Section 1 • Introduction

During the 2022-23 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women and three for both men and women. Of the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women's championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information and Appendixes.

Sections one through nine apply to policies applicable to all 90 championships, while the remaining sections are sport specific.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes' optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries).

Section 3 • Conduct

Section 3.1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Bylaws 12, 13, 14, 15, 16, 20.2.4, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Bylaws 7.3.1.5, 31.2.1.7, 31.2.1.7.2 and 31.2.2 in the NCAA Division II Manual and Bylaws 31.2.1.5, 31.2.1.5.2, and 31.2.2 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 3.2 Drug Testing

As part of preparation and planning to participate in championship events, member institutions are reminded and encouraged to review all applicable policy and legislative requirements pertaining to banned substances, drug testing and related eligibility requirements with their student-athletes. Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with legislation and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 3.3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 3•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere to policies and procedures online.

Section 3•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

Section 3•6 Student-Athlete Experience Survey

During the NCAA championships, the student-athlete experience is paramount. NCAA staff and hosts dedicate themselves to planning the best experiences for all involved. As part of our commitment to getting better, following the championship, participants will receive a survey to provide feedback on their experience and input on how championships can be improved for future NCAA student-athletes. Institutional administrators and coaches will

receive an email containing a link to the survey and will be asked to forward the survey to student-athletes. However, we understand that sometimes certain circumstances or conditions occurring during the events may require real-time consideration. When this is the case, student-athletes may reach out to their site representative or NCAA national office staff onsite.

Section 4 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. For more information or to access the online form and submit a nomination, [click here](#).

Section 5 • Fan Travel

Through support from Marriott International as the Official Hotel Partner of the NCAA, NCAA championships are pleased to provide easy and affordable accommodations for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through Marriott and NCAA Travel help support NCAA student-athletes. Please direct your fans to ncaa.com/travel to search and book online hotel reservations.

Section 6 • Health and Safety

As part of preparation and planning to host and/or participate in championship events, member institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [NCAA Sport Science Institute website](#). In addition, a summary of some of the key health and safety considerations related to traveling to championship events can be found in the [NCAA's Guidance for Medical Care and Coverage for Student-Athletes at Away Events](#).

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete's institution's official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

In order to avoid inappropriate and unnecessary participant distraction and disruption of championship events, it is expected any data collection or other research efforts conducted at or during championship events will be coordinated through the national office, with notice and a description of any research proposal to be submitted to the NCAA research staff at least six weeks before the championships event begins.

Section 9 • Travel Party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online [here](#). Please reference Appendix A of the travel policies for reimbursable travel party numbers.

Please reference the NCAA travel policies as they are updated annually [here](#), and the travel policies supersede all other documents.

Section 10 • Division III

Section 10•1 Division III Philosophy

The Division III championships philosophy is to field the most competitive teams possible while minimizing missed class time; to emphasize regional competition in regular-season scheduling; and to provide representation in NCAA championship competition by allocating berths to eligible conferences, independent institutions and a limited number of at-large teams, realizing that this may be done at the expense of leaving out some championship-caliber teams.

Section 10•2 Commencement Conflicts

[Reference: Bylaw 31.1.4.5 in the NCAA Division III Manual.]

If an institution's commencement conflicts with participation in the championship, it shall inform the NCAA championship manager in writing one week before the selection date for the governing sport committee to consider an accommodation and a change to the championship schedule.

The following guidelines apply to commencement requests:

- Applies to team sports only.
- The governing sport committee, in consultation with participating institutions, may reschedule the game on the nearest possible date .
- Does not apply to predetermined finals sites.
- The governing sport committee shall make a good-faith effort to accommodate participating institutions in non-predetermined preliminary-round contests with multiple teams participating at the same site.

Section 10•3 Gameday the DIII Way

Division III promotes an atmosphere that is a respectful and engaging educational environment through athletics, for everyone through Gameday the DIII Way. Gameday the DIII Way establishes an expectation for championship hosts, coaches, student-athletes and spectators to focus on the common standards of safety, responsiveness, dignity and experience while participating or attending a championship event. We ask that each participant and attendee be personally accountable for their actions and do their part to ensure this event is a positive reflection of Gameday the DIII Way.

