# Section 1 • Introduction

During the 2022-23 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women and three for both men and women. Of the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women’s championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information and Appendixes.

Sections one through nine apply to policies applicable to all 90 championships, while the remaining sections are sport specific.

This is attained by:

**Ensuring** student-athletes’ optimal experience.

**Executing** championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

**Coordinating** all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

**Integrating** championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

**Assuring** effective management of the business aspects of the operation.

**Enhancing** the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries).

## Section 3 • Conduct

### Section 3•1 Certification of Eligibility/Availability

*[Reference: Certification of Eligibility/Availability in Bylaws 12, 13, 14, 15, 16, 20.2.4, 31.2.1.7.1, 31.2.1.7.2 and 31.2.2 in the NCAA Division I Manual, Bylaws 7.3.1.5, 31.2.1.7, 31.2.1.7.2 and 31.2.2 in the NCAA Division II Manual and Bylaws 31.2.1.5, 31.2.1.5.2, and 31.2.2 in the NCAA Division III Manual.]*

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

#### DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

### Section 3•2 Drug Testing

As part of preparation and planning to participate in championship events, member institutions are reminded and encouraged to review all applicable policy and legislative requirements pertaining to banned substances, drug testing and related eligibility requirements with their student-athletes. Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with legislation and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

### Section 3•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

## Section 3•4 Misconduct/Failure to Adhere to Policies

---

### MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

### FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere to policies and procedures online.

## Section 3•5 Sports Wagering Policy

---

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner) in exchange for the possibility of gaining another item of value.

### STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

### POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

### HOSTING OPPORTUNITIES

It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

## Section 3•6 Student-Athlete Experience Survey

---

During the NCAA championships, the student-athlete experience is paramount. NCAA staff and hosts dedicate themselves to planning the best experiences for all involved. As part of our commitment to getting better, following the championship, participants will receive a survey to provide feedback on their experience and input on how championships can be improved for future NCAA student-athletes. Institutional administrators and coaches will

receive an email containing a link to the survey and will be asked to forward the survey to student-athletes. However, we understand that sometimes certain circumstances or conditions occurring during the events may require real-time consideration. When this is the case, student-athletes may reach out to their site representative or NCAA national office staff onsite.

## Section 4 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. For more information or to access the online form and submit a nomination, [click here](#).

## Section 5 • Fan Travel

Through support from Marriott International as the Official Hotel Partner of the NCAA, NCAA championships are pleased to provide easy and affordable accommodations for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through Marriott and NCAA Travel help support NCAA student-athletes. Please direct your fans to [ncaa.com/travel](http://ncaa.com/travel) to search and book online hotel reservations.

## Section 6 • Health and Safety

As part of preparation and planning to host and/or participate in championship events, member institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [NCAA Sport Science Institute website](#). In addition, a summary of some of the key health and safety considerations related to traveling to championship events can be found in the [NCAA's Guidance for Medical Care and Coverage for Student-Athletes at Away Events](#).

## Section 7 • Logo Policy

*[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual .]*

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and

## GENERAL ADMINISTRATIVE GUIDELINES

2. The student-athlete's institution's official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

### Section 8 • Research

In order to avoid inappropriate and unnecessary participant distraction and disruption of championship events, it is expected any data collection or other research efforts conducted at or during championship events will be coordinated through the national office, with notice and a description of any research proposal to be submitted to the NCAA research staff at least six weeks before the championships event begins.

### Section 9 • Travel Party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online [here](#). Please reference Appendix A of the travel policies for reimbursable travel party numbers.

Please reference the NCAA travel policies as they are updated annually [here](#), and the travel policies supersede all other documents.

### Section 10 • Religious Conflicts

*[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual .]*

**Institutional Policy.** If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. *(Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13)*

**Individual Championships.** In individual championships, an athlete must compete according to the institution's policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

### Section 11 • Team Replacement Policy

The Division I Competition Oversight Committee developed a team replacement policy considering the possibility of unforeseen circumstances impacting championship fields. The policy will be implemented in accordance with the terms set forth in the policy document available [here](#) when, despite best efforts, a team within the championship field is impeded or hindered from participating in the championship for reasons beyond its control.

