may ask the media coordinator to delay the interview period until after the student-athlete's final event of the day. The only exception to this is if a record is set, and then the student-athlete should be made available to the media shortly after that event. If time prohibits this, the media coordinator should get a quote from the student-athlete and distribute it to the media.

2. **Individual Championships with a Formal News Conference.** Student-athletes are allowed a maximum of a 10-minute cooling-off period following an event before meeting with the media. If ready before 10 minutes, the student-athlete can participate in interviews sooner. In individual championships, typically only the winner(s) needs to report to the press conference. If media requests warrant having the runner-up participate in the news conference, that person should answer questions before the champion.
3. **Team Championships with a Formal News Conference.** The losing team shall have a 10-minute cooling-off period before reporting to the interview room. The cooling-off period starts once the head coach and all of the student-athletes have reached the locker room area. The winning team will report to the interview room immediately following the completion of the losing team's press conference. (Note: For some championships, the governing sport committee has determined that the winning or visiting team should go first to the press conferences, before the losing team. Please refer to championship manual for the sport.)

It is mandatory for the head coach and at least one student-athlete to report to the press conference following the cooling-off period. However, media coordinators should request a minimum of two student-athletes. A coach can shorten the cooling-off period but cannot extend it.

As soon as one media member enters a locker room, it will be open to all media members. Locker rooms are open to the media for a minimum of 30 minutes, provided media are present the entire time.

The head coach must complete all NCAA championship media obligations before honoring any in-season radio or television contracts. Coaches or student-athletes may only conduct interviews with rights-holding television or radio networks (including ESPN or NCAA Radio Network, but not school radio stations) before the press conference following the conclusion of a game. These interviews are permitted during a period totaling no more than four minutes for all interviews, immediately after the game. The media coordinator or designee has the responsibility to terminate the four-minute interview period, NOT the network/station that has purchased rights. (Assistant coaches are not obligated to the entire media staffing the championship and may grant postgame radio interviews at any time after the conclusion of the game.)

Press Conference Moderator Duties

1. The press conference moderator should give pertinent game statistics (i.e., leading rushers, passers, tacklers, game records) to media while they wait for the first team to arrive. Statistics should be distributed to the media, coaches and student-athletes as soon as they arrive.
2. Media coordination representatives should obtain the names of the student-athletes who will be attending the press conference and give them to the host or NCAA media coordinator, who then will provide them to the moderator so that they can be announced in advance.
3. The moderator should open the press conference by asking the head coach for their opening statement.
4. After the coach's comments, the moderator should invite questions from media.
5. If necessary, the moderator should direct a question to student-athletes to get them involved, if the media do not do so.
6. Limit the losing team to 10 minutes and the winning team to 20 minutes.
7. The moderator should keep the flow of the press conference moving. If there is a gap of time between questions, limit questions to one more and then thank the head coach and student-athlete(s).

Press Conference Setup. Each host media coordinator should designate an interview room or area at the facility, and an individual to coordinate the activities in it. The interview area should have a public address system and an elevated head table.

Media coordinators should use an audio mixer (mix down unit) in the interview area to permit individuals using microphones to attach their equipment to it, eliminating the presence of audio equipment and/or operators in front of, or adjacent to, the speakers at the dais.

NCAA SOCIAL MEDIA GUIDELINES FOR CHAMPIONSHIP HOSTS

The official NCAA social media pages and official hashtags can be found here: on.ncaa.com/SocialAccounts

Host Promotion of Championships

A lot of hosts already have an established presence in social media. Examples are school local organizing committee, sports, corporation, venue or city pages/accounts. These pages/accounts are all acceptable places to promote hosting of an NCAA championship through the use of marketing messages and products supplied from the NCAA (links, web banners, fliers, etc.). The NCAA also promotes the championships (and the host involvement) on the appropriate NCAA social media pages/accounts. If the championship does not have an official NCAA account on a social media site, a host is still not permitted to create a page for it. The NCAA will make efforts to promote this championship on the other established pages/accounts, as necessary. Collaboration is encourage through the use of cross-posting on Facebook or collaborations on Instagram (@ linking within text to drive fans to each other's pages) and mentions on Twitter (X) and Instagram (@ links to show coordination in posts). In addition to collaboration, idea sharing is also encouraged and can be coordinate with the NCAA social team through the championship's contact.