Section 10•4 Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division III Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office before May 1 of the preceding academic year to be excused from competing on that day. The notification shall be valid for a period of two years. The championship schedule shall be adjusted to accommodate that institution, and such adjustment shall not require its team or an individual competitor to compete before the time originally scheduled.

Individual Championships. In individual championships, a student-athlete must compete according to the institution's policy regarding Sunday competition (i.e., if the institution has no policy against Sunday competition, the student-athlete shall compete Sunday if required by the schedule).

BALL

The Wilson NCAA VIVIDO soccer ball will be used in all NCAA soccer tournament games. These balls will be sent by the manufacturer to the tournament manager at the host institution for each round of postseason competition. The host institution will be responsible for “breaking in” the game balls before each tournament game.

Section 1•5 Rules

[Reference: Bylaws 17.30, 18.6 and 31.1.6 in the NCAA Division III Manual.]

The 2022 championship will be conducted according to the [2022 and 2023 NCAA Soccer Rules and Interpretations Book](#).

SUSPENDED GAMES

In the case of inclement weather or other factors leading the referee to suspend a game, the officials, games committee and coaches shall refer to the NCAA Men’s and Women’s Soccer Rules. For NCAA championship competition, a game must be played for the full 90 minutes (as opposed to 70 minutes for the regular season) to be considered a complete game. If a game is suspended or postponed, it will be the decision of the games committee and the referee to determine if the game can be continued that day. If conditions dictate that the game cannot be completed, the NCAA site representative and tournament manager shall contact Kevin Alcox (kalcov@ncaa.org) for men and Mark Bedics (mbedics@ncaa.org) for women. Only after contacting one of them may a game be suspended until the next day or moved to an alternate site. Teams should be prepared with footwear for any playing surface.

Section 1•6 Uniforms

[Reference: Bylaw 12.5.3 in the NCAA Division III Manual.]

Competing teams shall have both light- and dark-colored jerseys, and light- and dark-colored stockings available. In preliminary-round competition, the home team must wear a uniform light in color and in clear contrast with the visiting team. However, in the event of a conflict, it is the responsibility of the home team to wear jerseys and stockings in clear contrast to those worn by the visiting team.

DIVISION III SOCCER

For the semifinals and final, the games committee will determine the home teams. Student-athletes competing in the championship shall wear the official uniform of their institution in competition and related ceremonies. This applies to both warm-ups and competitive uniforms.

A team's stockings must be the same color as the jersey. Shorts may differ in color from that of the stockings and jerseys but shall be matching in color and uniform in style. It is recommended that any visible garment worn under the jersey or shorts shall be a solid color that matches the dominant color of the respective garment.

Section 2 • Determination of Championship Participation

Section 2.1 Championship Format

The Division III Soccer Championship provides a field of 64 teams in a single-elimination tournament. Sixteen four-team sites will conduct first- and second-round play on the first weekend of the championship. The 16 second-round winners will advance to the four, four-team sectionals. Four teams will advance from the sectionals to the semifinals.

First- and second-round sites will be announced by the NCAA Division III Soccer Committees immediately after team selections Monday, Nov. 7. Sectional sites will be announced Sunday, Nov. 13.

If, due to unforeseen circumstances, it becomes impossible to play a match(es) during the championship, the committee is authorized to determine which team or teams advance in the bracket.

A championship bracket can be found in [Appendix A](#). A summary of the automatic-qualifying conferences and their members, along with the Pool B candidates, is listed in [Appendix B](#) for men and in [Appendix C](#) for women.

With Lights*	1 p.m.	3:30 p.m.	3 p.m.

Deviation From Game Times

A host institution desiring to deviate from the above times shall indicate its requested start time(s) on the facility evaluation form and notify its regional advisory committee chair by Oct. 30. Alternate times noted are not guaranteed and must be approved by the sport committee.

At all sites, the match shown higher on the championship bracket will be the first match played. The match shown lower on the championship bracket will be the second match played.

PRACTICE

Practice access to all designated host-site fields is limited to the day before and the day of competition, weather permitting. If this is not possible, a practice field will be available to all teams the day before the game. All practices held the day before games will be closed with the exception of credentialed media and credentialed participants. The host institution is required to provide one set of goal cages for each team on the practice field and at the alternate indoor facility.

