ENTRY INFORMATION

Diving Entries

- Qualification for a diving event must be achieved in bona fide competition. The definition and requirements for meeting bona fide competition is detailed in Rule 9 for the 2023-24 and 2024-25 NCAA Swimming and Diving Rules Book.
- In order to qualify for the diving events at the championships, a diver must participate in their respective zone-qualifying meet. In order to qualify to compete in a zone-qualifying meet, the diver must have achieved the qualifying standards for minimum point totals in bona fide competition in each event they want to participate. The qualifying standards for divers are available online at [ncaa.org](https://www.ncaa.org).

- **DiveMeets** will be used at each of the zone diving championships and divers must register online for their respective zone meet.
- All coaches wishing to enter a diver into their respective zone diving championship must submit the zone diving entry form by 11:59 p.m. Eastern time, Monday, March 3. Late and/or incorrect submissions will result in a fine of \$500.

Procedures

- All springboard diving events will consist of a preliminary round of six optional dives, including one from each of the five groups plus an additional dive that may be selected from any group. The top 18 finishers from the preliminary round will advance to the final round and will perform a second list of six optional dives, including one from each of the five groups plus an additional dive that may be selected from any group. All dives will be performed in any order without limit on degree of difficulty. Scores on all dives performed by each of the divers in the prelims and the finals shall be used to determine finals placing.
- For platform prelims, each diver will do six optional dives (men), including one from each of six groups, or five optional dives (women), including one from each of five groups, from any competitive platform level (i.e. 5, 7.5 or 10 meters), in any order, without limit on degree of difficulty. The top 18 finishers from the preliminary round will advance to the final round and will perform a second list of six optionals (men) including one from each of the six platform groups or five optionals (women) including one from each of five groups. All dives will be performed from any competitive level in any order without limit on degree of difficulty. Scores on all dives performed by each of the divers in the prelims and the finals shall be used to determine finals placing.
- Divers in the finals are allowed to practice during the 10-minute break. The diving order for finals will remain the same, with the non-qualifying divers being removed from the starting order.

SCORING

In all events, preliminary scores will carry forward and be added to the scores in the finals to determine final placement.

Tie-Breaking Procedures at Zone Qualification Meets

In the event of a tie between two or more divers who are vying for a final selection spot from a zone qualifying meet, the tie will be broken by comparing each of the diver's highest score from both their two lists (preliminary and finals). The diver with the highest score would advance to the championships, and the other diver will become the first alternate from that respective zone.

Judges

Panels of judges shall be drawn by the NCAA Diving Subcommittee members in attendance before the coaches meeting. Panels should be drawn so that all conferences are represented equally, if possible. The panels of judges shall then be presented to all coaches for final approval at the coaches meeting. Any coach wanting to observe the drawing of panels may do so.

RESULTS

Divers will qualify for the NCAA championships based on performances at their respective zone meet.

Qualifying Procedures

The top five female and top four male divers from each event at their respective zone diving championship will be eligible to compete at the NCAA Championships. Additional place finishers in each event at each zone will be eligible based on the number of student-athletes from that zone who finished in the top 16 in that event at the previous year's contested or completed NCAA Championships. All eligible divers must have achieved the zone qualifying score prior to the NCAA championships in all events they wish to participate.

Number of Qualifying Spots per Zone for 2025

<u>Women</u>	<u>1m</u>	<u>3m</u>	<u>PI</u>	<u>Men</u>	<u>1m</u>	<u>3m</u>	<u>PI</u>
Zone A	7	6	5	Zone A	4	5	5
Zone B	9	7	7	Zone B	7	8	6
Zone C	6	10	11	Zone C	10	8	10
Zone D	11	10	9	Zone D	9	9	8
Zone E	8	8	9	Zone E	6	6	7

Optional Entry

Any diver that is eligible to compete as noted above will be allowed to optionally enter any other event(s) at the championships, provided that the diver finished in the top 12 at the same zone meet and has achieved the zone qualifying score for that event prior to the NCAA Championships.

