

2025-26 Soccer Rules Results

Methods

This was a survey of athletic directors, conference administrators (e.g. commissioners, coordinators and conference sport administrators), head coaches, senior woman administrators and officials aimed at obtaining their feedback on proposed rules changes and a review of the 2025 soccer rules changes.

The survey was designed to take no more than 15 minutes and was administered online through the Qualtrics survey software.

The survey was open from November 12 to December 7.

The survey was distributed to almost 7,600 coaches and officials. The link to the survey was posted to an online survey dashboard designed for athletics directors, conference commissioners and senior woman administrators to provide rules feedback during the 2025-26 academic year. A notice about the use of the survey dashboard was emailed to all athletics directors and conference commissioners in November 2025. The survey availability was highlighted in the NCAA Weekly and follow-up emails were sent to coaches and officials. Of the 9,874 possible participants, there were 1,729 completed surveys (18 percent response rate).

Note: Items shaded in blue represent a response majority (percentage at or above 60 percent).

PROPOSED RULES CHANGES

1. Requiring all bench personnel, excluding one coach, to be seated when in the coaching and team area

Rationale: To restrict players and coaches from the touchline, which will allow the bench-side official to officiate unimpeded and assist in reducing bench decorum issues.

20. Maintain a two-game suspension for Violent Behavior II and Fighting (Note: there will be a separate question on who should be responsible for deciding this) . Please respond only about the concept of mandating a multi-game suspension for certain offenses.

Rationale: Separating the issue of the punishment from who determines it.