Participating teams are limited to a maximum of 24 student-athletes for competition and game warmup. For practices, there is no limit to the number of student-athletes who can participate.

For practice and warmups, the game clock will start at the designated time from the schedule regardless if the participating team is on the field.

On game days, each team is guaranteed 45 minutes on the game field for its pregame warmup before the introduction of the players.

For all rounds, except the championships, practice times will be assigned during each respective round conference call based upon travel distance for each team to the site. Teams will only be permitted to select a practice time offered. If hosting, provide as many options as possible to accommodate any schedule conflicts. No team will be permitted to practice on the game field at any time other than its officially assigned time. Teams are permitted 90 minutes of practice on the game field (weather permitting). Indoor facilities should be utilized only in the occurrence of inclement weather and not in addition to the assigned 90 minutes of practice time, including warmup.

TRAVEL PARTY

Squad Size: 24 individuals

Official Travel Party: 29 individuals

Bench Size: 40 individuals (includes medical personnel)

Additional Information/Requirements on Team Personnel

Squad Size. Participating teams are limited to a maximum of 24 players. Each team should designate its 24 players to be used in that round during the pregame meeting. An institution that is advised it is in violation of this regulation and does not promptly conform to it automatically shall forfeit the competition. There shall be no inordinate delay of the competition to allow the institution to conform to the rule.

Official Travel Party. There are 29 individuals in each team's official travel party. The members of the official travel party will receive a credential, and transportation and per diem will be provided to cover the 29 individuals. The bench and travel party credentials will be distributed at the coaches meeting.

Bench Size. Each institution is allotted 11 bench passes to distribute to team personnel beyond the 29 members of the official travel party. Two of the 11 bench passes should go to medical personnel from the participating institution. If only one medical personnel is present, then the bench personnel number will be 39. Each institution may designate one person to serve at the official scorer's table. No photography is allowed in the bench area.

Bench Area. For all NCAA championship games, the home bench is located to the right of the scorer's table when facing the field.

A total of 40 individuals from each institution may be in the bench area during the competition. **The 40 individuals in the bench area must be institutional personnel or team members; no other individuals (i.e., family members or children) are allowed in the immediate bench area.**

NATIONAL ANTHEM

The national anthem will be played once per session (one session is equal to all games played on the same day at the same site).

Section 2•2 Results

During the championships and at the conclusion of the competition, the host sports information director, media coordinator or designee is responsible for reporting official results to the NCAA official website. Please email a copy of results to ncaa-content@turner.com. Please be sure to submit all information in the following manner:

- Send the information to ncaa-content@turner.com.
- Specify the sport (division, championship, round) in the SUBJECT area.
- Paste the text directly into an email or send email as an attachment in an MS Word document or Windows Notepad text document.
- Please convert photos to JPEG format and attach to the email.

For the Division III Men's and Women's Soccer Championships, the following information must be sent at the appropriate times:

- Halftime scores sent during the intermission.
- End-of-regulation scores (even if the contest is headed to overtime).
- Final score with details of overtime and shoot-outs, if applicable.
- Final box score.
- Game story.
- Photos, if possible.

All host sites should use Stat Crew programs to submit statistics for the contests. At the end of each game or day of competition, a packed file from each championship contest must be sent to the NCAA Statistics Department (ncaastats@ncaa.org) at the NCAA national office. These files should be sent immediately following each contest or day of competition. If you have any questions, please do not hesitate to contact a member of the Statistics Department.

SCORE REPORTING

The score-reporting and stats-reporting processes are now combined for Division III soccer. Schools will submit all schedule and results information to the NCAA statistics site (web1.ncaa.org/stats/StatsSrv/login), and this information will then be transferred into the score-reporting system for use by the sport committees. Specific instructions and reporting deadlines will be communicated to SIDs in a memo from the media coordination and statistics staff. For questions regarding the reporting process, please contact Marcus Thatcher (mthatcher@ncaa.org).

Section 2•3 Selections Information

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Division III Manual.]

Teams shall be selected for the men's soccer championship by the eight-member NCAA Division III Men's Soccer Committee and for the women's soccer championship by the eight-member NCAA Division III Women's Soccer Committee. Each member of the committees serves as the chair of the advisory committee in his/her respective region. Regional advisory committees (RACs) assist the national committee by evaluating teams, sites and officials within their regions through a series of conference calls.

