Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes' optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders – student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.

Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries).

Section 3 • Conduct

Section 3•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Bylaws 12, 13, 14, 15, 16, 20.2.4, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Bylaws 7.3.1.5 and 18.2.1 in the NCAA Division II Manual and Division II Championships Committee Policy and Bylaws 31.2.1.5, 31.2.1.5.2, and 31.2.2 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution's withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 3•2 Drug Testing

As part of preparation and planning to participate in championship events, member institutions are reminded and encouraged to review all applicable policy and legislative requirements pertaining to banned substances, drug testing and related eligibility requirements with their student-athletes. Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with legislation and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 3•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that

intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 3•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. [Click here](#) to see the full misconduct/failure to adhere to policies and procedures online.

Section 3•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member's or student-athlete's own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions' athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner) in exchange for the possibility of gaining another item of value.

STUDENT-ATHLETES

A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON

In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES

It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

Section 3•6 Student-Athlete Experience Survey

During the NCAA championships, the student-athlete experience is paramount. NCAA staff and hosts dedicate themselves to planning the best experiences for all involved. As part of our commitment to getting better, following the championship, participants will receive a survey to provide feedback on their experience and input on how championships can be improved for future NCAA student-athletes. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to forward the survey to student-athletes. Additionally, this survey will be accessible via QR code found on the back of NCAA-issued championship credentials.

We also understand that sometimes certain circumstances or conditions occurring during the events may require real-time consideration. When this is the case, student-athletes may reach out to their site representative or NCAA national office staff on-site.

Section 4 • Elite 90™ Award

The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes competing at the finals site. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. For more information or to access the online form and submit a nomination, [click here](#).

Section 5 • Fan Travel

Through support from Marriott International as the Official Hotel Partner of the NCAA, NCAA championships are pleased to provide easy and affordable accommodations for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through Marriott and NCAA Travel help support NCAA student-athletes. Please direct your fans to ncaa.com/travel to search and book online hotel reservations.

Section 6 • Health and Safety

As part of preparation and planning to host and/or participate in championship events, member institutions are reminded and encouraged to review all applicable health and safety policy and legislative requirements and guidance including, among others, those relating to concussion management, catastrophic injury prevention, inclement weather and independent medical care. These requirements and related information can be found in applicable division manuals, sports playing rules and the materials located on the [Health, Safety & Performance website](#). In addition, a summary of some of the key health and safety considerations related to traveling to championship events can be found in the [NCAA's Guidance for Medical Care and Coverage for Student-Athletes at Away Events](#).

Section 7 • Logo Policy

[Reference: Bylaws 12.5.4, 31.1.7 and 31.1.8 in the NCAA Division I Manual, Bylaw 17.1.10 in the NCAA Division II Manual and Bylaw 12.5.3 in the NCAA Division III Manual.]

GENERAL ADMINISTRATIVE GUIDELINES

A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer's normal label or trademark, as it is used on all such items for sale to the general public; and
2. The student-athlete's institution's official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer's or distributor's normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete's institution's official uniform and all other items of apparel shall not bear a design element similar to the manufacturer's trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

In order to avoid inappropriate and unnecessary participant distraction and disruption of championship events, it is expected any data collection or other research efforts conducted at or during championship events will be coordinated through the national office, with notice and a description of any research proposal to be submitted to the NCAA research staff at least six weeks before the championships event begins.

Section 9 • Travel Party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. NCAA Travel policies are updated annually and can be found online [here](#). Please reference Appendix A of the travel policies for reimbursable travel party numbers. The travel policies supersede all other documents.

Section 10 • Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (*Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13*)

Individual Championships. In individual championships, an athlete must compete according to the institution's policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

Section 11 • Team Replacement Policy

The Division I Competition Oversight Committee developed a team replacement policy considering the possibility of unforeseen circumstances impacting championship fields. The policy will be implemented in accordance with the terms set forth in the policy document available [here](#) when, despite best efforts, a team within the championship field is impeded or hindered from participating in the championship for reasons beyond its control.