A host should not create a social media account or page (*Facebook page, Twitter (X) feed, Instagram, TikTok, Snapchat, etc.*) **solely devoted to promoting an NCAA championship.** These pages become outdated, distract fans from established pages and fracture the NCAA message.

Please send direct questions, ideas or news to Jeffrey Donely (jdonely@ncaa.org).

Section 18 • Meeting/Events

ADMINISTRATIVE/HEAD COACHES MEETING

The committee will conduct a mandatory administrative meeting prior to team arrivals to review championship matters. Section 19 • Merchandise/Licensing

ADMINISTRATION

The NCAA licensing department has oversight for the event merchandising program at all rounds and sites of NCAA championships. All licensing and merchandising questions should be directed to David Clendenin (317-917-6496; dclendenin@ncaa.org).

AVAILABILITY

An online ordering system will be available to participating institutions interested in ordering Event 1, Inc., merchandise in advance of the championship. Orders will be shipped by Event 1 directly to the participating institution's campus.

GENERAL POLICIES

The NCAA retains the exclusive right to sell souvenir products at all rounds and sites of the 90 championships; host institutions/conferences and sponsoring agencies for all NCAA championships are required to sell items provided by the official NCAA event souvenir merchandiser. The official NCAA event souvenir merchandiser is Event 1.

Event 1, Inc. will enter into an agreement with the official vendor of the host institution/conference or sponsoring agency and will supply merchandise and inventory reconciliation forms to the official vendor. The official vendor of the host institution/conference or sponsoring agency at the site of the championship(s) is responsible for complete retail vending accountability, including full responsibility for inventory. When the requirements listed below are met, the host institution/conference will receive a 20% commission fee for providing these services. The 20% commission fee will be from net sales, which is defined as gross sales minus taxes and credit card fees. The following is a list of the requirements that must be met to qualify for the 20% commission fee:

- a. Receive and count in all merchandise upon arrival from Event 1, Inc., as well as receiving all reorders required to meet customers demand. Reorders could arrive any day of the week and could be as early as 8 a.m. on Saturday or Sunday.
- b. Locked and supervised storage adequate to accommodate all championship merchandise.
- c. Immediate notification (within 24 hours of receipt) to Event 1, Inc. of any discrepancies in initial inventory counts. Nonnotification will represent host or vendor acceptance of initial inventory provided by Event 1, Inc.

- e. Everything sent must be returned to Event 1 within two days of the conclusion of the event.
- f. An appropriate number of selling locations and sellers throughout the facility in order to meet the demands of the projected crowds.
- g. Selling locations that are well displayed and fully stocked prior to the public's access to them.

 - Merchandise should be neatly folded at all times.
 - Neatly dressed personnel that are customer-oriented.

 - Display boards and grids to properly display product at all selling locations.
 - Selling locations located in high traffic and easily located locations.
 - Vendor shall be responsible for hanging any display or signage material provided by concessionaire.

 - Transferring merchandise between the slower and higher volume stands to meet the demands of the consumers.
 - Providing electricity and either hard internet lines or dedicated secured Wi-Fi network connection to support the merchandise sales effort at no extra cost.
 - Calling Event 1, Inc. to request reorders should sales warrant.
- i. A complete inventory accounting of all merchandise sold with a final inventory count and merchandising report supplied to Event 1, Inc., no later than 24 hours after the conclusion of the event.
 - j. Total gross sales revenues and a final copy of the inventory report must be sent to Event 1, Inc., within two business days of the conclusion of the event.
 - k. The remaining inventory forwarded to Event 1, Inc., or the next event site as determined by Event 1, Inc., within two days of the conclusion.
 - l. Having met each of the above requirements, Event 1, Inc. will pay to the host institution/conference, sponsoring agency or its assigned vendor, a commission equal to 20% of sales net of taxes and credit card service fees. The host institutions will keep commissions earned and the remaining money owed to Event 1 must be sent within seven days of the conclusion of the event.

