# Section 1 • Introduction

During the 2018-19 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Of the men's championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women's championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men's and women's championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

**Schedule of Events.** Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

**Selection Criteria.** Policies and procedures in place to guide the team selection process.

**Site Selection Criteria.** Policies and procedures in place to guide the site selection process.

## Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

**Ensuring** student-athletes' optimal experience.

**Executing** championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

**Coordinating** all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

**Integrating** championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

**Assuring** effective management of the business aspects of the operation.

**Enhancing** the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

## Section 3 • Concussion Management

*[Reference: Concussion Management in Constitution 3.2.4.18 in the NCAA Division I Manual, Constitution 3.3.4.16 in the NCAA Division II Manual, and Constitution 3.2.4.16 in the NCAA Division III Manual.]*

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician's designee from the student-athlete's institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the [NCAA Sports Sport Science Institute website](#) for additional guidance.

## Section 4 • Conduct

### Section 4•1 Certification of Eligibility/Availability

*[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]*

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

#### DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of

the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

### Section 4•2 Drug Testing

---

*[Reference: Bylaws 18.4.1.4 and 31.2.3 in the NCAA Divisions I and II Manual and Bylaws 18.4.1.5 and 31.2.3 in the NCAA Division III Manual.]*

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 (Divisions I and II), 18.4.1.5 (Division III) and 31.2.3, and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

### Section 4•3 Honesty and Sportsmanship

---

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

### Section 4•4 Misconduct/Failure to Adhere to Policies

---

#### MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, which discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

#### FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere to policies and procedures outline.

### Section 4•5 Sports Wagering Policy

---

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.

## STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

## POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions when there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests when there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

## HOSTING OPPORTUNITIES

On May 16, 2018, the Board of Governors voted to suspend the NCAA championships policy related to sports wagering and to allow for championships to be hosted in locations regardless of whether a state is considering, or has legalized, sports wagering. The board's decision provides championship location continuity as states contemplate whether to allow legalized sports betting.

## Section 4•6 Student-Athlete Experience Survey

After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

## Section 5 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of the student-athlete by honoring the individual who has reached the pinnacle of competition at the national championship level in his or her sport, while also achieving the highest academic standard among his or her peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to [ncaa.org](http://ncaa.org).

## Section 6 • Fan Travel

NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to [NCAA.com/travel](http://NCAA.com/travel) to search and book online hotel, car and air travel, all in one easy transaction.

## Section 7 • Logo Policy

*[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 12.5.4 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]*

## GENERAL ADMINISTRATIVE GUIDELINES

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warm-ups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

## Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, "research" is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

## Section 9 • Religious Conflicts

*[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual.]*

**Institutional Policy.** If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before Sept. 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13)

**Individual Championships.** In individual championships, an athlete must compete according to the institution's policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

During championships competition, balls shall be changed at the start of each set. Each participating institution must provide its own practice balls.

## Section 1•5 Rules

*[Reference: Bylaw 31.1.6 in the NCAA Manual.]*

The United States Tennis Association (USTA) and Intercollegiate Tennis Association (ITA) rules will be followed, unless superseded by modifications adopted by the NCAA Division I Men's and Women's Tennis Committee. The following modifications have been adopted by the committee:

1. Changes in the lineup for reasons other than injury or illness should be requested two hours before the scheduled start of the match to the chair of the games committee. The games committee has the right to review and, if necessary, overrule a coach's decision regarding a lineup change based on the ability of the players and the matches during the last half of the season.

The ITA carry-over rule will be in effect for the entire championships period (both team and individual). Penalties may be carried over to the institution's next match. The ITA carry-over rule will commence with the first- and second-round tournaments. Penalties may be carried over from first- and second-round sites to the institution's or individual's next match, even if the next match is at a super-regional site or at the finals site.

2. The committee confirmed that if a postmatch code violation given after a match in the team competition cannot be applied during the team match, then the following applies:
  - Any postmatch code is carried over to the offending student-athlete's next opportunity during that championship.
  - If the offending student-athlete has completed play in the championships, any postmatch code will be assessed at the first opportunity to the offending student-athlete's teammate(s) playing/continuing in the championships.
  - The assessment will be applied at the start of the next game or, if in a tiebreaker, then immediately (per ITA Rules).
3. The committee confirmed that the following applies during the singles or doubles championships:
  - Any postmatch code is carried over to the offending student-athlete's next opportunity during that championship.
  - If the offending student-athlete has completed play in the championships, any postmatch code will be assessed at the first opportunity to the offending student-athlete's teammate(s) who is also in the singles/doubles draw.
  - The assessment will be applied at the start of the next game or, if in a tiebreaker, then immediately (per ITA Rules).