Example

Zone A had two divers finish in the top 16 on 1-meter at last year's NCAA women's championships; therefore, the top seven divers (5+2) would then be eligible to compete at this year's NCAA championships in the 1-meter event. Additionally, those seven divers may dive the 3-meter and or platform events provided they have met the requirements noted above.

Reimbursement Procedure

The reimbursement system for divers who are eligible to compete in the NCAA championships will remain the same as the 2023-24 season qualifying system. Divers will be eligible for reimbursement based on performances at their respective zone meet. The results from the previous year's NCAA championships, along with a priority-placement grid (Figure 1) will be used to determine the total allocated reimbursement spots for each zone. Each zone will receive a minimum of four reimbursements for men and women. These guaranteed reimbursements will fill 20 of the 41 and 20 of the 35 allotted for women and men respectively. The priority-placement grid will then be used to fill the remaining 21 spots for women and 15 for men. All remaining eligible divers that do not receive reimbursement will be allowed to attend the NCAA championships as an institutionally-funded participant.

Figure 1

Once all of the zone diving championships have concluded, and not later than Sunday, March 16, the list of selected divers will be posted on ncaa.org. Institutions with divers selected to the championships will be notified by the NCAA national office. Additionally, for the full list of divers eligible to compete at the finals site that includes the institutionally-funded divers, please refer to the DiveMeets site.

FACILITY INFORMATION

MCCORKLE AQUATIC PAVILION

The NCAA Zone C Diving Meet will be held at the McCorkle Aquatic Pavilion in the Ron O'Brien Diving Well on the campus of The Ohio State University. This facility contains all the necessary equipment, and has 14 – 17 feet of water depth. The different diving boards in the facility are as follows:

Ten locations for 1-meter and 3-meter springboards

Three stationary 3-meter springboards

Five levels of platforms – 1, 3, 5, 7.5, and 10 meters

DIRECTIONS TO MCCORKLE AQUATIC PAVILION

From the North - Take I-71 South to I-270 West to SR 315 South exit at Lane Avenue

From the South - Take I-71 North to SR 315 North towards Worthington exit at Lane Avenue

From the East (Airport) - Take I-670 East to SR 315 North towards Worthington exit at Lane Avenue