Conference calls will be conducted by the national committees to make the final determination of the participating teams. If possible, all selections will be made by Nov. 8.

ALLOCATION OF BERTHS

- Pool A will be composed of the conference champions from each conference that meets the requirements for automatic qualification (NCAA Bylaw 31.3.3). Conferences that meet automatic-qualification requirements are guaranteed only one Pool A berth. After the determination of the automatic (Pool A) berths, the committee will determine the Pool B selections followed by the Pool C selections.
- Pool B will be composed of independent institutions and institutions that are members of conferences that do not meet the requirements for automatic qualification.
- Pool C will be reserved for institutions from automatic-qualifying conferences that are not their conference champion and the remaining teams in Pool B.
- Berths from Pools B and C will be selected on a national basis, using regional selection criteria. There will be no predetermined regional allocations for Pools B and C.
- There will be no maximum or minimum number of berths from one region.
- No conference will receive more than one automatic berth.

The Championships Committee has clarified Bylaw 31.3.3 to reflect that institutions participating in conferences that meet the automatic-qualification requirements, and are eligible to be selected to a championship via Pool A and/or Pool C, may not elect instead to be selected via Pool B as an independent institution.

Based on the sponsorship data, the following allocations will be implemented for the 2022 championship:

Men's Soccer

Bracket	64 teams	Based on 2021-22 eligible institutions
Pool A	43 teams	Number of Automatic Qualifiers
Pool B	1 team	Number of Pool B teams/Access ratio

AT-LARGE SELECTION

To be considered during the at-large selection process (Pool B or C), an institution must play at least 70% of its competition against Division III in-region opponents, unless a waiver has been approved by the Division III Championships Committee.

IN-REGION COMPETITION

In-region competition is defined as:

- All competition within an institution's defined region.
- All competition within a 500-mile radius from one institution to another.
- All competition against conference opponents.
- All competition against conference opponents. All competition within an institution's membership geographical region (Bylaw 4.13.1.1). The country is divided into four membership regions as listed below. For most institutions, this should result in a more expanded list of potential in-region opponents than in the past.

Region 1

Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, Rhode Island, Vermont

Region 2

New York, Pennsylvania

Region 3

Alabama, Arkansas, Florida, Georgia, Indiana, Kentucky, Louisiana, Michigan, Mississippi, North Carolina, Ohio, Puerto Rico, South Carolina, Tennessee, Virginia, West Virginia

Region 4

Alaska, Arizona, California, Colorado, Hawaii, Idaho, Illinois, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wisconsin, Wyoming

The NCAA Travel Expense System mileage calculator will be used to confirm distance from campus to campus (web1.ncaa.org/TES/exec/TES/exec/miles).

COUNTABLE COMPETITION

[Reference Bylaw 31.3.4.1 in the NCAA Manual.]

For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.4) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

In addition, only games listed on the institution's originally submitted schedule will be considered for tournament selection purposes. Postseason games decided by the penalty-kick tiebreaker procedure shall be considered as ties for selection purposes. The addition of games not listed on the institution's published schedule as an aid for selection shall not be considered.

TRAVEL INFORMATION

Transportation and per diem expenses will be provided for an official traveling party of a maximum of 29. Please refer to the NCAA Travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at ncaa.org/championships/travel/championships-travel-information.

Section 2•4 Selection Criteria

PRIMARY CRITERIA

The primary criteria emphasize regional competition (all contests leading up to NCAA championships); all criteria listed will be evaluated (not listed in priority order).

- Won-lost percentage against Division III opponents;
- Division III head-to-head competition;
- Results versus common Division III opponents;
- Results versus ranked Division III teams as established by the final ranking and the ranking preceding the final ranking. Conference postseason contests are included; and
- Division III strength of schedule;
 - Opponents' Average Winning Percentage (OWP);
 - Opponents' Opponents' Average Winning Percentage (OOWP).

See [Appendix D](#) for an explanation of the OWP and OOWP calculation.

Note: Contests versus provisional and reclassifying members in their third and fourth years shall count in the primary criteria. Provisional and reclassifying members shall remain ineligible for rankings and selections.