## Section 1•5 Equipment

### BALL

The Wilson NCAA Vivido Match Soccer Ball will be used in all NCAA tournament games. These balls will be sent by the manufacturer to the tournament manager at the host institution for each round of competition. The host institution is responsible for “breaking in” the game balls before each tournament game. In the event of inclement weather (e.g., snow), please notify Kelly Whitaker at the NCAA national office regarding shipment of optic orange Wilson soccer match balls as backup. The game balls may be distributed after the games by giving them to the participating schools, using them as promotional giveaways or by donating them to a local youth group. One ball shall be provided to the center referee.

## Section 1•6 Rules

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules.

For the women’s soccer championship, the NCAA Men’s and Women’s Soccer Rules shall be followed to the letter.

### BALL PERSONS AND ROTATION

It is the responsibility of the host institutions, for all rounds of competition, to provide an adequate number of ball persons. At least eight (8) ball persons are required for each game and should be on the field one-half hour before the game time.

### FIELD DIMENSIONS

The Division I Women’s Soccer Committee mandates games be played on fields that are a minimum of 70 yards x 110 yards; however, the preference is for fields to be 75 yards x 120 yards. The committee prefers grass fields for preliminary-round games but will not preclude artificial turf (if approved by FIFA). Grass fields will be required for the Women’s College Cup.

### SUSPENDED GAMES

In the case of inclement weather or other factors leading the referee to suspend a game, the officials, games committee and coaches shall refer to the NCAA Men’s and Women’s Soccer Rules. *For NCAA championship competition, a game must be played for the full 90 minutes (as opposed to 70 minutes for the regular season) to be considered a complete game.*

If a game is suspended or postponed, it will be the decision of the games committee and the referee to determine if the game can be continued that day. If conditions dictate that the game cannot be completed, the NCAA site representative and tournament manager shall contact Kelly Whitaker (cell: 317-476-6867). Only after contacting Ms. Whitaker may a game be suspended until the next day or moved to an alternate site. Teams should be prepared with footwear for any playing surface.

## Section 1•7 Uniforms

---

*[Reference: Bylaw 12.5.4 in the NCAA Division I Manual.]*

Competing teams shall have both light- and dark-colored jerseys and light- and dark-colored stockings available. The home team shall have its choice of uniform color (either light or dark) and the visiting team shall wear a uniform in contrast with that of the home team. In the event of a conflict, the home team must change uniform colors (Playing Rule 4.2.1). For the semifinals and final, the games committee will determine the home teams.

Student-athletes competing in the championship shall wear the official uniform of their institution in competition and related ceremonies. This applies to warmups, press conferences, awards ceremonies, practices and postgame celebrations.

### CONTRASTING COLORS

Goalkeepers shall wear jerseys that distinguish them from all field players and socks that distinguish them from their opponents' field players.

Shorts may differ in color from that of the stockings and jerseys but shall be matching in color and uniform in style.

It is recommended that any visible garment worn under the jersey or shorts shall be a solid color that matches the dominant color of the respective garment.

It is recommended that players warming up outside the coaching and team areas wear colored jerseys/vests that distinguish them from all other field players.

### NUMBERS

Numerals at least eight inches (20.32 cm) in height that are easily distinguishable from the predominant background color(s) and pattern shall be worn on the back of each player's (including goalkeeper's) jersey.

Numerals at least four inches (10.16 cm) in height that are easily distinguishable from the predominant background color(s) and pattern shall be worn on the front of each player's (including goalkeeper's) jersey. The same number shall be displayed on both the front and back of the jersey, and no two teammates may wear the same number.

Published seeding will be in four sets of 1-8 and the pairings will honor a 1-8 seed assignment. The committee will identify the top 32 teams. The top 16 teams will be identified in rank order and assigned a seed grouping from 1 to 4. The balance of the ranked teams, in turn, are assigned to one of the remaining seed groupings (i.e., 5 to 8). Once the seed assignment is finalized, it remains unchanged while placing the teams into the championship bracket. First and second-round conference matchups will be avoided.

## Section 2•4 Selection Criteria

The following criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition [*Bylaw 31.3.3; Criteria for Selection of Participants*]:

- Won-lost record;
- Strength of schedule; and
- Eligibility and availability of student-athletes for NCAA championships.

In addition to Bylaw 31.3.3, the Women's Soccer Committee has received approval from the NCAA Division I Competition Oversight Committee to consider the following criteria in the selection of at-large teams for the soccer championship (not necessarily in priority order):

### PRIMARY CRITERIA

- Results of the adjusted Rating Percentage Index (RPI);
- Results versus common opponents; and
- Head-to-head competition.

### SECONDARY CRITERIA

If the evaluation of the primary criteria does not result in a decision, the secondary criteria will be reviewed. All the criteria listed will be evaluated.

