

2021 NCAA Division I Men's and Women's Tennis Championships First- and Second-Round Bid Checklist

Introduction

Given current health and safety concerns related to COVID-19, **all spring 2021 preliminary-round competition will be conducted at predetermined sites**, rather than at traditional non-predetermined sites.

The information below outlines details related to the conduct of the championship. Please pay particular attention to the Return to Championship Guidelines document found in the Bid Checklist section below. This document highlights all additional measures that must be taken to ensure a healthy and safe environment for championship competition and information contained in this addendum will take precedence over that found in the host operations manual, should differences exist. In order to be considered for hosting opportunities, it is required that a site be able to meet these obligations.

Bids for predetermined preliminary rounds will be accepted beginning on the week of March 15 through April 5. Predetermined preliminary host sites will be announced April 16.

Should national health and safety conditions necessitate changes to this plan, the NCAA reserves the right to adjust accordingly. Hosting guidelines and timelines will be updated and communicated as quickly as possible, should adjustments be necessary.

Bid Checklist

The following materials must be submitted by institutions that wish to be considered as hosts for preliminary-round competition. All materials are due by **5 p.m. Eastern time, Friday, April 5, 2021.**

Each of the online forms listed below may be accessed and submitted through the championships host portal at <https://championships.ncaa.org>.

To begin the process of submitting a bid, you will need to locate the specific divisional sport and round in the Championships Available for Bidding section and click on Start Bid.

— **Return to Championships COVID-19 Hosting Guidelines.** A Return to Championships document featuring all health and safety measures related to hosting in the currently COVID-19 environment can be found [HERE](#). This document must be reviewed in full and hosts must be able to follow all designated protocols in order to be considered for a hosting opportunity. Please pay particular attention to Section E, which outlines the sport-specific requirements for hosting.

— **Proposed Budget(s).** Hosts for first- and second-round competition will receive a stipend after the conclusion of the events; therefore, **it is not necessary to submit an online proposed budget/financial report form.**

First- and second- round sites that host a single gender will receive a \$5,100 stipend from the NCAA to cover the cost of the officials and the attending NCAA representative. Sites that host both genders will receive a \$9,200 stipend.

Any necessary COVID-19-related expenses should be invoiced to the NCAA. These expenses will be reviewed on a case-by-case basis and **must** receive advance approval from NCAA staff in order to be reimbursed.

Please note that all COVID-19 testing expenses, including staffing, will be covered directly by the NCAA. Adequate testing space will need to be made available in order to serve as a host. Please be prepared to give details on available testing space(s) when completing the facility questionnaire in the bid portal.

— **Facility Profile.** An online facility profile must be completed and/or maintained as necessary by each institution interested in hosting preliminary-round competition. Information regarding video board, LED board and/or ribbon boards should be entered via the “Boards/Control Room” tab of the applicable venue profile.

A facility profile can be maintained and updated on a regular basis. If a facility can host multiple sports, check the appropriate box(es) under the Sports tab of the facility profile

to provide the information for that facility. Refer the pre-championship manual for facility requirements and site selection procedures.

_____ **Key Contacts.** The key contacts for your institution should be entered and/or maintained as necessary within your profile. Please enter the information for the key personnel associated with running a championship at your site.

When starting a bid, you will be prompted to enter new key personnel, or edit or confirm your existing key personnel. In addition, you will be asked to designate individuals who should receive the various host shipments (e.g., sport equipment, merchandise, awards, etc.). Please include the proper mailing address for overnight deliveries. P.O. box addresses will not be accepted.

Personnel who will administer the competition also will be listed and can be edited within the Profile section of the Championships Bid and Host portal. When entering individuals in this manner, information must be entered on both the General tab and the Role/Titles by Sport or Facility tab.

_____ **Safety and Security Plan.** Based on a review of current and future championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group (SSAG) to develop a compilation of *Best Practices* for NCAA Championships, which can be found [here](#). We urge each competition venue to take these *Best Practices* into account when developing its safety and security program.

As part of your bid, **please submit a safety and security plan** for your venue. You must **also submit the NCAA Championships Safety and Security Team contact information form**, located in Appendix A of the *Best Practices* document. These documents should be uploaded in the document section of the facility profile. Both documents can be uploaded under the Safety and Security tab.

_____ **Alcoholic Beverages.** All Division I and National Collegiate championships are eligible to engage in the sale of alcohol, provided certain criteria are met. After starting a bid in the Championships Bid and Profile System, users will be prompted to answer a few questions that will determine their institution's eligibility to sell alcohol at a given venue. If a school is deemed eligible and is interested in selling alcohol, it will be required to complete one of several agreement options that must be signed and uploaded into the bid portal. Please thoroughly review the Championships Alcohol Sales Policy before determining and completing the appropriate agreement.

_____ **Lodging.** The host institution will be required to distribute the contract template provided below to all hotels and receive signed agreements back as part of the bid process. Signed agreements must be submitted within the bid portal with your bid submission. Hotel agreements submitted should be within 30 miles of the competition

site and be priced at a fair and reasonable market room rate (at least 20% reduction from current online rate). **Anthony Travel will finalize all contracts once the sites have been awarded with countersignature and communication with host and hotels directly.**

Detailed information regarding the team hotel(s) shall be distributed by the host institution in the participant manual. Participating institutions are mandated to stay at the official NCAA hotel properties for the event. Any participants staying outside of the official NCAA hotel block will not be reimbursed.

Game Officials/Site Representatives/NCAA Committee. Hotel expenses (excluding incidentals) and hotel parking for the officials, site representatives and NCAA committee shall be paid by the host. NCAA staff will pay for their own expenses. When the officials are determined, the tournament manager will provide the rooming list to the hotel if any officials need lodging.

Host institutions must provide the national office with the appropriate certificates of insurance or documentation of self-insurance. This information must be provided via the Certificate of Insurance link in the bid portal. As this is a new feature in the portal, all prospective hosts must upload their documentation once. Depending on the coverage, users must subsequently verify their documentation is still valid, or upload a new certificate once the previous version has expired.
