

**NCAA Division II Men's and Women's Soccer Championships**  
**Additional video/webstreaming requirements for the purpose of video exchange.**

For the purposes of video exchange, participating institutions must meet the following requirements, in addition to the [NCAA Division II](#) championships webstreaming criteria:

1. Filming position(s) must include a camera at mid-field line with a minimum height, above ground level, of 20 feet.
2. At kickoff, show the entire field before play start.
3. After kickoff, show the third of the field that the ball is in- from sideline to sideline. Try to zoom in to cut out as much non-field space (benches, parking lots, etc.) as possible.
4. The camera position and angle should avoid glare, if possible.
5. Filming should begin at least one minute prior to kick-off, and continue after the match has concluded, to include the handshake line and exit of both teams from the field of play.