Brackets. The Division I men's and women's tennis singles and doubles championships brackets consist of 64 singles players and 32 doubles teams per gender participating in the single-elimination tournaments. In the event one or more of these selections declines an invitation, an alternate(s) will be selected from the alternate list.

Singles and Doubles Championships Dates. Competition for the men's and women's singles and doubles championships will take place Nov. 19-24 at Baylor University in Waco, Texas.

1. Seed No. 1 is placed on the top line of the bracket.
2. Seed No. 2 is placed on the bottom line of the bracket.

4. Seed Nos. 5, 6, 7 and 8 are randomly drawn (i.e., No. 1 seed could play the No. 5, 6, 7 or 8 seed in the quarterfinals).
5. Conference opponents do not play each other in the first round.
6. Two teammates – separated into opposite halves of the bracket.
7. Three or four teammates – the top two teammates (via seeding or ITA rankings) are separated into opposite halves, the other two placed in the remaining quarters randomly.

ANNUAL FORMS

Results Reporting. Any institution interested in entering a team or individuals in the championships must submit results online at wearecollegetennis.com from all dual matches and collegiate tournaments in which they have competed. Results will only be accepted online. In a September mailing to all head coaches, the Intercollegiate Tennis Association distributed instructions on how to access and report your team and individual scores. For questions regarding this process, please contact Cody Johnson (phone: 602-687-6382; email: cody.johnson@itatennis.com) at the ITA.

To be considered for selection, coaches must submit results online by 10 p.m. local time on Mondays and, for team competition, Sunday, April 27, at 10 p.m. local time.

Failure to follow these reporting procedures will jeopardize an institution's eligibility for championships selection.

Lineup Procedures. The tennis committee requires online submission of lineup forms for the championships. The online lineup forms must be accessed via the NCAA Single-Source Sign-on system. Each user must have an individual account created by their school's single-source sign-on administrator to access the site. The SSO administrator also must assign the "Tennis Lineup" application to the user before the lineup form can be completed.

Once access to SSO has been established and privileges to the lineup application have been granted, users can log on by going to ncaa.org and clicking on the [My Apps](#) link in the Membership drop-down menu. Clicking on the "Tennis Lineup" link will open the application.

All automatic-qualifying teams and any team desiring consideration for at-large selection to the championships are required to submit the official online NCAA lineup form to the NCAA not later than 5 p.m. Eastern time Sunday, April 27. Any lineup form received after 5 p.m. Eastern time is subject to a fine of up to \$500 as determined by the tennis committee. The tennis committee may entertain appeals to the established lineup submission deadlines to review extenuating circumstances.

After the initial lineup submission, coaches will have the opportunity to make adjustments to their lineups for each subsequent weekend of competition in accordance with ITA rules. Unchanged lineups will carry forward from round to round and will remain subject to being challenged. See Challenge Procedures section of this manual for a detailed timeline.

The lineup form includes space to list a maximum of 15 team members who must be physically able and eligible to play. As such:

- When a coach lists their 15 student-athletes, the coach is confirming that all 15 student-athletes may have the opportunity to play in the NCAA championships.
- All 15 student-athletes may travel to the championships events.
- All 15 must be physically able and eligible to play. Student-athletes injured to the point of not being able to play (e.g., broken bones), who have been declared redshirts or who are ineligible for NCAA, conference or institutional reasons cannot be listed on the lineup form.
- Only nine of these 15 student-athletes may play in the first and second rounds of competition. These nine are designated at the administrative meeting the day before the start of competition.
- For first- and second-round competition, institutions are not reimbursed by the NCAA for any expenses.
- Teams that win second-round matches and advance to the super-regional sites will designate, at the administrative meeting the day before the start of the super regionals, nine student-athletes who will play in the super regionals. These nine student-athletes can be different from the nine who played in the first and second rounds, as long as they were on the original list of 15 student-athletes on the team's lineup form.
- Teams that win super-regional matches and advance to the championships site will designate, at the administrative meeting the day before the start of finals site competition, nine student-athletes who will play in the championships. These nine student-athletes can be different from the nine who played in the super regionals, as long as they were on the original list of 15 student-athletes on the team's lineup form.
- The NCAA will reimburse each institution advancing to the super regionals and the championships site for a maximum of nine student-athletes (and a total travel party of 13 individuals). The institution bears the cost if it decides to take any additional members of the original 15 members listed on the lineup form to the super-regional and championships sites.