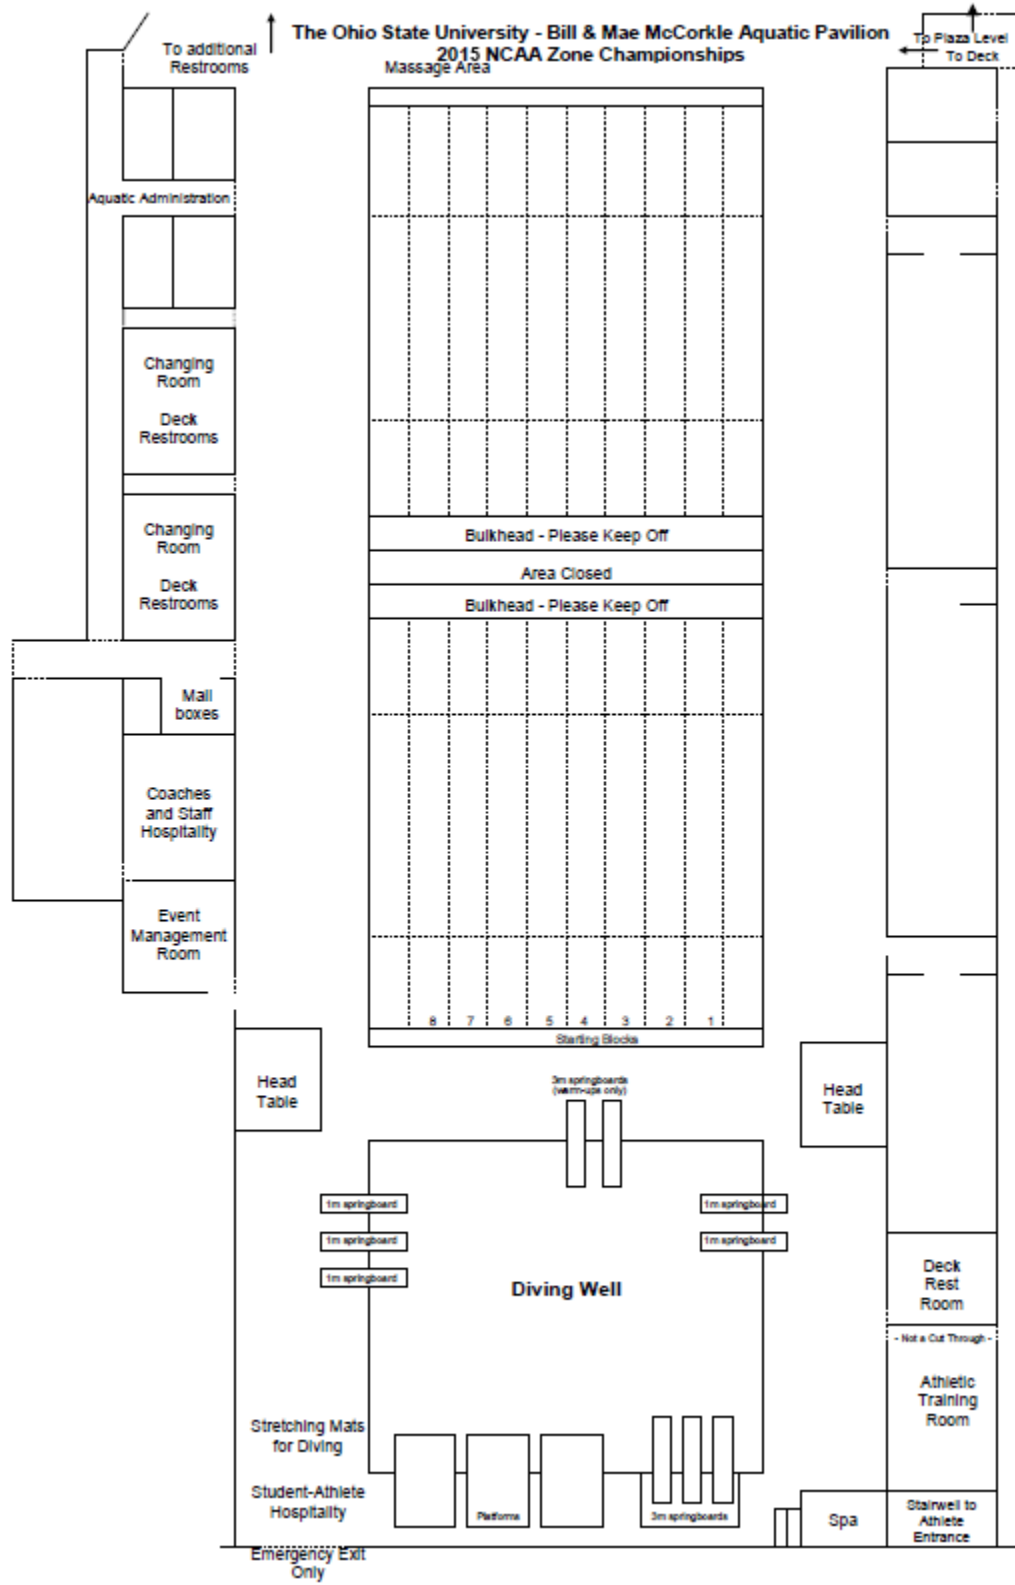

From the West - Take I-70 East to 670 East to SR 315 North towards Worthington exit at Lane Avenue

Once on SR 315 there are two options for getting to McCorkle Aquatic Pavilion

From the SOUTH on 315 - Exit at Lane Avenue. Turn right onto Lane Avenue. Turn right onto Olentangy River Road. Turn left onto John Herrick Drive. Turn left onto Neil Avenue.

