## *ENTRY INFORMATION*

### **Diving Entries**

- Qualification for a diving event must be achieved in bona fide competition. The definition and requirements for meeting bona fide competition is detailed in Rule 9 for the 2019-20 and 2020-21 NCAA Swimming and Diving Rules Book.
- In order to qualify for the diving events at the championships, a diver must participate in his or her respective zone-qualifying meet. In order to qualify to compete in a zone-qualifying meet, the diver must be selected to the meet based on the new selection process for 2021. For more information on this process please review the diving qualification memo on [ncaa.org](http://ncaa.org).
- [DiveMeets](#) will be used at each of the zone diving meets and divers must register online for their respective zone meet in order to be eligible for selection.
- All coaches wishing to enter a diver for consideration for selection to their respective zone diving meet must submit the zone diving entry form by 12 p.m. Eastern time, Sunday, Feb. 28. Late and/or incorrect submissions will result in a fine of \$500.

### **Procedures**

- All springboard diving events will consist of a preliminary round of six optional dives, including one from each of the five groups plus an additional dive that may be selected from any group. The top 18 finishers from the preliminary round will advance to the final round and will perform a second list of six optional dives, including one from each of the five groups plus an additional dive that may be selected from any group. All dives will be performed in any order without limit on degree of difficulty. Scores on all dives performed by each of the divers in the prelims and the finals shall be used to determine finals placing.
- For platform prelims, each diver will do six optional dives (men), including one from each of six groups, or five optional dives (women), including one from each of five groups, from any competitive platform level (i.e. 5, 7.5 or 10 meters), in any order, without limit on degree of difficulty. The top 18 finishers from the preliminary round will advance to the final round and will perform a second list of six optionals (men) including one from each of the six platform groups or five optionals (women) including one from each of five groups. All dives will be performed from any competitive level in any order without limit on degree of difficulty. Scores on all dives performed by each of the divers in the prelims and the finals shall be used to determine finals placing.
- Divers in the finals are allowed to practice during the 10-minute break. The diving order for finals will remain the same, with the non-qualifying divers being removed from the starting order.

## *SCORING*

**In all events, preliminary scores will carry forward and be added to the scores in the finals to determine final placement.**

### **Tie-Breaking Procedures at Zone Qualification Meets**

In the event of a tie between two or more divers who are vying for a final selection spot from a zone qualifying meet, the tie will be broken by comparing each of the diver's highest score from both their two lists (preliminary and finals). The diver with the highest score would advance to the championships, and the other diver will become the first alternate from that respective zone.

### **Judges**

Panels of judges shall be drawn by the NCAA Diving Sub-Committee members in attendance before the coaches meeting. Panels should be drawn so that all conferences are represented equally, if possible. The panels of judges shall then be presented to all coaches for final approval at the coaches meeting. Any coach wanting to observe the drawing of panels may do so.

## ***RESULTS***

Divers will qualify for the NCAA championships based on performances at their respective zone meet.

### **Qualifying Procedures**

The top five female and top four male divers from each event at their respective zone diving meet will be eligible to compete at the NCAA Championships. Additional place finishers in each event at each zone will be eligible based on the number of student-athletes from that zone who finished in the top 16 in that event at the previous year's contested or completed NCAA Championships. All eligible divers must have achieved the zone qualifying score prior to the NCAA championships in all events they wish to participate.

### **Number of Qualifying Spots per Zone for 2021**

<b><u>Women</u></b>	<b>1m</b>	<b>3m</b>	<b>PI</b>	<b><u>Men</u></b>	<b>1m</b>	<b>3m</b>	<b>PI</b>
<b>Zone A</b>	5	6	5	<b>Zone A</b>	6	5	4
<b>Zone B</b>	7	7	8	<b>Zone B</b>	10	8	8
<b>Zone C</b>	7	6	10	<b>Zone C</b>	7	7	10
<b>Zone D</b>	10	13	9	<b>Zone D</b>	9	9	8
<b>Zone E</b>	12	9	9	<b>Zone E</b>	4	7	6

### **Optional Entry**

Any diver that is eligible to compete as noted above will be allowed to optionally enter any other event(s) at the championships, provided that the diver finished in the top 12 at the same zone meet and has achieved the zone qualifying score for that event prior to the NCAA Championships.

### **Example**

Zone A had two divers finish in the top 16 on 1-meter at last year's NCAA women's championships; therefore, the top seven divers (5+2) would then be eligible to compete at this year's NCAA championships in the 1-meter event. Additionally, those seven divers may dive the 3-meter and or platform events provided they have met the requirements noted above.

### **Reimbursement Procedure**

The reimbursement system for divers who are eligible to compete in the NCAA Championships will remain the same as the 2019-20 season qualifying system. Divers will be eligible for reimbursement based on performances at their respective zone meet. The results from the previous year's NCAA championships,

along with a priority-placement grid (Figure 1) will be used to determine the total allocated reimbursement spots for each zone. Each zone will receive a minimum of four reimbursements for men and women. These guaranteed reimbursements will fill 20 of the 41 and 20 of the 35 allotted for women and men respectively. The priority-placement grid will then be used to fill the remaining 21 spots for women and 15 for men. All remaining eligible divers that do not receive reimbursement will be allowed to attend the NCAA championships as an institutionally funded participant.

## ***MERCHANDISE***

Event1 is the official merchandiser for NCAA championships. Merchandise will be available for purchase at the following link: <https://www.event1teamstore.com>. There will be no merchandise available for sale on-site.

## ***PROTEST PROCEDURE***

- At the coaches meeting, a meet committee must be designated who will hear and decide all protests.
- The diving sub-committee members for each region are automatically on the meet committee; the additional members must be nominated or can volunteer to be part of the meet committee; however, there should be no more than five total meet committee members. If there are more nominations or volunteers than necessary, names will be drawn out of a hat. The meet committee shall have fair representation (i.e., two coaches from the same conference should not be allowed if there are more than five conferences in the zone, etc.).
- If a protest should occur, the protesting coach should find a member of the meet committee to turn in the protest form.
- Protests must be received within 30 minutes of the final diving results of that particular event. (See the protest form at the back of this manual.)
- A member of the meet committee must call Michelle Perry (317-460-4680) or John Bugner (317-522-7220) to communicate what the protest entails.
- The meet committee will review and vote on the protest; if a protesting coach is involved with the meet committee, they should remove themselves from discussion and voting. (Determine if there should be an alternate selected for the meet committee in case this situation occurred so there would always be five total members and eliminate opportunity for a tie vote?)
- The meet committee will communicate back to the protesting coach what action they agreed upon. All protests are final once action has been taken.

## *UNIFORMS*

Regulations regarding uniforms for divers are detailed in Rule 3 of the 2019-20 and 2020-21 NCAA Swimming and Diving Rules Book. **If a student-athlete competes in an illegal swimsuit, that student-athlete shall be disqualified from that event.**

## *VIDEOTAPING*

Videotaping for personal use is permitted if it does not interfere with spectators or media. Each participating team is permitted to have one person tape competition with a single camera for institutional purposes only. Flash photography is prohibited.