Consistent with ITA rules, coaches must list student-athletes in order of singles-play strength, including any doubles specialists, on the lineup form. The lineup that is presented to the referee at the administrative meeting before the start of competition must consist of only nine players total (including doubles specialists).

The committee has established a fine of \$500 that may be assessed for failure of an institution to submit its lineup 30 minutes before the start of a dual match and/or for improperly submitting lineup changes that occur within the two minutes between doubles and singles competition.

Expense Reimbursement Form. Expense reimbursement for participation in the super regionals and at the finals site will be filed through an online system. The Travel Expense System can be found online at web1.ncaa.org/TES/exec/login?js=true. All competing institutions must request reimbursement through the online system in order to receive the appropriate reimbursement.

If you need assistance or experience any technical difficulties, please contact the NCAA travel department at 317-917-6757 or travel@ncaa.org.

Facility Evaluation Form. Each institution interested in hosting preliminary-round competition must complete and submit an online facility evaluation form not later than Friday, April 18. The form will be available on the NCAA website at championships.ncaa.org. Only institutions that complete and submit the facility evaluation form (and contacts information) will be considered for first- and second-round and super-regional host opportunities.

Contacts Information. Each institution interested in hosting preliminary-round competition must complete and submit their online contacts information not later than Friday, April 18. The contacts information may be submitted via the NCAA website beginning Monday, March 31, at championships.ncaa.org. Only institutions that complete and submit the contacts information (and facility evaluation form) will be considered for first- and second-round and super-regional host opportunities.

Hotel Information. Each institution interested in hosting preliminary-round competition must complete an online hotels information form, including signed agreements/letters of intent stating that rooms are being held. Failure to provide this information may jeopardize your selection as a host. Failure to secure the minimum number of rooms for visiting teams will result in a fine and could jeopardize a school's selection as a future host.

Preliminary-Round Host Site Reimbursement. Sites that host a single-gender first- and second-round competition will receive a \$5,900 stipend from the NCAA to cover the costs of the officials and the attending NCAA representative. Sites that host both genders in first- and second-round competition will receive \$10,800.

Sites that host a single-gender super regional will receive a \$1,000 stipend from the NCAA to cover the costs of the officials and the attending NCAA representative. Sites that host both genders in super-regional competition will receive \$2,000.

CERTIFICATION OF ELIGIBILITY/AVAILABILITY

[Reference: Certification of Eligibility/Availability in the Division I General Section and Bylaws 12.10.1 and 31.2.1.7 in the NCAA Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. In accordance with Bylaw 12.10.1, member institutions are required to certify the eligibility of their student-athletes before each academic year and to withhold ineligible student-athletes from all intercollegiate competition. Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition. [For the Division I men's championships, institutions must notify Jennifer Mervar (phone: 317-917-6238; email: jdmervar@ncaa.org). For the Division I women's championships, institutions must notify John Bugner, NCAA championships manager, before April 27 (phone: 317-917-6529; email: jbugner@ncaa.org).]

TRAVEL PARTY/SQUAD SIZE

Squad Size. The official squad size for the team championship shall be nine players. Transportation reimbursement and per diem will be provided for only nine student-athletes for teams advancing to the super regionals and the finals site. For first- and second-round play, institutions are responsible for their own expenses.

For the team tournament, wristbands/credentials will be provided for the noncompeting rostered student-athletes to provide access to the court and team areas during their team's matches. These individuals must follow all bench decorum policies and adhere to the directions of the head referee.

Travel Party. For the team portion of the 2025 tennis championships, the NCAA will reimburse for four nonathletes, bringing the official travel party total to 13 individuals (nine student-athletes and four nonathletes) who will be reimbursed by the NCAA for advancing to the super regionals and the finals site.