## Section 1•6 Uniforms

## INDIVIDUAL CHAMPIONSHIPS

**Brackets.** The Division I men's and women's tennis singles and doubles championships brackets consist of 64 singles players and 32 doubles teams per gender participating in the single-elimination tournaments at the site for the team championships. In the event that one or more of these selections declines an invitation, an alternate(s) will be selected at large. If one of the selections is a conference automatic qualifier, and there is a conference alternate that meets the selection criteria, that alternate will be invited.

**Parameters for the Singles and Doubles Draws.** The following parameters have been established for the singles and doubles championships draws:

1. Seed No. 1 is placed on the top line of the bracket.
2. Seed No. 2 is placed on the bottom line of the bracket.
3. Seed Nos. 3 and 4 are randomly drawn to determine placement in the top half or the bottom half of the bracket (and cannot be in the same half of a No. 1 or No. 2 teammate).
4. Seed Nos. 5, 6, 7 and 8 are randomly drawn (i.e., No. 1 seed could play the No. 5, 6, 7 or 8 seed in the quarterfinals).
5. Conference opponents do not play each other in the first round.
6. Two teammates – separated into opposite halves of the bracket.
7. Three or four teammates – the top two teammates (via seeding or ITA rankings) are separated into opposite halves, the other two placed in the remaining quarters randomly.
8. Five or more teammates – see item “6” above with the remaining teammate(s) placed as far away from their teammates as possible in a quadrant.

The draw for the individual championships will be announced at the administrative meeting Sunday, May 19.

## ANNUAL FORMS

**Results Reporting.** Any institution interested in entering a team or individuals in the championships must submit online at [www.ITAtennis.com](http://www.ITAtennis.com) results from all dual matches and collegiate tournaments in which they have competed. Results will only be accepted online. In a September mailing to all head coaches, the Intercollegiate Tennis Association (ITA) distributed instructions on how to access and report your team and individual scores. For questions regarding this process, please contact Cody Johnson (phone: 602-687-6382; email: [cody.johnson@itatennis.com](mailto:cody.johnson@itatennis.com)) at the ITA.

To be considered for selection, coaches must submit results online by 10 p.m. local time on Mondays and Sunday, April 28, at 10 p.m. local time.

Failure to follow these reporting procedures will jeopardize an institution's eligibility for championships selection.

**Lineup Form.** The tennis committee requires online submission of lineup forms for the championships. Hard copies of the lineup forms will not be sent to institutions. Access to the online lineup forms will be through the ITA website used for results entry or the NCAA website (<http://web1.ncaa.org/tennis/exec/login>) and will require the team password used for the ITA results entry system. Please note that your team password might be different from your individual user password and can be accessed by clicking on the “Change Team's Password” link that is located in the left-hand margin of your ITA Coach results entry homepage.

All automatic-qualifying teams and any team desiring consideration for at-large selection to the championships are required to submit the official online NCAA lineup form to the NCAA not later than 5 p.m. Eastern time Sunday, April 28. Any lineup form received after 5 p.m. Eastern time is subject to a fine of up to \$300 as determined by the tennis committee. The tennis committee may entertain appeals to the established lineup submission deadlines to review extenuating circumstances.

The lineup form for 2019 includes space to list a maximum of 15 team members physically able and eligible to play. As such:

- When a coach lists his/her 15 student-athletes, he/she is confirming that all of the 15 student-athletes may have the opportunity to play in the NCAA championships.
- All 15 student-athletes may travel to the championships events.
- All 15 must be physically able and eligible to play. Student-athletes injured to the point of not being able to play (e.g., broken bones, etc.) or student-athletes who have been declared as redshirts or student-athletes who are not eligible for NCAA, conference or institutional reasons, cannot be listed on the lineup form and cannot travel to the championships events.
- Only nine of these 15 student-athletes may play in the preliminary rounds of competition. These nine are designated at the administrative meeting the day before the start of competition.
- For first- and second-round competition, institutions are not reimbursed by the NCAA for any expenses.
- Teams that win second-round matches and advance to the super-regional sites will designate, at the administrative meeting the day before the start of the super regionals, nine student-athletes who will play in the super regionals. These nine student-athletes can be different from the nine who played in the first and second rounds, as long as they were on the original list of 15 student-athletes on the team's lineup form.