- Results versus teams already selected to participate in the field (including automatic qualifiers with RPI of 1-75); and
- Late-season performance – defined as the last eight games including conference tournaments (strength and results).

Recommendations are provided by regional advisory committees for consideration by the Women's Soccer Committee. Coaches' polls and/or any other outside polls or rankings are not used as a criterion by the Women's Soccer Committee for selection purposes.

**RPI.** The committee uses the RPI (Rating Percentage Index), a computer program that calculates the institutions' Division I winning percentage (25%), opponents' success (50%), opponents' strength of schedule (25%) plus a bonus/penalty system. When evaluating the RPI, the committee may consider comparing data of individual teams, including, but not limited to, overall record, Division I record, overall RPI rank, non-conference record and RPI rank, conference regular-season record and conference tournament results. The RPI shall be used as a selection tool.

The bonus/penalty structure for the RPI includes a bonus for non-conference wins or ties against the top 80 teams in the RPI and a penalty for non-conference losses or ties against the bottom 80 teams in the RPI ([Appendix C](#)).

### AT-LARGE SELECTION

To be considered during the at-large selection process, a team must have an overall won-lost record of .500 or better. Thirty-three teams will be selected at large.

### BYLAW 31.3.3.1 – COUNTABLE COMPETITION

For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.5) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded. Regular-season games decided by the penalty-kick tiebreaker procedure shall be considered as ties for selection purposes.

Additionally, the scheduling of additional matches not listed on the institution's published schedule as an aid for selection shall not be considered. If an institution encounters extenuating circumstances (e.g., natural disaster), the committee will consider a written waiver request. This request should be sent to Kelly Whitaker ([kwhitaker@ncaa.org](mailto:kwhitaker@ncaa.org)) prior to selections.

## Section 2•5 Site Selection

---

For non-revenue generating championships that seed a quarter of the bracket, sites will be awarded to the seeded teams that submit a bid that meets the requirements for hosting. In the event that a seeded team does not submit a bid that meets the requirements, the sports committee will maintain the current policy of geographic consideration when assigning those host sites. The committees will use the geographic considerations to help maintain the balance and integrity of the bracket. The committees will also separate first- and second-round conference opponents when assigning teams to sites.

Any institution interested in hosting preliminary-round competition of the 2022 NCAA Division I Women's Soccer Championship must submit a proposed budget, respond to sport-specific questions, and ensure the institution's key contacts and facility information are up to date via the Championships Bid and Host Profile portal. To submit a bid, first search for the desired championship under "championships available bid" and select "add bid."

This process allows all member institutions to regularly and easily access their profiles by visiting [championships.ncaa.org](https://championships.ncaa.org). For profile issues, user access or to reset a password, please email [championshipbid@ncaa.org](mailto:championshipbid@ncaa.org) or contact Ethan Walker ([ewalker@ncaa.org](mailto:ewalker@ncaa.org); 317-917-6476)

### CHAMPIONSHIPS BID AND HOST PROFILE PORTAL

The Championships Bid and Host Profile portal can be accessed at [championships.ncaa.org](https://championships.ncaa.org). The deadline to submit all bid materials for this championship is Friday, Oct. 21.

As a reminder, prospective hosts' budgets should include committee/site representative's lodging expense, game officials' lodging expense, state and city taxes/fees if applicable, and any ticket fees. Committee/site representative's per diem, mileage and luggage will now be paid by the NCAA instead of the host institution. Game officials will be reimbursed via the ArbiterPay system for their game fees, per diem, mileage and luggage fees.

### FACILITY PROFILE

Institutions interested in hosting preliminary-round competition of the 2022 NCAA Division I Women's Soccer Championship must add (or ensure accuracy of) facility information for the applicable competition venue. This information is located at [championships.ncaa.org](https://championships.ncaa.org). Any supporting information – e.g., facility diagram, pictures – may be uploaded and attached to that facility's profile. This information will be made available to the sport committee to aid in their deliberations of prospective host sites.

### KEY CONTACTS

Each institution should list and then maintain its key contacts associated with each sport and the institution. Individuals can be added via the Championships Bid and Host Profile portal at [championships.ncaa.org](https://championships.ncaa.org).

### SAFETY AND SECURITY PLAN

Each facility profile should include the safety and security plan for the facility. This information can be uploaded and attached to the profile by visiting [championships.ncaa.org](https://championships.ncaa.org).