The official travel party for institutions with individuals qualifying for the singles and doubles championships is determined as follows:

1-3 student-athletes selected	1 non-student-athlete included in travel party
4-6 student-athletes selected	2 non-student-athletes included in travel party
7-9 student-athletes selected	3 non-student-athletes included in travel party
10 or more student-athletes selected	5 non-student-athletes included in travel party

Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. Travel policies can be found online at [ncaa.org](https://www.ncaa.org).

Section 2•2 Scoring

Singles and Doubles Championships. All matches shall be the best-of-three sets. No-ad scoring and a seven-point tiebreaker (first to seven points, must win by two points) at six-games-all will be used for all matches. In doubles, a 10-point match tiebreaker will be played in lieu of a third set.

Team Championships. The matches shall be regulation dual matches. Three doubles matches consisting of six-game sets will be played for one team point, followed by six singles matches, each valued at one team point; played the best of three sets. No-ad scoring will be used and a seven-point tiebreaker (first to seven points, must win by two points) will be played at six-games-all. The team winning four or more team points advances in the championship bracket.

During the championships, all matches will be stopped after the doubles point is decided. All remaining individual matches will be stopped once a team winner (four points won) has been determined. The score will only reflect completed matches.

Section 2•4 Selection Criteria

Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Manual.]

Bylaw 31.3.3.1 – Countable Competition. For NCAA team-championship selection purposes, competition is countable only when the teams are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Bylaw 20.2.4.7) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges and club teams shall be excluded.

Once a conference tournament begins, any matches played outside of the tournament by a member of that conference shall no longer be counted for purposes of selection to the NCAA Division I Men's or Women's Tennis Championships. Results from such matches will not be included in a team's ITA rankings or other selection criteria.

Selection Criteria. The following criteria shall be employed by a governing sports committee in selecting participants for NCAA championships competition [Bylaw 31.3.3; criteria for selection of participants]:

- Won-lost record.
- Strength of schedule.
- Eligibility and availability of student-athletes for NCAA championships.

In addition to Bylaw 31.3.3, the tennis committee has received approval from the NCAA Division I Competition Oversight Committee to consider the following criteria in the selection of at-large teams for the men's and women's tennis championships (not necessarily in priority order):

Primary Criteria

- Head-to-head competition.
- Results versus common opponents.
- Strength of schedule.
- Wins versus teams (or individuals) already selected at time of consideration.

Tiebreaking Procedures

If the evaluation of the primary criteria does not result in a decision, the tiebreaking procedures will be reviewed. The following criteria listed will be evaluated in priority order:

- Head-to-head competition.
- Strength of schedule.

Primary Criteria Defined

- **Head-to-head competition.**

This is a one-on-one direct comparison between two teams (or individuals). The tennis committee will award a maximum of two points for defeating the same opponent one or more times.

- **Results versus common opponents.**

This is a comparison of the results between two teams against common opponents. The team with the better winning percentage against common opponents will win the category with a maximum of one point awarded.

- **Strength of schedule.**

The Division I Competition Oversight Committee has approved the following strength-of-schedule definition for Division I tennis: The ITA rankings will be used to represent a combination of four categories (won-lost record or percentage, strength of schedule, significant wins and significant losses). Higher-ranked teams (or individuals) will be awarded a specific number of points based on their percentage difference (using the rankings' average point-per-match formula) over the team (or individuals) they are being compared with in the selection and seeding process. Points will be awarded on the following scale:

1 point – If higher-ranked team's (or individual's) average is 1-10% greater than the lower-ranked team's (or individual's) average.

2 points – If higher-ranked team's (or individual's) average is greater than 10% and less or equal to 20% than the lower-ranked team's (or individual's) average.

3 points – If higher-ranked team's (or individual's) average is greater than 20% greater than the lower-ranked team's (or individual's) average.

- **Wins versus teams (or individuals) already selected at time of consideration.**

A one-point margin is sufficient to win the category. The tennis committee will award one point for each win over the same opponent.