## DIVISION I MEN'S AND WOMEN'S TENNIS

- Teams that win super-regional matches and advance to the championships site will designate, at the administrative meeting the day before the start of finals site competition, nine student-athletes who will play in the championships. These nine student-athletes can be different from the nine who played in the super regionals, as long as they were on the original list of 15 student-athletes on the team's lineup form.
- The NCAA will reimburse each institution advancing to the super regionals and the championships site for a maximum of nine student-athletes (and a total travel party of 13 individuals). The institution bears the cost if the decision is made to take any additional members of the original 15 members listed on the lineup form to the super-regional and championships sites.

Consistent with ITA rules, coaches must list student-athletes in order of singles-play strength, including any doubles specialists, on the lineup form. The lineup that is presented to the referee at the administrative meeting before the start of competition must consist of only nine players total (including doubles specialists). For preliminary-round play, coaches only have access to the nine players on the lineup card submitted before the first-round contest.

The committee has established a fine of \$400 that may be assessed for failure of an institution to submit its lineup 30 minutes before the start of a dual match and/or for improperly submitting lineup changes that occur within the five minutes between doubles and singles competition.

For the eight men's and eight women's teams traveling to the championships site, coaches will only have access to the nine players on the lineup card submitted before finals site competition.

**Entering the Individual Championships.** The tennis committee will review any singles players or doubles teams in the ITA rankings as possible at-large selections. There is no need for a coach to indicate on the team lineup form which individuals he/she would like the committee to consider. However, if a coach wishes to withdraw a player(s) or doubles team(s) from consideration, the championships administrators (John Bugner — women's, Kelsey Jones — men's) must be notified before April 28.

**Expense Reimbursement Form.** Expense reimbursement for participation in the super regionals and at the finals site will be filed through an online system. The Travel Expense System (TES) can be found online at <https://web1.ncaa.org/TES/exec/login?js=true>. All competing institutions must request reimbursement through the online system in order to receive the appropriate reimbursement.

If you need assistance or experience any technical difficulties, please contact the NCAA travel department at 317-917-6757 or [travel@ncaa.org](mailto:travel@ncaa.org).

*[Reference: Per Diem and Transportation in the Division I General Section and Bylaw 31.4.6 in the NCAA Manual.]*

**Facility Evaluation Form.** Each institution interested in hosting preliminary-round competition must complete and submit an online facility evaluation form not later than Friday, April 19. The form will be available on the NCAA website at <http://championships.ncaa.org/>. Only institutions that complete and submit the facility evaluation form (and contacts information) will be considered for first- and second-round and super regional host opportunities.

**Contacts Information.** Each institution interested in hosting preliminary-round competition must complete and submit their online contacts information not later than Friday, April 19. The contacts information may be submitted via the NCAA website beginning Monday, April 1 <http://championships.ncaa.org/>. Only institutions that complete and submit the contacts information (and facility evaluation form) will be considered for first- and second-round and super-regional host opportunities.

**Preliminary-Round Host Site Reimbursement.** Sites that host a single-gender first- and second-round competition will receive a \$5,000 stipend from the NCAA to cover the costs of the officials and the attending NCAA representative. Sites that host both genders in first- and second-round competition will receive \$9,000.

Sites that host a single-gender super regional will receive a \$2,500 stipend from the NCAA to cover the costs of the officials and the attending NCAA representative. Sites that host both genders in super-regional competition will receive \$4,500.

## CERTIFICATION OF ELIGIBILITY/AVAILABILITY

*[Reference: Certification of Eligibility/Availability in the Division I General Section and Bylaws 3.2.4 and 31.2.1.7 in the NCAA Manual.]*

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. In accordance with Bylaw 3.2.4, member institutions are required to certify the eligibility of their student-athletes before each academic year and

to withhold ineligible student-athletes from all intercollegiate competition. Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition. [For the Division I men's championships, institutions must notify Kelsey Jones, NCAA championships administrator, before April 28 (phone: 317-917-6651; email: [kjones@ncaa.org](mailto:kjones@ncaa.org)). For the Division I women's championships, institutions must notify John Bugner, NCAA championships administrator, before April 28 (phone: 317-917-6529; email: [jbugner@ncaa.org](mailto:jbugner@ncaa.org)).]

## TRAVEL PARTY/ SQUAD SIZE

**Squad Size.** The official squad size for the team championship shall be nine players. Transportation reimbursement and per diem will be provided for only nine student-athletes for teams advancing to the super regionals and the finals site. For first- and second-round play, institutions are responsible for their own expenses.

**Travel Party.** For the team portion of the 2019 tennis championships, the NCAA will reimburse for four non-athletes, bringing the official travel party total to 13 individuals (nine student-athletes and four non-athletes) who will be reimbursed by the NCAA for advancing to the super regionals and the finals site.