The host institution/conference may not sell or allow for sale any merchandise that infringes upon the exclusive rights of Event 1, Inc.

Institutional Merchandise. A buy-out option can be made with Event 1/NCAA when the host institution/conference wants to sell merchandise that features the host mark or logo at the NCAA competition. This can only be done when the host institution/conference agrees to purchase the entire product that Event 1 provides. The host institution/conference will receive a 20% commission fee of net sales, gross sales minus credit card fees and taxes, on product supplied by Event 1. The host institution or official vendor will provide the NCAA 15% of sales (net of taxes and credit card service fees) of all non-NCAA championship merchandise. The quantity of NCAA merchandise available for sale shall not be less than a comparable shipment to a comparable site of the previous year's championship.

Reordering Process. The host institution/conference may contact Event 1 to place an order for additional merchandise during the event. The concessionaire must contact Event 1 no later than the conclusion of each day to evaluate inventory levels. The more time Event 1 has to react to the request, the better the chance a reorder can be processed and shipped in a timely manner. Event 1 cannot guarantee that additional merchandise will be available.

Event 1 will provide an event manual, which will include the contact information for the event coordinator assigned to the event as well as additional merchandising guidelines.

DIVERSE SUPPLIERS

The NCAA strongly encourages the participation, directly or indirectly, when possible, by diverse businesses in providing goods and services in support of NCAA championships and requests local organizing committees/hosts to explore opportunities for diverse businesses to provide any necessary goods and services for awarded championships. At the NCAA, diverse suppliers are defined as entities that are majority (at least 51%) owned, managed and controlled by ethnic minorities, women, LGBTQ people, people with disabilities or veterans. At a minimum, we encourage local organizing committees/hosts to ensure that at least 10% of the suppliers invited to participate in the championship are diverse suppliers.

Section 23 • Safety and Security

The NCAA is committed to supporting a safe and secure environment for championship events and is appreciative of the many federal, state and local partners who aid in maintaining a safe events for all athletes, coaches, officials, fans and staff.

The NCAA has established a Safety and Security Advisory Group (SSAG) to develop Best Practices for all NCAA championships. The SSAG developed these Best Practices based on a review of current and future championships competition venues, discussions with safety and security experts, and their own experience and knowledge. All hosts and competition venues are strongly encouraged to refer to the [Safety and Security Best Practices](#) when developing a safety and security Event Action Plan.

The suggestions outlined in the Safety and Security Best Practices are based on practices that are employed by competition venues across the nation. The need and ability to implement them at each facility and event will vary. Properly trained and equipped personnel constitute the primary element of implementing a successful safety and security plan.

Best Practices for championships competition venue safety are intended for guidance purposes only; they are not a requirement under NCAA or other regulations or legislation. In addition, because of the wide variety of designs and sizes of competition venues; and composition and profile of particular events, not all Best Practices will be reasonable or applicable.

The Best Practices should not be viewed as a complete or primary source of information for developing or implementing the safety plan for the competition venue hosting an NCAA championship. Rather, facility managers and local public safety personnel should consider an all-hazards approach in doing a threat assessment and developing an Event Action Plan to utilize appropriate resources and support the NCAA championship event.

Please submit your final safety and security plan with your bid materials. In addition, you will be prompted to provide information for the Critical Incident Response Team form when completing our bid via the NCAA Championships Bid Portal. Please be as specific as possible when providing emergency contacts and numbers.

Unless otherwise expressly authorized by applicable law, no firearms or weapons are permitted on these premises for NCAA championships and events, excluding authorized sworn law enforcement officers. Failure to abide may subject you to ejection as well as other applicable discipline or action. The foregoing shall not limit the applicable equipment used in and for fencing and rifle competitions in accordance with NCAA rules, at the venues for such competitions.