SECONDARY CRITERIA

If the evaluation of the primary criteria does not result in a decision, the secondary criteria will be reviewed. All the criteria listed will be evaluated (not listed in priority order). The secondary criteria introduce results against all other opponents, including those contests versus opponents from other classifications (i.e., provisionals, NAIA, NCAA Divisions I and II).

- Non-Division III won-lost percentage;
- Results versus common non-Division III opponents;
- Division III non-conference strength of schedule.

Should a committee find that evaluation of a team's won-lost percentage during the last 25% of the season is applicable (i.e., end of season performance), it may adopt such criteria with approval from the championships committee.

Additionally, input is provided by regional advisory committees for consideration by the soccer committee. In order to be considered for selection for Pools B or C, an institution must play at least 70% of its competition against Division III in-region opponents. Coaches' polls and/or any other outside polls or rankings are not used as a criterion by the soccer committee for selection purposes.

Section 2•5 Determination of Teams

Once automatic qualifiers are identified and the Pools B and C teams are selected, the following guidelines should be followed:

- Teams will be grouped in clusters according to natural geographic proximity. Teams shall then be paired according to geographic proximity. A team may be moved to numerically balance the bracket if geographic proximity is maintained. Teams shall be paired and eligible according to geographic proximity (within 500 miles). An exception may be granted when there are not enough teams within the 500-mile radius to fill the region;
- Teams may be seeded on a regional basis using the regional-selection criteria. However, geographic proximity shall take precedence over seeding;
- Teams from the same conference shall not play one another in the first round.
- The highest-seeded team that meets all selection criteria shall be selected as the host institution, provided geographic proximity is maintained.

Flights will be kept to a minimum.

The top team on the bracket is the designated home team and will wear the light (white) colored jersey.

Section 2•6 Site Selection

CRITERIA

The Division III Championships Committee has prioritized the following site-selection criteria for all championships:

- Quality and availability of the facility and other necessary accommodations;
- Geographical location (which may include such factors as rotation of sites, weather, accessibility and transportation costs);
- Seeding; and
- Attendance history and revenue potential, which shall be considered necessary to assure fiscal responsibility.

In addition, the soccer committees include the following site-selection deliberations:

- Preference is given to grass/grass-like surfaces; and
- The potential host must have played the majority of its home games on the field it is submitting for consideration.

A competing institution that cannot charge admission at its home facility and/or cannot establish a barrier to separate the spectators from the field of play, and/or does not have a field that meets minimum-size requirements (70 yards x 115 yards) may not serve as host.

An evaluation will be made of institutional facilities to determine if they are acceptable for championship play. Selection of host sites will be based partly upon the quality of the playing facility. A facility evaluation form must be completed online with a **deadline of Oct. 30 at 5 p.m. Eastern time.**

*Effective as of September 1, 2018, the preliminary-round hosting language will be adjusted to mirror the language from the NCAA Soccer Rules Book. Previously, hosts were permitted to use fields with a minimum dimension of 65 yards x 110 yards. NCAA Soccer Rule 1.1.1 says, “The field of play shall be rectangular, with a length of 115-120 yards and a width of 70-75 yards.” The preference is for fields with the dimensions in the rule book. There is an exception in the rules for facilities in use for soccer before 1995, that they “need only to be rectangular, the width of which shall not exceed the length.”

PROSPECTIVE HOSTS

Any institution or conference interested in hosting a preliminary round of the 2022 NCAA Division III Men’s and/or Women’s Soccer Championships must submit a proposed budget and a safety and security form, respond to sport-specific questions, and ensure the institution’s key contact and facility information are up to date via the Championships Bid and Host Profile portal. Please note that in order to submit a bid, you must first locate the desired championship in the championships “Available for Bid” section and select “Start Bid.” **A separate proposed budget must be submitted for each round that an institution or conference is interested in hosting.**

Member institutions can regularly and easily access their profiles by visiting championships.ncaa.org. For profile issues, user access or to reset a password, please email championshipbid@ncaa.org or contact the respective championship manager.

The deadline to submit all materials for hosting preliminary rounds is **Oct. 30 at 5 p.m. Eastern time.**

HOST REPORTING SYSTEM

The Championships Bid and Host Profile portal can be accessed at championships.ncaa.org.