The official travel party for institutions with only individuals selected to the championships is determined as follows:

1-3 student-athletes selected	1 non-student-athlete included in travel party
4-6 student-athletes selected	2 non-student-athletes included in travel party
7-9 student-athletes selected	3 non-student-athletes included in travel party
10 or more student-athletes selected	5 non-student-athletes included in travel party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at [ncaa.org](http://ncaa.org).

## Section 2•2 Scoring

**Individual Championships.** All matches shall be the best-of-three sets. No-ad scoring and a seven-point tiebreaker (first to seven points, must win by two points) at six-games-all will be used for all matches. In doubles, a 10-point match tiebreaker will be played in lieu of a third set.

**Team Championships.** The matches shall be regulation dual matches. Three doubles matches consisting of six-game sets will be played for one team point, followed by six singles matches, each valued at one team point; played the best of three sets. No-ad scoring will be used and a seven-point tiebreaker (first to seven points, must win by two points) will be played at six-games-all. The team winning four or more team points advances in the championship bracket.

During the championships, all matches will be stopped after the doubles point is decided. All remaining individual matches will be stopped once a team winner (four points won) has been determined. The score will only reflect completed matches.

NCAA staff will notify institutions the evening of Tuesday, April 30, in the event their lineups have been challenged. Institutions that are being challenged are required to submit a written response to the national office (Kelsey Jones — men; John Bugner — women) by 3 p.m. Eastern time Wednesday, May 1. The subcommittees will conduct teleconferences at noon Eastern time Thursday, May 2, to rule on any appeals and finalize the lineups. Final lineups will be posted on the NCAA's website by 5 p.m. Eastern time Thursday, May 2.

**Fines.** Failure to follow the results reporting or lineup form submission procedures could jeopardize a team or individual's eligibility for championships selection. Institutions failing to adhere to the procedures outlined above for the submission of regular-season results and lineup forms will be assessed a financial penalty. An institution assessed such a financial penalty must make payment to the national office before the institution's team or individual(s) will be allowed to compete.

The tennis committee will implement a \$300 fine in accordance with Bylaw 31.1.11 (failure to adhere to policies and procedures) for any institution that has its lineup challenged and overturned by the respective subcommittee.

### DRAWS

In the team championships, the teams will be seeded and placed in the bracket as indicated in [Appendix A](#) and [Appendix B](#). The team draws will be announced on [ncaa.com](http://ncaa.com) Monday, April 29.

The draws for the singles and doubles championships will be announced at the combined administrative meeting Sunday, May 19.

### SEEDING/PAIRINGS

**Singles/Doubles Seeding.** The tennis committee seeds individuals using the selection criteria. The selection criteria include a review of individual results obtained beginning Sept. 7, 2018 (or the first day of classes, whichever is earliest) through April 28, 2019.

The tennis committee will seed the top eight singles players in order and place the next eight alphabetically. For the doubles championship, the tennis committee will seed the top four teams in order, based on the selection criteria, and place the next four teams alphabetically by institution. The seeding for the singles and doubles championships will be announced Tuesday, April 30, along with the announcement of the entire field.

**Team Seeding.** The tennis committee will seed teams using the selection criteria. The selection criteria include a review of team results obtained beginning Jan. 1 through April 28, 2019.

The tennis committee will seed teams 1-16 in order and place the remaining 48 teams into the bracket creating the fewest number of flights. Teams from the same conference shall not meet in the first and second rounds.

## LODGING INFORMATION

**Preliminary Rounds.** Information regarding the championships shall be sent by the host institution to the visiting teams immediately after the announcement of the sites. All reservations and arrangements, however, must be made by the participating institutions. Hotels secured for teams must be within 30 miles or 30 minutes of the competition site, whichever is less. Participating institutions are responsible for the rooms reserved by the NCAA and host institutions. If an institution prefers to stay in another hotel, the institution must (1) obtain a release of the rooms in writing from the hotel's general manager or (2) use the rooms for persons accompanying the official travel party. In either case, if the institution fails to make satisfactory arrangements at the assigned hotel, it will be charged for the first night's room charges even if it fails to use those rooms. The tournament manager of the host institution is to be advised of the plans of each visiting institution before the first day of practice at the host site.

**Hotel Agreements.** The tennis committee requires preliminary-round hosts to email a letter of agreement between the host and the team hotel(s) to the NCAA national office stating that rooms are being held. Failure to provide the letter of agreement may jeopardize your selection as a host. Failure to secure the minimum number of rooms for visiting teams will result in a fine and could jeopardize your selection as a host in the future.