### FINAL FINANCIAL REPORT

A final financial report from each championship site must be submitted via the Championship Bid and Host Profile portal under the "budget" tab not later than 60 days after the event.

### CONTACT INFORMATION

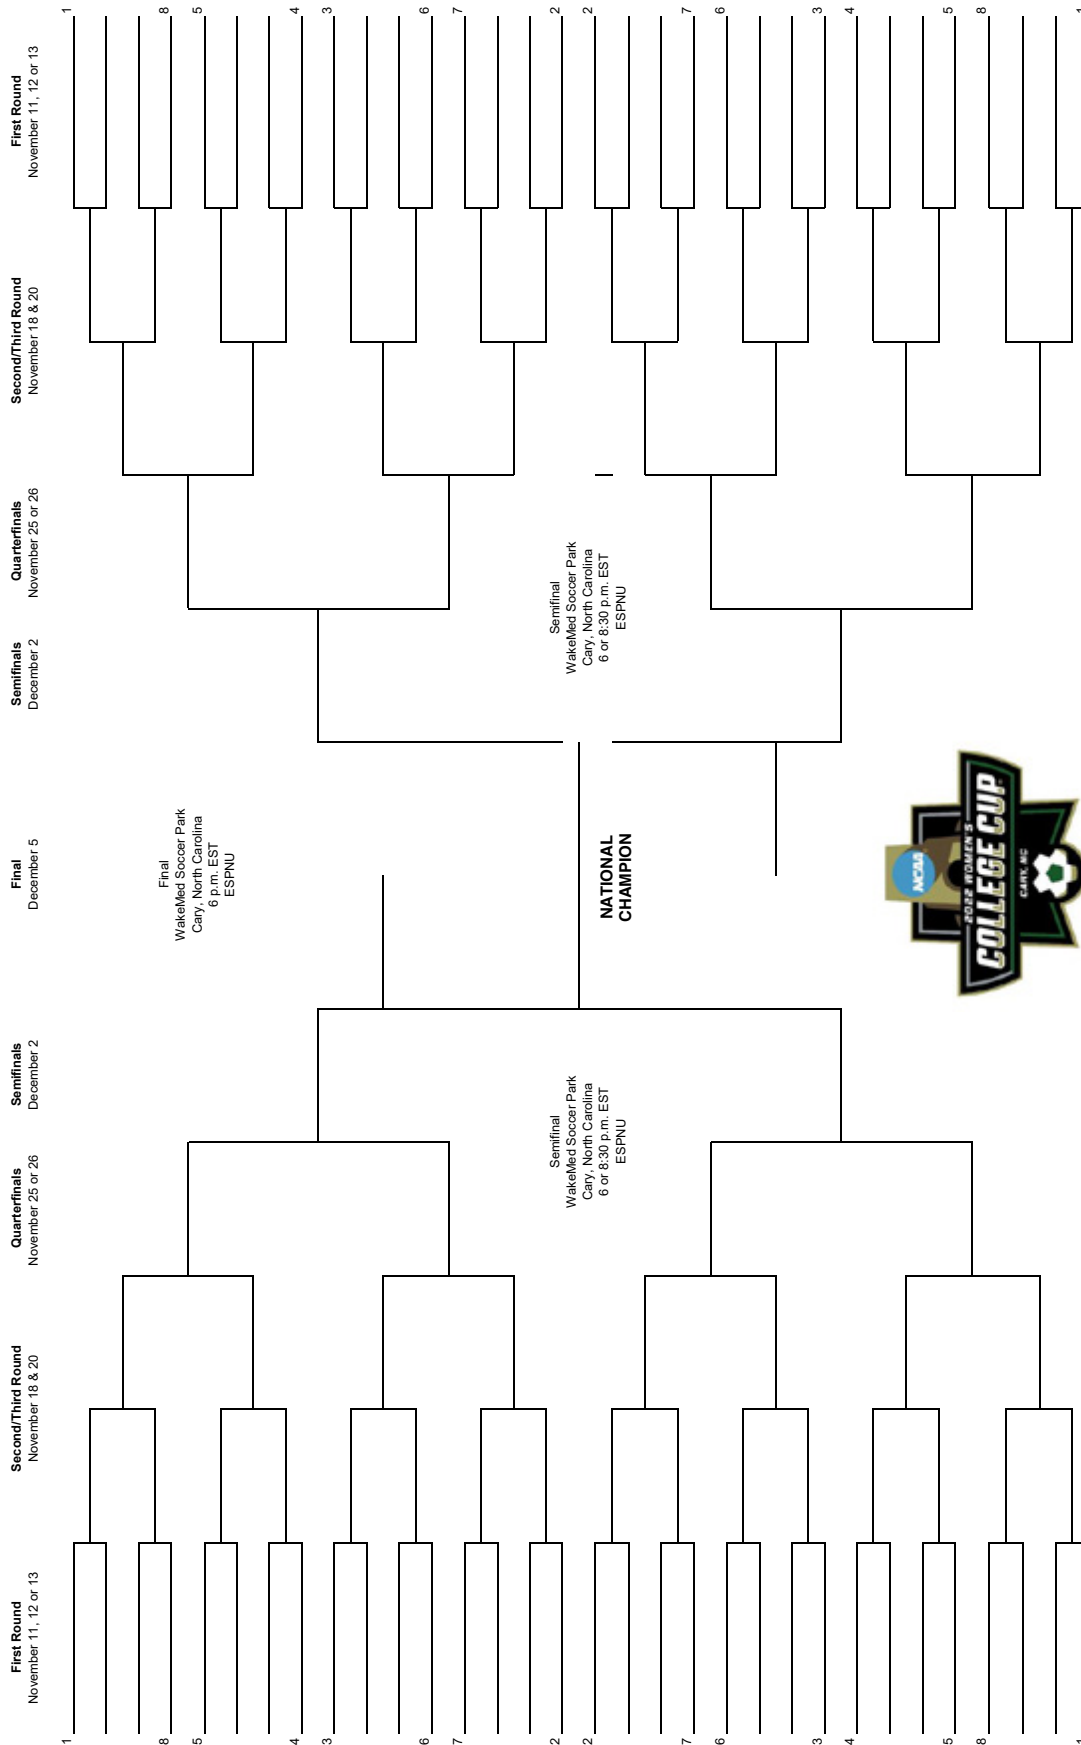

If you have any questions regarding the bid process, please contact Kelly Whitaker at 317-917-6511 or email us at [championshipbid@ncaa.org](mailto:championshipbid@ncaa.org).

## Appendix D • Officials

### SELECTION CRITERIA FOR OFFICIALS

An NCAA sports committee may not require membership in any specific officials' association as a prerequisite for selection to officiate in an NCAA tournament. For all NCAA postseason soccer matches, officials (referee, assistant, alternate) shall be selected and assigned by the NCAA national coordinator of officials with assistance from the regional advisors on approval of the respective NCAA Division I Women's Soccer Committee. Any committee member whose team is selected to the championship will be recused from the process.

In addition, officials shall adhere to the Association's policies relating to gambling activities and drug and alcohol use. Appointments to work as an official for any of the NCAA soccer championships are conditioned on the NCAA Division I Women's Soccer Committee in its sole discretion, remaining of the opinion that your character, fitness, rules knowledge and regular and postseason officiating performance are all of the highest order. Failure to do so may result in termination of the officiating assignment.

- Officials shall be qualified, competent and appropriately credentialed. In selecting officials, experience and ability as a referee and as an assistant referee shall be considered.
