Section 1 • Introduction

During the 2019-20 academic year, the Association will sponsor 90 national championships – 42 for men, 45 for women, and three for both men and women. Of the men’s championships, three are National Collegiate Championships, 13 are Division I championships, 12 are Division II championships and 14 are Division III championships. Of the women’s championships, six are National Collegiate Championships, 12 are Division I championships, 13 are Division II championships and 14 are Division III championships. The combined men’s and women’s championships are National Collegiate Championships.

The Pre-Championship Manual will serve as a resource for institutions to prepare for the championship. This manual is divided into three sections: General Administrative Guidelines, Sport-Specific Information, and Appendixes.

The first section applies to policies applicable to all 90 championships, while the other two sections are sport-specific.

Section 1.1 Definitions

Pre-championship Manual. Resource for institutions to prepare for the championship.

Administrative Meeting. Pre-championship meeting for coaches and/or administrators.

Appendixes. Any supplemental documents to be provided and distributed through the various resources.

Championship Manager. The NCAA staff member(s) responsible for the operational oversight of the championship.

Games Committee. The committee assigned to supervise the conduct of each championship session at a specific site. For finals sites, the games committee is typically the NCAA national committee.

NCAA National Committee. The sport committee with direct oversight responsibilities for the championship.

Non-predetermined Sites. Those sites that are selected to host at the time of the participant/team selections announcement.

Playing Rules. The rules under which the competition will be conducted.

Predetermined Sites. Those sites that are selected to host before the participant/team selections announcement.

Preliminary Rounds. The rounds of the championship before the final or championship round.

Regional Alignment. The geographic location of institutions or regional advisory committees.

Schedule of Events. Official event schedule – includes all required activities (e.g., practices, banquets, etc.).

Selection Criteria. Policies and procedures in place to guide the team selection process.

Site Selection Criteria. Policies and procedures in place to guide the site selection process.

Squad Size. Number of student-athletes per team allowed to dress in uniform and participate at the championship.

Tournament Physician. The physician designated by the host institution/conference to serve as the chief medical advisor for the championship.

Section 2 • Championship Core Statement

The championships and alliances staff strives to administer competition in a fair, safe, equitable and sportsmanlike manner so that the experience of the student-athlete is paramount.

This is attained by:

Ensuring student-athletes’ optimal experience.

Executing championship events reflecting appropriate quality and values to/for stakeholders — student-athletes, coaches, administrators, member institutions, sport committees, fans, broadcast partners and corporate champions/partners.

Coordinating all aspects of the championship in an efficient, effective manner through common operating policies and practices, using internal and external resources.

Integrating championships with broadcast and corporate relationships in a manner that maintains the integrity of the championship.
Assuring effective management of the business aspects of the operation.

Enhancing the assets of the NCAA and their value by collaborating with internal and external expertise to achieve heightened exposure (e.g., community programs, fan events, banquets, anniversaries, etc.).

Section 3 • Concussion Management

[Reference: Concussion Management in Constitution 3.2.4.20 in the NCAA Division I Manual, Constitution 3.3.4.17 in the NCAA Division II Manual, and Constitution 3.2.4.17 in the NCAA Division III Manual.]

The NCAA has adopted legislation that requires all active member institutions to have a concussion management plan for their student-athletes. Traveling institutions shall follow their concussion management plan while participating in NCAA championships. If a participating team lacks appropriate medical staff to activate its concussion management plan, the host championship concussion management plan will be activated.

The legislation notes, in part, that a student-athlete who exhibits signs, symptoms or behaviors consistent with a concussion shall be removed from athletics activities (e.g., competition, practice, conditioning sessions) and evaluated by a medical staff member (e.g., sports medicine staff, team physician) with experience in the evaluation and management of concussions; a student-athlete diagnosed with a concussion is precluded from returning to athletics activity for at least the remainder of that calendar day; and medical clearance for return to athletics activity shall be determined by the team physician or the physician’s designee from the student-athlete’s institution. In the absence of a team physician or their designee, the NCAA tournament physician will examine the student-athlete and will determine medical clearance. Within the rules of the sport and policies established for the championship, medical staff should have access to the injured student-athlete without interference (e.g., coach).