**Finals Site.** The eight men's and eight women's teams advancing to the finals site will be assigned lodging by the tennis committee. Institutions failing to stay at their assigned facilities are financially responsible to the assigned facility. If an institution prefers to stay in another hotel, the institution must (1) obtain a release of the rooms in writing from the hotel's general manager or (2) use the rooms for persons accompanying the official travel party. Institutions failing to stay at their assigned hotels are financially responsible to the assigned facility for a minimum of three nights.

## Section 2•4 Selection Criteria

*Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Manual.]*

**Bylaw 31.3.3.1 – Countable Competition.** For NCAA team-championship selection purposes, competition is countable only when the teams are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.5) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

**Selection Criteria.** The following criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition [Bylaw 31.3.3; criteria for selection of participants]:

- Won-lost record.
- Strength of schedule.
- Eligibility and availability of student-athletes for NCAA championships.

In addition to Bylaw 31.3.3, the tennis committee has received approval from the NCAA Division I Championships/Sports Management Cabinet to consider the following criteria in the selection of at-large teams for the men's and women's tennis championships (not necessarily in priority order):

### Primary Criteria

- Head-to-head competition.
- Results versus common opponents.
- Strength of schedule.
- Wins versus teams (or individuals) already selected at time of consideration.

### Tie-Breaking Procedures

- If the evaluation of the primary criteria does not result in a decision, the tie-breaking procedures will be reviewed. The following criteria listed will be evaluated in priority order:
- Head-to-head competition.
- Strength of schedule.

### Primary Criteria Defined

- **Head-to-head competition.**

This is a one-on-one direct comparison between two teams (or individuals). The tennis committee will award a maximum of two points for defeating the same opponent two or more times.

- **Results versus common opponents.**

Other than in cases in which the common opponent analysis is unambiguous (each team or individual has played a common opponent with one team or individual winning and one team or individual losing), the tennis committee will look very closely at the comparison before deciding whether one team or individual has demonstrated a higher level of play versus a common opponent.

- **Strength of schedule.**

The Division I Championships/Sports Management Cabinet has approved the following strength-of-schedule definition for Division I tennis: The ITA rankings will be used to represent a combination of four categories (won-lost record or percentage, strength of schedule, significant wins and significant losses). Higher-ranked teams (or individuals) will be awarded a specific number of points based on their percentage difference (using the rankings' average point-per-match formula) over the team (or individuals) they are being compared with in the selection and seeding process. Points will be awarded on the following scale:

1 point — If higher-ranked team's (or individual's) average is 1-10 percent greater than the lower-ranked team's (or individual's) average.

2 points — If higher-ranked team's (or individual's) average is greater than 10 percent and less or equal to 20 percent than the lower-ranked team's (or individual's) average.

3 points — If higher-ranked team's (or individual's) average is greater than 20 percent greater than the lower-ranked team's (or individual's) average.

- **Wins versus teams (or individuals) already selected at time of consideration.**

A one-point margin is sufficient to win the category. The tennis committee will award a maximum of one point for defeating the same opponent multiple times.

Wins versus the top 50 teams in the ITA rankings.

Wins versus the top 60 singles players in the ITA rankings for eligible/entered singles players.

Wins versus the top 30 doubles teams in the ITA rankings for entered/eligible doubles teams.

*Note: The same criteria will be used for seeding, when seeding the top 16 teams, top 16 singles players and top eight doubles teams.*

In addition, for the singles and doubles championships, the tennis committee has established a minimum number of started matches for selection. Student-athletes selected for the singles championships, both automatic and at-large selections, must have results for a minimum of 13 started singles matches during the year, with a minimum of six matches in the spring, at the institution which the student-athlete will represent at the NCAA championships. Doubles teams selected for the doubles championships, both automatic and at-large selections, must have started a minimum of 10 doubles matches with the same partner during the year at the institution which the team will represent at the NCAA championships, with a minimum of four matches in the spring. The tennis committee may entertain appeals to the minimum match number to review extenuating circumstances. Coaches may submit a written waiver request to the championships administrators by 10 p.m. Eastern time Sunday before selection.

**For selection purposes, teams are limited to counting only the first two dual matches of a single day during the dual match season.**

Teams must have at least a .500 record versus Division I institutions to be considered for an at-large berth.

## SELECTION PROCEDURES

Teams or individuals from an institution that has failed to adhere to the lineup and results reporting procedures outlined in this manual may not be considered for selection to the championships.