From the NORTH on 315 - Exit at Lane Avenue and turn left if coming from North or right if coming from the South. Turn right on to Fyffe Road. Turn left on Woody Hayes Drive. Turn right on to Tuttle Park Place. Tuttle Park Place merges left into W. 17th Avenue. Once on W. 17th Avenue, McCorkle Aquatic Pavilion will be on your right

TEAM ENTRANCE

Primary Team Entrance: Teams that will be dropping off via vans/buses in the McCorkle Loop adjacent to the pool may enter through the Primary Team Entrance to the rear of McCormick Aquatic Pavilion.

Secondary Team Entrance: For participants that may have parked near Ohio Stadium and walked to McCormick Aquatic Pavilion, you may enter through the Secondary Team Entrance in the Main Lobby.

TEAM VAN/CAR PARKING

TEAM VAN/CAR PARKING: Team vans and cars will be permitted to park inside campus visitor garages during the Championship.

At check-in, each team will be provided an allotment of “exit stickers” depending on the number of vehicles brought. When arriving to a garage, you should pull a validation ticket. When you leave, you should place a sticker on the ticket and scan it upon exit. One sticker is good for one exit. Any unused stickers must be returned to the host institution before leaving Wednesday – the host is reimbursed for unused garage stickers.

COACHES MEETING

A mandatory coaches meeting will be held **Sunday, March 9 at 6:30 p.m.** in the wet classroom. Each coach will receive their championships packet containing updated information pertinent to the championships at this meeting. The judges’ panel will be reviewed by the coaches in this meeting.

CONCESSIONS

Food and beverage options are available in the adjacent Recreation and Physical Activity Center, at Juice2, a location offering smoothies, coffee, bagels, and pre-made sandwich and wrap options. If needed, teams can arrange for meals, box lunches, snacks, drinks, etc. during the tournament by contacting Danielle Smith with Levy Catering at danielle.smith@levyrestaurants.com

DRUG TESTING

All student-athletes are subject to NCAA drug testing at all NCAA championships or in conjunction with all postseason certified events. The goal of the drug-testing program is to provide safe, fair and equitable competition as well as to protect the health and safety of all NCAA student-athletes participating in NCAA championships and postseason certified events. Additional information regarding the NCAA's championship drug-testing program is located at www.ncaa.org/drugtesting.

General Information

- The media work area will be located in the wet classroom.
- Wireless Internet accessible to all
- There will be no designated interview area. Please contact Breanna Jacobs to make any interview requests.

MEDICAL INFORMATION

On behalf of the Ohio State University, we welcome you to Columbus. I hope to make your trip as smooth as possible. We will have the following medical supplies and services available to you throughout your visit:

- Water and cups as well as injury ice, bags, and wrap will be on deck for your convenience.
- Modalities will be available in the Athletic Training room located just off of the deck adjacent to the diving well. We will have ice bags, ice cups, hot packs, cold whirlpool, ultrasound, and electrical stimulation at your disposal. (If an ATC is not traveling with your team, a physician prescription will be required for ultrasound or electrical stimulation treatments.)
- A Certified Athletic Trainer will be in attendance for all competitions and a Team Physician will be in attendance or on call for all competitions. All medical emergencies will be transported to Ohio State Medical Center located on campus adjacent to the McCorkle Aquatic Pavilion.

If your team has any special needs, we would be glad to help accommodate you with advanced notice. We wish you a great stay in Columbus.