A concussion is a brain injury that may be caused by a blow to the head, face, neck or elsewhere on the body with an "impulsive" force transmitted to the head. Concussions can occur without loss of consciousness or other obvious signs. A repeat concussion that occurs before the brain recovers from the previous one (hours, days or weeks) can slow recovery or increase the likelihood of having more severe and/or long-term problems. In rare cases, repeat concussions can result in brain swelling, permanent brain damage and even death.

For further details, please refer to the NCAA Sports Sport Science Institute website for additional guidance.

Section 4 • Conduct

Section 4•1 Certification of Eligibility/Availability

[Reference: Certification of Eligibility/Availability in Constitution 3.2.4 and Bylaws 12, 13, 14, 15, 16, 31.2.1.7.1, 31.2.1.7.1.2 and 31.2.2 in the NCAA Division I Manual, Constitution 3.3.4 in the NCAA Division II Manual and Bylaws 31.2.2 and 31.2.1.5 in the NCAA Division III Manual.]

Only student-athletes eligible under Bylaws 12, 13, 14, 15 and 16 may compete in NCAA championships. Member institutions are required to certify the eligibility of their student-athletes before the beginning of each academic year and to withhold ineligible student-athletes from all intercollegiate competition.

Member institutions are reminded to notify the NCAA national office before the selection date for each championship of any student-athlete who may have participated in regular-season competition but subsequently is determined to be ineligible or unavailable for NCAA championship competition.

DISCOVERY OF INELIGIBILITY OF A STUDENT-ATHLETE AFTER SELECTION

If an institution fails to report an ineligible student-athlete and the omission is not discovered until after the institution is selected to participate in the championship, necessitating the institution’s withdrawal from the championship, that withdrawal shall be considered as one of the years of ineligibility, provided another institution participates in the championship in place of
the disqualified institution. If the discovery of the ineligible student-athlete occurs so near the beginning of the championship that the governing sport committee does not have a reasonable period of time to replace the disqualified institution in the bracket, that fact shall be taken into consideration in determining the number of years the disqualified institution shall be ineligible to participate.

Section 4•2 Drug Testing

[Reference: Bylaws 18.4.1.4 and 31.2.2 in the NCAA Division I Manual and Bylaws 18.4.1.4 and 31.2.3 in the NCAA Divisions II and III Manuals.]

Student-athletes who compete in NCAA championships may be subjected to drug tests in accordance with Bylaws 18.4.1.4 and 31.2.2 (Division I); 31.2.3 (Divisions II and III), and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing are initially eligible for these championships; and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

Section 4•3 Honesty and Sportsmanship

Individuals employed by (or associated with) a member institution to administer, conduct or coach intercollegiate athletics and all participating student-athletes shall act with honesty and sportsmanship at all times so that intercollegiate athletics as a whole, their institutions and they, as individuals, shall represent the honor and dignity of fair play and the generally recognized high standards associated with wholesome competitive sports.

Section 4•4 Misconduct/Failure to Adhere to Policies

MISCONDUCT

Misconduct in an NCAA championship is any act of dishonesty, unsportsmanlike conduct, unprofessional behavior or breach of law, occurring from the time the championship field is announced through the end of the championship, that discredits the event or intercollegiate athletics. Each games committee shall hold an administrative meeting with the representatives of participating institutions to review and explain the policies related to misconduct.

FAILURE TO ADHERE TO POLICIES AND PROCEDURES

A governing sport committee may assess a financial penalty against an institution for failure of any of its representatives to adhere to the policies and procedures governing the administration of the competition. This includes, but is not limited to, failure to comply with the procedures and deadlines for submitting scores, score sheets, schedules, rosters and entry/march-in forms for qualification and other materials necessary for the efficient administration of the competition. Click here to see the full misconduct/failure to adhere to policies and procedures outline.