Prospective hosts’ budgets should include committee/site representative’s lodging expense, game officials’ lodging expense, state and city taxes/fees if applicable, and any ticket fees. Committee/site representative’s per diem, mileage and luggage fees will now be paid by the NCAA instead of the host institution. Game officials will be reimbursed via the ArbiterPay system for their game fees, per diem, mileage and luggage fees. For both the game officials and committee/site representatives, hosts will pay for their lodging expenses and be reimbursed by the NCAA. However, if the NCAA manages the hotel block for the game officials, the officials’ lodging expenses shall be directly billed to the NCAA. The NCAA typically manages the officials’ hotel block at the final site for our championships.

FACILITY PROFILE

Institutions interested in hosting preliminary-round competition must add (or ensure accuracy of) facility information for the applicable competition venue. This information is located at championships.ncaa.org. Any supporting information – e.g., facility diagram, pictures – should be uploaded and attached to that facility’s profile. This information will be made available to the sport committee to aid in their deliberations of prospective host sites.

Note: Amenities for all teams must be equal (i.e. tents, heaters). If amenities cannot be provided for all, they shall not be provided at all.

KEY CONTACTS

Each institution should list and then maintain its key contacts associated with each sport and the institution. Individuals can be added via the Championships Bid and Host Profile portal at championships.ncaa.org.

SAFETY AND SECURITY PLAN

Based on a review of current and future championships competition venues, discussions with safety and security experts, and its own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA championships. We urge each competition venue to take these Best Practices into account when developing its safety and security program.

As part of your bid, please submit a safety and security plan for your venue, which would be inclusive of the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the Best Practices document.

The best practices for venue safety and security along with the safety and security contact form is located at: ncaa.org/sites/default/files/Best_Practices_for_Venue_Safety_and_Security.pdf.

FINAL FINANCIAL REPORT

[Reference: Bylaw 31.4 in the NCAA Manual.]

A final financial report from each championship site must be submitted via the online host reporting system to the NCAA not later than 60 days after the competition.

CONTACT INFORMATION

If you have any questions regarding the bid process, please contact Kevin Alcox (kalcov@ncaa.org) or email championshipbid@ncaa.org.

JOINT HOSTING INFORMATION

The NCAA Division III Championships Committee has approved a recommendation from the NCAA Division III Men’s and Women’s Soccer Committees to establish hosting guidelines for institutions whose men’s and women’s teams earn berths in their respective championships. The committees established these guidelines to eliminate potential conflicts created by hosting both championship events, to assist institutions in preparing for hosting opportunities and to ensure the opportunity of providing a quality championship experience for all teams involved in both championships.

Institutions with both men’s and women’s teams in the championships will follow these hosting guidelines:

	1st/2nd Round	Sectionals
Even Years	Men host	Women host
Odd Years	Women host	Men host

If conflicts prevent another institution from hosting while following these guidelines, the combined men’s and women’s committees will determine which team will play first at the same site.

The men’s and women’s committees are concerned with conflicts created when institutions attempt to host both men’s and women’s championship events, and the impact those conflicts have on the committees during site selection, and on the institution during the administration of the events. The committees prefer that institutions not host both men’s and women’s events in the same round of the championships.

The committees also recognize that some institutions with both teams in the championships, while recognizing their limitations in hosting both events, may face administrative pressure having to choose to host one championship event over another. The committees believe these guidelines can alleviate this administrative pressure. The committees' primary concerns include the following:

- The potential for field conditions to deteriorate, particularly in the second games;
- The institutional administrative pressure to host both championship events and/or to choose between which championship event it will host if it cannot host both events;
- The magnification of weather issues if an institution attempts to host both championship events; and
- The condition and availability of practice facilities.

