

**REPORT OF THE
NCAA DIVISION III MEN'S AND WOMEN'S SWIMMING AND DIVING COMMITTEE
AUGUST 12, 2025, VIDEOCONFERENCE**

ACTION ITEMS.

- None.

INFORMATIONAL ITEMS.

1. **Day 2 trials intermission length.** The committee discussed reducing the length of the second day (Thursday) trials session intermission from 20 minutes to 10 minutes. The committee decided not to reduce the length of that intermission to keep the format consistent with the other competition days.
2. **Relay format.** The committee discussed conducting relays in a timed finals format. The committee considered two timed finals formats: 1) the top eight teams swim during finals sessions and the others swim during trials sessions, and 2) all relays only swim during the finals sessions. The committee decided to maintain the current preliminary/finals relay format. The committee also decided to survey the Division III swimming and diving coaching community regarding the two timed relay finals format options and potentially starting the trials sessions and finals sessions earlier each day, so the competition finishes earlier each day.