Section 4•5 Sports Wagering Policy

Sports wagering includes placing, accepting or soliciting a wager (on a staff member’s or student-athlete’s own behalf or on the behalf of others) of any type with any individual or organization on any intercollegiate, amateur or professional team or contest. Examples of sports wagering include, but are not limited to, the use of a bookmaker or parlay card; internet sports wagering; mobile betting; auctions in which bids are placed on teams, individuals or contests; and pools or fantasy leagues in which an entry fee is required and there is an opportunity to win a prize.

The current NCAA legislation against sports wagering prohibits NCAA student-athletes, member institutions’ athletics staff and non-athletics staff with athletics responsibilities, and conference office staff from participating in sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activities concerning intercollegiate, amateur or professional athletics practice or competition in a sport in which the NCAA conducts championship competition, in bowl subdivision football and in emerging sports for women.

A wager is any agreement in which an individual or entity agrees to give up an item of value (e.g., cash, shirt, dinner, etc.) in exchange for the possibility of gaining another item of value.
STUDENT-ATHLETES
A student-athlete found in violation of the prohibition against knowingly participating in any sports wagering activities or providing information to individuals involved in or associated with any type of sports wagering activity that involves intercollegiate, amateur or professional athletics competition shall be ineligible for further intercollegiate competition, subject to appeal to the Committee on Student-Athlete Reinstatement for restoration of eligibility.

POSTSEASON
In championships in which a bracket format is used, student-athletes, coaches and administrators may not participate in bracket competitions where there is both a required entry fee and an opportunity to win a prize. Student-athletes and administrators may participate under current NCAA rules in bracket contests where there is no entry fee but a possibility of winning a prize. Some NCAA member schools, however, have chosen to ban student-athletes from participating in these types of bracket contests.

HOSTING OPPORTUNITIES
It is permissible for NCAA championships to be conducted at locations in states that permit sports wagering.

Section 4•6 Student-Athlete Experience Survey
After each championship, institutional administrators, coaches and student-athletes will be asked to participate in a post-event survey intended to capture feedback on their recent championship experience. Institutional administrators and coaches will receive an email containing a link to the survey and will be asked to ensure participation from all student-athletes.

Section 5 • Elite 90™ Award
The Elite 90 award was created to recognize the true essence of student-athletes by honoring individuals who have reached the pinnacle of competition at the national championship level in their sport, while also achieving the highest academic standard among their peers. The award is presented in every sport, every division, and goes to the student-athlete who has the highest cumulative grade-point average of all student-athletes on all teams competing at the finals site. Each institution that has at least one student-athlete qualify for the final round/site is eligible to nominate a student-athlete for the award. One student-athlete per championship will receive the award, and the announcement of the winner will be made at the finals site.

Institutions that wish to nominate a student-athlete must do so through an online nomination process. To receive more information or access the online form and submit a nomination, go to ncaa.org.

Section 6 • Fan Travel
NCAA Travel provides an easy and affordable way for family and fans to follow their favorite student-athlete(s) and team(s) as they participate in NCAA championships competition. Travel arrangements completed through NCAA Travel help support NCAA student-athletes. Please direct your fans to NCAA.com/travel to search and book online hotel, car and air travel, all in one easy transaction.

Section 7 • Logo Policy
A student-athlete may use athletics equipment or wear athletics apparel that bears the trademark or logo of an athletics equipment or apparel manufacturer or distributor in athletics competition and pre- and postgame activities (e.g., celebrations
on the court, pre- or postgame press conferences), provided the following criteria are met:

1. Athletics equipment (e.g., shoes, helmets, baseball bats and gloves, batting or golf gloves, hockey and lacrosse sticks, goggles and skis) shall bear only the manufacturer’s normal label or trademark, as it is used on all such items for sale to the general public; and

2. The student-athlete’s institution’s official uniform (including numbered racing bibs and warmups) and all other items of apparel (e.g., socks, head bands, T-shirts, wrist bands, visors or hats, swim caps and towels) shall bear only a single manufacturer’s or distributor’s normal label or trademark (regardless of the visibility of the label or trademark), not to exceed 2-1/4 square inches in area (rectangle, square, parallelogram) including any additional material (e.g., patch) surrounding the normal trademark or logo. The student-athlete’s institution’s official uniform and all other items of apparel shall not bear a design element similar to the manufacturer’s trademark/logo that is in addition to another trademark/logo that is contrary to the size restriction.

