1. In advance of testing-
   Designate secure location with table and chairs for barrel compression testing.
   Provide site rep with your portable BCT fixture and NCAA testing notebook (with stickers and bat logs) shipped from Dee.
   In conjunction with site rep, communicate testing plans, time and location to participating coaches.

2. Assemble and calibrate portable BCT fixture daily.
   Match the model number on each bat to each team’s current NCAA Approved Softball Bat List.
   Attend BCT at the predetermined time.
   Compress each bat until it passes or fails twice paying attention to back-stop style exception minimums as noted on the bat list.
   Sticker or oversee stickering of bats that pass twice.
   Disqualify bats that fail twice, identify them with the team’s name prior to securing them with the host, and appropriately amend the bat list.
   Complete top (lavender) section of the first page of bat list.
   On the first day, complete (or have team representative complete) the provided bat log which then must be updated daily.

3. Secure failed bats from the site representative for shipment to Dee following your tier.

4. Obtain disqualified bats from the umpires on the field, securing them until the team’s final departure from the site.

5. Present only stickered bats (preferably in order) and current NCAA Approved Softball Bat List to umpires at dugout for inspection prior to each game.

6. Following the game, complete the RefQuest electronic Noncompliant/Inappropriate Bat form for bats failing BCT.

7. If any bats failed BCT, contact Dee following the final testing session to obtain UPS label.

8. Following final BCT for the tier, return the BCT fixture and NCAA provided notebook with bat logs and unused stickers to the host.

9. If any bats failed BCT, contact Dee following the final testing session to obtain UPS label.

10. Ship the NCAA testing notebook and any bats that failed BCT to Dee immediately following hosting.
