

2024 Women's Softball Rules Results

Methods

- This was a survey of athletic directors, conference administrators (e.g. commissioners and coordinators), head coaches, senior woman administrators and umpires aimed at obtaining their feedback on new rules changes and support for potential rules changes.
- The survey was designed to take no more than 10-minutes and was administered online through the Qualtrics survey software.
- The survey was open from October 28 to November 20.
- The survey was distributed to almost 1,900 coaches and umpires. The link to the survey was posted to an online survey dashboard designed for athletics directors, conference commissioners and senior woman administrators to provide rules feedback during the 2024-25 academic year. A notice about the use of the survey dashboard was emailed to all athletics directors and conference commissioners in Fall 2023 and again in late January 2024. The survey availability was highlighted in the NCAA Weekly and follow-up emails were sent to coaches and officials. Of the 4,022 possible participants, there were 846 completed surveys (21 percent response rate).