Section 8 • Research

It is essential that all research efforts be coordinated by a single entity within the national office structure in order to ensure maximum efficiency and quality, avoid unnecessary duplication of effort on the part of staff and membership, allow the NCAA to prioritize research efforts given the limited time and resources of our members and adhere to federal guidelines on the responsibilities of researchers to properly protect research participants from harm.

For the purpose of this policy, “research” is defined as any systematic collection of data for the purpose of drawing generalized conclusions.

Any proposal to conduct research must be submitted to the NCAA research staff for review at least six weeks before the project begins. Research to be conducted during NCAA championships or related events, and which involves competing student-athletes or attendees, is also subject to review. This includes all research, including that conducted by or under the direction of any employee, contractor or paid consultant of the NCAA. It also includes any research conducted by other persons, but funded totally or in part by the NCAA. Any research that detracts from the student-athlete experience or requires physical activity may not be permitted at the championships (preliminary rounds and finals sites). The NCAA retains sole discretion as to whether to allow such research.

Examples of activities considered research include: Conducting surveys of athletics administrators, college presidents, faculty, coaches and student-athletes; leading an organized focus group; funding an outside study under the auspices of the NCAA; conducting market research at championship events; secondary analysis of data originally collected by the NCAA from people for other purposes; any systematic collection of data from the membership or other entities; etc.

Section 9 • Religious Conflicts

[Reference: Bylaws 31.1.4.1 and 31.1.4.2 in the NCAA Division I Manual.]

Institutional Policy. If a participating institution has a written policy against competition on a particular day for religious reasons, it shall inform the NCAA national office on or before September 1 of each academic year in order for it or one of its student-athletes to be excused from competing on that day. The championship schedule shall be adjusted to accommodate that institution. (Adopted: 4/22/98, Revised: 8/11/98, 10/28/99, 5/2/13)

Individual Championships. In individual championships, an athlete must compete according to the institution’s policy regarding Sunday competition (if the institution has no policy against Sunday competition, the student-athlete shall compete on Sunday if required by the schedule).

Section 1•3 Important Dates

Friday, Oct. 18
Initial nominations of officials from conference offices are due to the NCAA.

Friday, Nov. 22
Institutions must notify the national office if any student-athletes are ineligible or unavailable for NCAA championship competition.

Sunday, Nov. 24
Final evaluation/rankings of officials by conference offices are due to the NCAA.

Sunday, Nov. 24
Selection call (tentatively scheduled for 10 p.m. Eastern time).

Sunday, Nov. 24
Final selection of recommended officials.

Monday, Nov. 25
Administrative teleconference with participating teams (2 p.m. Eastern time).

Saturday, Nov. 30
Opening-round games (may be played Wednesday, Dec. 4 or Thursday, Dec. 5 at the championship site or a site determined by the NCAA).

Friday, Dec. 6
Administrative meeting (tentatively scheduled for 5:30 p.m. Pacific time).

Saturday-Sunday, Dec. 7-8
Championship, hosted by University of the Pacific and Visit Stockton; Stockton, California.

CHAMPIONSHIP DATES

2019
Dec. 7-8
Chris Kjeldsen Pool Complex, Stockton, California; University of the Pacific and Visit Stockton, hosts.
DATE FORMULA
First weekend in December (Saturday and Sunday); the championship may be conducted the first weekend in December (Friday and Saturday) only if a participating institution has a policy that precludes the institution from participating on a Sunday.