**Team Championship.** Thirty conference champions for men and 31 conference champions for women will receive automatic qualification into the team championships. In the event that one or more teams decline an invitation, an alternate team(s) will be selected. Refer to [Appendix A](#) and [Appendix B](#) for the team championships brackets. The tennis committee will convene April 28-29 to select the at-large teams and seed and pair teams into the championships. The tennis committee compares team versus team using the selection criteria to make the selections and seeds. The data used during selections are provided through the institutional results-reporting process (see Results Reporting).

**Individual Championships.** Automatic qualifiers for singles and doubles will be awarded according to conference affiliation adhering to the following process:

**Singles.** Automatic qualification into the Division I singles championships will be awarded to any conference with one or more eligible singles players ranked in the Intercollegiate Tennis Association (ITA) Top 125 for eligible/entered singles players. For conferences with more than one singles player within the ITA Top 125 eligible/entered singles players, the tennis committee will apply the NCAA selection criteria to determine which student-athlete is the automatic qualifier from those conferences.

**Doubles.** Automatic qualification into the Division I doubles championships will be awarded to any conference with one or more eligible doubles teams ranked in the ITA Top 60 for entered/eligible doubles teams. For conferences with more than one doubles team within the ITA Top 60 entered/eligible doubles teams, the tennis committee will apply the NCAA selection criteria to determine which doubles team is the automatic qualifier from those conferences. The remaining doubles teams berths will be selected on an at-large basis. A student-athlete who is ranked in the ITA Top 60 for entered/eligible doubles teams with two different partners would have the ability to be selected in the doubles draw with the other partner as an alternate. ITA rankings will be used to make this determination based on all team results during the regular spring season and individual results (singles/doubles) in collegiate matches played from Sept. 7 or the institution's first day of classes, whichever is earlier, through the day before selections.

In the singles and doubles championships, in case of injury, illness or extenuating circumstances before the opening round, alternates selected by the tennis committee shall be substituted in numbered order if available. The substitution of alternates will be dictated by the maximum field size. If a student-athlete withdraws immediately before the start of the championships and the next alternate on the list is not on site, the tennis committee may select a player(s) from those available at the championships site in order to fill the bracket. If the withdrawing student-athlete was selected by automatic qualification, the next eligible singles player or doubles team from that conference will be considered before substituting from the alternate list (provided the above criteria are met).

## Section 2•5 Site Selection

### PRELIMINARY-ROUND SITE SELECTIONS

With the adoption of Bylaw 31.1.3.2.5, each sports committee will comply with the bylaw to the greatest extent possible and in doing so, the following policies will be implemented.

- For non-revenue generating championships that seed a quarter of the bracket, sites will be awarded to the seeded teams that submit a bid that meets the requirements for hosting. In the event that a seeded team does not submit a bid that meets the requirements, the sports committee will maintain the current policy of geographic consideration when assigning the host sites. The committee will use the geographic consideration to help maintain the balance of integrity of the selection.
- The committee also will separate first- and second-round conference opponents when assigning teams to sites.

Each institution interested in hosting first- and second-round and/or super-regional competition, regardless of potential seed, must complete and submit an online facility evaluation and contacts information not later than Friday, April 19. Instructions on how to access and submit the form will be distributed via the monthly championships newsletter. Only institutions that complete and submit the facility evaluation and contacts information will be considered for first- and second-round and/or super-regional host opportunities, including the top-seeded teams.

## DIVISION I MEN'S AND WOMEN'S TENNIS

It is not necessary to complete a proposed budget form for preliminary-round competition. Each first- and second-round host will receive a \$5,000 stipend if it hosts men's or women's competition, and a \$9,000 stipend if it hosts both the men's and women's tournaments. Each super regional host will receive a \$2,500 stipend if it hosts men's or women's competition, and a \$4,500 stipend if it hosts both the men's and women's tournaments.

The tennis committee has adopted the following requirements for preliminary-round host sites:

- Minimum of six hard-surface, quality courts of similar speed and surface with umpires' chairs.
- Adequate number of practice courts of same or similar surface to the competition courts near the competition site.
- Availability of backup indoor site (if appropriate for your region).
- Appropriate seating for estimated attendance.
- Minimum of six ITA-certified umpires plus one head referee.
- Adequate training facilities and medical personnel on site at all times.
- Tournament director (other than the institution's head coach) and appropriate game management personnel.
- Two squeegees and two blowers available at each competition court.
- Hotels (25 rooms for single-gender sites and 46 rooms for dual-gender sites for first and second rounds; nine rooms for single-gender sites and 18 rooms for dual-gender sites for super regionals) secured 30 miles or 30 minutes, whichever is less, from the competition site.
- Hosts must provide a letter of agreement between the host and the team hotel(s) to the NCAA stating that rooms are being held. Failure to provide the letter of agreement may jeopardize your selection as a host. Failure to secure the minimum number of rooms for visiting team(s) may result in a fine (\$300) and could jeopardize your selection as a host in the future.