WEATHER

To support and facilitate host institution management of weather and other environmental considerations and requirements, the NCAA has made arrangements to provide a complimentary lightning detection and weather monitoring system to each host institution for all rounds of competition for outdoor championships. It is important that the location address provided by the site representative and tournament director in the monitoring system is the actual physical location of where the event is taking place.

It is expected that the host institution will identify one or more tournament staff members who will have designated responsibility for weather monitoring. The site representative, host tournament staff and any other stakeholders should share relevant email and/or cell phone contact information to enable timely receipt of all weather updates. A severe weather response plan should be created and available for reference. The host or tournament director is encouraged to contact a local meteorologist or the nearest National Weather Service office to further facilitate weather and environmental monitoring as part of each event.

If the tournament director and/or site representative determine that weather conditions could alter the approved championship event schedule, they should promptly contact the NCAA championship manager with a summary and details of the anticipated weather/environmental issue and proposed alternative schedule before making or announcing any formal changes.

The venue's box office staff, if assigned by the NCAA, shall solicit and confirm suite purchases by suite holders. At that time, suites not purchased by suite holders will be made available to the NCAA for additional use/sales opportunities in accordance with the agreed upon financial parameters.

Section 26 • Volunteers

GOAL AND RECRUITMENT

A volunteer program for the championship should be implemented to accomplish the following goals:

- Provide an enthusiastic and warm welcome to participants and guests.
- Answer questions and provide information to visitors.
- Contribute to the general excitement surrounding the championship.
- Assist the LOC with championship operations.

Championship volunteer programs should represent the student-athletes and communities we serve, embrace diversity and be inclusive of individuals from all backgrounds and identities. The NCAA and the LOC shall encourage recruitment and participation of volunteers from a talent pool of individuals that reflect diversity across all aspects, including race, age, sex, class, national origin, creed, educational background, religion, gender identify, disability, gender expression, geographical location, income, marital status, parental status, sexual orientation and work experiences. The LOC/host institution should keep the NCAA's commitment to diversity top of mind as they assign volunteers to the various roles and responsibilities throughout the championship.

Volunteers must be 18 years of age or older and must sign a volunteer release waiver. Individuals with driving responsibilities MUST be 25 years of age or older.

Student-athletes or prospect-aged individuals MAY NOT be recruited in any way different than general public volunteers. The Local Organizing Committee (LOC) cannot make a specific volunteer presentation to student-athletes of the host institution/conference. Student-athletes and prospect-aged individuals may apply to volunteer in the same manner as individuals from the general public. Student-athletes and prospect-aged individuals must be selected by the same criteria as the general public applicants.

The NCAA may request additional volunteers from the LOC as necessary.

WAIVERS

Each volunteer must sign a waiver of liability before the start of the championship. If there is a written agreement governing volunteer service, a release component must be added if one does not already exist. After the championship, all waivers shall be collected and kept on file, in case requested.

APPAREL

The NCAA will coordinate ordering and production of the apparel through the NCAA volunteer apparel program. BDA Sports and Event 1 have been selected as the official NCAA volunteer apparel providers for all 2025-26 championships. The NCAA will offer its Corporate Champions/Partners the opportunity to help offset the cost. The champion/partner would be permitted to place one logo on each apparel item, if a separate apparel item is provided for these volunteers.

The championship logo and the licensee's mark will be embroidered on the apparel. The licensee's logo may appear on the right chest or sleeve. The licensee's logo may be no larger than 2¼ inches square.

The LOC will distribute apparel during the required volunteer training sessions to ensure each volunteer's commitment. When ordering apparel, the LOC will ensure that apparel includes women's styles and sizes.

The games management staff, media coordination staff and host media operations staff should be included in overall volunteer numbers and should receive volunteer apparel.

NOTE: Hosts shall work in collaboration with the championship administrator on the selection, ordering and distribution of volunteer apparel.