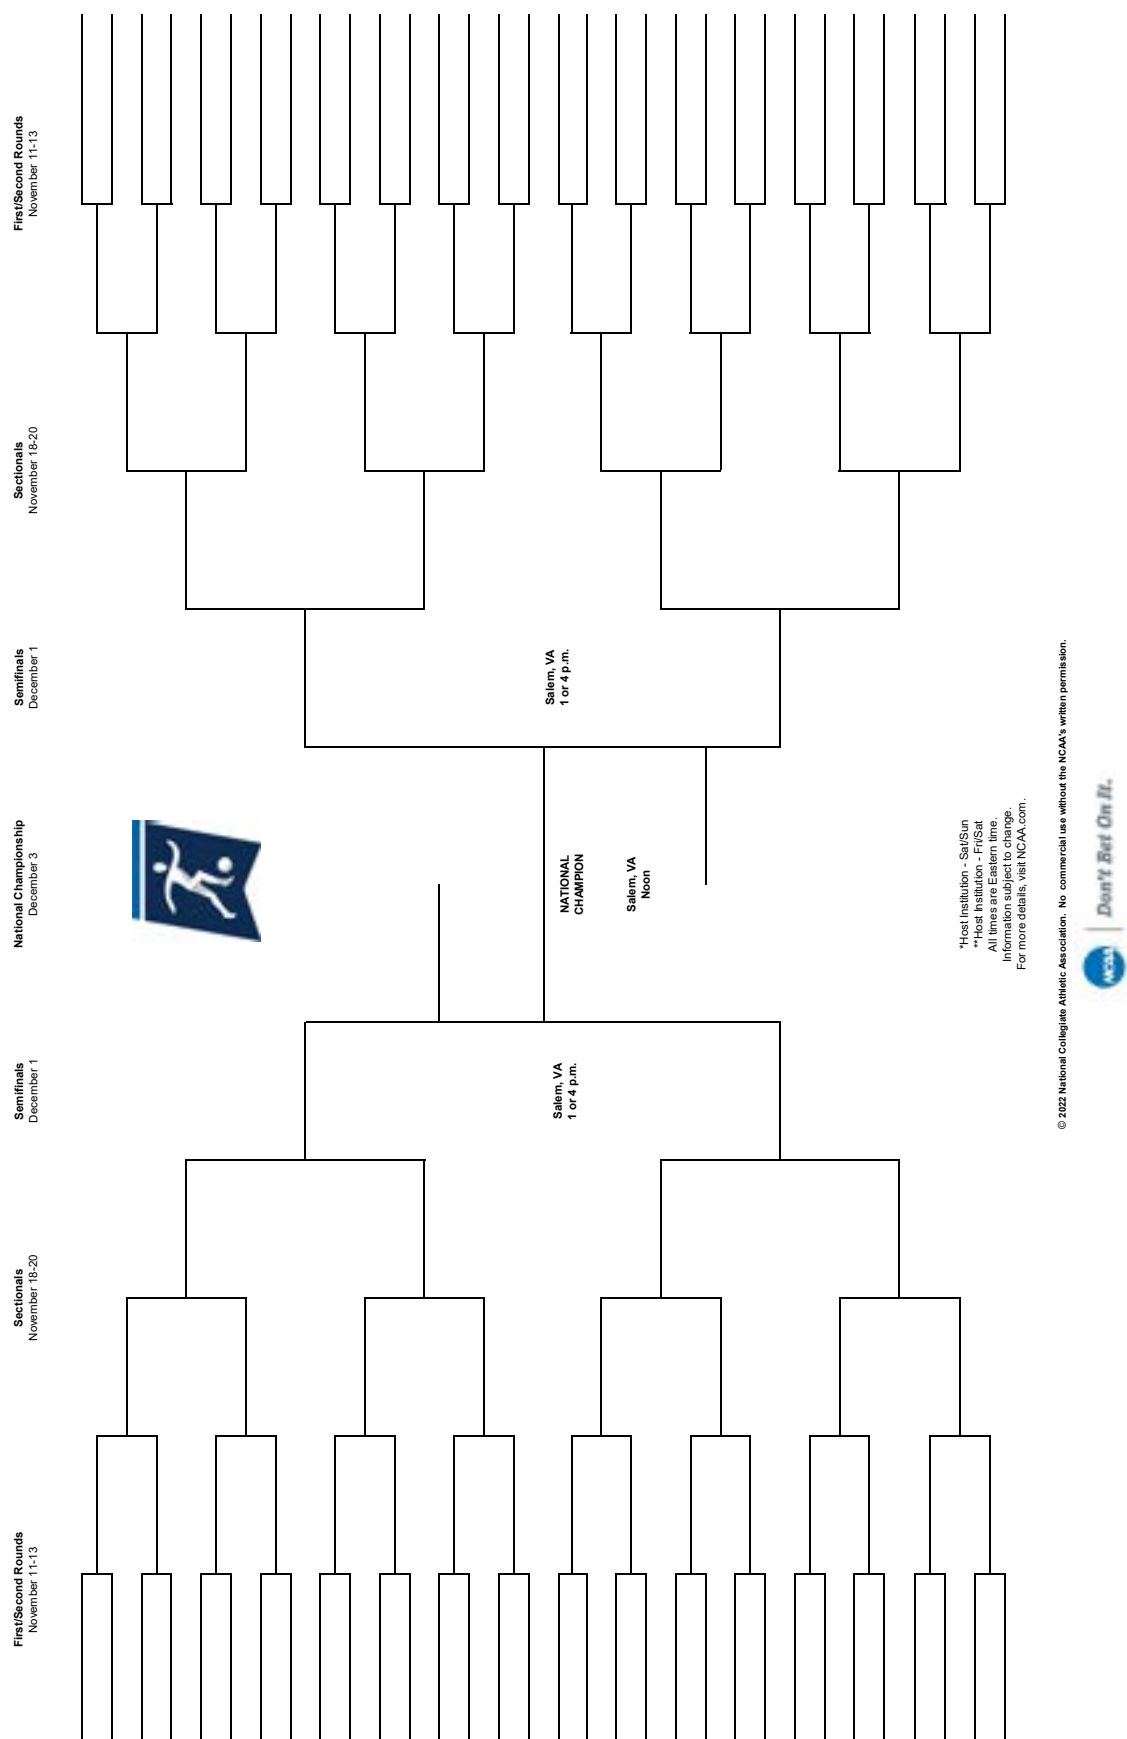

While the hosting preferences of the joint men's and women's soccer committees are noted above, there may be some instances when the committees are unable to follow these due to the number of variables that must be taken into consideration when selecting host sites, which may also include the conduct of other Division III fall championships. If such instances arise, the joint soccer committees will determine the most reasonable hosting scenarios for the championships, given all factors that must be taken into account.

Appendix D • Explanation of OWP and OOWP Calculation

The strength of schedule is made up of two factors: the opponents' winning percentage (OWP) and the opponents' opponents' winning percentage (OOWP).

Opponents' Average Winning Percentage (OWP). Take each opponent's won-lost record against other Division III teams (excluding the results against the team in question); add up all wins and all losses to get the cumulative won-lost record that is used to determine the opponents' winning percentage.

To calculate. Team A's schedule is as follows:

OPPONENT	OVERALL RECORD	VS TEAM A	WINS	LOSSES
Team B	21-7	1-0	20	7
Team C	14-11	0-1	14	10
Team D	9-14	0-1	9	13
Team E	8-17	0-1	8	16
Team F	19-8	1-0	18	8
TOTALS			69	54

Team A's Opponents' Average Winning Percentage = $69/(69+54) = .561$ (OWP)