In an effort to enhance the student-athlete experience at the preliminary rounds of competition, the tennis committee has implemented the following additional requirements for hosting:

- Hosts shall provide a players' lounge area with refreshments.
- Hosts shall ensure that Event 1 merchandise is displayed appropriately.
- Hosts shall ensure NCAA signage is displayed properly.
- Hosts shall follow protocol provided by the NCAA for the introduction of players.

### PROSPECTIVE HOSTS

Any institution or conference interested in hosting a preliminary round of the 2019 tennis championships must submit a facility evaluation form, contacts information and hotel agreement to be considered to host.

All bid-related forms can be accessed via the following website: <https://championships.ncaa.org/>. The deadline to submit all materials for hosting preliminary rounds is April 19.

### SAFETY AND SECURITY PLAN

Based on a review of current and future championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of Best Practices for NCAA Championships, which may be accessed here. We urge each competition venue to take these Best Practices into account when developing its safety and security program.

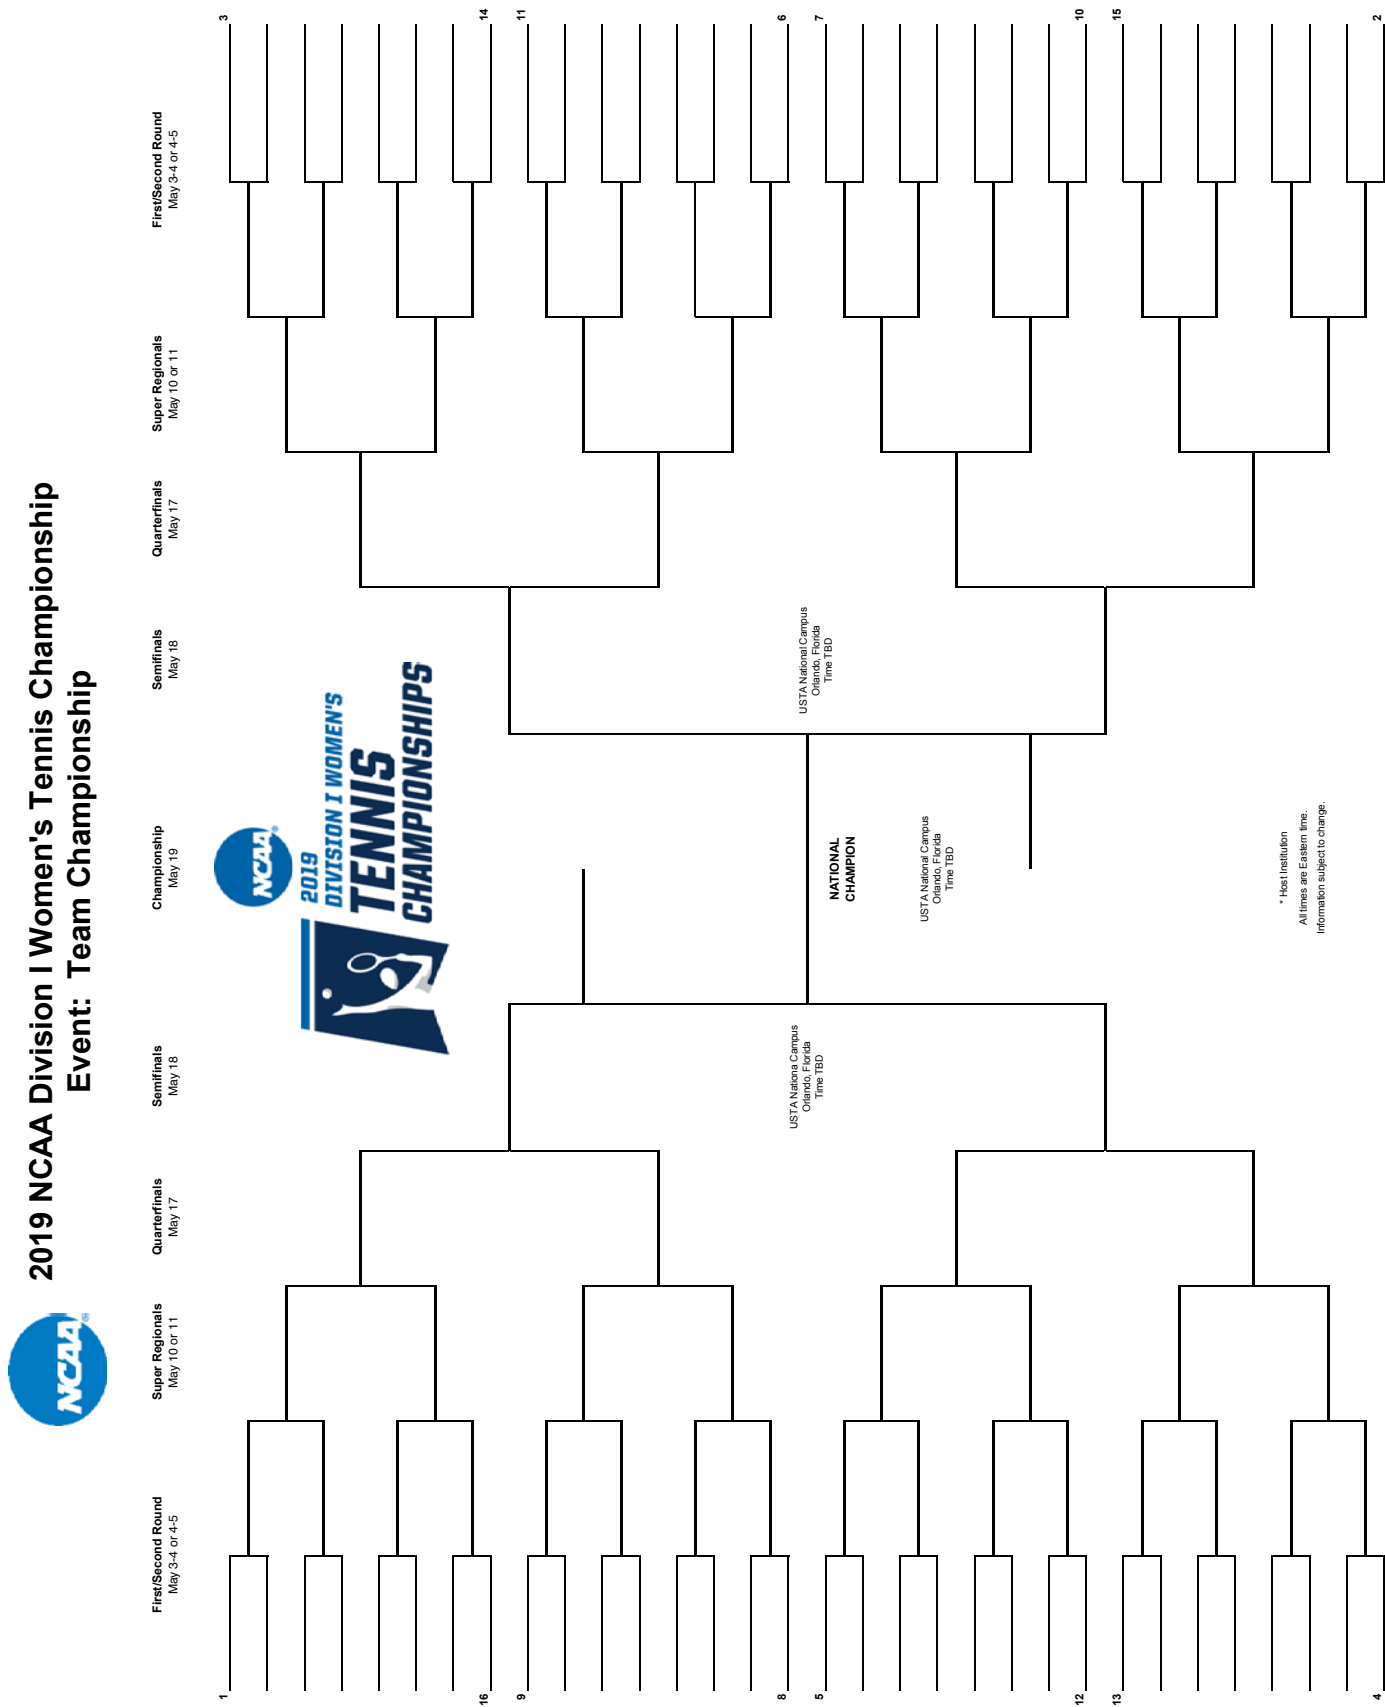

As part of your bid, please submit the NCAA Championships Safety and Security Team contact information form, located in Appendix A of the [Best Practices document](#). These documents should be submitted using the document upload in the championships bid and host portal. Contact Kerstin Hunter ([khunter@ncaa.org](mailto:khunter@ncaa.org)) at the NCAA if you need assistance with this site.