- Officials MUST take and pass an online NCAA Soccer Rules Test. Officials will have two attempts to pass the exam with 90% or better score. The test requirement must be fulfilled not later than Oct. 31, 2022.

Officials MUST be registered with [ncaasoccer.arbitersports.com](https://ncaasoccer.arbitersports.com) in order to be considered and potentially receive an NCAA postseason assignment.

- Officials will not be assigned a match if it involves an institution he or she attended, was or is an employee of, or if his or her spouse/partner or relatives have any of these affiliations. In addition, officials will not be assigned to a game if there is an affiliation with a member of the coaching staff (i.e., former team member).
- To be selected as a Center Referee for an NCAA Division I women's soccer postseason match, an official must have officiated (as a Center Referee) a minimum of six (6) NCAA Division I women's soccer matches in the current season.
- To be selected as an Assistant Referee for an NCAA Division I women's soccer postseason match, an official must have officiated (as a Center Referee and/or an Assistant Referee) a minimum of six (6) NCAA Division I women's soccer matches. A combination of Division I soccer assignments as a referee and assistant referee may be used to meet the requirement.
- In order for an official to be considered for selection, such official must be recommended by at least one NCAA Division I conference.
- Officials shall be within driving distance for preliminary rounds (must be within 400 miles for Division I) or approved for a flight by NCAA staff.