Opponents' Opponents' Average Winning Percentage (OOWP). The strength of each opponent's schedule is measured by taking all of their opponents' won-lost records and finding the winning percentage based on the total opponents' opponents' won-loss record. This recognizes the fact that two opponents with similar won-lost records may have played far different schedules (in terms of strength of opponents).

To calculate. Using the total opponents' won-lost record for Teams B, C, D, E and F (Team A's opponents), perform the same calculation as the OWP.

OPPONENT	OPPONENTS' WINS	OPPONENTS' LOSSES
Team B	35	75
Team C	63	40
Team D	55	55
Team E	75	37
Team F	44	60
TOTALS	272	267

$272/(272+267) = .505$ (OOWP)

It is important to note that the OOWP will support the OWP (i.e., Teams A and C have the same OWP of .561; Team A has an OOWP of .505 and Team C has an OOWP of .456; it would indicate that Team A has the stronger strength of schedule).

Strength-of-Schedule Calculation. Using the strength of schedule, add two-thirds of the OWP to one-third of the OOWP. Team A's strength-of-schedule calculation is as follows:

	VALUE	WEIGHT	SOS VALUE
OWP	.561	.667	.374
OOWP	.505	.333	.168
STRENGTH OF SCHEDULE			.542

Strength-of-Schedule Multiplier: This was in effect from 2011-2016 for men's soccer and only in 2016 for women's soccer.