Wins versus the top 50 teams in the ITA rankings.

Wins versus the top 60 singles players in the ITA rankings for eligible/entered singles players.

Wins versus the top 30 doubles teams in the ITA rankings for entered/eligible doubles teams.

Note: The same criteria will be used for seeding, when seeding the top 16 teams, top 16 singles players and top eight doubles teams.

Teams must have at least a .500 record versus Division I institutions to be considered for an at-large berth.

SELECTION PROCEDURES

Teams or individuals from an institution that has failed to adhere to the lineup and results reporting procedures outlined in this manual may not be considered for selection to the championships.

Team Championship. Twenty-eight conference champions for men and 30 conference champions for women will receive automatic qualification into the team championships. In the event that one or more teams decline an invitation, an alternate team(s) will be selected. Refer to [Appendix A](#) and [Appendix B](#) for the team championships brackets. The tennis committee will convene April 27-28 to select the at-large teams and seed and pair teams into the championships. The tennis committee compares team versus team using the selection criteria to make the selections and seeds. The data used during selections are provided through the institutional results-reporting process (see Results Reporting).

Singles and Doubles Championships. Individuals have the opportunity to qualify for the singles and doubles championships via several qualifying pathway events conducted by the ITA in the fall. The qualifying pathway events, including the number of players advancing into the singles and doubles championships for each event, are as follows:

- ITA All-American Championships – 10 singles players (eight main draw quarterfinalists and two feed-in consolation finalists) and four doubles teams (four main draw semifinalists).
- ITA Regional Championships – each of the 13 regions will advance two singles players (two finalists) and one doubles team (winner).
- ITA Conference Masters Championships – each Division I conference eligible for team automatic qualification will have the opportunity to have its singles and doubles conference tournament winners, or, if no conference tournament is conducted, nominate one singles player and one doubles team, to participate. The ITA Conference Masters field size will mirror the number of eligible AQ conferences each year. The four singles semifinalists, plus three doubles teams (two finalists plus the third/fourth playoff winner), will qualify for the singles and doubles championships.
- ITA Sectional Championships – each of the four sectionals will advance six singles players (the four singles semifinalists plus the two winners of the quarterfinal playoffs), and three doubles teams (the two doubles finalists plus the plus the third/fourth playoff winner).

For the doubles championship, a student-athlete can participate with only one partner. An institution with a student-athlete who qualifies on a doubles team with two or more partners must declare which qualified team will play in the doubles championship by 11:59 p.m. Eastern time, Sunday, Nov. 10. The nondeclared doubles team would have the ability to be selected in the doubles draw with the other partner via the alternate list only if the declared doubles team withdraws. The alternate list seeding will be followed for any withdrawing team. Failure to declare by the deadline will result in a \$500 fine and may jeopardize the team's participation in the championship.

Singles and Doubles Alternates. Alternates for the singles and doubles championships are determined as follows:

Singles. All singles players who have reached at least the round before the qualifying round at any qualifying pathway event are automatically added to the alternate list. Singles players will be removed from the alternate list if they reach the qualifying round at a later qualifying event. The alternate list will be ordered by the selection criteria. No prioritization would be assigned to any qualifying pathway event.

Doubles. All doubles teams that have reached at least the round prior to the qualifying round at any qualifying pathway event are automatically added to an alternate list. Doubles teams will be removed from the alternate list if they reach the qualifying round at a later qualifying event. The alternate list will be ordered by the selection criteria. No prioritization will be assigned to any qualifying pathway event.

In case of injury, illness or extenuating circumstances before the opening round, alternates selected by the tennis committee shall be substituted in numbered order if available. The substitution of alternates will be dictated by the maximum field size. If a student-athlete withdraws immediately before the start of the championships and the next alternate on the list is not on site, the tennis committee may select a player(s) from those available at the championships site in order to fill the bracket. Alternates must confirm attendance at the championships by 5 p.m. Eastern time, Tuesday, Nov. 12.