Host Emergency Medical Plan

1. Student-athlete injured in the diving well.
 - a. Natatorium lifeguard staff provides initial care while student-athlete is in water.
 - b. The injured student-athlete's athletic trainer will handle care of their student-athlete once the diver is removed from the pool.
 - c. Assistance will be provided by the championships medical director (host athletic trainer) as required by the level of seriousness of the situation.
 - d. In the event that the injury is a medical emergency, EMS will be called into action.
 - e. In the event EMS personnel are present at the facility, they will be summoned by the following:
 - (1) The aquatics director or assistant aquatics director.
 - (2) Championships medical director or designee.
 - (3) Department of recreational services staff.
 - (4) Natatorium lifeguard
 - f. In the event EMS personnel are not present at the Natatorium, the EMS system will be activated by using a cellular telephone, a regular telephone located on the pool deck, or a regular telephone located in the athletic training room office.
 - g. The call to the 9-1-1 dispatcher will be made by one of the following individuals:
 - (1) The aquatics director or assistant aquatics director.
 - (2) Championships medical director or designee.
 - (3) Department of recreational services staff.
 - (4) Natatorium lifeguard.
 - h. The following information will be provided to the 9-1-1 dispatcher in the event of a medical emergency:
 - (1) Name of individual placing the call.
 - (2) Nature of the emergency ("injured diver during diving competition").
 - (3) Type of injury (head injury, fracture, dislocation, loss of consciousness, collision with diving board).
 - (4) Location - McCorkle Aquatic Pavilion: 1847 Neil Avenue Dr. Columbus, OH 43210
 - (5) Access point – West glass doors off of campus bus transit hub
 - (6) The individual making call to the 9-1-1 dispatcher will meet the responding emergency personnel and escort them to the Natatorium and the injured diver.
 - (7) If the injury is **not** a medical emergency, the respective student-athlete's athletic trainer will manage the situation accordingly. They will be assisted by the Championships Medical Director or designee.
2. Non-student-athlete medical issues (on the pool deck).
 - Will be managed by the championships medical director or designee.
3. Spectator medical issues.
 - a. Spectators in the stands will ask nearest event staff worker or event security worker for assistance.
 - b. A Natatorium lifeguard will provide first aid to any spectator.

MERCHANDISE

Event1 is the official merchandiser for NCAA championships. Merchandise will be available in the lobby starting 60 minutes prior to the start of the day's events. It will remain open throughout competition.

PROTEST PROCEDURE

- At the coaches meeting, a meet committee must be designated who will hear and decide all protests.
- The diving subcommittee members for each region are automatically on the meet committee; the additional members must be nominated or can volunteer to be part of the meet committee; however, there should be no more than five total meet committee members. If there are more nominations or volunteers than necessary, names will be drawn out of a hat. The meet committee shall have fair representation (i.e., two coaches from the same conference should not be allowed if there are more than five conferences in the zone, etc.).
- If a protest should occur, the protesting coach should find a member of the meet committee to turn in the protest form.
- Protests must be received within 30 minutes of the final diving results of that particular event. (See the protest form at the back of this manual.)
- A member of the meet committee must call Paige Newman (317-778-9808) or John Bugner (317-522-7220) to communicate what the protest entails.
- The meet committee will review and vote on the protest; if a protesting coach is involved with the meet committee, they should remove themselves from discussion and voting. (Determine if there should be an alternate selected for the meet committee in case this situation occurred so there would always be five total members and eliminate opportunity for a tie vote.)
- The meet committee will communicate back to the protesting coach what action they agreed upon. All protests are final once action has been taken.

UNIFORMS

Regulations regarding uniforms for divers are detailed in Rule 3 of the 2023-24 and 2024-25 NCAA Swimming and Diving Rules Book. **If a student-athlete competes in an illegal swimsuit, that student-athlete shall be disqualified from that event.**

VIDEOTAPING

Videotaping for personal use is permitted if it does not interfere with spectators or media. Each participating team is permitted to have one person tape competition with a single camera for institutional purposes only. Flash photography is prohibited.