Section 1•4 Eligibility for National Collegiate Championships

[Reference: Bylaw 20.8 in the NCAA Manual.]

An active member institution in good standing, regardless of division, is eligible for the National Collegiate Championships if a division championship in the respective sport is not offered in its division. Such an institution normally is required to meet only the institutional individual eligibility requirements of its division that govern the sport in question.

Section 1•5 Equipment

The Kap7 ball is the official ball of the 2019 National Collegiate Men’s Water Polo Championship. One ball will be given to each participating team after the finals. Remaining balls become the property of the host institution.

Section 1•6 Rules

Per NCAA Bylaw 17.30, member institutions shall conduct all of their intercollegiate competition in accordance with the playing rules of the Association in all sports for which the NCAA develops playing rules. For those sports in which the Association follows rules developed by other governing bodies and modified by the governing sport committee, the adopted playing rules shall be used. The governing sport committee will not consider any results for selection purposes not played in accordance with the NCAA rules books.

The official NCAA Water Polo Rules shall be followed. Questions regarding the interpretation of rules should be addressed to the secretary-rules editor.

Brian Streeter
Director of Athletics
Pennsylvania State University Erie, the Behrend College
814-898-6379 / bfs6@psu.edu

COORDINATOR OF OFFICIALS

The national coordinator of officials for men’s and women’s water polo will work closely with the secretary-rules editor, rules and sport committees, and the officiating and coaching communities. This individual will assist the sport committees in official assignments for the championships, assist conference assignors in leading clinics throughout the regular season (if applicable), conduct evaluations of officials throughout the year, and assist in the creation of a rules test and supplemental educational materials for officials and coaches on the current rules and areas of emphasis for the year.

Amber Drury
National Coordinator of Officials
wpnoamber@gmail.com
Section 1•7 Uniforms

Each team shall supply light and dark water polo caps, complete with protective ear guards as specified in the NCAA Water Polo Rules. The higher-seeded team in the bracket will wear dark caps.

LOGOS

Refer to General Administrative Guidelines, Section 7.
**Section 2 • Determination of Championship Participation**

### Section 2.1 Championship Format

The 2019 National Collegiate Men’s Water Polo Championship is a four-team, single-elimination tournament. Six conferences have been granted qualification into the bracket or opening-round structure and two teams will be selected at large. The top two teams qualify directly into the national championship; the remaining six teams will compete for the last two championship berths via four opening-round games, with the winners earning the remaining berths in the championship bracket. Opening-round matchups will be determined by the NCAA Men’s Water Polo Committee during the selection process.

Teams shall be selected by the Men’s Water Polo Committee on Nov. 24. The teams selected to participate will be posted online at www.NCAA.com.

### OPENING-ROUND GAMES

The following parameters will be applied for the opening-round games:

- Based on rankings and geographic proximity, the committee will determine the pairings of the teams that will participate in the opening-round games, and which teams will serve as the hosts.
- The opening-round games may be contested Saturday, Nov. 30, Wednesday, Dec. 4 or Thursday, Dec. 5. The location(s) will be determined by the committee.
- A 90-minute closed practice time will be reserved for each team the day prior to competition.
- Host teams will receive reimbursement, including, but not limited to, score-table personnel fees, security, ticketing operations and venue staffing costs.
- Visiting teams will receive per diem for the travel/practice day before the opening-round game, the day of the opening-round game and the travel day after the opening-round game, if applicable. The NCAA will pay for travel expenses as long as arrangements are made through the official NCAA travel provider, Short’s Travel Management. The host should assist the visiting team in procuring hotel rooms.
- A site representative will be appointed by the NCAA Men’s Water Polo Committee to oversee the conduct of each opening-round game. The site representative will meet with the coach, administrator and athletic trainer of both teams the day prior to competition.
- Officials for the games will be recommended by the national coordinator of officials and approved by the Men’s Water Polo Committee. Teams will be notified of the game officials by 8 p.m. Eastern time the day prior to competition.