Section 2•5 Site Selection

PRELIMINARY-ROUND SITE SELECTIONS (TEAM CHAMPIONSHIPS)

With the adoption of Bylaw 31.1.3.2.5, each sports committee will comply with the bylaw to the greatest extent possible and in doing so, the following policies will be implemented.

- For non-revenue generating championships that seed a quarter of the bracket, sites will be awarded to the seeded teams that submit a bid that meets the requirements for hosting. In the event that a seeded team does not submit a bid that meets the requirements, the sports committee will maintain the current policy of geographic consideration when assigning the host sites. The committee will use the geographic consideration to help maintain the balance of integrity of the selection.
- The committee also will separate first- and second-round conference opponents when assigning teams to sites.

Each institution interested in hosting first- and second-round and/or super-regional competition, regardless of potential seed, must complete and submit an online facility evaluation and contacts information not later than Friday, April 18. Instructions on how to access and submit the form will be distributed via the monthly championships newsletter. Only institutions that complete and submit the facility evaluation and contacts information will be considered for first- and second-round and/or super-regional host opportunities, including the top-seeded teams.

It is not necessary to complete a proposed budget form for preliminary-round competition. Each first- and second-round host will receive a \$5,900 stipend if it hosts men's or women's competition, and a \$10,800 stipend if it hosts both the men's and women's tournaments. Each super regional host will receive a \$1,000 stipend if it hosts men's or women's competition, and a \$2,000 stipend if it hosts both the men's and women's tournaments.

The tennis committee has adopted the following requirements for preliminary-round host sites:

- Minimum of six hard-surface, quality courts of similar speed and surface with umpires' chairs.
- Adequate number of practice courts of same or similar surface to the competition courts near the competition site.
- Availability of backup indoor site. Potential hosts may submit a waiver request to the committee if indoor courts are not available.
- Appropriate seating for estimated attendance.
- Minimum of six ITA-certified umpires plus one head referee.
- Adequate training facilities and medical personnel on-site at all times.
- Tournament director (other than the institution's head coach) and appropriate game management personnel.
- Two squeegees and two blowers available at each competition court.
- Hotels (27 rooms for single-gender sites and 50 rooms for dual-gender sites for first and second rounds; nine rooms for single-gender sites and 18 rooms for dual-gender sites for super regionals) secured 30 miles or 30 minutes from the competition site.
- Hosts must provide a letter of agreement between the host and the team hotel(s) to the championships bid portal stating that rooms are being held. Failure to provide the letter of agreement may jeopardize your selection as a host. Failure to secure the minimum number of rooms for visiting team(s) may result in a \$500 fine and could jeopardize a school's selection as a future host.

In an effort to enhance the student-athlete experience at the preliminary rounds of competition, the tennis committee has implemented the following additional requirements for hosting:

- Hosts shall provide a players' lounge area with refreshments.
- Hosts shall ensure that Event 1 merchandise is displayed appropriately.
- Hosts shall ensure NCAA signage is displayed properly.

CONTACT INFORMATION

If you have any questions regarding the bid process for the men's championships, please contact Jennifer Mervar (phone: 317-917-6238; jdmervar@ncaa.org). For the women's championships, please contact John Bugner (phone: 317-917-6529; email: jbugner@ncaa.org).

PROSPECTIVE HOSTS

Any institution or conference interested in hosting a preliminary round of the 2025 tennis championships must submit a facility evaluation form, contacts information, host scheduling questionnaire, and hotel information and agreements to be considered to host.

All bid-related forms can be accessed via the following website: championships.ncaa.org. The deadline to submit all materials for hosting preliminary rounds is April 18.

SAFETY AND SECURITY PLAN

Based on a review of current and future championships competition venues, discussions with safety and security experts, and their own expertise and knowledge, the NCAA has established a Safety and Security Advisory Group to develop a compilation of Best Practices for NCAA championships, which may be accessed [here](#). We urge each competition venue to take these Best Practices into account when developing its safety and security program.

The safety and security plan should be submitted using the document upload in the championships bid portal. Contact Kerstin Hunter (khunter@ncaa.org) at the NCAA if you need assistance with this site.