Sunday, Dec. 8 (Open Practices)
9:30 to 11:30 a.m.  Open team practices.
9:30 to 11:30 a.m.  Championship game participants practice together.
2:05 p.m.  Competition pool available for championship game warmup.
2:50 p.m.  Clear pool for national anthem and team introductions.
3 p.m.  Championship game.

TRAVEL PARTY
The official travel party for the National Collegiate Men’s Water Polo Championship is 20 persons. Participating teams are limited to a maximum of 16 student-athletes in uniform. An institution that is advised it is in violation of this regulation and does not promptly conform to it automatically shall forfeit the competition. There shall be no inordinate delay of the competition to allow an institution to conform to the rule. The 16 student-athletes must be designated at the mandatory administrative meeting by submitting the official travel party form. Player changes can be made up to 60 minutes before the start of the first game. No substitutions or changes are permitted to the squad list once it has been declared throughout the duration of the championship.

Section 2•2 Results

SCORE-REPORTING INFORMATION
Beginning this year, water polo sports information directors will be required to enter scores following each contest using the statistics database. Michelle Watsky (mwatsky@ncaa.org) at the NCAA national office will be providing more information to your sports information director in the fall.

Section 2•3 Selection Information

COUNTABLE COMPETITION
For NCAA team-championship selection purposes, competition is countable only when the teams played are varsity intercollegiate teams of four-year, degree-granting institutions that conduct a majority of their competition in that team sport against varsity intercollegiate teams (see Constitution 3.2.4.5) of United States four-year, degree-granting institutions. Competition against service teams, professional teams, semiprofessional teams, amateur teams, two-year colleges, B teams, junior varsity teams and club teams shall be excluded.
AUTOMATIC QUALIFICATION

[Reference: Bylaws 31.3.4 and 31.3.5 in the NCAA Manual.]

The following six conferences are granted automatic qualification to the 2019 championship:

<table>
<thead>
<tr>
<th>COLLEGIATE WATER POLO ASSOCIATION</th>
<th>NORTHEAST WATER POLO CONFERENCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>GOLDEN COAST CONFERENCE</td>
<td>SOUTHERN CALIFORNIA INTERCOLLEGIATE ATHLETIC CONFERENCE</td>
</tr>
<tr>
<td>MOUNTAIN PACIFIC SPORTS FEDERATION</td>
<td>WESTERN WATER POLO ASSOCIATION</td>
</tr>
</tbody>
</table>

Refer to Appendix B for conference composition.

AT-LARGE SELECTION

Two teams will be selected at large without geographical restrictions using the established selection criteria.

TRAVEL INFORMATION

The official travel party is 20 persons (including a maximum of 16 student-athletes in uniform). Please refer to the NCAA travel policies for all information regarding transportation and per diem expenses. Travel policies are available online at http://www.ncaa.org/championships/travel/championships-travel-information?division=d1.

Section 2.4 Selection Criteria

[Reference: Bylaws 31.01.2, 31.01.3 and 31.3 in the NCAA Manual.]

The following criteria shall be employed by a governing sport committee in selecting participants for NCAA championships competition [Bylaw 31.3.3; Criteria for Selection of Participants]:

- Won-lost record;
- Strength of schedule; and
- Eligibility and availability of student-athletes for NCAA championships.

In addition to Bylaw 31.3.3, the NCAA Men’s Water Polo Committee defines the following primary criteria (not in priority order):

PRIMARY CRITERIA

- Head-to-head competition.
- Results vs. common opponents.
- Late-season performance defined as last 10 games, including conference championship tournaments (strength and results).
- Evaluation of Rating Percentage Index.

Once the teams are selected, the Men’s Water Polo Committee will seed the top two teams, using the selection criteria listed above.

Coaches’ polls and/or any other outside polls or rankings are not used as a criterion by the Men’s Water Polo Committee for selection purposes.
